## **TCS to Partner with Juniper Networks' to Enhance Product Assurance Process with AI and Automation**

*Tata Consultancy Services Strong IP Networking Capabilities Combined with its AI Powered-Smart QE Platform will Deliver Next-Generation Product Assurance Processes to Juniper Networks*

**SUNNYVALE | MUMBAI, May 16, 2019:** Tata Consultancy Services (BSE: 532540, NSE: TCS), a leading global IT services, consulting and business solutions organization, announced that it has been selected by Juniper Networks, an industry leader in automated, scalable and secure networks, to enhance its product assurance using TCS' AI-powered Smart QE platform, a 360-degree holistic assurance solution, to deliver first-time-right quality across its hardware and software security products.

The TCS platform uses contextual insights and predictive analytics to enhance quality and predictability of a product release. It automates root-cause analysis and provides continuous feedback to different stakeholders based on data analytics. It also provides actionable insights and enables optimization of test efforts by rationalization based on risk.

The intelligent product assurance provided by TCS will enable Juniper to rapidly adopt Agile and DevOps development approaches through continuous integration and continuous deployment. This can help achieve tangible benefits such as faster time to market by accelerating release cycles and continued product innovation enabled by smarter decision making at every level.

*"Smarter assurance can enable enterprises to accelerate release cycles and enhance product innovation by providing a faster time to market along with a superior customer experience," said V Rajanna, Global Head, Technology Business Unit, TCS. "We are very excited to combine our strong contextual knowledge with the industry-first AI-led Smart QE offering to power Juniper Networks' product assurance transformation journey."*

*"Juniper's partnership with TCS will help Juniper accelerate release cycles with improved product quality and will help deliver an improved customer experience," said Anand Athreya, Executive Vice President and Chief Development Officer, Juniper Networks.*
