8. Explanatory Statement pursuant to Section 102 of Companies Act, 2013 is annexed hereto and forms part of this notice.
9. **CDSL e-Voting System – For Remote e-voting and e-voting during AGM**
 - a) As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the Companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020. The forthcoming AGM will thus be held through video conferencing (VC) or other audio visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM.
 - b) Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
 - c) The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

- d) The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
- e) Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.

In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at HYPERLINK "<http://www.titanbiotechltd.com>" www.titanbiotechltd.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. HYPERLINK "<http://www.evotingindia.com>" www.evotingindia.com.

The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.

In continuation of this Ministry's **General Circular No. 20/2020**, dated 05th May, 2020 and after due examination, it has been decided to allow Companies whose AGMs were due to be held in the year 2020, or become due in the year 2021, to conduct their AGMs on or before 31.12.2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January 13, 2021.

10. THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- i. The voting period begins on 21st September, 2021 at 10.00 A.M and ends on 23rd September, 2021 at 5.00 P.M. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 17th September, 2021, may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- ii. The Members who have cast their vote by remote e-voting prior to the AGM may also attend/participate in the AGM through VC / OAVM but shall not be entitled to cast their vote again.
- iii. Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- iv. In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings for **Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

Further, the said Section provides that where the giving of any loan or guarantee or providing any security or the acquisition as provided under.

Section 186(2) of the Act, exceeds the limits specified therein, prior approval of Members by means of a Special Resolution is required to be passed at a general meeting. As per the latest audited Balance Sheet of the Company as on 31st March 2021, sixty per cent of the paid-up share capital, free reserves and securities premium account amounts to Rs. 3949.20 Lacs.

While one hundred per cent of its free reserves and securities premium account amounts to Rs. 5,755.64 Lacs.

Therefore, the maximum limit available to the Company under Section 186(2), of the Act for making investments or giving loans or providing guarantees / securities in connection with a loan, as the case may be, is Rs.5755.64 Lacs.

As per above mentioned higher limit is Rs. 5755.64 Lacs and we are proposing the maximum limit upto 2500.00 Lacs. Which is lower than the limit prescribed in 186(2), so there is no need to pass special resolution in annual general meeting.

In view of the above and considering the long term business plans of the Company, which requires the Company to make sizeable loans / investments and issue guarantees / securities to persons or bodies corporate, from time to time, prior approval of the Members is being sought for enhancing the said limits. Hence, the Ordinary Resolution at Item No.6 of the Notice, notwithstanding the fact that the same does not exceeds the limits provided under Section 186 of the Act.

The Board recommends the **Ordinary Resolution** set out at **Item No. 6** of the Notice for approval by the Members.

The Board of Directors of the Company has appointed PKG & Associates, Practicing Company Secretary Firm, to act as Scrutinizer to conduct the e-voting process in a fair and transparent manner. The Scrutinizer will submit his report after completion of scrutiny of ballots received from members including e-voting.

None of the Directors or Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the Ordinary Resolution.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMIC OUTLOOK

The global slowdown of the Year 2020, caused by the novel coronavirus outbreak. Also second wave of COVID-19 with double mutant has affected many countries. Protecting lives and allowing health care systems to cope with the Covid-19 pandemic has required isolation, lockdowns and widespread closures of non-essential services, including the manufacturing of most goods. As a result, the global economy is projected to around 6% in 2021, as per the World Economic Outlook ('WEO') of April 2021 released by the International Monetary Fund ('IMF').

However, global growth is expected to rebound to 6% in Year 2021 and down to 4.4% in Year 2022.

Growth in the United States ('US') is expected to rise from -3.5% in Year 2020 to 6.4 % in Year 2021. The United Kingdom ('UK') economic growth is expected to rise sharply in Year 2021 amid disruption caused by the Covid-19. Growth is expected to be 5.3% in Year 2021 as against -9.9 % in Year 2020. The figure is expected to rebound to 4% in Year 2021.

Most economies in the group are forecast to contract this year, including Japan (3.3%), Germany (3.6%), France (-8.2%), Italy (-8.9%) and Spain (-11.0%).

The projections for 2021 and 2022 are stronger than in the October 2020 WEO.

DOMESTIC ECONOMIC OUTLOOK

The International Monetary Fund has projected an impressive 12.5 per cent growth rate for India in 2021, while S&P Global Ratings has said the Indian economy is projected to grow at 11 per cent in the current fiscal. In its last policy review, the RBI had projected a GDP growth rate of 10.5 per cent for Financial Year 2022. According to India's statistics office, the economy projected to contract 8 per cent in 2020-21 while the Economic Survey 2020-2021 sees 11 per cent growth in 2021-22.

World Economics Outlook Growth Projections reflects the GDP of India 12.5% for 2021 and 6.9% for 2022, which is higher than Advanced Economics and Emerging Market & Developing Economics. That would enable India to retain its earlier tag of the fastest growing large economy in the world. However, China has been the only economy, whose growth rate was positive during the pandemic in 2020.

The OECD (Organization for Economic Co-operation and Development) has raised the projection for India's economic growth rate by 4.7 % at 12.6 % for 2021-2022.

India is fall among the top 12 destinations for biotechnology in the worldwide, with approximately 3% share in the global Biotechnology industry, assured for growth as a key contributor of India's \$5 trillion economy target by Financial Year 2023-2024. India also plays a key role in the global vaccine market, as the leader in the global supply of DPT, BCG, and measles vaccines, and is a key contributor of 70% of WHO's vaccines (essential Immunization Schedule). Indian companies are setting up facilities for nearly 5.5 billion doses of Covid-19 vaccines by 2021. India also ranks 48th on the Global Innovation Index.

There are more than 760 core biotech companies with 200 Biotech products available in the Indian market.

Supportive government initiatives are significantly contributing to market growth. For instance, in September 2020, the Government of India supported research institutes in agriculture biotechnology, including organic farming. Since the last 3 years, around USD 42.67 million had been invested to support this endeavor.

INDUSTRY STRUCTURE & DEVELOPMENT

Biopharmaceutical innovators are at the forefront of the human response to the coronavirus pandemic. A significant number of major biotech firms are in the midst of a race to investigate the Sars-Cov-2 genome and prepare a viable vaccine for the same. As compared to the speed of response to SARS/MERs etc, the biotech entities are investigating SARs-Cov-2 at an unprecedented rate and a considerable amount of funds are being put into the R&D. Moreover, the emergence of the SARS-COV-2 infection is driving the market. Companies are developing new solutions for combating the pandemic situation.

The global biotechnology market is expected to reach USD 2.44 Trillion by 2028 according to a new report by Grand View Research Inc. It is expected to expand at a CAGR of 15.83% from 2021 to 2028.

Asia Pacific is expected to expand at the fastest CAGR of 16.8% from 2021 to 2028 owing to favorable government initiatives and changes in drug approval regulations in India and China.

Robust funding through alliance investment in start-up biotechnology companies for adopting new and advanced products is contributing to market growth.

The Indian Biotechnology industry that was valued at \$70 billion in 2020 will reach \$150 billion target by 2025.

The Indian biotechnology industry amounted to US\$ 63 billion in 2019 and is forecast to reach US\$ 102 billion by 2025, with a CAGR of 10.9%. The biotechnology industry in India comprises more than 2500 companies and 2700 biotech start-ups and is estimated to reach 10,000 start-ups by 2024. (Source IBEF)

OPPORTUNITY AND THREATS

Stiff Competition both on domestic and International level poses some threat to the market share of company but since the market is quite large, the same is easily absorbed. The Global Biotech Market is open and the opportunity to tap the global market is immense. The Company has maintained its market

share during 2020-2021 and is regularly encashing on all opportunities. Your Company has maintained its quality standards and always working towards improvements. New Technology Developments and New Product Developments do take place and updating in terms of technology and quality is the need of the hour. Though Company does not expect any major threats yet it is cautious in all its endeavours.

SEGMENT WISE OR PRODUCT WISE PERFORMANCE

The Company has only one segment i.e. biological goods.

OUTLOOK

The outlook of the Biotechnology sector is quite good in the last year and continues to be good presently also. Biotech is among one of the sectors, which have highlighted the profile of the country in the last decade. At the beginning of the decade itself, this industry began to take shape with the sprouting of dozens of start-up companies as well as diversification of major pharmacy players by setting up biotech divisions to focus on this segment. With the country offering great comparative advantages in terms of skills, knowledge, expertise, cost effectiveness, the Outlook of the Industry looks very positive.

RISK AND CONCERN

The major risk is frequent increase in price of few raw materials which can increase cost of product and can make few products unprofitable unless the increase is passed on to the user which may at times be difficult due to stiff competition. Further, delay in grant of approvals can result in delay in launching of key products in the market. In addition significant competition in key products could also affect market share and profitability of the Company.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Titan Biotech Limited has well established internal control systems for operations of the Company. All the departments of the company including the accounts & finance department has experienced and trained staff capable of implementing and monitoring internal control systems. The internal control system of the Company is adequate to safeguard the Company's assets and to ensure that the transactions are properly recorded. Further, the internal control system ensures that proper record are being kept and all statutory and other laws, rules and regulations are being complied with.

FINANCIAL PERFORMANCE VIS-À-VIS OPERATIONAL PERFORMANCE

The performance of the Company from operation was better as compared to previous year turnover increasing from Rs. 7988.74 Lakhs to Rs. 14302.56 Lakhs in consolidated figures whereas in standalone the turnover is Rs.6988.58 Lakhs to Rs. 12,311.92 Lakhs. The profitability of the Company also improves with net profit increasing in consolidated figures from Rs.783.74 Lakhs to Rs.3170.52 lakhs whereas in standalone figures from Rs. 620.14 Lakhs to Rs. 2877.26 Lakhs.

MATERIAL DEVELOPMENT IN HUMAN RESOURCES

There has not been any major development on the human resources front. The industrial relation continues to be cordial during the year 2020-2021. The number of permanent employees on the rolls of Company as on 31st March, 2021 was 262.

SIGNIFICANT KEY FINANCIAL RATIOS

Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations therefor-

Particulars	Financial Year 2020-2021	Financial Year 2019-2020	Change
Debtors Turnover	9.19	7.56	21.56%
Inventory Turnover ^^	2.46	1.98	24.24%
Interest Coverage Ratio	33.30	5.93	461.55%
Current Ratio	3.49	2.31	51.08%
Debt-equity Ratio	0.17	0.50	-66.00%
Operating Profit Margin #	31.45	10.39	202.69%
Net Profit Margin	23.88	8.32	187.01%

Operating Margin is Defined as profit Before Taxes and Interest

^^ Inventory Turnover defined of Raw Material

(A) **DEBTORS TURNOVER RATIO: -**

The debtors turnover ratio is an accounting measure used to quantify a company's effectiveness in collecting its accounts receivable, or the money owed by customers. This ratio measures the efficiency of the company in collecting its revenue.

Higher Debtors Turnover Ratio indicates that the company's collection of Trade Receivables is efficient and that the company has a high proportionate of quality customers that pay their debts quickly.

(B) **INVENTORY TURNOVER RATIO: -**

Inventory turnover ratio is the rate at which a company replaces inventory in a given period due to sales. Calculating inventory turnover helps businesses make better pricing, manufacturing, marketing, and purchasing decisions. Well-managed inventory levels show that a company's sales are at the desired level, and costs are controlled. The inventory turnover ratio is a measure of how well a company generates sales from its inventory.

The higher the inventory turnover, the better, since high inventory turnover typically means a company is selling goods quickly, and there is considerable demand for their products.

(C) **INTEREST COVERAGE RATIO: -**

The interest coverage ratio measures how many times a company can cover its current interest payment with its available earnings. In other words, it measures the margin of safety a company has for paying interest on its debt during a given period.

Higher the Ratio the more poised is the company to its interest on debts during a period

(D) **CURRENT RATIO: -**

The current ratio measures a company's ability to pay current, or short-term, liabilities (debts and

payables) with its current, or short-term, assets, such as cash, inventory, and receivables.

The higher the current ratio, the more capable a company is of paying its obligations because it has a larger proportion of short-term asset value relative to the value of its short-term liabilities.

(E) **DEBT EQUITY RATIO: -**

The debt-to-equity ratio shows the proportion of equity and debt a company is using to finance its assets and signals the extent to which shareholder's equity can fulfill obligations to creditors, in the event of a business decline.

A low debt-to-equity ratio indicates a lower amount of financing by debt via lenders, versus funding through equity via shareholders. A higher ratio indicates that the company is getting more of its financing by borrowing money, which subjects the company to potential risk if debt levels are too high.

(F) **OPERATING PROFIT MARGIN (%): -**

An operating margin represents how efficiently a company is able to generate profit through its core operations. Operating Profits Margin is a good indicator of how well it is being managed and how efficient it is at generating profits from sales. It shows the proportion of revenues that are available to cover non-operating costs.

Higher ratios are generally better, illustrating the company is efficient in its operations and is good at turning sales into profits.

(G) **NET PROFIT MARGIN (%): -**

Net profit margin measures how much net income is generated as a percentage of revenues received. Net profit margin is one of the most important indicators of a company's overall financial health. Net profit margin is one of the most important indicators of a company's financial health. By tracking increases and decreases in its net profit margin, a company can assess whether current practices are working and forecast profits based on revenues.

A high net profit margin means that a company is able to effectively control its costs and/or provide goods or services at a price significantly higher than its costs.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF TITAN BIOTECH LIMITED

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of **TITAN BIOTECH LIMITED** ("the Company") which comprise the Balance Sheet as at **March 31, 2021**, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs) as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Information Other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information, in doing so, consider whether such other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in Equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the

operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are, therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Companies Act 2013, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us during the course of audit, we give in the "**Annexure A**", a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account;
 - d. In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting

Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

- e. On the basis of written representations received from the Directors as on March 31, 2021 taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2021 from being appointed as a Director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these standalone Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**” to this report;
- g. With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Directors during the year is in accordance with the provisions of section 197 of the Act;

- h. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact on its financial position in its standalone Ind AS financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company.

(Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ section of our Report of even date to the members of **TITAN BIOTECH LIMITED** (‘the Company’) on the Standalone Ind AS Financial Statements for the year ended **March 31, 2021**:

1. Fixed Assets:
 - a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - b) The Company has a program of physical verification to cover all the items of Fixed Assets in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - c) According to the information and explanations given by the management, the title deeds of immovable properties, included in property, plant and equipment are held in the name of the Company as at the balance sheet date.
2. The Management has conducted physical verification of inventory at reasonable intervals. In our opinion, the frequency of verification is reasonable in relation to the size of the Company and nature of its business. No material discrepancies were noticed on such physical verification.
3. During the year, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii) (a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
4. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
5. The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2021 and therefore, the provisions of clause 3(v) of the Order are not applicable to the Company.
6. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for maintenance of cost records under Section 148(1) of the Act, related to the manufacture of its products, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
7. Statutory Dues:
 - a. According to the information and explanations given to us and on the basis of the records examined by us, the Company is generally regular in depositing undisputed statutory dues with the appropriate authorities to the extent applicable and further, there are no undisputed statutory dues which have remained outstanding as at the last day of the financial year for a period of more than six months from the date they become payable.
 - b. According to the records and information and explanations given to us, there are no dues of Income-tax, Sales-tax, Service Tax, Custom Duty, Excise Duty, Value added tax or Goods and Service Tax outstanding on account of any dispute.

8. In our opinion and according to the information and explanations given by the management, the Company has not defaulted in repayment of loans or borrowing to any bank, Financial Institution or government or dues to debenture holders.
9. According to the information and explanations given by the management, the Company has not raised any money by way of initial public offer (IPO) or further public offer (including debt instruments) and hence not commented upon. The Company has utilized the monies raised by way of term loans for the purposes for which they were raised.
10. Based upon the audit procedures performed for the purpose of reporting the true and fair view of the standalone Ind AS financial statements and according to the information and explanations given by the management, we report that no fraud by the Company or no fraud on the Company by its officers and employees has been noticed or reported during the year.
11. In our opinion and according to the information and explanations given to us, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
12. The Company is not a Nidhi Company and hence the provisions of clause 3(xii) of the Order is not applicable to the Company.
13. In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Act wherever applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the notes to the standalone financial statements, as required by the applicable accounting standards.
14. During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures and hence reporting under clause 3(xiv) of the order is not applicable to the Company.
15. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its Directors or persons connected to its Directors and hence provisions of section 192 of the Act are not applicable to the Company.
16. According to the information and explanations given to us, the Company is not required to be registered under Section 45-1A of the Reserve Bank of India Act, 1934. .

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section our report to the Members of **Titan Biotech Limited** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **TITAN BIOTECH LIMITED** (“the Company”) as of **March 31, 2021** in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (“the Guidance Note”) issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting with reference to these standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone Ind AS financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone Ind AS financial statement, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

TITAN BIOTECH LIMITED

Notes to the Standalone Financial Statements for the year ended March 31, 2021

1. Company Overview, Basis of Preparation and Significant Accounting Policies

I Corporate Information

Titan Biotech Limited (“TBL” or “the Company”) is a public limited company incorporated in India on 18.02.1992 vide CIN-L74999RJ1992PLC013387 as a Non-govt Company limited by Shares and has its registered office at A-902 A, RIICO Industrial Area, Phase-III, Bhiwadi (Rajasthan) -301019. The shares of the Company are listed on Bombay Stock Exchange. The Company is one of the leading manufacturer and exporter of the Biological products which are used in the field of Pharmaceuticals, Nutraceutical, Food & Beverages, Bio-technology & Fermentation, Cosmetic, Veterinary & Animal Feed etc. The Company has its manufacturing facilities at A-902 A, RIICO Industrial Area, Phase-III, Bhiwadi, Distt. Alwar, Rajasthan-301019 India and at E-540, RIICO Industrial Area, Chopanki, Distt. Alwar, Rajasthan-301707

II Basis of Preparation

a) Statement of Compliance

These financial statements of the Company have been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard (‘Ind AS’) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 (‘the Act’) and the other relevant provisions of the Act to the extent applicable.

The financial statements up to year ended March 31, 2017 were prepared in accordance with the Accounting Standards notified under Section 133 of the Companies Act, 2013 read together with Rule 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP) and other relevant provisions of the Act.

b) Basis of measurement

The financial statements have been prepared on the historical cost convention on accrual basis except for certain financial assets and liabilities which are measured at fair value at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange of goods or services.

c) Functional and Presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (“the functional currency”). The financial statements are presented in Indian National Rupee (‘INR’), which is the Company’s functional and presentation currency. All amounts have been given in Rupees, unless otherwise indicated.

d) Current and Non-current classification

All Assets and Liabilities have been classified as current and non-current as per the Company’s normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of the business of the Company and its business time cycle from inception of an order and its completion on realization in cash and cash equivalents, the Company has ascertained the operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

e) Use of judgements and estimates

In preparing these financial statements, the Management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets,

liabilities, the disclosure of contingent liabilities and contingent assets as at the date of financial statements, income and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to estimates are recognised prospectively in current and future periods.

f) Measurement of fair values

A number of the Company's accounting policies and disclosures require measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to measurement of fair values. The directors are responsible for overseeing all significant fair value measurements, including Level 3 fair values. Directors regularly reviews significant unobservable inputs and valuation adjustments. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.

- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs). When measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the changes have occurred.

III Significant Accounting Policy

The Company has consistently applied the following accounting policies to till periods presented in the financial statements.

a) Property, Plant and Equipment

i) Recognition and measurement

Items of property, plant and equipment are measured at cost, less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, any directly attributable cost of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which is located. Borrowing costs relating to acquisition of qualifying fixed assets, if material, are also included in cost to the extent they relate to the period till such assets are ready to be put to use. Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance date is classified as capital advances under other noncurrent assets. An item of property, plant and equipment is derecognised when no future economic benefit are expected to arise from the continued use of the assets or upon disposal. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii) Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at April 1, 2017 measured as per previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

iii) Depreciation

Depreciation on property, plant and equipment is provided on the Straight Line Method based on the useful life of assets as prescribed under Schedule II of the Companies Act, 2013. Depreciation on additions to or on disposal of assets is calculated on pro-rata basis i.e. from (upto) the date on which the property, plant and equipment is available for use (disposed off).

b) Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication on impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in Statement of Profit and Loss.

c) Inventories

Inventories are valued at lower of Cost and Net Realisable value. The cost of finished goods is determined by taking material, labour and related factory overheads including depreciation. Cost of material is determined on weighted average cost basis. Further the cost for Work-in-progress includes material cost, stage wise direct cost and other related manufacturing overheads including depreciation. Net realisable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and making the sale. Cost of raw materials, packing materials, stores and spares are determined on weighted average basis. Obsolete, slow moving and defective inventories are identified at the time of physical verification of inventories and where necessary, the same are written off or provision is made for such inventories.

d) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Contingent liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement unless the possibility of an outflow of resource embodying economic benefit is remote. Contingent liabilities are not recognised but are disclosed in notes. Contingent assets are not disclosed in the financial statements unless an inflow of economic benefit is probable.

e) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is recognised when the significant risk and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods to the degree usually associated with the ownership and the amount of revenue can be measured reliably regardless of when the payment is being made.

Export Incentive: Incentive on Export Income is recognised in books after due consideration of certainty of utilization / receipt of such incentives.

Interest and Dividend Income: Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. Dividend income is recognized when the shareholders' right to receive dividend is established.

f) Employee Benefits

Short Term Employee Benefits

Short-term employee benefits are expenses as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Post-Employment Benefits

Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions to a statutory authority and will have no legal or constructive obligation to pay further amounts. Retirement benefits in the form of Provident Fund and employee state insurance are a defined contribution scheme and contributions paid/payable towards these funds are recognised as an expense in the statement of profit and loss during the period in which the employee renders the related service. There are no other obligations other than the contribution payable to the respective trusts.

Defined benefit plan

The Company provides for gratuity which is a defined benefit plan the liabilities of which is determined based on valuation, as at the balance sheet date, made by the independent actuary using the projected unit credit method. Re-measurement comprising of actuarial gains and losses, in respect of gratuity are recognised in OCI (other comprehensive income), in the period in which they occur.

Re-measurement recognised in OCI (other comprehensive income) are not reclassified to the Statement of Profit and Loss in Subsequent periods.

The classification of the company's obligation into current and non-current is as per the actuarial valuation report.

g) Foreign Currency Transactions

Transactions in foreign currencies are translated into the Company's functional currency at the exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in Statement of profit & loss. In accordance with Ind-AS 101 "First Time Adoption of Indian Accounting Standards", the Company has continued the policy of capitalisation of exchange differences on foreign currency loans taken before the transition date.

h) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that assets. Other borrowing costs are recognised as an expenses in the period in which they are incurred.

i) Income Tax

Income Tax expense comprises current and deferred tax. It is recognised in profit or loss except to the

extent that it relates to items recognised directly in Other Comprehensive Income. Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date. Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding tax bases used for taxation purposes. Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is probable evidence that the Company will pay normal income tax in future. Accordingly MAT is recognised as deferred tax asset in the Balance Sheet.

j) Segment Reporting

The Company's business activity falls within a single segment viz. Manufacturing and Sale of Biological Products. The segment has been identified by taking into account the nature of product, the differing risks, the returns, the organisation structure and the internal reporting systems and the manner in which operating results are reviewed by the Management.

k) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

l) Cash flow statement

Cash flow statements are prepared in accordance with "Indirect Method" as explained in the Accounting Standard on Statement of Cash Flows (Ind AS-7). The cash flows from regular revenue generating, financing and investing activity of the Company are segregated.

m) Earning per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted Earnings per share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

n) Investments in Subsidiaries

Investment in subsidiary Company is measured at cost less impairment as per Ind AS 27- Separate Financial Statements. The Company reviews its carrying value of investments at cost or amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

o) Intangible assets

i) Recognition and initial measurement

Intangible assets are stated at their cost of acquisition. Any trade discount and rebates are deducted in arriving at the purchase price.

ii) Subsequent measurement (amortisation)

Intangible assets are amortized over their respective individual estimated useful life on Straight Line Method basis commencing from the date, the asset is available to the company for its use.

iii) Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its intangible assets recognised as at April 1, 2017 measured as per previous GAAP and use that carrying value as the deemed cost of the intangible assets.

p) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial asset and financial liabilities are initially measured at fair value. Transaction cost which are directly attributable to the acquisition or issue of financial instruments (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets financial liabilities at fair value through profit or loss are recognised immediately in profit or loss. Subsequently, financial instruments are measured according to the category in which they are classified.

(i) Financial Assets

All purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Classification of financial assets depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

A financial asset that meets the following two conditions is measured at amortised cost unless the asset is designated at fair value through profit or loss under the fair value option:

- Business model test : the objective of the Company's business model is to hold the financial asset to collect the contractual cash flows.
- Cash flow characteristic test : the contractual term of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option:

- Business model test : the financial asset is held within a business model whose objective is

achieved by both collecting cash flows and selling financial assets.

- Cash flow characteristic test : the contractual term of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are measured at fair value through profit or loss.

Investments in equity instrument at fair value through other comprehensive income (FVTOCI)

On initial recognition, the Company can make an irrevocable election (on an instrument by instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instrument. This election is not permitted if the equity instrument is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains / losses arising from changes in fair value recognised in other comprehensive income. This cumulative gain or loss is not reclassified to profit or loss on disposal of the investments. The Company has an equity investment in an entity which is not held for trading. The Company has elected to measure this investment at amortised cost. Dividend, if any, on this investments is recognised in profit or loss.

Equity investment in subsidiaries, associates and joint ventures

Investments representing equity interest in subsidiaries, associates and joint ventures are carried at cost less any provision for impairment. Investments are reviewed for impairment if events or changes in circumstances indicate that the carrying amount may not be recoverable.

Financial assets at fair value through profit or loss (FVTPL)

Financial assets that do not meet the amortised cost criteria or fair value through other comprehensive income criteria are measured at fair value through profit or loss. A financial asset that meets the amortised cost criteria or fair value through other comprehensive income criteria may be designated as at fair value through profit or loss upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets and liabilities or recognising the gains or losses on them on different bases.

Income Recognition:

Interest income is recognised in the Statement of Profit and Loss using the effective interest method. Dividend income is recognised in the Statement of Profit and Loss when the right to receive dividend is established.

Impairment

The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at fair value through other comprehensive income, the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount of the financial asset in the balance sheet.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the trade receivable does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written-off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in standalone statement of profit and loss.

De-recognition of financial assets

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

(ii) Financial liabilities and equity instruments

Classification of debt or equity

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

Borrowings, trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. They are subsequently measured at amortised cost. Any discount or premium on redemption/ settlement is recognised in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method and adjusted to the liability figure disclosed in the Balance Sheet. Financial liabilities are derecognised when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

q) Leasing

Effective April 1, 2020, the Company has applied Ind AS 116 using modified retrospective approach and, therefore the comparative information has been regrouped accordingly.

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assess whether:

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted

for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The right of use asset is subsequently depreciated using the straight line method from the commencement date to the end of the lease term. The estimated useful lives of right-of-use assets are determined on the basis of remaining lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

Operating leases

Lease rental expenses from operating leases is generally recognised on a straight line basis over the term of the relevant lease. Where the rentals If any specific borrowing remains outstanding after the related asset is ready for its intended use, that borrowing is considered part of the funds that are borrowed generally for calculating the capitalisation rate.

Total Financial liabilities		14,52,29,108.77	23,28,95,468.05

(III) Fair values hierarchy

“Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

The fair value of financial instruments that are not traded in an active market is determined using market approach and valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparty

The fair value of trade receivables, trade payables and other current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature. Where such items are non-current in nature, the same has been classified as Level 3 and fair value determined using discounted cash flow basis. Similarly, unquoted equity instruments where most recent information to measure fair value is insufficient, or if there is a wide range of possible fair value measurements, cost has been considered as the best estimate of fair value.

There has been no change in the valuation methodology for Level 3 inputs during the year. The Company has not classified any material financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2 during the year.

Financial Risk Management Objectives And Policies

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes.

The Company's financial risk management policy is set by the management. Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. The Company manages market risk which evaluates and exercises independent control over the entire process of market risk management. The management recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee.

a) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial

instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk arises from cash held with banks as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. An impairment analysis is performed at each reporting date on an individual basis for major customers. The history of receivables shows a negligible provision for bad and doubtful debts.

b) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when its due.

Maturities of financial liabilities

The tables below analyze the company's financial liabilities into relevant maturity groupings based on their contractual maturities:

(Amt. in ₹.)

c) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates and commodity prices) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of its investments. Thus, the Company's exposure to market risk is a function of investing and borrowing activities.

(i) Foreign exchange risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

The Company has international transactions and is exposed to foreign exchange risk arising from foreign currency transactions (imports and exports). Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency. The Company does not hedge its foreign exchange receivables/payables.

The following table sets forth information relating to foreign currency exposure (other than risk arising from derivatives disclosed below):

(a) Foreign currency risk exposure:

(ii) Interest rate risk

The Company’s fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company’s variable rate borrowing is subject to interest rate. Below is the overall exposure of the borrowing:

(Amt. in ₹.)

Particulars	As at 31st March 2021	As at 31st March 2020
Variable rate borrowing	7,49,17,276.22	10,79,48,942.52

Total	7,53,57,948.06	16,88,78,455.35

Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

(Amt. in ₹.)

Particulars	As at 31st March 2021	As at 31st March 2020
Interest rates – decrease by 50 basis points	56,93,712.99	95,53,481.41
Interest rates – increase by 50 basis points	(56,93,712.99)	(95,53,481.41)

(IV) Capital management

The capital structure of the Company consists of equity, debt, cash and cash equivalents. The Company's objective for capital management is to maintain the capital structure which will support the Company's strategy to maximize shareholder's value, safeguarding the business continuity and help in supporting the growth of the company.

40 The Board of Directors of the Company has recommended a dividend of ₹1.50 per Equity Share for the Financial Year ended on 31st March, 2021. The dividend will be paid after approval of the same by the shareholders in the Annual General Meeting.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF TITAN BIOTECH LIMITED

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the consolidated Ind AS financial statements of **TITAN BIOTECH LIMITED** (hereinafter referred to as “the Holding Company”) and its subsidiary, Peptech Biosciences Limited (both holding company and its subsidiary together have been referred to as the “Group”), which comprise the consolidated Balance Sheet as at **March 31, 2021**, and the consolidated Statement of Profit and Loss (including other comprehensive income), consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated Ind AS financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated Ind AS financial statements”).

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of report of other auditor on separate financial statements and on the other financial information of the subsidiary, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013, as amended (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2021, of its consolidated profit and other comprehensive income, consolidated cash flows and consolidated statement of changes in equity for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Group in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India (‘ICAI’) and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters (‘KAM’) are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor’s responsibilities for the audit of the consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated Ind AS financial statements. The results of our audit procedures performed by us and by other auditor of component not audited by us, as reported by them in their audit report furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated Ind AS financial statements.

Information Other than the Financial Statements and Auditor's Report thereon

The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors are responsible for the preparation and presentation of these consolidated Ind AS financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated cash flows and consolidated statement of changes in Equity of the Group in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of each entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the financial reporting process of each entity.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the entity has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management of the Holding Company.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated Ind AS financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by other auditors, such other auditor remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

We believe that the audit evidence obtained by us is sufficient and appropriate to a basis for our audit opinion on the consolidated Ind AS financial statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are, therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should

not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements and other financial information, in respect of one subsidiary, whose Ind AS financial statements include total assets of Rs.1582.04 Lakhs as at March 31, 2021, and total revenues of Rs.2259.70 Lakhs, net profit of Rs. 292.26 Lakhs, other comprehensive income of Rs. (-) 0.82 Lakhs and net cash flows amounting to Rs.1.02 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These Ind AS financial statement and other financial have been audited by other auditor, which financial statements, other financial information and auditor's report have been furnished to us by the management. Our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the report of such other auditor.

Our opinion above on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditor and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

- d. In our opinion, the aforesaid Consolidated Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e. On the basis of written representations received from the Directors of the Holding Company as on March 31, 2021 taken on record by the Board of Directors of the Holding Company and on the basis of written representations received by the management from Directors of its subsidiary which is incorporated in India, as on March 31, 2021, none of the Directors of the Group's companies incorporated in India, is disqualified as on March 31, 2021 from being appointed as a Director in terms of Section 164(2) of the Act;
- f. With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting with reference to these Consolidated Ind AS financial statements of the Holding Company and its subsidiary company incorporated in India, refer to our separate Report in "Annexure A" to this report;
- g. With respect to the matter to be included in the Auditor's report under Section 197(16) of the Act:

In our opinion and according to the information and explanation given to us, the remuneration paid during the current year by the Holding Company and its subsidiary which are incorporated in India to its Directors is in accord-

ance with the provisions of section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary which are incorporated in India, is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us;

- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor on separate financial statements as also the other financial information of the subsidiary, as noted in the 'Other matter' paragraph:

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Titan Biotech Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting of **Titan Biotech Limited** (hereinafter referred to as the "Company") and its subsidiary company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting of the Company and its subsidiary company, which are companies incorporated in India..

Meaning of Internal Financial Controls over Financial Reporting

AA Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable

assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of Management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal financial control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting, insofar as it relates to one subsidiary, which is company incorporated in India, is based on the corresponding report of the auditor of such subsidiary incorporated in India.

The Consolidated Financial Statements comprise the Holding Company and its subsidiary (referred to collectively as “the Group”). The principal activities of the subsidiary Company is manufacturing of Bio-Fertilizers, Bio-pesticides, Bio-insecticides etc. The Subsidiary Company has its manufacturing facility at RIICO Industrial Area Chopanki, Rajasthan.

II Basis of Preparation

a) Statement of Compliance

These financial statements of the Company have been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard (‘Ind AS’) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 (‘the Act’) and the other relevant provisions of the Act to the extent applicable.

The financial statements up to year ended March 31, 2017 were prepared in accordance with the Accounting Standards notified under Section 133 of the Companies Act, 2013 read together with Rule 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP) and other relevant provisions of the Act.

b) Basis of measurement

The financial statements have been prepared on accrual basis and under the historical cost convention on accrual basis except for certain financial assets and liabilities which are measured at fair value at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange of goods or services.

c) Functional and Presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (“the functional currency”). The financial statements are presented in Indian National Rupee (‘INR’), which is the Company’s functional and presentation currency. All amounts have been given in Rupees, unless otherwise indicated.

d) Current and Non-current classification

All Assets and Liabilities have been classified as current and non-current as per the Company’s normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of the business of the Company and its business time cycle from inception of an order and its completion on realization in cash and cash equivalents, the Company has ascertained the operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

e) Use of judgements and estimates

In preparing these financial statements, the Management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, the disclosure of contingent liabilities and contingent assets as at the date of financial statements, income and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to estimates are recognised prospectively in current and future periods.

f) Measurement of fair values

“A number of the Company’s accounting policies and disclosures require measurement of fair values, for both financial and non- financial assets and liabilities. The Company has an established control framework with respect to measurement of fair values. The directors are responsible for overseeing all significant fair value measurements, including Level 3 fair values. Directors regularly reviews significant unobservable inputs and valuation adjustments. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the changes have occurred.”

III Significant Accounting Policy

The Group has consistently applied the following accounting policies to till periods presented in the financial statements.

a) Principle of Consolidation

- i) The consolidated Financial Statement includes the financial statement of the parent company, its subsidiary company. The consolidated financial statement have been prepared in accordance with Ind AS 110 on “Consolidated financial statement” as per Companies (Indian Accounting Standard) Rules 2015 notified under section 133 of the Companies Act, 2013 (“the Act) and other relevant provisions of the act to the extent possible.
- ii) The Financial Statement of the Parent Company its Subsidiary company are prepared on line by line adding together like items of assets, liabilities, equity, income and expenses, intercompany balances and transactions and any unrealised gains arising from inter company transactions are eliminated. Unrealised losses are eliminated in the same way as unrealised gains but only to the extent that there is no evidences of impairment.
- iii) The consolidated Financial Statements are prepared by adopting uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company’s separate financial statements.
- iv) Non controlling Interest in the consolidated financial statement is identified and recognised after taking into consideration the amount of equity attributable to non controlling interest at date on which investment in subsidiary is made.

- v) Financial Statement of Subsidiary used for the purpose of Consolidation are drawn up to the same reporting date as that of the Parent Company i.e year ended 31st March, 2021.
- vi) The Subsidiary Company which is included in the consolidation and the parent company's holding are as under:

Name of the Company	% of Share Holding		Place of Incorporation
	As at March 31, 2021	As at March 31, 2020	
Peptech Biosciences Limited	53.11%	53.11%	India

(b) Property, Plant and Equipment

i) Recognition and measurement

Items of property, plant and equipment are measured at cost, less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, any directly attributable cost of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which is located. Borrowing costs relating to acquisition of qualifying fixed assets, if material, are also included in cost to the extent they relate to the period till such assets are ready to be put to use. Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance date is classified as capital advances under other noncurrent assets. An item of property, plant and equipment is derecognised when no future economic benefit are expected to arise from the continued use of the assets or upon disposal. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii) Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all its property, plant and equipment recognised as at April 1, 2017 measured as per previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

iii) Depreciation

Depreciation on property, plant and equipment is provided on the Straight Line Method based on the useful life of assets as prescribed under Schedule II of the Companies Act, 2013. Depreciation on additions to or on disposal of assets is calculated on pro-rata basis i.e.from (upto) the date on which the property, plant and equipment is available for use (disposed off).

c) Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication on impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in Statement of Profit and Loss.

d) Inventories

Inventories are valued at lower of Cost and Net Realisable value. The cost of finished goods is determined by taking material, labour and related factory overheads including depreciation. Cost of materi-

al is determined on weighted average cost basis. Further the cost for Work-in-progress includes material cost, stage wise direct cost and other related manufacturing overheads including depreciation. Net realisable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and making the sale. Cost of raw materials, packing materials, stores and spares are determined on weighted average basis. Obsolete, slow moving and defective inventories are identified at the time of physical verification of inventories and where necessary, the same are written off or provision is made for such inventories.

e) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Contingent liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement unless the possibility of an outflow of resource embodying economic benefit is remote. Contingent liabilities are not recognised but are disclosed in notes. Contingent assets are not disclosed in the financial statements unless an inflow of economic benefit is probable.

f) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is recognised when the significant risk and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods to the degree usually associated with the ownership and the amount of revenue can be measured reliably regardless of when the payment is being made.

Export Incentive: Incentive on Export Income is recognised in books after due consideration of certainty of utilization / receipt of such incentives.

Interest and Dividend Income: Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. Dividend income is recognized when the shareholders' right to receive dividend is established.

g) Employee Benefits

Short-term employee benefits are expenses as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Notes to the consolidated financial statements for the year ended March 31, 2021

Post-Employment Benefits

Defined contribution plan

“A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions to a statutory authority and will have no legal or constructive obligation to pay further amounts. Retirement benefits in the form of Provident Fund and employee state insurance are a defined contribution scheme and contributions paid/payable towards these funds are recognised as an expense in the statement of profit and loss during the period in which the employee renders the related service. There are no other obligations other than the contribution payable to the respective trusts.”

Defined benefit plan

“The Company provides for gratuity which is a defined benefit plan the liabilities of which is determined based on valuation, as at the balance sheet date, made by the independent actuary using the projected unit credit method. Re-measurement comprising of actuarial gains and losses, in respect of gratuity are recognised in OCI (other comprehensive income), in the period in which they occur.”

Re-measurement recognised in OCI (other comprehensive income) are not reclassified to the Statement of Profit and Loss in Subsequent periods.

h) Foreign Currency Transactions

Transactions in foreign currencies are translated into the Group’s functional currency at the exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in Statement of profit & loss. In accordance with Ind-AS 101 “First Time Adoption of Indian Accounting Standards”, the Company has continued the policy of capitalisation of exchange differences on foreign currency loans taken before the transition date.

i) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that assets. Other borrowing costs are recognised as an expenses in the period in which they are incurred.

j) Income Tax

Income Tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to items recognised directly in Other Comprehensive Income. Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date. Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding tax bases used for taxation purposes. Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is probable evidence that the Company will pay normal income tax in future. Accordingly MAT is recognised as deferred tax asset in the Balance Sheet.

k) Segment Reporting

The accounting policies adopted for the segment reporting are in conformity with the accounting policies adopted for the Group. The primary segments has been identified by taking into account the nature of product, the differing risks, the returns, the organisation structure and the internal reporting systems and the manner in which operating results are reviewed by the Management.

l) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

m) Cash flow statement

Cash flow statements are prepared in accordance with “ Indirect Method” as explained in the Accounting Standard on Statement of Cash Flows (Ind AS-7). The cash flows from regular revenue generating, financing and investing activity of the Company are segregated.

n) Earning per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted Earnings per share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

o) Intangible assets

i) Recognition and initial measurement

Intangible assets are stated at their cost of acquisition. Any trade discount and rebates are deducted in arriving at the purchase price.

ii) Subsequent measurement (amortisation)

Intangible assets are amortized over their respective individual estimated useful life on Straight Line Method basis commencing from the date, the asset is available to the company for its use

iii) Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its intangible assets recognised as at April 1, 2017 measured as per previous GAAP and use that carrying value as the deemed cost of the intangible assets.

p) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial asset and financial liabilities are initially measured at fair value. Transaction cost which are directly attributable to the acquisition or issue of financial instruments (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets financial liabilities at fair value through profit or loss are recognised immediately in profit or loss. Subsequently, financial instruments are measured according to the category in which they are classified.

Notes to the consolidated financial statements for the year ended march 31, 2021

(i) Financial Assets

All purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair

value, depending on the classification of the financial assets.

Classification of financial assets

“Classification of financial assets depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.”

“The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost“

The classification depends on the entity’s business model for managing the financial assets and the contractual terms of the cash flows.

A financial asset that meets the following two conditions is measured at amortised cost unless the asset is designated at fair value through profit or loss under the fair value option:“

- Business model test : the objective of the Company’s business model is to hold the financial asset to collect the contractual cash flows.
- Cash flow characteristic test : the contractual term of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.“

“A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option:

- Business model test : the financial asset is held within a business model whose objective is achieved by both collecting cash flows and selling financial assets.
- Cash flow characteristic test : the contractual term of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.“

All other financial assets are measured at fair value through profit or loss.

Investments in equity instrument at fair value through other comprehensive income (FVTOCI)

“On initial recognition, the Company can make an irrevocable election (on an instrument by instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instrument. This election is not permitted if the equity instrument is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains / losses arising from changes in fair value recognised in other comprehensive income. This cumulative gain or loss is not reclassified to profit or loss on disposal of the investments. The Company has an equity investment in an entity which is not held for trading. The Company has elected to measure this investment at amortised cost. Dividend, if any, on this investments is recognised in profit or loss.“

Equity investment in subsidiaries, associates and joint ventures

Investments representing equity interest in subsidiaries, associates and joint ventures are carried at cost less any provision for impairment. Investments are reviewed for impairment if events or changes in circumstances indicate that the carrying amount may not be recoverable.

Financial assets at fair value through profit or loss (FVTPL)

Financial assets that do not meet the amortised cost criteria or fair value through other comprehensive income criteria are measured at fair value through profit or loss. A financial asset that meets the amortised cost criteria or fair value through other comprehensive income criteria may be designated as at fair value through profit or loss upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets and liabilities or recognising the gains or losses on them on different bases.

Income Recognition:

Interest income is recognised in the Statement of Profit and Loss using the effective interest method. Dividend income is recognised in the Statement of Profit and Loss when the right to receive dividend is established.

Impairment

The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at fair value through other comprehensive income, the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount of the financial asset in the balance sheet.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the trade receivable does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written-off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in standalone statement of profit and loss.

De-recognition of financial assets

"A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients."

(ii) Financial liabilities and equity instruments

"Classification of debt or equity

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

Borrowings, trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. They are subsequently measured at amortised cost. Any discount or premium on redemption/ settlement is recognised in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method and adjusted to the liability figure disclosed in the Balance Sheet. Financial liabilities are derecognised when the liability is extinguished, that is, when the contractual obligation

is discharged, cancelled and on expiry.”

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

q) Leasing

Effective April 1, 2020, the Company has applied Ind AS 116 using modified retrospective approach and, therefore the comparative information has been regrouped accordingly.

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assess whether:

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The right of use asset is subsequently depreciated using the straight line method from the commencement date to the end of the lease term. The estimated useful lives of right-of-use assets are determined on the basis of remaining lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

Operating leases

Lease rental expenses from operating leases is generally recognised on a straight line basis over the term of the relevant lease. Where the rentals if any specific borrowing remains outstanding after the related asset is ready for its intended use, that borrowing is considered part of the funds that are borrowed generally for calculating the capitalisation rate.

(III) Fair values hierarchy

“Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:“

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

“Level 2: Inputs other than quoted price included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).“

The fair value of financial instruments that are not traded in an active market is determined using market approach and valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparty

The fair value of trade receivables, trade payables and other current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature. Where such items are non-current in nature, the same has been classified as Level 3 and fair value determined using discounted cash flow basis. Similarly, unquoted equity instruments where most recent information to measure fair value is

insufficient, or if there is a wide range of possible fair value measurements, cost has been considered as the best estimate of fair value.

There has been no change in the valuation methodology for Level 3 inputs during the year. The Company has not classified any material financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2 during the year.

Financial Risk Management Objectives And Policies

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes.

The Company's financial risk management policy is set by the management. Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. The Company manages market risk which evaluates and exercises independent control over the entire process of market risk management. The management recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee.

a) Credit risk

“Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk arises from cash held with banks as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments.”

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. An impairment analysis is performed at each reporting date on an individual basis for major customers. The history of receivables shows a negligible provision for bad and doubtful debts.

b) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

Maturities of financial liabilities

The tables below analyze the company's financial liabilities into relevant maturity groupings based on their contractual maturities:

(` Amt. in Rs.)

c) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates and commodity prices) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of its investments. Thus, the Company's exposure to market risk is a function of investing and borrowing activities.

(i) Foreign exchange risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

The Company has international transactions and is exposed to foreign exchange risk arising from foreign currency transactions (imports and exports). Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's

functional currency. The Company does not hedge its foreign exchange receivables/payables.

The following table sets forth information relating to foreign currency exposure (other than risk arising from derivatives disclosed below):

(a) Foreign currency risk exposure:

(ii) Interest rate risk

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company's variable rate borrowing is subject to interest rate. Below is the overall exposure of the borrowing:

(` Amt. in Rs.)

Particulars	As at March 31,2021	As at March 31,2020
Variable rate borrowing	100,680,421.34	128,933,953.47

Total	131,405,144.18	228,422,567.47

Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

(` Amt. in Rs.)

Particulars	As at March 31,2021	As at March 31,2020
Interest rates – decrease by 50 basis points	8,910,217.29	11,410,654.88
Interest rates – increase by 50 basis points	(8,910,217.29)	(11,410,654.88)

(IV) Capital management

The capital structure of the Company consists of equity, debt, cash and cash equivalents. The Company's objective for capital management is to maintain the capital structure which will support the Company's strategy to maximize shareholder's value, safeguarding the business continuity and help in supporting the growth of the Company.

- 40 The Board of Directors of the Company has recommended a dividend of Rs. 1.50/- Per Equity Share for the Financial Year ended on 31st March, 2021. The dividend will be paid after approval of the same by the shareholders in the Annual General Meeting.
