# **CHAIRMAN'S MESSAGE**

### Dear Shareholders, Ladies & Gentlemen.

The world is witness to India's resurgent growth story. Amidst the heightened global economic uncertainty where the global growth is likely to bottom out at around 3.0 per cent in 2023-24, India continues to remain a 'bright spot' as the fastest growing economy in the world and on track to be the 3<sup>rd</sup> largest economy by financial year 2028. Though the global pandemic largely receded by the onset of financial year 2022-23, the twin impacts of geo-political tensions arising out of Russia-Ukraine war and emergence of global inflationary pressure posed hurdles and uncertainties to the global economic growth during financial year 2022-23. The interest rates were seen moving up as major central banks, including Reserve Bank of India (RBI) resorted to hiking the policy rates to combat inflation, pushing up domestic lending and borrowing rates. However, your Company successfully navigated through this uncertain business environment during financial year 2022-23, by registering overall loan sanctions of ₹24,572 crore and disbursements of ₹8,466 crore during the financial year.

I would like to share the highlights of HUDCO's performance during financial year 2022-23, vis-à-vis the economic environment, challenges faced and future outlook of the Company, which would clearly demonstrate that your Company is on a high growth path in its continued efforts for building assets for the nation.

### 1. Economic Environment

India's growth momentum would continue to be the fastest in the next two years as per IMF-World Economic Outlook Update Report, July 2023, with the highest growth rate of 6.1 per cent in 2023-24 and 6.3 per cent in next fiscal. As per latest data released by National Statistical Office (NSO), the estimated growth in real GDP during 2022-23 was 7.2 per cent (*Provisional estimates of national income for 2022-23, dated 31*st *May 2023*). Growth was supported by a visible pick-up in the services sector. The disaggregated data showed that the Q1, Q2, Q3 & Q4 GDP had grown by 13.1%, 6.2%, 4.5% & 6.1% respectively in 2022-23, particularly the Q4 growth was better-than-expected.

During the financial year 2022-23, RBI raised the policy repo rate six times between May 2022 and February 2023, from 4% to 6.5% to subdue the inflationary pressures. This resulted in a high interest regime in the domestic economy posing challenges to domestic growth prospects. Further, as per RBI's latest monetary statement (June 2023), the GDP growth is likely to be 6.5 percent this fiscal on the back of supportive domestic demand conditions. This is indicative of India's continued economic resilience and strong macroeconomic fundamentals.

### 2. Sectoral Overview and Government Policy Initiatives

One of the key reasons for India's sustained growth is the contineous investment in real estate sector with its strong income and employment multiplier effects through 'forward' and 'backward' linkages with other industries in the economy. The Govt. of India's focus on 'infrastructure-led economic growth' is further outlined through Union Budget 2023-24, with capital investment outlay for infrastructure has been increased by 33% to ₹10 lakh crore, which is 3.3 per cent of GDP. States and cities will be encouraged to undertake urban planning reforms and actions to transform cities into 'sustainable cities of tomorrow'. Through property tax governance reforms and ring-fencing user charges on urban infrastructure, cities will be incentivized to improve their credit worthiness for Municipal Bonds. Further, similar to the RIDF, an Urban Infrastructure Development Fund (UIDF), through use of priority sector lending shortfall, has been established and being managed by the National Housing Bank, which will be used by public agencies to create urban infrastructure in Tier 2 and Tier 3 cities. The outlay for Pradhan Mantri Awas Yojana (PMAY) has been enhanced by 66 per cent to over ₹79,000 crore (Union Budget speech 2023-24).

### 3. Emerging Issues in Sustainable Urbanisation, Housing and Urban Infrastructure

India holds the current Presidency of economically powerful G20 countries. Adopting the Indian philosophy of "Vasudhaiva Kutumbakam"- One Earth One Family One Future, the G20 Presidency provides a strong platform for furthering our resolve to achieve the UN Sustainable Development Goals (SDGs) within the defined timeline of 2030, particularly sustainable urbanization, resilient infrastructure development, addressing climate change, green economic growth and transformative habitat development through 5 key pillars: Finance, Technology, Inclusion, Partnerships and Capacity Building. Further, various available data and Reports, such as World Bank Report, NIP Report, etc., point towards a sustained increase in urbanisation level and consequent

increase in investment in housing and urban infrastructure sectors. The Government of India has been undertaking various policy measures for orderly & sustainable urbanisation and catalysing steady flow of investments into the housing and urban infrastructure sector. All these emerging developments have great potential for HUDCO to play catalytic roles in addressing the requirements of sustainable & transformative habitat development.

### 4. Operational and Financial Performance

HUDCO in its glorious journey of 53<sup>rd</sup> years, since its inception in 1970, has cumulatively, as on 31<sup>st</sup> March 2023, sanctioned a total of 17,335 housing and urban infrastructure projects with a total loan of ₹2,36,555 crore and disbursements of ₹1,96,612 crore. Further, your Company has sanctioned financial assistance to more than 196.48 lakh housing units both in rural and urban areas in the Country, of which 187.27 lakh (95.31%) pertains to EWS / LIG categories. In addition, under HUDCO Niwas, a retail lending window, your Company has cumulatively sanctioned financial assistance of ₹6,871 crore to 3.86 lakh individuals and released an amount of ₹5,178 crore.

The Operational and Financial highlights during the financial year 2022-23 are as follows:

- c) HUDCO is actively participating in Government of India flagship programmes such as Smart City Mission (SCM), Atal Mission for Rejuvenation and Urban Transformation (AMRUT), Jal Jeevan Mission (JJM), etc. In the financial year 2022-23, HUDCO has provided financial assistance of ₹170 crore for Implementation of Smart City Project at Kohima and ₹50 crore for infrastructure development work in Udaipur Smart City, Rajasthan.
- d) Your Company has reported total income for the financial year 2022-23 at ₹7086.18 crore (previous year ₹6997.66 crore) inclusive of other income of ₹36.72 crore (previous year ₹43.58 crore), while the Profit before Tax (PBT) for the year was ₹2289.41 crore (previous year ₹2345.94 crore) and Profit after Tax (PAT) was ₹1701.62 crore (previous year ₹1716.60 crore). During the period, your Company has maintained the pace of growth with a growth of 1.26 % in total income and marginal decline of 2.41% in Profit before Tax (PBT). Your Company has registered a growth of 6.75% in its net worth that has reached ₹15,445.25 crore in financial year 2022-23 from ₹14,468.32 crore in financial year 2021-22.
- e) The Board of Directors of your Company had earlier approved payment of interim dividend @ 7.50 %, i.e., ₹0.75 per equity share having face value of ₹10/- each, totalling to ₹150.14 crore on the paid-up equity share capital of the Company in March, 2023 and the same has been paid. Further, the Board of Directors have also recommended payment of final Dividend @ 31.00 %, i.e., ₹3.10 per equity share, having face value of ₹10/- each, for the financial year 2022-23, subject to approval of the shareholders at the ensuing 53<sup>rd</sup> Annual General Meeting.
- f) As at the end of the financial year ended 31<sup>st</sup> March 2023, HUDCO reported Gross NPA of ₹2,759.17 crore, which constitutes 3.42% of total loan portfolio. The Net NPA as on 31<sup>st</sup> March 2023 is ₹407.25 crore which constitutes 0.52% of Net loan outstanding as against MoU target of 0.35%. During the year 2022-23, an amount of ₹145.58 crore was recovered from the accounts which were in NPA as on 31.03.2022. As on 31<sup>st</sup> March 2023, Loan Overdue to Net Loan Assets ratio is 3.71% as against MoU target of 6.50%.
- g) During the year, HUDCO has supported projects in the North-Eastern Region, and sanctioned 9 housing and urban infrastructure schemes with loan amount of ₹279.13 crore in the States of Assam, Tripura, and Nagaland.

### 5. Credit Rating of HUDCO

During the financial year 2022-23, the Company's long-term domestic borrowing programme was awarded the highest credit rating of 'IND AAA/Stable', '[ICRA] AAA (Stable)' and 'CARE AAA [Triple A] Stable' by M/s India Ratings & Research (IRRPL), M/s ICRA and M/s CARE Ratings respectively. The Company also got its short-term borrowing programme rated, obtaining the highest rating of "IND A1+", '[ICRA] A1+" and 'CARE A1+ [A One Plus]', by the above-mentioned Credit Rating Agencies.

As on 31<sup>st</sup> March, 2023, HUDCO for its International Borrowing Programme continued to enjoy International Credit Rating of 'Baa3' with Stable outlook and 'BBB-' with Stable outlook, respectively, from Moody's and FITCH, International Credit Rating Agencies. Both the assigned ratings are of investment grade and are at the Sovereign ceiling and equivalent as that of our Country.

6. HUDCO's Role in Implementation of Government of India flagship programmes - for promoting "Pradhan Mantri Awas Yojana (Urban)- Housing for All"

HUDCO as the premier techno-financial institution assists the Ministry of Housing and Urban Affairs (MoHUA) in scrutiny and inspection of sample projects / DPRs under Pradhan Mantri Awas Yojana (Urban) - Housing for All (PMAY-U) Mission prior to their

consideration by the Ministry for sanction of central assistance. ### 8. Human Resources Management

HUDCO recognises the value of Human Resources in delivering accelerated performance and contributing to the growth of the organization. It considers human dimension as the key to Organization's success. Several initiatives for development of Human Resources to meet new challenges in the competitive business environment have gained momentum. Your Company has a team of professionals from various disciplines like finance, projects, HR, Law, IT, social sciences, etc. The guiding principle of HUDCO's Human Resource Management Policy is to ensure availability of competent, motivated, and effective workforce to facilitate achievement of its full potential at all times to achieve organizational goals.

As on 31st March, 2023, HUDCO had a workforce of 673 employees which included 214 women employees, constituting 31.79% of its total strength. Women representations have gone across various hierarchical levels. HUDCO has been complying with all the directives and guidelines issued by the Government of India regarding reservation for SC/ST/OBC/PwD/ Ex-Servicemen/ EWS.

### 9. Corporate Social Responsibility (CSR)

During the financial year 2022-23, an amount of ₹44,98,12,667/- was to be incurred on CSR activities, out of which CSR assistance amounting to ₹26,67,94,463/- for 19 proposals have been approved. However, no expenditure from the proposals approved during the year has been incurred, as the agencies were in process of completion of documentation, etc., and accordingly, the unspent amount has been transferred to the unspent CSR account opened in a scheduled bank and shall be spent as per provision of CSR amended rules of Companies Act. Further, during the financial year 2022-23, the Company has spent a total amount of ₹3,20,72,843/-for the ongoing projects sanctioned prior to 31st March, 2021.

As on 31st March, 2023, an amount of ₹18,30,18,204/- being the unspent CSR amount other than the ongoing CSR activities from the CSR amount allocated for the financial year 2022-23, shall be transferred to one of the funds specified in Schedule VII of the Companies Act, 2013 within the stipulated time period, i.e., on or before 30th September, 2023. Further, an amount of ₹25,87,90,596/-being the unspent CSR amount other than ongoing CSR activities as on 31.03.2022 (₹16,99,00,000/- is the unspent CSR budget of financial year 2021-22 and ₹8,88,90,596/- up to 2020-21) was transferred to 'Swachh Bharat Kosh', a fund specified in Schedule VII of the Companies Act, 2013 on 30th September, 2022 in accordance with details mentioned in Annual Report on CSR activities for financial year 2021-22.

### 10. Corporate Governance

HUDCO is fully committed to promote and establish a fair, transparent, and ethical system of Corporate Governance. HUDCO ensures transparency in all its operations with special emphasis on financial prudence, accountability and ensuring customers/ stakeholders' satisfaction. In terms of regulation 34(3) of the SEBI (LODR) Regulations, 2015 and DPE guidelines, a report on Corporate Governance forms the part of the Directors' Report.

### 11. Future Outlook

The twin impacts of pandemic and Russia-Ukraine war have posed challenges to the global economic growth but India continues to remain bright spot. The key to HUDCO's growth prospect is crucially linked to the urbanisation trend of the country. India's urban population is estimated to increase from 470 million in 2021 to 600 million by 2036 which would constitute about 40% urbanisation level (World Bank Report 2022).

The Report also estimated that India's cities require a capital investment of USD 840 billion in urban infrastructure and municipal services till 2036 in 2020 prices. Further, as per National Infrastructure Pipeline (NIP) Report, total capital expenditure requirement in infrastructure sectors in India during fiscals 2020 to 2025 is projected at about ₹111 trillion, including ₹19.19 trillion for urban infrastructure projects including affordable housing projects. Thus, with continuous rise in the urbanisation levels and commensurate increase in capital investment requirement, HUDCO's potential for quantum jump in business operations augurs well.

The future outlook in terms of Government's sectoral focus and related developments have positive implications for HUDCO's medium-term and long-term strategies. Demand for housing across India continued to show resilience as reflected in NHB RESIDEX − Composite price index for 50 cities, which indicates that the prices in 50 major cities in India has been steadily increasing. The enhanced allocation for Pradhan Mantri Awaas Yojana (Urban & Rural) by 66% to over ₹79,000 crore announced in 2023-24 Union Budget will have positive effect on the housing activities in the country. It is expected that viability gap funding requirements from the state governments would gather momentum by the middle of financial year 2023-24. HUDCO being a major partner in many such housing schemes by the various state governments would stand to benefit.

Similarly, the Govt. of India's flagship programmes, AMRUT 2.0 which seeks to provide water supply to households, and Smart Cities Mission, have been allocated ₹8000 crore each in 2023-24 Union Budget. The Swachh Bharat Mission (U) has been allocated ₹5,000 crore in 2023-24. All these allocations are going to catalyse investments in the urban development sector thereby creating business opportunities for HUDCO, as it has been proactively assisting various State Governments in implementation of Government of India programmes. Health infrastructure needs a boost all over the country. HUDCO would continue to fund Social Infrastructure Projects like Health Centres, Government Hospitals, Medical Colleges etc. as the State Governments would be requiring huge funds to expand their Health Care Infrastructure. HUDCO would also give priority for funding Urban Metro Rail projects of all major cities, as the Government is keen to expand the metro network in different cities and is looking for external participation for such projects.

In order to align with the country's net zero goals, the government has adopted 'Green Growth' as one of the seven key priorities (Saptarshi) to lead India in its 'Amrit Kaal'. HUDCO is therefore poised to increase its funding to 'green economy' sectors such as green buildings, sustainable transport, water, waste management, land management and renewable energy.

Further, the 'Blue Economy' holds the promise of being the next multiplier of economic growth and well-being and therefore, the Gol's vision of New India by 2030 highlights the Blue Economy as one of the 10 core dimensions of growth. As there is need for substantial capital infusion and investment for development of ports, shipyards, Sagarmala projects and other related infrastructure projects, the blue economy opens up huge opportunities for HUDCO to substantially increase its business operation in this segment.

Out of the above, the provision on account of loans (Impairment) against NPA (Stage - III) loans is ₹ 2,334.15 crore.

### (iv) Resource Mobilization

During the year, the Company constantly diversified its borrowing portfolio to meet its operational requirements and optimize cost of funds. During the financial year 2022-23, the Company mobilized resources aggregating to ₹ 16,161 crore from domestic markets, which included ₹3,970 crore mobilized through issue of Unsecured, Taxable, Non-Convertible Debentures (NCDs) on private placement basis, ₹10,421.50 crore by way of rupee term loans from banks and ₹1,769.50 crore by way of short-term loan from banks. The Company's borrowing is planned taking into consideration ALM gaps, interest mismatches and the prevailing market conditions.

The Company has been identified as a 'Large Corporate' in terms of the SEBI Regulations and accordingly has ensured that 25% of its incremental borrowings during the year was by way of issuance of debt securities. Further, the issue proceeds of non-convertible debt securities have been fully utilized for the purpose(s)/ objects stated in the offer

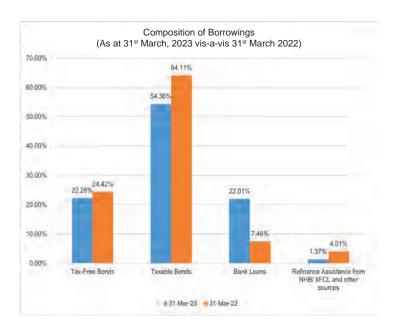

document / Information memorandum.

Further, for maintaining adequate liquidity and meeting interim operational/ contingency requirements, credit lines of ₹11,500 crore were available as on 31<sup>st</sup> March, 2023 from various scheduled commercial banks. The said facilities, for short-term funding, were available with the company, without any commitment charges towards unutilized amounts.

As a part of prudent policy, the short-term resources are suitably replaced at an opportune time with longer tenor alternate resources depending upon prevalent market conditions, internal liquidity position and actual operational requirements. The Company also reviews the fund position on daily basis and parks surplus funds in fixed deposits with scheduled commercial banks as per the board approved policy with an objective of reducing the negative carry to the extent possible.

RBI has prescribed Liquidity Coverage Ratio (LCR) framework for HFCs. These guidelines aim for maintenance of a liquidity buffer in terms of LCR by ensuring that HFCs have sufficient High Quality Liquid Asset (HQLA) to survive any acute liquidity stress scenario lasting for next 30 days. The Company has been complying with the said directions by maintaining sufficient liquidity buffer in the form of HQLA, as prescribed.

HUDCO has a diversified funding profile with sources including tax-free bonds, taxable bonds, refinance from NHB, bank loans, commercial papers, and foreign currency borrowings. As on 31<sup>st</sup> March, 2023, HUDCO's overall borrowings stood at ₹ 62,905.08 crore, which comprised of long-term borrowings of ₹ 61,135.58 crore and short-term borrowings of ₹ 1,769.50 crore. Further, as on 31<sup>st</sup> March, 2023, the long-term borrowings to Net worth, stood at 3.96 times, as against 4.09 times as on 31<sup>st</sup> March, 2022. The composition of outstanding borrowings as on 31<sup>st</sup> March, 2023 vis-à-vis 31<sup>st</sup> March, 2022 are as under:

### (v) Domestic and International Credit Rating

### **Domestic**

During the financial year 2022-23, the Company's long-term domestic borrowing programme was awarded the highest credit rating of 'IND AAA/Stable', '[ICRA] AAA (Stable)' and 'CARE AAA [Triple A]; Stable' by M/s India Ratings & Research (IRRPL), M/s ICRA and M/s CARE Ratings, respectively. The Company also got its short-term borrowing programme rated, obtaining the highest rating of "IND A1+", '[ICRA] A1+" and 'CARE A1+ [A One Plus]', by the above-mentioned Credit Rating Agencies.

### International

As on 31st March, 2023, HUDCO for its International Borrowing Programme continued to enjoy International Credit Rating of 'Baa3' with Stable outlook and 'BBB-' with Stable outlook, respectively, from Moody's and FITCH, International Credit Rating Agencies. Both the assigned ratings are of investment grade and are at the Sovereign ceiling and equivalent as that of our Country.

### (vi) Cost of Borrowings

The overall weighted average cost of resources raised during the year was 7.46% p.a. and for borrowings outstanding as on 31st March, 2023 is 7.71% p.a. (7.43% p.a. as on 31st March, 2022). The weighted average incremental cost of borrowing through taxable bonds/ debentures, worked out to 4.05 bps lower than the Reuters Benchmark Yield of 'AAA' Rated CPSEs of equivalent tenor prevailing at different points of time when the borrowings were made during the course of the year, thereby enabling achievement of Excellent category MoU target for cost of borrowings. As a result, the Company was able to deliver debt financing for various Housing & Infrastructure projects, spread across the Country, at competitive rates.

The Company was able to achieve this feat through constant monitoring of the markets, proper timing of its borrowings and appropriate selection of instruments.

### (vii) Redemption of debt securities and repayment of loans (excluding the borrowings availed and repaid during the same financial year)

The Directors are pleased to report that during the year under review, the Company successfully redeemed bonds/ debentures and discharged its other debt obligations amounting to ₹14,769.40 crore in an efficient manner, without a single instance of delay or default in debt servicing. These included Bonds/ Debentures valued at ₹10,236.19 crore, Term Loans/ Short-Term loans from Banks and financial institutions worth ₹4,464.04 crore, foreign currency loans availed from Multilateral Agencies aggregating to ₹66.98 crore and public deposits of ₹2.19 crore. The Company is set to honour scheduled obligations towards redemption of Bonds and other long term debt obligations amounting to around ₹9,113 crore during the next fiscal.

The Company's internal generations are adequate to meet the repayment/ redemption obligations. Surplus funds, if any, after meeting the repayment obligations are invested prudently in the form of fixed deposits with banks.

The Company continues to maintain its impeccable track record of servicing its debt in time and there has never been a single instance of default.

### 7. RISK MANAGEMENT IN HUDCO

In compliance with the directions given by National Housing Bank, HUDCO has in place Risk Management Policy and Operating Manual through which it reviews and assess significant risks on a regular basis to ensure that there is a robust system of risk controls and mitigation. Major risks identified for your company, being in lending operations, are credit risk, operational risk, liquidity risk, market risk, interest rate risk and foreign currency risk, etc. Your Company has a well-structured robust Risk Management Policy and Operating Manual in line with its objectives to address the various risks.

In compliance with the SEBI (LODR) Regulations, 2015, your Company has in place a Board level Committee under the nomenclature 'Risk Management Committee' (RMC) headed by a Non-Executive Director, which reviews various decisions/ recommendations of the three sub-committees namely: -

- Assets & Liabilities Management Committee (ALCO);
- Credit Risk Management Committee (CRMC); and
- Operational Risk Management Committee (ORMC)

Assets and Liabilities Management (ALCO) Committee reviews the liquidity risks and ensures management of Assets and Liabilities mismatches through liquidity gap analysis, interest rate sensitivity analysis. The Assets Liabilities mismatch, if any, are being managed through the committed Bank lines, within the permissible limits as per NHB guidelines. During the year, 17 meetings of ALCO were held.

**Credit Risk Management Committee (CRMC)** oversees and ensures that the credit policies are put in place and are consistently applied while appraising the proposal for sanction of loan and for ascertaining the credit worthiness of the applicant/borrowing agency. During the year, 4 meetings of the CRMC were held.

**Operational Risk Management Committee (ORMC)** oversees and ensures the mitigation of operational risk both internal as well as external, like Technology risk, Employee risk, Customer risk, Capital Asset risk and External risk, etc., to which your company is susceptible by establishing & strengthening internal control systems and procedures and by providing adequate training to the employees. During the year, 3 meetings of the ORMC were held.

With the prudent policies and professional approach of the management, HUDCO has been successful in mitigating various risks, briefly described as under: -

- a) Operational Risk: To manage the operational risks both internal as well as external associated with the operations of the Company like technology risk, employee risk, capital asset risk, external risk, compliance risks viz. external fraud, legal risk, etc., your Company has established a strong reporting and monitoring mechanism. The requisite information on the Operational risk is obtained through quarterly reports of 'Operational Risk Factors and Key Risk Indicators (KRIs) from Regional Offices/ departments which are further reviewed and analyzed for mitigation of operational risk.
- b) Credit Risk: To manage credit risks associated with business, your Company has in place a strong and effective credit appraisal mechanism containing comprehensive appraisal techniques/ guidelines ensuring timely repayments of principal & interest amount.
- c) Liquidity Risk: For management of liquidity risk, your Company has effective Asset Liability Management System. The liquidity risk is being monitored with the help of liquidity gap analysis. Further, the funds are mobilized at competitive rates through various strategies viz. bonds, term loans, etc., and the mismatch in the Asset and Liabilities, if any, are managed through the committed Bank lines.
- d) Market Risk: The various market risks arising from fluctuations in interest rates and foreign currency exchange rates are periodically reviewed by the Company. Further, based on cost of funds and market scenario, the lending rates are determined. The interest rate risk is being monitored with the help of interest rate sensitivity analysis under the Asset Liability Management System.
- e) Foreign Currency Risk: The Company has a Foreign Currency Risk Management policy for mitigation of risks associated with Foreign Currency fluctuations. To cover the risks associated with exchange rate and interest rate, your Company has entered into hedging transactions. As on 31<sup>st</sup> March, 2023, the total foreign currency liabilities are USD 10.75 million (INR 74.96 crore) and JPY 24.678 million (INR 1.53 crore) and 20.30% of the foreign currency exchange rate risk is covered through hedging instruments.

### 8. JOINT VENTURE, ASSOCIATE AND SUBSIDIARY COMPANY

As on 31st March, 2023, HUDCO has three Joint Venture(s) Companies, namely, Pragati Social Infrastructure & Development Limited (PSIDL), Shristi Urban Infrastructure Development Limited (SUIDL), Signa Infrastructure India Limited (SIIL) and Associate namely Ind Bank Housing Limited (IBHL). Further HUDCO does not have any subsidiary.

HUDCO had invested ₹ 2.14 crore in the Joint venture Companies {PSIDL - ₹ 0.13 crore (26%), SUIDL - ₹ 2.00 crore (40%) and SIIL - ₹ 0.01 crore (26%)}. HUDCO has decided to exit from joint venture companies by invoking the exit clauses, as the performance of these joint ventures was not found to be satisfactory. The Company is in the process of exiting from these joint ventures, for which necessary steps are being taken. The investment in respect of PSIDL and SIIL is being shown as ₹ 1/- in HUDCO books while accounts of SUIDL are being consolidated with HUDCO accounts.

In the case of IBHL, an associate Company, HUDCO has investment of ₹ 2.50 crore which constitutes 25% of paid-up capital in Ind Bank Housing Limited. As per regulatory guidelines, HUDCO has to bring down its stake below 15%. HUDCO is striving to bring its stake within prescribed norms. Presently HUDCO is valuing its stake in Ind Bank Housing Limited at ₹ 1 only. Indian Bank along with strategic investors is proposing to infuse further capital in Ind Bank Housing Finance to revive its operations which would dilute HUDCO stake.

#### 25. FUTURE OUTLOOK - MEDIUM AND LONG-TERM STRATEGIES

The massive reach of COVID-19 pandemic has de-accelerated the economy of the World at large, to which India is no omission. HUDCO operations have been impacted post COVID-19 pandemic due to this slowdown. The future outlook, both medium and long-term strategies are summarized hereunder:

- a. Demand for housing across India continued to show resilience. As per NHB RESIDEX Composite price index for 50 cities, the prices in 50 major cities in India has been steadily on the increasing trend. This signifies the growing demand for housing in the country, particularly in affordable housing segment. Given the scenario it is expected that there will be good demand for Housing finance in the country;
- b. The enhanced allocation for Pradhan Mantri Awaas Yojana (Urban & Rural) by 66%, ₹79,590 crore during 2023-24 in the union budget will have rippling effect on the housing activities in the country. Thus, it is expected that viability gap funding requirements from the state governments would gather momentum by mid of the financial year 2023-24. HUDCO being a major partner in many such housing schemes by the various State Governments would garner this opportunity with right pricing of loan;
- c. HUDCO has a vigorous plan to proactively assist State Governments in implementation of Government of India program relating to urban development in a mission mode;
- d. HUDCO is making all out efforts to tap potential business for viability gap funding in Atal Mission for Rejuvenation and Urban Transformation (AMRUT) and Smart City projects;
- e. AMRUT, launched in June 2015 in selected 500 cities, seeks to focus on developing basic infrastructure related to several services such as water supply, sewerage, and non-motorised urban transport. AMRUT 2.0 was launched in October 2021 for five years (2021-22 to 2025-26). AMRUT 2.0 seeks to provide water supply to households and in 2023-24, it has been allocated ₹ 8,000 crore under the budget;
- f. The Smart Cities Mission, launched in June 2015 for five years, seeks to promote 100 smart cities that provide core infrastructure. In 2023-24 budget, the Mission has been allocated ₹8,000 crore;
- g. Swachh Bharat Mission (U) has been allocated ₹ 5,000 crore in 2023-24. HUDCO Regional Offices are assisting and handholding with State Government Parastatal and Nodal Agencies of this program for providing financial assistance/ Viability Gap Funding;
- h. Under Jal Jeevan Mission-Har Ghar, Nal Se Jal allocation of ₹ 60,000 crore to cover 3.8 crore households in 2022-23, HUDCO will make all out efforts to tap potential business for viability gap funding;
- i. Health infrastructure needed a major attention during COVID 19, the pandemic posed lot of challenges to administration all over the country, which necessitates establishing modern and state of the art health care facilities all over country. HUDCO would continue to fund Social Infrastructure Projects like Health Centres, Government Hospitals, Medical Colleges, etc., being a priority sector lending for HUDCO, as the State Governments would be requiring huge funds to expand their Health Care Infrastructure;
- j. HUDCO would also give priority for funding Urban Metro Rail projects of all major cities, as the Government is keen to expand the metro network in different cities and is looking for external participation for such projects; and
- k. HUDCO needs to enlarge its operation in rural areas also so as to cover infrastructure development in both urban and rural areas, without any distinction.

# **MANAGEMENT DISCUSSIONS & ANALYSIS REPORT**

# 1. INDUSTRY STRUCTURE AND DEVELOPMENTS

Although the pandemic had largely receded by the onset of year 2022, the ill-effects of the geopolitical tensions arising out of Russia-Ukraine war was evident across the global economies. Further, the emergence of inflationary pressures posed significant challenges to the global economic growth. All major central banks were seen raising their policy rates in order to combat inflation. In India, Reserve Bank of India (RBI) too followed suit and raised the policy repo rate six times between May 2022 to February 2023, from 4 per cent to 6.5 per cent. Consequently, the lending and borrowing rates moved up posing hurdles to the domestic growth prospects. As per latest data released by National Statistical Office (NSO), the growth in real GDP during 2022-23 is now estimated at 7.2 per cent as compared to 9.1 per cent in 2021-22 (provisional estimates of national income, 2022-23, NSO, dated 31st May, 2023). Growth was supported by a visible pick-up in the services sector. Manufacturing sector underperformed due to high raw material costs and uneven demand recovery which pulled down the overall growth.

The first Union Budget of the Amrit Kaal, Union Budget 2023-24, outlined its focus on housing and urban infrastructure sectors. In the budget, capital investment outlay for infrastructure has been increased steeply by 33 per cent to ₹10 lakh crore, which is 3.3 per cent of GDP. States and cities will be encouraged to undertake urban planning reforms and actions to transform cities into 'sustainable cities of tomorrow.' Through property tax governance reforms and ring-fencing user charges on urban infrastructure, cities will be incentivized to improve their credit worthiness for municipal bonds. Further, like the Rural Infrastructure Development Fund (RIDF), an Urban Infrastructure Development Fund (UIDF) will be established through use of priority sector lending shortfall which will be managed by the National Housing Bank and will be used by public agencies to create urban infrastructure in Tier 2 and Tier 3 cities. The outlay for PM Awas Yojana has been enhanced by 66 per cent to over ₹ 79,000 crores (Union Budget speech 2023-24).

#### 2. STRENGTHS AND WEAKNESSES

HUDCO is a Schedule-A Mini Ratna, CPSE with 53 years of standing as a premier techno-financial organisation in housing and urban development sector. It operates pan-India through a network of 21 regional offices and 11 development offices. The Company has been funding a wide array of housing and urban infrastructure projects ranging from EWS/LIG housing to water supply, sanitation, roads, bridges, airports and to even metro rail. In its course of business over the years, the Company has established a long-standing association with the various state government agencies and its parastatals such as Development Authorities, Housing Boards, Urban Local Bodies, Water Supply & Sewerage Boards, Roads & Bridges Development Corporations, etc., throughout the country. HUDCO has a human resource base of multidisciplinary professionals from various fields like Finance, Law, Architecture, Civil Engineering, Urban & Regional Planning, Information Technology, Economics, Human Resources and Public Relations, etc. HUDCO has its own Training & Research Institute, the Human Settlement Management Institute (HSMI) for research activities as well as training & capacity building of inhouse as well as outside professionals of the housing and urban development sector.

Some of the key weaknesses being faced by the Company include: inadequate access to low-cost sources of funds; restrictions in exposure/credit concentration norms; and difficulties in getting State Government guarantee/budgetary support, which pose challenges for expansion of business.

#### 3. OPPORTUNITIES, THREATS, RISKS AND CONCERNS

The key to HUDCO's growth prospect is crucially linked to the urbanisation trend of the Country. India's urban population is estimated to increase from 470 million in 2021 to 600 million by 2036 which would constitute about 40 per cent urbanisation level, up from 31.2 per cent in 2011 (World Bank Report 2022). The World Bank Report also estimated that India's cities require a capital investment of USD 840 billion in urban infrastructure and municipal services till 2036 in 2020 prices. Further, as per National Infrastructure Pipeline (NIP) Report, total capital expenditure requirement in infrastructure sectors in India during fiscals 2020 to 2025 is projected at about ₹ 111 trillion, including ₹ 19.19 trillion for urban infrastructure projects. Thus, with continuous rise in the urbanisation levels and commensurate increase in capital investment requirement, HUDCO's potential for quantum jump in business operations augurs well, particularly in view of its impending operational transition from HFC to NBFC-IFC (Infrastructure Finance Company) in the new RBI regulatory regime. However, HUDCO has to increasingly contend with its competitors from Banking Sector and other Financial Institutions who have relatively cheaper sources of funds. This poses stiff competition to HUDCO's business and pressure on the margins.

#### 4. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

During the year under review, HUDCO operates only in one segment and has no other reportable segment, hence, segment wise performance, has not been given.

#### 5. OUTLOOK

Amidst the heightened global economic uncertainty, where the global growth is likely to bottom out at 2.8 per cent in 2023-24, (as per IMF-World Economic Outlook Report, April 2023), India remains a 'bright spot' with the highest growth rate of 5.9 per cent in 2023-24 and is likely to grow at 6.3 per cent in next fiscal. Further, as per RBI's latest monetary statement, the GDP growth is likely to be 6.5 per cent this fiscal on the back of supportive domestic demand conditions. This shows the New India's continued resilience and strong macro - economic fundamentals, which also drive the global growth.

One of the key reasons for India's sustained growth is the huge impact of investment in real estate sector on the economic growth with its strong income and employment multiplier effects through 'forward' and 'backward' linkages with other industries in the economy. The Govt. of India's focus on 'infrastructure-led economic growth' is further going to provide significant impetus for economic growth.

Various available data and Reports, such as World Bank Report, NIP Report, etc., point towards a sustained increase in urbanisation level and consequent increase in investment in housing and urban infrastructure sectors. This factor is the key driver to HUDCO's business growth. Further, the government has been undertaking various policy measures for orderly & sustainable urbanisation and catalysing steady flow of investments into the housing and urban infrastructure sector. These imply that the long-term business outlook for the Company is reasonably good. Despite the current global economic uncertainty with high interest rate regime, the Company is well poised to navigate through this uncertain environment in the short to medium term for a sustained business growth through necessary product & process innovation. The Company is also fully geared up to reinforce its support to all Gol flagship programmes/Missions ranging from financing to appraisal, monitoring, and capacity building support. The future holds good tiding for HUDCO.

#### 6. INTERNAL CONTROL SYSTEM AND ITS ADEQUACY

HUDCO's Internal Control Systems with reference to its Financial Statements is adequate and commensurate with the nature, size, and complexity of its operations. The detail with respect to Internal Control Systems has been given in the Directors' Report.

# 7. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The details of financial performance with respect to operational performance has been explained in the Directors' Report.

In preparation of financial statements, the Company has followed Indian Accounting Standards notified under the Companies (Indian Accounting Standard), Rules, 2015 (as amended) with effect from 1<sup>st</sup> April, 2018 issued by the Ministry of Corporate Affairs.

Information pursuance to schedule-V of SEBI (LODR) Regulations 2015 - There is no significant changes (change of 25% or more as compared to the immediately previous financial year) in key financial ratios viz. # CERTIFICATE REGARDING COMPLIANCE WITH THE CONDITIONS OF CORPORATE GOVERNANCE AS PER SEBI (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015

#### To the Members of

#### **Housing and Urban Development Corporation Limited**

We have examined the Compliance of conditions of Corporate Governance by Housing and Urban Development Corporation Limited ("the Company") for the year ended 31st March, 2023.

The Compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to the procedures and implementation thereof, adopted by the Company for ensuring compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the Financial Statement of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in regulation 17 to 27, clauses (b) to (i) of regulation 46(2) and paragraphs C and D of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as applicable, subject to the following: -

- The Company has not complied with the requirement of Regulation 17(1) of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 with respect to the Composition of Board of Directors.
  - As informed by the Company, the power to appoint Directors including Independent Directors and Woman Director on Board of HUDCO vests with the President of India and the company is regularly pursuing with the Administrative Ministry, i.e., Ministry of Housing and Urban Affairs, Government of India for the same.
  - However, consequent upon cessation of one Government Director w.e.f 12th October, 2022 the composition of the Board was duly complied till 31st March, 2023 according to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015,
- Further the continuous gap between two consecutive meeting of Risk Management Committee exceeded 180 days according to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

As Explained by the Company that during the period under review two meetings of Risk Management Committee were held i.e., on 13.12.2022 & 13.02.2023 within prescribed time period.

We further state that such compliance is neither an assurance as to future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Annexure-8

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED FOR THE YEAR ENDED 31 MARCH 2023.

The preparation of financial statements of **Housing and Urban Development Corporation Limited** for the year ended 31 March 2023 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Auditor General of India under section 139(5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 26 May 2023.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of **Housing and Urban Development Corporation Limited** for the year ended 31 March 2023 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditor and is limited primarily to inquiries of the statutory auditor and company personnel and a selective examination of some of the accounting records.

Based on my supplementary audit, I would like to highlight the following significant matters under section 143(6)(b) of the Act which have come to my attention and which in my view are necessary for enabling a better understanding of the financial statements and the related audit report.

#### A. Comments on Auditor's Report

#### 1. Annexure A – To the Independent Auditor Report (Para i.e.)

Companies (Auditor's Report) Order, 2020, vide para 3.i.e requires that whether the title deeds of all the immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the company, if not, then details of the same are to be provided as per specified format. In this regard, it was observed that there are several properties including Land, Flats and Buildings at various locations for which title deeds are pending for execution in the name of company, however, no disclosure in this regard has been given in the auditor's report in the format prescribed. Non-disclosure of the above has rendered the auditor's report deficient to that extent.

#### 2. Annexure A – To the Independent Auditor Report (Para xi.a)

The Statutory Auditor in its report has stated that "no fraud by the Company or no material fraud on the Company by the officers and employee of the Company has been reported during the year". The said reporting is deficient and not in consonance with para xi.a of CARO 2020 which requires whether any fraud by the company or any fraud on the company has been noticed or reported during the year. As the statutory auditor has reported only on material frauds with respect to officers and employees of the Company, the Independent Auditor Report has been rendered deficient to that extent.

#### 3. Annexure B - Directions issued by Comptroller and Auditor General of India

The Statutory Auditor has reported during the year 2022-23, no cases of restructuring of an existing loan or case of waiver/write off of debts/ loans/interest etc. made by a lender to the company due the company's inability to repay the loan has been observed'. The said reporting is incomplete since as per the directions, if lender is a government company, the directions are applicable for statutory auditor of lender company. As HUDCO is a lender as well as borrower, the details of waiver/write off of debts / loans/interest etc. made by HUDCO as lender should have been reported during the financial year 2022-23.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) READ WITH SECTION 129(4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED FOR THE YEAR ENDED 31 MARCH 2023

The preparation of consolidated financial statements of Housing and Urban Development Corporation Limited for the year ended 31 March 2023 in accordance with the financial reporting framework prescribed under Companies Act, 2013 (Act) is the responsibility of the management of the Company. The statutory auditors appointed by the Comptroller and Audit General of India under section 139(5) read with section 129(4) of the Act are responsible for expressing opinion on the financial statements under Section 143 read with section 129(4) of the Act based on independent audit in accordance with the Standards on Auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 26 May 2023.

I, on behalf of the Comptroller & Auditor General of India, have conducted a supplementary audit of the financial statements of Housing and Urban Development Corporation Limited for the year ended 31 March 2023 under section 143(6)(a) read with section 129(4) of the Act. We conducted a supplementary audit of Housing and Urban Development Corporation Limited for the year ended on that date. Further, section 139(5) and 143(6)(a) of the Act are not applicable to Shristi Urban Infrastructure Development Limited (an associate company of Housing and Urban Development Corporation Limited), being private entity for appointment of their Statutory Auditor and for conduct of supplementary audit. Accordingly, Comptroller and Auditor General of India has neither appointed the Statutory Auditor nor conducted the supplementary audit of this company. This supplementary audit has been carried out independently without access to the working papers of the Statutory Auditor and is limited primarily to inquiries of the Statutory Auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report under section 143(6)(b) read with 129(4) of the Act.

#### INDEPENDENT AUDITOR'S REPORT

#### TO THE MEMBERS OF HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED

#### Report on the Audit of the Standalone Financial Statements

#### **Opinion**

- 1. We have audited the accompanying Standalone Financial Statements of Housing and Urban Development Corporation Limited ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March, 2023 and the Statement of Profit and Loss (including other Comprehensive Income), the statement of changes in equity and the Statement of Cash Flows for the year then ended, and notes to the Standalone financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").
- In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, and its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

3. We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

#### **Emphasis of Matter:**

4. We draw attention to the following matter in the Notes to the Standalone financial statements:

The company has recognized interest income on "No Lien AGP Account" amounting to Rs.28.51crore [Rs.28.02crore for the previous year ended 31<sup>st</sup> March, 2022] for the year ended 31<sup>st</sup> March 2023. The same has been shown in Note 28 (Other Income) under head 'Interest on Construction Project'.

The balance outstanding as at the end of the year is Rs.558.97crore (debit) (Rs.526.27crore for the previous year ended 31<sup>st</sup> March 2022) in "No Lien AGP Account". The company is in discussion with MoHUA for recovery/reimbursement of outstanding amount including interest as well as expenses being booked. [Refer Para 3 of Note 40]

Our opinion is not modified in respect of this matter.

#### **Key Audit Matters**

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our reports:

| Sr.<br>No. | Key Audit Matter   | Auditor's Response   |
|------------|--|--|
| 1.         | Ind AS 109 on Financial Instruments establishes a comprehensive framework for determining expected credit losses, accuracy of classification, recognition, de-recognition and measurement requirements for all the financial assets and liabilities. Considering the materiality of the amounts involved, possible effect from the pandemic Covid-19, the significant management judgment required in estimating the expected credit losses as well as measuring Financial Assets and Financial Liabilities and such estimates and | Principal Audit Procedures  Our procedures included, but were not limited to the following:  Our Audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows: |

judgments being inherently subjective, this matter has been identified as a key audit matter for the current vear audit.

(Refer Notes: 6, 7, 8, 9, 10, 11, 15, 16, 17, 18, 19, 33, 36, 37 and 40 to standalone financial statements)

Obtained an understanding of the systems, processes and controls implemented by management for recording and calculating Expected credit losses (ECL), recognition, de-recognition and measurement of Financial Assets and Financial Liabilities, for classifying financial assets portfolio into stages based on credit risk.

- Discussed with appropriate senior management and evaluated management's underlying key assumptions in estimating the expected credit losses and measuring Financial Assets and Financial Liabilities.
- Selected the sample and tested the operating
  effectiveness of the internal control, relating to
  recognition, measurement and de-recognition
  of, financial assets and financial liabilities and
  calculation of ECL. We carried out a combination
  of procedures involving enquiry and observation,
  performance and inspection of evidence in
  respect of operation of these controls.
- Tested the relevant information technology systems access and change management controls relating to contracts and related information used in recording financial assets/ liabilities and calculation of ECL in accordance with the said Ind AS.
- Tested the appropriate staging of assets basis, their days past due and other loss indicators on sample basis.

#### Other Information

6. The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual report for the year ending 31st March 2023 is expected to be made available to us after the date of this auditor's report. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

7. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other Comprehensive income, Changes in Equity, and Cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards (Ind ASs) specified under Section 133 of the Act with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33, Regulation 52 and Regulation 54 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

- 8. In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intend to liquidate the company or to cease operations, or has no realistic alternative but to do so.
- 9. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Standalone Financial Statements.

- 10. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.
- 11. As Part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
  - Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or
    error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and
    appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is
    higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations,
    or the override of Internal control.
  - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
  - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
  - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
  - Evaluate the overall presentation, structure, and content of the Standalone Financial Statements, including the
    disclosures, and whether the standalone financial statements representing the underlying transactions and events in a
    manner that achieves fair presentation.
  - Perform procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the Listing Regulations
    to the extent applicable.
  - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company and of its associate to express an opinion on the consolidated financial statements. For the other entities included in the Annual Consolidated Financial Results, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion
- 12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our Independence, and where applicable, related safeguards.
- 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

- 15. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Sub section (11) of Section 143 of the Act, we give in the **Annexure-"A"**, a statement on the matters specified in Paragraph 3 and 4 of the said Order, to the extent applicable.

(a) The Company being a Housing Finance Company, is registered with National Housing Bank vide Registration No. 01.0016.01 by which NHB has granted status of Housing Finance Company (HFC) to the Company on 31st July 2001. Further, Reserve Bank of India has issued notification RBI/2020 21/60 DOR. NBFC (HFC).CC.No.118/03.10.136/2020-21 dated 22 October 2020 on regulatory framework for HFCs by which the definition of HFCs has undergone a change. The company is not meeting principal business criterion as mentioned in the notification for Housing Finance Companies. Accordingly, the company is required to get itself registered as NBFC in terms of the said notification. HUDCO had submitted application to RBI on 29th March, 2022 to convert from HFC to NBFC-IFC. In reference thereof, RBI vide letter dated December 22, 2022 expressed its inability to accede to HUDCO's request for conversion of certificate of registration (CoR) to an NBFC-IFC owing to non-fulfilment of certain condition of RBI Master Directions for NBFCs. After detailed deliberation and ensuring compliance with the RBI Master Directions for NBFCs, HUDCO has resubmitted the application with necessary documents with RBI for conversion of certificate as NBFC-IFC on February 22, 2023. So, HUDCO continues to retain the status of HFC.
  - (b) According to the information and explanations provided to us, the company is a Housing Finance company and has conducted Housing Finance activities during the year

- (c) In our opinion, the company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Therefore, the provisions of clause 3(xvi)(c) & (d) of the Order are not applicable to the Company and hence not commented upon.
- **xvii.** Based upon the audit procedures performed and according to the information and explanations provided by the management, the company has not incurred cash losses in the financial year and in the immediately preceding financial year.
- **xviii.** According to the information and explanations given to us, there has been no resignation of the statutory auditors during the year. Accordingly, the provisions of clause 3(xviii) of the Order are not applicable to the Company.
- xix. Based upon the audit procedures performed and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, the auditor's knowledge of the Board of Directors and management plans, in our opinion no material uncertainty exists as on the date of the audit report that affects the capability of the company in meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.
- xx. (a) According to the information and explanations given to us, an amount of Rs.16.99 crore was outstanding as on 31/03/2022 related to unspent CSR (other than ongoing projects) and same has been transferred to fund specified in Schedule VII within 6 month from end of the financial year as per second proviso to sub–section (5) of Section 135 of the Companies Act 2013.
  - (b) According to the information and explanations given to us, an amount of Rs.8.89 crore was outstanding as on 31/03/2022 related to unspent CSR for ongoing projects and same has been transferred to special account as per provision of sub –section (6) of section 135 of the Companies Act 2013.
- xxi. According to the information and explanations given to us, the company also prepares Consolidated Financial statements consolidating the Associates and Joint Ventures in accordance with Ind AS requirements and there have been no qualifications or adverse remarks by the respective auditors in the Companies (Auditor's Report) Order (CARO) reports of the companies included in the consolidated financial statements.

### ANNEXURE "C" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED FOR THE YEAR ENDED 31st MARCH 2023

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

 We have audited the internal financial controls over financial reporting of HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED ("the Company") as of March 31<sup>st</sup>, 2023 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditor's Responsibility**

- Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
- 4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone financial statements, whether due to fraud or error.
- We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls over Financial Reporting

6. A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

### Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Qualified Opinion**

According to the information and explanations given to us and based on our audit, the following deficiencies have been identified as at March 31st, 2023

1. The company needs to revise the terms in relation to the refundable security deposits for the operating leases on investment properties. The security deposit needs to be increased in the same proportion as the increase in property rent. In absence of the same security deposit for some of the investment properties are inadequate to cover 3 month's rent as per the agreed terms.

(The internal auditor of the company has also pointed out the above in their report.)

- 2. It has been identified in respect of entity level controls as well as financial closure processes with regard to reconciliations of various accounts carrying old credit/debit balances and supervision and monitoring of flow of information to/from regional offices/out sourced agencies to corporate office, necessary for financial closure and reporting leading to deficiencies in operating effectiveness of the Company's Internal financial controls with reference to financial statements as at March 31, 2023.
- 3. The company need to strengthen its internal financial controls regarding fixed assets identification/ physical verification process/ Insurance of all its fixed assets. The company need to ensure that fixed assets records/registers are regularly updated with the asset identification numbers and are properly insured.
- 4. The company needs to strengthen the record keeping and reconciliation between books of accounts and GST returns. Backup Data relating to GST input tax credit and Reconciliation thereof with GSTR 2B has not been made available to us in respect of all Regional offices and HSMI.
- 5. The company needs to strengthen its financial control regarding the review and follow up of the terms of leased properties. Lease agreements for a period exceeding 11 months should be registered with registrar of properties as per the provisions of Section 17 of the registration Act 1908 and appropriate stamp duty should be paid in terms of Indian Stamp Act 1899.
  - In some cases it is found that lease deed for a period more than as prescribed for registration is not so registered and appropriate stamp duty not paid. Also the lease deeds are not renewed effectively in time.
- 6. Revised Consolidated Policy for Valuation of Properties/ Securities and Empanelment of Valuer came into effect from 31<sup>st</sup> January 2018. As per this revised policy, in the case of Project loans which are standard assets, valuation has to be done once in 5 years by the empanelled Independent valuer. And for sub-standard assets on an annual basis where 100% provisioning has not been made. As per the revised policy, valuation should be obtained from minimum 2 Independent valuers in the cases where loan amount is Rs 75 lakhs or more. Lower of the two to be considered for the purpose of valuing the security of the loan. It has come to our knowledge that valuation reports have not been obtained as per the revised policy in few cases.

In our opinion considering nature of business, size of operation and organizational structure of the entity, except for the effects/ possible effects of the deficiencies described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31st, 2023, based the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the deficiencies identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31st, 2023 standalone financial statements of the Company, and these deficiencies does not affect our opinion on the standalone financial statements of the Company.

### NOTES FORMING PART OF ACCOUNTS

### 1. Corporate information

Housing and Urban Development Corporation Limited is a listed public limited company (Government of India undertaking) domiciled in India and incorporated on 25<sup>th</sup> April, 1970 under the provisions of Companies Act, 1956. The Company's registered office is at Core 7A, HUDCO Bhawan, India Habitat Centre, Lodhi Road, New Delhi - 110003. The Company is a Housing Finance Company ('HFC') registered with the National Housing Bank ('NHB'). The Company is primarily engaged in the business of financing Housing and Urban development activities in the country.

The Govt. of India through its Notification dated 9th August, 2019 had made Reserve Bank of India (RBI) as the regulator for HFCs and the supervision part continued to remain with NHB. RBI has issued notification dated October 22, 2020, on regulatory framework for HFCs, by which the definition of HFCs has undergone a change. HUDCO had submitted application to RBI on 29th March, 2022 to convert from HFC to NBFC- IFC. In reference thereof, RBI vide letter dated December 22, 2022 expressed its inability to accede to HUDCO's request for conversion of certificate of registration (CoR) to an NBFC-IFC owing to non-fulfilment of certain condition of RBI Master Directions for NBFCs. After detailed deliberation and ensuring compliance with the RBI Master Directions for NBFCs, HUDCO has resubmitted the application with necessary documents with RBI for conversion of certificate as NBFC-IFC on February 22, 2023. In view of the above, the management reckons to receive the said approval from RBI in FY 2023-24. Till such time HUDCO continues to retain the status of HFC. (Refer Point no.14 of Note 40 to the Notes to Accounts).

The financial statements are approved for issuance by the Company's Board of Directors on May 26, 2023

### 2. Application of New Indian Accounting Standards (Ind AS)

All the Indian Accounting Standards issued and notified by the Ministry of Corporate affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are authorised have been considered in preparing the standalone Ind AS Financial Statements.

The financial statements are approved for issuance by the Company's Board of Directors on May 26, 2023

### 3. Standard/Amendments issued but not yet effective

Ministry of Corporate Affairs ("MCA") vide notification dated March 31<sup>st</sup>, 2023. has issued amendments to the existing standards under Companies (Indian Accounting Standards) Rules, 2015, which shall come into force with effect from 1<sup>st</sup> day of April, 2023 Viz.,

- a) Ind AS 1 Presentation of Financial Statements: -
- b) Ind AS 12 Income Taxes: -
- c) Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors: -

The company does not expect this amendment to have any significant impact in its financial statements.

### 4. Significant accounting policies

### 4.1 Statement of Compliance

The standalone financial statements of the Company have been prepared in accordance with Ind AS notified under the companies (Indian Accounting Standard) Rules 2015 (as amended).

### 4.2 Basis of preparation and presentation

The standalone Ind AS financial statements have been prepared on an accrual basis as a going concern and under the historical cost convention, except for certain financial assets (equity instruments classified as Fair Value Through P&L Account etc.) and financial liabilities (derivatives etc.) and financial liabilities that are measured at fair value at the end of each reporting date as required under relevant Ind AS.

### 4.3 Investment in associates and joint ventures

The Company records the investments in associates and joint ventures at cost less impairment loss, if any.

On disposal of Investment in associate, and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the standalone statement of profit and loss.

### 4.4 Use of estimates

The preparation of Standalone financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period.

Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

### 4.5 Cash and cash equivalents

Cash and cash equivalent comprise of cash in hand, demand deposits and time deposits with original maturity of less than three months held with bank, debit balance in cash credit account and stamping/franking balance, which are subject to an insignificant risk of changes in value.

### 4.6 Foreign currency

The Company's financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Income and expenses in foreign currencies are recorded by the Company at the exchange rates prevailing on the date of the transaction.

At the end of each reporting period, foreign currency denominated monetary assets and liabilities are translated at the functional currency spot rates of exchange (RBI Reference Rate) prevailing at the reporting date and exchange gains and losses arising on settlement and restatement are recognized in the statement of profit and loss in the period in which they arise.

### 4.7 Revenue recognition

### 4.7.1 Interest income

As per Ind AS 109, Interest income, for all debt instruments measured is recorded using the effective interest rate (EIR). The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes any fees or incremental costs that are incrementally directly attributable to the instrument and are an integral part of the EIR, but not future credit losses.

The Company has recognized any fees that are incrementally directly attributable to the loans on the basis of Straight-Line Basis co -terminus with the term of loan.

Interest income in Non-Performing Assets and /or Stage 3 in Financial Assets is recognized only on cash/receipt basis.

### 4.7.2 Dividends

Dividend Income is recognized when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

### 4.7.3 Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

4.7.4 "Revenue from Contracts with Customers" which includes but not limited to Consultancy, trusteeship, & Consortium, charges on Construction Projects, Management Development Program or any other income is recognized as per Ind AS 115 on "Revenue from Contracts with Customers"

### 4.8 Borrowing costs

Borrowing costs directly attributable to the acquisition are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

### 4.9 Investment properties-Ind AS 40

### Recognition

Investment properties are measured initially at cost, including transaction costs. The cost includes the cost of replacing parts and borrowing costs for long term construction projects if the recognition criteria are met.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

### **Subsequent Measurement (Depreciation)**

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The Company depreciates building component of Investment property over useful life prescribed under Part C of schedule II to the Companies Act, 2013. When significant parts of the investment property are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives.

### **De-recognition**

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in Statement of profit or loss in the period of de–recognition on disposal.

### 4.10 Property, Plant and Equipment (PPE) and Intangible assets

### Recognition

The company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets and use that carrying value as the deemed cost of the property, plant and equipment and intangible assets as on 1st April 2017.

### **Subsequent Measurement (Depreciation)**

Depreciation on Property, Plant and Equipment (PPE) is charged on Straight line method either on the basis of rates arrived at with the reference to the useful life of the assets arrived at based on useful life prescribed under Part C of Schedule II of the Companies Act, 2013.

### Derecognition

An item of Property, Plant and Equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss account when the asset is derecognized.

### Intangible assets

An intangible asset is recognized only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company. Intangible assets acquired separately are measured on initial recognition at cost.

Intangible Assets comprising of Computer Software are stated at Cost less accumulated amortization.

### 4.11 Depreciation and amortization

- a) Depreciation is provided over the useful life of the PPE set as per Schedule-II of Companies Act, 2013 and depreciation rates have been worked out by applying WDV method after retaining 5% of cost as residual value effective from 1<sup>st</sup> April, 2014.
- b) On PPE costing upto Rs 5000 per item are clubbed under "Miscellaneous Assets" and depreciation thereon is provided @100%.
- c) Books purchased during the year are clubbed under Library Books and depreciation thereon is provided @ 100%.
- d) Computer software is amortized over a period of five years on a straight-line basis.

### 4.12 Capital -work-in -Progress

Capital work in progress includes assets not ready for the intended use and is carried at cost, comprising direct and related incidental expenses.

### Intangible assets under development

Intangible assets not ready for the intended use on the date of Balance sheet are disclosed as Intangible assets under development.

### 4.13 Leases

### (a) Company as a lessee

(i) The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

- (ii) The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use asset or the end of the lease term. The estimated useful life of the right-to-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-to-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.
- (iii) The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.
- (iv) The lease liability is measured at amortized cost using the effective interest method, it is re-measured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.
- (v) The Company presents right-of-use asset that do not meet the definition of Investment property in the "Right of use assets" separately on the face of the Balance sheet and lease liabilities in "other financial liabilities" in the Balance Sheet.
- (vi) Short term Lease and Leases of low value assets: -The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have lease term of 12 months or less and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

### (b) As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

The Company recognizes lease payments received under operating lease as income on a straight-line basis over the term of relevant lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases as part of "Rental Income".

### 4.14 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and financial liabilities i.e. Loans and advances, Equity investments, Derivative financial instruments and all other financial assets and liabilities are recognised initially at fair value plus or minus transaction costs that are attributable to the acquisition or issue of the financial asset or financial liability except in the case of financial assets or financial liability recorded at fair value through profit or loss where the transaction cost are charged to profit and loss.

### Subsequent measurement

### a) Non-derivative financial instruments

### i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

### ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in cases where the Company has made an

irrevocable election based on its business model, for its investments which are classified as equity instruments other than which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL, the subsequent changes in fair value are recognized in other comprehensive income.

### iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

### iv) Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

### v) Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

### b) Derivative financial instruments

The Company holds various derivatives to mitigate the risk of changes in exchange rates on foreign currency exposures as well as interest fluctuations including foreign exchange forward contracts, currency and interest rate swaps. The counterparty for these contracts is generally a bank.

### Financial assets or financial liabilities, at fair value through profit or loss

This category has derivative financial assets or liabilities which are not designated as hedges. Any derivative that is not designated a hedge is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in Statement of Profit and Loss. Assets/liabilities in this category are presented as financial assets/financial liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

### De-recognition of financial instruments

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

### 4.15 Share capital

### **Ordinary shares**

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from retained earnings, net of any related income tax effects.

### 4.16 Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date using valuation techniques.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

### 4.17 Impairment

### a) Financial Assets

The Company recognises loss allowance for Expected Credit Loss (ECL) on a financial asset broadly in accordance with the principles laid down in Ind AS 109. The Company compares the risk of a default occurring on the financial asset as at the reporting date with the risk of a default occurring on the financial asset as at the date of initial recognition and based on the reasonable and supportable information, that is available and is indicative of significant increases in credit risk since initial recognition. The risk of default occurring on the financial asset is assessed as at the reporting date and the financial assets are classified into three categories based on the number of days of past due: -

 Stage - 1
 0-30 days

 Stage - 2
 31-90 days

 Stage - 3
 Above 90 days.

The ECL is calculated based on the historical data with due weightage to the likely future events which may affect the cash flows. The Company recognises in statement of profit or loss, as an impairment gain or loss, the amount of Expected Credit Loss (or reversal) that is required to adjust the loss allowance at the reporting date.

Additional provision is made in order to establish a balance in the provision for loans that the Corporation's management considers prudent and adequate keeping in view the unforeseen events and happenings such as change in policy of Government and procedural delays in repayments from the agencies, outcome of pending cases under Insolvency and Bankruptcy code etc.

### **Modification Loans**

The company allows concessions or modification of loan term as a response to the borrowers' financial difficulties rather than taking possession or to other wise enforce collection of security. The company considers a loan for borne when such concession or modification are provided as a result of the borrower present and expected financial difficulties and the company would not have agreed to them if the borrower had been financially healthy. Indicators of financial difficulties include defaults on covenants, or significant concerns raised by the Credit Risk Department. Forbearance may involve extending the payment arrangement and the agreement of new loan condition. Once the term is negotiated, any impairment is measured by taking into account the original and modified parameter. It is the company's policy to monitor forborne loans to help ensure that future payment continues to be likely to occur. De-recognition decisions and classifications between Stage 2 and Stage 3 are determined on a case-by-case basis. If these procedures identify a loss in relation to loan, it is disclosed and managed as an impaired Stage 3 or forborne asset until it is collected or written off. However, if the modification results into notional gain on account change in expected future value of cash flows, the same shall not be recognized.

When the loan has been renegotiated or modified but not derecognized, the company also reassesses whether there has been a significant increase in credit risk.

### b) Non-financial assets

### Intangible assets and property, plant and equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

### 4.18 Government grants and subsidies

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e., by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

- (a) The Company acts as a channelizing agency for disbursement of grants/ subsidies under various schemes of the Government and Government Agencies. The Company receives the amount of such grants/subsidies and disburses them to eligible parties in accordance with the schemes of the relevant grants/subsidies. The undisbursed grants / subsidies as at the year-end are shown as a part of Financial Liabilities. Where grants/ subsidies disbursed exceed, the related amount received, such amount receivable from Government / Government Agencies is shown as a part of other Loans and Advances.
- (b) Grants received from other than Govt. agencies or development partners, in respect of certain schemes for economically weaker sections / low-income groups are also dealt with in the manner described at (a) above. Interest earned on loans given under certain specified schemes is shown under "Financial Liabilities" and is utilized as per the terms of the agreement.

### 4.19 Employee benefits

(a) Expenditure on company contributions to Provident Fund, Group Saving Linked Insurance Scheme, EPFO's Employees' Pension Scheme and HUDCO's Employees' Pension Scheme is accounted for on accrual basis in accordance with the terms of the relevant schemes and charged to Statement of Profit & Loss. The Company's obligation towards gratuity, provident fund and post-retirement medical benefits to employees are actuarially determined and provided for as per Ind AS 19 on Employee Benefits. Liability for gratuity as per actuarial valuation is paid to a fund administered through a separate trust.

The Company's obligation towards sick leave, earned leave, gift on completion of 20/25/30/32 years of service & retirement gift are determined on actuarial basis and provided for as per Ind AS 19 on Employee Benefits.

### 4.20 Taxes - Ind AS 12

Tax expense comprises current and deferred tax.

### **Current income tax**

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

In respect of disputed income tax / wealth tax demands, where the Company is in appeal, provision for tax is made when the matter is finally decided.

### Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Unrecognized deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### 4.21 Dividend

Proposed final dividends and interim dividends payable to the shareholders are recognized as changes in equity in the period in which they are approved by the shareholders' meeting and the Board of Directors respectively.

### 4.22 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

Reimbursements expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

### 4.23 Contingent liabilities and assets

The Company does not recognize a contingent liability but discloses its existence in the financial statements Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle
  the obligation
- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.
- Contingent assets are not recognised. A contingent asset is disclosed, as required by Ind AS 37, where an inflow of economic benefits is probable.

### 5. Significant accounting judgements, estimates and assumptions

- The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities.
- Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

### **Judgements**

In the process of applying the company's accounting policies, management has made the following judgements, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

### 5.1 Business model assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how Companies of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

### **Estimates and Assumptions**

• The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions when they occur.

### 5.2 Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), correlation and volatility.

### 5.3 Effective Interest Rate (EIR) method

The company's EIR methodology recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

### 5.4 Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The company's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- The Company's grading model, which assigns PDs to the individual grades
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a LTECL basis and the qualitative assessment
- The segmentation of financial assets when their ECL is assessed on a collective basis

- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, EADs and LGDs
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models

It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

### 5.5 Provisions and other contingent liabilities

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of the Company's business.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

### 5.6 Revenue from contract with Customers

The Company's contracts with customers include promises to transfer services to a customer. The Company assesses the services promised in a contract and identifies performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or services, transfer of significant risks and rewards to the customer, etc.

### 5.7 Leases

Ind AS-116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. Company also used judgement in determining the low value assets as given under the Ind AS-116.

- The table above shows fair value of Derivative financial instruments recorded as Assets/Liabilities together with their Notional amounts. The Notional amounts indicate the value of transactions outstanding at the period end and are not indicative of market or credit risk
- The fair value of the derivative financial instruments are those as informed by the counter parties (generally Banks).
- The Company holds Derivative financial instruments such as foreign exchange forward contracts, currency swaps or currency option contracts to mitigate the risk of changes in foreign exchange rates on foreign currency liabilities/forecasted cash flow denominated in foreign currencies. Derivatives are used exclusively for hedging and not as trading or speculative instruments. Such derivative contracts are not designated as hedges and are accounted for at Fair Value through Profit and Loss. The counter party for these contracts is generally a bank.
- Derivatives are recognised and measured at fair value. Attributable transaction costs are recognised in statement of Profit and Loss.
- The Company's risk management strategy and how it is applied to manage risk are explained in Note 36 of Notes to Accounts.

### NOTE 10: (Contd.)

### NOTE: 10(a)(3) Impairment assessment

The references below show where the Company's impairment assessment and measurement approach is set out in these notes. It should be read in conjunction with the Summary of significant accounting policies.

- The Company's definition and assessment of default and cure.
- How the Company defines, calculates and monitors the probability of default, exposure at default and loss given default.
- When the Company considers there has been a significant increase in credit risk of an exposure.
- The Company's policy of segmenting financial assets where ECL is assessed on a collective basis.
- The details of the ECL calculations for Stage 1, Stage 2 and Stage 3 assets.

### NOTE: 10(a)(4)(i) Definition of default

The Company considers a financial instrument as defaulted and considered it as Stage 3 (credit-impaired) for ECL calculations in all cases, when the borrower becomes 90 days past due on its contractual payments.

### NOTE: 10(a)(4)(ii) Probability of default

The 12 month probability of default is calculated using incremental NPA approach.

### NOTE: 10(a)(4)(iii) Exposure at default

The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation, addressing both the client's ability to increase its exposure while approaching default and potential early repayments too.

To calculate the EAD for a Stage 1 loan, the Company assesses the possible default events within 12 months for the calculation of the 12mECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments.

### NOTE: 10(a)(4)(iv) Loss given default

The Company segments its lending products into smaller homogeneous portfolios (Government - Housing, Government - Urban Infrastructure, Non Government and Retail), based on key characteristics that are relevant to the estimation of future cash flows. The data applied is collected loss data and involves a wider set of transaction characteristics (e.g., product type) as well as borrower characteristics.

### NOTE: 10(a)(4)(v) Significant increase in credit risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12mECL or life time ECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition. The Company considers an exposure to have significantly increased in credit risk when contractual payments are more than 30 days past due.

When estimating ECLs on a collective basis for a group of similar assets, the Company applies the same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

### NOTE: 10(a)(4)(vi) Grouping financial assets measured on a collective basis

As explained in Note 4.17, the Company calculates ECLs on collective or individual basis .

The Company calculates ECLs on collective basis on following asset classes:

- Government Housing
- Government Urban Infrastructure
- Non Government
- Retail

The Company calculates ECLs on individual basis on all Stage 3 assets of Non Government portfolio.

### **NOTE 36: Fair Value Measurement**

### 36.1. Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

### 36.2. Valuation governance

The Company's fair value methodology and the governance over its models include a number of controls and other procedures to ensure enough safeguards and maintain its quality and adequacy. All new product initiatives (including their valuation methodologies) are as per the approved policy of the Company. The ongoing measurement on fair value estimates is reviewed by the appropriate functional department of the Risk management and related finance functions.

### 36.3. Assets and liabilities by fair value hierarchy

The following table shows an analysis of financial instruments recorded at fair value by the level of the fair value hierarchy:

### 36.4. Valuation techniques

### **Mutual fund**

Mutual funds are valued at the net asset value (NAV) declared by the mutual fund in respect of each particular scheme and is classified as Level 2.

### **Equity instruments**

Equity instruments which are not actively traded on public stock exchanges but the active prices on a regular basis are available. Such instruments are classified as Level 2. Other equity instruments are fair valued based on the average of the discounted cash flow method and Net assets value (as provided by independent valuer). It is classified as Level 3.

### Interest rate swaps, Currency swaps and Forward rate contracts

The most frequently applied valuation techniques include forward pricing and swap models and forward contract using present value calculations by estimating future cash flows and discounting them with the appropriate yield curves incorporating funding costs relevant for the position. These contracts are classified under Level 2.

### **Investment Property**

The Company obtains independent valuations for its investment properties annually. The fair values of investment property are determined by an independent registered valuer and the valuation technique adopted are Income approach, Market Approach and Composite Approach. All resulting fair value estimates for investment property are included in Level 2 (refer 14A).

### 36.5. Valuation adjustments and other inputs and considerations

### **Credit Valuation Adjustments (CVA)**

The Company calculates CVA on a counterparty basis over the entire life of the exposure.

The Company applies CVA to all relevant (not fully collateralised) over-the-counter positions with the exception of positions settled through central clearing houses. Based on regular assessment of the extent of the adjustments, the Company concluded that these adjustments were not significant to the levelling classification of the relevant instruments in 2022-23 and 2021-22.

### 36.6. Impact of valuation adjustments and other inputs

The following table shows the amount recorded in the statement of profit and loss:

| Particulars             | 2022-23 | 2021-22 |
|-------------------------|---------|---------|
| Type of adjustment      |         |         |

### 53rd Annual Report-2022-23

### 36.7. Transfer between level 1 and level 2

There have been no transfers between Level 1 and Level 2 for the year ended 31st March, 2022 and 31st March, 2023.

### 36.8. Movements in Level 3 financial instruments measured at fair value

The following tables show a reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities which are recorded at fair value. The Company requires significant unobservable inputs to calculate their fair value.

### 36.9. Key assumptions and range of inputs

### (a) Net Asset Value (NAV) Method:

The Net Asset Value Method represents the value with reference to historical cost of assets owned by the company and the attached liabilities on the valuation date.

### (b) Discounted Projected Cash Flow:

Discounted Projected Cash Flow valuation technique is used to calculate Impact on fair value of level 3 financial instruments measured at fair value using the following unobservable input such as Discount Rate, Recovery rates, Interest Rate and Revenue from operations to ascertain the change.

(c) To arrive at fair value of unquoted investments average of Net Asset Value (NAV) and Discounted Projected Cash flow as on 31st March, 2023 is taken.

The range of values indicates the highest and lowest level input used in the valuation technique and, as such, only reflects the characteristics of the instruments as opposed to the level of uncertainty to their valuation.

All changes in the fair market value would be reflected in the Statement of profit and loss based on the classification FVTPL.

The table summarises the valuation techniques together with the significant unobservable inputs used to calculate the fair value of the Company's Level 3 assets and liabilities.

### March, 2023

| Valuation technique | Significant unobservable inputs                           | Range of inputs | Impact on Fair value due to change in assumptions   |

### 36.10. Quantitative analysis of significant unobservable inputs

### Interest rate volatility

Interest Rate volatility measures the expected future variability of a market price. It is generally quoted as a percentage; a higher number represents a more volatile instrument, for which larger swings in price (or interest rate) are expected. Volatility is a key input used to estimate the future prices for the underlying instrument (equity share). Interest rate volatility varies from time to time and therefore, it is not viable to make reliable and meaningful general statements about volatility levels.

### **Discount Rates**

Discount rates are used for calculating the present value of future cash flows. In discounted cash flow models, discount rates are used as the direct reflection of the expected rate of return of the investments made by the company in the due course of the business. Hence, these rates reflect the net present value of an asset. They generally reflect the premium an investor expects to achieve over the benchmark interest rate to compensate for the higher risk driven by the uncertainty of the cash flows caused by the credit quality of the asset. They can be implied from market prices and are usually unobservable for illiquid or complex instruments.

### **Recovery Rates**

Recovery rates reflect the estimated loss that the company will suffer given expected defaults (Non-performing Assets). The recovery rate is given as a percentage and reflects the opposite of loss severity (i.e., 100% recovery reflects 0% loss severity). In line with the operation of the Company, probability of non-performing assets to loss assets plays an important role to ascertain the recovery rates. Higher loss severity levels / lower recovery rates indicate lower expected cash flows upon the default of the instruments. Recovery rates for complex, less liquid instruments are usually unobservable and are estimated based on historical data.

### Revenue from operations

Revenue is the value of all sales of goods and services recognized by a company in a period. Revenue (also referred to as Sales, Turnover, or Income) forms the beginning of a company's Income Statement and often considered the "Top Line" of a business. Growth in revenue from operation directly impacts the profitability of the company, as operation expenses are deducted from a company's revenue to arrive at its profit.

### 36.11. Sensitivity of fair value measurements to changes in unobservable market data

Sensitivity of fair value measurements to changes in unobservable market data cannot be ascertained due to potential off-sets from economic or accounting hedge relationships in place.

### 36.12. Fair value of financial instruments not measured at fair value

Set out a comparison, by class, of the carrying amounts and fair values of the Company's financial instruments that are not carried at fair value in the financial statements. This table does not include the fair values of non–financial assets and non–financial liabilities.

### 36.12.1. Valuation Methodology of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques and assumptions explained in Note 36.4.

### Short-term financial assets and liabilities

For financial assets and financial liabilities, that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, Trade receivables, bank balances other than cash and cash equivalents and trade payables without a specific maturity.

### Loans and advances to customers

The carrying amount of fixed interest rate bearing loans and floating interest rate bearing loans are taken as fair values.

### Financial asset at amortised cost

The fair values of financial assets at amortised cost are the carrying amount of the financial asset.

#### **Debt Securities**

Fair value of traded bonds is market price of the bonds as on the balance sheet date or close to balance sheet date. In case of Commercial Paper which is Current Liability i.e., short term maturity (less than or equal to twelve months), the face value of outstanding commercial paper is considered as fair value.

#### Borrowing other than debt securities

The carrying amount of fixed interest rate bearing borrowings and floating interest rate bearing borrowings are taken as fair values, since these are reasonable approximation of their fair value.

#### **37. RISK MANAGEMENT**

#### 37.1. Introduction and risk management structure

The Company, being a Housing Finance Company, is exposed to various types of risks like credit risk, operational risk, liquidity risk, market risk and foreign currency risk. Company is fully committed to manage these risks in an effective and proactive manner, for which HUDCO has in place a Risk Management Policy and Operating Manual in line with its objectives covering both the internal and external environment. With a view to minimize the impact of various risks to which Company is exposed to, Company has in place a Board level Committee namely 'Risk Management Committee of the Board' (RMCB) which reviews various suggestions/ recommendations/reports and action taken by three sub-committees namely:

- Assets & Liabilities Management Committee (ALCO);
- Credit Risk Management Committee (CRMC); and
- Operational Risk Management Committee (ORMC)

HUDCO has effective Assets and Liabilities Management system. ALCO reviews the risks relating to Assets and Liabilities and ensures management of mismatches through liquidity gap analysis, interest rate sensitivity analysis as per NHB guidelines. It is ensured that the ALM risks, if any, are managed within the permissible limits.

The Credit Risk Management Committee (CRMC) oversees and ensures that the institution's credit policies are complied with and the procedures are being consistently applied.

The Operational Risk Management Committee (ORMC) oversees and ensures the implementation of operational risk framework to explicitly manage each and every source of operational risk including Technology risk, Employee risk, Customer risk, Capital Asset risk and External risk.

#### 37.2. Credit risk

For management of credit risks in an effective manner, Company has established a strong appraisal mechanism containing comprehensive appraisal techniques/ guidelines in order to ensure timely repayments of principal & interest amount

#### 37.2.1. Derivative financial instruments

Credit risk arising from derivative financial instruments is, at any time, limited to those with positive fair values, as recorded on the balance sheet.

With gross-settled derivatives, the Company is also exposed to a settlement risk, being the risk that the company honours its obligation, but the counterparty fails to deliver the counter value.

### 37.2.2. Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 79,236.97 crore and ₹ 76,989.92 crore as of 31<sup>st</sup> March,2023 and 31<sup>st</sup> March, 2022 respectively, being the total of the carrying amount of balances with loans.

#### 37.2.3. Analysis of risk concentration

HUDCO takes into consideration NHB/RBI norms for risk categorisation and the norms adopted for extending loan under HUDCO Niwas. Higher LTV is permissible for lower loan amounts while LTV reduces with the higher loan amounts. (Refer Note:10A)

#### 37.4.2. Interest rate risk

The interest rate risk is being monitored with the help of interest rate sensitivity analysis under the Asset Liability Management System.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being constant) of the Company's statement of profit and loss and equity.

The sensitivity of the statement of profit and loss is the effect of the assumed changes in interest rates on the profit or loss for a year, based on the floating rate non–trading financial assets and financial liabilities held at 31<sup>st</sup> March, 2023 and 31<sup>st</sup> March, 2022.

#### 37.4.3. Currency risk

In order to mitigate the risks associated with Foreign Currency Fluctuations, Company has a Foreign Currency Risk Management policy.

The table below indicates the currencies to which the Company had significant exposure at the end of the reported periods. The analysis calculates the effect of a reasonably possible movement of the currency rate against the INR (all other variables being constant) on the statement of profit and loss (due to the fair value of currency sensitive monetary assets and liabilities). A negative amount in the table reflects a potential net reduction in the statement of profit and loss or equity, while a positive amount reflects a net potential increase. An equivalent decrease in each of the currencies below against the INR would have resulted in an equivalent but opposite impact.

| Currency | Change in currency rate in % 2022-23 | Effect on profit<br>before tax 2022-23<br>₹ in crore | Effect on<br>equity<br>2022-23<br>₹ in crore | Change in<br>currency rate in<br>% 2021-22 | Effect on profit<br>before tax 2021-22<br>₹ in crore | Effect on equity 2021-22 |
|----------|--------------------------------------|--|--|--|--|--------------------------|
| USD      | 1                                    | 0.61/(0.61)  | -  | 1  | 0.97/(0.97)  | -                        |
| JPY      | 1                                    | 0.02/(0.02)  | -  | 1  | 0.27/(0.27)  | -                        |

#### 37.4.4. Equity price risk

Equity price risk is the risk that the fair value of equities decreases as a result of changes in the level of equity indices and individual stocks. At 10 per cent increase in the value of the Company's equities at 31<sup>st</sup> March, 2023 would have increased equity by ₹18.58 crore. An equivalent decrease would have resulted in an equivalent but opposite impact and would cause a potential impairment, which would reduce profit before tax by approximately ₹18.58 crore.

### 53rd Annual Report-2022-23

#### 37.4.5. Operational Risk

In order to mitigate the operational risk(s) associated with the operations of the organization both internal as well as external including technology risk, employee risk, capital asset risk, external risk, compliance risks viz. external fraud, legal risk, etc, Company has established a strong reporting and monitoring mechanism.

Operational Risk Management framework covers managing each and every source of Operational Risk as a distinct risk to the institution's safety and soundness. The requisite information on the Operational risk is obtained through quarterly reports of 'Operational Risk Factors and Key Risk Indicators (KRIs)' from Regional Offices/ departments which are further reviewed and analysed for mitigation of operational risk.

### 53rd Annual Report-2022-23

### NOTES: 40 (Contd.)

The above does not include any contingent liability in respect of Andrews Ganj Project (AGP), arising on account of various court cases/arbitration/allottees' claims against cancellation of allotment etc., as in this case, HUDCO is only working as an agent being project executed on behalf of Govt. of India. As such, liability (if any) whenever ascertained/finalized shall be passed on to MoHUA, Govt. of India and met out of AGP (No Lien AGP Account), being maintained separately, in line with the directions of the then MoUD

#### 3) Andrews Ganj Project

- (a) (i) HUDCO had initiated execution of Andrews Ganj Project (AGP) on behalf of the then Ministry of Urban Development, (MoUD) in the year 1989-90.
  - (ii) As per minutes of the meeting held on 7<sup>th</sup> September, 1995, it has been agreed to pay interest @ 17% p.a. (simple) on the expenditure incurred on AGP along with 1.5% of project cost as administrative charges.
  - (iii) As per Perpetual Lease Deed dated 04th July, 1997, the Company is liable to make available "Net Resources" from the development and disposal of properties of the AGP to then MoUD and accordingly the Company was crediting interest on Net Resources generated on the project upto 03rd November, 2004. Subsequently, a separate "No Lien AGP Account" has been opened under the name of "HUDCO AGP Account", in which the surplus lying to the credit of the then MoUD was credited and interest accrued/ earned on "No Lien AGP Account" was also credited to that account.
  - (iv) HUDCO contends that as per minutes of the meeting held on 07th September, 1995 and in terms of Perpetual Lease Deed dated 04th July, 1997, the status of the Company is "Agent of MoUD". The contention of HUDCO is that it is working as an agent and as such total ownership rights and responsibilities of AGP are of MoHUA-GOI (erstwhile MoUD) and there is no financial liability of HUDCO in respect of AGP. This has been upheld by learned Shri GE Vahanvati, the then Solicitor General of India, vide his opinion dated 12th April, 2005. This opinion was re-confirmed by learned Shri GE Vahanvati as Attorney General of India vide his opinion dated 19th August, 2009. The opinion was also duly endorsed by the then Law Secretary and Law Minister of Government of India.
  - (v) Keeping this position in view and in accordance with HUDCO's Board decision in 459<sup>th</sup> meeting dated 24<sup>th</sup> August, 2009, HUDCO has been making payments / settling claims on Ministry's behalf and accounting them in "No Lien AGP Account" being separately maintained by HUDCO. As on 31<sup>st</sup> March, 2023, this account has a deficit in the form of debit balance of ₹558.97 crore, recoverable from MoHUA (erstwhile MoUD). This represents amount paid by HUDCO on behalf of the Ministry for the capital and revenue expenditures on AGP project over and above the recoveries and the accumulated interest amounting to ₹ 291.81 crore charged @ 10.75% p.a. (simple), on excess of expenditure over recoveries. The MoHUA (erstwhile MoUD) in a meeting held on 27<sup>th</sup> April, 2015 have also asserted that HUDCO shall continue to implement and manage the AGP in terms of Perpetual Lease Deed and all the pending issues shall be looked into for resolution by the Ministry. The MoHUA (erstwhile MoUD) in the said meeting has also decided that HUDCO as a Lessee will bear all the liabilities including the liabilities generated out of compliance of various court orders in cases related to the project. The company vide its letter dated 30<sup>th</sup> September, 2015, conveyed its reservation to accept the decision for bearing the liabilities of Andrews Ganj project as HUDCO is acting as an agent of MoHUA, Government of India, for AGP, in terms of perpetual lease deed conditions and other agreed terms.
  - (vi) The Ministry has been informed specifically of the above facts and figures on various occasions through correspondence as also in the meetings. A communication was received from Dy. L&DO vide letter dated 22<sup>nd</sup> March, 2016 wherein Dy. L&DO had conveyed that HUDCO may continue to implement Andrews Ganj project and manage "No Lien AGP Account" in line with the terms and conditions as stipulated in the Perpetual Lease Deed dated 04<sup>th</sup> July, 1997. The Ministry again informed in specific vide Dy L&DO letter dated 31<sup>st</sup> May, 2018 that HUDCO as a lessee is permitted to incur/book maintenance and legal expenditure in respect to Andrews Ganj Project from "No Lien AGP Account". Like earlier years, in-line with the minutes of meeting dated 07<sup>th</sup> September, 1995, the perpetual lease deed dated 04th July, 1997, income of ₹ 28.51 crore on account of interest accrued on AGP Project has been credited to Statement of Profit and Loss for the period year ended 31<sup>st</sup> March, 2023.
  - (vii) As decided by HUDCO Board in its 596th meeting held on 14th June, 2018, Ministry of Housing and Urban affairs has been requested vide letter dated 09th July, 2018 to consider taking over the Andrews Ganj project with assets and liabilities and pay the amount incurred / to be incurred by HUDCO, towards implementing the project. It has also been conveyed that "till the project is taken over by Ministry", HUDCO shall be continuing implementing the project as per existing arrangements and continue booking maintenance and legal expenses, interest @ 10.75% p.a. and administrative charges @1.5% in "No Lien AGP Account". The decision on the same from the Ministry is awaited.
  - (viii) The company, in its aforesaid capacity as an agent of MoHUA (erstwhile MoUD), relating to AGP, is in possession of real estate properties (9 guest houses blocks and hotel site) which command much higher realizable market value sufficient to recover aforesaid amount of ₹ 558.97 crore, as on 31st March, 2023.
  - (ix) MoHUA was requested vide letter dated 13th January, 2021 to make arrangements towards reimbursement of the

amount recoverable endorsement for settling the same from the project proceeds as and when the same are realized, which is also in line with the Lease agreement and well settled and agreed.

In reply to the same, Ministry vide letter dated 10<sup>th</sup> March, 2021 has requested for certain additional information including the breakup details of principal amount and interest amount as contained in the "No Lien AGP Account" to process HUDCO's request.

Ministry vide letter dated 28 <sup>th</sup> June, 2021 has stated that the "HUDCO's proposal is under examination in consultation with IFD, MoHUA. Till the proposal of HUDCO vide their letter dated 13<sup>th</sup> January, 2021 is approved, the existing arrangement may be continued as conveyed vide this office letter dated 22<sup>nd</sup> March, 2016 and 31<sup>st</sup> May, 2018".

- (b) (i) The Company had allotted a hotel site including car parking space to M/s Tomorrowland Technologies Exports Ltd. i.e., TTEL (formerly known as M/s. M S Shoes East Limited). Due to default in payment of installments by TTEL, the Company cancelled the allotment of hotel site including car parking space and forfeited the amount paid by TTEL in terms of the allotment letter.
  - (ii) TTEL started litigation regarding hotel site and filed suit for declaration in lower courts that cancellation of allotment letter by HUDCO, be declared as null & void. The Sr. Civil Judge passed final order dated 03<sup>rd</sup> July, 2010 against HUDCO. HUDCO filed first appeal against the Order of Sr. Civil Judge Before Additional District Judge (ADJ) Delhi. The ADJ vide Order dated 18<sup>th</sup> July, 2014 dismissed the first appeal of HUDCO and passed the judgment in favour of TTEL. HUDCO filed Regular Second Appeal (RSA) with Hon'ble High Court of Delhi which passed the final judgment on 03<sup>rd</sup> July, 2016 in favour of HUDCO. TTEL challenged the High Court Order by filing SLP NO: 34338/2016 in the Hon'ble Supreme Court. The matter is currently in pendency before Hon'ble Supreme Court.
  - (iii) The allotment of 9 blocks of guest houses, restaurants, kitchens and shops, which were allotted to TTEL, was cancelled due to default in payment of installment by TTEL and amount of first installment paid by TTEL was forfeited as per terms of allotment letter. TTEL filed a civil suit for permanent injunction and possession against HUDCO & Union of India. The Hon'ble High Court, vide Order dated 10<sup>th</sup> August, 2016, directed that HUDCO &Union of India should consider the proposal given by TTEL for refund of entire amount deposited by way of 1st installment by it with HUDCO along with interest at such rate which may be deemed appropriate by Court.

In view of Hon'ble High Court of Delhi order dated 10<sup>th</sup> August, 2016, the Board in its 568<sup>th</sup> meeting held on 23<sup>rd</sup> August, 2016 resolved to approve the proposal to refund first installment forfeited by HUDCO excluding earnest money & the interest for delayed payment paid thereof by TTEL for guest house blocks after adjusting the commercial losses caused to HUDCO and other expenses incurred by HUDCO since 1997-98 from the date of completion of project subject to necessary approval/NOC of MoUD, Govt. of India.

The Hon'ble High Court passed a decree dated 13<sup>th</sup> January, 2017 for payment of 1<sup>st</sup> installment of ₹35.75 crore to TTEL along-with interest @ 6% p.a., w.e.f. 30<sup>th</sup> January, 1995 till date of payment and directed HUDCO to refund the interest paid by TTEL (₹0.99 crore) on the delayed period of payment of 1stinstallment (from 30<sup>th</sup> November, 1994 till 30th January, 1995). If the entire amount is not paid on or before 31<sup>st</sup> December, 2017, the rate of interest would then stand enhanced to 11% p.a. However, the decree was made in-executable till 30<sup>th</sup> June, 2017.

TTEL filed Review Petition in the month of May, 2017, before Hon'ble High Court of Delhi for review of the Decree dated 13th January, 2017, praying inter-alia for refund of EMD, grant of interest @ 16.48% p.a. on quarterly rests. Subsequently, Review Petition filed by TTEL was disposed off by the High Court on 12th December, 2017. Thereafter, TTEL has filed Special Leave Petition (SLP No 10752/53 of 2018) in Hon'ble Supreme Court against the Decree dated 13th January, 2017 and Hon'ble High Court Order dated 12th December, 2017. The Company filed application for recalling the Hon'ble High Court Order dated 13th January, 2017, in view of the Review Petition filed by TTEL and directions of Govt. of India. The matter was listed on 28th August, 2018, after hearing all parties, Hon'ble High Court dismissed the "Recall Application" of HUDCO. HUDCO filed SLP in Supreme Court challenging the High Court Order dated 28th August, 2018 and 13th January, 2017. Vide Order dated 18th September, 2018, the Hon'ble Supreme Court has dismissed the SLP as withdrawn, with liberty to HUDCO to file all legal objections regarding the executability of the decree in the executing Court.

Further, TTEL also filed first Execution Petition in Delhi High Court and later on, the same was also withdrawn by TTEL on 23<sup>rd</sup> December, 2017. Thereafter, TTEL has filed Revised Execution Petition, making Govt. of India also a party and claiming rate of interest @ 11% p.a. as per the decree dated 13<sup>th</sup> January, 2017. The matter was listed on 3<sup>rd</sup> May, 2018, wherein the Hon'ble High Court first directed for attachment of HUDCO Property i.e. HUDCO Bhawan, IHC, Lodhi Road, New Delhi. However, after hearing the submission of HUDCO vide the same order, Hon'ble High Court kept the attachment order of HUDCO Property in abeyance till the next date and also directed that HUDCO will not sell the property at Andrews Ganj, Delhi. Further, the learned Justice V.N. Khare, former Chief Justice of India, has opined that, "HUDCO's consent to perform the terms of the Order dated 13<sup>th</sup> January, 2017 was conditional on UOI's support

and in the event, any liability is indeed ascribed to HUDCO, the same should then be recoverable from the UOI".

In view of the Supreme Court's Order dated 18<sup>th</sup> September, 2018, HUDCO filed objection in the Execution Petition, pending in Delhi High Court. The matter was listed on 29<sup>th</sup> October, 2018. After hearing the submission of HUDCO's Counsel, the Hon'ble Court dismissed the objections. HUDCO filed two appeals in Delhi High Court as under:

- (a.) Regular first Appeal (RFA 79/2018) against the final order/ decree dated 13th January, 2017 and order dated 28th August, 2018 (Dismissal of Recall application by High Court). Notices have been issued.
- (b.) Execution First Appeal (EFA No 19/2018) against the order dated 29th October, 2018, wherein objections of HUDCO in execution petition were dismissed. The matter was listed on 27th November, 2018. After hearing the matter, the Hon'ble Court stayed the execution proceeding pending in Delhi High Court till the next date. The matter was listed again on the application of the M/s TTEL for vacation of stay on 08th July, 2020 before Division Bench, Delhi High Court, after hearing the matter, the Hon'ble Court directed that Execution First Appeal (EFA) 19/2018) shall be adjourned sine die and will be listed after the final disposal of the Regular First appeal (RFA 79/2018). The parties are at liberty to move the application for revival of EFA after final disposal of RFA 79/2018. Till the further order, the stay on the Execution proceedings shall be continued. Both the cases are pending.

TTEL filed SLP in Supreme Court, against the High Court Order dated 27th November, 2018, wherein High Court stayed the execution proceedings. However, the same has been withdrawn by TTEL on 14th January, 2019.

TTEL has filed Special Leave Petition (SLP No 10752/53 of 2018) in Supreme Court against Decree dated 13th January, 2017 and Hon'ble High Court Order dated 12thDecember,2017. The SLP filed by TTEL is currently pending in Hon'ble Supreme Court. Further, in the SLP No 10752/53 of 2018, the Union of India has filed an affidavit denying its liability on this account. The said affidavit, was placed before the Board of Directors of HUDCO and as per the decision, the company has also filed a reply/affidavit to the affidavit of Union of India denying its liabilities on account of the same bases on perpetual Lease Deed 04th July, 1997 and Record Note of discussion dated 07th September, 1995. The matter is currently pending before Hon'ble Supreme Court of India.

Hence, in view of the facts and circumstances stated above, the Company does not expect any liability on this account and any expenditure related thereof. In case of any liability by virtue of any court order or otherwise, the same shall be in the account of "No Lien AGP Account" of MoUD, based on the facts and documents and the legal opinions obtained by HUDCO.

- (c) The arbitrator has passed an award in favour of M/s. Ansal Properties and Industries Ltd. (APIL) amounting to ₹8.84 crore along with interest @ 18% p.a. on 28<sup>th</sup> July, 2005 in respect of the property leased to APIL at AGP. The Arbitrator has also allowed the counter claim of HUDCO amounting to approximately ₹ 0.85 crore along with interest @ 18% p.a. on account of maintenance charges w.e.f. 1<sup>st</sup> January, 2001 up-to 31<sup>st</sup> July, 2005. HUDCO has challenged the award before the Hon'ble High Court of Delhi and, as per the directions of the court, has deposited a sum of ₹7.99 crore in the court out of "No Lien AGP Account".
  - APIL has invoked arbitration for refund of ground rent paid by it from November, 1995 to October, 1999 and the arbitrator has pronounced the award on 21<sup>st</sup> July, 2006 holding therein that APIL is not liable to pay the ground rent up to October, 1999 i.e. till the shopping arcade was constructed and became operational in October, 1999. The amount of ₹3.93 crore deposited earlier by APIL has been directed to be adjusted towards the future ground rent payment dues w.e.f. November,1999 along-with Interest @ 7% p.a. for delayed payment. HUDCO has filed petition challenging the award before the Hon'ble High Court of Delhi. The Hon'ble High Court on 10<sup>th</sup> May, 2012 has set aside the arbitration award dated 21<sup>st</sup> July, 2006. APIL filed an appeal against the above-mentioned order before Division Bench of Hon'ble High Court, Delhi. Division Bench vide its order dated 24<sup>th</sup> January, 2013, allowed APIL appeal and upheld the Arbitrators award. HUDCO filed SLP on 10<sup>th</sup> May, 2013 before Hon'ble Supreme Court against this order which is currently pending.

On the last day of hearing, i.e., 5<sup>th</sup> January,2023, APIL's counsel has informed the court that vide Order dated 16<sup>th</sup> November 2022, APIL has been declared insolvent by NCLT and therefore, now the APIL is under Moratorium. Hence as per the law, all the proceedings pending against APIL are automatically stayed by virtue of law. Further, HUDCO has filed its total claims due against APIL before the Resolution Professional appointed for the above purpose.

- 4) HUDCO had allotted 6435 sq. mtr. of built-up space in 1993 at HUDCO Vishala, Bhikaji Cama Place, New Delhi to EPFO on Long Term Sub-lease basis. The sub-lease in favour of EPFO is yet to be executed and ₹0.35 crore is recoverable from EPFO.
- (a) The Company has a procedure for seeking confirmation of outstanding balances at each quarter end from all the borrowers except cases under litigation. In case of receipt of balance confirmation from the agency for any Quarter of the year, the same is treated as confirmed during the year. Confirmation of balances covering approximately 99.16% received up to 11<sup>th</sup> May 2023 (Previous Year: 92.63% received up to 11<sup>th</sup> May 2022) in value of the total project loan outstanding (excluding Litigation cases) have been received from the borrowers.

- (b) The Company has impairment provision on loans (as per ECL approach) of ₹2,431.06 crore as on 31<sup>st</sup> March 2023 and ₹2,504.23 crore as on 31<sup>st</sup> March, 2022 as per Ind-AS requirement.
- (c) As per RBI notification no. RBI/2019-20/170 Circular DOR (NBFC). CC.PD.No.109/ 22.10.106/2019-20 dated 13th March, 2020 on implementation of Indian Accounting Standards, Housing Finance Companies are required to create an Impairment Reserve for any shortfall in impairment allowances under Ind-AS 109 and IRACP norms (including provision on standard assets). The impairment allowance under Ind-AS 109 made by the company is lower than the total provision required under IRACP as at 31st March, 2023 and accordingly, impairment reserve of ₹67.88 crore has been created

- 12) The Company has adopted Ind AS-19 'Employee Benefits'. Defined employee benefit schemes are as follows:
  - (a) The Company has a separate trust to manage provident fund scheme and provides interest guarantee as per Employees' Provident Fund Scheme, 1952. The Company pays fixed contribution of provident fund at a predetermined rate to the trust, which invests the funds in permitted securities. The trust is required to pay a minimum notified rate of interest on contribution to the members of the trust and the provident fund scheme additionally requires the company to guarantee the payment of interest at rates notified by the EPFO from time to time under the Employees' Provident Fund Scheme,

1952 and recognizes such deficiency as an expense in the year it is determined.

In view of the interest rate guarantee by the Company, the plan although being a defined contribution plan is being treated as defined benefit plan for the purpose of disclosure as per Ind AS 19, since as per Section 17 of the Employees Provident Funds (EPF) Act, 1952, the company has to guarantee the interest rate as announced by the EPFO from time to time. Accordingly, the actuarial valuer has done valuation to the extent of interest rate guarantee and details of the same have been disclosed as given below.

- o The fair value of the plan assets of the Provident Fund and the accumulated members' corpus is ₹415.90 crore and ₹411.57 crore respectively (Previous year ₹338.93 crore and ₹377.44 crore respectively). The fair value of the assets of the provident fund as at 31<sup>st</sup> March, 2023 is higher than the obligation under the defined contribution plan. Provision of (₹4.33) crore (Previous year ₹38.51 crore) is outstanding based on actuarial valuation.
- o The total employee benefit expense for the valuation period is ₹4.85 crore. The amount for Other Comprehensive Income is (₹36.45) crore.

The actuarial assumptions include discount rate of 7.27% (Previous year 6.81%) and an average expected future period of 6.38 years (Previous year 6.85 years). The Company recognized ₹11.09 crore (Previous year ₹10.62 crore) for Provident Fund contributions in the Statement of Profit and Loss. The contributions payable to this plan by the Company are at rates specified in the rules of the schemes.

- (b) The Company has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of the payment of Gratuity Act, 1972. The scheme is managed by a separate trust through LIC Policy and the premium paid by the Trust is funded by the Company.
- (c) The summarized position of various defined benefit schemes recognized in the Statement of Profit & Loss, Balance Sheet and the funded status are as under:

14) a. The Govt. of India through its Notification dated 9<sup>th</sup> August, 2019 had made Reserve Bank of India (RBI) as the regulator for HFCs and the supervision part continued to remain with NHB.

RBI has issued notification dated 22<sup>nd</sup> October, 2020, on regulatory framework for HFCs, by which the definition of HFC has undergone a change. HFCs which are unable to fulfill the criteria shall be treated as NBFC – Investment and Credit Companies (NBFC-ICC).

Since, HUDCO does not fulfil the criteria of HFC as per the new definition, RBI was requested vide letter dated 16th December, 2020 for special dispensation to HUDCO for granting exemption and treat HUDCO as HFC.

RBI in its reply letter dated 10<sup>th</sup> February, 2021 has informed its inability to accede to HUDCO's request for exemption and accordingly suggested to submit a Board approved plan to fulfill the principal business criteria for HFC or to convert into a NBFC-ICC.

RBI was requested vide letter dated 8th March, 2021 to grant six months' time for transition to NBFC and to retain the status of HFC and to continue operations with the special dispensations/ relaxations given earlier with regard to credit concentration norms/ exposure norms permitted by NHB/ RBI.

In response to HUDCO's request, RBI vide letter dated 26th March, 2021 and 27th September, 2021 granted time till 31st December, 2021 to submit Board approved plan for conversion to NBFC. RBI has further advised that the exemptions from concentration/exposure norms granted previously by NHB/RBI would continue to apply at present subject to the conditions specified while granting such exemptions.

The proposal for transition of HUDCO from its present status of HFC to NBFC – IFC was approved in-principle by the HUDCO's Board in its meeting held on 28th December, 2021. Thereafter, HUDCO required approval from Ministry of

Housing and Urban Affairs for the conversion before submission of application form to RBI. RBI was requested vide letter dated 28th December, 2021 to grant three months' time for submission of application to RBI and to retain the status of HFC and RBI vide letter dated 31st December, 2021 granted time till 31st March, 2022 for conversion from HFC to NBFC-IFC.

HUDCO had submitted application to RBI on 29th March, 2022 to convert from HFC to NBFC- IFC. In reference thereof, RBI vide letter dated December 22, 2022 expressed its inability to accede to HUDCO's request for conversion of certificate of registration (CoR) to an NBFC-IFC owing to non-fulfilment of certain condition of RBI Master Directions for NBFCs. After detailed deliberation and ensuring compliance with the RBI Master Directions for NBFCs, HUDCO has resubmitted the application with necessary documents with RBI for conversion of certificate as NBFC-IFC on February 22, 2023. In view of the above, the management reckons to receive the said approval from RBI in FY 2023-24. Till such time HUDCO continues to retain the status of HFC.

b. RBI vide circular number DOR.CRE.REC.No.60/03.10.001/2021-22 dated October 22, 2021 has introduced Scale-Based Regulations (SBR) for NBFCs and these guidelines have been made effective from October 01, 2022.

As per this framework Government owned NBFCs are still in the transition period and therefore RBI decided not to subject them to the Upper Layer regulatory framework. Guidelines as applicable for the NBFC-Middle Layer (ML) shall be applicable to the Company. Disclosures applicable to the Company have been made in the notes to Accounts under regulatory disclosures.

15)

- RBI has issued Master Directions for NBFC-HFC vide their Notification dated 17th February, 2021. RBI's credit concentration norms state that a Housing Finance Company's lending exposure to any single borrower or investment in the shares of another company should not exceed 15% of its owned funds and lending exposure to any single group of borrowers or investment in the shares of single group of companies should not exceed 25% of its owned funds. As per the said circular, Investment of a Housing Finance Company (HFC) in the shares of another HFC shall not exceed 15% of the Equity Capital of the investee company.

The Company is complying with National Housing Bank's credit concentration norms except in one case of investment in another HFC viz., Indbank Housing Ltd. (IBHL), a subsidiary of Indian Bank in which HUDCO has invested 25% capital of investee.

HUDCO had invested ₹2.50 crore, out of total paid up capital of ₹10 crore, in the equity shares of IBHL in the year 1990-1991 and 1991-1992, resulting in investment to the extent of 25% of the equity. The investment was made before regulatory guidelines were issued. No further investment was done nor any disinvestment has been made.

HUDCO has been making efforts for past several years to exit/bring down its stake within the prescribed norms however since Ind-Bank Houing Finance is having accumulated losses and is non-operational for several years it has not been successful. However, recently Ind-Bank with a view to revive its operations and adequately capitalize it has decided to increase equity base and invited investment bids from strategic investors and Indian Bank would also subscribe by way of preferential allotment so as to maintain its 51% stake. The proposal has been submitted to RBI and in case it is approved, HUDCO's stake would come down below 25% which will be well within norms. Further, HUDCO has written down the investment in its books and being reflected at Rs. 1.

- NHB/ RBI, from time to time, has given certain relaxations from credit concentration norms considering the role envisaged for HUDCO. However, vide its letter No. NHB(ND)/ DRS/ SUP/ 3911/ 2018 dated 2<sup>nd</sup> April, 2018, NHB capped the credit concentration (Exposure) limit for Government/Public agencies as follows:
  - (a) The individual exposure limit of HUDCO to Government/Public Agencies (inclusive of the exposure limit of upto 30% for infrastructure/ non-housing related activities) shall be capped at 50% of its NOF.
  - (b) The exposure limit of HUDCO for State Government (under group exposure) shall be capped at 150% of its NOF in respect of State of Telangana and 100% of NOF for all other States. HUDCO is required to take suitable steps to bring down the group exposure in respect of State of Telangana also to 100% within a maximum period of 3 years. The conditions relating to compliance by the concerned State with the FRBM limits shall continue to be ensured by HUDCO.

The Board of Directors of HUDCO in its 594th meeting held on 19th April, 2018 considered above and directed that "NHB be again requested to expeditiously review its decision communicated vide its letter dated 2nd April, 2018 and permit HUDCO to continue on the already approved pattern of credit concentration norms communicated by NHB vide its letters from time to time".

NHB vide its letter no. NHB(ND)/DRS/SUP/7085/2018 dated 13th July, 2018 has conveyed its decision to allow HUDCO to continue its disbursals as per the schedule in relation to the existing sanctions made upto 31st May, 2018. However, HUDCO shall be required to take suitable steps to bring down the exposure to Government/Public Agencies and State Governments (under group exposure) in the above cases also to 50% and 100% respectively latest by March, 2023.

The exposure limits of upto 50% for Government/Public Agencies (inclusive of the exposure limit of upto 30% for

infrastructure/non-housing related activities) and upto 100% for State Governments (under group exposure) will continue to be applicable in all other cases. The condition relating to compliance by the concerned State with the FRBM limits shall continue.

HUDCO vide letter dated 6<sup>th</sup> March, 2019 requested NHB seeking relaxation in the individual/group exposure norms. Further, HUDCO also sought exemption from exposure norms for funding of PMAY (U) programme through Extra Budgetary Resources (EBRs).

NHB vide its letter no. NHB(ND)/DRS/SUP/879/2019 dated 8<sup>th</sup> March, 2019 granted relaxation in credit concentration norms (under individual borrower exposure to Government /public agency) to HUDCO to extend loan upto ₹20,000 crore to BMTPC under the PMAY-U subject to the condition that demand under Credit Linked Subsidiary Scheme (CLSS) is met on priority while utilizing funds lent to BMTPC.

NHB vide its letter no. NHB(ND)/DRS/SUP/880/2019 dated 8<sup>th</sup> March, 2019 granted relaxation to HUDCO in respect of credit concentration (exposure) norms upto 140%, 175% and 120% of the NOF in respect of the State of Andhra Pradesh, Telangana and Uttar Pradesh respectively (under group exposure) and upto 55% (under individual exposure) each in case of APTIDCO and HMWSSB subject to the following conditions:

- (i) HUDCO shall continue to ensure that the extended exposures (beyond 50% and 100% respectively) are guaranteed by the State Government(s) and HUDCO will cease to extend further exposure to these states if FRBM limits are breached.
- (ii) HUDCO shall also be required to bring down its exposure to 50% in respect of individual exposure and 100% in respect of group exposure latest by 31st March, 2023, in accordance with the roadmap for graded reduction in exposure approved by Board of Directors.
- (iii) The position should be reviewed by the Board of HUDCO on a six-monthly basis to ensure strict adherence to the Board approved exposure reduction plan.
- (iv) In the event of HUDCO failing to comply with the above exposure reduction plan, HUDCO will be required to assign risk weight of 100% on the excess exposure in addition to any regulatory penalty as may be applied by the NHB.

The exposure limit of up-to 50% for Govt./Public agencies (inclusive of the exposure limit of up-to 30% for infrastructure/ Non housing related activities) and up-to 100% for State Govt. (under group exposure) will continue to be applicable in all other cases.

RBI has vide its letter no 1736/3.10.136/2019-20 dated 5<sup>th</sup> March, 2020 granted relaxation of credit concentration norms for exposure to Telangana State Housing Corporation Limited (TSHCL) upto 75% of Net Owned Fund of HUDCO subject to following conditions:

- (i) The additional exposure is backed by explicit guarantee from State Government.
- (ii) The exposure to TSHCL will be brought down to 50% of NOF by 31st March, 2023 as prescribed by NHB (ND)/DRS/SUP/880/2019 letter dated 8th March, 2019. A detailed action plan to this effect may be forwarded to NHB.
- (iii) Other conditions as prescribed by NHB vide their above-mentioned letter dated 8th March, 2019 are adhered to.

RBI vide their letter dated 26 March, 2021 has permitted that the exemptions from concentration/exposure norms granted previously by NHB/RBI would continue to apply at present subject to the conditions specified while granting such exemptions. However, a review shall be undertaken at the time of conversion to NBFC.

HUDCO was given the time limit to bring down exposure upto 50% in respect of individual exposure and upto 100% for State Governments (under group exposure) by March 2023. In compliance with the same, HUDCO has brought down the exposure to 50% in respect of individual exposure and upto 100% for State Governments (under group exposure) as on March 31, 2023 in respect of all states.

- HUDCO is in the process of transition from its present status of HFC to NBFC-IFC. In view of the above, HUDCO has requested RBI to allow HUDCO to continue operations with the special dispensations/relaxations given with regard to credit concentration/exposure norms by NHB/RBI. Furthermore, HUDCO has requested RBI that it may be granted exemption from the applicability of concentration of credit/investment norms in respect of its exposure towards Central/State Government entities consequent upon registration as NBFC-IFC in line with other Government NBFCs.

(\*) For the on-going projects sanctioned prior to 31.03.2021

During the FY 2022-23, HUDCO has approved CSR assistance of ₹26.68 crore for 19 proposals in various states. As per HUDCO's approved CSR Policy, 1<sup>st</sup> instalment of CSR assistance is to be released on completion of documentation and the subsequent instalments are released on receipt of utilization of certificate of the released CSR grant and after achieving physical/financial progress in the proposal. Since most of the proposals were approved in the last quarter of financial year, concerned agencies are yet to complete the documentation formalities and preparatory works for execution of works e.g., finalization of tender etc. and therefore the 1<sup>st</sup> instalment could not be released in proposals approved during the year and in view of this, the amount has been transferred to the unspent CSR account. This has resulted in delay in incurring CSR expenditure from the CSR budget of FY 2022-23.

- Companies (CSR Policy) Amendment Rules 2021 dated 22<sup>nd</sup> January, 2021 issued by Ministry of Corporate Affairs has notified that the Company hereafter follows the amended rules. Accordingly, any amount remaining unspent pursuant to ongoing projects undertaken by a company in pursuance of its CSR policy shall be transferred by the company in the unspent CSR Account with any Bank within a period of 30 days from the end of financial year. CSR amount transferred to the said account shall be spent by the company in pursuance of its obligation towards CSR Policy within a period of three financial year from the date of such transfer. Thereafter, balance of unspent amount, if any, shall be transferred to a fund specified in Schedule VII mentioned under Section 135 of Companies Act 2013, within a period of 30 days from the date of completion of the third financial year.
- c) During the year 2022-23, the company has approved CSR assistance of ₹26.68 crore for 19 proposals in various states, however as already stated above no expenditure could be incurred in these proposals as most of the proposals were approved in the last quarter of financial year and concerned agencies are yet to complete the documentation formalities. Accordingly, the amount pertaining to these ongoing proposals is transferred to 'Unspent CSR account' opened in April 2023 and shall be incurred as per Companies CSR Rules 2021 as stated above. Further, ₹ 3,20,72,843 /- has been spent during current financial year 2022-23 for the ongoing CSR proposals sanctioned prior to 31st March, 2021.
- d) As of 31st March 2023, an amount of ₹18,30,18,204/-, being the unspent CSR amount other than ongoing CSR activities for the FY 2022-23 shall be transferred to Government fund specified in Schedule VII of the Companies Act,2013 within the stipulated time period, i.e., on or before 30<sup>th</sup> September,2023.
- e) In compliance with the Ministry of Corporate Affairs, Government of India notification dated 22<sup>nd</sup> January,2021, as already mentioned in the Annual Report under Category "CSR activities" for financial year 2021-22, HUDCO has transferred an amount of ₹16,99,00,000/- being the unspent CSR budget amount for the financial year 2021-22 to 'Swachh Bharat Kosh', a fund specified in Schedule VII of the Companies Act,2013 on 30<sup>th</sup> September, 2022.
- f) As on 31st March, 2023, the total amount available under Unspent CSR Account opened in April 2021 is ₹ 13,75,61,434/- (Previous year 31st March, 2022, ₹ 27,02,24,158/-). During the year, out of the aforesaid amount, ₹ 2,53,51,342/- and ₹ 73,86,085/- has been contributed to 'Swachh Bharat Kosh' and 'PM CARES Fund' funds specified in Schedule VII of the Companies Act, 2013, respectively due to closure and curtailment of CSR proposals sanctioned prior to 31st March, 2021. Besides this, ₹ 8,88,90,596/-amounting to the other than earmarked for ongoing projects of earlier years due to closure and curtailment has been transferred to 'Swachh Bharat Kosh', a fund specified in Schedule VII of the Companies Act,2013 on 30th September, 2022 as already mentioned in the Annual Report under Category "CSR activities" for financial year 2021-22

#### 38) Research & Development (R&D)

The Company had formulated a Research & Development (R&D) policy in line with the guidelines issued by the Department of Public Enterprises vide Office Memorandum No. 3(9)/ 2010-DPE (MoU) dated 20.09.2011. However, vide Office Memorandum No. M-05/0012/2014-DPE(MoU) dated 17<sup>th</sup> July, 2019, DPE informed that the guidelines prescribed vide above Office

Memorandum dated 20.09.2011 have become redundant and stood withdrawn. The Board of Directors of HUDCO in its meeting held on 19.02.2020 noted the above development and has also approved to continue with HUDCO's own R&D policy formulated in 2012. The Board of Directors also approved to discontinue with earmarking 0.5% of PAT until the accumulated non-lapsable R&D funds are fully utilized. During the FY 2022-23, an amount of ₹0.13 crore was spent on R&D. Accordingly an amount of ₹9.30 crore as on 31st March 2023 (Previous Year: ₹9.43 crore) was available with HUDCO as non-lapsable R&D funds.

39) The Company has not advanced or lent or invested any funds which are material either individually or in the aggregate (either from borrowed funds or share premium or any other sources or kind of funds) to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

The Company has not received any fund which are material either individually or in the aggregate from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

### Housing Finance Company-Para 4.1.17 of NBFC-HFC (Reserve Bank) Directions 2021.

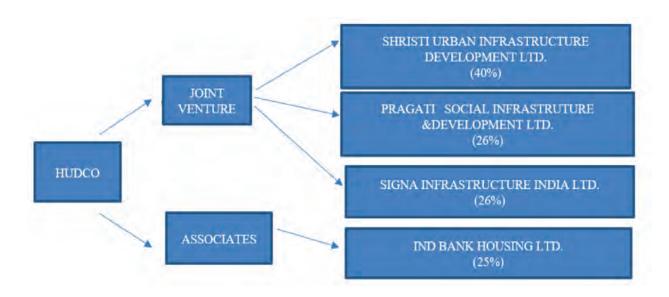

| Criteria-I | NBFC  | %      | Limit |
|------------|---|--------|-------|
| А          | Financial Assets/Total Assets (Net of Intangible Assets) (I/IV) | 99.38% | >50%  |
| В          | Income from Financial Assets/Gross Income (V/VI)                | 98.83% | >50%  |

| Criteria-II | HFC  | %      | Limit |
|-------------|--|--------|-------|
| С           | Housing Finance / Total Assets (net of Intangible Assets) (VII/IV)               | 54.05% | ≽60%  |
| D           | Housing Finance for Individual/Total Assets (net of Intangible Assets) (VIII/IV) | 0.11%  | ≥50%  |

During the computation of Principal Business Criteria, HUDCO has taken into consideration the loan assets extended under the Beneficiary Led Construction (BLC) and Extra Budgetary Resources (EBR) components. Under both these components, loans are provided for affordable housing purposes. HUDCO has classified both these components under the housing category for its book keeping purposes.

HUDCO has recently resubmitted its application to the Reserve Bank of India (RBI) for registration as NBFC-IFC. In this regard, we have submitted the certified infrastructure lending portfolio, certified by our statutory auditors, to the RBI. It is worth noting that in the certified infrastructure lending portfolio, HUDCO has categorized the loans extended under the Beneficiary Led Construction (BLC) and Extra Budgetary Resources (EBR) for affordable housing purposes only, under the Social and Commercial Infrastructure category, as per the Harmonized Master List of Infrastructure Sub-Sectors issued by the Ministry of Finance (Department of Economic Affairs).

### 42) Disclosure on Liquidity Coverage Ratio

### **Qualitative Disclosure:**

Institutional set-up for the Liquidity Risk Management: HUDCO has implemented an integrated risk management approach through which it reviews and assesses significant risks on a regular basis to ensure that there is a robust system of risk controls and mitigation in place. HUDCO has a well-structured robust Risk Management Policy and Operating Manual in line with its objectives to address the various risks.

In compliance with the SEBI (LODR) Regulations, 2015, HUDCO has in place a Board Level Committee under the nomenclature 'Risk Management Committee' (RMC) headed by an Independent Government Nominee Director, which reviews various decisions/ recommendations of the three sub-committees namely:

- Assets & Liabilities Management Committee (ALCO);
- Credit Risk Management Committee (CRMC); and
- Operational Risk Management Committee (ORMC)

The Risk Management Committee (RMC), which is a committee of the Board, is responsible for evaluating and monitoring the integrated risk management system of the Company including liquidity risk. The ALCO is responsible for ensuring adherence to the liquidity risk tolerance/limits set out in the board approved Asset Liability Management (ALM) policy. The role of the ALCO with respect to liquidity risk includes, inter alia, decision on desired maturity profile for assets & liabilities, responsibilities and controls for managing liquidity risk, and overseeing the liquidity position of the company. The ALM Policy is reviewed periodically to realign the same pursuant to any regulatory changes in the economic landscape or business needs and tabled

to the Board for approval.

Management regularly reviews the position of cash and cash equivalents by aligning the same with the projected maturity of financial assets and financial liabilities, economic environment, liquidity position in the financial market, anticipated pipeline of future borrowing & future liabilities and threshold of minimum liquidity defined in the ALM policy with additional liquidity buffers as management overlay

The Liquidity Coverage Ratio (LCR) is a global minimum standard to measure the Company's liquidity position. The Reserve Bank of India (RBI), vide its Master Direction - Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021, dated February 17, 2021, introduced the LCR requirement for all non-deposit-taking HFCs with an asset size of ₹ 10,000 crore and above and all deposit taking HFCs irrespective of their asset size as per the following timeline:

| From        | December 01, |
|-------------|--------------|--------------|--------------|--------------|--------------|
|             | 2021         | 2022         | 2023         | 2024         | 2025         |
| Minimum LCR | 50%          | 60%          | 70%          | 85%          | 100%         |

Hence, the company is required to maintain minimum LCR of 50% w.e.f December 01, 2021.

Further, the aforementioned Master Direction states that the guidelines on Liquidity Risk Management Framework prescribed for NBFCs by the RBI vide its Master Direction - Non-Banking Financial Company — Systematically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016, dated September 01, 2016 shall apply mutatis mutandis to Housing Finance Companies (HFCs).

As per the said guidelines, the Company shall maintain an adequate level of unencumbered High Quality Liquid Assets (HQLA) that can be converted into cash to meet its liquidity needs for a 30 calendar-day time horizon under a significantly severe liquidity stress scenario. "HQLA" means liquid assets that can be readily sold or immediately converted into cash at little or no loss of value or used as collateral to obtain funds in a range of stress scenarios. "Unencumbered" means free of legal, regulatory, contractual or other restrictions on the ability of the NBFC to liquidate, sell, transfer or assign the asset. Assets to be included in the computation of HQLAs are those that the NBFC is holding on the first day of the stress period. Such assets shall be valued at an amount not greater than their current market value for the purpose of computing the LCR. Depending upon the nature of assets, they have been assigned different haircuts, which are to be applied while calculating the HQLA for the purpose of calculation of LCR.

In order to determine HQLA, the company considers Fixed Deposits which are maintained with Scheduled Commercial Banks owing to the fact that it bears 0% haircut. As a matter of prudence for the purpose of maintenance of LCR, highest level of HQLA requirement in the forthcoming 7 days is considered on continuous basis by the company.

Liquidity Coverage Ratio (LCR) is represented by the following ratio:

Stock of High Quality Liquid Assets (HQLAs)

Total Net Cash Outflows over the next 30 calendar days

In order to determine Net Cash Outflows, the Company considers total expected cash outflow minus total expected cash inflows for the subsequent 30 calendar days by assigning a predefined stress percentage to the overall cash inflows and cash outflows. Total expected cash outflows (stressed outflows) are calculated by multiplying the outstanding balances of various categories or types of liabilities and off-balance sheet commitments by 115% (15% being the rate at which they are expected to run off further or be drawn down). Total expected cash inflows (stressed inflows) are calculated by multiplying the outstanding balances of various categories of contractual receivables by 75% (25% being the rate at which they are expected to underflow). However, total cash inflows will be subjected to an aggregate cap of 75% of total expected cash outflows. In other words:

Total Net Cash Outflows over the next 30 days = Stressed Outflows – Lower of (Stressed Inflows or 75% of Stressed Outflows).

One of the components of cash outflow of this disclosure includes Other Contractual Funding Obligations, which, inter alia, includes payment of taxes and dividend paid by the company.

The Company computes the LCR and reports the same to the Asset Liability Management Committee (ALCO) every month for review and approval.

### Notes:

- Unweighted values calculated as outstanding balances maturing or callable within 30 days (for Cash Inflows and Cash Outflows).
- 2. Weighted values calculated after the application of respective haircuts (for HQLA) and stress factors (on Cash Inflow/Cash Outflow).
- 3. The average unweighted and weighted amounts are calculated taking simple averages of daily observations.

### INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED

Report on the Audit of the Consolidated Financial Statements

### **Opinion**

- 1. We have audited the accompanying Consolidated Financial Statements of Housing and Urban Development Corporation Limited (hereinafter referred to as the 'the Company') and of its associate (collectively known as "Consolidating Company"), which comprise of the Consolidated Balance Sheet as at 31st March, 2023 and the Consolidated Statement of Profit and Loss (including other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Cash Flows statement for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").
- 2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the company and its associate as at 31st March, 2023, of Consolidated Profit and Total Consolidated Comprehensive Income, Consolidated Changes in equity and its Consolidated Cash Flows for the year ended on that date.

### **Basis for Opinion**

3. We conducted our audit of Consolidated Financial Statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the company and its associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence, we have obtained, is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

### **Emphasis of Matter:**

4. We draw attention to the following matter in the Notes to the Consolidated Financial Statements:

The company has recognized interest income on "No Lien AGP Account" amounting to Rs 28.51 crore Rs [28.02 crore for the previous year ended 31<sup>st</sup> March 2022] for the year ended 31<sup>st</sup> March 2023. The same has been shown in Note 28 (Other Income) under head 'Interest on Construction Project'.

The balance outstanding as at the end of the year is Rs 558.97 crore (debit) (Rs 526.27 crore for the previous year ended 31st March 2022) in "No Lien AGP Account". The company is in discussion with MoHUA for recovery/reimbursement of outstanding amount including interest as well as booking of expenses. [Refer Para 3 of Note 40]

Our opinion is not modified in respect of this matter.

### **Key Audit Matters**

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

### **Other Information**

6. The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the Consolidated Financial Statements and our Auditor's Report thereon. The Annual report for the year ending 31st March 2023 is expected to be made available to us after the date of this Auditor's Report.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

- 7. The Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in terms of the requirements of the Companies Act, 2013 (the Act) that give a true and fair view of the consolidated financial position, consolidated financial performance, and consolidated cash flows of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33, Regulation 52 and Regulation 54 of the Listing Regulations.
- 8. The respective Board of Directors of the company and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are responsible and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Company, as aforesaid.
- 9. In preparing the Consolidated Financial Statements, the respective Board of Directors of the company and of its associate are responsible for assessing the ability of the Company and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
- 10. The respective Board of Directors of the company and of its associate are responsible for overseeing the financial reporting process of the group and of its associate.

### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements.

- 11. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement. Misstatement can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.
- 12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
  - Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud
    or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and
    appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is
    higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations,
    or the override of Internal controls.
  - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate
    in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our
    opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness
    of such controls.
  - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
  - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
  - Evaluate the overall presentation, structure and contents of the Consolidated Financial Statements, including the
    disclosures, and whether the Consolidated Statements representing the underlying transactions and events in a manner
    that achieves fair presentation.
  - Perform procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the Listing Regulations
    to the extent applicable.
  - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company and of its associate to express an opinion on the Consolidated Financial Statements.

### 53rd Annual Report-2022-23

- 13. We communicate with those charged with governance of the company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our Independence, and where applicable, related safeguards.
- 15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Other Matters**

16. The Consolidated Financial Statements also include the Group's share of net loss of Rs 0.05 Crore for the year ended 31st March, 2023, as considered in the Consolidated Financial Statements, in respect of one associate, whose financial statements/ information have not been audited by us. These financial statements are unaudited and have been furnished to us by the management and our opinion on the Consolidated Financial Statements, in so far as its relates to the amounts and disclosures included in respect of the associate, and our report in terms of sub sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid associate is based solely on such unaudited financial statements / financial information. In our opinion and according to the Information and explanation give to us by the management, these financial statements/ financial information are not material to the Consolidating Company.

Our opinion on the Consolidated Financial Statements, and our report on other legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the financial statements/financial information certified by the management.

### Report on Other Legal and Regulatory Requirements

- 17. As required by section 143(3) of the Act, we report, to the extent applicable, that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid Consolidated Financial Statements.
  - b) In our opinion, proper books of accounts as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and our reliance on the Consolidated Financial Statements /financial information certified by the management of the company.
  - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and loss, and the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purposes of preparation of the Consolidated Financial Statements.
  - d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standard specified under Section 133 of the Act.
  - e) The provisions of Section 164(2) of the Companies Act, 2013 in respect of disqualifications of directors are not applicable to the Company being Government Company in terms of Notification no. G.S.R. 463(E) dated 5<sup>th</sup> June,2015 issued by the Ministry of Corporate affairs.
  - f) With respect of the adequacy of the Internal Financial Controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure 'A'; and
  - g) As per notification number G.S.R 463(E) dated June 5, 2015 issued by Ministry of Corporate Affairs, Section 197 of the Act regarding remuneration to Director is not applicable to the Company, since it is a Government Company; and
  - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i) The Consolidated Financial Statements disclose the impact of pending litigations on the Consolidated financial position of the Group and its associate (Refer Para 2 (a) of Note 40 to Consolidated Financial Statement).
    - ii) The Company does not have any material foreseeable losses, if any, on long terms contracts including derivative contracts; (Refer Para 40(d) of Note 40 to Consolidated Financial Statements).
    - iii). There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company. However, in case of associate company, incorporated in India, the same can't be commented in view of non-availability of Audited Accounts (Refer Para 17 of Note 40 to Consolidated Financial Statements).

- iv. a) The management has represented that, to the best of its knowledge and belief, as disclosed in management representations, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (the Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
  - b) The management has represented that, to the best of its knowledge and belief, as disclosed in management representations, no funds have been received by the Company from any persons or entities, including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
  - c) Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under Subclauses (a) and (b) above contain any material misstatement.
- v. As stated in Note no. 40 (29) to the Consolidated Financial Statements:
  - a). The final dividend proposed for the previous year, declared and paid by the company during the year is in compliance with Section 123 of the companies Act, 2013, as applicable.
  - b). The interim dividend declared and paid by the company during the year and until the date of this report is in compliance with Section 123 of the companies Act, 2013.
  - c). The Board of director of the company have proposed final dividend for the year which is subject to the approval of the member at the ensuring Annual General Meeting. The amount of the dividend proposed is in accordance with Section 123 of the companies Act, 2013, as applicable.
- vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of accounts using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rule, 2014 is not applicable for the Financial Year ended March 31, 2023.

### **NHB/RBI Directions**

18. The Company is complying with National Housing Bank's (NHB)/ Reserve Bank of India's (RBI) Credit Concentration Norms in respect of loans to Private Sector Agencies. However, in case of loans to State Governments / State Governments Agencies/Central Government Agencies, the said norms have been relaxed by the NHB/RBI vide various letters (Refer Para no. 15 of Note No. 40 to Consolidated Financial Statements); the same is complied with except in case of Investment in equity shares of Housing Finance Company-Ind bank Housing Limited (Investee company) where investment in 25% of equity capital of Investee Company has been made instead of prescribed limit of 15%.

## ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE TO THE MEMBERS OF HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED ON THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31st, 2023

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended March 31<sup>st</sup>, 2023, we have audited the internal financial controls over financial reporting of **HOUSING AND URBAN DEVELOPMENT CORPORATION LIMITED** ('the Company') and of its associate, which is a company incorporated in India, as of that date (hereinafter referred to as "Consolidating Company").

### Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Consolidating company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditor's Responsibility**

- Our responsibility is to express an opinion on the Consolidating Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India.
  - Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
- Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.
- 5. We believe that the audit evidence, we have obtained and subject to the limitation regarding the financial statements/ financial information of the associate entity being unaudited and have been furnished to us by the Management, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting

### Meaning of Internal Financial Controls over Financial Reporting

6. A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Financial Statements.

### Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Qualified Opinion**

According to the information and explanations given to us and based on our audit, the following deficiencies have been identified as at March 31st, 2023

- 1. The company needs to revise the terms in relation to the refundable security deposits for the operating leases on investment properties. The security deposit needs to be increased in the same proportion as the increase in property rent. In absence of the same, security deposit for some of the investment properties are inadequate to cover 3 month's rent as per the agreed terms.
  - (The internal auditor of the company has also pointed out the above in their report.)
- 2. It has been identified in respect of entity level controls as well as financial closure processes with regard to reconciliations of various accounts carrying old credit/debit balances and supervision and monitoring of flow of information to/from Regional Offices/outsourced agencies to Corporate Office, necessary for financial closure and reporting leading to deficiencies in operating effectiveness of the Company's Internal Financial Controls with reference to Consolidated Financial Statements as at March 31, 2023.
- 3. The company need to strengthen its internal financial controls regarding fixed assets identification/ physical verification process/ Insurance of all its fixed assets. The company need to ensure that fixed assets records/registers are regularly updated with the asset identification numbers and are properly insured.
- 4. The company needs to strengthen the record keeping and reconciliation between books of accounts and GST returns. Backup Data relating to GST input tax credit and Reconciliation thereof with GSTR 2B has not been made available to us in respect of all Regional offices and HSMI.
- 5. The company needs to strengthen its financial control regarding the review and follow up of the terms of leased properties. Lease agreements for a period exceeding 11 months should be registered with Registrar of properties as per the provisions of Section 17 of the Registration Act 1908 and appropriate stamp duty should be paid in terms of Indian Stamp Act 1899.
  - In some cases it is found that lease deed for a period more than as prescribed for registration is not so registered and appropriate stamp duty not paid. Also the lease deeds are not renewed effectively in time.
- 6. Revised Consolidated Policy for Valuation of Properties/ Securities and Empanelment of Valuer came into effect from 31<sup>st</sup> January 2018. As per this revised policy, in the case of Project loans which are standard assets, valuation has to be done once in 5 years by the empanelled Independent valuer. And for sub-standard assets on an annual basis where 100% provisioning has not been made. As per the revised policy, valuation should be obtained from minimum 2 Independent valuers in the cases where loan amount is Rs 75 lakhs or more. Lower of the two to be considered for the purpose of valuing the security of the loan. It has come to our knowledge that valuation reports have not been obtained as per the revised policy in few cases.

In our opinion considering nature of business, size of operation and organizational structure of the entity, except for the effects/ possible effects of the deficiencies described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31<sup>st</sup>, 2023, based the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the deficiencies identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31<sup>st</sup>, 2023, and these deficiencies does not affect our opinion on the consolidated financial statements of the Company.

However, in case of its associate, which is company incorporated in India, where the financial statements/ financial information are unaudited and certified by the Management, we are not in a position to offer our comments on the adequacy and operating effectiveness of internal financial control over financial reporting of the said associate.

### **Notes Forming Part of Accounts**

### 1. Corporate information

Housing and Urban Development Corporation Limited is a listed public limited company (Government of India undertaking) domiciled in India and incorporated on 25<sup>th</sup> April, 1970 under the provisions of Companies Act, 1956. The Company's registered office is at Core 7A, HUDCO Bhawan, India Habitat Centre, Lodhi Road, New Delhi - 110003. The Company is a Housing Finance Company ('HFC') registered with the National Housing Bank ('NHB'). The Company is primarily engaged in the business of financing Housing and Urban development activities in the country.

The Govt. of India through its Notification dated 9th August, 2019 had made Reserve Bank of India (RBI) as the regulator for HFCs and the supervision part continued to remain with NHB. RBI has issued notification dated October 22, 2020, on regulatory framework for HFCs, by which the definition of HFCs has undergone a change. HUDCO had submitted application to RBI on 29th March, 2022 to convert from HFC to NBFC- IFC. In reference thereof, RBI vide letter dated December 22, 2022 expressed its inability to accede to HUDCO's request for conversion of certificate of registration (CoR) to an NBFC-IFC owing to non-fulfilment of certain condition of RBI Master Directions for NBFCs. After detailed deliberation and ensuring compliance with the RBI Master Directions for NBFCs, HUDCO has resubmitted the application with necessary documents with RBI for conversion of certificate as NBFC-IFC on February 22, 2023. In view of the above, the management reckons to receive the said approval from RBI in FY 2023-24. Till such time HUDCO continues to retain the status of HFC. (Refer Point no.14 of Note 40 to the Notes to Accounts).

Investments in Associates where the Company holds more than 20% of equity are accounted for using equity method as per Indian Accounting Standard (Ind AS) 28 - "Investments in Associates and Joint Ventures".

The Consolidated Financial Statements are prepared using uniform accounting policies and are presented to the extent possible in the same manner as the Company's separate financial statement except where adjustment for the differences are immaterial/ impractical.

### 2.3 Equity Accounting

Investment in associate is an entity over which the investor has significant influence. Interest in associates are accounted for using the equity method of accounting after initially being recognised at cost.

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to

### 53rd Annual Report-2022-23

### **NOTES**: (Contd.)

recognise the Group's share of the post-acquisition profits or losses of the investee in Group's profit and loss, and the Group's share of other comprehensive income of the investee in Group's other comprehensive income.

On acquisition of the investment in an associate, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the Consolidated Statement of Changes in Equity. Unrealised gains resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the Group's interest in the associate or joint venture. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses of an associate exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. The Group resumes recognising its share of profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of an associate and a joint venture is shown on the face of the Consolidated Statement of Profit and Loss.

The financial statements of the associate are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group. The carrying amounts of equity accounted investments are tested for impairment in accordance with the accounting policy on impairment of non-financial assets.

Upon loss of significant influence over the associate, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of investment in associate upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in Consolidated Statement of Profit and Loss.

If the Group's ownership interest in a joint venture or an associate is reduced, but joint control or significant influence is retained, the Group reclassify to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be required to be reclassified to profit or loss on the disposal of the assets or liabilities.

### 3. Application of New Indian Accounting Standards (Ind AS)

All the Indian Accounting Standards issued and notified by the Ministry of Corporate affairs under the Companies (Indian Accounting Standards) Rules 2015 (as amended) till the financial statements are authorised, have been considered in preparing the Consolidated Ind AS Financial Statements.

The Financial Statements are approved for issuance by the Company's Board of Directors on May 26,2023

### 4. Standard/Amendments issued but not yet effective

Ministry of Corporate Affairs ("MCA") vide notification dated March 31<sup>st</sup> 2023, has issued amendments to the existing standards under Companies (Indian Accounting Standards) Rules, 2015, which shall come into force with effect from 1<sup>st</sup> day of April, 2023 Viz..

- a) Ind AS 1 Presentation of Financial Statements: -
- b) Ind AS 12 Income Taxes: -
- c) Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors

The company does not expect this amendment to have any significant impact in its Financial Statements.

### 5A. Significant accounting policies

### a. Statement of Compliance

The Consolidated Financial Statements of the Company have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standard) Rules 2015 (as amended).

### b. Basis of Preparation and Presentation

The Consolidated Ind AS Financial Statements have been prepared on an accrual basis as a going concern and under the historical cost convention, except for certain financial assets (equity instruments classified as Fair Value Through P&L Account etc.) and financial liabilities (derivatives etc.) and financial liabilities that are measured at fair value at the end of each reporting date as required under relevant Ind AS.

### c. Investment in associates and joint ventures

The Company records the investments in associates and joint ventures at cost less impairment loss, if any.

On disposal of Investment in associate, and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the Consolidated Statement of Profit and Loss.

### d. Use of estimates

The preparation of Consolidated Financial Statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

### e. Cash and cash equivalents

Cash and cash equivalent comprise of cash in hand, demand deposits and time deposits with original maturity of less than three months held with bank, debit balance in cash credit account and stamping/franking balance, which are subject to an insignificant risk of changes in value.

### f. Foreign currency

The Company's Financial Statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Income and expenses in foreign currencies are recorded by the Company at the exchange rates prevailing on the date of the transaction.

At the end of each reporting period, foreign currency denominated monetary assets and liabilities are translated at the functional currency spot rates of exchange (RBI Reference Rate) prevailing at the reporting date and exchange gains and losses arising on settlement and restatement are recognized in the Statement of Profit and Loss in the period in which they arise.

### g. Revenue recognition

### i Interest income

As per Ind AS 109, Interest income, for all debt instruments measured is recorded using the effective interest rate (EIR). The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes any fees or incremental costs that are incrementally directly attributable to the instrument and are an integral part of the EIR, but not future credit losses.

The Company has recognized any fees that are incrementally directly attributable to the loans on the basis of Straight Line Basis co -terminus with the term of loan.

Interest income in Non-Performing Assets and /or Stage 3 in Financial Assets is recognized only on cash/receipt basis.

### ii Dividends

Dividend Income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

### iii Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

### iv Revenue from Contracts with Customers

"Revenue from Contracts with Customers" which includes but not limited to Consultancy, Trusteeship & Consortium, Charges on Construction Projects, Management Development Program or any other income is recognized as per Ind AS 115 on "Revenue from Contracts with Customers"

### h Borrowing costs

Borrowing costs directly attributable to the acquisition are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

### i Investment Properties-Ind AS 40

### Recognition

Investment Properties are measured initially at cost, including transaction costs. The cost includes the cost of replacing parts and borrowing costs for long term construction projects if the recognition criteria are met.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

### **Subsequent Measurement (Depreciation)**

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The Company depreciates building component of Investment Property over useful life prescribed under Part C of Schedule II to the Companies Act, 2013. When significant parts of the investment property are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives.

### De-recognition

Investment Properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in Statement of Profit or Loss in the period of de–recognition on disposal.

### j Property, Plant and Equipment (PPE) and Intangible assets

### Recognition

The company has elected to continue with the carrying value of all of its Property, Plant and Equipment and Intangible assets and use that carrying value as the deemed cost of the Property, Plant and Equipment and Intangible assets as on 1<sup>st</sup> April, 2017.

### **Subsequent Measurement (Depreciation)**

Depreciation on Property, Plant and Equipment (PPE) is charged on Straight line method either on the basis of rates arrived at with the reference to the useful life of the assets arrived at based on useful life prescribed under Part C of Schedule II of the Companies Act, 2013.

### Derecognition

n item of Property, Plant and Equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of Profit and Loss account when the asset is derecognized.

### Intangible assets

An intangible asset is recognized only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company. Intangible assets acquired separately are measured on initial recognition at cost.

Intangible Assets comprising of Computer Software are stated at Cost less accumulated amortization.

### k Depreciation and amortization

a) Depreciation is provided over the useful life of the PPE set as per Schedule-II of Companies Act, 2013 and depreciation rates have been worked out by applying WDV method after retaining 5% of cost as residual value effective from 1st April, 2014.

- b) On PPE costing upto ₹5000 per item are clubbed under "Miscellaneous Assets" and depreciation thereon is provided @100%.
- c) Books purchased during the year are clubbed under Library Books and depreciation thereon is provided @ 100%.
- d) Computer software is amortized over a period of five years on a straight-line basis.

### I. Capital -work-in -progress

Capital work in progress includes assets not ready for the intended use and is carried at cost, comprising direct and related incidental expenses.

### Intangible assets under development

Intangible assets not ready for the intended use on the date of Balance sheet are disclosed as Intangible assets under development.

### m. Leases

### (a) Company as a lessee

- (i) The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.
- (ii) The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use asset or the end of the lease term. The estimated useful life of the right-to-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-to-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.
- (iii) The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.
- (iv) The lease liability is measured at amortized cost using the effective interest method, it is re-measured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.
- (v) The Company presents right-of-use asset that do not meet the definition of Investment property in the "Right of use assets" separately on the face of the Balance sheet and lease liabilities in "other financial liabilities" in the Balance Sheet
- (vi) Short term Lease and Leases of low value assets: -The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have lease term of 12 months or less and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

### (b) As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

The Company recognizes lease payments received under operating lease as income on a straight-line basis over the term of relevant lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases as part of "Rental Income".

### n. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### Initial recognition and measurement

## hudgo

### 53rd Annual Report-2022-23

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and financial liabilities i.e. Loans and advances, Equity investments, Derivative financial instruments and all other financial assets and liabilities are recognised initially at fair value plus or minus transaction costs that are attributable to the acquisition or issue of the financial asset or financial liability except in the case of financial assets or financial liability recorded at fair value through profit or loss where the transaction cost are charged to profit and loss.

### Subsequent measurement

### a) Non-derivative financial instruments

### (i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

### (ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments other than which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL, the subsequent changes in fair value are recognized in other comprehensive income.

### (iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

### (iv) Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

### (v) Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

### b) Derivative financial instruments

The Company holds various derivatives to mitigate the risk of changes in exchange rates on foreign currency exposures as well as interest fluctuations including foreign exchange forward contracts, currency and interest rate swaps. The counterparty for these contracts is generally a bank.

### Financial assets or financial liabilities, at fair value through profit or loss

This category has derivative financial assets or liabilities which are not designated as hedges. Any derivative that is not designated a hedge, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in Statement of Profit and Loss. Assets/liabilities in this category are presented as financial assets/financial liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

### De-recognition of financial instruments

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

### o. Share capital

### **Ordinary shares**

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from retained earnings, net of any related income tax effects.

### p. Fair Value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date using valuation techniques

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1— Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

### q. Impairment

### a) Financial Assets

The Company recognises loss allowance for Expected Credit Loss (ECL) on a financial asset broadly in accordance with the principles laid down in Ind AS 109. The Company compares the risk of a default occurring on the financial asset as at the reporting date with the risk of a default occurring on the financial asset as at the date of initial recognition and based on the reasonable and supportable information, that is available and is indicative of significant increases in credit risk since initial recognition. The risk of default occurring on the financial asset is assessed as at the reporting date and the financial assets are classified into three categories based on the number of days of past due: -

### 53rd Annual Report-2022-23

 Stage - 1
 0-30 days

 Stage - 2
 31-90 days

 Stage - 3
 Above 90 days.

The ECL is calculated based on the historical data with due weightage to the likely future events which may affect the cash flows. The Company recognises in statement of profit or loss, as an impairment gain or loss, the amount of Expected Credit Loss (or reversal) that is required to adjust the loss allowance at the reporting date.

Additional provisions is made in order to establish a balance in the provision for loans that the Corporation's management considers prudent and adequate keeping in view the unforeseen events and happenings such as change in policy of Government and procedural delays in repayments from the agencies, outcome of pending cases under Insolvency and Bankruptcy code etc.

### **Modification of Loans**

The company allows concessions or modification of loan term as a response to the borrower's financial difficulties rather than taking possession or to other wise enforce collection of security. The company considers a loan forborne when such concession or modification are provided as a result of the borrower present and expected financial difficulties and the company would not have agreed to them if the borrower had been financially healthy. Indicators of financial difficulties include defaults on covenants, or significant concerns raised by the Credit Risk Department. Forbearance may involve extending the payment arrangement and the agreement of new loan condition. Once the term is negotiated, any impairment is measured by taking into account the original and modified parameter. It is the company's policy to monitor forborne loans to help ensure that future payment continues to be likely to occur. De-recognition decisions and classifications between Stage 2 and Stage 3 are determined on a case-to-case basis. If these procedures identify a loss in relation to loan, it is disclosed and managed as an impaired Stage 3 or forborne asset until it is collected or written off. However, if the modification results into notional gain on account change in expected future value of cash flows, the same shall not be recognized.

When the loan has been renegotiated or modified but not derecognized, the company also reassesses whether there has been a significant increase in credit risk.

### b) Non-financial assets

### Intangible assets and property, plant and equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

### r. Government grants and subsidies

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

(a) The Company acts as a channelizing agency for disbursement of grants / subsidies under various schemes of the Government and Government Agencies. The Company receives the amount of such grants/subsidies and disburses them to eligible parties in accordance with the schemes of the relevant grants/subsidies. The undisbursed

grants / subsidies as at the year-end are shown as a part of Financial Liabilities. Where grants/ subsidies disbursed exceed the related amount received, such amount receivable from Government / Government Agencies is shown as a part of other Loans and Advances.

(b) Grants received from other than Govt. agencies or development partners, in respect of certain schemes for economically weaker sections / low-income groups are also dealt with in the manner described at (a) above. Interest earned on loans given under certain specified schemes is shown under "Financial Liabilities" and is utilized as per the terms of the agreement.

### s. Employee benefits

- (a) Expenditure on company contributions to Provident Fund, Group Saving Linked Insurance Scheme, EPFO's Employees' Pension Scheme and HUDCO's Employees' Pension Scheme is accounted for on accrual basis in accordance with the terms of the relevant schemes and charged to Statement of Profit & Loss. The Company's obligation towards gratuity, provident fund and post-retirement medical benefits to employees are actuarially determined and provided for as per Ind AS 19 on Employee Benefits. Liability for gratuity as per actuarial valuation is paid to a fund administered through a separate trust.
- **(b)** The Company's obligation towards sick leave, earned leave, gift on completion of 20/25/30/32 years of service & retirement gift are determined on actuarial basis and provided for as per Ind AS 19 on Employee Benefits.

### t. Taxes - Ind AS 12

Tax expense comprises current and deferred tax.

### Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

In respect of disputed income tax / wealth tax demands, where the Company is in appeal, provision for tax is made when the matter is finally decided.

### Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### u. Dividend

Proposed final dividends and interim dividends payable to the shareholders are recognized as changes in equity in the period in which they are approved by the shareholders' meeting and the Board of Directors respectively.

### 53rd Annual Report-2022-23

### v. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

Reimbursements expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

### w. Contingent liabilities and assets

The Company does not recognize a contingent liability but discloses its existence in the financial statements Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation
- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent assets are not recognised. A contingent asset is disclosed, as required by Ind AS 37, where an inflow of economic benefits is probable.

### 5B. Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

### **Judgements**

In the process of applying the company's accounting policies, management has made the following judgements, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

### i. Business model assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how Companies of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

### **Estimates and Assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions when they occur.

### ii. Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation

models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), correlation and volatility.

### iii. Effective Interest Rate (EIR) method

The company's EIR methodology recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

### iv. Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The company's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- The Company's grading model, which assigns PDs to the individual grades
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a LTECL basis and the qualitative assessment
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, EADs and LGDs
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models

It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

### v. Provisions and other contingent liabilities

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of the Company's business.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

### vi. Revenue from contract with Customers

The Company's contracts with customers include promises to transfer services to a customer. The Company assesses the services promised in a contract and identifies performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or services, transfer of significant risks and rewards to the customer, etc.

### vii. Leases

Ind AS-116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. Company also used judgement in determining the low value assets as given under the Ind AS-116.

### Note:

- The table above shows fair value of Derivative financial instruments recorded as Assets/Liabilities together with their Notional amounts. The Notional amounts indicate the value of transactions outstanding at the period end and are not indicative of market or credit risk.
- The fair value of the derivative financial instruments are those as informed by the counter parties (generally Banks).
- The Company holds Derivative financial instruments such as foreign exchange forward contracts, currency swaps or currency option contracts to mitigate the risk of changes in foreign exchange rates on foreign currencies. Derivatives are used exclusively for hedging and not as trading or speculative instruments. Such derivative contracts are not designated as hedges and are accounted for at Fair Value through Profit and Loss. The counter party for these contracts is generally a bank.
- Derivatives are recognised and measured at fair value. Attributable transaction costs are recognised in statement of Profit and Loss.
- The Company's risk management strategy and how it is applied to manage risk are explained in Note 36 of Notes to Accounts.

### NOTE: 10(a)(3) Impairment assessment

The references below show where the Company's impairment assessment and measurement approach is set out in these notes. It should be read in conjunction with the Summary of significant accounting policies.

- The Company's definition and assessment of default and cure.
- How the Company defines, calculates and monitors the probability of default, exposure at default and loss given default.
- When the Company considers there has been a significant increase in credit risk of an exposure.
- The Company's policy of segmenting financial assets where ECL is assessed on a collective basis.
- The details of the ECL calculations for Stage 1, Stage 2 and Stage 3 assets.

### NOTE: 10(a)(4)(i) Definition of default

The Company considers a financial instrument as defaulted and considered it as Stage 3 (credit-impaired) for ECL calculations in all cases, when the borrower becomes 90 days past due on its contractual payments.

### NOTE: 10(a)(4)(ii) Probability of default

The 12 month probability of default is calculated using incremental NPA approach.

### NOTE: 10(a)(4)(iii) Exposure at default

The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation, addressing both the client's ability to increase its exposure while approaching default and potential early repayments too.

To calculate the EAD for a Stage 1 loan, the Company assesses the possible default events within 12 months for the calculation of the 12mECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments.

### NOTE: 10(a)(4)(iv) Loss given default

The Company segments its lending products into smaller homogeneous portfolios (Government - Housing, Government - Urban Infrastructure, Non Government and Retail), based on key characteristics that are relevant to the estimation of future cash flows. The data applied is collected loss data and involves a wider set of transaction characteristics (e.g., product type) as well as borrower characteristics.

### NOTE: 10(a)(4)(v) Significant increase in credit risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12mECL or life time ECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition. The Company considers an exposure to have significantly increased in credit risk when contractual payments are more than 30 days past due.

When estimating ECLs on a collective basis for a group of similar assets, the Company applies the same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

### NOTE: 10(a)(4)(vi) Grouping financial assets measured on a collective basis

As explained in Note 5.q, the Company calculates ECLs on collective or individual basis.

The Company calculates ECLs on collective basis on following asset classes:

- Government Housing
- Government Urban Infrastructure
- Non Government
- Retail

The Company calculates ECLs on individual basis on all Stage 3 assets of Non Government portfolio.

# **NOTE 36: FAIR VALUE MEASUREMENT**

#### 36.1. Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

#### 36.2. Valuation governance

The Company's fair value methodology and the governance over its models include a number of controls and other procedures to ensure enough safeguards and maintain its quality and adequacy. All new product initiatives (including their valuation methodologies) are as per the approved policy of the Company. The ongoing measurement on fair value estimates is reviewed by the appropriate functional department of the Risk management and related finance functions.

#### 36.3. Assets and liabilities by fair value hierarchy

The following table shows an analysis of financial instruments recorded at fair value by the level of the fair value hierarchy:

#### 36.4. Valuation techniques

#### **Mutual fund**

Mutual funds are valued at the net asset value (NAV) declared by the mutual fund in respect of each particular scheme and is classified as Level 2.

#### **Equity instruments**

Equity instruments which are not actively traded on public stock exchanges but the active prices on a regular basis are available. Such instruments are classified as Level 2. Other equity instruments are fair valued based on the average of the discounted cash flow method and Net assets value (as provided by independent valuer). It is classified as Level 3.

#### Interest rate swaps, Currency swaps and Forward rate contracts

The most frequently applied valuation techniques include forward pricing and swap models and forward contract using present value calculations by estimating future cash flows and discounting them with the appropriate yield curves incorporating funding costs relevant for the position. These contracts are classified under Level 2.

#### **Investment Property**

The Company obtains independent valuations for its investment properties annually. The fair values of investment property are determined by an independent registered valuer and the valuation technique adopted are Income approach, Market Approach and Composite Approach. All resulting fair value estimates for investment property are included in Level 2 (refer 14A).

#### 36.5. Valuation adjustments and other inputs and considerations

# Credit Valuation Adjustments (CVA)

The Company calculates CVA on a counterparty basis over the entire life of the exposure.

The Company applies CVA to all relevant (not fully collateralised) over-the-counter positions with the exception of positions settled through central clearing houses. Based on regular assessment of the extent of the adjustments, the Company concluded that these adjustments were not significant to the levelling classification of the relevant instruments in 2022-23 and 2021-22.

#### 36.6. Impact of valuation adjustments and other inputs

The following table shows the amount recorded in the statement of profit and loss:

(₹ in Crore)

| Particulars             | 2022-23 | 2021-22 |
|-------------------------|---------|---------|
| Type of adjustment      |         |         |

| Total                   | 0.00    | 0.002   |

#### 36.7. Transfer between level 1 and level 2

There have been no transfers between Level 1 and Level 2 for the year ended 31st March, 2022 and 31st March, 2023.

#### 36.8. Movements in Level 3 financial instruments measured at fair value

The following tables show a reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities which are recorded at fair value. The Company requires significant unobservable inputs to calculate their fair value.

#### 36.9. Key assumptions and range of inputs

#### (a) Net Asset Value (NAV) Method:

The Net Asset Value Method represents the value with reference to historical cost of assets owned by the company and the attached liabilities on the valuation date.

#### (b) Discounted Projected Cash Flow:

Discounted Projected Cash Flow valuation technique is used to calculate Impact on fair value of level 3 financial instruments measured at fair value using the following unobservable input such as Discount Rate, Recovery rates, Interest Rate and Revenue from operations to ascertain the change.

(c) To arrive at fair value of unquoted investments average of Net Asset Value (NAV) and Discounted Projected Cash flow as on 31st March, 2023 is taken.

The range of values indicates the highest and lowest level input used in the valuation technique and, as such, only reflects the characteristics of the instruments as opposed to the level of uncertainty to their valuation.

All changes in the fair market value would be reflected in the Statement of profit and loss based on the classification FVTPL.

The table summarises the valuation techniques together with the significant unobservable inputs used to calculate the fair value of the Company's Level 3 assets and liabilities

#### 36.10. Quantitative analysis of significant unobservable inputs

#### Interest rate volatility

Interest Rate volatility measures the expected future variability of a market price. It is generally quoted as a percentage; a higher number represents a more volatile instrument, for which larger swings in price (or interest rate) are expected. Volatility is a key input used to estimate the future prices for the underlying instrument (equity share). Interest rate volatility varies from time to time and therefore, it is not viable to make reliable and meaningful general statements about volatility levels.

#### **Discount Rates**

Discount rates are used for calculating the present value of future cash flows. In discounted cash flow models, discount rates are used as the direct reflection of the expected rate of return of the investments made by the company in the due course of the business. Hence, these rates reflect the net present value of an asset. They generally reflect the premium an investor expects to achieve over the benchmark interest rate to compensate for the higher risk driven by the uncertainty of the cash flows caused by the credit quality of the asset. They can be implied from market prices and are usually unobservable for illiquid or complex instruments

#### **Recovery Rates**

Recovery rates reflect the estimated loss that the company will suffer given expected defaults (Non-performing Assets). The recovery rate is given as a percentage and reflects the opposite of loss severity (i.e., 100% recovery reflects 0% loss severity). In line with the operation of the Company, probability of non-performing assets to loss assets plays an important role to ascertain the recovery rates. Higher loss severity levels / lower recovery rates indicate lower expected cash flows upon the default of the instruments. Recovery rates for complex, less liquid instruments are usually unobservable and are estimated based on historical data.

#### Revenue from operations

Revenue is the value of all sales of goods and services recognized by a company in a period. Revenue (also referred to as Sales, Turnover, or Income) forms the beginning of a company's Income Statement and often considered the "Top Line" of a business. Growth in revenue from operation directly impacts the profitability of the company, as operation expenses are deducted from a company's revenue to arrive at its profit.

#### 36.11. Sensitivity of fair value measurements to changes in unobservable market data

Sensitivity of fair value measurements to changes in unobservable market data cannot be ascertained due to potential off-sets from economic or accounting hedge relationships in place.

#### 36.12. Fair value of financial instruments not measured at fair value

Set out a comparison, by class, of the carrying amounts and fair values of the Company's financial instruments that are not carried at fair value in the financial statements. This table does not include the fair values of non–financial assets and non–financial liabilities

#### 36.12.1. Valuation Methodology of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques and assumptions explained in Note 36.4.

#### Short-term financial assets and liabilities

For financial assets and financial liabilities, that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, Trade receivables, bank balances other than cash and cash equivalents and trade payables without a specific maturity.

#### Loans and advances to customers

The carrying amount of fixed interest rate bearing loans and floating interest rate bearing loans are taken as fair values.

#### Financial asset at amortised cost

The fair values of financial assets at amortised cost are the carrying amount of the financial asset.

#### **Debt Securities**

Fair value of traded bonds is market price of the bonds as on the balance sheet date or close to balance sheet date. In case of Commercial Paper which is Current Liability i.e., short term maturity (less than or equal to twelve months), the face value of outstanding commercial paper is considered as fair value.

#### Borrowing other than debt securities

The carrying amount of fixed interest rate bearing borrowings and floating interest rate bearing borrowings are taken as fair values, since these are reasonable approximation of their fair value.

# 37. Risk Management

#### 37.1. Introduction and risk management structure

The Company, being a Housing Finance Company, is exposed to various types of risks like credit risk, operational risk, liquidity risk, market risk and foreign currency risk. Company is fully committed to manage these risks in an effective and proactive manner, for which HUDCO has in place a Risk Management Policy and Operating Manual in line with its objectives covering both the internal and external environment. With a view to minimize the impact of various risks to which Company is exposed to, Company has in place a Board level Committee namely 'Risk Management Committee of the Board' (RMCB) which reviews various suggestions/ recommendations/reports and action taken by three sub-committees namely:

- Assets & Liabilities Management Committee (ALCO);
- Credit Risk Management Committee (CRMC); and
- Operational Risk Management Committee (ORMC)

HUDCO has effective Assets and Liabilities Management system. ALCO reviews the risks relating to Assets and Liabilities and ensures management of mismatches through liquidity gap analysis, interest rate sensitivity analysis as per NHB guidelines. It is ensured that the ALM risks, if any, are managed within the permissible limits.

The Credit Risk Management Committee (CRMC) oversees and ensures that the institution's credit policies are complied with and the procedures are being consistently applied.

The Operational Risk Management Committee (ORMC) oversees and ensures the implementation of operational risk framework to explicitly manage each and every source of operational risk including Technology risk, Employee risk, Customer risk, Capital Asset risk and External risk.

#### 37.2. Credit risk

For management of credit risks in an effective manner, Company has established a strong appraisal mechanism containing comprehensive appraisal techniques/ guidelines in order to ensure timely repayments of principal & interest amount

#### 37.2.1. Derivative financial instruments

Credit risk arising from derivative financial instruments is, at any time, limited to those with positive fair values, as recorded on the balance sheet.

With gross-settled derivatives, the Company is also exposed to a settlement risk, being the risk that the company honours its obligation, but the counterparty fails to deliver the counter value.

#### 37.2.2. Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹79,236.97 crore and ₹76,989.92 crore as of 31<sup>st</sup> March,2023 and 31<sup>st</sup> March, 2022 respectively, being the total of the carrying amount of balances with loans.

#### 37.2.3. Analysis of risk concentration

HUDCO takes into consideration NHB/RBI norms for risk categorisation and the norms adopted for extending loan under HUDCO Niwas. Higher LTV is permissible for lower loan amounts while LTV reduces with the higher loan amounts. (Refer Note:10A)

#### 37.4. Market risk

In order to mitigate the risks arising from fluctuations in interest rates and foreign currency exchange rates, Company periodically reviews and determines its lending rates based on its cost of funds and the market scenario. Further, the interest rate risk is being monitored with the help of interest rate sensitivity analysis under the Asset Liability Management System.

#### 37.4.2. Interest rate risk

The interest rate risk is being monitored with the help of interest rate sensitivity analysis under the Asset Liability Management System.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being constant) of the Company's statement of profit and loss and equity.

The sensitivity of the statement of profit and loss is the effect of the assumed changes in interest rates on the profit or loss for a year, based on the floating rate non–trading financial assets and financial liabilities held at 31st March, 2023 and 31st March, 2022.

#### 37.4.3. Currency risk

In order to mitigate the risks associated with Foreign Currency Fluctuations, Company has a Foreign Currency Risk Management policy.

The table below indicates the currencies to which the Company had significant exposure at the end of the reported periods. The analysis calculates the effect of a reasonably possible movement of the currency rate against the INR (all other variables being constant) on the statement of profit and loss (due to the fair value of currency sensitive monetary assets and liabilities). A negative amount in the table reflects a potential net reduction in the statement of profit and loss or equity, while a positive amount reflects a net potential increase. An equivalent decrease in each of the currencies below against the INR would have resulted in an equivalent but opposite impact.

| Currency | Change in currency rate in % 2022-23 | Effect on<br>profit before<br>tax<br>2022-23<br>₹ in crore | Effect on<br>equity<br>2022-23<br>₹ in crore | Change in<br>currency<br>rate in %<br>2021-22 | Effect on profit<br>before tax<br>2021-22<br>₹ in crore | Effect on<br>equity<br>2021-22<br>₹ in crore |
|----------|--------------------------------------|--|--|---|---|--|
| USD      | 1                                    | 0.61/(0.61)  | -  | 1   | 0.97/(0.97)   | -  |
| JPY      | 1                                    | 0.02/(0.02)  | -  | 1   | 0.27/(0.27)   | -  |

#### 37.4.4. Equity price risk

Equity price risk is the risk that the fair value of equities decreases as a result of changes in the level of equity indices and individual stocks. At 10 per cent increase in the value of the Company's equities at 31<sup>st</sup> March, 2023 would have increased equity by ₹18.58 crore. An equivalent decrease would have resulted in an equivalent but opposite impact and would cause a potential impairment, which would reduce profit before tax by approximately ₹18.58 crore.

#### 37.4.5. Operational Risk

In order to mitigate the operational risk(s) associated with the operations of the organization both internal as well as external including technology risk, employee risk, capital asset risk, external risk, compliance risks viz. external fraud, legal risk, etc, Company has established a strong reporting and monitoring mechanism.

Operational Risk Management framework covers managing each and every source of Operational Risk as a distinct risk to the institution's safety and soundness. The requisite information on the Operational risk is obtained through quarterly reports of 'Operational Risk Factors and Key Risk Indicators (KRIs)' from Regional Offices/ departments which are further reviewed and analysed for mitigation of operational risk

<sup>\*</sup>Present Value for the MLP @8.50% as on 31.03.2023 has been considered.

The above does not include any contingent liability in respect of Andrews Ganj Project (AGP), arising on account of various

court cases/arbitration/allottees' claims against cancellation of allotment etc., as in this case, HUDCO is only working as an agent being project executed on behalf of Govt. of India. As such, liability (if any) whenever ascertained/finalized shall be passed on to MoHUA, Govt. of India and met out of AGP (No Lien AGP Account), being maintained separately, in line with the directions of the then MoUD.

#### 3) Andrews Ganj Project

- (a) (i) HUDCO had initiated execution of Andrews Ganj Project (AGP) on behalf of the then Ministry of Urban Development, (MoUD) in the year 1989-90.
  - (ii) As per minutes of the meeting held on 7<sup>th</sup> September, 1995, it has been agreed to pay interest @ 17% p.a. (simple) on the expenditure incurred on AGP along with 1.5% of project cost as administrative charges.
  - (iii) As per Perpetual Lease Deed dated 04th July, 1997, the Company is liable to make available "Net Resources" from the development and disposal of properties of the AGP to then MoUD and accordingly the Company was crediting interest on Net Resources generated on the project upto 03rd November, 2004. Subsequently, a separate "No Lien AGP Account" has been opened under the name of "HUDCO AGP Account", in which the surplus lying to the credit of the then MoUD was credited and interest accrued/ earned on "No Lien AGP Account" was also credited to that account.
  - (iv) HUDCO contends that as per minutes of the meeting held on 07th September, 1995 and in terms of Perpetual Lease Deed dated 04th July, 1997, the status of the Company is "Agent of MoUD". The contention of HUDCO is that it is working as an agent and as such total ownership rights and responsibilities of AGP are of MoHUA-GOI (erstwhile MoUD) and there is no financial liability of HUDCO in respect of AGP. This has been upheld by learned Shri GE Vahanvati, the then Solicitor General of India, vide his opinion dated 12th April, 2005. This opinion was re-confirmed by learned Shri GE Vahanvati as Attorney General of India vide his opinion dated 19th August, 2009. The opinion was also duly endorsed by the then Law Secretary and Law Minister of Government of India.
  - (v) Keeping this position in view and in accordance with HUDCO's Board decision in 459th meeting dated 24th August, 2009, HUDCO has been making payments / settling claims on Ministry's behalf and accounting them in "No Lien AGP Account" being separately maintained by HUDCO. As on 31st March, 2023, this account has a deficit in the form of debit balance of ₹558.97 crore, recoverable from MoHUA (erstwhile MoUD). This represents amount paid by HUDCO on behalf of the Ministry for the capital and revenue expenditures on AGP project over and above the recoveries and the accumulated interest amounting to ₹ 291.81 crore charged @ 10.75% p.a. (simple), on excess of expenditure over recoveries. The MoHUA (erstwhile MoUD) in a meeting held on 27th April, 2015 have also asserted that HUDCO shall continue to implement and manage the AGP in terms of Perpetual Lease Deed and all the pending issues shall be looked into for resolution by the Ministry. The MoHUA (erstwhile MoUD) in the said meeting has also decided that HUDCO as a Lessee will bear all the liabilities including the liabilities generated out of compliance of various court orders in cases related to the project. The company vide its letter dated 30th September, 2015, conveyed its reservation to accept the decision for bearing the liabilities of Andrews Ganj project as HUDCO is acting as an agent of MoHUA, Government of India, for AGP, in terms of perpetual lease deed conditions and other agreed terms.
  - (vi) The Ministry has been informed specifically of the above facts and figures on various occasions through correspondence as also in the meetings. A communication was received from Dy. L&DO vide letter dated 22<sup>nd</sup> March, 2016 wherein Dy. L&DO had conveyed that HUDCO may continue to implement Andrews Ganj project and manage "No Lien AGP Account" in line with the terms and conditions as stipulated in the Perpetual Lease Deed dated 04<sup>th</sup> July, 1997. The Ministry again informed in specific vide Dy L&DO letter dated 31<sup>st</sup> May, 2018 that HUDCO as a lessee is permitted to incur/book maintenance and legal expenditure in respect to Andrews Ganj Project from "No Lien AGP Account". Like earlier years, in-line with the minutes of meeting dated 07<sup>th</sup> September, 1995, the perpetual lease deed dated 04<sup>th</sup> July, 1997, income of ₹ 28.51 crore on account of interest accrued on AGP Project has been credited to Statement of Profit and Loss for the period year ended 31<sup>st</sup> March, 2023.
  - (vii) As decided by HUDCO Board in its 596<sup>th</sup> meeting held on 14<sup>th</sup> June, 2018, Ministry of Housing and Urban affairs has been requested vide letter dated 09<sup>th</sup> July, 2018 to consider taking over the Andrews Ganj project with assets and liabilities and pay the amount incurred / to be incurred by HUDCO, towards implementing the project. It has also been conveyed that "till the project is taken over by Ministry", HUDCO shall be continuing implementing the project as per existing arrangements and continue booking maintenance and legal expenses, interest @ 10.75% p.a. and administrative charges @1.5% in "No Lien AGP Account". The decision on the same from the Ministry is awaited.
  - (viii) The company, in its aforesaid capacity as an agent of MoHUA (erstwhile MoUD), relating to AGP, is in possession of real estate properties (9 guest houses blocks and hotel site) which command much higher realizable market value sufficient to recover aforesaid amount of ₹ 558.97 crore, as on 31st March, 2023.
  - (ix) MoHUA was requested vide letter dated 13<sup>th</sup> January, 2021 to make arrangements towards reimbursement of the amount recoverable endorsement for settling the same from the project proceeds as and when the same are realized, which is

also in line with the Lease agreement and well settled and agreed.

In reply to the same, Ministry vide letter dated 10<sup>th</sup> March, 2021 has requested for certain additional information including the breakup details of principal amount and interest amount as contained in the "No Lien AGP Account" to process HUDCO's request.

Ministry vide letter dated 28<sup>th</sup> June, 2021 has stated that the "HUDCO's proposal is under examination in consultation with IFD, MoHUA. Till the proposal of HUDCO vide their letter dated 13<sup>th</sup> January, 2021 is approved, the existing arrangement may be continued as conveyed vide this office letter dated 22<sup>nd</sup> March, 2016 and 31<sup>st</sup> May, 2018".

- (b) (i) The Company had allotted a hotel site including car parking space to M/s Tomorrowland Technologies Exports Ltd. i.e., TTEL (formerly known as M/s. M S Shoes East Limited). Due to default in payment of installments by TTEL, the Company cancelled the allotment of hotel site including car parking space and forfeited the amount paid by TTEL in terms of the allotment letter.
  - (ii) TTEL started litigation regarding hotel site and filed suit for declaration in lower courts that cancellation of allotment letter by HUDCO, be declared as null & void. The Sr. Civil Judge passed final order dated 03rd July, 2010 against HUDCO. HUDCO filed first appeal against the Order of Sr. Civil Judge Before Additional District Judge (ADJ) Delhi. The ADJ vide Order dated 18th July, 2014 dismissed the first appeal of HUDCO and passed the judgment in favour of TTEL. HUDCO filed Regular Second Appeal (RSA) with Hon'ble High Court of Delhi which passed the final judgment on 03rd July, 2016 in favour of HUDCO. TTEL challenged the High Court Order by filing SLP NO: 34338/2016 in the Hon'ble Supreme Court. The matter is currently in pendency before Hon'ble Supreme Court.
  - (iii) The allotment of 9 blocks of guest houses, restaurants, kitchens and shops, which were allotted to TTEL, was cancelled due to default in payment of installment by TTEL and amount of first installment paid by TTEL was forfeited as per terms of allotment letter. TTEL filed a civil suit for permanent injunction and possession against HUDCO & Union of India. The Hon'ble High Court vide Order dated 10<sup>th</sup> August, 2016, directed that HUDCO &Union of India should consider the proposal given by TTEL for refund of entire amount deposited by way of 1<sup>st</sup> installment by it with HUDCO along with interest at such rate which may be deemed appropriate by Court.

In view of Hon'ble High Court of Delhi order dated 10th August, 2016, the Board in its 568th meeting held on 23rd August, 2016 resolved to approve the proposal to refund first installment forfeited by HUDCO excluding earnest money & the interest for delayed payment paid thereof by TTEL for guest house blocks after adjusting the commercial losses caused to HUDCO and other expenses incurred by HUDCO since 1997-98 from the date of completion of project subject to necessary approval/NOC of MoUD, Govt. of India.

The Hon'ble High Court passed a decree dated 13th January, 2017 for payment of 1st installment of ₹35.75 crore to TTEL along-with interest @ 6% p.a., w.e.f. 30th January, 1995 till date of payment and directed HUDCO to refund the interest paid by TTEL (₹0.99 crore) on the delayed period of payment of 1st installment (from 30th November, 1994 till 30th January, 1995). If the entire amount is not paid on or before 31st December, 2017, the rate of interest would then stand enhanced to 11% p.a. However, the decree was made in-executable till 30th June, 2017.

TTEL filed Review Petition in the month of May, 2017, before Hon'ble High Court of Delhi for review of the Decree dated 13th January, 2017, praying inter-alia for refund of EMD, grant of interest @ 16.48% p.a. on quarterly rests. Subsequently, Review Petition filed by TTEL was disposed off by the High Court on 12th December, 2017. Thereafter, TTEL has filed Special Leave Petition (SLP No 10752/53 of 2018) in Hon'ble Supreme Court against the Decree dated 13th January, 2017 and Hon'ble High Court Order dated 12th December, 2017. The Company filed application for recalling the Hon'ble High Court Order dated 13th January, 2017, in view of the Review Petition filed by TTEL and directions of Govt. of India. The matter was listed on 28th August, 2018, after hearing all parties, Hon'ble High Court dismissed the "Recall Application" of HUDCO. HUDCO filed SLP in Supreme Court challenging the High Court Order dated 28th August, 2018 and 13th January, 2017. Vide Order dated 18th September, 2018, the Hon'ble Supreme Court has dismissed the SLP as withdrawn, with liberty to HUDCO to file all legal objections regarding the executability of the decree in the executing Court.

Further, TTEL also filed first Execution Petition in Delhi High Court and later on, the same was also withdrawn by TTEL on 23<sup>rd</sup> December, 2017. Thereafter, TTEL has filed Revised Execution Petition, making Govt. of India also a party and claiming rate of interest @ 11% p.a. as per the decree dated 13<sup>th</sup> January, 2017. The matter was listed on 3<sup>rd</sup> May, 2018, wherein the Hon'ble High Court first directed for attachment of HUDCO Property i.e. HUDCO Bhawan, IHC, Lodhi Road, New Delhi. However, after hearing the submission of HUDCO vide the same order, Hon'ble High Court kept the attachment order of HUDCO Property in abeyance till the next date and also directed that HUDCO will not sell the property at Andrews Ganj, Delhi. Further, the learned Justice V.N. Khare, former Chief Justice of India, has opined that, "HUDCO's consent to perform the terms of the Order dated 13<sup>th</sup> January, 2017 was conditional on UOI's support and in the event, any liability is indeed ascribed to HUDCO, the same should then be recoverable from the UOI".

In view of the Supreme Court's Order dated 18th September, 2018, HUDCO filed objection in the Execution Petition,

pending in Delhi High Court. The matter was listed on 29<sup>th</sup> October, 2018. After hearing the submission of HUDCO's Counsel, the Hon'ble Court dismissed the objections. HUDCO filed two appeals in Delhi High Court as under:

- Regular first Appeal (RFA 79/2018) against the final order/ decree dated 13th January, 2017 and order dated 28th August, 2018 (Dismissal of Recall application by High Court). Notices have been issued.
- Execution First Appeal (EFA No 19/2018) against the order dated 29<sup>th</sup> October, 2018, wherein objections of HUDCO in execution petition were dismissed. The matter was listed on 27<sup>th</sup> November, 2018. After hearing the matter, the Hon'ble Court stayed the execution proceeding pending in Delhi High Court till the next date. The matter was listed again on the application of the M/s TTEL for vacation of stay on 08<sup>th</sup> July, 2020 before Division Bench, Delhi High Court, after hearing the matter, the Hon'ble Court directed that Execution First Appeal (EFA) 19/2018) shall be adjourned sine die and will be listed after the final disposal of the Regular First appeal (RFA 79/2018). The parties are at liberty to move the application for revival of EFA after final disposal of RFA 79/2018. Till the further order, the stay on the Execution proceedings shall be continued. Both the cases are pending.

TTEL filed SLP in Supreme Court, against the High Court Order dated 27th November, 2018, wherein High Court stayed the execution proceedings. However, the same has been withdrawn by TTEL on 14th January, 2019.

TTEL has filed Special Leave Petition (SLP No 10752/53 of 2018) in Supreme Court against Decree dated 13th January, 2017 and Hon'ble High Court Order dated 12th December, 2017. The SLP filed by TTEL is currently pending in Hon'ble Supreme Court. Further, in the SLP No 10752/53 of 2018, the Union of India has filed an affidavit denying its liability on this account. The said affidavit, was placed before the Board of Directors of HUDCO and as per the decision, the company has also filed a reply/affidavit to the affidavit of Union of India denying its liabilities on account of the same bases on perpetual Lease Deed 04th July, 1997 and Record Note of discussion dated 07th September, 1995. The matter is currently pending before Hon'ble Supreme Court of India.

Hence, in view of the facts and circumstances stated above, the Company does not expect any liability on this account and any expenditure related thereof. In case of any liability by virtue of any court order or otherwise, the same shall be in the account of "No Lien AGP Account" of MoUD, based on the facts and documents and the legal opinions obtained by HUDCO.

(c) The arbitrator has passed an award in favour of M/s. Ansal Properties and Industries Ltd. (APIL) amounting to ₹8.84 crore along with interest @ 18% p.a. on 28<sup>th</sup> July, 2005 in respect of the property leased to APIL at AGP. The Arbitrator has also allowed the counter claim of HUDCO amounting to approximately ₹0.85 crore along with interest @ 18% p.a. on account of maintenance charges w.e.f. 1<sup>st</sup> January, 2001 up-to 31<sup>st</sup> July, 2005. HUDCO has challenged the award before the Hon'ble High Court of Delhi and, as per the directions of the court, has deposited a sum of ₹7.99 crore in the court out of "No Lien AGP Account".

APIL has invoked arbitration for refund of ground rent paid by it from November, 1995 to October, 1999 and the arbitrator has pronounced the award on 21st July, 2006 holding therein that APIL is not liable to pay the ground rent up to October, 1999 i.e. till the shopping arcade was constructed and became operational in October, 1999. The amount of ₹3.93 crore deposited earlier by APIL has been directed to be adjusted towards the future ground rent payment dues w.e.f. November,1999 along-with Interest @ 7% p.a. for delayed payment. HUDCO has filed petition challenging the award before the Hon'ble High Court of Delhi. The Hon'ble High Court on 10th May, 2012 has set aside the arbitration award dated 21st July, 2006. APIL filed an appeal against the above-mentioned order before Division Bench of Hon'ble High Court, Delhi. Division Bench vide its order dated 24th January, 2013, allowed APIL appeal and upheld the Arbitrators award. HUDCO filed SLP on 10th May, 2013 before Hon'ble Supreme Court against this order which is currently pending.

On the last day of hearing, i.e. 5<sup>th</sup> January,2023, APIL's counsel has informed the court that vide Order dated 16th November 2022, APIL has been declared insolvent by NCLT and therefore, now the APIL is under Moratorium. Hence as per the law, all the proceedings pending against APIL are automatically stayed by virtue of law. Further, HUDCO has filed its total claims due against APIL before the Resolution Professional appointed for the above purpose.

- 4) HUDCO had allotted 6435 sq. mtr. of built-up space in 1993 at HUDCO Vishala, Bhikaji Cama Place, New Delhi to EPFO on Long Term Sub-lease basis. The sub-lease in favour of EPFO is yet to be executed and ₹0.35 crore is recoverable from EPFO.
- (a) The Company has a procedure for seeking confirmation of outstanding balances at each quarter end from all the borrowers except cases under litigation. In case of receipt of balance confirmation from the agency for any Quarter of the year, the same is treated as confirmed during the year. Confirmation of balances covering approximately 99.16% received up to 11<sup>th</sup> May 2023 (Previous Year: 92.63% received upto 11<sup>th</sup> May 2022) in value of the total project loan outstanding (excluding Litigation cases) have been received from the borrowers.

#### In case of Associate Company

Balances of certain debtors and creditors are in the process of confirmation/ reconciliation.

- (b) The Company has impairment provision on loans (as per ECL approach) of ₹2,431.06 crore as on 31st March 2023 and ₹2,504.23 crore as on 31st March, 2022 as per Ind-AS requirement.
- (c) As per RBI notification no. RBI/2019-20/170 Circular DOR (NBFC). CC.PD.No.109/ 22.10.106/2019-20 dated 13<sup>th</sup> March, 2020 on implementation of Indian Accounting Standards, Housing Finance Companies are required to create an Impairment Reserve for any shortfall in impairment allowances under Ind-AS 109 and IRACP norms (including provision on standard assets). The impairment allowance under Ind-AS 109 made by the company is lower than the total provision required under IRACP as at 31<sup>st</sup> March, 2023 and accordingly, impairment reserve of ₹67.88 crore has been created.

- 12) The Company has adopted Ind AS-19 'Employee Benefits'. Defined employee benefit schemes are as follows:
  - (a) The Company has a separate trust to manage provident fund scheme and provides interest guarantee as per Employees' Provident Fund Scheme, 1952. The Company pays fixed contribution of provident fund at a predetermined rate to the trust, which invests the funds in permitted securities. The trust is required to pay a minimum notified rate of interest on contribution to the members of the trust and the provident fund scheme additionally requires the company to guarantee the payment of interest at rates notified by EPFO from time to time under the Employees' Provident Fund Scheme, 1952 and recognizes such deficiency as an expense in the year it is determined.
    - In view of the interest rate guarantee by the Company, the plan although being a defined contribution plan is being treated as defined benefit plan for the purpose of disclosure as per Ind AS 19, since as per Section 17 of the Employees Provident Funds (EPF) Act, 1952, the company has to guarantee the interest rate as announced by the EPFO from time to time. Accordingly, the actuarial valuer has done valuation to the extent of interest rate guarantee and details of the same have been disclosed as given below.
    - The fair value of the plan assets of the Provident Fund and the accumulated members' corpus is ₹415.90 crore and ₹411.57 crore respectively (Previous year ₹338.93 crore and ₹377.44 crore respectively). The fair value of the assets of the provident fund as at 31<sup>st</sup> March, 2023 is higher than the obligation under the defined contribution plan. Provision of (₹4.33) crore (Previous year ₹38.51 crore) is outstanding based on actuarial valuation.
    - o The total employee benefit expense for the valuation period is ₹4.85 crore. The amount for Other Comprehensive Income is (₹36.45) crore.

The actuarial assumptions include discount rate of 7.27% (Previous year 6.81%) and an average expected future period of 6.38 years (Previous year 6.85 years). The Company recognized ₹11.09 crore (Previous year ₹10.62 crore) for Provident Fund contributions in the Statement of Profit and Loss. The contributions payable to this plan by the Company are at rates specified in the rules of the schemes.

- (b) The Company has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of the payment of Gratuity Act, 1972. The scheme is managed by a separate trust through LIC Policy and the premium paid by the Trust is funded by the Company.
- (c) The summarized position of various defined benefit schemes recognized in the Statement of Profit & Loss, Balance Sheet and the funded status are as under:

- a) The Company expects to contribute ₹ 1.62 crore (Previous year ₹ 1.24 crore) to the Gratuity Fund in the next financial year. The weighted average duration of the defined benefit obligation as at 31<sup>st</sup> March, 2023 is 6.20 years (Previous year 6.85 years).
- b) The Company expects to contribute ₹8.30 crore (Previous year ₹ 7.34 crore) to the Medical Benefit Fund in the next financial year. The weighted average duration of the defined benefit obligation as at 31<sup>st</sup> March, 2023 is 21.21 years (Previous year 21.43 years).

#### In case of Associate Company

As per Indian Accounting Standard - 19 "Employee Benefits", the disclosures of Employee Benefits are as follows:

(a) Defined Benefit Plans/Long Term Compensated Absences:

#### Description of Plan

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the said Act, an employee who has completed five years of service is entitled to specific benefit. The Gratuity plan provides a lumpsum payment to employees at retirement, death, incapacitation or termination of employment. The level of benefits provided depends on the member's length of service and salary at retirement age etc.

\*Gratuity Benefits and Leave Encashment Benefits are unfunded in nature. The liabilities are determined on accrual basis and not on the basis of actuarial principles since the same is not considered material.

(b) The Gratuity and Provident Fund expenses have been recognised under "Contribution to provident fund and other funds" and leave encashment under "Salaries & Wages".

**14) a)** The Govt. of India through its Notification dated 9<sup>th</sup> August, 2019 had made Reserve Bank of India (RBI) as the regulator for HFCs and the supervision part continued to remain with NHB.

RBI has issued notification dated 22<sup>nd</sup> October, 2020, on regulatory framework for HFCs, by which the definition of HFC has undergone a change. HFCs which are unable to fulfill the criteria shall be treated as NBFC – Investment and Credit Companies (NBFC-ICC).

Since, HUDCO does not fulfil the criteria of HFC as per the new definition, RBI was requested vide letter dated 16th December, 2020 for special dispensation to HUDCO for granting exemption and treat HUDCO as HFC.

RBI in its reply letter dated 10<sup>th</sup> February, 2021 has informed its inability to accede to HUDCO's request for exemption and accordingly suggested to submit a Board approved plan to fulfill the principal business criteria for HFC or to convert into a NBFC-ICC.

RBI was requested vide letter dated 8<sup>th</sup> March, 2021 to grant six months' time for transition to NBFC and to retain the status of HFC and to continue operations with the special dispensations/ relaxations given earlier with regard to credit concentration norms/ exposure norms permitted by NHB/ RBI.

In response to HUDCO's request, RBI vide letter dated 26th March, 2021 and 27th September, 2021 granted time till 31st December, 2021 to submit Board approved plan for conversion to NBFC. RBI has further advised that the exemptions from

concentration/exposure norms granted previously by NHB/RBI would continue to apply at present subject to the conditions specified while granting such exemptions.

The proposal for transition of HUDCO from its present status of HFC to NBFC – IFC was approved in principle by the HUDCO Board in its meeting held on 28<sup>th</sup> December, 2021. Thereafter, HUDCO required approval from Ministry of Housing and Urban Affairs for the conversion before submission of application form to RBI. RBI was requested vide letter dated 28<sup>th</sup> December, 2021 to grant three months' time for submission of application to RBI and to retain the status of HFC and RBI vide letter dated 31<sup>st</sup> December, 2021 granted time till 31<sup>st</sup> March, 2022 for conversion from HFC to NBFC-IFC.

HUDCO had submitted application to RBI on 29th March, 2022 to convert from HFC to NBFC- IFC. In reference thereof, RBI vide letter dated December 22, 2022 expressed its inability to accede to HUDCO's request for conversion of certificate of registration (CoR) to an NBFC-IFC owing to non-fulfilment of certain condition of RBI Master Directions for NBFCs. After detailed deliberation and ensuring compliance with the RBI Master Directions for NBFCs, HUDCO has resubmitted the application with necessary documents with RBI for conversion of certificate as NBFC-IFC on February 22, 2023. In view of the above, the management reckons to receive the said approval from RBI in FY 2023-24. Till such time HUDCO continues to retain the status of HFC.

- b) RBI vide circular number DOR.CRE.REC.No.60/03.10.001/2021-22 dated October 22, 2021 has introduced Scale-Based Regulations (SBR) for NBFCs and these guidelines have been made effective from October 01, 2022. As per this framework Government owned NBFCs are still in the transition period and therefore RBI decided not to subject them to the Upper Layer regulatory framework. Guidelines as applicable for the NBFC-Middle Layer (ML) shall be applicable to the Company. Disclosures applicable to the Company have been made in the notes to Accounts under regulatory disclosures.
- 15) RBI has issued Master Directions for NBFC-HFC vide their Notification dated 17<sup>th</sup> February, 2021. RBI's credit concentration norms state that a Housing Finance Company's lending exposure to any single borrower or investment in the shares of another company should not exceed 15% of its owned funds and lending exposure to any single group of borrowers or investment in the shares of single group of companies should not exceed 25% of its owned funds. As per the said circular, Investment of a Housing Finance Company (HFC) in the shares of another HFC shall not exceed 15% of the Equity Capital of the investee company.

The Company is complying with National Housing Bank's credit concentration norms except in one case of investment in another HFC viz., Indbank Housing Ltd. (IBHL), a subsidiary of Indian Bank in which HUDCO has invested 25% capital of investee.

HUDCO had invested ₹2.50 crore, out of total paid up capital of ₹ 10 crore, in the equity shares of IBHL in the year 1990-1991 and 1991-1992, resulting in investment to the extent of 25% of the equity. The investment was made before regulatory guidelines were issued. No further investment was done nor any disinvestment has been made.

HUDCO has been making efforts for past several years to exit/bring down its stake within the prescribed norms however since Ind-Bank Housing Finance is having accumulated losses and is non-operational for several years it has not been successful. However, recently Ind-Bank with a view to revive its operations and adequately capitalize it has decided to increase equity base and invited investment bids from strategic investors and Indian Bank would also subscribe by way of preferential allotment so as to maintain its 51% stake. The proposal has been submitted to RBI and in case it is approved, HUDCO's stake would come down below 25% which will be well within norms. Further, HUDCO has written down the investment in its books and being reflected at ₹1.

- NHB/ RBI, from time to time, has given certain relaxations from credit concentration norms considering the role envisaged for HUDCO. However, vide its letter No. NHB(ND)/ DRS/ SUP/ 3911/ 2018 dated 2<sup>nd</sup> April, 2018, NHB capped the credit concentration (Exposure) limit for Government/Public agencies as follows:
  - o The individual exposure limit of HUDCO to Government/Public Agencies (inclusive of the exposure limit of upto 30% for infrastructure/ non-housing related activities) shall be capped at 50% of its NOF.
  - The exposure limit of HUDCO for State Government (under group exposure) shall be capped at 150% of its NOF in respect of State of Telangana and 100% of NOF for all other States. HUDCO is required to take suitable steps to bring down the group exposure in respect of State of Telangana also to 100% within a maximum period of 3 years The conditions relating to compliance by the concerned State with the FRBM limits shall continue to be ensured by HUDCO.

The Board of Directors of HUDCO in its 594<sup>th</sup> meeting held on 19<sup>th</sup> April, 2018 considered above and directed that "NHB be again requested to expeditiously review its decision communicated vide its letter dated 2<sup>nd</sup> April, 2018 and permit HUDCO to continue on the already approved pattern of credit concentration norms communicated by NHB vide its letters from time to time".

NHB vide its letter no. NHB(ND)/DRS/SUP/7085/2018 dated 13<sup>th</sup> July, 2018 has conveyed its decision to allow HUDCO to continue its disbursals as per the schedule in relation to the existing sanctions made upto 31<sup>st</sup> May, 2018. However, HUDCO shall be required to take suitable steps to bring down the exposure to Government/Public Agencies and State Governments (under group exposure) in the above cases also to 50% and 100% respectively latest by March, 2023.

The exposure limits of upto 50% for Government/Public Agencies (inclusive of the exposure limit of upto 30% for infrastructure/non-housing related activities) and upto 100% for State Governments (under group exposure) will continue to be applicable in all other cases. The condition relating to compliance by the concerned State with the FRBM limits shall continue.

HUDCO vide letter dated 6th March, 2019 requested NHB seeking relaxation in the individual/group exposure norms. Further, HUDCO also sought exemption from exposure norms for funding of PMAY (U) programme through Extra Budgetary Resources (EBR).

NHB vide its letter no. NHB(ND)/DRS/SUP/879/2019 dated 8<sup>th</sup> March, 2019 granted relaxation in credit concentration norms (under individual borrower exposure to Government /public agency) to HUDCO to extend loan upto ₹20,000 crore to BMTPC under the PMAY-U subject to the condition that demand under Credit Linked Subsidiary Scheme (CLSS) is met on priority while utilizing funds lent to BMTPC.

NHB vide its letter no. NHB(ND)/DRS/SUP/880/2019 dated 8<sup>th</sup> March, 2019 granted relaxation to HUDCO in respect of credit concentration (exposure) norms upto 140%, 175% and 120% of the NOF in respect of the State of Andhra Pradesh, Telangana and Uttar Pradesh respectively (under group exposure) and upto 55% (under individual exposure) each in case of APTIDCO and HMWSSB subject to the following conditions:

- (i) HUDCO shall continue to ensure that the extended exposures (beyond 50% and 100% respectively) are guaranteed by the State Government(s) and HUDCO will cease to extend further exposure to these states if FRBM limits are breached.
- (ii) HUDCO shall also be required to bring down its exposure to 50% in respect of individual exposure and 100% in respect of group exposure latest by 31st March, 2023, in accordance with the roadmap for graded reduction in exposure approved by Board of Directors.
- (iii) The position should be reviewed by the Board of HUDCO on a six-monthly basis to ensure strict adherence to the Board approved exposure reduction plan.
- (iv) In the event of HUDCO failing to comply with the above exposure reduction plan, HUDCO will be required to assign risk weight of 100% on the excess exposure in addition to any regulatory penalty as may be applied by the NHB.

The exposure limit of up-to 50% for Govt./Public agencies (inclusive of the exposure limit of up-to 30% for infrastructure/Non housing related activities) and up-to 100% for State Govt. (under group exposure) will continue to be applicable in all other cases.

RBI has vide its letter no 1736/3.10.136/2019-20 dated 5<sup>th</sup> March, 2020 granted relaxation of credit concentration norms for exposure to Telangana State Housing Corporation Limited (TSHCL) upto 75% of Net Owned Fund of HUDCO subject to following conditions:

- (i) The additional exposure is backed by explicit guarantee from State Government.
- (ii) The exposure to TSHCL will be brought down to 50% of NOF by 31st March, 2023 as prescribed by NHB (ND)/DRS/SUP/880/2019 letter dated 8th March, 2019. A detailed action plan to this effect may be forwarded to NHB.
- (iii) Other conditions as prescribed by NHB vide their above-mentioned letter dated 8th March, 2019 are adhered to.

RBI vide their letter dated 26<sup>th</sup> March, 2021 has permitted that the exemptions from concentration/exposure norms granted previously by NHB/RBI would continue to apply at present subject to the conditions specified while granting such exemptions. However, a review shall be undertaken at the time of conversion to NBFC.

HUDCO was given the time limit to bring down exposure upto 50% in respect of individual exposure and upto 100% for State Governments (under group exposure) by March 2023. In compliance with the same, HUDCO has brought down the exposure to 50% in respect of individual exposure and upto 100% for State Governments (under group exposure) as on March 31, 2023 in respect of all states.

- HUDCO is in the process of transition from its present status of HFC to NBFC-IFC. In view of the above, HUDCO has requested RBI to allow HUDCO to continue operations with the special dispensations/relaxations given with regard to credit concentration/exposure norms by NHB/RBI. Furthermore, HUDCO has requested RBI that it may be granted exemption from the applicability of concentration of credit/investment norms in respect of its exposure towards Central/ State Government entities consequent upon registration as NBFC-IFC in line with other Government NBFCs.

(\*) For the on-going projects sanctioned prior to 31.03.2021

During the FY 2022-23, HUDCO has approved CSR assistance of ₹26.68 crore for 19 proposals in various states. As per HUDCO's approved CSR Policy, 1<sup>st</sup> instalment of CSR assistance is to be released on completion of documentation and the subsequent instalments are released on receipt of utilization of certificate of the released CSR grant and after achieving physical/financial progress in the proposal. Since most of the proposals were approved in the last quarter of financial year, concerned agencies are yet to complete the documentation formalities and preparatory works for execution of works e.g., finalization of tender etc. and therefore the 1<sup>st</sup> instalment could not be released in proposals approved during the year and in view of this, the amount has been transferred to the unspent CSR account. This has resulted in delay in incurring CSR expenditure from the CSR budget of FY 2022-23.

- b) Companies (CSR Policy) Amendment Rules 2021 dated 22<sup>nd</sup> January, 2021 issued by Ministry of Corporate Affairs has notified that the Company hereafter follows the amended rules. Accordingly, any amount remaining unspent pursuant to ongoing projects undertaken by a company in pursuance of its CSR policy shall be transferred by the company in the unspent CSR Account with any Bank within a period of 30 days from the end of financial year. CSR amount transferred to the said account shall be spent by the company in pursuance of its obligation towards CSR Policy within a period of three financial year from the date of such transfer. Thereafter, balance of unspent amount, if any, shall be transferred to a fund specified in Schedule VII mentioned under Section 135 of Companies Act 2013, within a period of 30 days from the date of completion of the third financial year.
- c) During the year 2022-23, the company has approved CSR assistance of ₹26.68 crore for 19 proposals in various states, however as already stated above no expenditure could be incurred in these proposals as most of the proposals were approved in the last quarter of financial year and concerned agencies are yet to complete the documentation formalities. Accordingly, the amount pertaining to these ongoing proposals is transferred to 'Unspent CSR account' opened in April 2023 and shall be incurred as per Companies CSR Rules 2021 as stated above. Further, ₹3,20,72,843/- has been spent during current financial year 2022-23 for the ongoing CSR proposals sanctioned prior to 31st March, 2021.
- d) As of 31st March 2023, an amount of ₹ 18,30,18,204/-, being the unspent CSR amount other than ongoing CSR activities for the FY 2022-23 shall be transferred to Government fund specified in Schedule VII of the Companies Act,2013 within the stipulated time period, i.e., on or before 30th September,2023.
- e) In compliance with the Ministry of Corporate Affairs, Government of India notification dated 22<sup>nd</sup> January,2021, as already mentioned in the Annual Report under Category "CSR activities" for financial year 2021-22, HUDCO has transferred an amount of ₹16,99,00,000/- being the unspent CSR budget amount for the financial year 2021-22 to 'Swachh Bharat Kosh', a fund specified in Schedule VII of the Companies Act,2013 on 30<sup>th</sup> September, 2022.
- f) As on 31st March, 2023, the total amount available under Unspent CSR Account opened in April 2021 is ₹ 13,75,61,434/- (Previous year 31st March, 2022, ₹27,02,24,158/-). During the year, out of the aforesaid amount, ₹ 2,53,51,342/- and ₹73,86,085/- has been contributed to 'Swachh Bharat Kosh' and 'PMCARES Fund' funds specified in Schedule VII of the Companies Act, 2013, respectively due to closure and curtailment of CSR proposals sanctioned prior to 31st March, 2021. Besides this, ₹ 8,88,90,596/-amounting to the other than earmarked for ongoing projects of earlier years due to closure and curtailment has been transferred to 'Swachh Bharat Kosh', a fund specified in Schedule VII of the Companies Act,2013 on 30th September, 2022 as already mentioned in the Annual Report under Category "CSR activities" for financial year 2021-22

## 38) Research & Development (R&D)

The Company had formulated a Research & Development (R&D) policy in line with the guidelines issued by the Department of Public Enterprises vide Office Memorandum No. 3(9)/ 2010-DPE (MoU) dated 20.09.2011. However, vide Office Memorandum No. M-05/0012/2014-DPE(MoU) dated 17th July, 2019, DPE informed that the guidelines prescribed vide above Office Memorandum dated 20.09.2011 have become redundant and stood withdrawn. The Board of Directors of HUDCO in its meeting held on 19.02.2020 noted the above development and has also approved to continue with HUDCO's own R&D policy formulated in 2012. The Board of Directors also approved to discontinue with earmarking 0.5% of PAT until the accumulated non-lapsable R&D funds are fully utilized. During the FY 2022-23, an amount of ₹0.13 crore was spent on R&D. Accordingly an amount of ₹9.30 crore as on 31st March 2023 (Previous Year: ₹9.43 crore) was available with HUDCO as non-lapsable R&D funds.

39) The Company has not advanced or lent or invested any funds which are material either individually or in the aggregate (either from borrowed funds or share premium or any other sources or kind of funds) to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

The Company has not received any fund which are material either individually or in the aggregate from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

## Housing Finance Company-Para 4.1.17 of NBFC-HFC (Reserve Bank) Directions 2021.

| Criteria- | NBFC   | %      | Limit |
|-----------|--|--------|-------|
| А         | Financial Assets/Total Assets (Net of Intangible Assets) | 99.38% | >50%  |
| В         | Income from Financial Assets/Gross Income                | 98.83% | >50%  |

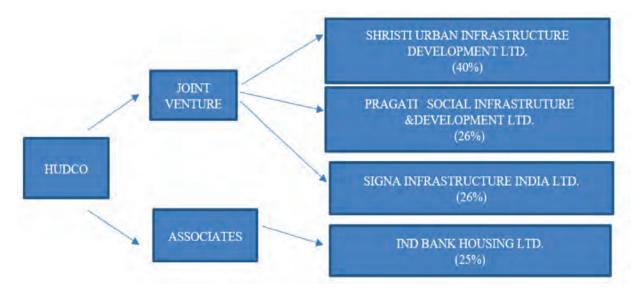

| Criteria-II | HFC  | %      | Limit       |
|-------------|--|--------|-------------|
| С           | Housing Finance / Total Assets (net of Intangible Assets)                | 54.05% | <b>≽60%</b> |
| D           | Housing Finance for Individual / Total Assets (net of Intangible Assets) | 0.11%  | <b>≽50%</b> |

During the computation of Principal Business Criteria, HUDCO has taken into consideration the loan assets extended under the Beneficiary Led Construction (BLC) and Extra Budgetary Resources (EBR) components. Under both these components, loans are provided for affordable housing purposes. HUDCO has classified both these components under the housing category for its book keeping purposes.

HUDCO has recently resubmitted its application to the Reserve Bank of India (RBI) for registration as NBFC-IFC. In this regard, we have submitted the certified infrastructure lending portfolio, certified by our statutory auditors, to the RBI. It is worth noting that in the certified infrastructure lending portfolio, HUDCO has categorized the loans extended under the Beneficiary Led Construction (BLC) and Extra Budgetary Resources (EBR) for affordable housing purposes only, under the Social and Commercial Infrastructure category, as per the Harmonized Master List of Infrastructure Sub-Sectors issued by the Ministry of Finance (Department of Economic Affairs).

## 42) Disclosure on Liquidity Coverage Ratio

### **Qualitative Disclosure:**

Institutional set-up for the Liquidity Risk Management: HUDCO has implemented an integrated risk management approach through which it reviews and assesses significant risks on a regular basis to ensure that there is a robust system of risk controls and mitigation in place. HUDCO has a well-structured robust Risk Management Policy and Operating Manual in line with its objectives to address the various risks.

In compliance with the SEBI (LODR) Regulations, 2015, HUDCO has in place a Board Level Committee under the nomenclature 'Risk Management Committee' (RMC) headed by an Independent Government Nominee Director, which reviews various decisions/ recommendations of the three sub-committees namely:

- Assets & Liabilities Management Committee (ALCO);
- · Credit Risk Management Committee (CRMC); and
- Operational Risk Management Committee (ORMC)

The Risk Management Committee (RMC), which is a committee of the Board, is responsible for evaluating and monitoring the integrated risk management system of the Company including liquidity risk. The ALCO is responsible for ensuring adherence to the liquidity risk tolerance/limits set out in the board approved Asset Liability Management (ALM) policy. The role of the ALCO with respect to liquidity risk includes, inter alia, decision on desired maturity profile for assets & liabilities, responsibilities and controls for managing liquidity risk, and overseeing the liquidity position of the company. The ALM Policy is reviewed periodically to realign the same pursuant to any regulatory changes in the economic landscape or business needs and tabled to the Board for approval.

Management regularly reviews the position of cash and cash equivalents by aligning the same with the projected maturity of financial assets and financial liabilities, economic environment, liquidity position in the financial market, anticipated pipeline of future borrowing & future liabilities and threshold of minimum liquidity defined in the ALM policy with additional liquidity buffers as management overlay.

The Liquidity Coverage Ratio (LCR) is a global minimum standard to measure the Company's liquidity position. The Reserve Bank of India (RBI), vide its Master Direction - Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021, dated February 17, 2021, introduced the LCR requirement for all non-deposit-taking HFCs with an asset size of ₹ 10,000 crore and above and all deposit taking HFCs irrespective of their asset size as per the following timeline:

| From        | December | December | December | December | December |
|-------------|----------|----------|----------|----------|----------|
|             | 01, 2021 | 01, 2022 | 01, 2023 | 01, 2024 | 01, 2025 |
| Minimum LCR | 50%      | 60%      | 70%      | 85%      | 100%     |

Hence, the company is required to maintain minimum LCR of 50% w.e.f December 01, 2021).

Further, the aforementioned Master Direction states that the guidelines on Liquidity Risk Management Framework prescribed for NBFCs by the RBI vide its Master Direction - Non-Banking Financial Company – Systematically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016, dated September 01, 2016 shall apply mutatis mutandis to Housing Finance Companies (HFCs).

As per the said guidelines, the Company shall maintain an adequate level of unencumbered High Quality Liquid Assets (HQLA) that can be converted into cash to meet its liquidity needs for a 30 calendar-day time horizon under a significantly severe liquidity stress scenario. "HQLA" means liquid assets that can be readily sold or immediately converted into cash at little or no loss of value or used as collateral to obtain funds in a range of stress scenarios. "Unencumbered" means free of legal, regulatory, contractual or other restrictions on the ability of the NBFC to liquidate, sell, transfer or assign the asset. Assets to be included in the computation of HQLAs are those that the NBFC is holding on the first day of the stress period. Such assets shall be valued at an amount not greater than their current market value for the purpose of computing the LCR. Depending upon the nature of assets, they have been assigned different haircuts, which are to be applied while calculating the HQLA for the purpose of calculation of LCR.

In order to determine HQLA, the company considers Fixed Deposits which are maintained with Scheduled Commercial Banks

owing to the fact that it bears 0% haircut. As a matter of prudence for the purpose of maintenance of LCR, highest level of HQLA requirement in the forthcoming 7 days is considered on continuous basis by the company.

Liquidity Coverage Ratio (LCR) is represented by the following ratio:

## Stock of High Quality Liquid Assets (HQLAs)

## Total Net Cash Outflows over the next 30 calendar days

In order to determine Net Cash Outflows, the Company considers total expected cash outflow minus total expected cash inflows for the subsequent 30 calendar days by assigning a predefined stress percentage to the overall cash inflows and cash outflows. Total expected cash outflows (stressed outflows) are calculated by multiplying the outstanding balances of various categories or types of liabilities and off-balance sheet commitments by 115% (15% being the rate at which they are expected to run off further or be drawn down). Total expected cash inflows (stressed inflows) are calculated by multiplying the outstanding balances of various categories of contractual receivables by 75% (25% being the rate at which they are expected to underflow). However, total cash inflows will be subjected to an aggregate cap of 75%, of total expected cash outflows.

In other words:

Total Net Cash Outflows over the next 30 days = Stressed Outflows – Lower of (Stressed Inflows or 75% of Stressed Outflows).

One of the components of cash outflow of this disclosure includes Other Contractual Funding Obligations, which, inter alia, includes payment of taxes and dividend paid by the company.

The Company computes the LCR and reports the same to the Asset Liability Management Committee (ALCO) every month for review and approval.

## Notes:

- Unweighted values calculated as outstanding balances maturing or callable within 30 days (for Cash Inflows and Cash Outflows).
- 2. Weighted values calculated after the application of respective haircuts (for HQLA) and stress factors (on Cash Inflow/Cash Outflow).
- 3. The average unweighted and weighted amounts are calculated taking simple averages of daily observations.
