## Winners of the Infosys Finacle Partner Excellence Awards 2022 announced

**Bengaluru, India – November 14, 2022:** [Infosys Finacle](#), part of [EdgeVerve Systems](#), a wholly-owned subsidiary of [Infosys](#) (NSE, BSE, NYSE: INFY), today announced the winners of the **Finacle Partner Excellence Awards 2022**. The awards recognize top-performing Finacle partners who demonstrated excellence in delivering exceptional business value to Infosys Finacle’s clients in FY22.

The awards program recognizes partners across categories such as Application Modernization Excellence, System Integration Excellence, Digital Transformation Excellence, Sales Excellence, Cloud, Advisory, and SaaS Partner, Delivery Excellence, and Innovation.

Infosys Finacle works with a large partner ecosystem to deliver digital banking transformation projects and drive banking innovation across the globe. Collaborations span a wide range of areas such as delivery, FinTech innovations, cloud-based deployments, implementation, consulting, and technology services.

For the full list of winning initiatives, winners, and their reactions, please click [here](#).

**Venkatramana Gosavi, Senior Vice President & Global Head of Sales, Infosys Finacle**, said, “Finacle has a strong focus on ecosystem-driven growth. Our vision of Inspiring Better Banking is deeply rooted in our collaborations with our partners. The nominees and winners of the Infosys Finacle Partner Excellence Awards 2022 have contributed to technology-led banking transformations across the globe. Congratulations to all the winners. We look forward to continued success with our partners in 2023 and beyond.”

**Jefferson Cowhig, Partner, Technology Solutions, EY**, said, “EY and Finacle have harnessed the power of our alliance to deliver digital banking solutions that are scalable and resilient. We have transformed banks by building great customer experiences that enable self-service through digital channels. This has enabled our banking clients to realize tangible business benefits and change the way they do business. We achieved this by combining our strengths of program delivery, design and engineering to implement Finacle’s digital banking platform driven by a “one team mindset”. In response, we’re delighted to have awarded Finacle’s Advisory Partner of the Year.”

**Lalit Malik, Group Vice President, Alliances & Channels, Oracle Asia Pacific**, said, “At Oracle, we carry decades of engineering excellence in delivering the best technology to our customers and communities. Our partner network has always been an extension of Oracle, therefore, we are enthused and humbled to receive the recognition for ‘Digital Transformation Excellence FY22’ at ‘Infosys Finacle Partner Excellence

Awards 2022'. This award is very special to us as we have been partnering with Infosys for many years now. We are glad to be working alongside them to push the agenda of digitization in the country. Our sincere gratitude and thanks to our customers, partners, employees, and everyone associated with the organisation who is helping us to accelerate the digital transformation journey.”

**Meredith Stowell, Vice President - IBM Z Ecosystem, IBM,** said, “We are delighted to receive the award for innovation partner of the year from Finacle. Banks require agility, differentiated client experiences, and speed to market while meeting stringent regulatory, security, and service level requirements. Working with partners like Finacle, IBM enables banks to transform and deliver trusted services with the reliability, performance, scalability, sustainability, and high processing power of proven infrastructure.”

### **About Infosys Finacle**

Finacle is an industry leader in digital banking solutions. We are a unit of EdgeVerve Systems, a wholly-owned product subsidiary of Infosys (NSE, BSE, NYSE: INFY). We partner with emerging and established financial institutions to help inspire better banking. Our cloud-native solution suite and SaaS services help banks engage, innovate, operate, and transform better to scale digital transformation with confidence. Finacle solutions address the core banking, lending, digital engagement, payments, cash management, wealth management, treasury, analytics, AI, and blockchain requirements of financial institutions. Today, banks in over 100 countries rely on Finacle to help more than a billion people and millions of businesses to save, pay, borrow, and invest better. ### **Safe Harbor**

Certain statements in this release concerning our future growth prospects, financial expectations and plans for navigating the COVID-19 impact on our employees, clients and stakeholders are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding COVID-19 and the effects of government and other measures seeking to contain its spread, risks related to an economic downturn or recession in India, the United States and other countries around the world, changes in political, business, and economic conditions, fluctuations in earnings, fluctuations in foreign exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India and the US, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our industry and the outcome of pending litigation and government investigation. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2022. These filings are available at [www.sec.gov](http://www.sec.gov). Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.
