Chairman Speech

To,
Shareowners,

It gives me immense pleasure to extend a warm welcome to you all to the 29th Annual General Meeting of your company.

In view of the massive outbreak of the COVID-19 pandemic, social distancing is a norm to be followed and pursuant to the Circulars issued by the Ministry of Corporate Affairs, AGM is being held through Video Conferencing (VC) or Other Audio Visual Means (OAVM). Before I speak to you about the performance of your company, let me briefly highlight the economic scenario in which your Company is operating.

The recent COVID-19 outbreak has caused extensive disruptions to the entire economy.

The Covid-19 - induced lockdown has come as a big blow to the steel industry. The sales of the first 7 months were disrupted. But from November onwards there has been a consistent demand. Fortunately for Kamdhenu TMT, November and December had recorded the highest sales that we have achieved in the month of entire lock down period. We had anticipated this growing trend in the coming days but return of second massive wave of Covid 19 pandemic jeopardised all expectation.

Though demand was expected to gradually increase but due to the rapid evolution of second wave of Covid 19 pandemic, it is difficult to predict the full economic impact of the pandemic. Economic lockdown had made the situation miserable. The major impact on financial position of the company is being seen in the form of increase in Days Sales Outstanding (DSO) ratios.

Our vision is crystal clear. We have to go ahead and we have to achieve our distinguish goal. Disruptive forces (environmental issues) that caused loss in the year 2019-20 and pandemic COVID 19 that damaged the foundation of business globally could not shook our spirit. In the midst of tsunami we have reorganised our untapped potential and have incorporated it into our business processes. Among the secondary steel producers in the RIICO Industrial Area, we are the first to bring in automation and several other innovations that set new benchmarks for the industry, Ashiana has always been a pioneer in adapting to technological advancements.

**Attention Towards Production side**

Adaptation of new technology leads to

Substantial Expansion of production capacity: Installed capacity increased from 134000 MT to 240000 MT per annum.

Two new products launched to serve the need of every segment of customers:

(A) KAMDHENU NXT

Kamdhenu Nxt is called the product of the next generation because it has the characteristics to meet the requirements of the new engineered reinforcement structures and smart architectural concepts. Though steel and concrete are two different materials yet they behave as a single unit in reinforcement structure. It happens when concrete grips the steel rebar to form the strongest bond through the unique double rib design of the bar. The CNC notch cutting m/c ensure uniform rib pattern which allows uniform bonding with concrete for the whole structure. Due to uniformity and critically designed ribs, fatigue strength and ductility of Kamdhenu Nxt is much superior to ordinary steel bars. The vital features of this high end interlock steel TMT bar are as follows:

Exclusive double angle rib design: For a stronger interlock bond

2.5 times stronger bond strength between steel and concrete: To give more strength to the structure

Advanced earthquake resistance: Ensuring the safety and security of the building and structure

Superior thermal resistance: To resist the heat flow in the constructed building

Better corrosion resistance: To guarantee longer life span of interlock steel TMT bar due to good anti-corrosion qualities

High ductile strength: To make certain unbreakable flexibility assuring better application

Extensive application range: Right chemical and physical properties make it suitable for maximum reinforcement structures

Compatible with skyline structures: Well-suited for strengthening new-age high-rise buildings

Extremely economical: To make innovational products available for all without compromising the quality

**(B) KAY2 XENOX**

Its compact rib pattern offers a Hexagonal Molecular Bonding and adds longevity to the structure. The total of the internal angles of a hexagon is 720-degree meant for an all-round bonding with the cement to last any after effect of earthquake, corrosion and fire. Hexagonal Molecular Bonding has high bond energy compared to seismic energy. The unique pattern of KAY2 XENOX bar improves the development and splice strength of reinforced steel. This helps the reinforcing steel bar in any structure to stay immune to the damage during an earthquake. Also, Hexagonal Molecular Bonding decreases the corrosion rate in reinforced concrete with its innovative rib pattern and showcases an exceptional combination of Strength, Ductility & Bonding suitable for skyscraper construction.

KAMDHENU NXT AND KAY2 XENOX aspires to occupy a preeminent position in the steel industry by achieving manufacturing excellence and having a consistently satisfied customer base. Automation of plants will reduced the production costs to the extent of Rs.150 to 200/- Per ton.

We have optimistic approach to deal with the challenges thrown by the pandemic time. Apart from the enhancement of production and increasing the market share by launching KAMDHENU NXT AND KAY2 XENOX we are giving proper attention in bringing Days Sales Outstanding (DSO) rations within the standard bench mark of the industry.

Swift action by our Governments to introduce financial assistance measures has cushioned the initial shock for many citizen and corporate citizen and helped keep the country operating. At Ashiana, we also acted quickly to put in place hardship provisions to help our members cope with the pandemic impacts.

Ashiana Ispat is planning for a lengthy period of subdued economic activity. However, we remain optimistic that we will rise to the challenge of COVID and continue to prosper. We have faced many periods of adversity in the year 2020-21 history, and the strength of our organisation and our absolute commitment to our members has seen us weather every storm that has come our way. COVID will be no exception.

We are hopeful that the measure taken by us will improve the overall performance of the company.

Acknowledgement

On behalf of the Board of Directors, I sincerely thank the shareholders, customers and all stakeholders for their continued support in the Company's future endeavours. I would like to place on record the sincerity, hard work, commitment and dedication of the employees.

I also express my sincere thanks to State Bank of India, Yes Bank and Institutions for the support and coordination given to the company regularly. It will certainly be our

ASHIANA ISPAT LIMITED

endeavour to put in our best efforts for sustained growth, expansion and prosperity of the Company benefitting all stakeholders.

I look forward to seeing you in person at the next year AGM.

Thank you and Jai Hind!

State of Company's affairs:

World is witnessing the second wave of the COVID-19 pandemic. Businesses are once again feeling the heat with the uncertainty of restrictions and lockdowns amid the rising number of cases. In FY 2020-21, the pandemic landed a severe blow to the construction industry as well as Iron and Steel industries. Despite the difficult year, we registered a positive EBITD of ₹ 8.66 Crores. During the year under consideration, company's profit jumped to ₹ 1.15 Crores from ₹ (11.72) in the previous year.

Disruptive forces (environmental issues) that caused loss in the year 2019-20 and pandemic COVID 19 that damaged the foundation of business globally could not shake our spirit. In the midst of tsunami we have reorganised our untapped potential and have incorporated it into our business processes. Among the secondary steel producers in the RIICO Industrial Area, Bhiwadi, we are the first to bring in automation and several other innovations that set new benchmarks for the industry, Ashiana has always been a pioneer in adapting to technological advancements. Automation lead to

- a. Substantial Expansion of production capacity: Installed capacity increased from 134000 MT to 240000 MT per annum.
- b. Launching two new cost effective products to serve the need of every segment of customers:
 - ▶ KAMDHENU NXT
 - ▶ KAY2XENOX

KAMDHENU NXT AND KAY2 XENOX aspires to occupy a preminent position in the steel industry by achieving manufacturing excellence and having a consistently satisfied customer base. Automation of plants will reduced the production costs to the extent of Rs.150 to 200/- Per ton.

**IMPACT OF COVID-19 PANDEMIC**

Ashiana Ispat Limited is the manufacturer of Steel TMT Bars used in construction and infrastructure sector. Weak demand from infrastructure on account of lower capex by Government and gradually decrease in purchasing power of buyer will hurt steel demand. The lower infrastructure capex in on account of diversion of funds towards health and public welfare will be the main concern before steel industry.

As we all are aware that population of 1.3 billion stays indoors to fight the Covid-19 virus, India is facing very difficult situation and worry about the economy as the entire industrial activity has been jeopardized.

The lockdown has brought the entire domestic manufacturing supply chain to a grinding halt. "Ramifications of a massive lockdown are manifold. It is assumed that steel demand in India would contract 14-17% this fiscal. Extended vulnerability, on the other hand, will increase the demand contraction to 22-25%. On a quarterly basis, steel demand would be a washout in the first quarter of this fiscal, given the pan-India lockdown that would hurt construction.

Since this situation is exceptional and changing dynamically, the Company is not able to gauge with certainty, the future impact on its operations. However, the Company is confident about adapting to the changing business environment and respond suitably to fulfil the needs of its customers.

Demand of the product being manufactured is expected to be remain less. Sales below the BEP will impact the revenues and profitability. However actual impact would be ascertained in due course of time.

**MANAGEMENT DISCUSSION AND ANALYSIS**

The Management of Ashiana Ispat Limited presents its analysis report covering performance and outlook of the Company. The core business of the Company is manufacturing TMT Bar. It has its registered office located at RIICO Industrial Area, Bhiwadi, Alwar, Rajasthan. The Management accepts responsibility for integrity and objectivity of the Financial Statements of the Company.

Financial review:

Ashiana Ispat Limited has reported profit of Rs 1.15 crore in the year ending March 31, 2021 on a standalone basis against loss of Rs 11.72 crore in the same period last year. Total Gross revenue stood at Rs 294.98 crore against Rs 309.61 crore in the previous year ended 31.03.2020.

As we are all aware that the lockdown in India continued in May 2020 and continues to remain in force for some Covid-19 hotspots till June 2020 and the fact that Q2 has also been a seasonally weak quarter. Domestic steel demand remained shallow in the first half of FY2021. In such a scenario, we had to run the plant, even though less profitable, to keep operating at somewhat better capacity utilisation rates in the last half year of the COVID year 2020-21.

Ashiana Ispat is planning for a lengthy period of subdued economic activity. However, we remain optimistic that we will rise to the challenge of COVID and continue to prosper. We have faced many periods of adversity in the year 2020-21 history, and the strength of our organisation and our absolute commitment to our entire Ashiana Family.

Industry Structure and Developments:

The imminent recession in the wake of COVID-19 pandemic undoubtedly necessitates our policy makers to bolster their public spending in the form of fiscal stimulus to accelerate economic activity. In this background, the vision of being Atma-Nirbhar Bharat scheme of Central Government, and the announcement of 102 lakh crore national infrastructure pipeline projects, assumes significant importance.

Increased public spending on new construction projects will also boost the allied industries such as steel, cement, real estate unemployment that seems inevitable after a prolonged nationwide lockdown and ongoing pandemic, but it will also have a multiplier effect on the GDP's growth. Besides core construction, the, transportation and electrical fittings, among others will directly gain from increased public spending on construction, and further impact the economic revival positively.

Opportunity, Threats, Risks and concerns

A major internal driving force for domestic market expansion has been the country's vast population, low per capita consumption of iron and Steel and its GDP growth. This implies that there is potential for rapid growth of the domestic market of Steel due to low-base effects. India's relatively young population and the trend of urbanization both tend to boost demand for housing, transportation and public infrastructure, which translates into higher demand for steel.

In spite of the setback due to COVID-19 and resulting lockdowns there is a silver lining of hope across the major sectors, that commands significant portion of the Steel demand. The largest driver of this demand is the Construction and Infrastructure sector, which is currently witnessing a slump. However, the sector is hopeful of rapid growth in near future, owing to myriad Government infrastructure projects like Bharatmala, Sagarmala, Atal Mission for Rejuvenation and Urban Transformation, setting up of National Investment and Manufacturing Zone, Smart cities etc. sectors. The opening of the Mining sector

and rapid investment in the Infrastructure sector is expected to result in a growth in Capital Goods which consumes nearly 15% of the domestic Steel productions.

The diversity of Indian market presents a challenge and an opportunity for the Indian steel manufacturers. On one hand, rural markets are still under-penetrated for steel as a category, the unavailability of high quality steel from Indian manufacturers, necessitates the import of such steel grades for speciality steel buyers, on the other. The visibility of sales and inventory data of last mile steel distribution networks makes the services to the retail market cost and service inefficient. Focus on adoption of relevant information technologies with appropriate linkages to physical distribution chains to service the complex market dynamics can yield significant business returns for players who demonstrate insight and take action for actualizing such initiatives.

Another lever is people. In the post COVID world, any development to make the day to day operations contactless and less people dependent would help. Building a future of world class Steel technologists as the first generation of Steel technologist superannuate will be another. The generation that is running the Steel plants of today and have seen the formative years of the rapid growth in India would soon be retiring from an active career. The retention of that knowledge skill, systematic programs to pass the same to the next generation would definitely add to the competitiveness of the industry.

We have increased our capacity by 50% and during the pandemic period we have improved our quality by adapting to latest technological advancements and improved machineries. We have upgraded our production facilities and have adopted measures which now have enabled to drastically reduce pollution emitted.

Major challenges before secondary steel producers are that Government authorities do not recommend to use local player products for government projects with comparison of national players.

We would like to request policy maker to allow the secondary steel producers for participation in government projects.

Internal Control systems and their adequacy:

The Company has in place adequate Internal Financial Controls with reference to financial statements and such internal financial controls are operating effectively. Your company has adopted policies and procedures for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of accounting records and timely preparation of reliable financial statements.

Material developments in Human Resources / Industrial Relations front, including number of people employed:

The Company continued to cultivate a learning mind-set among employees with the help of its experienced talent pool to ensure they are ready for the challenges ahead and be well positioned for the future. The company has maintained an unbroken record of trouble free operations and good relations with its internal workmen union.

Cautionary Statement:

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Ashiana Ispat Limited ("the Company"), which comprise the balance sheet as at 31st March, 2021 the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015; as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021 and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical independent responsibilities in accordance with these requirements and the ICAI Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on financial statements.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management discussion and analysis, Board Report including annexures to Board report, Corporate Governance report and shareholder information etc. but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair

view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work (i) and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may

reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE - B

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of Ashiana Limited ("the Company") as of 31st March, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management and Board of directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may decline over time.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

43B COVID-19 Impact

Initial quarter of F.Y. 20-21 got affected due to lockdown and non-availability of workers but after 1st Quarter working conditions were in process of becoming normal and with the Govt. support which provided preferential exemption from lockdown to manufacturing industries situated at Bhiwadi, Rajasthan.
Also in order to prevent company from liquidity crunch and to manage seamless fund flow , management decided to avail the govt. benefits like COVID Loans and moratorium on current loan installments. Further unsecured loans from directors and body corporates are also infused to maintain the liquidity.

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

B) Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates under different assumptions and conditions. Any revision in accounting estimates is recognized prospectively in the period of change and material revision, including its impact on financial statements, is reported in the notes to accounts in the year of incorporation of revision.

C) I. Property, Plant & Equipments

These tangible assets are held for use in production, supply of goods or services or for administrative purposes. These are recognized and carried under cost model i.e. cost less accumulated depreciation and impairment loss.

- i) Cost includes freight, duties, taxes and other expenses directly incidental to acquisition, bringing the asset to the location and installation including site restoration up to the time when the asset is ready for intended use. Such Costs also include Borrowing Cost if the recognition criteria are met.

- ii) When a major inspection/repair occurs, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of previous inspection/repair is derecognized.
- iii) Depreciation has been provided on straight line method in terms of expected life span of assets as referred to in Schedule II of the Companies Act, 2013.
- iv) For Additions in tangible assets , all direct expenses and direct overheads are capitalized till the assets are ready for intended use.
- v) During sales of Tangible assets any profit earned / loss sustained towards excess / shortfall of sale value vis-a- vis carrying cost of assets is accounted for in statement of profit & loss.

F) Tax Expenses

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in equity. In which case, the tax is also recognised in Other Comprehensive Income or Equity

i.) Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted at the Balance sheet date.

ii.) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.
