C. Transactions with other government-controlled entities

The corporation is a Government related entity engaged in the business of refining of crude oil and marketing of petroleum products. The corporation also deals on regular basis with entities directly or indirectly controlled by the central / state governments through its government authorities, agencies, affiliations and other organizations (collectively referred as "Government related entities").

Apart from transactions with corporations' group companies, the corporation has transactions with other Government related entities, including but not limited to the followings:

- sale and purchase of products;
- rendering and receiving services;
- lease of assets;
- depositing and borrowing money; and
- use of public utilities

These transactions are conducted in the ordinary course of the corporation's business on terms comparable to those with other entities that are not Government related.
