COMPANY PROFILE

Octavius Plantations Limited is a leading FMCG company established in the year 1984. The company began its operations with the export of Agri commodities and today it holds a prominent position in the market for its high-quality, sustainable and innovative products.

From a single product company to a multi-segment corporation. Its diverse interests include fast-moving consumer goods like **tea, coffee, spices, fruits, and medical herbs & plants.**

The Company owns one of the finest coffee plantations in the beautiful district of Coorg in Karnataka, growing the most excellent quality Arabica and Robusta coffee catering to the needs of Indian coffee exports to the Middle East, European and African markets. Our plantations are ably supported with curing and processing facilities with the latest technology. Apart from the coffee grown in the plantation, it procures premium coffees from other regions in Karnataka and Kerala.

Why Octavius?

"We grow it, pluck it, and process it for you to create a perfect cup of coffee."

Our artisanal coffees comprise the finest beans that are hand-picked, naturally fermented to maximize flavour and manually processed at our estates. To enhance the colour and flavour, the beans are soaked overnight and then washed in freshwater before it is slowly dried in natural light. The beans are then hulled and graded for size, shape, colour and density at the curing level. The beans are then graded, packed and are finally ready for dispatch.

Owing to many years of expertise at coffee cultivating, harvesting, roasting and storing, our specialty coffee division offers a remarkably wide range of coffees with a delightfully unique personality and taste profiles like Green Coffee Beans, Roasted Coffee Beans, Filter Coffee, Instant Coffee in the highest quality.

The company also procures tea from plantations in Tamil Nadu and Kerala which are further blended and packed essentially for exports. With its tea processing facilities at Cochin, the company caters to the tea export requirements.

Besides this, one of our group company in West Bengal bears a long historical legacy of tea production of more than 100 flourishing years.

Further to tea and coffee the company produces black pepper and ginger in its plantations and procures cardamom from the farmers in the region. These high-quality graded spices are then sold in the domestic market.

In addition to tea, coffee and spices the company has expanded its segment to popular fruits and medicinal plants grown in the Coorg region.

OUR PROMISE OF QUALITY

There has never been a time when we haven't strived for perfection, and in this process, we have been updating our techniques, our product range, and our quality, so that we can match up to the expectation bar set by our customers, if not being able to cross it. It gives us immense pleasure to mention that our products are of premium quality and are known for their rarity and purity and we deliver products of the highest quality.

CSR ACTIVITIES

At Octavius Plantations, we care, we believe in improving the living standards of the people associated with us and we take responsibility for doing so.

We ensure the eradication of adversities in the communities working with us for a better society.

We yearn to be acknowledged and valued as an organization that continually upholds its responsibility towards social, economic and environmental development.

Sustainable Farming- Rain Water Harvesting & Conservation

Water is the critical element for the survival of Coffee Plantations. Intensive cultivation practices have required us to initiate rainwater harvesting techniques and we have been successful in doing so by adopting simple harvesting methods like rainwater storage tanks which effectively uses the stored water for coffee farming and helps conserve rivers, streams and tank waters.

Care for our Workers

We provide subsidized food grains and have regular food and other necessary commodity distribution for our workers.

Education- Books & Stationary Distribution

We organize conventions of distributing notebooks and stationery items every year to the children of our garden and factory workers.

OUR VISION

Octavius Plantations Limited with offerings across food, beverages, retail and exports has emerged as a well-regarded brand. The company continuously aims to promote the Food and Beverage experience for the consumers.

Our portfolio encompasses a vast variety of products and is continuously growing with every passing year. The company's ambition to grow is secured on multiple strategic levels that keep us consistent & innovative and also vigilant towards the environment.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Management of Octavius Plantations Limited is pleased to present Management Discussion and Analysis Report covering performance for the year 2018–2019 and outlook for the future. The report contains future predictions for the Company’s business based on current scenario:

Nature of Business

At present, the Company is engaged in the field of producing and processing coffee and spices. Today, the Company enjoys a prominent position in the market which is due to high quality products produced and supplied by them.

Company operates in following segments of producing edible products:

- **Coffee**
- **Spices**

It has 70 acres of coffee plantation at Kushalnagar in Coorg district, growing Arabica and Robusta coffee. Apart from the coffee grown in its plantation, it procures coffee from local and the Chikkamagaluru planters and get the same processed in its facilities for meeting its export obligations.

The Company grows black pepper in its plantations and procure cardamom and ginger from the farmers in the region. The graded spices are sold in the domestic market.

Industry Structure and Developments

In India, coffee is produced in territories that gets 2,500-4,000 mm rainfall for more than 100 days, accompanied by a perpetual dry period of a similar duration. Coffee-growing regions in our country have diverse climatic conditions, which are suitable for the cultivation of different types of coffee.

India produces and exports the third largest volume of coffee in Asia after Vietnam and Indonesia, while Brazil dominates production and exports globally. And, the sixth-largest producer and fifth-largest exporter of coffee in the world.

Coffee is one of the popular hot beverages in India alongside tea. The production of coffee lies primarily in the hills of the southern region, of which Karnataka accounts for the highest yield. In Kannada (regional language in Karnataka), the traditional name for coffee was “Boondh Bisneeru”, literally meaning 'beaned hot water'.

The coffee which remains is consumed primarily by South Indians who are known to have concocted what is called 'Kaapi' - the regional phonetic interpretation of 'coffee'. It is a blend of frothed and boiled milk with the decoction of finely brewed coffee powder in a traditional Indian filter made of out of two cylindrical metal cups. Outside the country, the Indian filter coffee is referred to as drip brew coffee.

Filter coffee became popular when Indian Coffee House – a café of the 1940s, run by the Coffee Board of India served it on their menu, thus becoming the drink of many Indians. There are about 400 chains of the Indian Coffee House across the country, following the first one in Jabalpur. The dawn of the 21st century saw establishments like Café Coffee Day, Barista, Costa Coffee, Starbucks among other major players of the coffeehouse market. Additionally, independent and regional outlets continue to emerge mainly in urban centers resulting in a highly fragmented coffee retail market.

India produces a wide range of spices and holds a prominent position in world spice production. Because of the varying climates - from tropical to sub-tropical to temperate-almost all spices grow splendidly in India. In reality almost all the states and union territories of India grow one or the other spices. Under the act of Parliament, a total of 52 spices are brought under the purview of Spices Board.

Opportunity, Threats, Risk and Concerns

While the economic downturn may negatively impact the speciality coffee growth curve – which was hitherto driven by the café culture and a desire to experience new offerings – we do see a shift in Roasters' preference towards reliable coffee companies. We continue to diversify our portfolio and seek growth opportunities in major consumption and growth markets. Our pursuit to gain substantial market share in all key geographies will be backed by continuous product development efforts and relentless pursuit of customer centricity.

The ecosystem from the farm to the cup is evolving at a rapid pace to address this cultural shift; an evolution that is getting further catalysed by the entry of international players. Apart from this, a number of home grown entrepreneurs are emerging to help spread the coffee culture and transform the entire coffee experience in homes through provision of freshly roasted coffee beans, a range of distinguished varieties of coffee as well as coffee brewing equipment.

The impact of this is expected to be particularly visible in North India, which has not been a traditionally coffee drinking market like South India.

Coffee consumption has only entered the urban, young demographic. For companies to be more profitable, they have to focus on their rural marketing applications to increase profitability.

Segment-wise or Product-wise Performance

As stated in Note No. 26 in Notes to Financial Statements for the year under review, the mainly the company had generated its revenue from the sale of coffee and coffee beans (Not Roasted) further some of the revenue had also been generated from trading of Pepper.

Internal Control Systems & their Adequacy

The Company has a proper and adequate system of internal controls. This ensures that all transactions are authorized, recorded and reported correctly, and assets are safeguarded and protected against loss from unauthorized use or disposition. In addition there are operational controls and fraud risk controls, covering the entire spectrum of internal financial controls.

The internal financial control framework has been designed to ensure that the financial and other records are reliable for preparing financial and other statements and for maintaining accountability of

assets. In addition, the Company has identified and documented the risks and controls for each process that has a relationship to the financial operations and reporting.

The Company also has an Audit Committee; comprising 3 (Three) professionally qualified Directors, who interact with the Statutory Auditors and Management in dealing with matters within its terms of reference. This Committee mainly deals with accounting matters, financial reporting and internal controls.

Outlook

Coffee Market is growing at a CAGR of 5.32% during the forecast period (2020 - 2025). Coffee is one of the world's favorite beverages and a major source of caffeine, coffee continues to be an essential factor in society's daily routine.

- The global coffee market is anticipated to reach US\$ 134.25 billion in 2024. Factors such as increasing out of home coffee consuming population, rapid urbanization, rising e-commerce retail sales, accelerating disposable income, increasing instant coffee preferences in emerging economies are expected to drive the market. However, the growth of the industry would be challenged by weather uncertainties and retails consolidations.
- The consumers prefer Nespresso coffee machines, coffee brewers, and drip coffee makers to prepare coffee at home. South America is the largest producer of Coffee in the world whereas, Europe being the largest producer of high-quality coffee. Germany, Italy, France, Spain, and the United Kingdom are the dominating coffee consumers in the European region.

The other information as stated above is expected to be made available to us after the date of this auditor's report.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information as stated above, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with Governance.

Management's Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the IND AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management or the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by management and Board of Directors.

Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of section 143 of sub-section (11) of the Companies Act, 2013, we give in the "Annexure-B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Octavius Plantation Limited Formerly known as Rubal Leasing & Holding Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of OCTAVIUS PLANTATION LIMITED (“the Company”) as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Auditor's Report (Contd.)

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls

Over Financial Reporting a company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(The Annexure referred to in paragraph 2 of the Our Report of even date to the members of Octavius Plantation Limited formerly known as Rubal Leasing & Holding Limited on the accounts of the company for the year ended 31st March, 2021.)

On the basis of such checks as we considered appropriate and according to the information and explanation given to us during the course of our audit, we report that:

1.
 - (a) The company has maintained proper records showing full particulars including quantitative details and situation of its fixed assets i.e Property, Plant and Equipment.
 - (b) As explained to us, some of the fixed assets have been physically verified by the management in accordance with a programme of verification which, in our opinion provides for physical verification of all the fixed assets (PPE) at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - © In our opinion and according to the information and explanations given to us, no fixed asset has been disposed during the year and therefore does not affect the going concern assumption.
2.
 - (a) As explained to us, inventories have been physically verified during the year by the management at reasonable intervals.
 - (b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the company and the nature of its business.

OCTAVIUS PLANTATIONS LIMITED

Notes forming part of the Financial Statements

1)CORPORATE INFORMATION

Octavius Plantations Limited is engaged in the production, trading and distribution of Coffee. The Company has business operations mainly in India. The Company is a limited company incorporated and domiciled in India and has its registered office at 54/2&3, Hanuman Lane Connaught Place, New Delhi. The principal accounting policies applied in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated

2)SIGNIFICANT ACCOUNTING POLICIES

a)Basis of preparation

The financial statements of Octavius Plantations Limited formerly known as Rubal Leasing & Holding Limited ("the company") have been prepared and presented in accordance with the Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules 2015, as amended and as per other relevant provisions of the Act. The presentation of financial statements is based upon Ind AS Schedule III of Companies Act, 2013

b)Use of estimates

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. These estimates and associated assumptions are based on historical experiences and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected

c)Fixed Assets

Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment loss, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset i.e., freight, duties and taxes applicable and other expenses related to acquisition and installation. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs that are directly attributable to the construction or production of a qualifying asset are capitalized as part of the cost of that asset.

d)Depreciation

Depreciation and amortization is based on management estimates of the future useful lives of certain class of property, plant and equipment and intangible assets.

e)Impairment of Assets

All assets other than inventories, investments & deferred tax asset, are reviewed for impairment, wherever events or change in circumstances indicate that the carrying amount may not be recoverable. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount.

f)Investments

All Quoted Investments should be measured at fair market value as per Ind AS 109, Investment in Preference Shares and Unquoted trade Investments are measured at amortized cost using Effective Rate of Return (EIR). Investments both Quoted and Unquoted are carried at face value as given in Note No. 2

g)Inventory Valuation

Inventories are valued at lower of cost or net realisable value. Cost is determined considering applicable cost incurred in producing and bringing inventories to their present location and condition.

h)Revenue recognition

Revenue from sale of goods is recognised when goods are delivered, which is when title is passed on to the customers. Revenue is recognized when the company satisfies a performance obligation by transferring a promised good or service to its customers. The company considers the terms of the contract and its customary business practices to determine the transaction price. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset.

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and value added tax. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives / discounts. Accumulated experience is used to estimate and provide for the discounts/ right of return, using the expected value method.

Other items of income are accounted as and when the right to receive arises.

OCTAVIUS PLANTATIONS LIMITED

Notes forming part of the Financial Statements

l) Foreign Currency Transactions

Income and expense in foreign currencies are converted at exchange rates prevailing on the date of the transaction. Gain/loss arising out of fluctuations on realisation/payment is charged/credited to the Statement of Profit and Loss

j) Borrowing Cost

Borrowing costs are recognised in the Statement of Profit and Loss for the period in which they are incurred except where the cost is incurred during the construction of an asset that takes a substantial period to get ready for its intended use, in which case, it is capitalised.

k) Provision for Current and Deferred Tax

Provision for current tax is made on the basis of estimated taxable income for the year in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax resulting from “timing difference” between book and taxable profit is accounted for under the liability method, at the current rate of tax, to the extent that the timing differences are expected to crystallize. The deferred tax asset is recognized and carried forward only to the extent that there is a reasonable certainty that the asset will be realized in future.

l) Provisions, Contingent Liabilities & Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

m) Cash and Cash Equivalents

The company considers all highly liquid financial instruments, which are readily convertible into cash and have original maturities of three months or less from the date of purchase, to be cash equivalents. Bank Of India Jodhpur Branch, Karnataka Bank Current Account and Karnataka Bank Indiranagar Branch have no transactions.

n) Current and noncurrent classification

All the assets and liabilities have been classified as current or noncurrent as per the Company’s normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1, Presentation of financial statements. Assets: An asset is classified as current when it satisfies any of the following criteria:

- a. It is expected to be realized in, or is intended for sale or consumption in, the Company’s normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is expected to be realized within twelve months after the reporting date; or
- d. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

- a. It is expected to be settled in the Company’s normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is due to be settled within twelve months after the reporting date; or
- d. The Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/ liabilities include the current portion of noncurrent assets/ liabilities respectively. All other assets/ liabilities are classified as noncurrent. Deferred tax assets and liabilities are always disclosed as non-current.

o)Recent Accounting Pronouncements

i)Ind AS 116, Leases: The Ministry of Corporate Affairs has notified the Ind AS 116, Leases which will be effective from April 1, 2019. Ind AS 116 would replace the existing leases standard Ind AS 17. The standard sets out the principles for the recognition, measurement, presentation and disclosures for both parties to a contract, i.e. the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of profit and loss. The Company is currently evaluating the effect of Ind AS 116 on the financial statements

ii)Amendment to Ind AS 12 'Income Taxes': On March 30, 2019, the Ministry of Corporate Affairs has notified limited amendments to Ind AS 12 'Income Taxes'. The amendments require an entity to recognise the income tax consequences of dividends as defined in Ind AS 109 when it recognises a liability to pay a dividend. The income tax consequences of dividends are linked more directly to past transactions or events that generated distributable profits than to distributions to owners. Therefore, an entity shall recognize the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The amendment will come into force for accounting periods beginning on or after April 1, 2019. The Company is evaluating the effect of the above in the financial statements.

iii)Appendix C to Ind AS 12, Uncertainty over Income Tax Treatments: On March 30, 2019, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2019 containing Appendix C to Ind AS 12, Uncertainty over Income Tax Treatments which clarifies the application and measurement requirements in Ind AS 12 when there is uncertainty over income tax treatments. The current and deferred tax asset or liability shall be recognized and measured by applying the requirements in Ind AS 12 based on the taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates determined by applying this appendix. The amendment is effective for annual periods beginning on or after April 1, 2019. The Company is evaluating the effect of the above in the financial statements.

iv)Amendment to Ind AS 19 'Employee Benefits': On March 30, 2019, the Ministry of Corporate Affairs has notified limited amendments to Ind AS 19 'Employee Benefits' in connection with accounting for plan amendments, curtailments and settlements. The amendments require an entity to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement and to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. The amendment will come into force for accounting periods beginning on or after April 1, 2019. The Company is evaluating the effect of the above in the financial statements.
