Dear Sir,

This refer to your mail dated 16.10.2019 seeking clarification on the price movement of equity shares of Kilburn Engineering Limited on BSE in the recent past..

With regard to the points raised in your query we wish to clarify as under :

- i. Our Company has taken due care of investors' interests and all material events and Price Sensitive Information were always disclosed timely.
- ii. We have always given candid reply to the queries received from various shareholders from time to time.
- iii. All price movement in the market is caused by the activity of Buyers / Sellers and their perception, and our company's scrip has very low volume on daily basis. Securities having low trading volume, usually show big price movement over a period of time.

Further, the Company would like to re-iterate that it has disclosed all material events and price sensitive information on BSE and there is no undisclosed information / announcement (including impending announcement) which in our opinion may have a bearing on the price behaviour in the scrip.

Thanking you
For Kilburn Engineering Limited
