Dear Sir/Madam,

Pursuant to regulation 34 (1) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are submitting herewith the Annual report of the Company including the AGM Notice, Board Report's, Audit Report and financial Statement for the Financial Year 2020-21.

You are requested to kindly take above information on record.

Thanking You

Yours faithfully,

For Shakti Pumps (India) Limited

CONSERVE. SERVE. PRESERVE.

Robust Strategy. Rapid Execution.
Sustainable Value.

Sustaining natural resources is vital. The Earth is poised to feed on resources available, and it becomes our duty to ensure its responsible usage.

Thus, it's fundamental to Conserve what we have, Serve our next generations the resources, and Preserve the natural assets for future use. As one of India's leading solar pump manufacturers, Shakti Pumps is built on this thought of Conserve. Serve. Preserve. With the power of R&D and innovation, we make Robust Strategies to Conserve, and make the best use of natural resources. Our Rapid Executions are meant to Serve as many farmers, and therefore as many lives as we can. And through the Sustainable Value we create, we ensure to Preserve the assets for the People, Planet and Profit.

Not just an entity, Shakti Pumps is an idea, which believes in taking along all to make them conscientious future leaders to create a balanced habitat for today and tomorrow.

CHAIRMAN'S MESSAGE

We met the challenges head-on and rose above the tide. Our team's tremendous effort is reflected in our outstanding performance. Despite such extraordinary times and unexpected hurdles, the team of Shakti Pumps has consistently supported our vision to incorporate solar energy into India's agrarian life.

Dear Shareholders,

I hope you all are doing well and staying healthy during these trying times. The past year has been a test for humanity. It has shown the importance of always being prepared with a contingency plan. It has demonstrated how it is vital to remain resilient in the face of adversity and put your best foot forward. But despite it all, there is positive momentum across all categories and geographies. It gives me immense pleasure to see how the world's greatest immunisation drive has pushed morals of people to rise once again, making things increasingly positive.

I am honoured to inform you that we met the challenges head-on and rose above the tide. Our team's tremendous

effort is reflected in our outstanding performance. Despite such extraordinary times and unexpected hurdles, I want to commend the Shakti team for consistently supporting and advancing Shakti Pumps, both in performance and its vision to incorporate solar energy into India's agrarian life.

PM-KUSUM - Unlocking Solar Energy to Power Pumps

The Government's move towards solar-powered pumps for the farmers - making them the net producers of electricity from net consumers - have sown the seeds of transformation in the agriculture and allied space. Demand issues are now a thing of the past, thanks to increased cooperation from

authorities, Governments, local bodies, and, most significantly, our farmers.

At Shakti Pumps, we have observed conversions at the ground level under the KUSUM initiative during the previous few years. The Government has been actively focussing on our farmers' growth and progressing towards their total socio-economic development. To this line, KUSUM, solar pumps and Shakti Pumps are all anticipated to play a vital role.

With rising temperatures and global warming, lowering carbon emissions has become a pressing priority, prompting the Government to take appropriate action. As a result, we are now seeing a greater focus on renewable and alternative energy from the Government. Our vision and tactics

at Shakti Pumps align with global environmental goals and Government policies aimed at reducing increasing temperatures and pollution.

Shakti Pumps and Solar Pumping

With the developments under KUSUM, Shakti Pumps has risen to the top of the industry this year. In India, the Company has focussed on promoting solar energy. We have worked hard to make solar pumping in India more affordable and technologically advanced. We recently opened a new VFD unit, which has helped us decrease manufacturing costs and allowed us to produce pumps that are faster and more efficient.

Strategy Going Ahead

KUSUM was in its pilot phase during the previous year and in the year under review as well. We have all worked relentlessly to promote the project in India, with a higher level of adoption of solar pumps. All of India's achievements in the solar pumping space have better aligned the national and the state's thought processes. This indicates the immense potential that solar pumps have in India. We have been placing strong focus on KUSUM, and will continue to try and accelerate the adoption of solar pumping in India.

Our Performance During the Year

Revenue from operations for the year stood at ₹ 929.66 Cr., up 142% with an EBITDA of ₹ 145.82 Cr., up by 743% and EBITDA margin of 16%. Profit for the year stood at ₹ 75.58 Cr., with a margin of 8%. We have improved our production and sales multifold, which enhanced our cash flows during the year. We have been enjoying a stable

payment cycle with the Government. Further, under the KUSUM scheme, we have an advance payment system, which positions us better when it comes to payment cycles. We saw a spike in raw material prices during the year with a potential reduction in margins. So we took to R&D, redesigned and launched new products costing lesser and with improved performance. This was a principal contributor that enabled us to maintain our margins. I would also like to mention that we have won a ₹ 200 Cr. contract funded by the Indian Government to install solar pumps in Uganda. This will help us expand green energy in Africa while also generating employment opportunities for African citizens.

R&D Capabilities

We see R&D as our future and aim to stay ahead of our peers in the same. Over the years, we have invested a lot in our R&D infrastructure and development. We have improved our motor pumps and made them faster and efficient. In the VFD space, we have launched several new products. We enjoy an established and renowned name for our products in the market, and the organic demand we are witnessing today is a testimony to our R&D strength and execution capabilities.

Covid-19 Safety

For all of us, the early months of the Covid-19 outbreak were challenging. At Shakti Pumps, we followed all of the Government's Covid-19 regulations and protocols. Our facility was stalled during the first month of national lockdown. However, we then progressively increased our capacity to 50% across all of our sites. Our

people were incredibly supportive during this challenging period. All of our staff worked together brilliantly and quickly adjusted to the new normal. We were back up and running in no time, performing much better than before.

During the pandemic, the safety of our people was a priority. We strictly adhered to social distancing and sanitisation protocols. All of our facilities are regularly sanitised since then. Our employees always wear masks and use Covid-19 appropriate safety equipment. For those who were infected with the virus, we provided them with additional compensation and a helping hand. We also vaccinated our employees and their families against Covid-19. Our team's joint efforts have propelled us into a new growth orbit, and we are confident to scale newer heights going ahead.

Vote for Thanks

I want to take this opportunity to congratulate our staff for their devotion, hard work, and sacrifices in helping us reach our objectives. I would also like to thank our clients, suppliers, bankers, the central and state governments, and other stakeholders for their steadfast trust, confidence, and support. I sincerely appreciate all our colleagues' undeterred support through the years and only hope it continues in the times to come.

Warm regards,

Dinesh Patidar

GREEN ENERGY IS NOT AN ALTERNATIVE. IT IS AN ABSOLUTE GLOBAL NECESSITY.

A rise in the global temperature from 1.5°C to 3.0°C can cause irreparable damage to life on earth:

- 43% of the Himalayan high mountain glaciers would be lost, causing water scarcity
- 13% increase in the forest fire incidents across the globe, causing damage to substantial forest cover
- 50% of all plant and animal species in the world's naturally rich areas would face extinction with temperatures rising by 4°C
- 4-10 months of drought would be experienced every year, reducing global agricultural yields by average 4%
- Around 18% reduction in global GDP by 2025, if temperatures rise beyond 3.2°C

“
It is unequivocal that human influence has warmed the atmosphere, ocean and land.

WORKING TOGETHER TO CREATE SUSTAINABLE GROWTH OPPORTUNITIES FOR ALL

Pradhan Mantri Kisan Urja Suraksha evam Utthaan Mahabhiyan Scheme (PM KUSUM Scheme) was launched by the Ministry of New and Renewable Energy (MNRE). The Scheme aims to foster energy security for the farmers while inching towards clean energy agenda. It offers immense sustainable growth opportunities in the times to come.

GOVERNMENT'S FOCUS ON INDIAN AGRICULTURE SECTOR

The energy sector in India is at the culmination of a massive turnaround. With rapid advances in technology, there is an urge for persistent innovation. There is a need for enhanced productivity in power generation from renewable energy sources. Driven by falling renewable energy tariffs and Government support towards green energy use, the share of solar generation in India's power generation could equal coal-fired output by 2040 as per International Energy Agency (IEA).

The Indian Government is Cognizant of this and has thus launched several initiatives over the years, discussed as follows:

PM KUSUM SCHEME

Solar-powered irrigation is a huge opportunity for India. PM Kusum Scheme was promulgated by the MNRE, Government of India, in 2019. It aimed to bring prosperity to the lives of farmers by connecting agricultural land with modern technology. Under this Scheme, the farmers are helped to develop solar energy capacity from unconventional land use without interrupting farming activities. This ambitious Scheme aims at doubling the farmers' income. It targets covering lakhs of farmers across the nation. It promises to fulfil the irrigation and water problems by providing a 60-90% subsidy to the farmer to set up solar pump sets and generation systems.

The Cabinet approved scaling-up of solar power target from 20,000 MW of grid-connected solar power projects to 1,00,000 MW

– Government of India, Ministry of New and Renewable Energy

HOW 'MAKE IN INDIA' SOLAR PUMP MANUFACTURERS CAN SERVE THE COUNTRY

Energy Efficiency Services Limited (EESL) had issued a tender in 2021 for an off-grid solar photovoltaic water pumping system on a pan-India basis under Component B of the Ministry of New and Renewable Energy's (MNRE) PM-KUSUM program for the installation of 3,17,975 pumps across all states and union territories.

Chhattisgarh Renewable Energy Development Agency (CREDA), the nodal agency for solar development in Chhattisgarh, has tendered for 20,000 solar pumps in the state for installation and commissioning of solar irrigation pumps during the period of 2021-2023.

The Andhra Pradesh Government, to recoup the Scheme's benefits, has been taking steps to solarise around 50,000 grid-connected agriculture pumps allocated to them under Component C of the PM Kusum Scheme by 2022.

The Jaipur Vidyt Vitran Nigam Limited (JVNL), Rajasthan Discom, has invited tender for solarisation of a 4.99 MW of grid-connected solar project under the renewable energy service company (RESCO) model and its associated 33 kV line to connect the agricultural feeders with the concerned substation by 2022.

PM KISAN YOJANA

The Pradhan Mantri Kisan Samman Nidhi Yojana (PM -Kisan Yojana) is a Government Scheme inaugurated by the Hon'ble Prime Minister Narendra Modi-led Government. It came into effect from 1st December, 2018. The PM Kisan Yojana aims to help small and marginal farmers with ₹ 6,000 per year as minimum income support. This 75,000 Cr. Scheme aims to cover 125 million farmers, irrespective of the size of their landholding in India.

PM JAN DHAN YOJANA

Pradhan Mantri Jan Dhan Yojana is a Government Scheme launched by the Government of India. It aims to provide easy access to financial services such as Remittance, Credit, Insurance, Pension, Savings, and Deposit Accounts to our society's poor and needy section.

The Indian Government launched the Pradhan Mantri Jan Dhan Yojana (PMJDY) to provide financial services and products to individuals who do not have a bank account.

- No minimum balance to be maintained
- As per the bank's savings account interest rate
- Transfer of money is simple
- Overdraft facility available

The Scheme was launched in August 2014, offering financial services like pension, insurance, and banking to individuals.

PRADHAN MANTRI FASAL BIMA YOJANA (PMFBY)

Pradhan Mantri Fasal Bima Yojana was launched in Kharif 2016 to support agriculture production by providing an affordable crop insurance product. Thereby, ensuring comprehensive risk cover for farmers' crops against all non-preventable natural risks from pre-sowing to the post-harvest stage.

PMFBY aims at supporting sustainable production in the agriculture sector by :

- Providing financial support to farmers suffering crop loss/ damage arising out of unforeseen events
- Stabilising farmers' income to ensure their continuance in farming
- Encouraging farmers to adopt innovative and modern agricultural practices
- Ensuring credit-worthiness of the farmers, crop diversification and enhancing growth and competitiveness of agriculture sector besides protecting the farmers from production risks

NEW FARM LAWS

These legislations were designed primarily for the benefit of small and marginal farmers, who constitute around 85% of the total number of farmers and are the biggest sufferer of the 'regressive' APMC-regulated market regime. Farmers in India have suffered from various restrictions in marketing their produce in the past. There were restrictions for farmers in selling agri-produce outside the notified APMC market yards. The new farm laws will transfer the risk of market unpredictability from the farmer to the sponsor. It will also enable the farmer to access modern technology and better inputs. The farmers will have full power in the contract to fix a sale price of their choice for the produce. They will receive the payment within a maximum of 3 days.

NATIONAL AGRICULTURE MARKET (E-NAM)

e-NAM, is an e-marketing platform for agricultural products. This new market process is revolutionising agricultural markets by guaranteeing better price discovery. It also brings in transparency and promotes healthy competition. Thereby, enabling the underserved to move towards 'One Nation One Market' progressively. This is providing the farmers with a platform to market their produce freely.

BENEFITING THE INDIAN AGRICULTURE SPACE

Majority of the Indian population is in agriculture and allied sectors. The initiatives and focus of the Government of India to provide subsidies and electricity to farmers through pumps would assist them in reducing costs and increasing cash flows. This increase in liquidity with the farmers, on the other hand, would propel the farmers to move into technical farming. The farmers would invest in pumps and other agriculture-related equipment. Therefore resulting in the development of the Indian agriculture pumps and related sectors while propelling the Government's 'Make in India' initiative.

CONSERVING ENERGY. SERVING THE SECTOR. PRESERVING ENVIRONMENT.

The Indian solar energy industry sector has tremendous potential for growth. It is multiplying and estimated to clock in a CAGR of more than 40% during 2020-2025. Let us see how solar energy is anticipated to benefit farmers and society:

- Compared to utility-scale solar, distributed PV generation reduces the need to expand transmission capacity and doesn't require large land areas
- Replacing fleets of diesel generators in the agricultural sector would reduce emissions and air pollution. This way, it will also contribute to the Government's efforts to promote a self-reliant India by reducing reliance on costly and subsidised diesel imports
- Installation of agricultural solar pumps reduces farmers' dependency on diesel-based generators by offering them solar pumps on subsidy
- Provides energy security to farmers while also being an initiative of moving towards clean energy
- Farmers, as the biggest consumer of electricity in India, would also become the producer of green electricity under the PM KUSUM Scheme

ANOTHER STEP TOWARDS SOLARISING THE NATION

With immense pride & pleasure, Shakti has successfully installed India's first higher HP Solar project in Mizoram. Under this marquee project, the Company has installed 8 solar pump sets (4 working + 4 standby) of 75 HP, highest amongst similar projects in Mizoram at an altitude of approx. 4,000 ft. for the Sialhawk Solar pumping station project at Sialhawk village.

This is the largest and highest solar pumping station project in the entire North-Eastern Region of India. The project uses lifted water from the river to the utmost tank with a capacity of 3 Lakhs Litre in four stages. The total vertical height from riverside to hill top water tank is approx 900 meter while the total length of the pipeline used to lift the water is approx 700 meter. This project is expected to resolve the issue of drinking water for more than 4,000 people of Sialhawk Village.

Shakti is proud to be associated with a such a vital project which is a cornerstone of technology, playing a key role in development. Shakti is always keen to execute such developmental projects as they go a long way in helping with modernisation and addressing social needs. This project is historic and will provide the much-needed access to drinking water, a basic human entitlement, to the residents of Sialhawk.

GLOBAL DEVELOPMENTS IN THE SOLAR ENERGY SECTOR

Solar energy is already contributing around 2.8% of global electricity. If trends were to continue, by 2030, solar is expected to become the most important energy source for electricity production in large part of the world.

- Mr R.K. Singh at the 3rd ISA Assembly

The global solar industry was valued at USD 50 Bn in 2019 and is predicted to grow to USD 200 Bn by 2026. From 2020 to 2026, the global solar energy market is anticipated to expand at a CAGR of 20%. The total installed solar photovoltaics (PV) power capacity in the world increased by 22% to 773.2 GW by the end of 2020, up from 635 GW in 2019. The key drivers for the expansion of the solar energy market are Government subsidies and tax rebates for solar panel installation and increased awareness of environmental degradation.

INTERNATIONAL SOLAR ALLIANCE

The International Solar Alliance (ISA) is a treaty-based intergovernmental organisation, co-founded by India and Japan to promote solar energy in 121 tropical countries. It provides a dedicated platform for solar resource-rich countries to support solar energy use. It also aims to undertake joint efforts required to reduce the cost of finance and technology, mobilise investments needed for massive deployment of solar energy, and pave the way for future technologies adapted to the needs. ISA has been positioned to help create the conditions that would make funding, developing and deploying solar applications on a large scale a reality. ISA is perceived as a critical organisation working towards achieving the 2030 Sustainable Development Goals and objectives of the Paris Agreement on Climate Change.

The membership of ISA has continued to grow since the 2nd Assembly in 2019. The ISA is now supported by 68 member countries and further 20 is in the process of becoming members. The ISA, the World Bank, and the Government of India are actively preparing the implementation plan for 'One Sun, One World, One Grid' initiative to harness the power of inter-connected grids for enabling energy transition to a low-carbon world.

ACTIVITIES, PROGRAMMES AND ROADMAP

ISA has aggregated demand for more than 2,70,000 solar pumps across 22 countries, more than 1 GW of solar rooftop across 11 countries, and more than 10 GW of solar mini-grids across 9 countries under its respective programmes. A report was presented to ISA by the World Resources Institute (WRI), which identifies the sources of funds, opportunities and constraints, in scaling up solar investments and the contribution of ISA in assisting Member countries.

India, the President ISA in the Third Assembly, mentioned various activities and programmes initiated by ISA since the 2nd Assembly. Currently, six programmes and two projects are in process to cover various aspects of solar energy. A robust pipeline of more than USD 5 Bn has been developed for solar energy applications to meet the ISA member countries' lighting, irrigation, drinking water, and productive energy requirements, which have largely been deprived of modern energy services.

The Assembly welcomed ISA's move to work with WRI for developing a roadmap for the mobilisation of USD 1 Trn by 2030. For the first time since the inception of the framework agreement of ISA, Solar awards were conferred on countries of the region and institutions working for solar.

ENVIRONMENT

Shakti me Sampannata

With sustainable ideologies running across all the verticals of the organisation, we truly walk the talk. Our green and clean ethos have always propelled us to direct our operations towards growing sustainably. Our best-in-class quality, energy-efficient pumps and solar pumping solutions have given us the accomplishments of flagbearers of eco-friendly and conscientious companies. It has also given us the larger goals of maintaining the natural habitat and flora and fauna of the planet as we progress in our mission to bring positive impact from our product offerings.

SOME OF THE INITIATIVES UNDERTAKEN DURING 2020-21:

ENERGY CONSERVATION

The Company has been relentlessly working on reducing its energy consumption over the last 5 years. The Environment Management Cell (EMC) in our organisation has been formed to make short-term and long-term policy decisions and discuss on reduction of energy consumption. Some of the actions undertaken so far include:

- Installation of 400 Kw solar plant within the premises
- Implementation of Energy Monitoring & Management System (EMS)
- Replacement of all old conventional light (CFL, mercury lamp) and plant light with energy-efficient LED light
- Replacement of induction motor with S4RM and IPSM energy-efficient motor
- Sharing awareness guidelines through circulars to increase awareness among the employees

WATER MANAGEMENT

Some of the actions taken by the Company to reduce water consumption within the premises include:

- Rain water harvestation at two places within the organisation
- 100% utilisation of collected and treated wastewater

- Regular monitoring of water consumption and requirement
- Reduction of water usage for plant operation through the implementation of appropriate measures

ENVIRONMENT PROTECTION

We have replaced disposable plastic glasses for tea with hygienic and washable glasses

Addition of clause 'The thickness of the plastic bags used for packing must be uniform and not less than 50 microns' as terms and conditions of the purchase order to be adhered by all vendors. We have also taken steps for paper conservation among employees.

MAINTAINING AIR QUALITY

Following air quality parameters have been adopted to keep a check on air quality:

- Particulate Matter (less than 10 micron)
- Particulate Matter (less than 2.5 micron)
- Sulphur Dioxide [SO₂] (24 hours Basis)
- Nitrogen Oxides [NO_x] (24 hours Basis)
- Carbon Monoxide [CO] (8 hours Basis)

SOCIAL

Shakti se Samajik Vikas

We aim to inculcate an inclusive and supportive work environment. Being socially responsible and conscious of uplifting the community and its well-being, we actively engage in our regions of operation for sustainable and economic development. For us, CSR means investing funds for social activity and integrating business processes with social processes. We believe an organisation's true worth lies beyond its business and is best reflected by the service it renders to the community and the society.

As per Section 135 of the Companies Act, 2013, which pertains to the CSR law for the companies, we have constituted a Board-level CSR Committee with Independent Directors. We have also formulated a CSR policy that clearly mentions the CSR activities as per Schedule VII of the Companies Act, 2013.

TO PURSUE OUR CSR OBJECTIVES, WE CONTINUE TO:

1. Work actively in areas of eradication of hunger and poverty, provide opportunity and financial assistance to promote education, provide medical aid to the needy and downtrodden.
2. Collaborate with like-minded bodies like voluntary organisations, charitable trusts, Governments and academic institutes to pursue our goals.
3. Interact regularly with stakeholders, review and publicly report our CSR initiatives.
4. We continued to extend our community initiatives during 2020 and undertook additional initiatives during the outbreak of COVID-19.

GOVERNANCE

Shakti se Sahajta

Responsible corporate conduct is integral to the way we do our business. Our actions are governed by our values and principles, reinforced across all levels within the Company. At Shakti Pumps, we are committed to doing things the right way. We believe in making business decisions and acting ethically while also complying with applicable legislation. Our corporate governance framework sets the principles of responsibility, accountability and transparency in course, just the way we conduct our operations.

BOARD DIVERSITY

We have an active, experienced and well-informed Board of Directors (the Board) responsible for and committed to sound principles of corporate governance in the Company. The Board plays a crucial role in overseeing how the management serves shareholders' and other stakeholders' short and long-term interests. This belief is reflected in our governance practices, under which we strive to maintain an effective, informed and independent approach.

ETHICAL BUSINESS CONDUCT

At Shakti, business ethics is of paramount importance and one of our most valued assets. To instil high levels of discipline and conduct, we are continuously working towards and implementing significant measures tuned to exhibit and integrate ethical values and behavioural norms across all

organisational levels. Furthermore, we are also strengthening the moral attitude of the organisation, management and employees to ensure that our activities and operations abide by our business culture and policies.

ACCOUNTABILITY, TRANSPARENCY AND INTERNAL CONTROL SYSTEM

Our Board is committed to transparency and the highest levels of accountability concerning disclosures and compliance through internal and/or external assurance and governance procedures. The Company's internal control framework covers financial, operational, compliance and information technology controls, and risk management policies and systems. Our robust risk management processes embedded within the business enable us to identify, evaluate, record, and monitor significant risks.

SHAKTI PUMPS INDIA LIMITED

Pioneers of high quality and energy-efficient pumps and motors

HOW WE CONSERVE. SERVE. PRESERVE.

Shakti Pumps India Limited ('Shakti Pumps', or 'the Company', or 'We'), incorporated in 1982, is an established manufacturer of high-quality and energy-efficient pumps and motors. Along with our innovative solar energy solutions, we also offer an array of pumping systems and products backed by high quality and durability. Over the years, our products have helped us build a prestigious brand name and earned good respect in the national and international markets.

Our pumping systems enjoy diverse applications, including irrigation (flood and micro), horticulture, home water supply, commercial and industrial applications. Our products are exported to more than 100 nations globally.

We endeavour to provide premium-quality pumping solutions as per global benchmarks, integrating health, safety and environmental consideration in business decisions and activities. Our vision is to achieve zero accidents, zero liquid discharge and zero carbon footprint.

Shakti Pumps (India) Limited

INFRASTRUCTURE

Shakti Pumps boasts world-class and cutting-edge production facilities. Our experienced and talented workforce not only meets but significantly exceeds the industry's international standards of excellence. Located at the heart of India, at Pithampur (Madhya Pradesh), our plants at the Domestic Tariff Area (DTA) and Special Economic Zone (SEZ) can manufacture 5,00,000 pumps in aggregate.

DOMESTIC UNIT

Our domestic facility, situated in Sector III of the Pithampur Industrial Area, comprises multiple plants. These enable us to meet the needs of different product groups.

- 4" Motor Manufacturing Plant
- 6", 8" and 10" Motor Manufacturing Plant
- Submersible Pump Manufacturing Unit
- Industrial Pumps Manufacturing Unit

SEZ UNIT

Our SEZ facility at Pithampur, India, produces and exports 100% stainless steel submersible pumps globally. This unit specialises in advanced high-tech machinery. Thereby, enabling us to cater to the international quality standards and global demand.

RESEARCH AND DEVELOPMENT

At Shakti Pumps, we emphasise research and development's power and vital role in our business. Over the last few years, we have built an enthusiastic, curious and skilled in-house R&D team and cutting-edge infrastructure to support it.

Together these enable us to provide novel solutions. The products and solutions we have pioneered are regarded as global benchmarks today. This could be made possible by developing sophisticated fabrication technology and selecting the best materials and procedures. Our R&D team has developed a computerised testing facility that enables us to monitor the performance of our pumps and draw comparisons with products globally.

ELECTRONICS AND CONTROL DIVISION (E&C)

Using cutting-edge Japanese technology, Shakti Pumps has developed a first-of-its-kind and completely automated electronics and control division E&C division.

Apart from being positioned as an efficient pumping solutions provider, this plant sets the course for the Company to expand its offering into the Power Electronics Segment. Solar VFDs, Hybrid Inverters, Motor Starters, and other Power Electronics products are manufactured and assembled at this new facility which has a total capacity of ~2,00,000 VFDs each year. Furthermore, the Company has also collaborated with IIT Delhi and IISc Bangalore for the design and development of futuristic E&C products in India.

SHAKTI ENERGY SOLUTIONS PRIVATE LIMITED (SESPL)

SESPL, a 100% subsidiary of Shakti Pumps, is a renowned manufacturer of highly efficient solar structures. Located in Pithampur, Madhya Pradesh, SESPL has an annual capacity of 1,00,000 solar structures. Currently, the solar structure manufactured by SESPL is used for captive consumption by Shakti Pumps. However, going ahead, the Company plans to sell these for direct consumption as well.

BOARD OF DIRECTORS

Mr. Dinesh Patidar

Managing Director

Mr. Dinesh Patidar is a visionary, self-made industrialist and a leader with strong business acumen and knowledge in the development of engineering products and management. He has more than 3 decades of experience in the pumps industry, which has helped him adopt the latest and best practices in business to develop a competitive edge.

Mr. Sunil Patidar

Executive Director

Mr. Sunil Patidar is a determined professional with an innovative approach in people management and industrial relations, ensuring all administrative compliances.

Mr. Ramesh Patidar

Executive Director

Mr. Ramesh Patidar is a Graduate in Business Administration with more than 15 years' experience in International business development activities, exploring and expanding new business opportunities worldwide.

Mr. Pramod Kumar Bhawsar

Independent Director

Mr. Pramod Bhawsar retired from State Bank of India as Assistant General Manager and is a well experienced, result-oriented banker with diversified experience in credit/finance. He has served Bank for 35 years at various places, handled projects in Corporate Finance, SME, Forex, Business Restructuring/CDR, and NPA Management, among others.

Mr. Navin S. Patwa

Independent Director

Mr. Navin Patwa is a Company Secretary with over 18 years' experience in Secretarial work, Company law and related matters. He has previously had the experience of working with Sam Industries as a Company Secretary & Compliance Officer.

Dr. Keyur Bipinchandra Thaker

Independent Director

Dr. Keyur Thaker is a Professor, Finance and Accounting, at Indian Institute of Management, Indore. He has an MBA in Finance and a PhD in Management. He has over 22 years of experience in consulting, academics, executive education, and research. Previously, he has offered services to ACC, POMC, IPCL, ICICI Bank, Bell Ceramics, L&T, GPEC, HBS, HDFC Standard Life and others.

Mrs. Nishtha Neema

Independent Director

Mrs. Nishtha Neema is a Chartered Accountant with over 15 years of experience in Accounts, Taxation, Auditing and Fund Planning, among others. She works with Gupta & Neeraj Associates (Indore) as a partner.

MANAGEMENT DISCUSSION AND ANALYSIS

MANAGEMENT DISCUSSION AND ANALYSIS

GLOBAL ECONOMIC OVERVIEW

2020-21 can be metamorphically called a year of renaissance, bringing an overnight revolution across the globe. Unprecedented and undeniably catastrophic, the Coronavirus was the harbinger of major upheaval in the economic landscape and social lifestyle globally. Given the impact of COVID-19, 2020-21 observed a decline in GDP growth for the biggest economies of the world.

However, in the hindsight of all the disturbances, 2020-21 can also be described as the year of transition, demarcating two COVID-oriented eras, with 2019 marking the 'Before Coronavirus' patch, and starting with 2020, the 'After Coronavirus' era is here to stay. Although the global economy was already under pressure due to the pre-pandemic slump, the lingering uncertainties and business halt further exacerbated the apathy.

The dismal performance of 2020-21 led to a contracting GDP across nations. As an aftermath of phased lockdowns, the global GDP deflated by ~3.3% in CY (Calendar Year) 2020-

21. However, Governments across the globe were able to contain a full-fledged economic decline by tickling down financial stimulus and favourable sector-wise policies. Government support in the form of liquidity infusion, interest rate abatements, and stimulus packages has slowly but steadily brought the economy back to positive numbers with strong recovery.

Among major economies, the US is projected to grow at 6.8% in 2021, based on the large-scale fiscal support from the Senate and the shortened pandemic restrictions. Growth in other advanced economies is also firming, but to a lesser extent. Among emerging economies, China is anticipated to rebound to 8.5%, reflecting the release of upheld demand.

Emerging markets and developing economies, as a group, forecast a 6% expansion this year, supported by higher demand and resumption of economic activities. However, the recovery in many countries is being held back due to resurging COVID-19 cases and lagging vaccination progress, as well as the withdrawal of policy support in some instances. Excluding China, the rebound in this group of countries is anticipated to be at a more modest 4.4%. The recovery among emerging market and developing economies is forecast to moderate to 4.7% in 2022.

The actual impact of COVID-19 is not quantifiable only in terms of GDP, but also in terms of opportunity cost of new projects being undertaken and completion of ongoing projects and market development.

INDIAN ECONOMY OVERVIEW

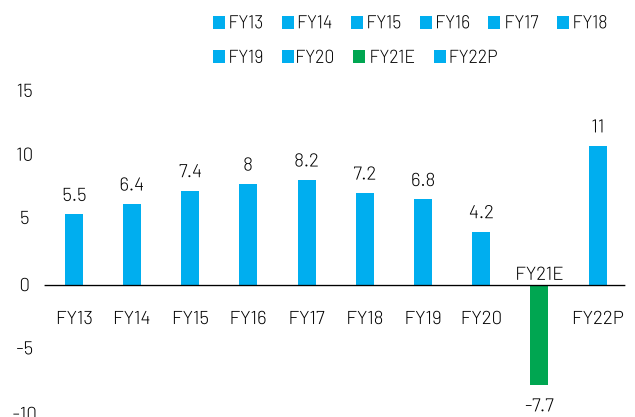

COVID-19 pandemic had similar inflections on the Indian economy, bringing business activities to a standstill for a major part of the previous year, particularly April and May. In Q1 of 2020-21, India's real GDP contracted by a massive 24.4%. In Q2 of 2020-21, the GDP continued ascension by 7.3%.

However, thankfully, India began to witness early signs of economic recovery with business revival in the second half of the year. High frequency indicators suggested that the economy was on the path of positive growth and a v-shaped recovery. A host of reasons were at play: Favourable monetary policies from the Reserve Bank of India, the Central Government's relief packages, coupled with reopening of the economic activities from June 2020. The Q3 of 2020-21 recorded a GDP growth of 0.4%. With mass vaccination and heightened momentum, the Indian economy regained its robust and adaptable recalibration. In line with the above expectations, the GDP growth for Q4 of 2020-21 stood at 1.6%, continuing the positive sentiment. With strong prospects of growth in consumption and investments, the GDP is estimated to grow at 11% in FY 2021-22

(Source: Economic Survey 2020-21).

The macro-economic outlook remains uncertain as the virus, via its multi-stage waves, continues to hit back. However, a mass adaptation of the 'New Normal' will provide the economy a much-needed continuum.

INDIAN GOVERNMENT INITIATIVES AND OPPORTUNITIES

India, being an agrarian country, has a majority of its population reliant on agriculture for their livelihood. Government schemes play a major role in the welfare of the agrarian economy. Central and state governments have been initiating different schemes continually for the enhancement of the Agri sector. As a part of doubling the farmers income in India the Government has launched several schemes like PM Kisan Scheme, PM Jan Dhan Yojna, Fasal Bima Yojana, PM-KUSUM, increased MSP & new farm laws. Apart from the Central Government, the State Governments are also aggressively moving forward to support farmers. Government of Telangana as has launched the Rythu Bandhu scheme, also known as the Farmer's Investment Support Scheme, is a welfare programme aimed to provide financial aid to the farmers of Telangana.

PM-KISAN SCHEME

Pradhan Mantri Kisan Samman Nidhi Yojana is an initiative by the Government of India, wherein 120 Mn small and marginal farmers of India with less than two hectares of landholding will get up to ₹ 6,000 per year as a minimum income support. PM-Kisan scheme has been operational since 1st December, 2018.

PM-KUSUM SCHEME

Ministry of New and Renewable Energy, Government of India, vide its Office Memorandum dated 8th day of March, 2019 launched a New Scheme for farmers called as Pradhan Mantri Kisan Urja Suraksha evam Utthaan Mahabhiyan Scheme (PM KUSUM) aims to facilitate energy access to farmers in India. This is in line with the nation's commitment to increase the share of renewable power generation to 40% by 2030-31, as part of Intended Nationally Determined Contributions (INDCs). The Scheme has following components:

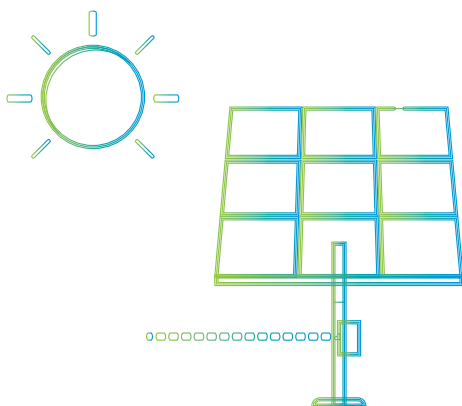

- i) Component-A:** Setting up of 10,000 MW of Decentralised Ground/Stilt Mounted Grid Connected Solar or other Renewable Energy based Power Plants
- ii) Component-B:** Installation of 20 Lakhs Standalone Solar Agriculture Pumps and
- iii) Component-C:** Solarisation of 15 Lakhs Grid Connected Agriculture Pumps

The scheme through all its components aims to add solar and other renewable capacities of 25,750 MW by 2022-23 with total central financial support of ₹ 34,422 Cr.

Under Component A, solar or other renewable energy based power plants (REPP) of capacity 500 kW to 2 MW will be setup by individual farmers/ group of farmers/ cooperatives/ panchayats/ Farmer Producer Organisations (FPO)/ Water User associations (WUA), etc The renewable power generated will be purchased by DISCOMs at a pre-fixed tariff. It would help with income generation for rural landowners over a period of 25 years by utilising dry or uncultivable land. If their cultivable fields are chosen for solar power projects, the farmers can continue growing crops too as the solar panels are to be set over a minimum height.

The scheme would ensure that sufficient solar/ renewable energy-based power is available for rural load centres and agriculture pump-set loads, which require power mostly during the day time. These solar plants will be located closer to the agriculture loads or to electrical sub-stations in a decentralised manner, which could help reduce transmission losses for STUs and Discoms (Distribution Companies).

Under Component B individual farmers particularly small and marginal farmers would be supported by Government to install standalone Solar Agriculture pumps of capacity up to 7.5 HP in place of existing diesel agriculture pumps where grid supply is not available.

Installation of 17.5 Lakhs standalone solar agriculture pumping systems will create solar PV Capacity of over 8,000 MW.

The solar pumps will save the expenditure incurred on diesel pumps and provide the farmers with a reliable source of irrigation through solar pumps, apart from preventing the harmful pollution that diesel machines bring.

Under Component C individual farmers having grid connected agriculture pumps will be supported to solarize pumps. Solar PV Capacity up to two times of pump capacity in Kw is allowed under the scheme. This component will be applicable to farmers already connected to grid. Over 20 million grid-connected agriculture water pumps installed in the country consume more than 17 percent of total annual electricity consumption of the country. Solarisation of the same can reduce dependence of these pumps on conventional sources of energy supplied by DISCOMs and thus reducing their burden of subsidy on agriculture consumption of electricity. This will also provide additional source of income to farmers who will be in a position to sell the surplus power to DISCOMs.

NATIONAL AGRICULTURE MARKET (E-NAM)

E-NAM, as the name suggests, is an e-marketing platform for agricultural products. This new market process is revolutionising agricultural markets by guaranteeing better price discovery. It also brings in transparency and promotes healthy competition, thereby enabling the underserved to progressively move towards ‘One Nation One Market’.

INTERNATIONAL SOLAR ALLIANCE

With the signatories of 75 countries, ISA was formed as an inter-governmental organisation to oversee and promote the multi-fold benefits of clean energy and specifically, the applications of solar power. The organisation works towards a common goal of meeting energy demands sustainably.

The ISA plays the four-fold role of being an accelerator, enabler, incubator, and facilitator in establishing a global solar market.

As an accelerator, ISA aggregates demand after assessing risks, which facilitates a low-cost market for members, addresses the impediments, if any, and through various initiatives, it dilutes the solar investment risks.

As an enabler, it helps the member nations in sourcing funds and needed technology, and encourages ideas and technological advances throughout members.

As an incubator, it facilitates investment risk mitigation for solar power generation projects in solar-rich countries and also works towards reducing the cost of finance for developing renewable energy projects.

As a facilitator, ISA helps in fostering a favorable ecosystem for solar energy projects, workshops, and forums for member countries and helps in capacity building.

In the 3rd ISA Assembly, in order to meet the energy requirements of member countries deprived of modern energy services, the ISA president announced a robust pipeline of USD 5 billion developed for solar energy applications to meet lighting, irrigation, drinking water and productive energy requirements of the ISA member countries, ISA has aggregated a demand for more than 270,000 solar pumps across 22 countries, more than 1 GW of Solar Rooftop across 11 countries, and more than 10GW of Solar Mini-grids across 9 countries.

A report was presented by World Resources Institute (WRI) to the ISA Assembly laying out the sources of funds, opportunities and constraints in order to scale up investments and contributions to member countries. WRI and ISA collectively would work to develop a roadmap for mobilisation of USD 1 Trillion by 2030.

ENVIRONMENT, SOCIAL AND GOVERNANCE AT SHAKTI PUMPS

At Shakti Pumps, biodiversity and ecosystem preservation is a matter of strategic importance. The Company business model aims at enhancing long-term sustainability goals.

ENVIRONMENT AND ENERGY EFFICIENCY

With commitment to sustainable energy goals and climate change mitigation efforts, the Company diversified into solar energy operated pumps and rooftop products and have a cumulative installed capacity of over 200MW which itself manifest its commitments to green energy initiatives.

The Company ensures sustainable use of resources and invests in sustainable technologies to reduce environmental footprint. It continuously work towards optimum utilisation of and minimum wastage of resources in operations.

To ensure optimum energy performance, the Company monitors and targets lower energy usage and utilization of energy efficient equipment in place of old and obsolete.

Shakti pumps manufactures Energy efficient environment friendly pumps and motors that consumes less energy. These initiatives not only enhance cost-efficiency but, also helps us to ensure energy efficiency across operations. Shakti pumps also into solar pumping & solar roof top solutions which are renewable energy products.

AIR AND WATER CONSERVATION

In order to address the growing concern of air pollution and resultant climatic changes, the Company has proactively taken measures to monitor emission levels to ensure emission reduction across the facilities.

The Company encourages efficient utilization of water. It strives to reduce, reuse, and recycle water within our facilities. It stringently monitors and undertake initiatives to reduce water consumption.

SOCIAL

Shakti Pumps the needs of the stakeholders is integrated in product offerings and service. It has integrated management system policy that is committed to achieve total customer satisfaction by delivering high quality pumps at most competitive price and provides timely supply and after services. The Company firmly believes in working in tandem with the expectations and needs of its stakeholders, whether the small and marginalised farmers who are the end users of the energy efficient pumps manufactured n=by the Company, the communities where it operates or the government. The Company is always cognizant of the needs of its various stakeholders and ensures safety, sustainability and reliability of its operations and that of its stakeholders.

GOVERNANCE

The Company is committed to sound principles of Corporate Governance with respect to all of its procedures, policies and practices. The governance processes and systems are continuously reviewed to ensure that highest ethical and responsible standards are being practiced by the Company. It recognises that good Corporate Governance is a continuous exercise and reiterates its commitment to pursue highest standards of Corporate Governance in the overall interest of all its stakeholders for effective implementation of the Corporate Governance practices. The Company's Board of Directors and management committee is responsible for ensuring best corporate governance is in place throughout the functioning of the organisation.

GLOBAL PUMPS MARKET OVERVIEW AND OPPORTUNITIES

The pumps' market size is slated to exceed USD84.2Bn by 2027-28. It is expected that industrial activities would increase rapidly over the next decade, owing to the rising population and economic development. Leading industrial sectors: Oil & gas, mining, general industries, and water & wastewater treatment, are considerably driving pump demand across the globe.

The rising adoption of industrial pumps in the aforementioned spaces can, very well, impact market growth positively. Industrial pumps are manufactured in numerous sizes, shapes, and capacities. They are also extensively used in the power industry in various processes, including circulation, boiler feed, and sludge handling. The growth of the chemical industry is also expected to have a positive impact on product demand.

Solar pumps run on the power generated by photovoltaic panels or the radiated thermal energy from the collected sunlight. This rules out conventional sources, which lead to grid strain or pollution. The operation of solar pumps is low budget and has much lesser environmental effect than pumps powered by diesel or petrol with the aid of an internal combustion engine (ICE). Solar pumps are beneficial where grid energy is unavailable and alternative resources (particularly wind) do not provide sufficient electricity.

In developing nations, the agricultural sector offers a great opportunity for the growth of the solar water pump market. In rural areas, wherein farmers struggle to meet gas prices or to handle electric grid projects, a preference for environmentally-friendly projects might be of help. Solar pump market exhibits lucrative opportunity. The maximum use of solar pump has been witnessed in India, Africa and the middle east. In these nations, solar pumps are widely used for irrigation and water management.

By way of product category, the submersible pumps market has shown great demand uptick. This is majorly attributed to a surge in use of submersible solar pumps for water extraction from bores, irrigation systems, drip & sprinkler systems, and pressure boosting applications.

INDIAN PUMP MARKET AND OPPORTUNITIES

Given rapid urbanisation and growth in agricultural sector, the Indian pump industry has gone through transformational changes in the last few years. The emergence and popularisation of solar pumps by the Indian Government, coupled with depletion of ground water in many drought-stricken areas, has led to faster innovation in the field of pumps.

India is the second-most populated country in the world that houses 18% of the world population, but only has access to 4% of the world's freshwater reserves. With the limited water supply at hand and depleting resources, demand will only outpace availability, going forward. To overcome this issue and ensure continuous availability of water, regular research and measures are to be undertaken to improve water use by various end-users. Indian Government schemes like Pradhan Mantri Krishi Sinchayee Yojana, the Accelerated Irrigation Benefits Programme, and the Bharat Nirman programme, all the more add to the future prospects of better water utilisation and investment in this sector. Such schemes, along with new irrigation techniques like drip irrigation, signal a strong growth potential for the pumps' industry in the future.

The demand for pumps is expected to grow exponentially due to the increased application of pumps in several end-user sectors. As for the end-user industry, the solar pump market trends were studied across different work fields, and the agriculture segment was the highest contributor to the market. The rapid modernisation of agriculture and gradual push towards sustainable sources of energy has made sure that the demand for solar pumps in the future will be ever-growing. The several Government initiatives of the likes of Pradhan Mantri Kisan Urja Suraksha evam Utthan Mahabhiyan Yojana (PM-KUSUM), CPSU (Government Producers) Scheme - Phase II and Solar Rooftop Phase II programme facilitate improvement of power generation and solar inclusion throughout the country.

Pump manufacturers in India have majorly focused on agriculture and construction service sectors till now. However, the increasing oil demand and expanded investments in water and wastewater treatment activities are likely to affect the pump market substantially, going forward. The market contributes significantly to the country's GDP as these devices play a major role in the agriculture and infrastructure sector.

THE FOLLOWING FACTORS ARE LIKELY TO CONTRIBUTE TO THE GROWTH OF THE PUMP MARKET IN INDIA:

- DEMAND FOR ENERGY-EFFICIENT PUMPS
- DEMAND FOR SOLAR PUMPS
- INCREASED EXPORT OF PUMPS
- GROWTH IN THE AGRICULTURAL SECTOR
- URBANISATION

SOLAR PUMP INDUSTRY

The solar water pumping systems’ market in India has recorded a substantial growth in the last few years and is estimated to return a Compound Annual Growth Rate (CAGR) of more than 27% from 2018 to 2024. Factors such as stringent Government regulations to reduce carbon footprints and use of solar energy in pumps, which also cuts down the operating costs, are expected to drive the market during the forecast period. Moreover, solar water pumps are very beneficial in remote locations, where supply of electricity is inadequate or conventional fuel, needed to power water pumps, is not available.

Irrigation is a major application area for solar pumps in India. This makes India a land of huge market opportunity for solar pumps. The Government of India had set ambitious targets for expanding the country’s renewable energy generating capacity in 2010 with the Jawaharlal Nehru National (JNN) Solar Mission.

In 2014, as part of this mission, the Ministry of New and Renewable Energy (MNRE), India, outlined the Solar Pumping Programme for irrigation and drinking water, which sought to promote the scaled adoption of solar pumps over five years. Given the government support, the submersible pumps’ market in India is expected to provide ample opportunity for pump manufacturers in this area.

The National Solar Mission of India, also an initiative by the Government of India to promote solar energy, has set a target of achieving 100 GW of solar power by the year 2022.

19 times increased solar pump installation between 2014-19 | 2.25 Lakhs versus 11,626 from 2014.

SEGMENTAL OVERVIEW AND PERFORMANCE

THE COMPANY HAS BROADLY 4 BUSINESS SEGMENTS:

1. SOLAR EPC
2. Solar OEM
3. Exports
4. Domestic and Industrials

ON A SEGMENT-WISE PERFORMANCE NOTE:

In the 2020-21, the Company posted a robust performance with a sale of ₹ 925 Cr., almost two and half times the revenue in 2019-20.

The major contribution in the revenue mix was from the Solar EPC project with sales worth ₹ 542 Cr., over four times that in the previous year. In Solar Agri, sales have increased from ₹ 18 Crs to ₹ 34 Cr. In OEM Sales, the solar pumps’ niche grew from ₹ 46 Cr in 2019-20 to ₹ 86 Cr. Domestic and Export sales of the Company also increased substantially from ₹ 65 Cr. and ₹ 128 Cr. to ₹ 83 Cr. and ₹ 180 Cr. respectively.

COMPANY OVERVIEW

Shakti Pumps is a pioneer in manufacturing superior quality energy-efficient pumps and motors. Its recent embarkment into solar pumps has rendered the Company an honourable and prestigious position in the national as well as international market.

The Company started with stainless-steel submersible pumps and motors and gained a leadership repertoire in the segment over 3 hard-working decades. However, not settling at that, Shakti Pumps has steadily ventured into manufacturing solar energy pumps, Variable Frequency Drives (VFDs) and rooftop products, with a cumulative installed capacity of over 200MW delivering on the Company's promise to become a green-friendly organisation.

Leveraging its engineering and R&D excellence, the Company has meticulously expanded to become a self-

sufficient provider, offering complete pumping solutions manufactured in-house. From stainless steel pumps to solar pumps and, thereafter, synthesising the sub-products, the Company has created a one-stop shop. The Company also forayed into a separate unit of power electronics in collaboration with Japan to indigenously manufacture solar controllers/inverters. With in-house manufacturing available for solar converters /inverters, energy-efficient pumps and motors, the Company has a complete hold on solar pumping solution projects.

With steady progress in power electronics and Solar system efficiencies, the Company offers an integrated system that can handle an array of domestic and agriculture applications. Besides, the Company has been an active player in the global water pumps' sector with a rich experience and engagements with clientele and vendors across 100 countries.

RISK MANAGEMENT

Risks/ Concerns	Risk mitigation measures
Competition Risk	The Company is an extensive integrated pump manufacturer & solar energy solution provider in India. Its offerings include motors, pumps, solar VFDs & inverters, and subsystems, each being manufactured inhouse with indigenous procedures and tech. No other domestic player has a parallel able range of such product offerings. Being an all-in-one provider, Shakti Pumps has a competitive edge in the pumps' business segment.
Manufacturing Risk	The Company's fungible production facilities and the reliable capacities in place ensure manufacturing risk mitigation. The Company has a widespread presence, and it also monitors and upgrades its property, plant, and equipment from time-to-time to avoid delays.
Technological Risk	The Company has a strong engineering and technological prowess. Its high-tech processes, innovative designs, and technology help deliver products that are a class apart. The Company has flourished over the years on its technological strength on a global scale, backed by its inhouse R&D team of qualified engineers & masters.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

For proper financial management and circumventing fraud, Shakti Pumps (India) Limited maintains an effective internal control system at par with its size and operations. Internal Control Systems, comprising policies and procedures, are designed to ensure orderly and efficient conduct of business, safeguard the assets of the business, prevent and detect fraud, ensure the completeness and accuracy of accounting records, and timely preparation of financial information. Furthermore, the system is reviewed and updated continually based on the recommendations made by the Statutory Auditors, Internal Auditors, and the Independent Audit Committee of the Board of Directors, of the Company.

HUMAN RESOURCES

At Shakti Pumps (India) Limited, there is a defined HR policy with regards to the code of conduct, working hours, probation, internal transfers, promotion, and misconduct, among others. The Company believes 'Development is only so if it develops all stakeholders', and hence, Shakti Pumps continuously strives to make a conducive work environment for everyone's growth. Talent management & leadership

development are the strong pillars, holding the Company's positioning as a desirable workplace.

OUTLOOK

Due to the increased application of pumps in several end-user sectors, the industry expects higher demand. The expanded investments in water & wastewater treatment activities alongside increasing oil demand is likely to affect the pump market substantially. The market contributes significantly to the country's GDP as these devices play a major role in the agriculture and infrastructure sector.

NOTICE (Contd.)

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER: -

- (i) The voting period begins on 25th September, 2021, 9:00 A.M. and ends on 28th September, 2021, 5:00 P.M. During this period shareholders of the Company, holding shares either in physical form or in dematerialised form, as on the cut-off date 22nd September, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs

and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode CDSL/ NSDL** is given below:-

4. DETAILED EXPLANATION OF RATIOS

(i) Return on Net Worth

Return on Net Worth (RONW) is a measure of profitability of a Company expressed in percentage. It is calculated by dividing total comprehensive income for the year by average capital employed during the year.

(ii) Return on Capital Employed

Return on Capital Employed (ROCE) is a financial ratio that measures a Company's profitability and the efficiency with which its capital is used. In other words, the ratio measures how well a Company is generating profits from its capital.

It is calculated by dividing profit before exceptional items and tax by average capital employed during the year.

(iii) Basic EPS

Earnings Per Share (EPS) is the portion of a Company's profit allocated to each share. It serves as an indicator of a Company's profitability. It is calculated by dividing Profit for the year by Weighted average number of shares outstanding during the year.

(iv) Debtors Turnover

The above ratio is used to quantify a Company's effectiveness in collecting its receivables or money owed by customers. The ratio shows how well a Company uses and manages the credit it extends to customers and how quickly that short-term debt is collected or is paid. It is calculated by dividing turnover by average trade receivables.

(v) Inventory Turnover

Inventory Turnover is the number of times a Company sells and replaces its inventory during a period. It is calculated by dividing turnover by average inventory.

(vi) Interest Coverage Ratio

The Interest Coverage Ratio measures how many times a Company can cover its current interest payment with its available earnings. It is calculated by dividing PBIT by finance cost.

(vii) Current Ratio

The Current Ratio is a liquidity ratio that measures a Company's ability to pay short-term obligations or those due within one year. It is calculated by dividing the current assets by current liabilities.

(viii) Debt Equity Ratio

The ratio is used to evaluate a Company's financial leverage. It is a measure of the degree to which a Company is financing its operations through debt versus wholly owned funds. It is calculated by dividing a Company's total liabilities by its shareholder's equity.

(ix) Operating Profit Margin (%)

Operating Profit Margin is a profitability or performance ratio used to calculate the percentage of profit a Company produces from its operations. It is calculated by dividing the EBIT by turnover.

(x) Net Profit Margin (%)

The net profit margin is equal to how much net income or profit is generated as a percentage of revenue. It is calculated by dividing the profit for the year by turnover.

4. Did the Company carry out any consumer survey/consumer satisfaction trends?

Being a customer-centric organisation, the Company is always keen to engage with its customers. Each consumer plays an important role in the Company's value chain. The Company engages with them regularly via an engrossing, centralised customer care centre with toll-free numbers. The Company also takes their feedback directly or through surveys with an objective to improve quality and performance, aiming to improve consumer satisfaction.

REPORT ON CORPORATE GOVERNANCE

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE: -

The principles of Corporate Governance are based on transparency accountability and focus on the sustainable success of the Company over the long-term. At Shakti Pumps (India) Limited, we feel proud to belong to a Company whose visionary founders laid the foundation stone for good governance long back and made it an integral principle of the business, as demonstrated in the words above.

Responsible corporate conduct is integral to the way we do our business. Our actions are governed by our values and principles, which are reinforced at all levels within the Company. At Shakti Pumps, we are committed to doing things the right way which means taking business decisions and acting in a way that is ethical and is in compliance with applicable legislation. Our Code of Business Principles ('the Code') is an extension of our values and reflects our continued commitment to ethical business practices across our operations. We acknowledge our individual and collective responsibilities to manage our business activities with integrity. Our Code inspires us to set standards which not only meet applicable legislation but go beyond in many areas of our functioning.

To succeed, we believe, requires highest standards of corporate behavior towards everyone we work with, the communities we touch and the environment on which we have an impact. This is our road to consistent, competitive, profitable and responsible growth and creating long-term value for our shareholders, our people and our business partners. The above principles have been the guiding force for whatever we do and shall continue to be so in the years to come.

The Board of Directors ('the Board') are responsible for and committed to sound principles of Corporate Governance in the Company. The Board plays a crucial role in overseeing how the management serves the short and long-term interests of shareholders and other stakeholders. This belief is reflected in our governance practices, under which we strive to maintain an effective, informed and independent

2. BOARD OF DIRECTORS: -

INDEPENDENT AUDITORS' REPORT

To the Members of

SHAKTI PUMPS (INDIA) LIMITED

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying Standalone Financial Statements of Shakti Pumps (India) Limited ("the Company"), which comprise the Balance sheet as at 31st March, 2021, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements, and in forming our opinion

thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Evaluation of uncertain tax positions</p> <p>The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.</p> <p>Refer Notes 32 to the Standalone Financial Statements</p>	<p>Principal Audit Procedures</p> <p>Obtained details of completed tax assessments and demands for the year ended 31st March, 2021 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions as at 1st April, 2020 to evaluate whether any change was required to management's position on these uncertainties.</p>

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the Standalone Financial Statements and our auditors' report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT (Contd.)

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate

**INDEPENDENT AUDITOR'S REPORT (Contd.)**

with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- d) in our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act; read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e) on the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021, from being appointed as a director in terms of Section 164(2) of the Act;
- f) with respect to the adequacy of the internal financial controls over financial reporting of the

Company and the operating effectiveness of such controls, refer to our separate report in 'Annexure A'; and

- g) In our opinion, the managerial remuneration for the year ended 31st March, 2021 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
 - h) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements- Refer Note No. 32 of financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order

ANNEXURE- A TO THE INDEPENDENT AUDITORS' REPORT

The Annexure A referred to in our Report of even date to the Members of Shakti Pumps (India) Limited ("the Company") on the financial statements for the year ended 31st March 2021.

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3COMPANY OF SECTION 143 OF THE COMPANIES ACT, 2013 ('THE ACT')

We have audited the internal financial controls over financial reporting of Shakti Pumps (India) Limited ('the Company') as of 31st March 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and directors of the Company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Ind AS financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls,

ANNEXURE- A TO THE INDEPENDENT AUDITORS' REPORT (Contd.)

material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the internal control over financial reporting criteria

established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

SIGNIFICANT ACCOUNTING POLICIES & NOTES

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1. CORPORATE INFORMATION

Shakti Pumps India Limited ("SPIL" or "the Company") is a public limited Company domiciled in India and incorporated under the provisions of the Indian Companies Act. SPIL is engaged in manufacturing of Pumps, Motors & their spare parts. The core products of the Company are Engineered Pumps, Industrial Pumps, and Solar Pumps etc.

2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES:

2.1 Basis of Preparation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and relevant provisions of the Companies Act, 2013.

2.2 Basis of Measurement

These financial statements have been prepared in Indian Rupee which is the functional currency of the Company. These financial statements have been prepared on historical cost basis, except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period, as explained in the accounting policies below.

The statement of cash flows has been prepared under indirect method.

2.3 Use of judgments, estimates and assumptions

The preparation of these financial statements requires management judgments, estimates and assumptions that affect the application of accounting policies, the accounting disclosures made and the reported amounts of assets, liabilities, income and expenses.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are made in the period, in which, the estimates are revised and in any future periods, effected pursuant to such revision.

2.4 Property, plant and equipment

Measurement

Freehold land is carried at historical cost. All other items of property, plant and equipment are measured

at cost of acquisition or construction less accumulated depreciation and accumulated impairment loss, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any discounts and rebates are deducted in arriving at the purchase price.

Borrowing costs directly attributable to the construction or acquisition of a qualifying asset up to completion or acquisition are capitalised as part of the cost. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment under construction are disclosed as capital work-in-progress. Advances paid towards the acquisition of property, plant and equipment outstanding at each reporting date are disclosed under "Other non-current assets".

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the statement of profit and loss as incurred.

Disposal

An item of property, plant and equipment is derecognised upon disposal or when no future benefits are expected from its use or disposal. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognised net within other income/expenses in the statement of profit and loss.

Depreciation

Depreciation is calculated over the depreciable amount,

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021 (Contd.)

which is the cost of an asset, or other amount substituted for cost, less its residual value. Depreciation is recognised in the statement of profit and loss on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment as prescribed in Schedule II of the Companies Act 2013 except in the cases mentioned below where the management based on the technical evaluation have estimated the life to be lower than the life prescribed in schedule II.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

2.5 Intangible assets

Recognition and measurement

Intangible assets are recognised when the asset is identifiable, is within the control of the Company, it is probable that the future economic benefits that are attributable to the asset will flow to the Company and cost of the asset can be reliably measured.

Intangible assets acquired by the Company that have finite useful lives are measured at cost less accumulated amortisation and accumulated impairment losses (if any).

Subsequent measurement

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates.

Amortisation

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in statement of profit and loss on a straight-line basis over the estimated useful lives of intangible assets from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset.

Amortisation is not recorded on intangible assets under development until development is complete and the asset is ready for its intended use.

The intangible asset are amortised over the estimated useful lives as given below: -

- Computer Software : 15 years

2.6 Inventories

Inventories are valued at lower of cost and net realisable value. The cost is computed on weighted average basis. Inventories of Finished Goods and Work-In-Progress

include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

2.7 Research and Development Expenditure

Revenue expenditure on research & development is charged to the Statement of Profit and Loss of the year in which it is incurred.

Capital expenditure incurred during the period on research & development is accounted for as an addition to property, plant & equipment.

2.8 Foreign currencies transactions

Transactions and balances

Transactions in foreign currency are recorded at exchange rates prevailing at the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss.

Monetary assets and liabilities denominated in foreign currencies which are outstanding, as at the reporting period are translated at the closing exchange rates and the resultant exchange differences are recognised in the statement of profit and loss.

Non-monetary assets and liabilities denominated in foreign currencies that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction.

2.9 Borrowing costs

Borrowing costs are interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalised in the cost of that asset. Qualifying assets are those assets which necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognised in the year in which they are incurred.

2.10 Current and Non-Current Classification

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in or is intended for sale or consumption in the Company's normal operating cycle;

**NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021 (Contd.)**

- It is held primarily for the purpose of being traded;
- It is expected to be realised within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is due to be settled within 12 months after the reporting date; or
- The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

2.11 Investment

Current investments are carried at lower of cost and fair value. Non-current investments are stated at cost. Provision for diminution in the value of long term investment is made only if such a decline is other than temporary.

2.12 Employee benefits**Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the services are classified as short term employee benefits. Benefits such as salaries, wages, expected cost of bonus and short term compensated absences, leave travel allowance etc. are recognised in the period in which the employee renders the related service.

Defined Benefit Plans

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the payment of Gratuity Act or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Defined contribution plans

Company's contribution to Provident Fund, ESIC scheme for the year is charged to Profit and Loss account. Retirement benefit, medical reimbursement and leave payments to employees are recognise as employee benefit expense when they are due.

2.13 Lease

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021 (Contd.)

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

2.14 Income tax

Income tax expense comprises current tax and deferred tax. Income tax expenses are recognised in statement of profit or loss except to the extent that it relates to items recognised in other comprehensive income (OCI).

Current tax

Current tax is the tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of the previous year. It is measured using tax rates (and tax laws) enacted or substantially enacted by the reporting date.

Current tax assets/liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

Deferred tax assets (if any) are recognised only to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets/liabilities are reviewed at each balance sheet date and are recognised/ reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

2.15 Provisions

A Provision is recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

2.16 Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Financial assets

Financial assets include cash and cash equivalents, trade and other receivables, investments in securities and other eligible current and non-current assets.

At initial recognition, all financial assets are measured at fair value. Such financial assets are subsequently classified under one of the following three categories according to the purpose for which they are held. The classification is reviewed at the end of each reporting period.

- **Financial assets at amortised cost:** At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates. These financial assets are intended to be held until maturity. Therefore, they are subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial asset. The EIR amortisation is included as interest income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.
- **Financial assets at fair value through other comprehensive income:** At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates, as well as held for selling. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in Other Comprehensive Income (OCI). Interest income calculated using the Effective Interest Rate (EIR) method, impairment gain or loss and foreign exchange gain or loss are recognised in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the OCI to Statement of Profit and Loss.
- **Financial assets at fair value through profit or loss:** At the date of initial recognition, financial assets are held for trading, or which are measured neither at Amortised Cost nor at Fair Value through OCI. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in the Statement of Profit and Loss.

Investment in Equity shares of subsidiaries and associates are valued at cost.

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial

**NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021 (Contd.)**

asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

The Company assesses impairment based on the expected credit losses (ECL) model to all its financial assets measured at amortised cost.

(b) Financial liabilities

Financial liabilities include long-term and short-term loans and borrowings, trade and other payables and other eligible current and non-current liabilities.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and other payables, net of directly attributable transaction costs. After initial recognition, financial liabilities are classified under one of the following two categories:

- **Financial liabilities at amortised cost:** After initial recognition, such financial liabilities are subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial liability. The EIR amortisation is included in finance expense in the profit or loss.
- **Financial liabilities at fair value through profit or loss:** which are designated as such on initial recognition, or which are held for trading. Fair value gains / losses attributable to changes in own credit risk is recognised in OCI. These gains / losses are not subsequently transferred to Statement of Profit and Loss. All other changes in fair value of such liabilities are recognised in the Statement of Profit and Loss.

The Company derecognises a financial liability when the obligation specified in the contract is discharged, cancelled or expires.

2.17 Revenue Recognition

The Company derives revenues primarily from business of Sales of pumps and motors.

As per Ind AS 115 revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those

products or services. Revenue is measured based on the transaction price, which is the consideration, adjusted net of returns, allowances, trade discounts and volume discounts and GST etc.

Dividend and interest income is recorded when the right to receive payment is established.

2.18 Earnings per share

Basic earnings per share are computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The Company did not have any potentially dilutive securities in any of the periods presented.

2.19 Segment Reporting

SPIL is mainly engaged in the business of manufacturing of various types of Pumps & Motors. Operating segments are reporting in a manner consistent with the internal reporting to the Chief Operating Decision Maker (CODM).

The Board of Directors of the group assesses the financial performance and position of the group and makes strategic decisions. The Board of Directors which are identified as a CODM, consist of CMD, CFO & all other executive Directors.

Considering the nature of business & financial reporting of SPIL, the Company has only one segment as reportable segment. The Company operates in Local & Export Segments Geographically. The sales for both are separately given, but due to the nature of business the assets/liabilities and expenses for these activities cannot be bifurcated separately

2.20 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks, cash on hand and highly liquid short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

34. EMPLOYEE BENEFIT OBLIGATIONS

34.1 Defined Contribution Plan :

The Company makes contribution to statutory provident fund as per Employees Provident Fund and Miscellaneous Provisions Act, 1952. This is a defined contribution plan as per IND-AS 19.

(₹ in Lakhs)

Particulars	2020-21	2019-20
Employers Contribution to Provident Fund/ Pension Fund	125.53	147.85
Employers Contribution to ESIC	4.32	7.46
Total	129.85	155.31

34.2 Defined Benefit Plan for Gratuity & for Leave Encashment :

- (i) Actuarial gains and losses in respect of defined benefit plans are recognised in the Financial statements through other comprehensive income.
- (ii) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

a) Asset Volatility :

- (i) The plan liabilities are calculated using a discount rate; if plan assets under perform compared to the discount rate, this will create or increase a deficit.
- (ii) As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

b) Life Expectancy :

The majority of the plan's obligations are to provide benefits for the service life of the member, so increases in service life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in service life expectancy.

37. FINANCIAL INSTRUMENTS**A. FAIR VALUES**

Set out below, is a comparison by class of the carrying amounts and fair value of the financial instruments of the Company

(₹ In Lakhs)

Financial Instruments by category	Carrying Value		Fair Value	
	As at 31st March, 2021	As at 31st March, 2020	As at 31st March, 2021	As at 31st March, 2020
Financial Assets at Amortised Cost				
Cash and Bank Balances	3,599.27	3,628.73	3,599.27	3,628.73
Other Financial Assets	615.17	615.62	615.17	615.62
Trade Receivables	24,993.75	11,360.58	24,993.75	11,360.58
Total	29,208.19	15,604.92	29,208.19	15,604.92
Financial Liabilities at Amortised Cost				
Trade Payables	16,651.77	5,201.70	16,651.77	5,201.70

Other Financial Liabilities	3,866.43	1,351.92	3,866.43	1,351.92
Total	29,273.52	24,323.50	29,273.52	24,323.50

The following methods and assumptions were used to estimate the fair values:

Cash and short-term deposits, trade receivables, loans, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Long-term receivables/payables are evaluated by the Company based on parameters such as interest rates, risk factors, individual creditworthiness of the counterparty and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

Fair Value Hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3: Inputs based on unobservable market data.

B. FINANCIAL RISK MANAGEMENT

Shakti Pumps (India) Limited is exposed primarily to market risk (fluctuation in foreign currency exchange rates & interest rate), credit, liquidity which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment & seeks to mitigate potential adverse effects on the financial performance of the Company.

1. Capital Management :

The company's capital management objectives are:

- The Board policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The board of directors monitors the return on capital employed.
- The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.
- The Company uses debt equity ratio as a capital management index and calculates the ratio as the net debt divided by total equity. Net debts and total equity are based on the amounts stated in the financial statements.
- Debt Equity Ratio ratio is as follows:

(₹ In Lakhs)

Particulars	As at 31st March, 2021	As at 31st March, 2020
Debt (A)	8,755.31	17,769.87
Equity (B)	30,209.01	24,045.39
Debt Equity Ratio (A/B)	0.29	0.74

2. Credit Risk :

- Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.
- Financial instruments that are subject to concentration of credit risk principally consists of trade receivables, investments, derivative financial instruments and other financial assets. None of the financial instruments of the Company results in material concentration of credit risk.

**NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021 (Contd.)****3. Liquidity Risk :**

Liquidity Risk Management : Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Maturities of Borrowings :

The following table details the Company's expected maturity for borrowings :

(₹ In Lakhs)

Exposure to Risk	As at 31st March, 2021	As at 31st March, 2020
Interest bearing borrowings:		
On Demand	5,011.49	12,565.19
Less than 180 Days	2,405.35	3,435.87
181-365 Days	349.32	396.42
More than 365 Days	989.16	1,372.38

4. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

a) Foreign Currency Exchange Rate Risk :

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in AED, US Dollar, Australian Dollar, Great Britain Pound, Euro, JPY against the respective functional currencies of the Company. The Company, as per its risk management policy, evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks & uses derivative instruments primarily to hedge foreign exchange (if required).

**NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021 (Contd.)**

38. The spread of COVID-19 has severely impacted businesses around the globe. The situation is constantly evolving and Governments in certain state have imposed various restrictions with the increase in number of COVID 19 cases during the month of March 2021. The Company has considered various internal and external information available upto the date of approval of financial statements in assessing the impact of COVID-19 pandemic on the financial statements for the year ended 31st March, 2021. In the view of management, there is no significant impact on the immediate liquidity position of the Company based on management's evaluation of future cash flows for the next one year.

As at 31st March, 2021, management has made an assessment of the recoverability of carrying values of Property, Plant and Equipment, Intangible assets, inventories and financial assets taking into account all possible impact of known events arising from COVID-19 pandemic.

Assessing the impact assessment of COVID-19 is however a continuing process given the uncertainty associates with its nature and duration. The Company will continue to closely monitor any material changes to future economic conditions.

39. The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period when the Code becomes effective.

40. Previous year figure have been regrouped / recast, wherever necessary, to correspond with the current year's classification / disclosure.

INDEPENDENT AUDITORS' REPORT

To the Members of

SHAKTI PUMPS (INDIA) LIMITED

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the accompanying consolidated financial statements of **Shakti Pumps (India) Limited** (the Parent) and its subsidiaries, (the Parent and its subsidiaries together referred to as "the Group") which comprise the Consolidated Balance Sheet as at 31st March, 2021, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flows Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2021, and their consolidated profit , their consolidated comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Evaluation of uncertain tax positions</p> <p>The Group has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.</p> <p>Refer Notes 32 to the Consolidated Financial Statements</p>	<p>Principal Audit Procedures</p> <p>Obtained details of completed tax assessments and demands for the year ended 31st March, 2021 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions as at 1st April, 2020 to evaluate whether any change was required to management's position on these uncertainties.</p>

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report and Corporate Governance Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing

INDEPENDENT AUDITOR'S REPORT (Contd.)

so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of those consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies are also responsible for overseeing the Group's financial reporting process.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole

are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT (Contd.)

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statement of 6 subsidiaries included in the audited consolidated financial statements, whose financial statements reflect total assets of ₹ 9,240.20 Lakhs as on 31st March, 2021. Total revenues of ₹ 19,335.55 Lakhs, total net (loss)/profit after tax of ₹ 1,508.99 Lakhs and total comprehensive income/(loss) of ₹ 1,397.13 Lakhs for the period from 1st April, 2020 to 31st March, 2021 respectively as considered in the Statement. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph above.

Our conclusion on the Statement is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;

ANNEXURE- A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ('THE ACT')

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March, 2021, we have audited the internal financial controls over financial reporting of Shakti Pumps (India) Limited (hereinafter referred to as "Parent"), as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Parent is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Parent's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Parent's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial

controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Parent's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and directors of the Company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control

ANNEXURE- A TO THE INDEPENDENT AUDITORS' REPORT (Contd.)

over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent, has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the

Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES & NOTES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1. THE GROUP OVERVIEW:

The Group, Shakti Pumps India Limited (SPIL) and its subsidiaries, engaged in manufacturing & trading of Pumps, Motors & their spare parts. The core products of the Company are Engineered Pumps, Industrial Pumps, and Solar Pumps.

2. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES:

2.1 Statement of Compliance

The Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and relevant provisions of the Companies Act, 2013.

2.2 Basis of Preparation

a) The Consolidated Financial Statements comprise of the financial statements of Shakti Pumps (India) Limited (Parent Company) and the following subsidiaries as on 31st March, 2021:

Name of the Company	Country of Incorporation	Proportion of Ownership Interest of SPIL
Shakti Pumps LLC	USA	100%
Shakti Pumps FZE	UAE	100%
Shakti Pumps Pty Ltd. (Discontinue from 15th March 2021)	Australia	100%
Shakti Pumps (Bangladesh) Ltd.	Bangladesh	100%
Shakti Pumps (Shanghai) Ltd.	China	100%
Shakti Energy Solutions Pvt. Ltd.	India	100%

b) The Financial Statements of the parent Company and its subsidiaries have been consolidated on a line by line basis by adding together the book value of like items of assets, liabilities, income and expenses, after eliminating Intra-group balances, Intra-group transactions and unrealised profits or losses in accordance with Ind AS 110 – “Consolidated Financial Statements”.

- c) Post-acquisition, the Company accounts for its share in the change in net assets of the subsidiaries (after eliminating unrealised profits and losses resulting from transactions between the Company and its subsidiaries to the extent of its share), through its statement of profit and loss, other comprehensive income and through its reserves for the balance.
- d) The difference between the cost of investment and the share of net assets at the time of acquisition of shares in the subsidiaries is identified in the financial statements as Capital Reserve/Goodwill as the case may be.
- e) The accounts of Shakti Pumps LLC, USA and Shakti Pumps Pty Ltd., Australia are exempt from Audit.
- f) The Accounting Policies of the parent Company and its subsidiaries are largely similar. However, few accounting policies are different as certain subsidiaries located in different countries have to comply with the local regulatory requirements.
- g) In case of foreign subsidiaries, revenue items are consolidated at the average exchange rate during the year. All assets and liabilities are translated at year end exchange rate. The resulting exchange differences are recognised as Other Comprehensive Income/ (loss) and disclosed accordingly.
- h) Significant Accounting Policies of the financial statements of the Company and its subsidiaries are set out in their respective Financial Statements.
- i) The Group has adopted Ind AS 116 using the prospective approach. The application of Ind AS 116 has resulted into recognition of ‘Right-of-Use’ asset with a corresponding Lease Liability in the Balance Sheet.

2.3 Significant Accounting Policies:

The significant accounting policies to prepare consolidated financial statements are in uniformity with the standalone financial statements of the Company. Following are the additional policies specifically considered for preparation of consolidated financial statements:

a) Business Combination:

Business Combinations are accounted for using the acquisition method. The cost of acquisition is measured at the aggregate of the fair values

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021 (Contd.)**

at the date of exchange of assets given, liabilities incurred or assumed and equity instruments issued by the Company in exchange for control of the acquiree. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the recognition criteria are stated at their fair values at the acquisition date except certain assets and liabilities required to be measured as per the applicable standard.

b) Deferred Tax:

The Company does not recognize deferred tax liability with respect to undistributed retained earnings of subsidiaries and foreign currency translation difference, comprised in Other Comprehensive Income, recognised on consolidation of foreign subsidiaries as the Company controls the timing of distribution of profits and it is probable that the subsidiaries will not distribute the profits in the foreseeable future.

34. EMPLOYEE BENEFIT OBLIGATIONS

34.1 Defined Contribution Plan :

The Company makes contribution to statutory provident fund as per Employees Provident Fund and Miscellaneous Provisions Act, 1952. This is a defined contribution plan as per IND-AS 19.

(₹ in Lakhs)

Particulars	2020-21	2019-20
Employers Contribution to Provident Fund/ Pension Fund	127.00	149.29
Employers Contribution to ESIC	4.32	7.49
Total	131.33	156.78

34.2 Defined Benefit Plan for Gratuity & for Leave Encashment :

- (i) Actuarial gains and losses in respect of defined benefit plans are recognised in the Financial statements through other comprehensive income.
- (ii) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

a) Asset Volatility :

- (i) The plan liabilities are calculated using a discount rate; if plan assets under perform compared to the discount rate, this will create or increase a deficit.
- (ii) As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

b) Life Expectancy :

The majority of the plan's obligations are to provide benefits for the service life of the member, so increases in service life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in service life expectancy.

Total	30,324.77	25,873.97	30,324.77	25,873.97

The following methods and assumptions were used to estimate the fair values:

Cash and short-term deposits, trade receivables, loans, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Long-term receivables/payables are evaluated by the Company based on parameters such as interest rates, risk factors, individual creditworthiness of the counterparty and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

Fair Value Hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3: Inputs based on unobservable market data.

B. FINANCIAL RISK MANAGEMENT

Shakti Pumps (India) Limited is exposed primarily to market risk (fluctuation in foreign currency exchange rates & interest rate), credit, liquidity which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment & seeks to mitigate potential adverse effects on the financial performance of the Company.

1. Capital Management :

The company's capital management objectives are:

- (i) The Board policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The board of directors monitors the return on capital employed.
- (ii) The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.
- (iii) The Company uses debt equity ratio as a capital management index and calculates the ratio as the net debt divided by total equity. Net debts and total equity are based on the amounts stated in the financial statements.
- (iv) Debt Equity Ratio is as follows:

(₹ In Lakhs)

Particulars	As at 31st March, 2021	As at 31st March, 2020
Debt (A)	9,931.15	19,292.08
Equity (B)	34,060.94	26,515.01
Debt Equity Ratio (A/B)	0.29	0.73

2. Credit Risk :

- (i) Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.
- (ii) Financial instruments that are subject to concentration of credit risk principally consists of trade receivables, investments, derivative financial instruments and other financial assets. None of the financial instruments of the Company results in material concentration of credit risk.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021 (Contd.)****3. Liquidity Risk :**

Liquidity Risk Management : Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

4. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

a) Foreign Currency Exchange Rate Risk :

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in AED, US Dollar, Australian Dollar, Great Britain Pound, Euro, JPY against the respective functional currencies of the Company. The Company, as per its risk management policy, evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks & uses derivative instruments primarily to hedge foreign exchange (if required).
