RESOLVED FURTHER THAT any of the Director or Manager or Chief Financial Officer or Company Secretary of the Company be and are hereby severally authorised to take all such actions and to do

all such acts, deeds, matters, and things as may be deemed necessary, proper, desirable, and expedient for giving effect to this Resolution."

NOTES:

1. In accordance with the Circular No. 14/2020 dated April 08, 2020, Circular No.17/2020 dated April 14, 2020 issued by the Ministry of Corporate Affairs followed by Circular No. 20/2020 dated May 05, 2020, Circular No. 02/2021 dated January 13, 2021, Circular No. 21/2021 dated December 14, 2021, Circular No. 2/2022 dated May 05, 2022, Circular No. 10/2022 dated December 28, 2022, Circular No. 09/2023 dated September 25, 2023 and Circular No. 09/2024 dated September 19, 2024 (collectively referred to as 'MCA Circulars') and Circulars dated May 12, 2020, January 15, 2021, May 13, 2022, January 05, 2023, October 07, 2023 and October 03, 2024 issued by the Securities and Exchange Board of India ('SEBI') and in compliance with the provisions of the Companies Act, 2013 ('the Act'), Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'), the Twenty-Eighth Annual General Meeting of the members of the Company ('AGM') is being held through Video Conferencing (VC)/Other Audio Visual Means (OAVM), without the physical presence of the members at a common venue. National Securities and Depository Limited (NSDL) shall be providing facility for voting through remote e-voting, for participation in the AGM through VC/OAVM facility and e-voting during the AGM. The procedure for participating in the meeting through VC/OAVM is annexed herewith and is also available at the Company's website at www.summitsecurities.net.
2. In accordance with the Secretarial Standard-2 on General Meetings (SS-2) issued by the Institute of Company Secretaries of India ('ICSI') alongwith the amendments in SS-2 applicable from April 1, 2024 read with Clarification/Guidance on applicability of Secretarial Standards 1 and 2 dated April 15, 2020 issued by the ICSI, the proceedings of the AGM shall be deemed to be conducted at the Registered Office of the Company located at 213, Bezzola Complex, B Wing, 71, Sion-Trombay Road, Chembur, Mumbai – 400071.
3. The Explanatory Statement pursuant to Section 102 of the Act, SS-2 and the Listing Regulations setting out material facts concerning the business under Item No. 3 of the Notice, is annexed hereto.
4. Brief details of the Directors who are seeking reappointment, pursuant to Regulations 36(3) of the Listing Regulations and Clause 1.2.5 of SS-2 issued by ICSI is annexed hereto
5. Since AGM is being held pursuant to the MCA circulars through VC/OAVM, physical attendance

of members has been dispensed with, Attendance of the members through VC/OAVM facility only will be counted for the purpose of reckoning the quorum under Section 103 of the Act. Further, As per SEBI (Listing Obligations and Disclosure Requirements) (Third Amendment) Regulations, 2024 which came into effect from 13th December, 2024, the requirement to send proxy forms is not applicable to general meetings held only through electronic mode. Accordingly, the facility for appointment of proxies by the members will not be available for this AGM and hence the proxy form, attendance slip and route map of AGM are not annexed to this notice.

6. In case of joint holders, the member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.

7. Consolidation of Folios:

Members holding shares in the same name or in the same order of names, under different folios, are requested to notify the relevant details of their said holdings to MUFG Intime India Private Limited (Formerly known as Link Intime India Private Limited) at C-101, 1st Floor, 247 Park, Lal Bahadur Shastri Marg, Vikhroli (West), Mumbai - 400083 for consolidation of their shareholdings into a single folio.

8. Change in address/ email address/contact numbers etc.:

Members are requested to notify immediately any change in their address:

- a) If the shares are held in physical form to:

(i) The Company at its Registered Office at:
Summit Securities Limited
213, Bezzola Complex, B Wing,
71, Sion-Trombay Road,

- b) If the shares are held in demat form: to the respective Depository Participant(s) ('DP').

9. (i) SEBI has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic form are therefore

requested to submit their valid PAN to their DP with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to the Company's RTA.

- (ii) SEBI vide its Master Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/37 dated May 07, 2024 has mandated all listed Companies to record/update the KYC details i.e. PAN, Nomination and Bank Account details of the first holder for shares held in physical mode before processing any identified service requests. The Company has periodically sent letters to all the shareholders holding shares in physical mode whose details are yet to be updated, seeking the requisite information.

10. The Members may further note that through SEBI Notification dated January 24, 2022, read with SEBI Circular dated January 25, 2022, the listed companies are required to issue the securities in dematerialized form only while processing the requests for Issue of duplicate securities certificate, Claim from Unclaimed Suspense Account, Renewal / Exchange of securities certificate, Endorsement, Sub-division / Splitting of securities certificate, Consolidation of securities certificate/ folios, Transmission, Transposition. Also, in view of Regulation 40 of the Listing Regulations, as amended with effect from April 25, 2022, securities of listed companies can now be transferred only in the demat mode. Members holding shares in physical form are therefore requested to convert their holdings into the demat mode to avoid loss of shares or fraudulent transactions and avail better investor servicing.

11. The Company after compliance with the due procedure laid down under Clause 5A of the erstwhile Listing Agreement entered into with the Stock Exchanges, now Regulation 39 of the Listing Regulations, had transferred the shares covered under the share certificates, which remained unclaimed by members, to a "Suspense Demat Account" opened with Keynote Capitals Limited, DP. Members who wish to claim their equity shares are therefore, requested to write to the Company or to the Registrar and Share Transfer Agents., viz., MUFG Intime India Private Limited (Formerly Link Intime India Private Limited) alongwith requisite documentary proof to claim their shares.

12. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act and the Register of Contracts or Arrangements in which the Directors are interested maintained under Section 189 of the Act will be available electronically for inspection by the members during the AGM. All other documents referred to in the accompanying Notice and Explanatory Statements will be available for inspection through electronic mode by the Members, in accordance with applicable statutory requirements. Members seeking

to inspect such documents can send an e-mail to summitsecurities.agm@gmail.com.

13. Subject to the receipt of requisite number of votes, the Resolutions forming part of the AGM Notice shall be deemed to be passed on the date of the AGM i.e. **Thursday, August 07, 2025.**
14. SEBI vide circular nos. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/131 dated July 31, 2023, and SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/135 dated August 4, 2023, read with Master Circular no. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/145 dated July 31, 2023 (as updated until date), has established a common Online Dispute Resolution Portal ("ODR Portal") for resolution of disputes arising in the Indian Securities Market. Pursuant to above-mentioned circulars, post exhausting the option to resolve their grievance with the RTA/Company directly and through existing SCORES platform, the investors can initiate dispute resolution through the ODR Portal <https://smartodr.in/login> and the same can also be accessed through the Company's website www.summitsecurities.net

15. REGISTRAR AND TRANSFER AGENT ("RTA")

During the year under review, the name of LINK INTIME INDIA PRIVATE LIMITED the Registrar & Share Transfer Agent of the Company (RTA) was changed to MUFG INTIME INDIA PRIVATE LIMITED with effect from December 31, 2024.

16. ELECTRONIC DISPATCH OF ANNUAL REPORT:

BOARD'S REPORT AND MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Dear Members,

Your directors are pleased to present their Twenty-Eighth Report together with Audited Financial Statements for the year ended March 31, 2025.

FINANCIAL HIGHLIGHTS:

The summary of financial performance of the Company for the year under review is as given below:

(Rs. in lakhs)

Particulars	Standalone		Consolidated	
	For the Year ended March 31, 2025	For the Year ended March 31, 2024	For the Year ended March 31, 2025	For the Year ended March 31, 2024

(-) Tax Expenses	1,270.32	982.51	3,186.93	2,263.60
Profit/(Loss) after Tax	3,070.13	3,512.11	6,859.57	7,573.02
(+) Other Comprehensive Income	35,557.25	1,46,961.62	75,581.78	3,84,453.97
Total Comprehensive Income for the year	38,627.38	1,50,473.73	82,441.35	3,92,026.99

FINANCIAL PERFORMANCE:

The equity market in India witnessed a period of high volatility in the second half of the year. There was a dramatic fall in valuation triggered by developments across the globe. Towards the start of the second half the US Treasury announced changes to their interest rate policy which led to largescale selling by Foreign Portfolio Investors. This was followed by an escalation of hostilities in middle east that increased the fears of a widespread war. In addition to these global factors, fears of a deceleration in domestic growth coupled with high valuations in domestic markets led to a broad-based fall in the Indian equity markets resulting in Nifty 50 falling by nearly 9% during this period. For the full year FY 2024-25 Nifty 50 returns were only around 5% vis-a-vis around 28% for FY 2023-24.

Total Income:

On a standalone basis, the total income for FY 2024-25 was Rs. 4,619.45 lakhs, which was marginally lower than Rs. 4,747.96 lakhs in the previous year. While the dividend income increased, lower gain on fair value changes of mutual funds, and other investments of Rs. 784.64 lakhs as compared to Rs. 2,288.84 lakhs in the previous year resulted in decline in total income.

On a consolidated basis, the total income for FY 2024-25 was Rs. 11,902.94 lakhs as compared to Rs. 10,223.92 lakhs in the previous year, mainly due to higher dividend income of Rs. 9,900.45 lakhs for the current year as compared to Rs. 5,512.20 lakhs in the previous year. However, the gain on fair value changes of mutual funds and other investments of Rs. 1,685.21 lakhs for the current year was lower than Rs. 4,455.22 lakhs in the previous year.

Expenses:

On a standalone basis, the total expenses for FY 2024- 25 at Rs. 279.00 lakhs were marginally higher as compared to Rs. 253.34 lakhs for the previous year. The increase was mainly due to increase in employee costs and other operating costs which were largely along expected lines. On consolidated basis, the total expenses for FY 2024-25 were Rs. 473.61 lakhs as compared to Rs. 387.30 lakhs for the previous year mainly due to increase in employee benefit expenses costs and other operating costs.

Profit After Tax:

Standalone Profit after Tax for FY 2024-25 was Rs. 3070.13 lakhs as compared to Rs. 3,512.11 lakhs during the previous year, mainly due to lower income.

Consolidated Profit after Tax for FY 2024-25 was Rs. 6859.57 lakhs as compared to Rs. 7,573.02 lakhs during the previous year, mainly due to lower income.

Amounts proposed to be carried to reserves:

An amount of Rs. 614.03 lakhs has been transferred to Special Reserve in standalone financial statements as per the statutory requirements. The Company has not transferred any amount to General Reserves during the year.

DIVIDEND:

With a view to conserve resources in the current volatile environment and to maintain sufficient funds for investment and working capital requirements, your directors consider it prudent not to recommend any dividend for the year under review.

MANAGEMENT DISCUSSION AND ANALYSIS:**a. Industry Structure & Developments, Opportunities and Future Outlook:**

Global economy grew by 3.3% in calendar year 2024, lower than 3.5% for calendar year 2023. Global growth is expected to slow down further to 2.8% in 2025 led by various factors like continuing geopolitical conflicts, US trade tariffs and higher interest rates.

India on the other hand has benefitted from stable macroeconomic environment and declining inflation, with the real GDP expanding by 6.5% in FY 2024-25. The RBI has projected inflation of 4.2% and GDP growth of 6.5% for FY 2025-26 considering strong infrastructure push by the Government, expected reduction in interest rates, expectation of a good monsoon, stable crude prices, pick up in consumption, favourable balance of payment and buoyancy in tax collections.

The Company is a Non-Banking Financial Company ('NBFC') registered with the Reserve Bank of India as a Non-Deposit Accepting NBFIs and derives most of its revenue from investments. Also, the value of the stocks, shares and bonds depends on the prevailing capital markets scenario. The future success of the Company continues to depend on its ability to anticipate the volatility of the financial markets, minimizing risks and increasing returns through prudent investment decisions.

The investments of the Company are typically long-term in nature and predominantly in the equity markets. The Company also invests in companies where it is a part of the promoter group from a long term perspective. All investments decisions are reviewed by the Audit Committee and the Board of Directors, respectively, on a periodic basis.

b. Risks, Threats and Concerns:

Risk management comprises of identification, assessment and prioritization of risks followed by coordinated and economical application of resources to minimize, monitor and control the probability and/or impact of loss events or to maximize the value realization of opportunities in any other uncertain events or to maximize the realization of opportunities.

The Risk Management Committee ('RMC') of the Board of Directors manages and monitors the Company's risks, as detailed herein below under the heading "Risk Management Process".

c. Internal control systems and their adequacy:

The Company has an adequate internal audit and control system that commensurate with its size and nature of business to ensure operational efficiency, accuracy and promptness in financial reporting and compliance of various laws and regulations. The Audit Committee of the Board of Directors reviews the Internal Audit Report and the adequacy and effectiveness of internal controls periodically.

d. Human Resources:

Employee relations continued to remain cordial during the year under review. As on March 31, 2025, there were 6 (Six) employees including Key Managerial Personnel ('KMP') of the Company.

e. Significant Changes in Key Financial Ratios (i.e., change of 25% or more as compared to immediately previous financial year) and Change in Return on Net Worth as compared to the immediately previous financial year, along with a detailed explanation thereof:

Return on Net Worth for FY 2024-25: 0.72%

Return on Net Worth for FY 2023-24: 0.90%

Change in return on Net Worth as compared to immediately preceding financial year: -20.46%

As compared to the previous year, the Company's Net Profit and hence the Return on Net Worth has decreased mainly due to lower gain on fair value changes of mutual funds and other investments. Except for this, there is no significant change (i.e. change of more than 25%) in any other key financial ratios during the current financial year as compared to immediately preceding financial year.

CAUTIONARY STATEMENT:

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may constitute "forward looking statements" within the meaning of applicable laws and regulations. Actual results might differ materially from those either expressed or implied.

SHARE CAPITAL:

During the year under review, there was no change in the Share Capital of the Company.

MATERIAL CHANGES AND COMMITMENTS:

There are no material changes and commitments affecting the financial position of the Company which have occurred between the end of the financial year on March 31, 2025, to which the financial statements relate and the date of this report.

CONSOLIDATED FINANCIAL STATEMENTS:

DIVIDEND DISTRIBUTION POLICY:

Pursuant to Regulation 43A of the Listing Regulations as amended upto date, the Company has adopted a Dividend Distribution Policy. The same is published on the Company's website at <https://summitsecurities.net/files/DividendDistributionPolicy.pdf>

RISK MANAGEMENT POLICY/ PROCESS:

The Company had constituted the Risk Management Committee ("RMC") in accordance with Regulation 21 of the Listing Regulations and the Guidelines on Corporate Governance ("Guidelines") issued by the Reserve Bank of India ("RBI") as applicable to the Company. The terms of reference of the RMC are in accordance with the aforesaid Guidelines, the Act and the Listing Regulations.

The RMC had formulated a Risk Management Policy. This policy defines a process to ensure that a structured, disciplined and consistent risk strategy, providing guidance for risk activity within the Company by embedding Enterprise Risk Management within the culture of the business is in place.

One of the elements in the Risk Management Process as defined in the Risk Management Policy, is identification and assessment of risks. The identified risks pertaining to the nature of business carried out by the Company comprise of Strategic Risk, Operational Risk, Sectoral Risk, ESG related risks, Capital Market Fluctuations Risk,

Regulatory and Compliance Risk, Human Resource Risk, Information Technology Risk, Liquidity Risk, etc. Risk mitigation measures are also reviewed alongside the identified risks. A report on risk evaluation and mitigation covering the elements of risks, impact and likelihood, mitigation measures and risk assessment is periodically presented before the RMC for review and placed before the Board of Directors for information.

RELATED PARTY TRANSACTIONS:

The Company has in place a Policy on Related Party Transactions for purpose of identification and monitoring of Related Party Transactions. The policy was last revised and approved by the Board of Directors on January 31, 2025, and is published on the Company's website at https://summitsecurities.net/files/corporate_governance/RelatedPartyTransactionPolicy.pdf

The Company had not entered into any transaction with related parties during the year under review which requires reporting in Form No. AOC-2 in terms of the Section 134(3) and 188(1) of the Act read with Rule 8(1) of the Companies (Accounts) Rules, 2014.

There are no relationships between the Directors inter-se nor any relationship between the Key Managerial Personnel (KMP) inter-se.

None of the Directors/KMP had any pecuniary relationships or transactions vis-a-vis the Company except the sitting fees paid to Directors and remuneration paid to KMP's.

INDEPENDENT AUDITOR'S REPORT

**To the Members of
Summit Securities Limited**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone financial statements of **Summit Securities Limited** (the "Company"), which comprise the Standalone Balance Sheet as at March 31, 2025, standalone Statement of Profit and Loss (including Standalone Other Comprehensive Income), Standalone Statement of Cash Flows and Standalone Statement of Changes in Equity for the year ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as the "Standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit and total comprehensive income (including other comprehensive income), the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013.

Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
<p>Valuation of Investments</p> <p>As per the provisions of Indian Accounting Standards, the Company's investments-excluding investments in subsidiaries and associates-are measured at fair value at each reporting date. This policy of measuring investments at fair value has a significant impact on the Company's financial results.</p> <p>The valuation is performed by the Company using a fair value hierarchy, as applicable below:</p> <ul style="list-style-type: none"> Level 1: Valuations based on quoted prices (unadjusted) in active markets. Level 2: Valuations based on inputs other than quoted prices included within Level 1 that are observable either directly or indirectly. Level 3: Valuations based on unobservable inputs for the asset. <p>The valuation of investments is inherently subjective-most predominantly for Level 2 and Level 3 investments-since these are valued using inputs other than quoted prices in an active market. Key inputs used in the valuation of individual Level 2 investments include market price of quoted investments, illiquidity discount, etc. In addition, the Company determines whether objective evidence of impairment exists for individual investments.</p>	<p>We understood and tested the key controls around the valuation processes, including the independent price verification and valuation governance controls. We found these key controls were designed, implemented, and operated effectively, and therefore determined that we could place reliance on these key controls for the purposes of our audit.</p> <p>Further, we assessed the valuation of all individual investments to determine whether the valuations performed by the Company were within a predefined tolerable differences threshold. As part of these audit procedures, we assessed the accuracy of key inputs used in the valuation, including observable and non-observable inputs. We also evaluated the Company's assessment of whether objective evidence of impairment exists for individual investments.</p> <p>Based on these procedures, we have not noted any material differences outside the predefined tolerable differences threshold.</p>

Information other than the Standalone financial statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance Report Business Responsibility and Sustainability Report and Shareholder's Information, but does not include the Standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone financial statements our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone financial statements the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using

the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone financial statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We have also:

- Identify and assess the risks of material misstatement of the Standalone financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions

may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone financial statements including the disclosures, and whether the Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we identify matter that were of such significance in the audit of the Standalone financial statements for the financial year ended March 31, 2025, that they would be considered key audit matters. Accordingly, such matters have been described in our auditor's report. Furthermore, there were no circumstances where disclosure was precluded by law or regulation, or where adverse consequences were expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the '**Annexure A**', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2) As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including Standalone Other Comprehensive Income, Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.

- d) In our opinion, the aforesaid Standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in '**Annexure B**'. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act: In our opinion and to the best of our information and according to the explanations given to us, no remuneration has been paid by the Company to its directors during the year. However, remuneration has been paid to the manager. The remuneration paid is in accordance with the provisions of Section 197 read with Schedule V to the Companies Act, 2013.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements. Refer note no. 25 to the standalone financial statements.
 - ii) The Company did not have any long-term contracts, including derivative contracts for which there were any material foreseeable losses.
 - iii) There has been no amount which is to be transferred to the Investor Education and Protection Fund during the financial year.
 - iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security, or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v) The Company has not declared or paid dividend during the year.
- vi) Based on our examination of the books of account and other relevant records of the Company, and according to the information and explanations given

to us, and as mentioned in notes to account no. 43 and 44, we report that the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility.

Further, in accordance with the requirements of the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, applicable with effect from April 1, 2023, the audit trail feature has been operated throughout the financial year ended March 31, 2025, for all transactions recorded in the software, and the audit trail has not been tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

- c. According to the information and explanations given to us and on the basis of our examination of the records of the Company does not have immovable properties during the year. Accordingly, the provisions of clause 3(i)(c) of the Order is not applicable to the Company;
- d. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets during the year. Accordingly, the reporting under Clause 3(i)(d) of the Order is not applicable to the Company.
- e. According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, the provisions of clause 3(i)(e) of the Order is not applicable to the Company.
- ii. In respect of Inventory:
 - a. The Company is in the service industry. Accordingly, the provisions of clause 3(ii)(a) of the order are not applicable to the company.
 - b. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets during any point of time of the year and hence, the provisions of clause 3(ii)(b) of the order is not applicable to the company.
- iii. The company is registered as Non-Banking Financial Company under section 45-IA of the Reserve Bank of India Act, 1934. During the year, in the ordinary course of business, the company has made investments but has not granted loans and advances in the nature of loans, to other parties. The company has not provided guarantee / security to any person during the year. With respect to such investments, loans and advances:
 - a. The provisions of paragraph 3(iii)(a) of the Order are not applicable since no loans and advances had been given.
 - b. As per explanation given by management and examination of records, the investments made are not prejudicial to the company's interest. The Company, during the year, has not provided guarantees, given security, granted loans and advances in the nature of loans.
 - c. As per explanation given by management and examination of records the Company has not given any loans and advances, thus, reporting under clause 3(vi) of the order is not applicable to the Company.
 - d. The provisions of paragraph 3(iii)(d) of the Order are not applicable since no loans and advances had been given.
 - e. The provisions of paragraph 3(iii)(e) of the Order are not applicable since no loans and advances had been given.
 - f. The Company has not granted any loans or advances in the nature of loans that were either repayable on demand or without specifying any terms or period of repayment.
- iv. The Company has not advanced loans or made investments in or provided guarantee or security to parties covered by section 185 of the Act and the provisions of section 186 of the Act is not applicable to the Company. Hence reporting under paragraph 3(iv) of the Order is not applicable.
- v. The Company has not accepted deposits from the public within the meaning of the directives issued by the Reserve Bank of India, provision of Section 73 to 76 of the Act, any other relevant provision of the Act and the relevant rules framed thereunder. Therefore, paragraph 3(v) of the Order is not applicable.
- vi. To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under clause 148(1)

of the Companies Act, 2013, for the products/ services of the Company. Thus, reporting under clause 3(vi) of the order is not applicable to the Company.

vii. According to the information and explanations given to us, in respect of statutory dues:

a. In our opinion, the Company is generally regular in depositing the undisputed statutory dues including Goods and Services Tax, Income-Tax, Sales Tax, Service Tax, Duty of Customs, Cess and any other statutory dues to the appropriate authorities. There are no arrears of outstanding statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

b. There were no undisputed amounts payable in respect of Goods and Services Tax, Income-Tax, Sales Tax, Service Tax, Duty of Customs, Cess and any other statutory dues to the appropriate authorities in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Accordingly, the provisions of the clause 3(viii) of the Order is not applicable to the Company.

ix. a. According to the information and explanations given to us and on the basis of our examination of the records of the Company, it has not availed loans or other borrowings from any lender. Accordingly, the provisions of the clause 3(ix)(a) of the Order is not applicable to the Company;

b. According to the information and explanations given to us and on the basis of our examination of the records of the Company, it has not availed loans or other borrowings from any lender. The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority. Accordingly, the provisions of the clause 3(ix)(b) of the Order is not applicable to the Company;

c. According to the information and explanation given by the management, no money was raised by Company by way of term loan, thus reporting under clause 3(ix)(c) of the order is not applicable to the Company.

d. On an overall examination of the Standalone financial statements of the Company, no funds were raised on short-term basis during the year, thus reporting under clause

3(ix)(d) of the order is not applicable to the Company.

e. On an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

f. The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries. Accordingly, paragraph 3(ix)(f) of the Order is not applicable.

x. a. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x) (a) of the Order is not applicable.

b. During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year, thus reporting requirements of section 42 and section 62 of the Companies Act, 2013 are not applicable to the Company.

xi. a. To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

b. To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed by us in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.

c. According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the Company during the year.

xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.

xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the Standalone financial statements as required by the applicable Indian accounting standards.

xiv. In respect of Internal Audit Report:

- a. To the best of our knowledge the company has adequate internal audit system to commensurate with the size and the nature of its business.
 - b. We have considered the internal audit reports for the year while conducting statutory audit.
- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected to its directors and thus provisions of section 192 of the Companies Act, 2013 are not applicable to the Company. Accordingly, paragraph 3(xv) of the Order is not applicable.
- xvi. a. According to the information and explanations given by the management, the company is required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and holds a valid certificate of registration vide registration no. N-13.01955.
- b. During the year, the Company has not conducted any non-banking financial activities or housing financial activities without a valid Certificate of Registration ('CoR') from the RBI as per the RBI Act, 1934.
- c. The Company is not a Core Investment Company ('CIC') and hence reporting under paragraph 3(xvi)(c) of the Order is not applicable to the Company.
- d. There are three Core Investment Companies ('CIC') as a part of this group.
- xvii. As per the information and explanation given by the management, company has not incurred any cash losses in the Current financial year and the immediately Preceding financial year and hence reporting under paragraph 3(xvii) of the Order is not applicable to the Company.

xviii. There was no resignation of auditor during the year. Therefore, this clause is not applicable.

- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Standalone financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, we are of the opinion that no material uncertainty exists as on the date of the audit report and the company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. a. The provisions of Corporate Social Responsibility (CSR) are not applicable to the Company. Therefore, reporting under clause 20(a) of the Order is not applicable.
- b. The provisions of Corporate Social Responsibility (CSR) are not applicable to the Company. Therefore, reporting under clause 20(b) of the Order is not applicable.

Annexure 'B' to the Independent Auditor's Report

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Summit Securities Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").**Opinion**

We have audited the internal financial controls over financial reporting of **Summit Securities Limited** (the "Company") as of March 31, 2025 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and explanations given to us, the Company has, in all material respects, adequate internal financial control over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Managements and Board of Directors' Responsibilities for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit

to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone financial statements whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to Standalone financial statements.

Meaning of internal financial controls with reference to standalone financial statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- a. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the company; and
- c. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone financial statements.

Inherent limitations of internal financial controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to

future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to standalone financial statements for the year ended 31st March, 2025**1. Corporate Information**

Summit Securities Limited (the 'Company') is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956 and its registered address is 213, Bezzola Complex, B Wing, 71, Sion-Trombay Road, Chembur Mumbai Maharashtra 400 071. The Company is listed on Bombay Stock Exchange Limited and National Stock Exchange of India Limited. The Company is a Non-Banking Financial Company, Non deposit taking, categorised as Middle Layer (NBFC-ND-ML) pursuant to Master Direction - Reserve Bank of India (Non-Banking Financial Company - Scale Based Regulation) Directions, 2023 and is registered with the Reserve Bank of India.

The standalone financial statements were approved by Board of Directors on 05th May, 2025.

2 (A). Material Accounting policies**(1) Basis of Preparation**

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') Companies (Indian Accounting Standards) Rules, 2015, (as amended from time to time) along with other relevant provisions of the Act and the Master Direction-Non-Banking Financial Company – Systematically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 (the 'NBFC Master Directions') issued by RBI and the regulatory guidance on implementation of Ind AS notified by the RBI vide notification dated 13th March 2020.

The Guidance Note on Division III of Schedule III to the Act, issued by the Institute of Chartered Accountants of India ("ICAI") has been followed insofar as they are not inconsistent with any of these Directions.

The Balance sheet, the Statement of profit and loss and the Statement of changes in equity are prepared and presented in the format prescribed in the Division III of Schedule III to the Act applicable for Non-Banking Finance Companies ('NBFC'). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7, Statement of Cash Flows.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and financial liabilities that are measured at fair value at the end of each reporting period.

The Company presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (noncurrent) is presented in note 30.

All amounts disclosed in the standalone financial statements and notes are presented in Rs. lakhs and have been rounded off to two decimals as per the requirement of Division III of Schedule III to the Act, unless otherwise stated.

(2) Use of accounting judgements, estimates and assumptions

The preparation of the standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The Company continually evaluates these estimates and assumptions based on the most recently available information. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable.

Business model assessment

Classification and measurement of financial assets depends on the results of the solely payments of principal and interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income (FVTOCI) that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be

Notes to standalone financial statements for the year ended 31st March, 2025

derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

Provisions and other contingent liabilities

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of the Company's business. When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is remote or probable, but a reliable estimate cannot be made, a contingent liability is disclosed. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

Commitments

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- a) Estimated amounts of contracts remaining to be executed on capital account and not provided for;
- b) Uncalled liability on shares and other investments partly paid;
- c) Funding related commitment to other companies, if any; and
- d) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

2 (B). Other Accounting Policies

(1) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefit will flow to the company and the revenue can be reliably measured and there exists reasonable certainty of its recovery. Revenue is measured at the fair value of the consideration received or receivable as reduced for estimated customer credits and other similar allowances.

Interest income {Effective interest rate method (EIR)}

Under Ind AS 109, Financial Instruments, interest income is recorded using the EIR method for all financial instruments measured at amortised cost, debt instrument measured at Fair Value Through Other Comprehensive Income (FVTOCI) and debt instruments designated at Fair Value Through Profit or Loss (FVTPL). The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset. The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Company recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loan. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle (including prepayments, penalty interest and charges). If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk. The adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the Balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through interest income in the Statement of profit and loss.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets net of upfront processing fees. When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Company calculates interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the financial assets cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis. For purchased or originated credit-impaired (POCI) financial assets, the Company calculates interest income by calculating the credit-adjusted EIR and applying that rate to the amortised cost of the asset. The credit adjusted EIR is the interest rate that, at original recognition, discounts the estimated future cash flows (including credit losses) to the amortised cost of the POCI assets. Interest income on all trading assets and financial assets mandatorily required to be measured at FVTPL is recognised using the contractual interest rate in net gain on fair value changes.

Dividend income

Dividend income (including from FVTOCI investments) is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will

Notes to standalone financial statements for the year ended 31st March, 2025

flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

Dividend Income on Financial Assets at FVTPL is shown separately under Income and it is not forming part of Fair value Changes.

Net gain on fair value changes

Any differences between the fair values of the financial assets classified as fair value through the profit or loss, held by the Company on the Balance Sheet date is recognised as an unrealised gain/loss in the statement of profit and loss. In cases there is a net gain in aggregate, the same is recognised in 'Net gains or fair value changes' under revenue from operations and if there is a net loss the same is disclosed 'Expenses', in the Statement of profit and loss.

(2) Financial instruments

Point of recognition

Financial assets and liabilities, with the exception of loans, debt securities, deposits and borrowings are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the marketplace. Loans are recognised when funds are transferred to the customers' account. The Company recognises debt securities, deposits and borrowings when funds reach the Company.

Initial recognition

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments, as per the principles of the Ind AS 109, *Financial instruments* are initially measured at their fair value, except in the case of financial assets and financial liabilities recorded at FVTPL, transaction costs are added to, or subtracted from, this amount. Trade receivables are measured at the transaction price. When the fair value of financial instruments at initial recognition differs from the transaction price, the Company accounts mentioned below:

When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in profit or loss when the inputs become observable, or when

the instrument is derecognised.

Subsequent measurement of financial assets

For subsequent measurement, the Company classifies a financial asset in accordance with the below *criteria*:

- i. The Company's business model for managing the financial asset; and
- ii. The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories:

(a) Financial assets measured at amortized cost:

A Financial asset is measured at the amortized cost if both the following conditions are met:

- (i) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows; and
- (ii) The contractual terms of the financial asset give rise on specified dates to cash Flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans and other financial assets of the Company. Such financial assets are subsequently measured at amortized cost using the effective interest method. Under the effective interest method, the future cash receipts are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest income over the relevant period of the financial asset. The same is included under other income in the Statement of profit and loss. The amortized cost of a financial asset is also adjusted for loss allowance, if any.

(b) Financial assets measured at FVTOCI:

A financial asset is measured at FVTOCI if both of the following conditions are met:

- (i) The Company's business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets; and

Notes to standalone financial statements for the year ended 31st March, 2025

- (ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to certain investments in debt and equity instruments. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Statement of profit and loss under 'Other Comprehensive Income (OCI)'. However, the Company recognizes interest income and impairment losses and its reversals in the Statement of Profit and Loss. On de-recognition of such financial assets, cumulative gain or loss previously recognized in OCI is reclassified from equity to the Statement of profit and loss, except for instruments which the Company has irrevocably elected to be classified as equity through OCI at initial recognition, when such instruments meet the definition of Equity under Ind AS 32, Financial Instruments: Presentation and they are not held for trading. The Company has made such election on instrument by instrument basis.

Gains and losses on these equity instruments are never recycled to profit or loss. Dividends are recognised in the Statement of Profit or Loss as dividend income when the right of the payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI. Equity instruments at FVTOCI are not subject to an impairment assessment.

(c) Financial assets measured at FVTPL

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above. This is a residual category applied to all other investments of the Company excluding investments in subsidiary and associate companies. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Statement of Profit and Loss.

Financial assets or financial liabilities held for trading

The Company classifies financial assets as held for trading when they have been purchased or issued primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there is evidence of a recent pattern of short-term profit taking. Held-For-Trading assets and liabilities are recorded and measured in the Balance sheet at fair value. Changes in fair value are recognised in net gain on fair value changes.

Interest and dividend income or expense is recorded in net gain on fair value changes according to the terms of the contract, or when the right to payment has been established. Included in this classification

are debt securities, equities, and customer loans that have been acquired principally for the purpose of selling or repurchasing in the near term.

De-recognition

(a) Financial asset

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e. removed from the Company's Balance sheet) when any of the following occurs:

- i. The contractual rights to receive cash flows from the financial asset expires;
- ii. The Company transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of the financial asset. A regular way purchase or sale of financial assets has been derecognised, as applicable, using trade date accounting.
- iii. The Company retains the contractual rights to receive cash flows but assumes a contractual obligation to pay the cash flows without material delay to one or more recipients under a 'pass-through' arrangement (thereby substantially transferring all the risks and rewards of ownership of the financial asset).
- iv. The Company neither transfers nor retains substantially all risk and rewards of ownership and does not retain control over the financial asset.

In cases where Company has neither transferred nor retained substantially all the risks and rewards of the financial asset, but retains control of the financial asset, the Company continues to recognize such financial asset to the extent of its continuing involvement in the financial asset. In that case, the Company also recognizes an associated liability. The financial asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On de-recognition of a financial asset, (except as mentioned in ii above for financial assets measured at FVTOCI), the difference between the carrying amount and the consideration received is recognized in the Statement of profit and loss.

(b) Financial liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the

Notes to standalone financial statements for the year ended 31st March, 2025

original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss ('ECL') model for measurement and recognition of impairment loss for financial assets.

ECL is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider:

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets

In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12 month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the Balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the Balance Sheet date.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(3) Fair value measurement

The Company measures its financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 input) and the lowest priority to unobservable inputs (Level 3 inputs).

- Level 1 (unadjusted) - Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the Balance Sheet date.
- Level 2 - Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on

Notes to standalone financial statements for the year ended 31st March, 2025

unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.

- Level 3 - Those that include one or more unobservable input that is significant to the measurement as whole.

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

(4) Cash and Cash Equivalents (refer notes 3 & 4)

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less and other short term highly liquid investments.

(5) Investment in subsidiaries (refer note 5)

Investment in subsidiaries is recognised at cost and are not adjusted to fair value at the end of each reporting period. Cost of investment represents amount paid for acquisition of the said investment.

The Company assesses at the end of each reporting period, if there are any indications that the said investment may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any, i.e., the deficit in the recoverable value over cost.

(6) Property, plant and equipment (PPE) (refer note 7)

Measurement at recognition

An item of PPE that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of PPE are carried at its cost less accumulated depreciation and accumulated impairment losses.

The cost of an item of PPE comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discounts and rebates are deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met. Items such as, spare parts, stand-by equipment and servicing equipment that meet the definition of PPE are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the Statement of profit and loss as and when incurred.

The residual values, useful lives and methods of depreciation of property, plant and equipment are

reviewed at each financial year end and adjusted prospectively, if appropriate.

Capital work-in-progress and capital advances

Cost of assets not ready for intended use, as on the Balance sheet date, is shown as capital work-in-progress. Advances given towards acquisition of PPE outstanding at each Balance sheet date are disclosed as other non-financial assets.

Depreciation

Depreciation on each part of an item of property, plant and equipment is provided using the written down value method based on the useful life of the asset as prescribed in Schedule II to the Act. Depreciation is calculated on a pro-rata basis from the date of installation till date the assets are sold or disposed. Leasehold improvements are amortised over the underlying lease term on a straight-line basis.

De-recognition

The carrying amount of an item of PPE is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the de-recognition of an item of PPE is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of profit and loss when the item is derecognized.

(7) Income Taxes (refer note 23 and 11)

Tax expense is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible under the Income Tax Act, 1961. Current tax is measured using tax rates that have been enacted by the end of reporting period for the amounts expected to be recovered from or paid to the taxation authorities.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Notes to standalone financial statements for the year ended 31st March, 2025**Deferred tax**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit under Income tax Act, 1961.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary difference can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of part or all such deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The Company has not recognised a deferred tax liability for all taxable temporary differences associated with investments in subsidiaries, except to the extent that both of the following conditions are satisfied:

- the parent, investor, joint venture or joint operator is able to control the timing of the reversal of the temporary difference; and
- it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, to the extent it would be available for set off against future current income tax liability. Accordingly, MAT

is recognised as deferred tax asset in the Balance Sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realised.

Presentation of current and deferred tax

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/expense are recognized in Other Comprehensive Income. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer convincing evidence to the effect that the company will pay normal income tax during the specified period. Further, the MAT credit is not set-off against the deferred tax liabilities, since the Company does not have a legally enforceable right to set-off.

(8) Provisions and contingencies (refer note 10)

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Notes to standalone financial statements for the year ended 31st March, 2025

(9) Employee Benefits (refer notes 19 & 26)

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

Post-employment benefits

(i) Defined contribution plans

Defined contribution plans are employee state insurance scheme and Government administered pension fund scheme for all applicable employees.

Recognition and measurement of defined contribution plans:

The Company recognises contribution payable to a defined contribution plan as an expense in the Statement of profit and loss when the employees render services to the Company during the reporting period. If the contributions payable for services received from employees before the reporting date exceeds the contributions already paid, the deficit payable is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

(ii) Defined benefits plans

Gratuity scheme

Gratuity is a post-employment benefit and is a defined benefit plan. The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if any. Any defined benefit asset (negative defined benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan.

Recognition and measurement of defined benefit plans

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability / (asset) are recognized in the Statement of profit and loss. Re-measurements of the net defined benefit liability / (asset) comprising

actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability/asset), are recognized in Other Comprehensive Income. Such re-measurements are not reclassified to the Statement of profit and loss in the subsequent periods.

The Company does not present the above liability/ (asset) as current and non-current in the Balance sheet as per the principles of Division III of Schedule III to the Act as per MCA's Notification dated 11th October, 2018.

(10) Lease accounting

The Company, as a lessee, recognizes a Right-of-Use (RoU) asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the RoU asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The RoU asset is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The RoU asset is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of RoU asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

For short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the lease term.

(11) Borrowing Costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized, if any. All other borrowing costs are expensed in the period in which they occur.

Notes to standalone financial statements for the year ended 31st March, 2025**(12) Events after reporting date**

Where events occurring after the Balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance sheet date of material size or nature are only disclosed.

(13) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash-Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined,

net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

(14) Earnings per share (refer note 24)

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted-average number of equity shares outstanding during the period. The weighted-average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted-average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(15) Accounting and reporting of information for Operating Segments

Operating segments are those components of the business whose operating results are regularly reviewed by the chief operating decision making body in the Company to make decisions for performance assessment and resource allocation. The reporting of segment information is the same as provided to the management for the purpose of the performance assessment and resource allocation to the segments. Segment accounting policies are in line with the accounting policies of the Company.

2 (C) Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS - 117 Insurance Contracts and amendments to Ind AS 116 - Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

Nature and purpose of each reserve:**General reserve**

General reserve is created from time to time by way of transfer profits from Retained earnings for appropriation purposes. General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income.

Retained earnings

Retained earnings are the profits that the Company has earned till date, less any transfer to General reserve.

Statutory reserves

The Company is required to create a reserve in accordance with the provisions of Section 45-IC of the Reserve Bank of India Act, 1934. Accordingly 20% of the profits after tax for the year is transferred to this reserve at the end of every reporting period.

Other Comprehensive Income (OCI)

This represents the cumulative gains and losses arising on the revaluation of financial instruments measured at fair value through other comprehensive income, under an irrevocable option, net of amounts reclassified to Retained earnings when such assets are disposed off, if any.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised directly in other comprehensive income.

(a) Defined benefits plans - Gratuity (unfunded)

Gratuity plan is a defined benefit plan that provides for lump sum gratuity payment to employees made at the time of their exit by the way of retirement (on superannuation or otherwise), death or disability. The benefits are defined on the basis of their final salary and period of service and such benefits paid under the plan is not subject to the ceiling limit specified in the Payment of Gratuity Act, 1972. Liability as on the Balance Sheet date is provided based on actuarial valuation done by a certified actuary using projected unit credit method.

Pay as you go risk	For unfunded schemes, financial planning could be difficult as the benefits payable will directly affect the revenue and this could be widely fluctuating from year to year. Moreover there may be an opportunity cost of better investment returns affecting adversely the cost of the scheme.
Salary risk	The present value of the defined benefit liability is calculated by reference to the future salaries of plan participants. As such, an increase in salary of the plan participants will increase the plan's liability.
Investment risk	The present value of the defined benefit liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.
Longevity risk	The present value of the defined benefit liability is calculated by reference to the best estimate of the mortality plan of the participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

The following tables summarise the components of defined benefit expense recognised in the Statement of profit and loss/OCI and amounts recognised in the Balance sheet for the respective plan:

DBO with + 1% withdrawal rate	(0.13)	(0.09)
DBO with - 1% withdrawal rate	0.15	0.10

Methods and assumptions used in preparing sensitivity analysis and their limitations:

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the Balance Sheet.

(c) Fair value of assets and liabilities measured at cost/amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amount would be significantly different from the values that would be eventually received or settled. Management assessed that fair values of cash and cash equivalents, other bank balances, other financial assets and other financial liabilities approximate their carrying amounts of these instruments.

32 Financial risk management

The Company is a Non-Deposit taking Non-Banking Financial Company registered with the Reserve Bank of India (the 'RBI') (classified as Middle Layer). On account of its business activities it is exposed to various financial risks associated with financial products such as credit or default risk, market risk, interest rate risk, liquidity risk and inflationary risk. However, the Company has a robust financial risk management system in place to identify, evaluate, manage and mitigate various risks associated with its financial products to ensure that desired financial objectives are met. The Company's senior management is responsible for establishing and monitoring the risk management framework within its overall risk management objectives and strategies. Such risk management strategies and objectives are established to identify and analyse potential risks faced by the Company, set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and assess risk management performance.

(a) Credit risk

This risk is common to all investors who invest in bonds and debt instruments and it refers to a situation where a particular bond issuer is unable to make the expected principal payments, interest rate payments, or both. Similarly, a lender bears the risk that the borrower may default in the payment of contractual interest or principal on its debt obligations, or both. The entity continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

Financial instruments

Risk concentration is minimized by investing in highly rated, investment grade bonds and debt instruments, which has the least risk of default. These investments are reviewed by the Board of Directors on a regular basis.

(b) Market risk:

Market risk is a form of systematic risk associated with the day-to-day fluctuation in the market prices of shares and securities and such market risk affects all securities and investors in the same manner. These daily price fluctuations follows its own broad trends and cycles and are more news and transaction driven rather than fundamentals and many a times, it may affect the returns from an investment. Market risks majorly comprises of two types - interest rate risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risks include borrowings and investments.

Notes to standalone financial statements for the year ended 31st March, 2025

(i) Price risk

Price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. It arises from financial assets such as investments in equity instruments, bonds, mutual funds etc. The Company is exposed to price risk arising mainly from investments carried at fair value through FVTPL or FVTOCI which are valued using quoted prices in active markets (level 1 investments). A sensitivity analysis demonstrating the impact of change in market prices of these instruments from the prices existing as at the reporting date is given below:

Particulars	Carrying value as at	
	31 st March, 2025	31 st March, 2024

Impact on total comprehensive income for year ended 31 st March, 2024	38,712.38	(38,712.38)

(ii) Interest rate risk

Risk of exposure to interest rate risk is not material.

(c) Liquidity risk:

Liquidity refers to the readiness of the Company to sell and realise its financial assets. Liquidity risk is one of the most critical risk factors for Companies which is into the business of investments in shares and securities. It is the risk of not being able to realise the true price of a financial asset, or is not being able to sell the financial asset at all because of non-availability of buyers.

The Company maintains a well-diversified portfolio of investments in shares and securities which are saleable at any given point of time. A dedicated team of market experts are monitoring the markets on a continuous basis, which advises the management for timely purchase or sale of securities. The Company is currently having a mix of both short-term and long-term investments.

The following table shows the remaining contractual maturities of financial liabilities at the reporting date. The amounts reported are on gross and undiscounted basis.

33 Capital management

For the purpose of Company's capital management, capital includes issued equity share capital, other equity reserves and borrowed capital less cash and cash equivalents. The primary objective of capital management is to maintain an efficient capital structure to reduce the cost of capital, support corporate expansion strategies and to maximize shareholder's value.

Notes to standalone financial statements for the year ended 31st March, 2025

The entity manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the entity may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The entity monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The entity's policy is to keep an optimum gearing ratio. The entity includes within net debt, interest bearing loans and borrowings less cash and cash equivalents.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Summit Securities Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated financial statements of Summit Securities Limited (the "Holding Company"), and its subsidiaries (Holding Company and its subsidiaries together referred to as the "Group"), which comprise the Consolidated Balance Sheet as at March 31, 2025, Consolidated Statement of Profit and Loss (including Consolidated Other Comprehensive Income), Consolidated Statement of Cash Flows and Consolidated Statement of Changes in Equity for the year ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as the "Consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its consolidated profit and consolidated total comprehensive income (including consolidated other comprehensive income), the consolidated changes in equity and its consolidated cash

flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013.

Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
<p>Valuation of Investments</p> <p>As per the provisions of Indian Accounting Standards, the Group's investments are measured at fair value at each reporting date. This policy of measuring investments at fair value has a significant impact on the Group's financial results.</p> <p>The valuation is performed by the Group using a fair value hierarchy, as applicable below:</p> <ul style="list-style-type: none"> Level 1: Valuations based on quoted prices (unadjusted) in active markets. Level 2: Valuations based on inputs other than quoted prices included within Level 1 that are observable either directly or indirectly. Level 3: Valuations based on unobservable inputs for the asset. 	<p>We understood and tested the key controls around the valuation processes, including the independent price verification and valuation governance controls.</p> <p>We found these key controls were designed, implemented, and operated effectively, and therefore determined that we could place reliance on these key controls for the purposes of our audit.</p> <p>Further, we assessed the valuation of all individual investments to determine whether the valuations performed by the Group were within a predefined tolerable differences threshold. As part of these audit procedures, we assessed the accuracy of key inputs used in the valuation, including observable and non-observable inputs. We also evaluated the Company's assessment of whether objective evidence of impairment exists for individual investments.</p>

Key Audit Matter	Auditor's Response
<p>The valuation of investments is inherently subjective - most predominantly for Level 2 and Level 3 investments - since these are valued using inputs other than quoted prices in an active market. Key inputs used in the valuation of individual Level 2 investments include market price of quoted investments, illiquidity discount, etc.</p> <p>In addition, the Group determines whether objective evidence of impairment exists for individual investments.</p>	<p>Based on these procedures, we have not noted any material differences outside the predefined tolerable differences threshold.</p>

Information other than the Consolidated financial statements and Auditor's Report thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance Report, Business Responsibility and Sustainability Report and Shareholder's Information, but does not include the Consolidated financial statements and our auditor's report thereon.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed and based on the work done/ audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Consolidated financial statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including consolidated other comprehensive income, consolidated changes in equity and consolidated cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other

irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the respective Company, as aforesaid.

In preparing the Consolidated financial statements the respective Board of Directors of the Companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors of the Companies included in the Group either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We have also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated financial statements including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we identify matter that were of such significance in the audit of the Consolidated financial statements for the financial year ended March 31, 2025, that they would be considered key audit matters. Accordingly, such matters have been described in our auditor's report. Furthermore, there were no circumstances where disclosure was precluded by law or regulation, or where adverse consequences were expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements of the subsidiary whose financial statements reflect total assets of Rs. 6,87,135.84 lakhs as at March 31, 2025, total revenues of Rs. 7,283.19 lakhs, total profit after tax of Rs. 3,789.44 lakhs, and net cash outflows of Rs. 54.45 lakhs for the year ended March 31, 2025, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiary, is based solely on the reports of the other auditor.

We did not audit the financial statements of the step-down subsidiary (upto 7th May, 2024) whose financial statements reflect total revenues of Rs. 0.31 lakhs for the year ended March 31, 2025, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiary, is based solely on the reports of the other auditor.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

- 1) As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of the subsidiaries referred to in the Other Matters section above we report, to the extent applicable that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Group so far as it appears from our examination of those books and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Consolidated Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid Consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure A'. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act: In our opinion and to the best of our information and according to the explanations given to us, no remuneration has been paid by the Company to its directors during the year. However, remuneration has been paid to the manager. The remuneration paid is in accordance with the provisions of Section 197 read with Schedule V to the Companies Act, 2013.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Group has disclosed the impact of pending litigations on its financial position in its Consolidated financial statements. Refer note no. 24 to the Consolidated financial statements.
 - ii) The Group did not have any long-term contracts, including derivative contracts for which there were any material foreseeable losses.
 - iii) There has been no amount which is to be transferred to the Investor Education and Protection Fund during the financial year.
- iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Group from any person or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Group shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security, or the like on behalf of the Ultimate Beneficiaries; and
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v) The Group has not declared or paid dividend during the year.
- vi) Based on our examination of the books of account, other relevant records and based on the other Auditors' Reports of its subsidiary companies incorporated in India whose financial statements have been audited under the Act, of the Group, and according to the information and explanations given to us and mentioned in note

no. 41 and 42 of notes to accounts of financial statements, we report that the Group has used accounting software for maintaining its books of accounts which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems.

Further, during the course of audit, we and respective other auditors of above referred subsidiary, whose reports have been furnished to us by the Management of the Holding Company, have not come across any instance of the audit trail feature being tampered with.

Further, in accordance with the requirements of the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, applicable with effect from April 1, 2023, the audit trail feature has been operated throughout the financial year ended March 31, 2025, for all transactions recorded in the software, and the audit trail has not been tampered with and the audit trail has been preserved by the Company and its subsidiary as per the statutory requirements for record retention.

- 2) With respect to the matters specified in the Paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 ('CARO') issued by the Central

Government in terms of Section 143(11) of the Act, to be included in the Auditor's Report, and according to the information and explanations given to us, and based on the CARO reports issued by the auditors of the respective companies included in the consolidated financial statements of the Holding Company, to which reporting under CARO is applicable, as provided to us by the Management of the Holding Company and based on the identification of matters of qualifications or adverse remarks in their CARO reports by the respective component auditors and provided to us, we report that the auditors of such companies have not reported any qualifications or adverse remarks in their CARO report.

Annexure 'A' to the Independent Auditor's Report

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Summit Securities Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").**Opinion**

We have audited the internal financial controls over financial reporting of **Summit Securities Limited** (the "Holding Company") and its subsidiary companies, which are companies incorporated in India as of March 31, 2025 in conjunction with our audit of the Consolidated financial statements of the Holding Company for the year ended on that date.

In our opinion, to the best of our information and explanations given to us, the Holding Company and its subsidiary companies which are companies incorporated in India has, in all material respects, adequate internal financial control over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal financial control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Managements and Board of Directors' Responsibilities for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting of the Holding Company based on our audit. We conducted our audit in accordance with the Guidance

Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated financial statements whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to Consolidated financial statements.

Meaning of internal financial controls with reference to Consolidated financial statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- a. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the company; and
- c. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated financial statements.

Inherent limitations of internal financial controls with reference to Consolidated financial statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The Parent Company is listed on BSE Limited and National Stock Exchange of India Limited. The Company is a Non-Banking Financial Company, Non deposit taking, categorised as Middle Layer (NBFC-ND-ML) pursuant to Master Direction - Reserve Bank of India (Non-Banking Financial Company - Scale Based Regulation) Directions, 2023 and is registered with the Reserve Bank of India.

The consolidated financial statements were approved by the Board of Directors on 05th May, 2025.

The consolidated financial statements include the financial statements of following subsidiaries (including a step-down subsidiary)

Name of the entity	Principal activities	Country of incorporation	Percentage of interest	
			31 st March, 2025	31 st March, 2024
Subsidiaries				
Instant Holdings Limited	Investment activities	India	100.00%	100.00%
Sudarshan Electronics & TV Limited (till 07th May, 2024)	Trading & Investment activities	India	-	100.00%

2(A). Material Accounting Policies

(1) Basis of preparation

These consolidated financial statements has been prepared in accordance with Indian Accounting Standards notified under section 133 of the Companies Act 2013 (the 'Act'), read together with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time ('Ind AS') along with other relevant provisions of the Act, the Master Direction-Reserve Bank of India (Non-Banking Financial Company-Scale Based Regulation) Directions,2023 ('the NBFC Master Directions') issued by RBI and the regulatory guidance on implementation of Ind AS notified by the RBI vide notification dated 13th March, 2020.

The Guidance Note on Division III of Schedule III to the Act, issued by the Institute of Chartered Accountants of India ('ICAI') has been followed insofar as they are not inconsistent with any of these Direction.

The Balance sheet and the Statement of profit and loss are prepared and presented in the format prescribed in the Division III of Schedule III to the Act applicable for Non-Banking Finance Companies ('NBFC'). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7, Statement of Cash Flows.

These consolidated financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these consolidated financial statements.

All amounts disclosed in the consolidated financial statements and notes are presented in Rs. lakhs and have been rounded off to two decimals as per the requirement of Division III of Schedule III to the Act, unless otherwise stated.

(2) Basis of consolidation

Subsidiaries

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries. Control is achieved when the Company has:

- Power over the investee
- Is exposed or has rights to variable returns from its involvement with the investee, and
- Has the ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Company has less than a majority of the voting or similar rights of an investee, the Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Right arising from other contractual arrangements;
- The Company's voting rights and potential voting rights

Notes to consolidated financial statements for the year ended 31st March, 2025

- The size of the Company's holding of voting rights relative to the size and dispersion of the holdings of the other voting right holders.

The Parent Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Parent Company obtains control over the subsidiary and ceases when the Parent Company loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Parent Company gains control until the date the Parent Company ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Parent Company, i.e., year ended on 31st March 2025 (except Sudarshan Electronics & TV Limited which is ceased to be subsidiary w.e.f 07th May, 2024). When the end of the reporting period of the Parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the Parent to enable the Parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation procedure

The consolidated financial statements of the Parent Company and its subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and the unrealised profits/losses, unless cost/revenue cannot be recovered.

Offset (eliminate) the carrying amount of the Parent's investment in each subsidiary and the Parent's portion of equity of each subsidiary.

Eliminate in full intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and

property, plant and equipment's, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intra-group transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

(3) Presentation of consolidated financial statements

The Group presents its balance sheet in order of liquidity.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business.
- The event of default.
- The event of insolvency or bankruptcy of the Company and/or its counterparties.

(4) Use of accounting judgements, estimates and assumptions

The preparation of these consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The Company continually evaluates these estimates and assumptions based on the most recently available information. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable.

Business model assessment

Classification and measurement of financial assets depends on the results of the Solely Payments of Principal and Interest (SPPI) and the business

Notes to consolidated financial statements for the year ended 31st March, 2025

model test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

Provisions and other contingent liabilities

The Group operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of the Group's business. When the Group can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Group records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Group takes into account a number

of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

Commitments

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- a) Estimated amounts of contracts remaining to be executed on capital account and not provided for;
- b) Uncalled liability on shares and other investments partly paid;
- c) Funding related commitment to other companies, if any; and
- d) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

2(B). Other Accounting Policies**(1) Revenue recognition**

Revenue (other than for those items to which Ind AS 109, Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115, Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found within Ind AS.

The Group recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group

Notes to consolidated financial statements for the year ended 31st March, 2025

expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation.

Interest income (Effective Interest Rate method)

Under Ind AS 109 interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost, debt instrument measured at fair value through other comprehensive income (FVTOCI) and debt instruments designated at fair value through profit or loss (FVTPL). The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset. The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Group recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loan. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle (including prepayments, penalty interest and charges). If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk. The adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through interest income in the statement of profit and loss.

The Group calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets. When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Group calculates interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the financial assets cures and is no longer credit-impaired, the Group reverts to calculating interest income on a gross basis. For purchased or originated credit-impaired (POCI) financial assets, the Group calculates interest income by calculating the credit-adjusted EIR and applying that rate to the amortised cost of the asset. The credit-adjusted EIR is the interest rate that, at original recognition, discounts the estimated future cash flows (including credit losses) to the amortised cost of the POCI assets. Interest income on all trading assets and financial assets mandatorily required to be measured at FVTPL is recognised using the contractual interest rate in net gain on fair value changes.

Dividend income

Dividend income (including from FVTOCI investments) is recognised when the group's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

Assets held for sale

Trading income includes all gains and losses from changes in fair value and the related interest income or expense and dividends, for financial assets and financial liabilities held for trading.

(2) Financial instruments

Point of recognition

Financial assets and liabilities, with the exception of loans, debt securities, deposits and borrowings are initially recognised on the trade date, i.e., the date that the group becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. Loans are recognised when funds are transferred to the customers' account. The group recognises debt securities, deposits and borrowings when funds reach the group.

Initial recognition

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments, as per the principles of the Ind AS. Financial instruments are initially measured at their fair value, except in the case of financial assets and financial liabilities recorded at FVTPL, transaction costs are added to, or subtracted from, this amount. Trade receivables are measured at the transaction price. When the fair value of financial instruments at initial recognition differs from the transaction price, the group accounts for the same, as mentioned below:

When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the group recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in profit or loss when the inputs become observable, or when the instrument is derecognised.

Notes to consolidated financial statements for the year ended 31st March, 2025

Subsequent measurement of financial liabilities

All financial liabilities of the group are subsequently measured at amortized cost using the effective interest method. Under the effective interest method, the future cash payments are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial liability over the relevant period of the financial liability to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest expense over the relevant period of the financial liability. The same is included under finance costs in the statement of profit and loss.

Subsequent measurement of financial assets

For subsequent measurement, the group classifies a financial asset in accordance with the below *criteria*:

- i. The group's business model for managing the financial asset; and
- ii. The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the group classifies its financial assets into the following categories:

- (a) Financial assets measured at amortized cost
- (b) Financial assets measured at FVTOCI
- (c) Financial assets measured at FVTPL

(a) Financial assets measured at amortized cost

A Financial asset is measured at the amortized cost if both the following conditions are met:

- (i) The group's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows; and
- (ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and cash equivalents and other bank balances, trade receivables, loans and other financial assets of the group. Such financial assets are subsequently measured at amortized cost using the effective interest method. Under the effective interest method, the future cash receipts are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial

recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest income over the relevant period of the financial asset. The same is included under other income in the statement of profit and loss. The amortized cost of a financial asset is also adjusted for loss allowance, if any.

(b) Financial assets measured at FVTOCI

A financial asset is measured at FVTOCI if both of the following conditions are met:

- (i) The group's business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets; and
- (ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to certain investments in debt and equity instruments. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the statement of profit and loss under 'Other Comprehensive Income (OCI)'. However, the group recognizes interest income and impairment losses and its reversals in the Statement of profit and loss. On de-recognition of such financial assets, cumulative gain or loss previously recognized in OCI is reclassified from equity to the statement of profit and loss, except for instruments which the Group has irrevocably elected to be classified as equity through OCI at initial recognition, when such instruments meet the definition of definition of equity under Ind AS 32, financial instruments: Presentation and they are not held for trading. The group has made such election on an instrument by instrument basis.

Gains and losses on these equity instruments are never recycled to profit or loss. Dividends are recognised in the statement of profit or loss as dividend income when the right of the payment has been established, except when the group benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI. Equity instruments at FVTOCI are not subject to an impairment assessment.

(c) Financial assets measured at FVTPL

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above. This is a residual category applied to all other investments of the group excluding investments in subsidiary companies. Such financial assets are subsequently measured at fair value

Notes to consolidated financial statements for the year ended 31st March, 2025

at each reporting date. Fair value changes are recognized in the statement of profit and loss.

Financial assets held for trading

The group classifies financial assets as held for trading when they have been purchased or issued primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there is evidence of a recent pattern of short-term profit taking. Held-for-trading assets and liabilities are recorded and measured in the balance sheet at fair value. Changes in fair value are recognised in net gain on fair value changes.

Interest and dividend income or expense is recorded in net gain on fair value changes according to the terms of the contract, or when the right to payment has been established. Included in this classification are debt securities, equities, and customer loans that have been acquired principally for the purpose of selling or repurchasing in the near term.

De-recognition

(a) Financial asset

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e. removed from the group's balance sheet) when any of the following occurs:

- (i). The contractual rights to cash flows from the financial asset expires;
- (ii). The group transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of the financial asset. A regular way purchase or sale of financial assets has been derecognised, as applicable, using trade date accounting.
- (iii). The group retains the contractual rights to receive cash flows but assumes a contractual obligation to pay the cash flows without material delay to one or more recipients under a 'pass-through' arrangement (thereby substantially transferring all the risks and rewards of ownership of the financial asset);
- (iv). The group neither transfers nor retains substantially all risk and rewards of ownership and does not retain control over the financial asset.

In cases where group has neither transferred nor retained substantially all of the risks and rewards of the financial asset, but retains control of the financial asset, the group continues to recognize such financial asset to the extent of its continuing involvement in the financial asset. In that case, the group also recognizes an associated liability. The financial asset and the associated liability are measured on a basis that reflects the rights and obligations that the group has retained.

On de-recognition of a financial asset, (except as mentioned in ii above for financial assets measured at FVTOCI), the difference between the carrying amount and the consideration received is recognized in the statement of profit and loss.

(b) Financial liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss ('ECL') model for measurement and recognition of impairment loss for financial assets.

ECL is the weighted-average of difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Group is required to consider:

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

In respect of trade receivables, the group applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets

In respect of its other financial assets, the group assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the group measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

Notes to consolidated financial statements for the year ended 31st March, 2025

When making this assessment, the group uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the group compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The group assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(3) Fair value measurement

The group measures its financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

- Level 1 (unadjusted) - Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the group has access to at the measurement date. The group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

- Level 2 - Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the group will classify the instruments as Level 3.
- Level 3 - Those that include one or more unobservable input that is significant to the measurement as whole.

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

(4) Cash and cash equivalents (refer note 3 & 4)

Cash and cash equivalents for the purpose of cash flow statement comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less and other short term highly liquid investments.

(5) Property, plant & equipment (PPE) (refer note 7)

Measurement at recognition

An item of property, plant and equipment that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of property, plant and equipment are carried at its cost less accumulated depreciation and accumulated impairment losses.

The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discounts and rebates are deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met. Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the statement of profit and loss as and when incurred.

Notes to consolidated financial statements for the year ended 31st March, 2025

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate**

Capital work-in-progress and capital advances

Cost of assets not ready for intended use, as on the balance sheet date, is shown as capital work-in-progress. Advances given towards acquisition of fixed assets outstanding at each balance sheet date are disclosed as other non-financial assets.

Depreciation

Depreciation on each part of an item of property, plant and equipment is provided using the written down value method (except in case of two subsidiaries where it is provided on straight line method) based on the useful life of the asset as prescribed in Schedule II to the Act. Depreciation is calculated on a pro-rata basis from the date of installation till date the assets are sold or disposed. Leasehold improvements are amortised over the underlying lease term on a straight line basis.

De-recognition

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the de-recognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the statement of profit and loss when the item is derecognized.

(6) Income Taxes (refer note 11)

Tax expense is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible under the Income tax Act, 1961. Current tax is measured using tax rates that have been enacted by the end of reporting period for the amounts expected to be recovered from or paid to the taxation authorities.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions

taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit under Income tax Act, 1961.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary difference can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of part or all of such deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The group has not recognised a deferred tax liability for all taxable temporary differences associated with investments in subsidiaries, except to the extent that both of the following conditions are satisfied:

- The parent, investor, joint venture or joint operator is able to control the timing of the reversal of the temporary difference; and
- It is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Notes to consolidated financial statements for the year ended 31st March, 2025

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, to the extent it would be available for set off against future current income tax liability. Accordingly, MAT is recognised as deferred tax asset in the Balance Sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realised.

Presentation of current and deferred tax

Current and deferred tax are recognized as income or an expense in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive Income, in which case, the current and deferred tax income/expense are recognized in other comprehensive Income. The group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the group has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the group.

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the group will pay normal income tax during the specified period. Such asset is reviewed at each balance sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the group will pay normal income tax during the specified period. Further, the MAT credit is not set-off against the deferred tax liabilities, since the group does not have a legally enforceable right to set-off.

(7) Provisions and contingencies (refer note 10)

The group recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of

outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

(8) Employee Benefits (refer notes 19 & 26)**Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Group recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

Post-employment benefits**(i) Defined contribution plans**

Defined contribution plans are employee state insurance scheme and government administered pension fund scheme for all applicable employees.

Recognition and measurement of defined contribution plans:

The group recognizes contribution payable to a defined contribution plan as an expense in the statement of profit and loss when the employees render services to the group during the reporting period. If the contributions payable for services received from employees before the reporting date exceeds the contributions already paid, the deficit payable is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

(ii) Defined benefits plans**Gratuity scheme**

Gratuity is a post employment benefit and is a defined benefit plan. The cost of providing defined benefits is determined using the projected unit credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the balance sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if any. Any defined benefit asset (negative defined benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan.

Recognition and measurement of defined benefit plans

All expenses represented by current service cost, past service cost, if any, and net interest on the

Notes to consolidated financial statements for the year ended 31st March, 2025

defined benefit liability / (asset) are recognized in the statement of profit and loss. Remeasurements of the net defined benefit liability / (asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability/asset), are recognized in other comprehensive income. Such remeasurements are not reclassified to the statement of profit and loss in the subsequent periods.

The group does not presents the above liability/ (asset) as current and non-current in the balance sheet as per the principles of division III financial statements as per the MCA notification dated 11 October 2018.

(9) Lease accounting

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases. In respect of assets taken on operating lease, lease rentals are recognized as an expense in the Statement of Profit and Loss on straight line basis over the lease term unless:

- (1) another systematic basis is more representative of the time pattern in which the benefit is derived from the leased asset; or
- (2) the payments to the lessor are structured to increase in the time with expected general inflation to compensate for the lessor's expected inflationary cost increases.

(10) Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized, if any. All other borrowing costs are expensed in the period in which they occur.

(11) Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

(12) Impairment of non-financial assets

The group assesses, at each reporting date, whether there is an indication that an asset may be impaired.

If any indication exists, or when annual impairment testing for an asset is required, the group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

(13) Earnings per share (refer note 24)

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted-average number of equity shares outstanding during the period. The weighted-average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted-average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Nature and purpose of each reserve:**General reserve**

General reserve is created from time to time by way of transfer profits from retained earnings for appropriation purposes. General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income.

Securities premium

The amount received in excess of face value of the equity shares is recognised in Securities Premium.

Retained earnings

Retained earnings are the profits that the Group has earned till date, less any transfer to general reserves.

Statutory reserves

The Group is required to create a reserve in accordance with the provisions of Section 45-IC of the Reserve Bank of India Act, 1934. Accordingly 20% of the profits after tax for the year is transferred to this reserve at the end of every reporting period.

Other Comprehensive Income (OCI)

This represents the cumulative gains and losses arising on the revaluation of financial instruments measured at fair value through other comprehensive income, under an irrevocable option, net of amounts reclassified to Retained earnings when such assets are disposed off, if any.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised directly in other comprehensive income.

26 Employee benefits expenses

(a) Defined benefits plans - Gratuity (unfunded)

Gratuity plan is a defined benefit plan that provides for lump sum gratuity payment to employees made at the time of their exit by the way of retirement (on superannuation or otherwise), death or disability. The benefits are defined on the basis of their final salary and period of service and such benefits paid under the plan is not subject to the ceiling limit specified in the Payment of Gratuity Act, 1972. Liability as on the Balance Sheet date is provided based on actuarial valuation done by a certified actuary using projected unit credit method.

Notes to consolidated financial statements for the year ended 31st March, 2025

Aforesaid defined benefit plans typically expose the Company to actuarial risks such as pay as you go risk, salary risk, investment risk and longevity risk.

Pay as you go risk	For unfunded schemes, financial planning could be difficult as the benefits payable will directly affect the revenue and this could be widely fluctuating from year to year. Moreover there may be an opportunity cost of better investment returns affecting adversely the cost of the scheme.
Salary risk	The present value of the defined benefit liability is calculated by reference to the future salaries of plan participants. As such, an increase in salary of the plan participants will increase the plan's liability.
Investment risk	The present value of the defined benefit liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.
Longevity risk	The present value of the defined benefit liability is calculated by reference to the best estimate of the mortality plan of the participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

The following tables summarise the components of defined benefit expense recognised in the Statement of profit or loss/OCI and amounts recognised in the Balance Sheet for the respective plan:

(c) Fair value of assets and liabilities measured at cost/amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost are a reasonable approximation of their fair values since the Group does not anticipate that the carrying amount would be significantly different from the values that would be eventually received or settled. Management assessed that fair values of cash and cash equivalents, other bank balances, loans, other financial assets and other financial liabilities approximate their carrying amounts of these instruments.

30 Financial risk management

The Company is a Non-Deposit taking Non-Banking Financial Company registered with the Reserve Bank of India (the 'RBI') (classified as Middle Layer). On account of its business activities it is exposed to various financial risks associated with financials products such as credit or default risk, market risk, interest rate risk, liquidity risk and inflationary risk. However, the Group has a robust financial risk management system in place to identify, evaluate, manage and mitigate various risks associated with its financial products to ensure that desired financial objectives are met. The Group senior management is responsible for establishing and monitoring the risk management framework within its overall risk management objectives and strategies. Such risk management

Notes to consolidated financial statements for the year ended 31st March, 2025

strategies and objectives are established to identify and analyse potential risks faced by the Company, set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and assess risk management performance.

(a) Credit risk

This risk is common to all investors who invest in bonds and debt instruments and it refers to a situation where a particular bond issuer is unable to make the expected principal payments, interest rate payments, or both. Similarly, a lender bears the risk that the borrower may default in the payment of contractual interest or principal on its debt obligations, or both. The entity continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

Financial instruments

Risk concentration is minimized by investing in highly rated, investment in debt instruments. These investments are reviewed by the Board of Directors on a regular basis.

The Group has categorised all its financial assets at low credit risks on account of no past trends of defaults by any parties. Therefore, the provision for expected credit loss has been made as per the Reserve Bank of India's prudential norms at 0.4% of the loan assets (which are not credit impaired).

(b) Market risk:

Market risk is a form of systematic risk associated with the day-to-day fluctuation in the market prices of shares and securities and such market risk affects all securities and investors in the same manner. These daily price fluctuations follows its own broad trends and cycles and are more news and transaction driven rather than fundamentals and many a times, it may affect the returns from an investment. Market risks majorly comprises of two types - interest rate risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risks include borrowings and investments.

Interest rate risk

Interest rate risk is a type of systematic risk that particularly affects fixed rate debt instruments like bonds and debentures. The value of the fixed-rate debt instruments generally decline due to rise in interest rates and vice versa. The rationale is that a bond is a promise of a future stream of payments; an investor will offer less for a bond that pays-out at a rate lower than the rates offered in the current market. A rising interest rate scenario also affects the Group's interest expenditure on borrowed funds.

Price risk

Price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. It arises from financial assets such as investments in equity instruments, bonds, mutual funds etc. The Group is exposed to price risk arising mainly from investments carried at fair value through FVTPL or FVTOCI which are valued using quoted prices in active markets (level 1 investments). A sensitivity analysis demonstrating the impact of change in market prices of these instruments from the prices existing as at the reporting date is given below:

(c) Liquidity risk:

Liquidity refers to the readiness of the Group to sell and realise its financial assets. Liquidity risk is one of the most critical risk factors for companies which is into the business of investments in shares and securities. It is the risk of not being able to realise the true price of a financial asset, or is not being able to sell the financial asset at all because of non-availability of buyers.

The Group maintains a well-diversified portfolio of investments in shares and securities which are saleable at any given point of time. A dedicated team of market experts are monitoring the markets on a continuous basis, which advises the management for timely purchase or sale of securities. The Group is currently having a mix of both short-term and long-term investments.

The following table shows the remaining contractual maturities of financial liabilities at the reporting date. The amounts reported are on gross and undiscounted basis.

Particulars	₹ lakhs

As at 31st March, 2024				
Other financial liabilities	222.58	-	-	222.58
	222.58	-	-	222.58

(d) Inflationary risk:

Inflationary or purchasing power risk refers to the variation in investor returns caused by inflation. It is the risk that results in increase of the prices of goods and services which results in decrease of purchasing power of money, and likely negatively impact the value of investments. The two important sources of inflation are rising costs of production and excess demand for goods and services in relation to their supply. Inflation and interest rate risks are closely related as interest rates generally go up with inflation.

The Group closely monitors the inflation data and analyses the reasons for wide fluctuations thereof and its effect on various sectors and businesses. The main objective is to avoid inflationary risk and accordingly invest in securities and debt instruments that provides higher returns as compared to the inflation in long-term.

31 Capital management

For the purpose of Group's capital management, capital includes issued equity share capital, other equity reserves and borrowed capital less cash and cash equivalents. The primary objective of capital management is to maintain an efficient capital structure to reduce the cost of capital, support corporate expansion strategies and to maximize shareholder's value.

The entity manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the entity may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The entity monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to keep an optimum gearing ratio. The entity includes within net debt, interest bearing loans and borrowings less cash and cash equivalents.

Following table summarizes the capital structure of the Group.

41 Enhancing Accountability and Transparency: Implementation of Audit Trail

The group had implemented an audit trail system within our software which has impact on books of accounts with effect from 1st April 2023. This implementation underscores our commitment to transparency, accountability, and data integrity. Audit trail has been implemented for all transactions recorded in the software throughout the year. By capturing and documenting critical events and activities within our systems, we ensure a comprehensive record that enhances security, facilitates compliance, and supports effective decision-making. In addition, audit trail data is preserved in the system as per statutory requirement for record retention. The group dedication to maintain a robust audit trail reflects ongoing efforts to uphold the highest standards of governance and security across all aspects of business operations.

42 Backup Schedule and Data Preservation

The group follows a well-defined backup schedule and data preservation protocol to ensure the integrity and availability of critical information assets.
