Review Report to
The Board of Directors
CG Power and Industrial Solutions Limited

- 1. We were engaged to review the accompanying statement of unaudited standalone financial results of CG Power and Industrial Solutions Limited (the 'Company') for the quarter ended December 31, 2019 and year to date from April 1, 2019 to December 31, 2019 ('the Unaudited Standalone Financial Results') attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
- 2. The Unaudited Standalone Financial Results is the responsibility of the Company's Management and is approved by the Company's Board of Directors. As explained in the Basis of preparation, these Unaudited Standalone Financial Results, have not been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on these Unaudited Standalone Financial Results based on our review. Because of the matters described in paragraphs 4 and 5 below, we were not able to obtain sufficient appropriate audit evidence to provide a basis for conclusion on these Unaudited Standalone Financial Results and hence we do not express a conclusion on these Unaudited Standalone Financial Results.
- 3. We conducted our review of the Unaudited Standalone Financial Results in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Unaudited Standalone Financial Results is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

- 4. During the nine months period, a loan from a particular lender was not rolled over, leading to a technical default of borrowing terms and conditions with the lenders. The management is in discussion with the lenders of Company to work out a resolution plan. Further, the lenders to the Company are in the process of signing the Inter Creditor Agreement ('ICA'). As on February 14, 2020, 10 out of the 14 lenders (by count) have signed the ICA while the Company is pursuing discussion with the rest of the lenders along with lead banker.

As a part of the discussion with the lenders to the Company, subsequent to the execution of the ICA, the lenders have commissioned various reports with respect to forensic, valuation, techno-economic feasibility and security structure, which are expected to form the basis of the resolution framework between the Company and the lenders. Such reports are expected to be received in the 2nd half of February, 2020. Subsequent to the receipt of the said reports and the finalisation of a resolution plan, the Company expects that the ICA will be executed by lenders who are currently not parties to ICA.

The Company believes that following the signing of ICA, those lenders will not recall the loans during the ICA review period i.e. up to March 24, 2020 due to the current defaults and thus the Company has continued to classify such borrowings as Non-Current.

In May 2016, pursuant to an execution of an assignment agreement, leasehold land along with factory building of the Company at Nashik was assigned to Blue Garden Estates Private Limited ("BGEPL"), a subsidiary of Acton Global Private Limited ("AGPL"). Both BGEPL and AGPL shares were owned by certain employees of the Company, who had not declared such ownership, when the transaction had occurred and hence, these companies have been termed as connected parties.

There were undisclosed transactions reported by the Company in the standalone financial statements for the year ended March 31, 2019 in relation to borrowings aggregating INR 320.00 crores, availed by the connected parties from a financial institution on the basis of Company's Land and Building in Nashik and Kanjurmarg. Such borrowings availed by the connected parties were extended to the Company and Company had further extended those borrowings to one of the other connected party. These transactions were done by certain identified persons ('CIP') of the Company. Further, the Company disclosed that the Directors of such connected parties were the employees of the Company or its subsidiaries. The Company is in consultation with legal counsels and expects this to be concluded by March 31, 2020, whether such connected parties were controlled by the Company. Since these were borrowings availed by connected parties, these are not part of above referred ICA.

Mumbai claiming alleged unpaid debt of INR 23.50 crore (Principal of INR 19.98 crores + interest of INR 3.52 crores). The pre-existing dispute, for which the Company has already invoked dispute resolution mechanism under other statutes is being contested. The Company has filed its reply before the NCLT, Mumbai stating all the facts pertaining to pre-existence of disputes and invocation of dispute resolution mechanism along with relevant documents. Lucy has sought time to consider the Company's reply and file a rejoinder. The matter is listed on February 18, 2020 for filing of rejoinder by Lucy after serving advance copy to the Company. Basis the Company's internal assessment, management believes there is no provision required at this stage and this case will be in favor of the Company.
- 12. The Company has incurred a net loss of INR 127.29 crores during the quarter ended and INR 1616.68 crores during the nine months ended December 31, 2019 and also incurred losses during the previous year ended March 31, 2019. As at December 31, 2019, the Company's current liability exceeds its current assets by INR 1864.69 crores subject to classification of bank borrowings depending on conclusion of ICA. The net current liabilities may consequently increase in case conclusion on ICA gets extended. The Company has issued recovery notices and initiated legal suits as highlighted under Note 3. Pending management's legal procedures and possible uncertainty in relation to balances recoverable from promoter affiliate companies and connected parties, could lead to a significant potential impact on the net worth and consequently the going concern assumption.

However, the Company believes taking into consideration following mitigating factors and business updates available till date, the going concern assumption is reasonable:

- The Company is currently in active discussions with its lenders with respect to the Corrective Action Plan, after the execution of the Inter-Creditor Agreement, which has been executed by 10 out of the 14 lenders of the fund and non-fund facilities that are currently outstanding. The Corrective Action

Review Report to
The Board of Directors
CG Power and Industrial Solutions Limited

- 1. We were engaged to review the accompanying statement of unaudited consolidated financial results of CG Power and Industrial Solutions Limited (the 'Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'Group') for the quarter ended December 31, 2019 and year to date from April 1, 2019 to December 31, 2019 ('the Unaudited Consolidated Financial Results') attached herewith, being submitted by the Holding Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").

We conducted our review of the Unaudited Consolidated Financial Results in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Unaudited Consolidated Financial Results is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

- (n) Certain suppliers due to non-payment of their dues have approached NCLT under Insolvency and Bankruptcy Code provision and against these application, NCLT has issued notices to the Company.
- 4. During the nine months period, a loan from a particular lender was not rolled over, leading to a technical default of borrowing terms and conditions with the lenders. The management is in discussion with the lenders of Company to work out a resolution plan. Further, the lenders to the Company are in the process of signing the Inter Creditor Agreement ('ICA'). As on February 14, 2020, 10 out of the 14 lenders (by count) have signed the ICA while the Group is pursuing discussion with the rest of the lenders along with lead banker.

As a part of the discussion with the lenders to the Company, subsequent to the execution of the ICA, the lenders have commissioned various reports [with respect to forensic, valuation, techno-economic feasibility and security structure], which are expected to form the basis of the resolution framework between the Company and the lenders. Such reports are expected to be received in the 2nd half of February, 2020. Subsequent to the receipt of the said reports and the finalisation of a resolution plan, the Company expects that the ICA will be executed by lenders who are currently not parties to ICA.

The Group believes that following the signing of ICA, those lenders will not recall the loans during the ICA review period i.e. up to March 24, 2020 due to the current defaults and thus the Group has continued to classify such borrowings as Non-Current.

In May 2016, pursuant to an execution of an assignment agreement, leasehold land along with factory building of the Company at Nashik was assigned to Blue Garden Estates Private Limited ("BGEPL"), a subsidiary of Acton Global Private Limited ("AGPL"). Both BGEPL and AGPL shares were owned by certain employees of the Company, who had not declared such ownership, when the transaction had occurred and hence, these companies have been termed as connected parties.

There were undisclosed transactions reported by the Group in the consolidated financial statements for the year ended March 31, 2019 in relation to borrowings aggregating INR 320.00 crores, availed by the connected parties from a financial institution on the basis of Group's Land and Building in Nashik and Kanjurmarg. Such borrowings availed by the connected parties were extended to the Group and Group had further extended those borrowings to one of the other connected party. These transactions were done by certain identified persons ('CIP') of the Group. Further, the Group disclosed that the Directors of such connected parities were the employees of the Group. The Group is in consultation with legal counsels and expects this to be concluded by March 31, 2020, whether such connected parties were controlled by the Group. Since these were borrowings availed by connected parties, these are not part of above referred ICA.

5. Consequent to proceedings initiated by creditors of the Company's subsidiaries, CG Holdings Belgium NV ('HBE') and CG Power Systems Belgium NV ('PSBE'), the Commercial Court in Mechelen, Belgium had sou-moto issued notice to PSBE and HBE. After hearing, based on the financial figures presented and considering these entities to be in a state of bankruptcy, the Commercial Court has on January 15, 2020, appointed two interim directors on the Board of HBE and PSBE to act their provisional administrators to inter-alia examine the possibility of continuity of the entire or part of the business of HBE and PSBE by a transfer under judicial supervision.

Subsequently, the Public Prosecutor has determined that HBE and PSBE are bankrupt and filed for bankruptcy and the Court has declared on February 3, 2020 HBE and PSBE as Bankrupt and appointed three Receivers. The Receivers would auctions the assets of PSBE and HBE including their investments in CG Power Systems Ireland Limited ('CGIE'), PT CG Power Systems Indonesia ('PTID') and CG Sales Network France SA ('SNFR') ['Realisable Entities']. The Company based on the valuation carried out as on March 31, 2019 and considering the profitability of CGIE and PTID and the fact that the assets of HBE and PSBE will be auctioned debt free, expects that realisation from Realisable Entities will significantly meet the liability of the secured creditors of HBE and PSBE and consequently will significantly extinguish the liability on account of corporate guarantees issued by the Company and its subsidiary CGIBV. Considering the valuation of the remaining subsidiaries other than the entities mentioned above, the Company expects that there will be a surplus realisable value available with CGIBV to meet its residual liability. However, the extinguishment of corporate guarantees issued by ultimate parent company (i.e. the Company) aggregating EURO 76.85 million (equivalent to INR 615.65 crores) is dependent to the extent of the creditors holding such corporate guarantees are paid off out of the realisations in bankruptcy. Based on the above assumption, no provision has been recorded for such corporate quarantees in these unaudited consolidated financial results for the nine months ended December 31, 2019.

Considering the above and the fact that the situation was identified and escalated by creditors subsequent to the period end, the Group has accounted certain identified provisions in relation to Belgium and other operations aggregating to INR 575.18 crores, as adjusting events in the quarter ended September 30, 2019. The Group believes certain receivables in CGME and CG Singapore are recoverable as the Group has right to recover those receivables and recovery proceedings are initiated on behalf of such receivables (disclosed in Note 6 below). Further the Group is in the process to obtain legal view to ascertain whether the control remains with the Group subsequent to operations related to Belgium entities being declared bankrupt after the period ended December 31, 2019.

6. The Group has reclassified as non-current assets certain receivables from various promoter affiliate companies and connected parties as at period end consequent to the ongoing investigation and potential delays in recovery. As explained in Note 3, the Group has initiated recovery process in consultation with legal counsels including filing legal suits and will take further required actions basis the outcome of phase 2 investigation. The Board of Directors of the Company believes that the Group will take the legal course of action to ensure recoverability from stated parties and at this stage has no reason to believe that the Group should not receive the monies back from the stated parties. Further, no interest has been accrued on all such balances, where such interest was being accrued, the Group has suspended such accrual from 1 April, 2019.

Below are additional details on exceptional items recognized in the quarter ended December 31, 2019:

- a. As stated in Note 3(i), one of the promoter affiliate entity is under bankruptcy process at National Company Law Tribunal ('NCLT'). The Company has filed its claim before the NCLT in respect of the receivables of INR 68.58 crores including INR 0.08 crore of trade receivable. The management believes that it is more than certain that the outstanding receivables in such process may not be collected, in their totality, and hence have made a provision during the quarter for such amount. The Company will continue to monitor and follow the process closely to ensure any recoveries from the process are collected and accounted in the future course of action.
- Based on further update, the Company has actualised and reversed exceptional provision of INR 31.29 crores related to expected restructuring cost towards closure, shifting of transformer manufacturing unit at Kanjurmarg, Mumbai and allied processes.
- c. Following the actions taken by the Board of Directors, ongoing investigation in relation to matters identified and disclosed in the financial results for the quarter and year ended March 31, 2019 and the fund raising initiatives, the Company has incurred professional and consultancy charges of INR 16.28 crores which are recognised as exceptional item.
- 13. The Group has incurred a net loss of INR 173.13 crores during the quarter ended and INR 1,819.35 crores during the nine months ended December 31, 2019 and also incurred losses during the previous year ended March 31, 2019. As at December 31, 2019, the Group's current liability exceeds its current assets by INR 3,455.04 crores subject to classification of bank borrowings depending on conclusion of ICA. The net current liabilities may consequently increase in case conclusion on ICA gets extended. The Group has issued recovery notices and initiating legal suits, as highlighted under note 3. Pending management legal procedures and possible uncertainty in relation to balances recoverable from promoter affiliate companies and connected parties, could lead to a significant potential impact on the net worth and consequently the going concern assumption.

However, the Group believes taking into consideration following mitigating factors and business updates available till date, the going concern assumption is reasonable:

- The Company is currently in active discussions with its lenders with respect to the Corrective Action Plan, after the execution of the Inter-Creditor Agreement, which has been executed by 10 out of the 14 lenders of the fund and non-fund facilities that are currently outstanding. The Corrective Action Plan is being designed to match the cash flow generation potential of the Group with the debt obligations.
- Further, to meet the need of both long term and working capital, the Group is in the process of identifying potential sources of capital through strategic equity investor and other sources of fund raising. The Company has entered into a non-disclosure agreement with potential investors for the said purpose.
- The Group has an unexecuted business order book of over INR 3,900 crores as of date (excluding PSBE, HBE, PTID & CGIE).
- The Group is evaluating divestments of non-core assets, including but not limited to the sale of Kanjurmarg land without hampering the capability to serve customers

On the basis of the above operating performance and actions, the accounts of the Group have been prepared on a going concern basis.
