**Independent Auditor's Review Report on the Quarterly and Year to Date Unaudited Consolidated Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended**

**Review Report to  
The Board of Directors  
Vedanta Limited**

1. We have reviewed the accompanying Statement of unaudited Consolidated Financial Results of Vedanta Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), its associates and jointly controlled entities for the quarter ended December 31, 2019 and year to date from April 1, 2019 to December 31, 2019 (the "Statement") attached herewith, being submitted by the Holding Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations").
2. This Statement, which is the responsibility of the Holding Company's Management and approved by the Holding Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the Circular No. CIR/CFD/CMD1/44/2019 dated March 29, 2019 issued by the Securities and Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the entities as mentioned in Annexure 1.
5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of other auditors referred to in paragraph 6 and 7 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

6. The accompanying Statement includes unaudited interim financial results and other unaudited financial information of 8 subsidiaries, whose interim financial results and financial information reflect total assets of Rs. 14,983 Crore as at December 31, 2019 and total revenues of Rs. 1,772 Crore and Rs. 5,647 Crore, total net loss after tax of Rs. 72 Crore and Rs. 132 Crore, total comprehensive loss of Rs. 71 Crore and Rs. 133 Crore, for the quarter ended December 31, 2019 and for the period from April 1, 2019 to December 31, 2019, respectively, as considered in the Statement, which have been reviewed by their respective independent auditors. The Statement also includes the Group's share of net profit after tax of Rs. Nil and total comprehensive income of Rs. Nil, for the quarter and nine months ended December 31, 2019, as considered in the Statement, in respect of 1 associate, whose interim financial results and other financial information has been reviewed by its respective independent auditors. The independent auditor's reports on interim financial results and other financial information of these entities have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures in respect of these subsidiaries and associate entity is based solely on the report of such auditors and procedures performed by us as stated in paragraph 3 above.
7. Certain of these subsidiaries and associates are located outside India whose unaudited financial results and other unaudited financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been reviewed by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial results of such subsidiaries and associates located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have reviewed these conversion adjustments made by the Holding Company's management. Our conclusion in so far as it relates to the balances and affairs of such subsidiaries and associates located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and reviewed by us.
8. The accompanying Statement of unaudited consolidated financial results includes unreviewed interim financial results and other unreviewed financial information in respect of 9 subsidiaries, whose interim financial results and other financial information reflect total assets of Rs. 5,137 Crore as at December 31, 2019, total revenues of Rs. 65 Crore and Rs. 254 Crore, total net loss after tax of Rs. 120 Crore and Rs. 779 Crore, total comprehensive loss of Rs. 120 Crore and Rs. 780 Crore, for the quarter ended December 31, 2019 and for the period from April 1, 2019 to December 31, 2019, respectively, as considered in the Statement. Additionally, the accompanying statement includes unreviewed financial results and other unreviewed financial information in respect of an unincorporated joint venture not operated by the Company, whose interim financial results and other financial information reflect total assets of Rs 149 Crore as at December 31, 2019, as considered in the unaudited consolidated financial results. The Statement also includes the Group's share of net profit after tax of Rs. Nil and total comprehensive income of Rs. Nil, for the quarter ended December 31, 2019 and for the period from April 1, 2019 to December 31, 2019, as considered in the Statement, in respect of 1 associate and 3 jointly controlled entities, based on their interim financial results and other financial information which have not been reviewed by their auditor(s). These unaudited financial results and other unaudited financial information have been approved and furnished to us by the management. Our conclusion, in so far as it relates to the affairs of these subsidiaries, non-operated unincorporated joint venture, associates and jointly controlled entities, is based solely on such unaudited financial results and other unaudited financial information. According to the information and explanations given to us by the Management, these interim financial results and other financial information are not material to the Group.

Our conclusion on the Statement in respect of matters stated in para 6, 7 and 8 above is not modified with respect to our reliance on the work done and the reports of the other auditors and the financial results as certified by the Management.

- 3 The Company's application for renewal of Consent to Operate (CTO) for existing copper smelter was rejected by Tamil Nadu Pollution Control Board (TNPCB) in April 2018. Subsequently the Government of Tamil Nadu issued directions to close and seal the existing copper smelter plant permanently. Principal Bench of National Green Tribunal (NGT) ruled in favour of the Company but the same was set aside by the Supreme Court vide its judgment dated February 18, 2019 on the basis of maintainability alone. Vedanta Limited has filed a writ petition before Madras High Court challenging various orders passed against the Company. The hearings, rejoinders and sur-rejoinders on behalf of all the parties concluded on Jan 08, 2020. The order has been reserved.
- Further, the High Court of Madras in a Public Interest Litigation held that the application for renewal of the Environmental Clearance (EC) for the Expansion Project shall be processed after a mandatory public hearing and in the interim ordered the Company to cease construction and all other activities on the site with immediate effect. However, in the meanwhile, SIPCOT cancelled the land allotted for the proposed Expansion Project, which was later stayed by the order of Madras High Court and TNPCB issued order directing the withdrawal of the Consent to Establish (CTE) which was valid till March 31, 2023. The Company has filed Appeals before the TNPCB Appellate Authority challenging withdrawal of CTE by the TNPCB and the same is scheduled for hearing on February 19, 2020.
- As per the Company's assessment, it is in compliance with the applicable regulations and hence does not expect any material adjustments to these financial results as a consequence of the above actions.
- 4 Effective April 01, 2019, the Group has adopted Ind AS 116 Leases under the modified retrospective approach without adjustment of comparatives. The Standard is applied to contracts that remain in force as at April 01, 2019. The application of the Standard did not have any significant impact on the retained earnings as at April 01, 2019 and financial results for the current quarter and nine months ended December 31, 2019.
- 5 As at December 31, 2019, the Company and its subsidiaries have an outstanding receivable equivalent to Rs. 609 crore from one of its fellow subsidiary in Zambia, Konkola Copper Mines Plc (KCM), predominantly regarding monies advanced against future purchase of copper cathode/anode.
- A provisional liquidator was appointed to manage KCM's affairs on 21 May 2019, after ZCCM Investments Holdings Plc (ZCCM-IH), an entity majority owned by the Government of Zambia and a 20.6% shareholder in KCM, filed a winding up petition against KCM. KCM's majority shareholder, Vedanta Resources Holdings Limited (VRHL), and its parent company, Vedanta Resources Limited (VRL), are contesting the winding up petition in the Zambian courts and have also commenced arbitration against ZCCM-IH consistent with their position that arbitration is the agreed dispute resolution process, together with an application to the South African courts to stay the winding up proceedings consistent with the agreement to arbitrate. The winding up petition has currently been stayed, pending the decision on VRHL's application regarding arbitration. Meanwhile, KCM has not been supplying goods to the Company and/or its subsidiaries, which it was supposed to as per the terms of the advance.
- The Group, based on its assessment considering the actions taken by VRL and VRHL, believes that it should be able to recover the advance and has continued to treat these balances as recoverable.
- 6 During the quarter ended September 30, 2019, Section 115BAA of the Income- tax Act, 1961 was introduced by the Taxation Laws (Amendment) Ordinance, 2019. Based on the expected timing of exercising of the option under Section 115BAA by the respective entities, the Group has re-measured its deferred tax balances leading to a deferred tax credit of Rs 2,501 crore on deferred tax balances as at March 31, 2019 and the same was recognized in the quarter ended September 30, 2019.

- 7 Government of India (GoI) vide Office Memorandum ("OM") No. O-19025/10/2005-ONG-DV dated 1st February 2013 allowed for Exploration in the Mining Lease Area after expiry of Exploration period and prescribed the mechanism for recovery of such Exploration Cost incurred. Vide another Memorandum dated October 24, 2019, GoI clarified that all approved Exploration costs incurred on Exploration activities, both successful and unsuccessful, are recoverable in the manner as prescribed in the OM and as per the provisions of PSC. Accordingly, in the current quarter, the Group has recognized revenue of Rs 1,276 Crore, for past exploration costs, through increased entitlement interest in the joint venture revenue as the Group believes that cost recovery mechanism prescribed under OM is not applicable to its Joint venture partner, view which is also supported by an independent legal opinion.
- 8 Previous period/year figures have been re-grouped/ rearranged, wherever necessary.

**Independent Auditor's Review Report on the Quarterly and Year to Date Unaudited Standalone Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended****Review Report to  
The Board of Directors  
Vedanta Limited**

1. We have reviewed the accompanying statement of unaudited standalone financial results of Vedanta Limited (the 'Company') for the quarter ended December 31, 2019 and year to date from April 1, 2019 to December 31, 2019 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended (the "Listing Regulations").
2. This Statement, which is the responsibility of the Company's management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
5. The accompanying Statement includes the unreviewed financial results and other unreviewed financial information in respect of an unincorporated joint venture not operated by the Company, whose interim financial results and other financial information reflect total assets of Rs 149 Crore as at December 31, 2019, as considered in the unaudited standalone financial results based on their interim financial results and other financial information which have not been reviewed by the auditors of the unincorporated joint venture. These unreviewed financial results and other unreviewed financial information of the said unincorporated joint venture not operated by the Company have been approved and furnished to us by the Management. According to the information and explanations given to us by the Management, these interim financial results and other financial information are not material to the Company. Our conclusion on the Statement is not modified in respect of this matter.

The winding up petition has currently been stayed, pending the decision on VRHL's application regarding arbitration. Meanwhile, KCM has not been supplying goods to the Company and/or its subsidiaries, which it was supposed to as per the terms of the advance.

The Group, based on its assessment considering the actions taken by VRL and VRHL, believes that it should be able to recover the advance and has continued to treat these balances as recoverable.

- 6 During the quarter ended September 30, 2019, Section 115BAA of the Income- tax Act, 1961 was introduced by the Taxation Laws (Amendment) Ordinance, 2019. Based on the expected timing of exercising of the option under Section 115BAA, the Company has re-measured its deferred tax balances leading to a deferred tax credit of Rs 1,561 crore on deferred tax balances as at March 31, 2019 and the same was recognised in the quarter ended September 30, 2019.
- 7 Government of India (GoI) vide Office Memorandum ("OM") No. O-19025/10/2005-ONG-DV dated 1st February 2013 allowed for Exploration in the Mining Lease Area after expiry of Exploration period and prescribed the mechanism for recovery of such Exploration Cost incurred. Vide another Memorandum dated October 24, 2019, GoI clarified that all approved Exploration costs incurred on Exploration activities, both successful and unsuccessful, are recoverable in the manner as prescribed in the OM and as per the provisions of PSC. Accordingly, in the current quarter, the Company has recognized revenue of Rs 638 Crore, for past exploration costs, through increased entitlement interest in the joint venture revenue as the Company believes that cost recovery mechanism prescribed under OM is not applicable to its Joint venture partner, view which is also supported by an independent legal opinion.
- 8 Previous period/year figures have been re-grouped/rearranged, wherever necessary.

- **TSPL:** Plant availability at 94%.

*Mr. Srinivasan Venkatakrishnan, Chief Executive Officer, Vedanta, said*

*"We remain on track to become the world's largest long-life integrated Zinc-Lead-silver producer in 2 years while maintaining our cost leadership. Our Aluminium business continues to benefit from improved integration and systemic cost improvements. In our Oil & Gas business, the completion of new facilities and hook up of new production wells paves the way for higher volumes ahead. Our enviable project pipeline across all our key businesses will benefit from the resumption of accelerating growth from India. We look forward to an exciting fourth quarter and the year ahead."*

- Previous period figures have been regrouped or re-arranged wherever necessary to conform to current period's presentation

## Revenues

Revenue in Q3 FY20 was at ₹ 21,126 crore, lower 10% y-o-y, primarily due to subdued commodity prices and lower volumes in Zinc and Oil & Gas business, partially offset by past exploration cost recovery in Oil & Gas business and higher volumes at Iron Ore & Steel business.

Revenue was 3% lower on q-o-q basis, primarily due to lower volumes in Oil & Gas business, partially offset by higher volumes in Iron Ore & Steel, Zinc India and Aluminium business coupled with past exploration cost recovery in Oil & Gas business.

## EBITDA and EBITDA Margins

EBITDA<sup>1</sup> for Q3 FY20 was at ₹ 6,531 crore, higher by 10% y-o-y, primarily due to past exploration cost recovery in Oil & Gas (₹ 1,276 crore), lower cost of production & true up of RPO liability (₹ 460 crore) at Aluminium business, partially offset by lower volumes and commodity prices.

EBITDA<sup>1</sup> was higher by 45% q-o-q, primarily due to past exploration cost recovery in Oil & Gas, improved cost of production and true up of RPO liability at Aluminium business.

EBITDA margin<sup>2</sup> for Q3 FY20 was at 34% (incl. one-offs) & 27% (excl. one-offs).

## Depreciation & Amortization

Depreciation and amortization expense for Q3 FY20 was at ₹ 2,291 crore, higher by 4% y-o-y due to increased ore production at Zinc India, and commencement of Gamsberg operations in Q4 FY19, partially offset by lower charge at Skorpion.

Depreciation & amortization expense was lower by 4% q-o-q on account of lower Oil & Gas volumes & Skorpion and accelerated depreciation at Zinc India taken in the last quarter.

## Finance Cost and Investment Income

Finance cost for Q3 FY2020 was at ₹ 1,232 crore, lower by 9% y-o-y and 8% q-o-q, primarily due to repayment of high cost debt and fall in interest rates in line with the market trend.

Investment Income for Q3 FY20 was at ₹ 628 crore, lower by 40% y-o-y and 25% q-o-q primarily on account of mark to market loss in Q3 FY20 compared to mark to market gain in Q3 FY 19 and Q2 FY 20.

## Taxes

Tax expense for Q3 FY20 was ₹ 1,141 crore compared to ₹ 1,146 crore in Q3 FY19 & tax credit of ₹ 1,609 in Q2 FY20. Normalised tax rate for the quarter is 30% in line with the prior guidance, compared to 33% in Q3 FY19 driven by change in profit mix amongst businesses.

## Attributable Profit after Tax and Earnings per Share (EPS)

Attributable Profit after Tax (PAT) for the quarter was ₹ 2,348 crore higher by 49% y-o-y and 9% q-o-q. Earnings per share for the quarter was at ₹ 6.34 per share.

## Balance Sheet

We have robust cash and liquid investments of ₹ 35,205 crore. The Company invests in high quality debt instruments as per the Board approved policy. The portfolio is rated by CRISIL, which has assigned a rating of “Tier-I” (implying Highest Safety) to our portfolio. Further, the Company has undrawn committed facilities of c. ₹ 8,400 crore as on 31<sup>st</sup> December 2019.

As on 31<sup>st</sup> December 2019, Gross debt was at ₹ 58,589 crore, higher by ₹ 2,691 crore as compared to September 2019. This was mainly due to the increase in temporary borrowing at Zinc India and term debt at Oil & Gas partially offset by debt repayment at Vedanta standalone.

Net debt stood at ₹ 23,384 crore, higher by ₹ 3,303 crore as compared to September 2019 in line with increase in Gross debt.

## Corporate Update

Vedanta announced the acquisition of Ferro Alloys Corporation Limited (FACOR) on 31st January 2020 for a total consideration of ₹ 280 crores. FACOR is in the business of producing Ferro Alloys and owns a Ferro Chrome plant with capacity of 72,000 TPA, two operational Chrome mines and 100 MW of Captive Power Plant through its subsidiary, FACOR Power Limited (FPL). The acquisition will complement the Company's existing steel business as the vertical integration of ferro manufacturing capabilities has the potential to generate significant efficiencies. The consideration will be payable under the approved Resolution Plan on a debt and cash free basis. The portion of payable cash is ₹ 10 Crores and rest ₹ 270 crores face value in form of zero coupon, secured and unlisted Non-Convertible Debentures payable to the Financial Creditors payable equally over 4 years commencing March 2021.

### Sindesar Khurd

- Q3 Mined Metal Production up 16% q-o-q
- Q3 Silver Grades up 16% q-o-q

### Zawar

- Set to deliver record Mined Metal Production in FY20
- 16% higher production in 9M vs last year
- Dry Tailing Plant commissioned
- Two Paste Fill commissioning is underway in Zawar expected to start back filling in Feb 2020

## Performance Update

### Quarter Performance:

- Q3 production at 60kt, 5% lower
- COP of \$1,580/t, slightly lower q-o-q

### Nine Months Performance:

- Production 183kt, up 95%
- COP of \$1,628/t, down 24%

### Consolidated Production and COP

## Gamsberg

- Production at 31kt, up 28% q-o-q
- COP at \$1,420 (\$833/t excl. TCRCs), down 4% q-o-q
- Ore mining run rate sustainably ramped up to 4.0 Mtpa
- ~1.8 Mt of healthy ore stockpile ahead of plant
- Crusher consistently running on throughput of ~700 tph better than design throughput of 685 tph
- Best ever Plant production in Nov with 12kt MIC

### Production and COP

## Performance Update

- 193 wells drilled, 72 wells hooked up
- Early gas production facility ramped up to design capacity of 90 mmscfd. New Terminal construction progressing as per plan.
- All wells drilled in Mangala Infill, Bhagyam and Aishwariya Polymer and ABH program; well hook up in progress.
- MPT shutdown planned in February for maintenance & key growth projects tie-ins to enable production enhancement. The overall impact of shutdown will be 7-10 days equivalent production. This shutdown will facilitate next growth phase.
- Ravva drilling commenced

## Alumina Production & COP

## Performance Update

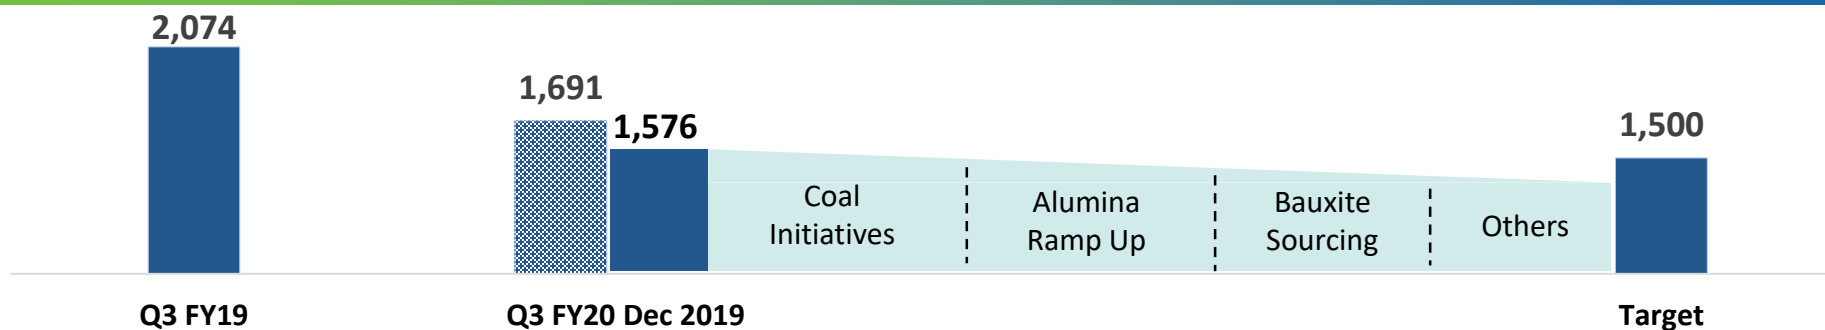

### Quarter Performance:

- Aluminium COP at \$1,691/t, down 9% q-o-q
- Highest ever Lanjigarh production 476 kt, up 16% q-o-q
- Lanjigarh COP at \$269/t, down 8% q-o-q
- First steps in Jamkhani coal block: Entered into Coal Mines Development and Production Agreement (CMDPA) with Govt of India

### Nine Months Performance:

- Aluminium COP at \$1,769/t, down 12%
- Lanjigarh production 1,332 kt, up 24%
- Lanjigarh COP at \$281/t, down 16%
- Local bauxite meeting over half of the total requirement

## Depreciation & Amortization

- Higher 4% y-o-y due to increased ore production at Zinc India and commencement of Gamsberg operations partially offset by lower charge at Skorpion.
- Lower 4% q-o-q on account of lower volumes at Oil & Gas and Skorpion business and accelerated depreciation in Zinc India taken in the last quarter.

## Finance Cost

- Lower 9% y-o-y and 8% q-o-q, primarily due to repayment of high cost debt and fall in interest rates in line with market trend.

## Investment Income

- Investment income for Q3 FY20 was at ₹ 628 crore, lower by 40% y-o-y and 25% q-o-q primarily on account of mark to market loss in Q3 FY20 compared to mark to market gain in Q3 FY19 and Q2 FY20.

## Taxes

- Normalised tax rate for the quarter is 30% in line with the prior guidance, compared to 33% in Q3 FY19 due to change in profit mix amongst businesses.

<sup>^</sup>EBITDA includes one off for past exploration cost recovery at Oil & Gas business (₹ 1,276 cr) & true-up of RPO liability in line with Regulatory changes at Aluminium Business (₹ 460 cr)
