### Dear Shareholders,

I am pleased to present to you the Annual Report for FY23, which highlights the achievements and challenges faced by your Company, FY23 was marked by significant developments in the global economy. With the impact of COVID-19 pandemic weaning off, there was recovery and resurgence of economic activities across the world, with vaccination rollout and fiscal stimulus measures playing a crucial role in revitalising economies. However, ongoing geopolitical tensions, supply chain disruptions, and inflationary pressures remained key concerns.

FY23 saw the Indian equity markets return hardly any gains to investors. During the year, the S&P BSE Sensex gained 0.72% while the Nifty 50 declined 0.6%. Indian headline indices outperformed global peers like the American Dow Jones, S&P 500, Nasdaq 100, Hong Kong's Hang Seng and Australia's S&P/ASX 200 while under performing against Euro Stoxx 50, CAC 40, FTSE 100 and Japanese Nikkei 225.

With markets largely listless, investor sentiment also turned passive, leading to reduction of new retail investors entering the market to Rs. 25 Mn in FY23 against Rs. 35 Mn in FY22. India's capital market has played a crucial role insupporting individual investment requirements and corporate funding needs. It provides a platform for wealth creation and positions India as one of the fastest-growing wealth management markets worldwide. The Government of India has introduced substantial financial and regulatory reforms, paving the way for investment facilitation and supporting the country's growth agenda. Notably, BSE Sensex performed well in FY23, closing higher than the previous year and securing the 5th position among major global indices. The IPO market also witnessed significant activity, with 34 main board IPOs raising over INR 52,119.68 Cr and 124 IPO on SME platform raised over INR 2313 Cr.

The broking industry operates in a highly regulated environment, commensurate with the complexities of Indian Capital Markets. I strongly believe that the strengthening of regulatory framework across variousaspects emphasises providing stronger guardrails, especially for the growing retail investor base. This has been proven with constant growth despite multiple regulatory interventions in the past. The ensuing regulations on clients' fund management, is a further decisive step in building the confidence of retail participants. Our purpose is to continuously collaborate productively with the regulators in their endeavour to make the capital markets resilient and safe for its participants.

I am confident that the Indian growth story will continue its upward trajectory. A journey that will be fuelled by a sizeable human capital base, robust domestic consumption and ever-expanding service capabilities.

At KSL, we have continued to learn, build, and grow efficiently, while expanding our client base and diversifying our product offerings. With the depth and breadth of our online and offline trade execution platform(s) and our strategy of maximising lifetime client value, we remain well-positioned to leverage on emerging opportunities. FY23 was a milestone year for KSL as we completed 30 years of being listed and also successfully raised INR 8.95 Cr vide Preferential Issue to give a boost to our business activities and expand beyond the traditional broking activities. Service offering beyond broking included activities like merchant banking, investment banking and corporate finance for both listed and unlisted companies and businesses has started supporting the overall growth and expansion strategy for KSL. For FY24, our key focus areas will be to strengthen our capabilities across the entire value chain of the business, as we introduce more products and service offerings. These initiatives will enhance the experience and engagement of our clients, leading to expanding revenue streams and better margins.

I take this opportunity to offer my gratitude to our Board, stakeholders, the government, business partners, lenders, and other shareholders who have trusted and supported us in our journey. I would also like to thank the regulatory authorities for their consistency in proactively taking decisive steps to protect the interests of retail investors and make Indian equities markets secure and widely accessible.

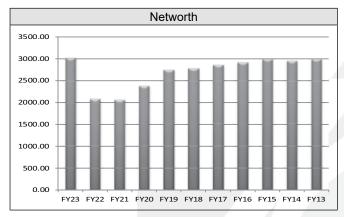

Finally, my sincere thanks to the entire KSL team that worked tirelessly to deliver the highest levels of service over this past year. We strive to continue our progress with optimism while driving our online trading platform and building on the achievements of FY23.

# EXPLANATORY STATEMENT PURSUANT TO THE PROVISIONS OF SECTION 102 OF THE COMPANIES ACT, 2013

### Item No. 3

The Company is engaged in the business of stock broking, depository participant and investment advisory services. Further, the Company is also registered as a Category I Merchant Banker and Portfolio Manager with Securities and Exchange Board of India.

The Company is pursuing growth opportunities in various other fields of business which are incidental and ancillary to the existing business activity and intends to expand its present scope of business and considers new business proposals which have good future prospects and potentials to increase the shareholders' return. To facilitate such initiatives, alteration is proposed by way of additions and alteration to the objects clause in the Memorandum of Association as set out in the resolution at Item No. 3 of the Notice. These additional objects may conveniently and advantageously be combined with the existing businesses of the Company.

Section 13 of the Companies Act, 2013 states that a Company, may, by a special resolution, alter the provisions of its Memorandum of Association ("MoA"). The Board of Directors had, in its meeting held on May 30, 2023 approved the aforesaid alteration and amendments in the Object Clause of the MoA of the Company, subject to the approval of the Members of the Company. The special resolution shall be filed with the Registrar of Companies who shall register the alteration of the MoA with respect to the objects of the Company and certify the registration.

None of the Directors/Key Managerial Personnel of the Company/ their relatives are in, any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 3 of the Notice.

The Board of Directors therefore recommends the resolution as set out in Item Nos. 3 of the Notice for approval of members of the Company by way of Special Resolution.

### Item No. 4 & 5

At the Twenty Fifth Annual General Meeting ("AGM") of the Company held on September 21, 2018, the members of the Company had accorded their consent to the Board of Directors of the Company ("Board") for borrowing monies (apart from the temporary loans obtained from the Company's bankers in the ordinary course of business) upto Rs. 175 Crores under Section 180(1)(c) of the Companies Act, 2013. The members of the Company at the said AGM had also accorded their consent to the Board to create charge on properties or assets of the Company to secure borrowings upto Rs. 175 crores under Section 180(1)(a) of the Companies Act, 2013.

Further, in view of the increase in business activities, keeping in view Company's requirements to meet the increased requirements of funds in future and to fulfill long term strategic and business objectives, the Board of

Directors at its meeting held on May 30, 2023 proposed and approved increase in the borrowing limit from Rs. 175 Crores to Rs. 250 Crores (Rupees Two Fifty Crores) pursuant to Section 180 (1)(c) of the Companies Act, 2013 and accordingly, increase the limit for creation of charge to secure the indebtedness upto the aggregate limit of Rs. 250 Crores (Rupees Two Fifty Crores) pursuant to Section 180 (1)(a) of the Companies Act, 2013, subject to the approval of the members of the Company.

Pursuant to the provisions of Section 180(1)(c) of the Companies Act, 2013, the Board of Directors of the Company have the powers to borrow money, where the money to be borrowed, together the monies already borrowed by the company (apart from temporary loans obtained from the company's bankers in the ordinary course of business) exceeds aggregate of the paid-up share capital, free reserves and securities premium of the Company, with the consent of the Members of the Company by way of Special Resolution. Further, pursuant to the provisions of Section 180(1)(a) of the Companies Act, 2013, the Board of Directors have the powers to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company with the consent of the Members of the Company by way of a Special Resolution.

In order to secure the borrowings, the Company may be required to create security by way of mortgage/ charge/ hypothecation on its assets and properties both present and future. The terms of such security may include a right in certain events of default, to take over control of the said assets and properties of the Company. Since creation of charge on properties and assets of the Company with the right of taking over the control in certain events of default may be considered to be a sale/ lease/ disposal of the Company's undertaking within the meaning of Section 180(1)(a) of the Companies Act, 2013, it is proposed to seek approval of the Members of the Company for increasing the existing limits to Rs. 250 Crores. Accordingly, the approval of the members of the Company is sought for increase in the borrowing limits and to secure such borrowings by the creation of charge on assets/properties of the Company upto Rs. 250 Crores as stated in the resolutions.

The Board of Directors therefore recommends the resolutions as set out in Item Nos. 4 and 5 of the Notice for approval of members of the Company by way of Special Resolutions.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the said resolutions.

#### Item No. 6

In order to make optimum use of funds available with the Company and also to achieve long term strategic and business objectives, the Board of Directors of the Company proposes to make use of the same by making investment in other bodies corporate or granting loans, giving guarantee or providing security to other persons or other bodies corporate as and when required.

Members may note that pursuant to Section 186 of the Companies Act, 2013 ("Act"), the Company can give loan or give any guarantee or provide security in connection with a loan to any other body corporate or person and acquire securities of any other body corporate, in excess of 60% of its paid up share capital, free reserves and securities premium account or 100% of its free reserves and securities premium account, whichever is more, with the approval of Members by special resolution passed at the general meeting.

In view of the aforesaid, it is proposed to take approval under Section 186 of the Companies Act, 2013, by way of special resolution, up to a limit of Rs. 250 crores (Rupees Two Fifty Crores), as proposed in the Notice.

The above proposal is in the interest of the Company and the Board of Directors therefore recommends the resolution as set out in Item No. 6 of the Notice for approval of members of the Company by way of Special Resolution.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the said resolution.

### Item No. 7

Mr. Pranav Khandwala was appointed as Whole-time Director of the Company at a remuneration of Rs. 1,50,000/p.m. with effect from February 11, 2020 for a period of 5 years at the Twenty Seventh Annual General Meeting of the Members of the Company held on November 23, 2020. ### MANAGEMENT DISCUSSION AND ANALYSIS

### **Review of Global Economy**

The global economy continued to manoeuvre through uncertainties in FY23. Uncertainties pertaining to the likely escalation of Russia-Ukraine war, continuous disruption in global supply chain leading to inflation globally due to closing down of China were amongst the major events that provided maximum volatility to the markets. Expectation of an imminent recession got stronger as major central banks continued to tighten monetary conditions. However, on a positive note in mid FY23, notable improvement in supply chains led to easing inflationary pressures and entire commodity prices moderated, Brent crude prices peaked in FY23 and moderated ~35% by year end.

By June 2022, CPI inflation in the US was at 40-yearhigh, and the inflationary pressure in the US and Europe remained acute into the early months of 2023, spreading also to emerging economies. Having signalled until January 2022 that it would not raise its policy rate until2024, the US Fed abruptly began its most aggressive monetary tightening in four decades, and the US 10-yearminus 2-year yield curve remained severely inverted from July 2022 onwards (having first inverted briefly in April2022), clearly signalling a recession in 2023.

The International Monetary Fund (IMF), in its latest World Economic Outlook (released January 30,2023), estimated that world Gross Domestic Product(GDP) grew 3.4% (real, inflation-adjusted) in CY22, decelerating from the post-covid bounce to 6% growth in 2021 and the longer-term average annual growth of 3.8%. The enforced tightening of US monetary policy since March 2022, which took the US policy interest rate up by 475 bps within a year (to a range of 4.75-5% as of March 2023 FOMC meeting), and the even more abrupt shift away from ultra-loose monetary policy by the European Central Bank (ECB) from July 2022 onward, led the IMF to forecast a sharp slowdown in growth of the Advanced Economies in 2023 to just 1.2% - with the US growing 1.4%, the Euro area just 0.7% and the UK contracting 0.6%.

Emerging Economies, however, remained relatively unscathed, having kept external debt in check, and been largely circumspect about monetary and fiscal stimulus during the covid crisis. India stood out on both fronts, with external debt having declined to 19% of GDP in June 2022(from 24% in March 2014), and the fiscal deficit returning quickly to a glide path toward 6% of GDP (having never exceeded 9% of GDP even at the height of the covid induced global slump in 2020). The IMF forecasts that emerging economies will accelerate to 4% real GDP growth in 2023 (from 3.9% in 2022), with India again the fastest-growing major economy (6.1% growth in 2023, 6.8% in 2022 and 2024), and China projected to rebound to 5.2% growth in 2023 (from 3% in 2022) but moderating to 4.5% in 2024. With Russia slated to accelerate to 2.1% growth in 2024, the

IMF projects that Developing Economies will grow 4.2% in 2024, thus ensuring global real GDP growth of 2.9% in 2023 (despite the recession in the Advanced Economies) and 3.1% in 2024.

### Review of India's Economy

After expanding by 8.8% in FY22, based on a broad-based recovery in manufacturing (+11.1% YoY) and services (+8.8% YoY), India's real GDP decelerated to 7.7% YoY growth in the first 3 quarters of FY23, mainly because of a sharp slowdown in manufacturing growth (+0.4% YoY), particularly a contraction in labour-intensive manufacturing output. By contrast, services accelerated to 10.4% YoY growth in April-December 2022 (from 9.4% in April-December 2021) and construction (10% YoY) and agriculture (+3% YoY) expanded at a good clip. From the demand perspective, the deceleration was attributable primarily to stagnation in real government spending anda deterioration in net exports, as robust real exports of goods and services (+14.3% YoY) were outpaced by real imports, which expanded 22.8% YoY in April-December2022. Real fixed investment spending grew a robust 12.6%YoY in April-December 2022, and was 14.4% higher than the pre-covid level (of April-December 2019), while real private consumption expenditure (PCE) grew 9.5% YoY in the first 3 guarters of FY23.

India's services exports grew 30.5% YoY in the first11 months of FY23, easily the fastest growth in over a decade, accelerating from the post-covid bounce of 21.2% YoY growth in FY22, and exceeding the previous decadal high of 18% in FY19. Services imports were up 24.6% YoY, so the services trade surplus for April 2022-February 2023 widened 38.6%YoY to USD 133 Bn. The goods trade deficit widened sharply in April-September 2022 amid elevated crude oil prices, narrowed slightly in Q3FY23, and declined by 2.5% YoY in January-February 2023 as exports and imports declined in response to the slowdown in US and European demand. The services and incomes surpluses are likely to ensure a current account surplus (0.2% of GDP) in Q4FY23, reducing the FY23 current account deficit (CAD) to 2.4% of GDP.

Inflation as measured by the Consumer Price Index (CPI) edged above the Reserve Bank of India's (RBI) preferred target range (2-6% YoY) between January and October2022, but moderated to 5.7% YoY by December 2022. The renewed surge in fuel prices triggered by the Russia-Ukraine war was a major factor keeping inflation high, which obliged the RBI to steadily hike its policy repo rate from 4% in April 2022 to 6.5% by February 2023 monetary policy committee (MPC) meeting. A renewed uptick in food grain prices (+16.3% YoY in February 2023) led to CPI inflation rising well above the RBI's target range in February 2023, raising the spectre of more rate hikes from a hawkish MPC. The big reported increase in wheat and rice prices was mainly a statistical quirk, arising from the fact that free food grain was distributed

to over 800 Mn Indians from January 2023 onwards: any item obtained free is not included in measuring the CPI, so non-PDS food grains influence on the CPI was being exaggerated. Nonetheless, the headline CPI inflation was likely to oblige the RBI to raise interest rates further, unless non-PDS food grain could be distributed better.

The external sector has continued to remain resilient amidst the global uncertainties and expectations of the spill over effects due to an imminent slowdown in the developed market economies. India's exports reached an all-time high of USD 750 Bn in FY23 from USD 672 Bn in FY22. The growth in merchandise exports on a FYTD basis (Apr-Feb'23) moderated to 7% vs 47% earlier, while imports growth moderated to 19% vs 59% earlier, trade deficit widened to USD 251 Bn vs USD173 Bn earlier. However, robust services balance (USD 125 Bn vs USD 93 Bn earlier) helped cushion the Current Account Deficit (CAD) in FY23. Software exports constitutes majority of India's services exports and the consistent growth in this category is not reflecting the spill over effect of growth slowdown in DM economies (~ 90% of India's software exports is concentrated in US and Europe). India's forex reserves fell USD 39 Bn during FY23, but remained at comfortable levels of USD 579 Bn which comes to an import cover ratio of 9.5 times.

### **Outlook of Global and Indian Economy**

We expect world real GDP growth to slow to 2.2% in 2023, slower than the IMF's January 2023 forecast of 2.9% real GDP growth, as central banks in the developed economies continue to sharply scale back their aggressive monetary expansion in the face of virulent inflation that remains near 4-decade highs. The abrupt shift in monetary stance over the past year has already caused some disarray in the US and European financial system, with victims including Switzerland's second-largest bank and the 15th largest US bank (and a couple of smaller ones). With inflation still very far from central bank targets (more than double the US target, triple the ECB's and BoE's targets at the end of March 2023), central banks will have to prioritise the fight against inflation, even if it causes further ructions in the financial markets. While bank-specific liquidity support will continue, aggregate money supply will continue to be reined in, causing the supply of credit to tighten, weakening the economy further. Our global growth estimate is predicated on zero growth for developed economies in 2023 (slower than the IMF's January 2022 forecast of 1.4%), and 4.2% growth for emerging economies (primarily because we expect India to grow faster than the IMF's 6.1% growth forecast for 2023).

With many major supply-side reforms over the past 2 years, e.g. the lowest corporate tax rates in Asia (especially for new manufacturing units), a more flexible labour market with the simplification of labour codes, and production-linked incentives (PLI) spurring new investments in export-oriented manufacturing, India is poised to experience

a steady further acceleration in investment-led growth. Exports of services are ironically benefitting from increased immigration controls in the US (especially) and Europe, resulting in enhanced off-shoring of shared services, while Indian software companies increasingly become more sophisticated in whole-business consultancy and broaden their offering of research-and process-outsourcing. With the rupee's real effective exchange rate depreciating 5% since mid-November 2022, India's merchandise exports too are likely to receive a boost to their competitiveness, especially once export duties (imposed since May 2022 to fight inflation) are eliminated. With lower crude oil prices helping to both lower India's headline inflation rate and lower the CAD to 1.5% of GDP in FY24, we expect India's real GDP to grow 7% despite the recession in advanced economies (other than Japan) in CY23.

### **INDUSTRY REVIEW**

### **Indian Capital Markets**

For an Indian investor, FY23 turned out to be highly volatile for equities given the global events. From a cross asset class perspective, investors betting on gold (+16%), USD (+8.4%), real estate (5%-6%) and bonds (3.8%) earned positive returns in FY23 while those betting on stocks were provided flat returns.

FY23 turned out to be a year in which there was massive pressure of rising 'equity risk premium' and 'risk-free rate' on equity valuations along with unprecedented uncertainty on income growth for corporates. First half of FY23 began with the unprecedented nuclear brink manship caused by the Russia-Ukraine conflict which fuelled a commodity shock thereby resulting in surge in prices as well as shipping costs. Central banks were caught by surprise due to the steep rise in inflation thereby triggering one of the sharpest rate hike cycles by the US Federal Reserve in decades. Towards the end of FY23, the narrative is changing from further aggressive Quantitative tightening (QT) to prospects of an end to QT cycle in the near term and probable Quantitative easing (QE) in 2024. The above change in stance is driven largely due to the banking crisis in US and Europe caused by aggressive rate hikes taken by the US Fed which has the potential to trigger a recession in the developed world.

Within equities, high-beta, capital-intensive and value stocks outperformed low-volatility stocks during FY23. Large-caps outperformed small-caps. Amongst large caps, sectors which outperformed were PSU stocks, FMCG, auto and financials.

PAT/GDP is likely to improve in FY24 after dipping marginally in FY23 due to the contraction in profit pool of commodity companies. India's domestic capex cycle and credit cycle are at a nascent stage of recovery coinciding with the decadal bottom of the NPA cycle along with pro-growth union budget which focused on enhancing capex spend on infrastructure (FY24 capex outlay stands at INR 10 Tn).

Foreign Portfolio Investors (FPI) selling during FY23 relatively slowed down as compared to FY22 outflows with second half having inflows from FPI's. Further, DII's continued their strong momentum of inflows in FY23.

Secondary market witnessed the outflow of Foreign Portfolio Investors (FPIs) of USD 25.3 Bn. However, including the primary market inflows, the selling was much lower at USD 6 Bn in FY23. FPIs were net sellers in the 1st half of FY23 totalling USD 9 Bn outflowsal though the trend reversed in the 2nd half of FY23 with FPI becoming net buyer resulting in inflows of USD3 Bn. Consequently, aggregate FPI equity asset stood at INR 44.6 Tn as of March 31, 2023. During FY23, sectors which saw massive outflows were IT, energy financials and consumer durables whereas capital goods, FMCG, Healthcare services, consumer services and autossaw massive inflows. Indian debt market which witnessed continuous outflow over the past few years (except FY22) by Foreign Portfolio Investors (FPIs) saw outflow of USD 1.1 Bn in FY23.

In contrast, the Indian capital markets saw consistent buying by domestic investors in the face of continued unprecedented selling by FPIs during rare and extreme fear-inducing events seen over the past year (QE reversal, US Federal reserve aggressive interest rate hike, high inflation across globe and global brinkmanship due to the Russia-Ukraine conflict).DII were net buyers across FY23 totalling USD 32.2Bn (highest ever) and absorbed selling pressure of FPIs. SIPs continued to remain resilient despite the market volatility with cumulative SIP flows of INR 1,560 Bn in FY23 vis-à-vis INR 1,246 Bn in FY22 signifying rise of retail investors. Further, domestic equity Assets Under Management (AUM) has increased by 17% to INR 16.9Tn (March 2023) from INR 14.42 Tn (March 2022).

### **Indian Broking Industry**

The Indian broking industry is very diverse with many intermediaries forming a part of the market infrastructure. Over the years, more efficient players have grown considerably in size, thus gaining healthy market share across parameters. With rising demat accounts and growing volumes, the broking industry generated an estimated revenue in excess of INR 380 billion in FY23.

Digitisation has been a key driver for the financial services industry. With internet penetration on the rise, 5G services and digital payments, customers now have easy access to the market. Modern investment apps have evolved to provide more options to retail investors. They provide education as well as a platform for ease of fund/product selection, investment and more efficient tracking of portfolios. Buying and selling stocks through mobile apps has become popular, leading to majority stock brokers launching their mobile app. Further, internet and smart phone penetration beyond the urban centres has unlocked significant opportunities for the financial services industry.

The Indian broking industry is consolidating towards digital brokers. Digital brokers provide a superior experience starting right from the time the client is acquired, to their first interaction with the platform post on-boarding, to order execution and eventually their post trade journey. This seamless experience from on boarding to engagement and execution has given digital brokers a huge lead over their traditional peers. The technological prowess of digital brokers enables them to provide services to clients at competitive fees and charges. This ease of transacting, along with superior client experience, attracts a large number of investors onto their platform, which has led to multi-fold growth in their client base over the last couple of years.

Clients are looking for better investment opportunities, driving the equity space. The number of active demat accounts in India has grown by nearly four times over the past 5 years to reach almost 32.7 million as of March 2023. Sharein ownership of NSE listed companies by retail investors' has been improving from 8.4% in March 2020 to 9.2% as of December 2022.

The average daily traded volumes (ADTO) for the equity markets during FY23 stood at INR 153.9 lakh Cr, up 121% YoY from INR 69.5 lakh Cr in FY22. The overall Cash market ADTO declined by 21% YoY at INR 57,564 Cr in FY23. Within derivatives, options volume rose 125% YoY to INR 152.2 lakh Cr, while futures volume declined by 4% YoY to INR 1.1 lakh Cr. Amongst cash market participants, retail constituted 47% of total cash volume, institution 25% and proprietary (prop) 28%. The proportion of DII in the cash market was 10%. In FY23, 2.5 Cr new demat accounts were opened as against 3.5 Cr in FY22. This drop is attributed to various factors like volatile market conditions, tepid IPO markets etc. CDSL, the largest depository in India in terms of number of demat clients, crossed 8 Cr mark. The total number of demat accounts, across CDSL and NSDL, stood at 11.45 Cr as of 31st March 2023, registering a growth of 28% YoY.

India's regulatory environment has been continuously evolving and rightly so to protect the interest of the smallest retail investor in the country. By doing so, the regulator has made the investing environment far more secure today, which gives a major boost to retail investors' confidence.

In FY21, SEBI introduced the pledge mechanism and instated the new peak margin norms. Both these regulations were directed to protect the interest of retail investor. While there was only a transient impact, restricted to the period of implementation, India witnessed healthy growth not only in demat accounts, but also market volumes, thereafter.

Following these developments, in May 2022, SEBI introduced a new regulation regarding the segregation of margin, in the form of cash and collateral, at client level, which was earlier being done at the broker level. By doing so, the regulator has further re-emphasised their empathy towards retail

investors. This regulation built new guardrails to secure client funds and eliminate any chance of misappropriation of client money. The said circular proposed clients to bring in at least 50% of their margins in the form of cash while the balance can be in the form of collateral. The circular, also allows brokers to apportion a part of their proprietary funds towards fulfilling the 50% cash margin requirement at client level.

Another major regulation announced in FY23, was flushing out all client funds on the first Friday following either the monthly or quarterly settlement as opted by the client. This regulation was implemented from October 2022, when the industry geared up rapidly and flushed out all funds back to their clients. Post this, the market volumes continued to grow.

In order to further insulate clients' funds, SEBI in its recently concluded board meeting approved two proposals:

- Introduction of Application Supported by Blocked Amount (ASBA) like facility for secondary market
- Upstreaming of clients' funds by stock brokers/clearing members to clearing corporations

While ASBA framework is optional for both the client and stock broker to offer, it would be implemented in a phased manner. Upstreaming of clients' funds will be implemented in two phases starting from 1stJuly 2 023. Under the approved framework, funds shall be upstreamed only in the form of cash, lien on Fixed Deposit Receipts (subject to certain conditions) or pledge of units of Mutual Fund Overnight Schemes. This is yet another step taken by the regulator in the direction of insulating the retail investor from any risk of losing their capital due to inefficiencies in the system.

Regulations have a long-term positive impact on the growth of the industry, as they make the environment more secure. While there may be a transient impact, efficient intermediaries will always stand to benefit in the long term.

#### **Investment Banking**

IPO markets remain subdued in FY23, after having an exceptional year in FY22 on account of volatile market scenario and moderate listing performance. FY23 witnessed 37 main board IPOs as compared to 53 in FY22. The amount of funds raised through main board IPOs was INR 52,116 Cr compared to all-time high of INR 1,11,547 Cr in FY22. The year recorded India's largest IPO- LIC at INR 20,557 Cr. Other major listing in the exchanges included Delhi very (INR 5,235 Cr), Global Health (INR 2,206 Cr) and Five Star Business Finance (INR 1,593 Cr). Most of the IPOs (25 out of 37) came in just 3 months (May, November and December) which clearly depicted volatile market conditions prevailed through major part of the year. The average number of applications from retail dropped to 5.6 lakhs in comparison to 13.3 lakhs in FY22.

### **Asset Management**

Overall mutual fund industry AUM was INR 39.4 lakh Cr in FY23, a jump of 5% YoY. On the front of equity mutual fund (excluding arbitrage), AUM stood at INR 19.3 lakh Cr, registering a growth of 10% YoY and contributing 49% of the total AUM. Equity category witnessed net inflows of INR 1.6 lakh Cr in FY23, a reduction of 29% YoY. Around 2.5 crores of new SIPs were registered in FY23 as compared to 2.7 Cr in FY22. SIP monthly contribution touched an all-time high of INR 14,276 Cr in March 2023. SIP flows for FY23 stood at INR 1,55,972 Cr vs INR 1,24,566 Cr in FY22.

FY23 started with the deadline for SEBI's regulation banning the use of broker's pool accounts for mutual fund transactions extended to July 1, 2022. Subsequently, the regulator barred mutual funds from launching fresh schemes for the first three months of FY23 until the industry complied with the new rules. SEBI also included asset management companies in the stringent SEBI Prohibition of Insider Trading regulations and specified a list of people who will be considered insiders. Further, fund houses are also required to publish MF holdings of their fund managers and designated people on stock exchanges. Long-term capital gains (LTCG) tax benefit on debt mutual funds, ETFs, international funds, gold funds, and certain categories of hybrid funds (that invest less than 35% in Indian equities) were removed. In effect, they will be treated as short-term capital gain (STCG), in much the same way as bank FDs.

On PMS front, SEBI introduced performance benchmarking and categorization for the PMS industry, akin to the current norms in mutual funds. The move will help investors assess and compare the performance of service providers and came into effect from April 1, 2023. Moving to bring parity between multiple modes of investment and reduce mis-selling and high commission charges, SEBI introduced direct plan for AIF investors and removed upfront commission model. These rules will become effective from May 1, 2023.

### **Private Equity**

2022 witnessed start-up attention beginning to wear off as macroeconomic factors slowed consumer spending. PE-VC firms invested USD 35 Bn in Indian companies across 1,530 deals as compared to USD 48 Bn across 1,624 deals in 2021. The start-up sector attracted the most investment with USD 7.4 Bn worth of investment across 991 deals. The start-up sector was followed by e-commerce, BFSI and education sector. The year witnessed 12 deals worth USD 500 Mn or more, led by Bodhi Tree Systems' USD 1.8 Bn investment in Viacom18 Media. Bengaluru which is the "Silicon Valley of India" tops the charts in terms of volumes as it is home to a majority of companies. Mumbai topped the charts in terms of values and accounted for 27% of total values.

The Indian economy continues to be a favourable spot for PE players given the robust credit cycle, improving capex cycle, rising incomes leading to higher consumption and supportive government policies. Indian economy's tremendous performance in 2022 and the positive outlook for growth in the coming decade make India one of the best investment destinations for both foreign and domestic investors across multiple sectors. Further, expectations of peaking interest rates and an uptick in IPOs and other investment exits improve the prospects.

### **Wealth Management**

As per Knight Frank's latest edition of The Wealth Report 2023, the number of ultra-high net worth individuals (UHNWIs) has globally declined by 3.8% in 2022 after a rise of 9.3% in 2021 as the wealth and the investment portfolio were impacted by economic slowdowns, frequent rate hikes and rising geopolitical uncertainties. On the other hand, number of high net worth individuals (HNWIs), those with USD 1 Mn or more in net assets expanded by 3%. In India. the number of UHNWIs fell by 7.5% YoY in 2022, however the HNI population continued to remain on a growth path registering a YoY growth of 4.5% and India's billionaire population rose by 11% YoY in 2022. India's UHNWI with net worth over USD 30 Mn is expected to rise by 58.4% in the next five years. Three out of the top ten highest growth spots across the world were currently held by Asian markets in the ultra-wealthy population. By 2027, it is projected that Asia will surpass Europe in terms of UNHWI count and will stand second to the Americas.

#### Investment banking business:

The equity capital markets team focuses on structuring and executing diverse equity capital raising transactions in the public and private markets for our clients. Products in this segment include IPOs, follow-on offerings, rights offerings, private placement, ADR offerings, GDR offerings, QIP transactions and convertible offerings, etc. for both listed and unlisted entities.

As an Investment Banking firm, it has always been our endeavor to structure and put together transaction structures that build long term, sustainable value for both the borrower and lender of funds in the equity markets. This approach, though having proved its importance during the stages of market tightness, has been somewhat considered as a weakness by industry participants, resulting in us not being able to successfully convince Bloomberg on its benefits. This has led to situations wherein KSI has had to either withdraw from certain mandates or had to face resistance from Indian Corporates in awarding their fund raising mandates to us from the secondary markets. This is despite the management of these corporate houses acknowledging the deep knowledge and understanding of the micro and macro economy factors including the future growth prospects in specific industry, and the sustainable long term valuation parameters.

We always believe that in order for market to value and reward its participants, it is important for both the Promoter Groups and the Merchant Bankers to design appropriate and sustainable valuation models such that it remains consistent with the overall corporate performance and at the same point in time is able to ride both the good and the bad times

Investment Baking and Advisory Group is putting their best endeavors on reviving some of the lost or delayed transactions, and are confident that in improved market sentiment same can be executed efficiently.

#### **Portfolio Management Services:**

The Portfolio Management Segment is bound to grow and offer immense business potential for financial advisory services. The NRI community is the key market segment. Successful NRI business owners and professionals are of great interest to Portfolio management institutions. KSL has identified this rapidly growing segments' need for specific products and services and has created practice models and advisory teams that specialize in servicing NRIs. Our service offerings include providing HNIs with investment advisory, planning and asset deployment advice, asset allocation and the distribution of a wide range of products. Our primary focus is on understanding each client's financial profile, including tolerance for risk, capital growth expectations, and current financial position and income requirements in order to create comprehensive and tailored investment strategies. Our Portfolio Management services have increased our clients' access to and use of our financial products and

Your Company is confident of garnering much larger assets under management through the PMS division compared to last year and would be able to clearly demonstrate its core expertise to maximize the value under PMS, even during adverse market situation.

#### **OPPORTUNITIES AND THREATS**

The following factors present specific opportunities across our businesses:

- Expected GDP growth coupled with reforms push by the government relating to project approvals, land acquisition, mining, and infrastructure will lead to huge investments by both the public and private sector companies. There will be large capital requirement to fund these investments which will present opportunities for investment banking and advisory business;
- Fall in global commodity prices will reinvigorate private consumption demand and lead to capacity expansion by the industry;
- Corporates are looking at expanding in domestic as well as overseas markets through mergers & acquisitions which offer opportunities for the corporate advisory business.
- Growing mid-size segment of corporates where the need for customized solutions is particularly high will present opportunities for our advisory businesses;
- With increase in the income levels, change in attitude from wealth protection to wealth creation and risk taking abilities of the youth, there is also a huge market opportunity for wealth management service providers.
- Improved sentiments in the secondary markets will also enhance the participation of investors across segments thereby helping the prospects of equity brokerage business. We expect economic activity to pick up from grass root levels presenting opportunities in both lending and asset reconstruction business.

Despite the above opportunities, our performance could be affected by following perceived threats to our businesses:

- Impact of abnormal monsoon, rising fiscal deficit, sustained high interest rates and high inflation;
- Geopolitical tensions across the globe;
- Regulatory changes impacting the landscape of business:
- Increased intensity of competition from players across the segment/ industry;
- Attrition of employees caused by strong demand from ever increasing number of market participants;

- Continuous downward pressure on the fees, commissions and brokerages caused by heightened competition and willingness of most players to deliver services at very low fees;
- Entry of corporate heavy weights and global players in the lending business. Given their capital strength as well as access to cheaper source of capital will increase pressure on us to remain competitive and impact margins.

#### INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Our research reports are highly recognized by international investor's community including leading foreign institutional investors, global central banks, multi- lateral development agencies and independent multi-strategy funds. Some of the research reports, apart from being widely acclaimed, have been ranked among the best by international financial information providers such as Thomson- Reuters and Bloomberg.

We maintain adequate internal control systems commensurate with the nature of business, size and complexity of its operations. We have well-established processes, guidelines and procedures to augment the internal controls. This, coupled with adequate internal information systems ensures proper information flow for the decision-making process. Adherence to these processes is ensured through frequent internal audits. The internal control system is designed to ensure maintenance of proper accounting controls, monitoring of operations, protection and conservation of assets and compliances with applicable laws and regulations.

These controls ensure that financial and other records are reliable for preparing financial statements and other information. An extensive programme of internal audit is conducted by an independent firm and reviewed by the Audit Committee. Internal audit also evaluates and suggests improvement in effectiveness of risk management, control and governance process. All our operating subsidiaries are subject to internal audits to assess and improve the effectiveness of risk management, control and governance process. These procedures ensure that all transactions are properly reported and classified in the financial records.

The Audit Committee of Board provides necessary oversight and directions to the internal audit function and periodically review the findings and ensures corrective measures are taken keeping in mind the organization's requirements, growth prospects and ever evolving business environment. This system enables us to capture a precise reflection of the organization's position at all times and also facilitates timely detection and plugging of anomalies by various business groups. We also address any issues identified by regulatory inspection teams very diligently and report the same to the Board of Directors and the regulators.

#### **RISK CONCERNS AND RISK MANAGEMENT**

The Risk Management Function is overseen by the Audit Committee. Risk Management Policies are designed after discussion with various constituents and experts. In a business where prices and realities change every instant, it is imperative for KSL to operate within a broadly de-risked business model that protects stakeholder interests on the one hand and facilitates growth on the other.

Therefore, the concept of real-time risk mitigation management is integrated within the Company's existing business strategy. It is integrated into the Company's strategic and operational decision making process; it is ingrained in the organizational mindset; it pervades all organizational tiers, roles and functions.

KSL's effective risk management is guided by an understanding of the various parameters that can have a bearing on its business and profitability:

- External: These comprise risks that the Company faces but cannot control – industry slowdown, competition, regulatory changes, brand perception etc.
- Internal: These comprise risks that the Company can directly control through prudent strategy – costs, liquidity, technology, operations, people etc.

KSL controls client risk through a prudent categorization of clients as per their financial depth. This helps circumscribe their trading limits, leading to effective risk management. KSL monitors a client's trading pattern in addition to keeping a continuous vigil on positions, balances and margins. This provides an understanding of a client's trading pattern in terms of nature of transactions, trading, investments, F&O types of scrips, etc. to detect any undesirable or prohibited practices. Based on this, remedial actions are initiated whenever required. This ensures strict regulatory compliance.

#### **Industry Risk**

KSL is primarily engaged in the business of financial services. Any slowdown in the country's economy or financial sector as well as any changes in interest rates, political climate or regulatory changes could affect the Company's prospects. Further the capital market is always exposed to the cyclical risk of upswing and downturns, which in turn depend on the overall economical growth of the country.

#### **Management Perception**

KSL's presence in multiple product segments also serves as a natural hedge against a downturn in any particular sector. For instance, the Company's presence in the relatively volatile equity segment is balanced by its presence in the relatively stable insurance, mutual funds and fixed interest-bearing debt instruments. Your Company has broadly three major revenue generation department viz. Broking division, Corporate Advisory Division and Capital Market Operation. The total revenue generated by the company during the year

shows the overall performance of all the departments jointly and doesn't depend on any single segment of revenue.

#### Liquidity Risk

In the event of clients not honoring their financial commitments following an unexpected market movement, the Company's cash flow could be significantly affected.

KSL has exercised prudence in client selection and credit extension. For instance, the Company's internal audit team ascertains client credentials before they are permitted to trade.

#### **Management Perception**

As a corporate policy, it is endeavor to constantly monitor the margin payments and settlements of our customers on a continuous basis. Our ability to understand the financial track record of each of our customers provides us with a judgment and direction on the margin calls to be issued as also calling for pre- payments if need be in cases of exigencies. This approach we believe gives the Company the required flexibility in managing the liquidity risk across multiple categories and types of customer profiles. This assumes that at KSL we follow an independent and customer centric risk management exercise thereby ensuring timely interventions to significantly reduce potential liquidity risks.

#### **Economic Risk**

A slowdown in economic growth in India could cause the business of the Company to suffer. While the Indian economy has shown sustained growth over the last several years, the growth in industrial production has been variable. Any slowdown in the Indian economy, and in particular in the demand for housing and infrastructure, could adversely affect the Company's business. Similarly, any sustained volatility in global commodity prices, including a significant increase in the prices of oil and petroleum products, could once again spark off a new inflationary cycle, thereby curtailing the purchasing power of the consumers.

#### **Management Perception**

The Company manages these risks by maintaining a conservative financial profile and following prudent business and risk management practices.

#### **Human Resource Risk**

Human Resources represent the company's principal asset in a knowledge-led business, where any attrition or skill obsolescence could lead to a weaker industry position.

#### **Management Perception**

Your Company has consciously made the transition from a family based organization into a professionally managed one, accompanied by delegation of responsibilities for intellectual growth. Over the years, your company has invested in the human resource by providing timely training, various seminars on personal development etc. The free

#### KHANDWALA SECURITIES LIMITED

work environment provided by the Company has also resulted in to low attrition of manpower.

#### Client Risk

In the financial industry the company depends on a few bigger corporate and institutional clients from where majority of the revenue is generated.

#### **Regulatory Risk**

The Company's presence in a variety of financial segments warrants an ongoing compliance with the evolving requirements of their various regulators. Any violation or transgression could invite censure, affecting the Company's brand.

#### **Management Perception**

Your Company enjoys strong long term relationship with its clients. However, as a good Risk Management practice, the company has never relied upon particular client base and hence not exposed to such risk. During the year under review company has added new institutional client from where regular business is generated. It is your company's constant endeavor to search for new area of business and clients.

KSL takes its compliance commitment seriously, recognizing that the business must not only serve the interest of the customer but also function well within the established guidelines of the various regulatory authorities for responsible and profitable growth. At KSL, the compliance

discipline extends across the entire transaction cycle, client identification, KYC process transaction execution, transaction settlement involving securities and funds transfer. The compliance requirements across the various service points have been communicated comprehensively to branch through compliance manuals, leading to uniformity, quality, priority and discipline

#### **Human Resources**

Your company considers its human resource as the most valuable asset and, recognizing this, devotes a considerable development of its employees in various traits, apart from job related skills:

- Employee satisfaction survey was carried out along with various seminars by the HR department of the Company to understand the employees and help them to perform in the most efficient manner. Feedbacks were received during such sessions and corrective actions have been initiated;
- Communication meeting is being organized once in a quarter to apprise all the employees on the major development on various fronts such as market, deals stroked etc:
- Your company had recruited Management Trainees during the year and they were given specific job assignments in the research department. This has helped your company to establish goodwill with local management schools and prepare future prospects for employment.

#### CORPORATE GOVERNANCE REPORT

Corporate Governance provides the structure through which corporations set and pursue their objectives, while reflecting the context of the social, regulatory and market environment. Corporate Governance is a mechanism for monitoring the actions, policies and decisions of corporations. It involves the alignment of interests among the stakeholders.

The Board of Directors of your company takes the responsibility for maintaining sound principle of Corporate Governance. #### INDEPENDENT AUDITOR'S REPORT

## TO THE MEMBERS OF KHANDWALA SECURITIES LIMITED

## Report on the Standalone Indian Accounting Standards (Ind AS) Financial Statements

#### **Qualified Opinion**

We have audited the accompanying standalone financial statements of "Khandwala Securities Limited", which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements"). In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view except for the effects of the matters described in the Basis for qualified opinion section of our report in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023. the profit/loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Qualified Opinion**

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI'sCode of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements. However we draw your kind attention to the following qualifications to the audit opinion of the financial statements produced as under:-

 The Company had advanced application money towards purchase of shares of Rs 216.69 lakhs which is outstanding for a period of 252 months as at the end of the year. In the absence of information regarding the status of the allotment or the net worth of the entities in which the company made applications, we are unable to ascertain the extent to which an amount of Rs 216.69 lakhs is recoverable and accordingly, the effect thereof on the financial statements cannot be ascertained. However, it has been noted and confirmed after looking at relevant documents that at present the said matter is under litigation and pending for hearing before the Hon'ble High Court of Mumbai.

 Long-Term deposits to various companies of Rs 530.00 lakhs are subject to subsequent adjustments. We are unable to ascertain the recoverability of these amounts, as the Company has not made any provisions for the same in the standalone financial statements.

## Information other than the Standalone Financial Statements and Auditor's Report Thereon.

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

## Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy

#### KHANDWALA SECURITIES LIMITED =

and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficientand appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material

uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content
of the standalone financial statements, including the
disclosures, and whether the standalone financial
statements represent the underlying transactions and
events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

- 1. As required by Section 143(3) of the Act, based on our audit we report that:
  - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

#### THIRTIETH ANNUAL REPORT 2022-2023

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with the Companies (Accounts) Rules, 2014, as amended.
- e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
  - The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
  - There are no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company.
- 2 As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

### "Annexure-A" to the Independent Auditors' Report – 31st March 2023

# Report on the Internal Financial Control s under clause (i) of sub – section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financial Control over financial reporting of **Khandwala Securities Limited**("the Company") as of 31<sup>st</sup> March, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

## Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of assets, the prevention and detection of fraud and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We have conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the standards on auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls over Financial Reporting

A Company's Internal Financial Control over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- pertains to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transaction and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of internal Financial Controls over Financial Reporting

Because of inherent limitations of internal controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatement due to error or fraud may occur and not to be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by Institute of Chartered Accounts of India.

#### ANNEXURE "B" TO THE INDEPENDENT AUDITORS' REPORT

(As referred to in Paragraph 2 of Report on Legal and Regulatory Requirements of our report Companies (Auditors Report) Order' 2020 (the order) issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act for the year ended on 31st March 2023).

To the best of our information and according to the explanations provided to us by the company and books of accounts and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:-

#### **Property, Plant and Equipment:**

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
  - (b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
  - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
  - (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has not revalued its Property, Plant and Equipment's (including Right of Use assets) or Intangible Assets or both during the year end.
  - (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no proceedings have been initiated or are pending against the company for holding any Benami property under Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder during the year end.

#### (ii) Inventories:

The company does not have any inventory and hence reporting under clause (ii) of the CARO 2020 is not applicable.

#### Loans and Advances to Related Parties:

#### **B.** Significant Accounting Policies

#### **Basis of Preparation**

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) specified under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

#### **Historical Cost**

The financial statements have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- Certain financial assets and liabilities (including derivative instruments),
- ii) Defined benefit plans plan assets and
- iii) Equity settled share based payments

#### Use of estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenues and expenses and disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from the estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

#### Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenues can be reliably measured. Income from capital market operations (non-delivery based transactions) is accounted for on sale of securities. Income from Merchant Banking services, Brokerage and income from corporate advisory services are accounted for as and when the relevant services are

rendered except where the recovery is uncertain in which case it is accounted for on receipt. Interest income is accounted for on accrual basis except where the recovery is uncertain, in which case it is accounted for on receipt. Dividend income is accounted for when the unconditional right to receive dividend is established.

#### Property, Plant and Equipment and Depreciation

The company has used the following rates to provide depreciation on its non-current assets.

| Class of asset            | Estimated useful<br>Life<br>(In Years) |
|---------------------------|--|
| Tangible Fixed Assets:    |  |
| Building                  | 60                                     |

| Intangible Fixed Assets : |  |
| Computer Software         | 6                                      |

#### Investments

Investments are classified into current investments and non-current investments. Investments, which are intended to be held for one year or more, are classified as non-current investments and investments, which are intended to be held for less than one year, are classified as current investments.

Non-current investments are carried at cost less provision for diminution, other than temporary.

Current investments are carried at lower of cost or fair value. The comparison of cost and fair value is done separately in respect of each investment.

#### Inventories

Stock-in-trade is valued at lower of cost and market value. While determining market value, due consideration has been given to shares which have become ex-rights/exbonus at the year- end for which rights/bonus shares have been received subsequent to year end.

#### Foreign currency transactions

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transaction. Exchange differences, if any arising out of transactions settled during the year are recognized in the statement of profit and loss of the year.

#### **Employee benefits**

#### **Short Term Employee Benefits**

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services.

#### **Post-Employment Benefits**

#### **Defined Contribution Plans**

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund, Superannuation Fund and Pension Scheme. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

#### **Defined Benefit Plans**

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @15 days salary for every completed year of service as per the Payment of Gratuity Act 1972.

The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to employees. The gratuity fund has been approved by respective IT authorities.

The liability in respect of gratuity and other postemployment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

#### **Employee Separation Costs**

Compensation to employees who have opted for retirement under the voluntary retirement scheme of the Company payable in the year of exercise of option by the employee. The Company recognizes the employee separation cost when the scheme is announced and the Company is demonstrably committed to it.

#### **Tax Expenses**

The tax expense for the period comprises current and deferred tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity.

#### **Current Tax**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

#### **Deferred Tax**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the

liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end each reporting period.

#### **Derivative Instruments**

Initial / additional margin paid for futures / options is included under the head current assets. Contracts are marked to market in accordance with the prevalent regulations and the amount receivable or payable is disclosed under the head current assets or current liabilities, as the case may be. The profit or loss on settlement of derivative contracts is recognized in the Profit and Loss account. As on the balance sheet date, provision for loss on futures contracts is made to the extent of mark to market margins paid, while for open options, to the extent premium paid exceeds premium prevailing on that date.

#### **Provisions:**

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

#### Cash & Cash Equivalents:

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and fixed deposits.

#### **Current / Non Current Classification**

An asset shall be classified as current when it satisfies any of the following criteria:—

- (a) it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realized within twelve months after the reporting date; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets shall be classified as non-current.

A liability shall be classified as current when it satisfies any of the following criteria:—

- (a) it is expected to be settled in the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within twelve months after the reporting date; or
- (d) the company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

#### 36. Earnings per share:

The Company reports basic and diluted earnings per share in accordance with Ind AS -33 - Earnings Per Share.

Basic earnings per share are computed by dividing the net profit after tax attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares and dilutive potential equity shares outstanding at year-end.

# INDEPENDENT AUDITOR'S REPORT

#### TO THE MEMBERS OF KHANDWALA SECURITIES LIMITED

# Report on the Consolidated Indian Accounting Standards (Ind AS) Financial Statements

#### QualifiedOpinion

We have audited the accompanying consolidated financial statements of "Khandwala Securities Limited", (the Company) and its associates (the Company and its associates together referred to as the group) which comprise the consolidated Balance Sheet as at March 31, 2023, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view except for the effects of the matters described in the Basis for qualified opinion section of our report, in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the consolidated profit and consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

## **Basis for Qualified Opinion**

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI'sCode of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements. However we draw your kind attention to the following qualifications to the audit opinion of the consolidated financial statements produced as under:-

 The Company had advanced application money towards purchase of shares of Rs 216.69 lakhs which is outstanding for a period of 252 months as at the end of the year. In the absence of information regarding the status of the allotment or the net worth of the entities in which the company made applications, we are unable to ascertain the extent to which an amount of Rs 216.69 lakhs is recoverable and accordingly, the effect thereof on the financial statements cannot be ascertained. However, it has been noted and confirmed after looking at relevant documents that at present the said matter is under litigation and pending for hearing before the Hon'ble High Court of Mumbai.

Long-Term deposits to various companies of Rs 530.00 lakhs are subject to subsequent adjustments. We are unable to ascertain the recoverability of these amounts, as the Company has not made any provisions for the same in the consolidated financial statements.

# Information other than the Consolidated Financial Statements and Auditor's Report Thereon.

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidatedfinancial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### KHANDWALA SECURITIES LIMITED =

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

# Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficientand appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, isrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are

- based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on Other Legal and Regulatory Requirements

- As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.

## THIRTIETH ANNUAL REPORT 2022-2023

- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with the Companies (Accounts) Rules, 2014, as amended.
- e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- The Company has disclosed the impact of pending litigations on its financial position in its consolidated financial statements.

- ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- There are no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company.
- 2 As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

# Annexure-A" to the Independent Auditors' Report - 31st March 2023

Report on the Internal Financial Control s under clause (i) of sub – section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financial Control over financial reporting of **Khandwala Securities Limited**("the Company") as of 31<sup>st</sup> March, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of assets, the prevention and detection of fraud and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We have conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the standards on auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls over Financial Reporting

A Company's Internal Financial Control over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- pertains to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transaction and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

# Inherent Limitations of internal Financial Controls over Financial Reporting

Because of inherent limitations of internal controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatement due to error or fraud may occur and not to be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were effectively as at 31<sup>st</sup> March, 2023, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by Institute of Chartered Accounts of India.

#### B. Significant Accounting Policies

#### **Basis of Preparation**

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) specified under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

#### **Historical Cost**

The financial statements have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- Certain financial assets and liabilities (including derivative instruments),
- ii) Defined benefit plans plan assets and
- iii) Equity settled share based payments

#### Use of estimates

The preparation of the consolidated financial statements in conformity with the generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenues and expenses and disclosure of contingent liabilities on the date of the consolidated financial statements. Actual results could differ from the estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

#### Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenues can be reliably measured. Income from capital market operations (non-delivery based transactions) is accounted for on sale of securities. Income from Merchant Banking services, Brokerage and income from corporate advisory services are accounted for as and when the relevant services are rendered except where the recovery is uncertain in which case it is accounted for on receipt. Interest income is accounted for on accrual basis except where the recovery is uncertain, in

which case it is accounted for on receipt. Dividend income is accounted for when the unconditional right to receive dividend is established.

#### Property, Plant and Equipment and Depreciation

The company has used the following rates to provide depreciation on its non-current assets.

| Class of asset            | Estimated useful Life (In Years) |
|---------------------------|----------------------------------|
| Tangible Fixed Assets :   |                                  |

| Intangible Fixed Assets : |                                  |
| Computer Software         | 6                                |

#### Investments

Investments are classified into current investments and noncurrent investments. Investments, which are intended to be held for one year or more, are classified as non-current investments and investments, which are intended to be held for less than one year, are classified as current investments.

Non-current investments are carried at cost less provision for diminution, other than temporary.

Current investments are carried at lower of cost or fair value. The comparison of cost and fair value is done separately in respect of eachinvestment.

#### Inventories

Stock-in-trade is valued at lower of cost and market value. While determining market value, due consideration has been given to shares which have become ex-rights/ex-bonus at the year- end for which rights/bonus shares have been received subsequent to year end.

#### Foreign currency transactions

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transaction. Exchange differences, if any arising out of transactions settled during the year are recognized in the statement of profit and loss of the year.

### **Employee benefits**

# **Short Term Employee Benefits**

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services.

### **Post-Employment Benefits**

#### **Defined Contribution Plans**

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions

to a separate entity. The Company makes specified monthly contributions towards Provident Fund, Superannuation Fund and Pension Scheme. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

#### **Defined Benefit Plans**

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @15 days salary for every completed year of service as per the Payment of Gratuity Act 1972.

The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to employees. The gratuity fund has been approved by respective IT authorities.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of postemployment are charged to the Other Comprehensive Income.

#### **Employee Separation Costs**

Compensation to employees who have opted for retirement under the voluntary retirement scheme of the Company payable in the year of exercise of option by the employee. The Company recognizes the employee separation cost when the scheme is announced and the Company is demonstrably committed to it.

#### Tax Expenses

The tax expense for the period comprises current and deferred tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity.

#### **Current Tax**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

#### **Deferred Tax**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

#### **Derivative Instruments**

Initial / additional margin paid for futures / options is included under the head current assets. Contracts are marked to market in accordance with the prevalent regulations and the amount receivable or payable is disclosed under the head current assets or current liabilities, as the case may be. The profit or loss on settlement of derivative contracts is recognized in the Profit and Loss account. As on the balance sheet date, provision for loss on futures contracts is made to the extent of mark to market margins paid, while for open options, to the extent premium paid exceeds premium prevailing on that date.

#### Provisions:

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

#### Cash & Cash Equivalents:

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and fixed deposits.

#### **Current / Non Current Classification**

An asset shall be classified as current when it satisfies any of the following criteria:—

- (a) it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;

A liability shall be classified as current when it satisfies any of the following criteria:—

- (a) it is expected to be settled in the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within twelve months after the reporting date; or
- (d) the company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities shall be classified as non-current.

# 38. Earnings per share:

The Company reports basic and diluted earnings per share in accordance with Ind AS -33 - Earnings Per Share.

Basic earnings per share are computed by dividing the net profit after tax attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares and dilutive potential equity shares outstanding at year-end.
