MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL AND ECONOMIC OVERVIEW

The outlook for 2023 is largely predictable due to the turbulent. Environment and macro-economic challenges, which includes:

•Slowdown and tightening of economic activities are likely to continue during 2023.

• Recessionary uncertainty and fear that will continue till 2023.

• Inflation is running at peak and unlikely to settle in next 12-18 months.

• The global supply chain will remain disrupted amid uncertainty around ongoing Ukraine and Russia war.

• Fragmentation of world economy.

As per IMF, Global growth forecast to slow from 6.0 percent in 2021 to 3.2 percent in 2022 and 2.7 percent in 2023.

The contraction of global economy has already stated. The next logical step for any government is to fix its economy first. **The year 2023 will be year of repair and restore.** The monetary policy changes and interest rate adjustments measures of government might marginally tame the inflation in mid-term but it is unlikely to bring acceleration in economy. Majority of businesses and industries are likely to go conservative when it comes to spend, risk management and profitability management. The Russia-Ukraine war has disrupted growth in short teRm.

The IT Industry to Grow Further During 2023

Worldwide IT spending is projected to be \$ 4.6 trillion in 2023, an increase of 5.1 percent from 2022, according to the latest forecast by Gartner. The demand for IT in 2023 is expected to be very strong as enterprises push forward with digital business initiatives in response to economic turmoil.

One must be wondering if the major industry outputs are expected to shrink by average 15-20 percent in year 2023, how come the global IT industry spend can grow at 5.1 percent? Well, the simple reason is in last two years post COVID every company and industry have already realized the value of digital and there are no doubts of not funding it or ignoring it. The question is not about not doing digital rather how to fund the digital projects. Most of the digital projects are likely to get funded through the freezing of investment on non-strategic projects and closure of the non-strategic initiatives during 2023.

Key Priorities for IT Industry Players During 2023

1.Cloud Initiatives will get further momentum during 2023. It will serve dual purpose of business agility and cost rationalization for organizations. The discretionary spend will either vanish or will string to skeleton mode during first half of 2023.

2.Artificial Intelligence (AI) Initiatives are likely to grow during 2023 to target new products, pricing optimization, channel efficiency, promotional effectiveness and new customer targeting in the recessionary environment. Most of AI projects will be centered around monetization of data themes. However, the ticket or deal size of AI initiatives is expected to be small to moderate in size.

3.Automation Theme will pick up the steam once gain during 2023 which is good news for the vendors operating in this space. The RPA or Hyperautomation projects will get further ammunition during 2023

4. Customer Engagement and Servicing driven initiatives using platform re/engineering and modern architecture or architecture are likely be the only exception that will get fresh funding amid the uncertain environment.

5.Cybersecurity will automatically get attention due to higher Cloud adoption.

Cloud, Artificial intelligence, Platform Engineering, Automation, and Cybersecurity are going be the five technology focus pillars for majority of the companies during 2023.

Attritions, Higher Wages and Skill Shortage Trends Likely to Remain Same

The cost optimization will give further push to outsourcing during 2023 due to cost pressure which is good news for IT vendors. The Europe will be impacted the most due to economic volatility and geopolitical conditions, is likely to explore outsourcing routes most than other economies.

The cost of growing labor will continue to daunt the IT players during 2023 as well, the higher attrition trends will more or less remain the same. The shortage of in-demand skills across the IT industry will remain a challenge during 2023.

For IT industry players, the technology themes focus areas and challenges for 2023 are not very different from this year. In a way, it is the good news as IT companies need not change their course and strategy dramatically even during the turmoil conditions. Strategic execution is going to be the differentiator as well as a competitive advantage for majority of IT companies during 2023.

Conclusion

Digital will continue to drive the IT industry agenda for year 2023. Companies must holistically assess their weakness and strengthen their digital and governance capabilities. Cloud, Artificial intelligence, Platform Engineering, Automation, and Cybersecurity will drive the agenda for many CXOs globally. Strategic execution becomes very critical in an uncertain environment where the attrition, inflation, skill shortage, higher wages and shrinking demand are inevitable.

While digital cannot address or reverse the macro-economic challenges, it can definitely bring agility, momentum and push the growth agenda for every business in every industry. It is perfect time for companies to go digital with all its muscles and energies. Long live Digital!

The information technology (IT) market consists of sales of information technology (IT) services and related goods by entities (organizations, sole traders and partnerships) that apply computers, computer peripherals and telecommunications equipment to store, retrieve, transmit and maneuver data. The IT market involves services such as computer networking, broadcasting, systems design services and information distribution technologies like television and telephones and other equipment used during the process.

The IT market also includes sales of goods such as computers, computer peripherals and telecommunications equipment which are used in providing IT services.

The main type of information technology (IT) are IT services, computer hardware, telecom, and software products. Computer hardware is the physical components that a computer system requires to function and encompasses everything within a PC or laptop.

The services are used by large, small and medium enterprises of financial services, retail and wholesale, manufacturing, healthcare and others.

The regions covered in the information technology market are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East and Africa.

The demand for cloud computing services is expected to drive the demand for IT services during the forecast period. In cloud computing model data is stored on the internet by a cloud computing provider, who manages and operates data storage as a service.

While these developments present strong market opportunities for the IT industry, there is also an imperative need for IT services and solutions companies to transition from fast-commoditizing traditional service offerings, to attract and retain quality talent globally, to reimagine cost structures and leverage automation for increased productivity.

INDUSTRY OVERVIEW:

Web Element Solutions Ltd. is an emerging leader in providing end to end web solutions and custom software development and is based out of Mumbai also. Our range of servicing capabilities is wide spread and includes Business process enhancement services to augment existing business processes effectively, Customize web application services to drive customer centric solutions, App development to deliver efficient app solutions, Enterprise mail hosting services for enabling targeted messages for the customers.

Web Element believes in adapting fast to the ever changing technological landscape to continue delighting customers with solutions backed by the latest tools and technologies. We strive to keep our development team experienced on the most relevant technology so that our solutions are future-ready.

We continue to see the trend of global businesses turning to offshore technology service providers to meet their needs and to increase their efficiency through differentiated solutions. Over the past two decades, India has risen to become leading destination for global sourcing of IT, ITes, and research and development activities.

The digital ecosystem comprises the entire technology spectrum in digital transformation. This includes independent software vendors, system integrators, IT consultants, product Original Equipment Manufacturers ('OEMs'), value-added-resellers, cloud service providers, Software-as-a-Service ('SaaS') companies, right through to telecom providers. Technology has been central to the way people, companies and governments have managed the Covid-19 crisis

India's IT exports are expected to grow faster than the Indian economy in the 2022-23 financial year, despite subdued sentiment and longer decision-making cycles leading to pronounced cost-optimisation measures. India's GDP is estimated to grow at 7% during this year.

Information Technology industry body Nasscom said on Wednesday that India's export revenue in the sector is expected to rise by 11.4% in constant currency terms to \$194 billion. In reported terms, it grew 9.4% with a cross-currency impact of 2%. Overall, India's tech industry is estimated to touch \$245 billion in the 2022-23 financial year, with an incremental revenue addition of \$19 billion during the same period.

Outlook for the Indian information technology (IT) sector

While FY 2022 was a year of milestones and resurgence-an outlier for the Indian technology industry, FY 2023 has been the year of continued revenue growth with a focus on strengthening industry fundamentals and building on trust and competencies. The volatile global economic scenario and impending recession continues to support the demand for technology adoption and digital acceleration. Consequently, technology continues to be a strategic imperative that is a critical component of business innovation and transformation, as well as a source of improving operational and cost efficiencies.

In FY 2023, India's technology industry revenue including hardware is estimated to cross \$245 Bn (8.4% y-o-y growth), an addition of \$19 Bn over last year. Exports, at \$194 Bn, are expected to grow at 9.4% in reported currency terms, and 11.4% in constant currency terms. Domestic technology sector is expected to reach \$51 Bn, growing at 4.9% y-o-y. In rupee terms, domestic tech revenues is expecting a 13% y-o-y growth on the back of continued investments by enterprise and the government.

The industry continues to be a net hirer, adding nearly 3 lakh employees, taking the total employee base to ~5.4 Mn (5.7% y-o-y growth), strengthening its position as the 'Digital Talent Nation' for the world.

BUSINESS OUTLOOK

Historically, IT services have followed up and correlated with GDP. However, we've seen a disconnect recently. Despite declining GDP, IT spending remains resilient, like what was observed during the pandemic. In fact, organizations that doubled down on technology investments during COVID-19 are now growing five times more than the ones that didn't. The Everest Group, which carried out a detailed study on the correlation between technology and GDP, concluded that meaningful investments in cloud advancement, data analytics, customer experience, and cybersecurity come into play today to ensure a company's sustained growth.

India is identified by the world as good place for commencing the new business considering availability of manpower at low cost and other available resources in India. Further, Indian Government opens the market for FDI and FII for developing the infrastructures facilities in India. The future of the Indian Software Industry looks very positive and we expect excellent opportunities in this field.

Our Company has, in the past, majorly catered to the organizations in the Manufacturing and Trading in SME sector. The development services provided to these companies were web / cloud based office automation systems, inventory systems, CRM, Order processing systems, payroll management systems, export documentation management, billing & accounting modules etc. We have provided cloud computing and enterprise email services.

RISKS, CONCERNS & OPPORTUNITIES

Challenges

The biggest issues IT industry faces today

- 1. Ever increasing demands for transformation.
- 2. Customer experience. ...

- 3. Talent Recruitment and Retention
- 4. Skill Gaps
- 5. Growing cybersecurity, data privacy threats.
- 6. Advancing data opportunities. ...
- 7. Maturing the enterprise cloud strategy.
- 8. Geopolitical impacts on the tech stack.
- 9. Supply chain disruptions.
- 10. Cost containment.
- 11. Fierce competition for talent
- 12. Powering through turbulence
- 13. Coping with economic pressures, uncertainty
- 14. Transforming to meet regulatory requirements
- 15. Operationalizing artificial intelligence
- 16. Creating a hybrid work environment that works for everyone
- 17. Innovating meaningfully

The economic slowdown caused by COVID-19 is expected to delay planned initiatives which will adversely impact our business. While businesses continue to explore alternate methods of functioning, the key will be to adapt and rethink quickly. While a few sectors like Travel & Hospitality have shown sluggish growth, the overall economic activity has dropped in many markets. However, forward looking businesses are seizing this opportunity to affect the change that they have been contemplating. We are helping such organisations in their Digital Transformation journey, thus enabling a new line of business opportunity.

Business disruption, whether caused by the COVID-19 pandemic or more general societal, economic, political and environmental pressures, often determines the need to adjust course. Digital Transformation introduces a continuous cycle of change that affects organisations, processes, people and culture. Many leaders today, realise that digital transformation requires a more fundamental transformation, with the whole organisation participating. Digital business is introducing continuous and disruptive changes that go beyond project implementations.

Market Size/Opportunity

International Data Corporation (IDC) predicts that by 2024, enterprises in India will shift 50% of all tech and services spending to as-a-service and outcomes-centric models. This is among the top 10 predictions for the India IT market unveiled in the latest report

Organizations are continuing to navigate the disruptions, accelerations, and cross currents spurred by the COVID-19 pandemic and the changing economic conditions. By 2022, more than half the global economy is based on or influenced by digital. IDC's Future Enterprise Resiliency and Spending (FERS) survey, wave 7* revealed that the pandemic resulted in 60% of organizations in India have accelerated their DX investments.

The IT and communications industries will be among the most transformed as they adopt as-a-service delivery and operating models, deal with radical alterations in ecosystems/value chains, and recognize that their primary tasks are to help CIOs and their enterprises share, use, govern, and increase the value of data.

India is the topmost offshoring destination for IT companies across the world. Having proven its capabilities in delivering both on-shore and off-shore services to global clients, emerging technologies now

offer an entire new gamut of opportunities for top IT firms in India. The industry is expected to grow to US\$ 350 billion by 2025 and BPM is expected to account for US\$ 50 55 billion of the total revenue.

Impact of COVID-19 on projects - Some projects may become significantly more urgent, with more critical business needs requiring faster delivery-or they may become less important to the business and therefore potentially abandoned. Given that remote working will become the norm, focus is on adapting an agile implementation methodology to ensure quicker project go-lives.

As economic recovery progresses, enterprises operating with pared down workforces are likely to increase outsourcing to build scale in operations to meet rising demand. Spending on growth and transformation initiatives is also expected to start picking up from that point on. The year 2023 will be year of repair, restore and resurgence.

SCARCITY OF HUMAN CAPITAL

This is an inherent problem with this industry. The skill required here has to be combination of creativity and synergizing of technology to bring the best results. There are very few training centers providing training which cater to the needs of the Industry. Also, there is a lack of any organized channel of education and awareness as relating to the potential of this industry.

TECHNOLOGY OBSOLESCE

The methods and software used in this field are dynamically changing and the advent of new technology, techniques and upgrades seem to be very fast. It poses a continuing challenge to the players in this Industry to adapt to newer technologies and also for the personnel to get trained and use these effectively.

HUMAN RESOURCES AND RELATIONS

The Company makes efforts to ensure that employees are provided with a congenial work atmosphere. Facilities are equipped with state-of-the-art hardware, software and communication equipment apart from periodic recreational facilities to motivate the team. Continuously improving the quality of people through training in skill development as well as personality development. Management places great emphasis on continuously improving the work environment and ambience to nurture innovation and creativity.

INDEPENDENT AUDITOR'S REPORT

To the Members of Web Element Solutions Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Web Element Solutions limited** ("the Company"), which comprise the Balance Sheet as **at 31st March**, **2023**, the Statement of Profit and Loss, the Cash Flow Statement for the year ended on that date, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information. (Hereinafter referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at **31st March**, **2023**, **its profit**, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

Nil

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. We have determined that there **are no key audit matters** to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2. As required by section 143(3) of the Act, we report that:
- a) we have sought and obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit;

 - *II.* The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - *III.* There were no amounts due which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - IV. (a) The management has represented that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall :

- Directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or

- provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented, that, to the best of their knowledge and belief, no funds have been received by the Company from any person(s) or entity (ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- Directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or

- provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under g (iv) (a) and(b) above, contain any material misstatement.

V. The Company has not declared nor proposed or paid any dividend during the year and, therefore, compliance under section 123 of the Companies Act, 2013 is not applicable to the Company.

Annexure – B to the Independent Auditor's Report

(Referred to in paragraph 2(f) on Other Legal and Regulatory Requirements of our Report of even date to the members of **Web Element Solutions Limited** on the Financial Statements for the year ended 31st March, 2023)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("The Act")

We have audited the internal financial controls over financial reporting of **Web Element Solutions Limited** ("the Company") as of **31st March**, **2023** in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial

Reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

WEB ELEMENT SOLUTIONS LIMITED CIN: L72200MH2008PLC182320

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at

31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes Forming Part of the Financial Statements for the year ended 31st March, 2023

Note 1 : SIGNIFICANT ACCOUNTING POLICIES

a) Corporate Information:

The Company was incorporated as a private company in the state of Maharasthra on 16th May 2008 and was later converted into a Public company having CIN U72200MH2008PLC182320. It is a widely held public company. The company is listed on the SME-ITP platform of the BSE. The Company is having its registered & corprate office at 301, 3rd Floor, Corporate Arena, Aarey Piramal Cross Road, Goregaon, Mumbai-400062. The Company is basically engaged in consultancy and software except for the fact that during the year under reference the Company has not entered into any turnkey projects involving supply of hardware.

b) Basis of Preparation of Financial Statements:

The financial statements of the Company have been prepared on accrual basis and under historical cost convention method and in accordance with Generally Accepted Accounting Principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the Accounting Standards notified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified).

As per MCA notification dated 16th February 2015, the companies whose shares are listed on BSE ITP/ SME Platform as referred to in Chapter XB of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations 2009 are exempted from the compulsory requirements of adoption of IND-AS. As the Company is covered under exempted category from the compulsory adoption of IND AS, it has not adopted IND AS for preparation of financial statements.

c) Use of Estimate:

The preparation of financial statements require management to make estimates and assumptions that affects the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities on the date of the financial statements and reported amount of revenue and expenses during the year. Actual results could differ from those estimates. Any revision in the accounting estimate are recognised prospectively in the current and future periods.

d) Fixed Assets:

Fixed assets are recorded and stated at cost less accumulated depreciation and impairment losses, if any. The cost comprises of the purchase price and other costs directly attributable to bringing the assets to its working condition for its intended use.

e) Depreciation:

Depreciation on Fixed Assets has been provided on Written Down Value method over the useful life of asset as specified in Schedule II of the Companies Act, 2013. Depreciation on addition / deduction is computed on pro-rata basis.

f) Impairment of Fixed Assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value at interest rate specific to the asset and in case where the specific rate is not available at the weighted average cost of capital which is adjusted for country risk/currency risk.

Note 1: SIGNIFICANT ACCOUNTING POLICIES: (Contd.)

g) Investments:

Investments have been classified as long-term investments in accordance with the Accounting Standard 13, as notified by the Companies (Accounting Standards) Rules, 2006 (as amended). Long term investments are carried at cost. Provision for diminution in value is made to recognize a decline other than temporary in the value of the investments. On disposal of the investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss. Dividends are accounted for when the right to receive the payment is established.

h) Inventories:

Inventories are carried at cost or net realizable value whichever is lower. Cost of inventories is generally ascertained on FIFO (First-In-First-Out) basis. The cost comprises of cost of purchase and other costs incurred in bringing the inventory to its present location and condition.

i) Revenue Recognition:

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from sale of services is recognised when a reasonable certainty as to its realisation exists.

Interest Income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest Income is included under the head "Other Income" in the Statement of Profit and Loss.

j) Taxes on Income:

Tax expense comprises Current and Deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with Income-tax Act, 1961.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences only to the extent that there is reasonable certainty exists that sufficient future taxable income will be available against which these can be realised.

k) Earnings Per Share:

The Company reports basic and diluted earnings per equity share in accordance with Accounting Standard 20, 'Earnings Per Share'. Basic earnings per equity share is computed by dividing net profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed by adjusting net profit or loss and using the weighted average number of equity shares outstanding during the year for dilution.

I) Employee Benefits:

The amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized during the period when the employee renders the service.

Post-employment benefits such as gratuity have not been provided for.

m) Provisions, Contingent Liabilities and Contingent Assets:

Provisions are recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, not wholly within the control of the Company, or where any present obligation cannot be measured in terms of future outflow of resources of, or where reliable estimate cannot be made. Obligations are assessed on going concern basis and only those having a largely probable outflow of resources are provided for. Contingent liabilities, if any, are not provided for in the financial statements but are separately shown by way of note. Contingent assets are neither recognised nor disclosed in the financial statements.

xii) 1. Goods & Service Tax

(a) Classification: As in formed by the management, the management correctly classified into goods / services as per Schedule II of the CGST Act. They have applied applicable notifications and identified the HSN for the various supplies made by them.

(b) Outward Supply: As informed by the Management all the supplies made during the year have been properly recorded in the books of accounts. All supplies made have been valued as per Section 15 of the CGST Act and Rules made there under. The company is having proper mechanism in place to comply with the provisions of time of supply as provided in Section 12 and Section 13 of the CGST Act. All the supplies made by the company have been properly classified in to interstate and intra state; B2B and B2C and properly recorded. GST has been paid on sale of assets if any; however during the year there is no such sale of assets. All the supplies have been declared in the returns and taxes are duly collected and paid.

Sales Reconcilation for FY2022-23

Particulars	Amount (In Rs.'000')

Credit Note_Dated 31-03-2023 (Against Invoice No.DWE-22230650_dated: 12-12-2022) recorded in the book of account and same will be shown while filling the GSTR1 return for the month April 2023.	3.00
Net difference	-

(c) Inward Supply: The management has been properly classified all inward supplies into intra-State, inter-State inward supplies or imports and have been properly classified into Capital goods, Inputs and Input Services. The management have declared all the inward supplies in books of account and duly filed in the GST returns.

(d) Input Tax Credit (ITC): As per As per information and explanation provided by the management, they have satisfied all the conditions of Section 16 of the CGST Act in respect of ITC, i.e.

• All goods/services are used in the course / furtherance of business.

• The management confirm that they have availed ITC based on all tax invoices / any other eligible document.

• ITC is availed only on receipt of goods / services as case may be

They have paid all the vendors within 180 days. The GST input tax credit is reversed if the payment to vendor is not made within 180 days.

• In respect of payment of tax by supplier, the management do not have sufficient control over it. GSTR 2A also does not provide sufficient assurance as to payment of taxes as it is not linked to GSTR 3B. However, the management regularly reconcile the GSTR 2A & 2B with books of Account; to reconcile the credit available and taken as per GSTR 2B and credit available and taken as per 2B and if there is any difference the same is taken / reversed as applicable.

· As per information given by the management ITC is claimed on purchase of capital asset, no depreciation is claimed on the same.

• The Management have properly classified the ITC into CGST / SGST and IGST. Wherever wrongly classified we have made the corrections

. During the year (FY 22-23) the management has booked Export Sales

• The management have done reversals as provided in Section 17 of the CGST Act for the following:

I. In respect of ITC claimed but goods lost or destroyed or disposed of by way of gift, free samples, etc

II. In respect of ITC blocked U/s. 17(5) of the CGST Act.

III. In respect of goods or services commonly used for making both (taxable and zero rated) and exempted supplies as per Rule 37, 42, 43 every month. We have also verified the reversal at the end of the year. However, Taxable Supply has been made during the FY2022-23 by the company.

As per information given by the Management and as per our observation, Credit of RCM ITC to the extent of Rs. 4975/- is not taken while filing the GSTR 3B and the same will be taken while filing the GSTR 3B return for the Month of April 2023.

As per reconciliation the management has booked excess GST ITC to the extent of Rs. 3893/- in the books of account Which is to be reversed in April 2023.

(e) Refund: During the year, No application of refunds are filed anytime during the financial year ended 31/03/2023.

(f) Job Work: Not Applicable

g) Filing of GST Returns: The management have filed all the returns (GSTR 1, GSTR 3B, GSTR 9) as applicable to us within due date and the delayed return is filed along with the applicable late fees and interest if any. If there are any additional liability on account of Interest, Penalty, CGST, SGST, IGST & Cess, then we are agree to pay the same as and when it becomes due.
