## **Formal Inauguration of State-of-the-Art Research and Development Laboratory (R&D-III) by Aarti Pharmalabs Limited in Nerul, Navi Mumbai.**

Nerul, December 18, 2023.

In a momentous leap towards innovation and scientific excellence, Aarti Pharmalabs Limited ('APL/ 'Company') today formally inaugurated its new Research and Development ('R&D') Laboratory in Nerul, which has now become fully operationalised. This cutting-edge facility symbolizes the Company's commitment to advancing research and development in the pharmaceutical sector.

APL'S new R&D center is poised to enhance its Contract Development & Manufacturing (CDMO) business. The laboratory has cutting-edge technology based equipment and instruments including a section dedicated for flow chemistry. Focused on prioritizing safety and sustainability, the facility houses a Process Safety Laboratory equipped with advanced technology that meticulously studies both intended and unintended reactions, ensuring the highest standards of safety. The dedicated powder safety section further underscores APL's unwavering commitment to meticulous risk management. The facility boasts the latest designs of fume hoods, along with a state-of-the-art HVAC and Scrubbing system, to safeguard scientists and ensure a secure working environment. Embracing environmental consciousness, the laboratory is entirely paperless, utilizing e-books and the latest software to conduct experiments. This eco-friendly approach marks a significant step towards sustainability.

The laboratory is designed with ample space for future expansion, anticipating the demands of upcoming research and development initiatives.

The inauguration event witnessed the presence of our Chairman Emeritus, Chairman, Directors, and the entire Senior Management team, alongside the dedicated members of the APL team. This collective endeavor underscores a unified commitment to driving the pharmaceutical sector into a new era of exploration and innovation.
