Trade ties on agenda as Goyal heads to US for IPEF ministerial

To meet US commerce secretary, trade representative in Los Angeles next week

SHREYA NANDI
New Delhi, 2 September

Commerce and Industry Minister Piyush Goyal will attend the first in-person Indo Pacific Economic Framework for Prosperity (IPEF) ministerial in Los Angeles on September 8-9, an official statement said on Friday. The minister will hold bilateral meetings with US Secretary of Commerce Gina Raimondo and US Trade Representative Katherine Tai on the sidelines of the ministerial meeting with an eye on strengthening trade and economic ties between both nations. Goyal will be on a six-day visit to San Francisco and Los Angeles starting Monday, which will also include attending the India-US Strategic Partnership Forum conference. During his visit, he will interact with eminent business persons, US officials and industry leaders to fortify the partnership between the two nations and strengthen trade and economic ties. "The US is a very important strategic, trade and commercial partner. This visit is very important for India in that regard... He (Goyal) will also attend the

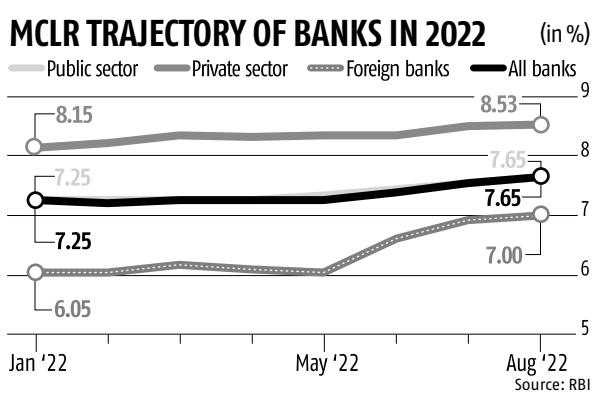

IPEF ministerial, in which he will also be interacting with the counterparts from the rest of the (IPEF) member countries," a senior government official said. "This meeting will enable ministers to have detailed discussions and expect the core elements of each of the four pillars (of IPEF) and broad scope of engagement and possibly some mechanisms on how these engagements will go forward will emerge from these discussions," the official said, referring to the agenda of the meet. The IPEF was launched jointly by

the US and other partner countries of the Indo-Pacific region on the sidelines of the Quad Summit in Tokyo on May 23. It seeks to strengthen economic partnership among participating countries with the objective of enhancing resilience, sustainability, inclusiveness, economic growth, fairness and competitiveness in the region. IPEF is also seen as an economic initiative to counter China's influence in the South and Southeast Asia. This is the first pluri-lateral deal that India has agreed to join after exiting RCEP deal at the last minute in 2019. Apart from India and the US, the 12 other members of the IPEF are Australia, Brunei, Fiji, Indonesia, Japan, Korea, Malaysia, New Zealand, Philippines, Singapore, Thailand, and Vietnam. Goyal is also expected to interact with technology, entrepreneurship, and academic communities in the Bay Area, specifically, in the Silicon Valley to

undertake focused discussions with American companies looking to invest or expand in India across sectors such as electronics, including semiconductor, technology, fintech, among others. In San Francisco, the minister is expected to meet the heads of companies such as Rocketship, Mayfield, Google, Oracle, Visa, Levi's, Nexus Capital, among others. "India and the US enjoy a comprehensive global strategic partnership covering almost all areas of human endeavour, driven by shared democratic values, convergence of interests on a range of issues, and vibrant people-to-people contacts. Regular exchanges at the leadership-level have been an integral element of the expanding bilateral engagement. The outcomes emerging from these visits have been instrumental in further strengthening the multifaceted ties between the two countries," an official statement said.

"The US is a very important strategic... trade and commercial partner. This visit is very important for India in that regard... He (Goyal) will also attend the IPEF ministerial, in which he will also be interacting with counterparts from the rest of the (IPEF) member countries"

1-yr median MCLR rise moderates in August, up 40 bps

ABHIJIT LELE
Mumbai, 2 September

The rise in one-year median marginal cost of fund-based lending rate (MCLR) of commercial banks moderated to 10 basis points (bps) in August from a hike of 15 bps in July. It has risen 40 bps since June. This comes on the back of the Reserve Bank of India (RBI) raising the repo rate by 140 bps to 5.4 per cent in the current tightening cycle. Anil Gupta, co-group head, financial sector ratings at ICRA, said banks will be calibrated in revising the MCLR, as they have to be competitive vis a vis other sources of borrowings, i.e. bonds and external commercial borrowings. Also, they have leeway in passing on cost of funds to borrowers. Bankers, too, indicated that the MCLR would continue to rise but not to the extent of the increase in the policy rate.

Besides, much of the MCLR-linked lending is to corporate houses, which have access to other sources of funding, the bankers pointed out, explaining the reason for the moderation in the MCLR hike in August. Thus far in financial year 2022-23 (FY23), the one-year median MCLR for commercial banks has risen by 40 bps from 7.25 per cent in April to 7.65 per cent in August, according to data from the RBI. The current MCLR rates are still lower than the rates that prevailed in the previous monetary tightening cycle of 2018, when they had moved from 8.3 per cent in February 2018 to 8.8 per cent in January 2019. This was done in anticipation of rate hikes by the RBI, which had increased the policy repo rate by 25 bps to 6.25 per cent in June 2018, then again by 25 bps to 6.5 per cent in August 2018.

'TMB is settling all disputes'

Tamilnad Mercantile Bank (TMB), the 100-year-old lender preparing for an initial public offering (IPO) of ₹830 crore, plans to expand as it waits for the Reserve Bank of India to lift restrictions on it setting up new branches. K V RAMA MOORTHY, TMB's managing director and chief executive officer, spoke to Shine Jacob talks about branch expansion, IPO and focus on RAM (retail, agri and MSME) portfolio. Edited excerpts:

What will be the major changes that the IPO will bring to the TMB table?
This initial public offering (IPO) is not going to make any huge change for the bank in terms of its operations; that is what I personally believe. There has been a retail franchise concentrating business on CASA (current and savings account ratio) on liability side and focusing on the retail, agri and micro small and medium enterprises (RAM) on the asset side and then on the relationship-based banking. In the short-term, capital adequacy ratio may go up to 25 per cent. In a reasonable period of a couple of years, we should be able to maintain the same level of ROE.

What will the ₹800 crore be used for? Why didn't you go for the offer for sale?
This will be for practically augmenting the growth capital of the bank. We have aspirations to grow over the next three to five years, both in terms of the digital as well as the physical way. This is going to be an augmenting source for growth capital of the bank that will be more useful in capacity building. Initially, the board as well as AGM had authorised for at least 5 per cent OFS and 5 per cent new issuance. Around six existing investors had offered to sell shares through OFS. Earlier, we had planned the OFS, but due to the delay in getting approvals, the portion was withdrawn. That's the reason why we have 10 per cent dilution all be fresh issues.

Q & A
K V RAMA MOORTHY
MD & CEO, Tamilnad Mercantile Bank

37.61 per cent of TMB's paid up equity, or 53.59 million shares, are subject to legal proceedings between Indian and overseas shareholders. Will this be a huge concern for you going forward?
On a major chunk of the 20 per cent dispute, DOE is looking into it. They are examining the Foreign Exchange Management Act (FEMA) angle of at least seven FII's holding in fact. Remaining disputes are around parties, sellers and buyers of shares. As far as the bank is concerned, we have been performing well with these disputes in place. We had been sharing our dividend also to all our investors in the past also. With one more regulator stepping into the shoes, we should be able to find some logical answer to all these impending issues.

You have around 509 branches across the country. Out of that only a few are reportedly loss making. What are the major reasons for this and what are your expansion plans?
As per the March 2022 numbers, out of 509 branches, only nine branches are loss making. Very close monitoring and focusing on the right areas of the business at the grass root level are the reasons for this success. Once the norms for opening of branches will be liberalized by the Reserve Bank of India (RBI), post IPO, we will be sitting in our board and finalizing the expansion plans.

SAT dismisses plea against lender TMB's ₹830-cr IPO

BS REPORTER
Mumbai, 2 September

The Securities Appellate Tribunal (SAT) on Friday dismissed pleas opposing the ₹830-crore initial public offering (IPO) of private sector lender Tamilnad Mercantile Bank (TMB). The tribunal, which heard the matter on an urgent basis as the TMB's IPO opens on Monday, said it didn't see any merit in the appeals. Three existing shareholders of TMB—Robert and Ardis James Co, East River Holdings and Swiss RE—had moved SAT seeking a stay on the share sale aggrieved by TMB's decision to drop the offer for sale (OFS) component. In September 2021, when TMB filed its draft red herring prospectus (DRHP) with market regulator Sebi, it intended to sell 15.83 million fresh shares and 12,500 existing shares. However, the lender is now only issuing fresh shares in the IPO.
