MANAGEMENT DISCUSSION AND ANALYSIS REPORT

- **THE COVID -19 PANDEMIC AND LOCK DOWN**

The global economy is recovering steadily from the COVID-19 pandemic, marked by the rollout of vaccination programs across nations, announcement of additional fiscal support in various economies and an improving capability to contain the re-emergence of further virus outbreaks. The only three preventives are masks, social distancing and vaccinations. Unfortunately the second wave began in early March 2021. During the lockdown that continued throughout the FY2020-21, India's GDP for June 2020 quarter contracted by a massive 24.4%. The fall in GDP continued in the second quarter as the GDP shrunk by 7.3 %. Thereafter, we have seen a rebound, - thanks to the resilience of our citizens, our entrepreneurs and of our economy. To counter the crippling impact of the lockdowns on economies, the world's policymakers have resorted to fiscal and monetary measures never seen before in global economic history.

- **INDIAN ECONOMY OVERVIEW**

The Indian economy contracted by 8.0% in FY 2020-21 as against 4.0% growth recorded in FY 2019-20, marking a recession for the first time since 1980 as per the IMF World Economic Outlook in April 2021. Overall economic slowdown, led by the COVID-19 onset followed by stringent lockdowns severely impacted economic activity, bringing manufacturing and trading activities to a halt. Prolonged lockdown exacerbated existing vulnerabilities of the country including the weakened financial sector, private investments, and consumption demand. The Government announced a special comprehensive package of Rs.20 trillion, equivalent to 10% of India's GDP under the 'Self-Reliant India' movement to revive the country's economic activity. To promote greater participation by FPIs (Foreign Portfolio Investment), the Government proposed to increase the investment limit for FPI to 15% (currently 9%) of the outstanding stock of corporate bonds. The Government also offered certain specified categories of investment in Government securities to be fully opened for NR (Non-Resident) investors. As per the FY 2020-21 Budget, fiscal deficit is expected to be 3.8% of GDP in FY 2019-20 and 3.5% in FY 2020-21. This is higher than the 3.3% and 3% envisaged for FY 2019-20 and FY 2020-21, respectively, in the FY 2020-21 Budget. The Reserve Bank of India (RBI) continued with the accommodative monetary stance by bringing the key repo rate and reverse repo rate to 4% and 3.35% respectively to provide monetary stimulus and trigger economic growth back to the earlier trajectory.

- **INDUSTRY OVERVIEW**

Non-Banking Financial Companies (NBFC) are an integral part of the Indian Financial system, augmenting competition and diversification in the financial sector and complementing the banking system. The Indian NBFC sector has been providing credit to

customers in the underserved and unbanked areas. Their channelling the savings and investments of customers and the subsequent capital formation is necessary for India's economic growth and development. Their ability to innovate products in conformity with the needs of their clients is well established.

Classification of NBFCs based on activities undertaken

1. **Asset Finance Company (NBFC-AFC)** - Financing of physical assets supporting productive/economic activity, including automobiles, tractors and generators.
2. **Loan Company**- Providing finance by extending loans or otherwise for any activity other than its own but does not include an AFC.
3. **Investment Company**- Acquiring securities for the purposes of selling.
4. **Infrastructure Finance Company (NBFC-IFC)**- Providing infrastructure loans.
5. **Systemically Important Core Investment Company (CIC-ND-SI)** - Acquiring shares and securities for investment in mainly equity shares.
6. **Infrastructure Debt Fund (NBFC-IDF)**- For facilitating flow of long-term debt into infrastructure projects.
7. **Micro Finance Institution (NBFC-MFI)**- Extending credit to economically disadvantaged groups as well support Micro, Small and Medium Enterprises (MSMEs).
8. **Factor (NBFC-Factor)**- Undertaking the business of acquiring receivables of an assignor or extending loans against the security interest of the receivables at a discount.
9. **NBFC-Non-Operative Financial Holding Company (NOFHC)**- For permitting promoter groups to set up a new bank.
10. **Mortgage Guarantee Company (MGC)**- Undertaking mortgage activities.
11. **Account Aggregator (NBFC-AA)**- Collecting and providing the information of customers' financial assets in a consolidated, organised and retrievable manner to the customer or others as specified by the customer.
12. **Non-Banking Financial Company** - Peer to Peer Lending Platform (NBFC-P2P) providing an online platform to bring lenders and borrowers together to help mobilise unsecured finance.

NBFCs operate at higher yields mainly because they cater to underserved markets. Their operating cost as well as bad debt expenditure is lower compared to banks due to:

- ❖ Better risk appreciation and management.
- ❖ Lower cost due to lean and focused business models.
- ❖ Better service through faster response and personalised approach.

- **Overview of Capital Markets**

Capital markets play a crucial role in the economic development of a country. They provide the financial resources required for the long-term sustainable development of the economy. Capital markets are therefore considered an important element as it enables higher productivity growth, higher real-wage growth, greater employment opportunities and greater macroeconomic stability.

The current Budget is drawn with the focus to improve on the Government spending in the areas affected by COVID-19. Its guidelines on seamless and paperless customer on-boarding procedures have played a big role in retail participation in the capital market.

- **BUSINESS & FINANCIAL PERFORMANCE**

The Company was originally incorporated on March 01, 1994 as Inca Finlease Private Limited. The Company was further converted from private to public on July 08, 1994 after its name was Inca Finlease Limited. The name of the Company was later changed to Visagar Financial services Limited (VFSL) on February 11, 2011. VFSL being a registered NBFC with RBI has been primarily engaged in the business of investing in securities of listed and unlisted companies. The investment portfolio of your Company is diversified across various sectors such as Financial Services, Education, Real Estate, among others.

The management uses estimates and judgments relating to the financial statements on a prudent and reasonable basis, in order that the financial statements reflect in a true and fair manner, the state of affairs and profit / loss for the year.

During the year under review the Company's Turnover has decreased from Rs. 532.65 Lakhs in FY 2017-18 to Rs. 105.77 Lakhs in FY 18-19 and the expenses during the year has also been decreased from Rs. 529.24 Lakhs in FY 2017-18 to Rs. 100.51 Lakhs in FY 18-19. However, there is increase in net profit in the Company of Rs. 4.49 Lakhs compared to net profit of Rs. 2.81 Lakhs in the previous year.

Your Company is optimistic about the coming year. Since the Company is trying to reduce cost and expand its business, your Directors are hopeful that the results will be more encouraging.

RISK & CONCERNS

As a non-deposit taking NBFC, the Company is subject to regulations by Indian governmental authorities, including the Reserve Bank of India. Also, as the Company operates in various lines of businesses, it is governed by different Indian regulators across these businesses. Their laws and regulations impose numerous requirements on the

Company, including asset classifications and prescribed levels of capital adequacy, solvency requirements and liquid assets. There may be future changes in the regulatory system or in the enforcement of the laws and regulations that could adversely affect the Company's performance.

Any slowdown in economic growth in India could cause the business of the Company to suffer. Recently, the growth in industrial production has been variable. Any slowdown in the Indian economy, and in particular in the demand for housing and infrastructure, could adversely affect the Company's business. Similarly, any sustained volatility in global commodity prices, including a significant increase in the prices of oil and petroleum products, could once again spark off a new inflationary cycle, thereby curtailing the purchasing power of the consumers. VFSL manages these risks by maintaining a conservative financial profile and following prudent business and risk management practices.

Opportunities

- Low retail penetration of financial services / products in India
- Tremendous brand strength and extensive distribution reach
- Opening of the financial sector in India in near future
- Opportunity to cross sell services
- Increasing per-capita GDP
- Changing demographic profile of the country in favour of the young

Threats

- Inflationary pressures and slowdown in policy making
- Competition from local and multinational players
- Execution risk
- Regulatory changes
- Attraction and retention of human capital

SEGMENT-WISE PERFORMANCE

The Company's main business is giving loans, investment securities of listed and unlisted companies, etc. All the activities of the Company are related to its main business. As such there are no separate reportable segments.

INTERNAL CONTROL SYSTEM AND ADEQUACY

Internal Control measures and systems are established to ensure the correctness of the transactions and safe guarding of the assets. An effective system of internal control allows the NBFCs to assume additional risks in a calculated manner while minimizing financial

surprises and protecting itself from significant financial loss. Thus, internal control is an integral component of risk management. The Internal control checks and internal audit programmes adopted by our Company plays an important role in the risk management feedback loop, in which the information generated in the internal control process is reported back to the Board and Management. The internal control systems are modified continuously to meet the dynamic change.

MATERIAL DEVELOPMENT IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT

Relations remained cordial with employees at all levels during the year. During the year under review, industrial relations have generally remained healthy, cordial and harmonious.

CAUTIONARY STATEMENT

The Statements in this Management's Discussion and Analysis Report describing the Company's objectives, projections, estimates and expectations may be forward looking statements within the meaning of applicable laws and regulations. Actual Result might differ materially from those expressed or implied.

The Company is not under any obligation to publicly amend, modify or revise any forward looking statements on the basis of any subsequent developments, information or events.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Visagar Financial Services Limited**

Report on the Audit of Financial Statements

Opinion

We have audited the standalone financial statements of **Visagar Financial Services Limited** ("the Company"), which comprise the balance sheet as at March 31, 2021, the statement of Loss and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and Loss and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There is no matters to be key financial matter to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and Cash Flow Statement of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial

statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatement in the standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatement in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- c) The Balance Sheet, the Statement of Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Limitation on Scope due to covid-19 : We wish to highlight that due to the COVID 19 induced restrictions on physical movement and strict timelines, the entire audit team could not visit the company’s office for undertaking the required audit procedures as stated in SAP and therefore caused inherent limitation on audit procedures.

The opinion expressed in the present report is after considering information, facts and inputs made available to us through electronic means by the company’s management.

Thus the same has put a limitation on scope of our audit and we wish to bring to the attention of users towards the same.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF Visagar Financial Services Limited

[Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Visagar Financial Services Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that

we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls With Reference to Financial Statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

These financial statements for the year ended 31st March, 2021 are the fourth financials with comparatives, prepared under Ind AS and the financial statements for the year ended 31st March, 2020 are the first financials with comparatives, prepared under Ind AS. For all previous periods, the Company had prepared its financial statements in accordance with the accounting standards notified under companies (Accounting Standard) Rule, 2006 (as amended) and other relevant provisions of the Act (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India.

The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1st April, 2017.

The financial statements have been prepared on a historical cost basis, except for the following:

- a) Certain financial assets and liabilities that are measured at fair value;
- b) Assets held for sale-measured at lower of carrying amount or fair value less cost to sell;
- c) Defined benefit plans – plan assets measured at fair value

1.2 Summary of Significant Accounting Policies

a) Current vs Non-Current Classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- Expected to be settled in normal operating cycle.
- Held primarily for the purpose of trading
- Due to be settled within twelve months after reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

VISAGAR FINANCIAL SERVICES LIMITED

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalent. The Company has identified twelve months as its operating cycle.

b) Use of estimates and judgements

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

c) Property, Plant & Equipment

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at April 1, 2017, measured as per the previous GAAP, and use that carrying value as the deemed cost of such property, plant and equipment.

Property, plant & equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met, directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. In case of assets acquired in exchange for a non-monetary asset, the cost of such an item of property, plant and equipment is measured at fair value unless (a) the exchange transaction lacks commercial substance or (b) the fair value of neither the asset received nor the asset given up is reliably measurable. All other repair and maintenance costs are recognised in profit or loss as incurred.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

An item of Property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit or loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of Property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

d) Depreciation on Property, Plant & Equipment

Depreciation on Property, Plant & Equipment is calculated on a written down value (WDV) basis using the rates arrived at based on the useful lives estimated by the management which is as per the rates specified in Schedule II to the Companies Act, 2013.

e) Inventories

Inventories are valued at the lower of cost or net realizable value.

f) Revenue Recognition

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

VISAGAR FINANCIAL SERVICES LIMITED

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

g) Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

h) Employee Benefits

Short term benefits and post employment benefits are accounted in the period during which the services have been rendered.

i) Taxation

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

VISAGAR FINANCIAL SERVICES LIMITED

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

j) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal or its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses, are recognised in the statement of profit and loss.

k) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is presented in the statement of profit or loss, net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as part of finance costs.

l) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

m) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

n) Investments and other financial assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- (1) Those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- (2) Those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

VISAGAR FINANCIAL SERVICES LIMITED

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Profit and Loss are expensed in the Statement of Profit and Loss.

Debt Instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments into following categories:

Amortised Cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit and loss: Assets that do not meet the criteria for amortised cost are measured at fair value through Profit and Loss. Interest income from these financial assets is included in other income.

Equity instruments:

The Company measures its equity investment other than in subsidiaries, joint ventures and associates at fair value through profit and loss.

(iii) Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

o) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- The profit attributable to owners of the Company
- By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per shares

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

33. Financial risk management objectives and policies

The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk.

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables and deposits to landlords) and from its financing activities. The Company generally doesn't have collateral.

Trade Receivables and Security Deposits

Customer credit risk is managed by business through the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of each customer is assessed and credit limits are defined in accordance with this assessment. Outstanding customer receivables and security deposits are regularly monitored.

Liquidity Risk

The company's principal source of liquidity is cash and cash equivalents and the cash flow that is generated from operations. The company has no outstanding bank borrowings. The company believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived
