Wipro positioned as a Leader in Gartner's Magic Quadrant for Data Center Outsourcing and Hybrid Infrastructure Managed Services, North America

Bangalore, India and East Brunswick, New Jersey, USA – September 18, 2019: Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting and business process services company, today announced that it has been positioned as a Leader in Gartner's Magic Quadrant for Data Center Outsourcing and Hybrid Infrastructure Managed Services, North America. The report, authored by Mark Ray, Daniel Barros, Stephanie Stoudt-Hansen, Andrew Miljanovski, was published on June 13, 2019. Wipro has been positioned as a Leader in this research report for the second consecutive year.

"This Magic Quadrant evaluates the abilities of service providers to deliver data center managed services. These include DCO, HIMS, private cloud services, mainframe services, ERP hosting, data center transformation, cloud migration services, edge data center managed services and other IUS. Services are enabled by RIM services, IA services and software-defined infrastructures."

According to Gartner analysts, "Leaders perform skillfully. They have a clear vision of the market's direction and develop competencies to maintain their leadership. They shape the market, rather than follow it."

Kiran Desai, Senior Vice President and Global Head, Cloud and Infrastructure Services, Wipro Limited said, "We believe that Wipro's position as a Leader in Gartner's Magic Quadrant for Data Center Outsourcing and Hybrid Infrastructure Managed Services, North America, for the second consecutive year, reflects our commitment to our customers, and is a testament to the value we bring to them. Our best in-class services and continual investments in technologies like Wipro's cloud studio, DevOps, software defined everything (SDx), Wipro Holmes™ are helping our clients keep pace with innovation and accelerating their digital journey."

The full report can be found [here](#).

Forward-looking and Cautionary Statements

Certain statements in this release concerning our future growth prospects are forward-looking statements, which involve a number of risks, and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property, and general economic conditions affecting our business and industry. Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
