5 The SARS-CoV-2 virus responsible for COVID-19 continues to spread across the globe and in India, which has contributed to a significar decline and volatility in global and Indian financial markets and a significant decrease in the economic activities. On 11 March 2020, the COVID-19 outbreak was declared as a global pandemic by the World Health Organization. Numerous governments have introduced variety of measures to contain the spread of the virus. On 24 March 2020, the Indian Government announced a nation-wide lockdow till 14 April 2020, which was extended till 31 May 2020 and has provided guidelines for restrictions and relaxations in different zones acros India during such period. The extent to which the COVID-19 will impact the Company's operations and financial metrics will depend o future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID-19 pandemic. The Company has major proportion of its borrowers and the loan assets under management in rural geographie where the impact of COVID-19 has been relatively lower so far compared to urban geographies. Additionally, the Government has innounced a series of economic relief measures for rural India, which is expected to support the rural borrowers' repayment capacity. From 1 June 2020 onwards, further relaxations has been granted in lock down across the country, which has helped the Company to connect

Further, pursuant to the Reserve Bank of India (the RBI) circulars dated 27 March 2020 and 23 May 2020 allowing lending institution to offer moratorium to borrowers on payment of instalments falling due between 1 March 2020 and 31 August 2020, the Company has extended / will be extending moratorium to its borrowers in accordance with its Board approved policy. For such accounts, where the moratorium is granted, the asset /stage-wise classification shall remain standstill during the moratorium period. (i.e. the number of days past due shall exclude the moratorium period for the purposes of asset classification). In management's view, providing moratorium t borrowers at a large scale based on the RBI directives, by itself, is not considered to result a significant increase in credit risk ('SICR') for such borrowers. However, considering the unique and widespread impact of COVID-19, the Company has estimated expected credit lo: allowance as on 31 March 2020 towards its loan assets and managed portfolio ('business correspondent operations') based on the information available at this point of time including economic forecasts. The Company believes that it has considered all the possible impact of the known events arising out of COVID-19 pandemic in the preparation of these financial results. However, the impact assessment of COVID-19 is a continuing process given its nature and duration and the Company will continue to monitor any materia changes to future economic conditions.

The Company has assessed the impact of COVID-19 pandemic on its liquidity and ability to fulfil its obligations as and when they company has assessed to be impact of COVID-19 pandemic on its liquidity and ability to fulfil its obligations as and when they company has assessed to be impact of COVID-19 pandemic on its liquidity and ability to fulfil its obligations as and when they company has assessed to be impact of COVID-19 pandemic on its liquidity and ability to fulfil its obligations as and when they company has a second contract of the company has a second contract of the company has a second contract of the contract of thedue and has evaluated the asset-liability maturity ('ALM') pattern in various buckets as prescribed under the guidelines issued by the RBI. $Pursuant, to the \ relaxation\ granted\ by\ the\ Ministry\ of\ Home\ Affairs\ ('MHA'), allowing\ micro-finance\ companies\ to\ start\ operations, and the start operations are the start operations are the start operations and the start operations are the start operations are the start operations are the start operations and the start operations are the start operation$ significant number of the branches of the Company are operational. The employees in these branches are permitted to work in accordance with the extant guidelines issued by the MHA and respective state governments. The collections from customers during the lockdown continue to happen and the Company expects the collections to improve in the coming months. The Company expects the business correspondent partners to start disbursements to customers selectively from July 2020 onwards. The Company has sufficient funds and $outstanding \, sanctioned \, credit \, facilitites \, together \, with \, moratorium \, received \, on \, payments \, of \, instalments \, from \, certain \, lenders \, which \, are the contraction of the contraction$ adequate for the foreseeable future. Accordingly, the Company does not expect a stress in the liquidity situation in the immediate future for the foreseeable future.

RTE admission process to resume today in Panvel

AMIT SRIVASTAVA / Panvel

The process for school admissions under the Right to Education (REF) for the ac-demic year 2020-21 will begin from June 24 in Panvel. The Parwel Panchayat education department has confirmed that they have received guidelines from the state primary education department. The process had been stopped in March after the nationwide lockdown to prevent the spread of the coron-

avirus. However, even after three months, positive cases three months, positive cases of coronavirus continue to be reported and parents are now getting anxious about their children's school admission. There are 2,465 seats in Panvel taluka that will be allotted to students whose family income is Rs. 3.5 lakh or below Orphans, children with special needs, children of migrant and street workers are
