UNDER THE Rural Infrastructure Development Fund (RIDF), the National Bank for Agriculture and Rural Development (NABARD) has sanctioned Rs 3,245 crore for irrigation and rural drinking water supply projects in Gujarat for 2021-'22.

"This is the highest allocation for loan assistance to projects in the state," said a senior NABARD official. Compared to the Rs 2,989 crore sanctioned in 2020-'21, the sanctioned amount under RIDF for 2021-'22 was 8.5 per cent more.

The irrigation projects to receive sanction for 2021-'22 are two packages of SAUNI Link 3 project worth Rs 336 crore. The Saurashtra-Narmada Avataran Irrigation Yojana or SAUNI Yojana has been launched to divert one million acre feet of flood waters from Narmada to Saurashtra region.

Leopard sighted at Ukai power plant, four cages installed

EXPRESS NEWS SERVICE SURAT, MAY 23

A LEOPARD was sighted at the Ukai thermal power plant campus in Tapi district on Sunday, after which the firest department places four cages at different locations to trap the animal.

Personnel of the Central Industrial Security Force (CISF) guarding the plant spotted the big cat on CCTV footage from cameras installed in the campus with a 12-foot high fencing wall.

They intimated the forest department that sent personnel to the power plant. The team did a survey and placed four cages with baits in areas where the leopard's pug marks were found.

The forest personnel also instructed the employees of the power plant not to venture out alone till the leopard is caged.

Talking to The Indian Express, Songadh range forest officer Anil Prajapati said, "The campus of the thermal plant is divided into two parts and the campus has a 12-foot high wire fencing.

The power station is on one side while the other area is un-

used, which is around 50 hectares with dense green cover. Only one leopard was

The residential colonies of staffers are around three kilometres from the plant. Apart from the main gate for entry and exit guarded by CISF personnel, there is another entry through which goods trains bring in coal. "The gate is opened only for the train to enter and exit. There is a gap near that gate through which the leopard is suspected to have entered," Prajapati added. Pointing out that there are

no other animals in the power plant campus, he said, "If the leopard gets hungry, he will definitely enter the cage for food and get trapped." Meanwhile, a 50-year-old

tribal in Kalibel village of Mandvi taluka in Surat early Sunday was attacked by a leopard. According to forest personnel, the tribal, Umedbhai Chaudhary, escaped with injuries on his chest and right shoulder.

Forest officials reached the village and put up a cage to catch the leopard.

The villagers have been instructed to take safety precautions while going to agricultural fields, they said.

Future of Work: Upskilling for the post-pandemic world

Between 40 million and 160 million women globally may need to transition between occupations by 2030, often into higher-skilled roles and gear themselves up for the Fourth Industrial Revolution. The age of automation and artificial intelligence (AI) technologies offers new job opportunities and avenues for economic advancement but women will have it harder as they are already battling challenges of marginalisation in traditional disciplines. To weather this disruption, women have to be skilled, mobile and tech-savvy and will need targetted support to move forward.

Technology adoption should be seen as an enabler as it reduces the need to co-locate. If women take advantage of transition opportunities; they could maintain their current share of employment; if they cannot, gender inequality at work could worsen. What are the opportunities that are in-built and what are the gaps that need to be addressed?
