3. We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial results are free of material misstatement. Project Update:

The Project is in the initial stages of implementation and on schedule.

At the time of conceiving the Project, we expected the Project IRR to be around 20%. If the current global economic slowdown continues for a long term, there may be an impact on sales ramp up and consequently the Project IRR.

Commenting on the results, Mr. Arvind Goenka, Promoter and Managing Director said

“Over the past few months there has been a lot of uncertainties in the Indian and Global Automobile Industry. Nonetheless in this challenging environment, the Company has reported a Total Income of Rs. 183 crores with EBITDA and PAT of Rs. 55 crores and Rs. 38 crores respectively during the first half of the year.

In order to reward the shareholders for their continuous support, the Board of Directors have recommended an Interim Dividend of Rs. 4 per equity share of FV of Rs. 10 each.

There has been a significant increase in the use of radial tyres in trucks and buses over the last decade. Radialization has attained a level of 50% in 2018-2019 compared to 44% in the previous year. Further, there has been imposition of countervailing duty for five years on new pneumatic radial tyres which are imported from China by the Government. This has benefitted the domestic tyre companies. Also, number of prominent automobile brands are launching new vehicle models, which will drive the demand for tyres. With these trends, we shall see the demand for rubber chemicals to remain stable.

The differentiated technology that we possess will enable us to stay ahead in the challenging times ahead. We shall further strive to improve the efficiency of our operations in order to help us to enhance our performance going ahead.”
