INDEPENDENT AUDITOR'S REVIEW REPORT ON THE QUARTERLY UNAUDITED STANDALONE FINANCIAL RESULTS OF INDIAN RAILWAYS CATERING AND TOURISM CORPORATION LIMITED PURSUANT TO THE REGULATION 33 OF THE SEBI (LISTING OBLIGATIONS AND DISCLOSURES REQUIREMENTS) REGULATIONS, 2015, AS AMENDED

Review report to the
Board of Directors of,
Indian Railways Catering and Tourism Corporation Limited

1. We have reviewed the accompanying statement of unaudited financial results of M/s Indian Railways Catering and Tourism Corporation Limited for the Six Month period ended September 30, 2019, being submitted by the Company pursuant to the requirement of Regulation 33 of the DEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there under and other accounting principles generally accepted in India. Our responsibility is to issue a report on these financial statements based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement except as stated in Para 4 below.
5. We draw attention to the following matters.
 - A. That the financial results have been prepared by the management for the 6 month ended September 30, 2019 in the absence of any past practice of quarterly closing of the financial accounts. Further the comparative numbers for the period ended September 30, 2018 have not been subject to limited review and have been reported based on the internal MIS prepared and has been published for comparatives.
 - B. That with regard to the Ind Accounting Standard 115 on Revenue from Contract with Customers, the company is in receipt of integration charges from booking agents (Non Refundable one time fees) for providing connectivity with the IRCTC Portal for railway ticket booking along with the annual maintenance charges which may vary based on volume of ticket bookings etc. The management is of the opinion that the agreement with

the parties for integration charges is generally for one to three years, and subsequently the annual maintenance the contract is renewed but without any integration charges. Further since the renewal is unilateral at the option of IRCTC such integration charges shall not be deferred as income beyond initial contract period of one to three years.

In our opinion, the contract for integration charges and annual maintenance contract are not distinct contracts therefore Income of integration charges (one time non refundable fees) shall be amortized over the expected contract period instead of recognising revenue at one time. Further past trend has indicated that there is hardly any case where the contract was not renewed by IRCTC. Accordingly in our view, the one time integration charges shall be recognised as revenue over the estimated contract period (estimated 20 years based on past trend) rather than accruing the entire amount as income based on initial contract of one to three years. The impact of the same on the period under review could not be quantified.

- C. That the results for the period April 1, 2018 to September 30, 2018 have been taken from the half yearly MIS prepared during the relevant period which have not been subjected to limited review and published for comparative purpose only. That the results for the period April 1, 2018 to September 30, 2018 are subject to the financial impact on account of IND AS 115 applicable with effect from April 1, 2018 and restatement on account of IND AS 116 applicable with effect from April 1, 2019.
- D. That the company is in receipt of service charges of Rs.51.72 Crores w.e.f. September 1, 2019 on online booking of the Railway Tickets through the IRCTC Portal. That the management has represented that unlike previous arrangement with the Railways, there is no obligation for the revenue sharing of such receipts with the Railways. We have put reliance on the management representation with regard to the same.
- E. That in our opinion, the majority of the catering business is conducted through licensee and accordingly there is a need to periodically review of volume of the operations sub-contracted as well as concentration of business with few licensees.
- F. That the current as well as old balances appearing as trade receivables, trade payables, advances, provisions etc. are subject to third party confirmations as well as confirmations from the Railways. The reconciliation of such balances shall have impact on the receivables, payables as well as the reserves of the company.
- G. That the company has initiated the process of upgradation of the current ERP System along with the task of training the staff as well as identification and reconciliation of the legacy transactions the balances of which is stated to have been existing since the migration of data from earlier financial system to present financials maintained in Oracle apart from legacy transactions pertaining to the period of transfer of operations from/to railways. As represented, the financial impact if any shall be computed upon conclusion of such activity. Further, reconciliation between the transactions executed through 3rd party applications/portals as well as manual data with the financial information posted in the books of accounts could not be made. In our opinion the data posting between all the 3rd party application/portals needs to be fully automated & documented for verification.
- H. That the bank balances reflected in the financial statements have been stated as per the books of accounts and are subject to posting of financial payments and receipts crystallized in the company bank accounts but which are pending confirmations/reconciliations. The transaction by transaction reconciliation could not be made for some of the bank accounts being handled at Internet Ticketing division of the company on account of voluminous ticket booking and cancellation transactions on behalf of railways.

SERVA ASSOCIATES

CHARTERED ACCOUNTANTS

Further there is also a need to consolidate the number of bank accounts maintained for better fund management.

- I. That the liabilities under GST as well as the credit admissibility are subject to reconciliation with the returns filed.
- J. There is a need to develop stronger MIS for periodic review of various business segments as well as period closing practices which could reduce the errors and omissions observed during the course of review.
