Notes:

- The above unaudited financial results for the quarter and nine months ended December 31, 2019, as reviewed by the Audit Committee of the Board, were approved and taken on record by the Board of Directors at their meeting held on February 12, 2020. The Statutory Auditors of the Company have carried out the limited review of the financial results for the quarter and nine months ended December 31, 2019 and an unqualified review report has been issued.
- The above results are prepared in compliance with the Indian Accounting Standards (Ind-AS) as prescribed under Section 133 of the Companies Act, 2013 and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India.
- The Company is engaged in Container Freight Station (CFS) and Inland Container Depot (ICD) Operations and related activities during the period, consequently the Company does not have separate reportable business segment for the quarter and nine months ended December 31, 2019.
- The Company has made provision for income tax in all the previous reporting periods as per tax rate applicable to companies (as described in Finance Acts of respective years). However, The Company was under the purview of Minimum Alternate Tax (MAT) under Section 115JB of Income Tax Act, 1961 as it claimed deduction under section 80IA of Income Tax Act, 1961 for Maharashtra region up to year ended 31st March, 2019.

However, the management of Company has decided to defer deduction of section 80IA of Income Tax Act, 1961 for Vapi unit for future business years as the deduction can be taken for 10 consecutive years out of available 15 years. Therefore, during the quarter ended on 31st December, 2019 the company has made provision for income tax as per normal tax rate applicable to company and the difference in tax as per normal provisions of Income Tax Act and that as per minimum alternate tax is being utilized out of MAT Credit Entitlement standing in books of the company. Thus, the tax payable will result into cash outflow as per reduced amount as above.

The current tax as shown in the Statement of Profit and Loss shows the amount of tax payable after adjusting the MAT credit utilization out of credit available and the amount of credit so utilized is being shown as part of deferred tax expense as per Guidance Note on Division II of Schedule III of Companies Act, 2013

- Figures relating to the previous period(s) / year have been regrouped / rearranged, wherever necessary, to make them comparable with those of the current period.
