AMI Organics Limited Accredited Gold Medal by EcoVadis

Surat, April 15, 2024: Ami Organics Limited (AMI) (BSE: 543349, NSE: AMIORG), a leading global manufacturer of advance pharmaceutical intermediates and speciality chemicals, proudly announces its attainment of the prestigious Gold Rating accreditation by EcoVadis, recognizing the company's outstanding commitment to sustainability.

This significant recognition underscores Ami Organics' unwavering dedication to the fundamental principles of sustainability. The Gold Medal distinction places the company in the top 5% of all organizations assessed within EcoVadis's rigorous framework globally, showcasing Ami Organics' exceptional performance in environmental, social and governance stewardship through its policies, actions and results.

Mr. Naresh Patel, Executive Chairman & Managing Director of Ami Organics Limited, expressed his elation regarding this achievement, stating, "I am delighted to announce that we have achieved the 'Gold Medal' accreditation by EcoVadis. I extend my sincere thanks and congratulations to the entire Ami Organics Team for their remarkable feat in obtaining this certification within just three years of initial audit by EcoVadis."

He further emphasized the company's commitment to driving tangible change, remarking, "We firmly believe that decisive actions catalyze real change, and thus, we have continuously strived to improve ourselves, adhering to our vision of becoming a beacon of innovation and sustainability in the pharmaceutical and specialty chemicals industry. Despite being in the chemicals manufacturing industry, we remain steadfast on our ESG goals propelled by an intensified focus on green chemistry and green initiatives. This commitment underscores our proactive approach to environmental responsibility and sustainability by setting new standards of excellence in environmental sustainability within the global industry landscape."

ABOUT AMI ORGANICS LIMITED:

Ami Organics, headquartered at Surat, is a R&D driven manufacturer of specialty chemicals with varied end usage, focussed on the development and manufacturing of advanced pharmaceutical intermediates ("Pharma Intermediates") for regulated markets and generic active pharmaceutical ingredients ("APIs") and New Chemical Entities ("NCE") and key starting material for agrochemical and fine chemicals. AMI has developed and commercialised over 520 Pharma Intermediates for APIs across 17 key therapeutic areas since inception and NCE, with a strong focus on R&D across select high-growth high margin chronic therapeutic areas.
