This is for your information and records.

Thanking you,

Yours truly,

For **NIIT Limited**

Deepak Bansal
Company Secretary &
Compliance Officer

NIIT and Automation Anywhere Collaborate to Launch Robotic Process Automation Workshops

New initiative introduces automation capabilities for organizations across multiple industries

New Delhi, August 20, 2019: NIIT Limited, a global leader in skills and talent development, is collaborating with **Automation Anywhere**, a global leader in robotic process automation (RPA), to deliver comprehensive RPA workshops to developers, students and IT professionals across India.

A three-day workshop, **Mastering Bots: Design and Build an Advanced Digital Workforce** is designed to help participants learn how to create and automate software bots, apply RPA in real-world scenarios and understand the importance of RPA in the broader technology landscape. It will also familiarize attendees with Automation Anywhere's RPA platform.

A one-day workshop, **Introduction to Bots** has also been launched, offering an overview on software bots, and a program focused on advanced RPA is planned for the coming months.

According to a report by Grand View Research, Inc., the global RPA market is expected to reach $3.97 Billion by 2025, growing at more than 30 per cent CAGR. RPA has become central to digital transformation initiatives of organizations across multiple industries to increase productivity and lower operating costs. RPA automates error-prone, high-volume administrative work, in addition to offering other benefits like improving internal processes and business response times.

Speaking on the collaboration, **Bimaljeet Singh, President, Skills and Careers Business (India), NIIT Ltd**. said, *"The domain of RPA is growing rapidly and has become central to digital transformation initiatives of organizations across industries. We are glad to join hands with Automation Anywhere, to encourage learners to seize the career opportunity, as well as enterprises to solve their learning and development needs".*

"NIIT workshops are now providing attendees a concentrated program on RPA training which will address the need for these high demand skills," said **Arvind Thothadri, Vice President, Global Training and Certification at Automation Anywhere**. "Workshop attendees will now have the advantages of RPA training that could help open more career opportunities for them, and at the same time, give human workers more time to focus on innovation."

About NIIT

NIIT is a leading Skills and Talent Development Corporation that is building a manpower pool for global industry requirements. The company, which was set up in 1981 to help the nascent IT industry overcome its human resource challenges, today ranks among the world's leading training companies owing to its vast and comprehensive array of talent development programs. With a footprint in over 30 countries, NIIT offers training and development solutions to Individuals, Enterprises and Institutions. NIIT has three main lines of business across the globe – Corporate Learning Group, Skills & Careers Business and MindChampion Learning Systems Limited.

NIIT's **Corporate Learning Group (CLG)** offers Managed Training Services (MTS) to market-leading companies in North America, Europe, Asia, and Oceania. The **Skills & Careers Business (SNC)** delivers a diverse range of learning and talent development programs to millions of individual and corporate learners in areas including Digital Transformation, Banking, Finance & Insurance, Soft Skills, Business Process Excellence, Retail Sales Enablement, Management Education, Multi-Sectoral Vocational Skills, Digital Media Marketing, and new-age IT. NIIT has incubated **StackRoute**, as a digital transformation partner for corporates to build multi-skilled full stack developers at scale. As NIIT's wholly owned subsidiary for its K-12 school learning initiative - **MindChampion Learning Systems Limited (MLSL)**, provides curriculum based holistic range of education learning solutions to private schools in India under the **nGuru** brand. The product portfolio includes technology-driven classroom solutions, labs, assessment solutions, career guidance and counselling programs, and courseware solutions for IT, Maths, Science and English. As the Most Trusted Training Brand in India for 5th year in a row (Brand Trust Report, 2017), NIIT's learning and talent development solutions, continue to receive widespread recognition globally. NIIT has been named among the Top 20 Training Outsourcing Companies for the past eleven consecutive years by Training Industry, Inc. USA. Further, leading Indian ICT journal Dataquest has conferred upon NIIT the 'Top Training Company' award successively for the past 20 years, since the inception of this category. NIIT has also been featured as the 'Most Respected Education Company'- 2016 by leading financial magazine, Business World.
