MANAGEMENT DISCUSSION AND ANALYSIS

1. Overview

The world was largely free of the impact of Covid in 2022-23. The war in Ukraine dragged on with progressive reduction in the impact on commodities during the course of the year. The war has also had a significant impact on the global economy, causing energy prices to rise and disrupting supply chains. Inflation was a major concern in many countries during the year. In the United States, inflation reached a 40-year high in 2022. It made more difficult for people to afford basic necessities, and also lead to economic instability around the globe. However, India was not significantly impacted with the Inflation. It appears to have peaked and seem to be slowly receding. However, tight labour markets in advanced economies ensured demand did not slacken even with multiple interest rate hikes which leaves us with prospects of more rate increases to rein in inflation. US Federal Reserve raised interest rates by a cumulative 3.5% in the past one year ending March 2023. The terminal rate that was initially thought to be around 4.6% is now seen crossing 5%, which shows that inflation is entrenched. The consistent rate increases have led to stress in some parts of the Banking system. Collapse of the Three Major US banks also significantly impacted the financial industry. Tighter financial conditions lead to forecasts of recession for parts of the western world. World Bank warned in a paper in September, 2022 that the world wide slow down and tightening financial conditions will give rise to significant financial stress and trigger a global recession in 2023. However, the growth rate of India for FY 2023-2024 is estimated to be 7.2%. This is slightly lower than the growth rate of 9.1% in FY 2022-2023. The lower growth rate is attributed to a number of factors, including the Russia-Ukraine war, rising inflation, and supply chain disruptions.

Industry Structure and Developments

NBFCs have become important constituents of the financial sector and have been recording higher credit growth than scheduled commercial banks (SCBs) over the past few years. NBFCs have been at the forefront of financial inclusion in India, lending to undeserved and unserved segments such as small businesses and rural households. They have played an important role in deepening access to formal credit and promoting inclusive growth.

NBFCs are leveraging their superior understanding of regional dynamics and customised products and services to expedite financial inclusion in India. Lower transaction costs, quick decision making, customer orientation and prompt service standards have typically differentiated NBFCs from banks. Considering the reach and expanse of NBFCs, they are well-suited to bridge the financing gap in a large country like India.

Given the systemic risks that the sector poses, the RBI issued ‘Scale Based Regulation (SBR): A Revised Regulatory Framework for NBFCs’ and in line of this RBI issued Compliance Function and Role of Chief Compliance Officer (CCO), Loans and Advances – Regulatory Restrictions, Capital requirements for Non-Banking Finance Companies, Large Exposures Framework for Non-Banking Financial Company, Guidelines on Compensation of Key Managerial Personnel (KMP) and Senior Management in NBFCs, Provisioning for Standard assets by Non-Banking Financial Company, Multiple NBFCs in a Group during the year under review.

Apart from Scale based regulations and multiple directions issued thereunder, the RBI, inter alia, has also issued following to effectively regulate and govern the business of NBFCs in India:

1. Master Direction – Credit Card and Debit Card – Issuance and Conduct Directions, 2022
2. Lending by Commercial Banks to NBFCs and Small Finance Banks (SFBs) to NBFC-MFIs, for the purpose of on-lending to priority sectors
3. Outsourcing of Financial Services - Responsibilities of regulated entities employing Recovery Agents
4. Guidelines on Digital Lending. Etc.

Opportunities

NBFCs have served the unbanked customers by pioneering into retail asset-backed lending, lending against securities and microfinance. Following variables in the external environment may be seen as opportunities for the Company:

MANAGEMENT DISCUSSION AND ANALYSIS Contd.

- NBFCs aspire to emerge as a one-stop shop for all financial services
- The sector has witnessed moderate consolidation activities in recent years, a trend expected to continue in the near future
- New banking license-related guidelines issued by RBI place NBFCs ahead in competition for licenses owing largely to their rural network
- New RBI guidelines on NBFCs with regard to capital requirements, provisioning norms & enhanced disclosure requirements are expected to benefit the sector in the long run.

Challenges

- Competitive rivalry between big players is intense in the industry
- Financial services companies often compete on the basis of offering lower financing rates, higher deposit rates and investment services;
- Stringent regulatory norms prevent new entrants;
- Customers prefer to invest their money with a reputed financial services company offering a wide range of services;
- Low bargaining power of suppliers as the industry is highly regulated by RBI;
- Medium bargaining power of customers. Although customers do not have much bargaining power, they can easily switch to another company based on the terms and quality of services provided.

STRENGTH:

The existing management has a strong technical, finance and administrative expertise in various industries and corporate sectors including the business of the Company.

Internal Control Systems and their adequacy

Given the magnitude and nature of its business, the Company has maintained sound and commercial practice with an effective internal control system. The system ensures that all transactions are authorized, recorded and reported correctly to safeguard the assets of the Company and protect them from any loss due to unauthorized use or disposition. The adequate internal information system is in place to ensure proper information flow for the decision-making process. The Company also has well-established processes and clearly defined roles and responsibilities for people at various levels. The control mechanism also involves well documented policies, authorization guidelines commensurate with the level of responsibility and standard operating procedures specific to the respective businesses, adherence to which is strictly ensured. Internal audit is carried out frequently to create awareness and to take corrective actions on the respective units or areas, which need rectification.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

INDEPENDENT AUDITOR'S REPORT Contd.

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

“Annexure B” to the Auditors’ Report**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **Aar Shyam India Investment Company Limited** (“the Company”) as of 31st March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

INDEPENDENT AUDITOR'S REPORT Contd.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
