HINDUJA GROUP

Gulf Oil Lubricants India Ltd.

Investor Presentation

Gulf Oil International

Strong Heritage and Legacy

A major global oil company founded in **Texas, USA** in **1901**

Name 'Gulf' originated from **Gulf of Mexico**

Part of one of the so-called **Seven sisters** (oil companies)

World's first ever high volume oil well and floating drill platform

Launched **World's first drive-through station**

independent **downstream lubricants**

Operations in more than **100 countries**; Blending Plants in **20 countries**

Part of Hinduja Group

Initially owned by **Mellon Family**

Merged with Standard Oil of California and rebranded as **Chevron**

Acquired by Hinduja Group – **1984** (Except USA, Spain & Portugal)

Diversified business operations

*We are the single largest Shareholder in Quaker Houghton, USA

Strong Motorsports Legacy

1968 – First win at Le Mans in famous Blue & Orange

Gulf is synonymous with racing

Tie-up up with McLaren

Global Presence

Manufacturing locations across key geographies

- Europe
- South America
- Dubai
- India
- China
- Philippines
- Singapore
- Japan
- Nepal

and expanding..

20 Blending Plants, Sold in **100** Countries

Gulf Oil India - robust business model in place

01

The fastest growing lubricant player in India over the last decade

02

No. 2 lubricants brand in India (as per survey commissioned by AC Nielsen)

No.2 Company in Distribution reach

03

Reached Top 3 player among private sector players in Indian Lubricant industry.

04

Achieved 10-12% CAGR volume growth in the last decade, significantly outperforming the lubricants Industry growth rate. 25% CAGR PBT growth in the last decade

05

Complete range of high quality automotive and industrial products including BS VI, Synthetic products, Long Drain Lubricants and EV fluids

06

High Return Ratios Cash conversions Net debt Free Balance Sheet

07

Strong Brand partnerships with McLaren, M S Dhoni & Hardik Pandya and Chennai Super Kings

08

State-of-the-art manufacturing & R&D facilities in Silvassa and Chennai Capacity for Lubricants - 140,000 KL and AdBlue® - 30,000 KL

09

Establishing market share gains in all segments year on year and also growing rural presence rapidly

Volume (in KKL)

Sales (Net of Indirect Taxes) (INR Cr.)

PBT (INR Cr.)

Key Strengths

100-year strong legacy in the fuel and lubricant sector - globally

Robust distribution network helps to reach the remotest corners of the country

Comprehensive and wide product portfolio across automotive, industrial, and marine applications

Resilient business model and innovative strategy ensure value creation for all stakeholders

Superior production and R&D facilities

Superior technology and ever-evolving innovations to produce world-class lubricants; large R&D team based in India

Pioneer of the 'long drain interval' value proposition

Enjoys a position among the **top 3 lubricant brands** with respect to brand awareness, purchase consideration etc.

Collaborations (long standing) with top OEM's and B2B customers

Rich history and sports associations like MS Dhoni, Hardik Pandya, Chennai Super Kings (CSK) and McLaren

Product Portfolio

Automotive Lubricants

Industrial Lubricants and Specialty Oils

Marine Lubricants

2 wheeler VRLA Battery

EV Fluids

Logistics

Gulf Branded Bike Stop and Car Stop Network

All India network of Gulf Branded Independent Workshops located at prime locations (busy traffic, high footfalls, eyeballs)

Currently there are **~8000 Bike Stops** and **~2000 Car Stops** across 522 cities in India

Growing at **10-15%** every year

Battery Sales & Service Network

12000+ Retail Touch Points

Dedicated Service Team PAN India – **11 Service Engineers**

320 active Gulf Battery Service Points across India

Manufacturing Facilities

Silvassa Plant (West India)

- Lubricants manufacturing Capacity of **90,000 KL per annum**
- AdBlue® manufacturing capacity of **12,000 KL per annum**
- **Key certifications include** - ISO 9001:2015, ISO 14001:2015, ISO 45001:2018, IATF 16949:2016
- VDA license by QMC Germany
- BIS Certification marks license as per IS17042:Part I:2020
- NABL accredited QC lab with Standard ISO/IEC 17025:2017
- **World-class fully automatic PLC** enabled blending operations
- Dedicated manufacturing facility for specialized metal working fluids
- High-speed end-to-end **fully automatic Filling Machine**
- **Fully automatic Blow-Moulding machines** including Recycler
- **Fully Automatic Storage and Retrieval System (ASRS)**
- **Robust Safety & Disaster Management** Systems and supports
- Sustainability led best practices followed for plant operations
- Advance and fully equipped **Quality Control laboratory**
- Installed and commissioned **rooftop solar panels**
- **Plant and exports** approved by many Indian and global OEMs
- Awarded 'Runner Up' for the 'The Machinist Super Shopfloor Awards 2022' in the category "Excellence in Manufacturing-Large" by Times publication group.

Chennai Plant (South India)

- Lubricants manufacturing Capacity of **50,000 KL per annum**
- **Key certifications include** - ISO 9001:2015, ISO 14001:2015, IATF 16949:2016, ISO 45001:2018
- IGBC Gold Certification
- Fully Automatic AdBlue® manufacturing capacity of 18,000 KL commissioned during 21-22
- State-of-the-art blending technology from ABB France— Simultaneous Metered Blender (SMB), Automated Batch Blender (ABB), completely piggeable manifold, Drum Decanting Unit (DDU) all integrated by Lubcel™ Manufacturing Execution System
- **Advanced ASRS**
- A high-tech **firefighting & disaster management system**
- **100% provision for solar energy** for manufacturing, Grey water recycling, rainwater harvesting & natural lighting throughout the day
- Advanced Quality Control Laboratory
- **New global R&D Centre** - Gulf's biggest facility globally
- **Customer Experience Centre** - the first of its kind in India
- **Plant** approved by many Indian and global OEMs
- **AdBlue manufacturing** capacity of 18,000 KL to be commissioned in 2021-2022

Growth Enablers for lubricants industry in India

Low per capita vehicle penetration in India

Expected to increase rapidly with rising per capita income crossing \$2000 p.a.

Growth in automotive industry

Domestic Auto sales volume is expected to grow in the range of 5-9% Y-o-Y in 2022-23 after 3 consecutive years of decline

Advancement of engine technology

Strong Emission norms & Demand for fuel efficiency leading to superior lubricants usage

India as a manufacturing hub

Manufacturing push from Atmanirbhar Bharat, Make in India, impetus from China+1 strategy – good for industrial lubes

Strong prospects of the rural economy
Uninterrupted use of tractors throughout the year

Accelerated investments in infrastructure building

GOI announced ₹100 lakh crore master plan for multi-modal connectivity with the goal of developing infrastructure

Growing GDP and domestic consumption

GDP growth rate

Gulf Oil India – Segment-wise Overview

Automotive

2007

New Generation Diesel Engine Oils

2008 Motorcycle Oils

2011 OEM Tie-ups

2014 Tractor & Scooter Oils

2018 Passenger Car Motor Oils

Biggest contributor to our total volumes

Diesel Engine Oils

- Contributes ~40% to total volumes
- Pioneered “Longer Drain” lubricants for commercial vehicles

Personal Mobility Oils

- Contributes ~20-25% to total volumes

Opportunities

Robust prospects of India’s automobile sector and overall economic growth

Adoption of new emission norms and enhanced focus on fuel efficiency

Evolving technology as well as customer requirements

Significant potential to ramp up rural penetration of automobiles

Scope to improve our market share in the PV and tractor segments

Expansion of our reach across various channels and geographies- Distribution increase key focus

Development of innovative products to adapt to changing market requirement

Shift in customer preferences from public transport to private transport

New-age customers with an evolving mindset

Increased digitalization helps in increasing speed and accuracy of operations while reaching a wider customer base

Fast growing segment with high potential

Our industrial network includes **200+** direct industry accounts and **65+** industrial distributors

Special focus on sector wise plans – **Steel, Metal Working, Textile** – and increasing customer base with direct sales and industrial distributors

Catering to industry heavy weights

Opportunities

Scope to deepen share of wallet with existing customers and getting new customers – direct and via distributors as we have relatively low market share at present

Huge infra spends to lead to exponential growth in steel, cement and other products in India

Atmanirbhar Bharat, China +1, Make in India initiatives will increase industrial push significantly

Opportunity for entire lubricant management at customers' plants

New projects and one-time Initial Fill opportunities in both Direct and Indirect business

Infrastructure, Mining and Fleet

Established market leading position in a short span

500+ customers in this segment, industry heavy weights

marquee in this including heavy

Business growing rapidly given the infrastructure impetus in India as aggressive investments are committed in building roads, metros, ports etc

Tie-ups with leading Construction OEMs

Opportunities

The infrastructure sector has become the most significant focus area for the Government of India. India plans to spend \$1.4 trillion on infrastructure over coming years for the development of the country.

The government has further suggested investment of 5 million crore (\$750 billion) for railways infrastructure from 2018-30.

India and Japan have joined hands for infrastructure development in India's Northeast states and are also setting up an India-Japan Coordination Forum for Development of Northeast to undertake strategic infrastructure projects for the region

2-Wheeler Battery

Contributes 4-5% to overall revenues

Began 5-6 years ago to supply quality batteries to the two-wheeler retail segment

- To enhance our brand strength in 2-Wheelers, an extension to Gulf Pride Motor Cycle Oil brand
- To leverage our lubricants retail distribution synergy

Gulf Pride batteries with the latest VRLA technology are known for their superior cranking power, which gives the rider the benefit of 'Insta Start'

Appointed Indian Cricketer Hardik Pandya as the brand ambassador for this business in 2018

Battery Service Point Network

230 Distributors (40% Gulf Auto Distributors)

12000+ Retail Touch Points

Dedicated Service Team PAN India – 11 Service Engineers

320 active Gulf Battery Service Points in India

EV Fluids

01

Introducing a global **eFLUID** range

02

Formulated specifically for **Hybrid and Fully Electric Vehicles** for **optimal performance** to help **reduce CO2 emissions**

03

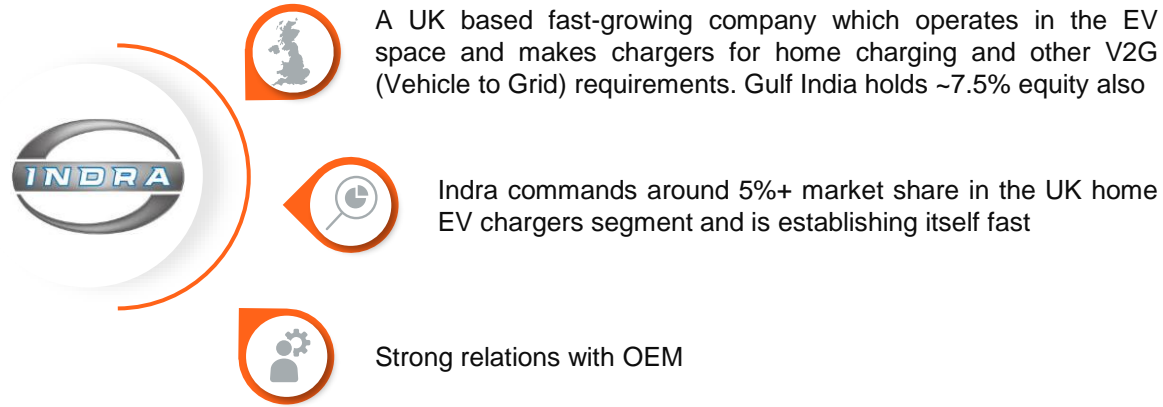

Launched globally as well as in India in 2021

Fueling EV Growth via Acquisitions

Forayed into the EV charging space in partnership with Indra Renewable Technologies

Brief

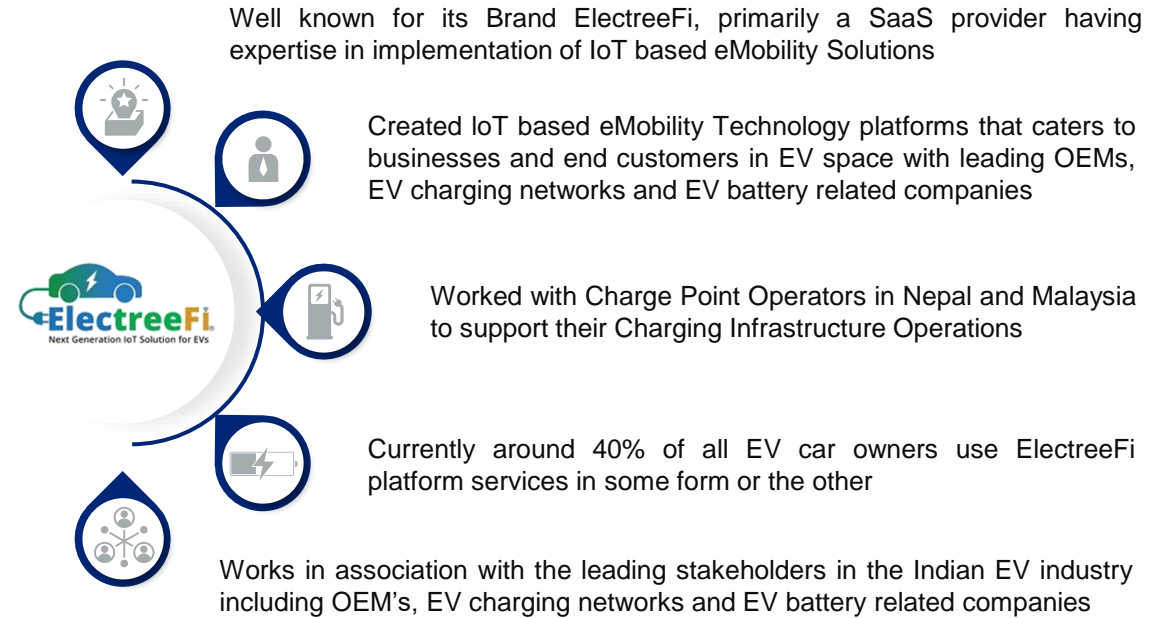

Positives of Alliance:

- Indra Renewables, to launch superior technology chargers in UK and Globally, including India
- Gained exclusive rights to the use of Indra's technology for EV charging in India and would bring these products into India as part of the EV value chain. Tested chargers in Indian conditions already with very good results

Entered into Emobility space by acquiring 26% stake in Techperspect Software Pvt Ltd (ElectreeFi)

Brief

Positives of Alliance:

- Will develop solutions leveraging strengths and play a future role in the fast-changing eMobility space for two/three wheelers and cars
- Will provide superior solutions related to Electric Vehicle Charging, EV Fleet Management and Battery Swapping

Financial Overview

Key Highlights –Q1

Crossed ₹700 crore revenue mark for the 1st time

Revenue grew by 69.26% YoY
EBITDA grew by 101.83% YoY
PAT grew by 82.31% YoY

Achieved highest quarterly volumes of 34,000 KL for core lubricants and focused on marketing high-quality AdBlue and ensuring effective distribution spread

Collaborated with Shibaura Machine; one of the largest Injection molding machine manufacturers of India

Conducted hundreds of Tractor oil change camps across the country's rural belts which has led to increase rural business and tractor engine oil portfolio

All business segments witnessed good growth led by the B2C segment covering bazaar market and OEM Franchise workshops
