Dear Sir/Madam,

Sub: Notice of 29th Annual General Meeting (AGM) along with Annual Report for the FY 2020-21.

Pursuant to the Regulation 30 and 34 of Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with the corresponding schedules thereof, the Notice convening 29th AGM of the Company to be held on Tuesday, September 14, 2021 at 03.00 P.M. (IST) through Video Conference (VC) / Other Audio-Visual Means (OAVM) along with the Annual Report of the Company for FY 2020-21 is enclosed.

The same is being sent through electronic mode to the shareholders of the Company.

Also available on the following link: www.heranba.co.in

The schedule of activities relating to the AGM is set out below:

Event	Day & Date	Time
Cut-off Date	September 07, 2021	N.A
Record Date	September 07, 2021	N.A
Book Closure	Form	September 08, 2021
	To	September 14, 2021
e-Voting	Start	September 11, 2021
	End	September 13, 2021
AGM	September 14, 2021	05:00 P.M
		03.00 P.M

This is for your information and record.

Thanking You
Yours faithfully,
For Heranba Industries Limited

Abdul Latif
Company Secretary and Compliance Officer

Driving growth through **strong chemistry**

Forward-looking statements

This document contains statements about expected future events, financial and operating results of Heranba Industries Limited, which are forward-looking. By their nature, forward-looking statements require the Company to make assumptions and are subject to inherent risks and uncertainties. There is a significant risk that the assumptions, predictions, and other forward-looking statements will not prove to be accurate. Readers are cautioned not to place undue reliance on forward-looking statements as a number of factors could cause assumptions, actual future results, and events to differ materially from those expressed in the forward-looking statements. Accordingly, this document is subject to the disclaimer and qualified in its entirety by the assumptions, qualifications, and risk factors referred to in the management's discussion and analysis of Heranba Industries Limited's Annual Report, FY2021.

Driving growth through strong chemistry

Agriculture forms an integral part of the world's ecosystem and we play a vital role in helping farmers world over sustain and strengthen it.

We believe it is important to deliver crop solutions and public health products right now – even as we develop innovations for the future.

Every day, we are developing products that maximise farm output, improve crop productivity and health, and make way for better public health. We are pushing boundaries and striving to convert today's knowledge into tomorrow's chemistry.

Everywhere, we are bringing our products to farmers and are committed to help farmers enhance the efficiency of their farms through our crop solutions and improve public health.

We have grown steadily over the years and diversified our business to include intermediates, technicals and formulations that form a crucial part of the value chain in the agrochemicals industry.

Strong chemistry and technical skills are our strengths.

Access to agrochemical solutions for all and better public health is our commitment.

We are proud of who we are and the work that we do.

We are Heranba Industries Limited.

About Heranba Industries Limited

Heranba Industries Limited (HIL) is one of India's leading agrochemical players, with an objective of providing innovative chemistry to farmers.

The Company was founded in 1994 by technocrats Mr. Sadashiv K. Shetty and Mr. Raghuram K. Shetty in Vapi, Gujarat. We began by manufacturing intermediates and gradually forward-integrated the Company and diversified our operations to produce technicals and formulations as well. Today, we are one of the leading domestic producers of synthetic pyrethroids such as:

Cypermethrin Alpha Cypermethrin Permethrin

Lambda Cyhalothrin Deltamethrin

Our pesticides range includes insecticides, herbicides, fungicides and public health products for pest control.

With our in-depth knowledge and expertise in the field of agrochemicals, coupled with our strong manufacturing capabilities, wide export presence and diversified customer base, we are well positioned to become a global agrochemical force to reckon with in the future.

WHAT ARE PYRETHROIDS?

Pyrethroids are synthetic chemical compounds that are used to control pests in farms, homes, communities, restaurants, hospitals and schools. They are organic, cost-effective alternatives to conventionally used insecticides.

MISSION

Our mission is to improve crop productivity and public health. We are committed to the wellness of world citizens and are passionate about providing innovative products to farmers that enhance farm efficiency.

Our Journey

Our journey has been one of steady growth and diversification. We started our manufacturing activity in 1996 with the production of an intermediate product Cypermethric Acid Chloride (CMAC). Over the years, we have diversified our business from manufacturing and selling intermediates to manufacturing, marketing and selling technicals and formulations.

These were some of the milestone years for us:

Products and businesses

We offer a wide range of differentiated products that help farmers enhance their crop yield and, in turn, grow their income. Our portfolio comprises intermediates, technicals and formulations including public health products that are supplied to pest control companies & Government tender for health departments.

We are present in the entire product value chain of the agrochemicals industry.

INTERMEDIATES

8+

INTERMEDIATES

- Cypermethric Acid Chloride (CMAC)
- High CIS CMA
- High CIS CMAC
- High Trans CMA
- High Trans CMAC
- Bromobenzene
- Metaphenoxy Benzaldehyde (MPBD)
- Meta Phenoxy Benzyl Alcohol (MPBAL)

The intermediates we manufacture are used for our own captive consumption for manufacturing technicals and formulations.

TECHNICALS

16+

TECHNICALS

- #### INSECTICIDES
- Cypermethrin
 - Deltamethrin
 - Alpha Cypermethrin
 - Acephate
 - Lambda Cyhalothrin

172

REGISTRATIONS IN PIPELINE IN 41 COUNTRIES

We have five business verticals

1. DOMESTIC SALE OF TECHNICALS

We manufacture and sell technicals in bulk to leading domestic and multinational agrochemical companies operating in India. The companies then use our technicals for further formulation.

DOMESTIC SALE OF TECHNICALS OVER FOUR YEARS

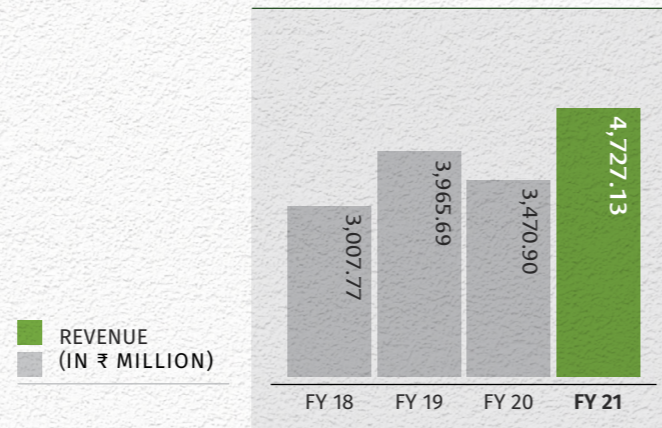

2. EXPORT SALE OF TECHNICALS

We export technicals in bulk to various agrochemical companies across the world. We manufacture 103 technicals and formulations for export alone. We have received the necessary approvals from the Central Insecticides Board and Registration Committee (CIB&RC) for them and have filed applications for registration for seven more technicals and formulations for the export markets.

EXPORT SALE OF TECHNICALS OVER FOUR YEARS

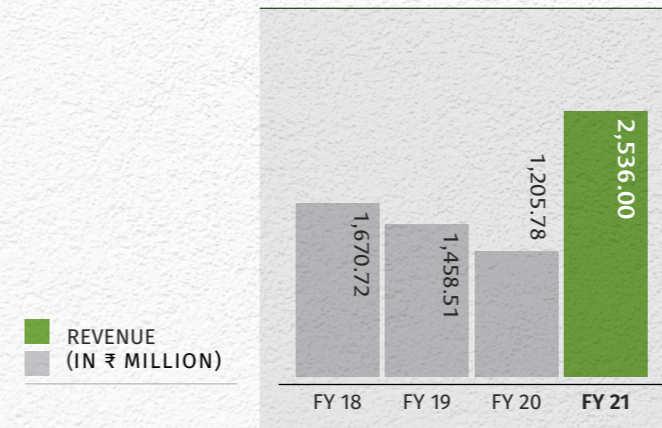

3. BRANDED FORMULATION SALES

We manufacture and sell formulations of insecticides, herbicides, fungicides and public health under our own brands through our own distribution network in India. Our 9,400+ dealers have access to 21 depots of our Company across 16 states and one union territory in India.

BRANDED FORMULATION SALES OVER FOUR YEARS

4. EXPORT SALES OF FORMULATIONS

We export formulations in bulk and in customer-specified packaging outside India. We sell our formulations in the international markets through tie-ups with our international distribution partners who import our formulations, in bulk or final packages, after a prolonged and detailed registration process with their respective country's regulatory authority. Our formulations are mostly sold by our international distribution partners under their local brands in these markets. We adhere to the local packaging disclosure requirements for the export and sale of these formulations.

EXPORT SALES OF FORMULATIONS OVER FOUR YEARS

5. PUBLIC HEALTH

We manufacture and sell general insect control chemicals by participating in public health tenders issued by governmental authorities. We also sell to pest management companies. We normally supply these products under our own brands – Alpha Shakti-5WP, Temper EC and Deltaflow – or in bulk as may be required by our clients.

PUBLIC HEALTH SALES OVER FOUR YEARS

Manufacturing infrastructure

Since we manufacture and export a wide range of products, we have a strong manufacturing infrastructure with state-of-the-art, integrated facilities. To continue innovation and offer improved, high-quality crop protection and public health solutions, we have set up a well-equipped R&D facility and quality control laboratory in-house in all three units.

OUR THREE INDEPENDENT MANUFACTURING UNITS ARE SITUATED IN THE INDUSTRIAL BELT OF VAPI, A PRIME INDUSTRIAL TOWNSHIP IN GUJARAT.

Unit I

Unit I is an ISO 14001 2015 certified unit, it manufactures a wide range of synthetic pyrethroids.

Unit II

Unit II manufactures high-quality derivatives of CMAC as per requirements. Cypermethrin and Alphacypermethrin technicals are also manufactured in this plant.

Unit III

Unit III is our ISO 9001: 2015 certified unit with a modern formulation and packing facility capable of handling large capacities of liquid, powders and granules. It specialises in various formulations to cater to the Indian market as well as for export. The unit has a rooftop solar plant generating 185 KW per annum for captive consumption, in addition to the Gujarat Electricity Board (GEB) power connection of 750 KVA.

All our units are equipped with effluent treatment systems to minimise solid, liquid and gaseous effluents and emissions generated from our processes.

^{*} Includes 750 KVA from Gujarat Electricity Board (GEB) plus 4,600 KVA from Dakshin Gujarat Vij Company Limited (DGVCL)

[#] Includes 32,700 sq. m at Unit III, Sarigam plus 34,600 sq. m at Saykha GIDC

Manufacturing process

The process of manufacturing our products can be broadly classified into three stages:

Reaction

The bromine source or other elements are introduced into the molecule. This chemical reaction is known as halogenation. Bromine is a highly corrosive element, so halogenation takes place in a glass-lined reactor. The size of reactors used in different manufacturing processes range from 2 KL to 25 KL depending on the desired batch volume.

Purification

The process of purification depends on the nature of the product. In the case of liquid products, purification involves vacuum distillation, atmospheric distillation, water wash, etc. whereas for solid products, the process involves crystallisation, filtration, centrifuge, drying, etc.

Final blending and packing

The purified material is blended in glass-lined or stainless-steel reactor to make a uniform homogeneous batch and then packed into drums or IBCs suitable for storing the final product.

Formulation and packing capabilities

Liquid formulations and packing

Powder formulations and packing

Granular formulation and packing

Suspensions concentrate formulation and packing

Capsulated suspension formulation and packing

Flowable concentrate for seed treatments and packing

Spray Dried WDG set up under installation

R&D centres

To remain relevant in the market and stay ahead of competition, we must introduce new products and expand our business. At our state-of-the-art R&D centre, we are focusing on developing cost-effective processes for manufacturing active ingredients and intermediates for herbicides, insecticides and fungicides and new formulations of crop protection products. We have also set up our pilot formulation development lab equipped with equipment such as bead mill, air jet mill, extruders and fluidised bed dryer.

Our R&D facilities at Units I and II are recognised by the Department of Scientific and Industrial Research, Ministry of Science & Technology, Government of India (DSIR).

Our new R&D facility at Unit III, Sarigam became operational from October 2020. It has the latest technology and processes required to conduct research on active ingredients and formulations. We have initiated R&D tests for the following products for selling them for export market:

- 2 fungicide products, which will be effective on rice and fruits and vegetable
- 2 herbicide and 1 insecticide product, which will be effective on Soya bean, Maize, Rice, Cotton, Ground Nut and Sugarcane

Our team of well-qualified research personnel and scientists work together to continuously improve existing products and develop new solutions. They are supported by modern equipment and technology to develop new products.

22 members

R&D TEAM

Quality control laboratory

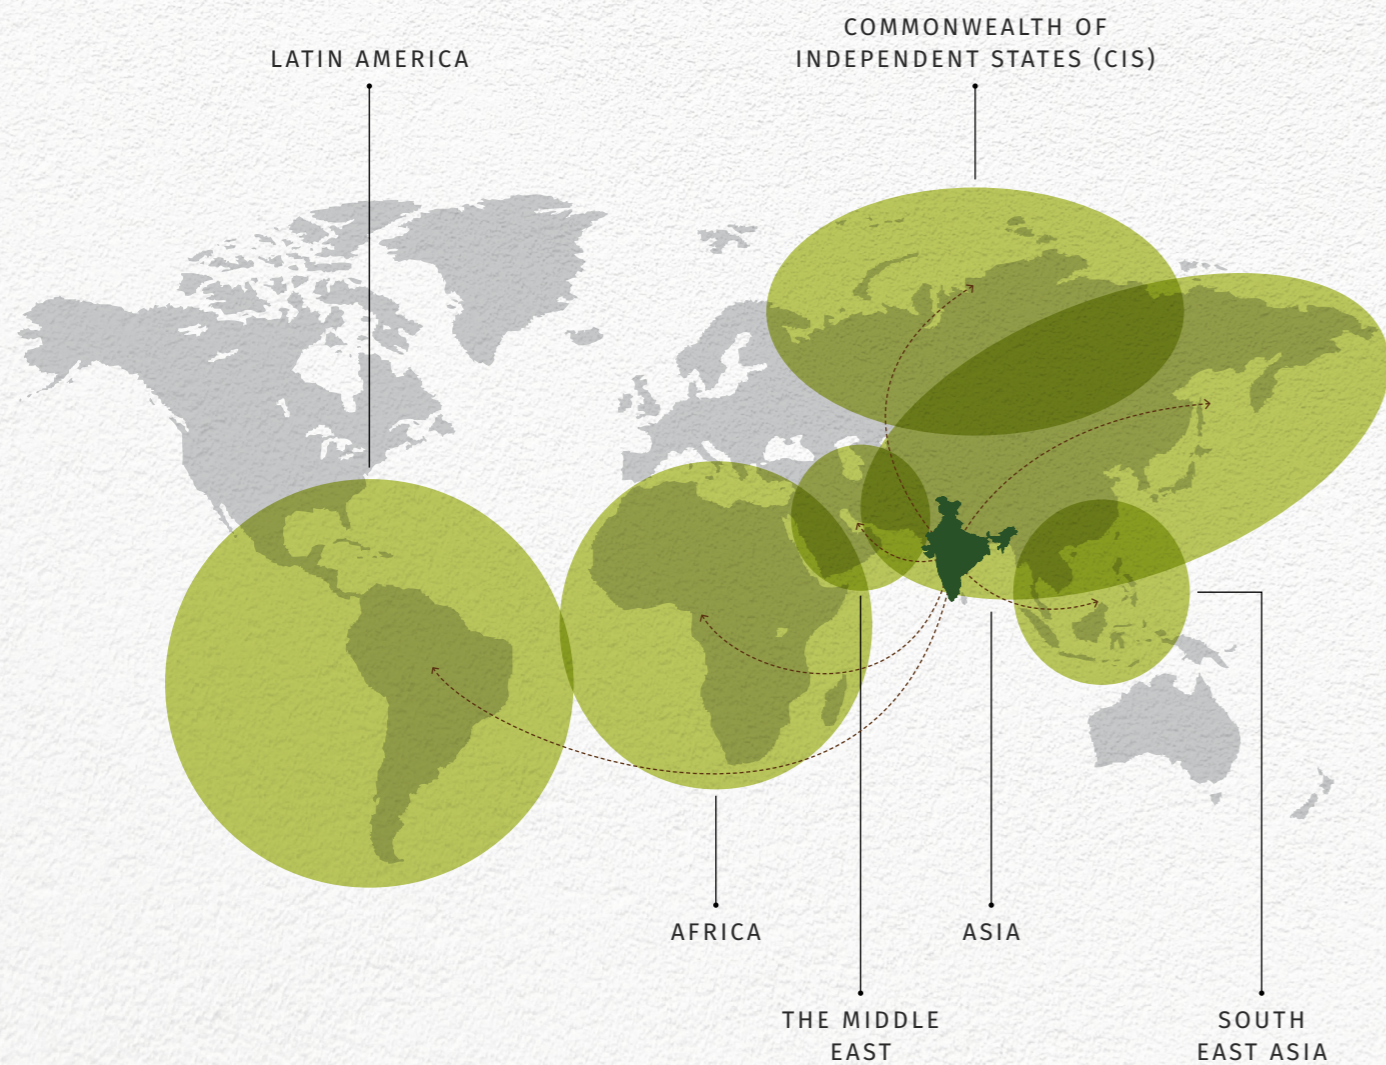

All our units have fully equipped and independent quality control laboratories to monitor the quality of input materials, in-process materials and finished goods. Our laboratories are equipped with sophisticated equipments such as High-performance Liquid Chromatography (HPLC), Gas chromatograph, UV spectro-photometer, Moisture analyser, Particle Size analyser, Electron Microscope. We conduct classical analysis on the melting and boiling points of products and also perform chemical analysis. We also are well equipped to support our Export Division for identifying and quantifying impurities that are so essential for Business in Export Markets.

Our quality assurance laboratories of Unit I and II have been accredited with ISO/IEC 17025:2005 certification by NABL.

Growing presence

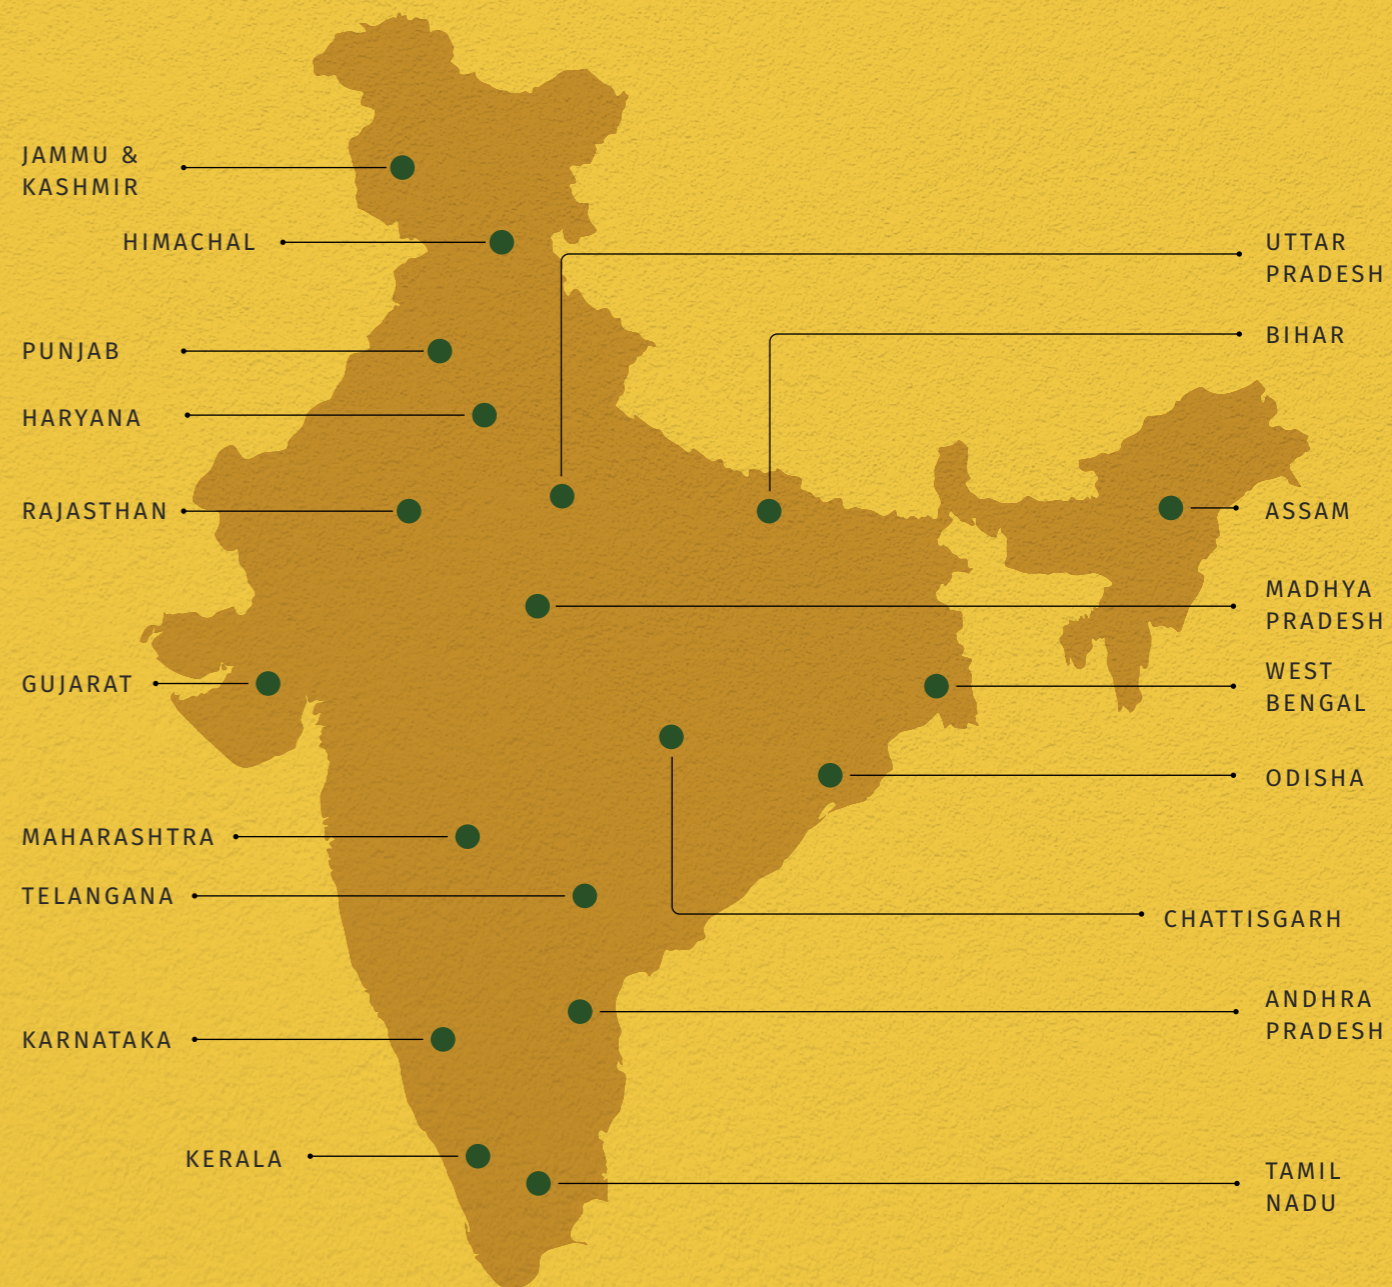

Our innovative technology and quality products are also trusted by organisations globally. 50% of our products are exported to 60+ countries across the seven continents. Over the years, we have also grown from strength to strength in the formulations segment and have established more than 100 brands across 21 stock points in India.

Message from the Chairman

We have also adapted very well to the *'new normal'*

DEAR SHAREHOLDERS,
I sincerely hope all of you are safe and in good health during these trying times.

The COVID-19 pandemic and the related lockdowns have disrupted economies, businesses and society in a never-seen-before manner. While the virus did manage to shake our bearings, what came out strong is the resilience of the human race. We continued to stay united during these times and as a race, have managed to gradually flatten the curve. We have also adapted very well to the 'new normal'.

“Agro chemicals sector is poised for significant growth in the coming years and as an organisation that is a part of the entire value chain of agrochemicals, we are confident of reaping the wide range of opportunities that are in store.”

In the hope of a healthier and stronger future, I am pleased to share our maiden Annual Report after our listing on the stock exchanges in March 2021. I would like to thank all our investors and shareholders for their tremendous support and confidence in Heranba Industries Limited. You made our IPO a great success. As a listed entity, we are aware of the responsibilities vested in us to create, retain and enhance value for all our stakeholders. This report showcases our strengths and growth strategies that will allow us to fulfil this responsibility.

THE YEAR IN RETROSPECT

The first quarter of FY2021 witnessed significant contraction in India's GDP. However, with strong recovery measures from the government, the economy gradually came back on the growth trajectory. Several core sectors witnessed green shoots of growth supported by policy-driven initiatives and improved demand from the retail and rural segments.

Recognising the Indian agrochemical sector's untapped potential for growth, the government is focusing on supporting the industry with the development and adoption of new technologies and techniques, while facilitating investments in the sector. Thus, the sector is poised for significant growth in the coming years and as an organisation that is a part of the entire value chain of agrochemicals, we are confident of reaping the wide range of opportunities that are in store.

IMPACT OF AND RESPONSE TO COVID-19

During the year, we took proactive steps to guard the safety of our people. We ensured that our people followed social distancing and personal hygiene, and wore masks at all times to avoid the spread of the virus.

While the lockdown required private, commercial and industrial establishments to remain shut, we were allowed to operate since manufacturing

of agrochemicals was considered an essential sector. However, we did shut down our Vapi and Sarigam facilities for a few days to take stock of the situation and came up with safety and work-related protocols. We also faced challenges such as labour non-availability supply chain constraints and logistics issues in April 2020, which caused our manufacturing facilities to operate at a sub-optimal capacity. However, despite the hurdles in our way, I am pleased to inform you that we have reported significant growth in our performance for FY2021.

FUTURE-FOCUSED

The agrochemicals sector has huge potential for growth, especially in India, due to the country's capability in low-cost manufacturing, availability of technically trained human resources, seasonal domestic demand, ample capacity, better price realisation, and a strong presence in generic pesticide manufacturing.

While we might continue to face the impact of the pandemic for the coming few months, we will continue to draw strength from our existing customer relationships in India and overseas, our robust business model and steady financials. We will continue to develop new, improved solutions in our three product segments of intermediates, technicals and formulations through our R&D capabilities.

As we look ahead to a year of recovery, we will continue to prioritise corporate governance and employee well-being. We will continue to set benchmarks in India's agrochemicals sector and leave no stone unturned in creating sustainable value for all our stakeholders.

Best wishes,
SADASHIV K. SHETTY
CHAIRMAN

From the MD's desk

DEAR SHAREHOLDERS,

I am delighted to present to you our first Annual Report as a listed company. The report presents the growth story of Heranba Industries Limited and I am proud to be leading an organisation that is a crucial contributor in the entire value chain of the agrochemicals industry.

During the year, our focus was on the health and safety of our people. We did and continue to do everything in our capacity to ensure their well-being. Through our value-added products, we continued to create brand recall among our customers and are also exploring new geographies to expand our export footprint. While we worked towards more efficient operations, we also enhanced our focus on sustainability and community empowerment.

RESILIENT PERFORMANCE

I am glad to inform you that despite the challenges posed by the pandemic, your Company managed to deliver steady growth during the year. Our total income stood at ₹12,256.77 million in FY2021, up by 26.63% from ₹9,679.06 million in FY2020. EBITDA also recorded a growth of 56.54% y-o-y to reach ₹2,283.69 million. Our PAT was up by 57.93% y-o-y

and EPS (diluted) stood at ₹39.41 compared to ₹25 in FY2020, recording a growth of 57.64% y-o-y.

Further, we broke new ground for capex at our Vapi unit. The expansion will allow us to set up an additional capacity of 24,900 TPA for manufacturing insecticides, fungicides, herbicides and pesticides intermediates. Commercial production is expected to begin in Q3 FY2022. We have also acquired an industrial plot instead of shed, which we will renovate and merge with Unit II, to enhance our production capacity and upgrade our environmental control facilities.

Our growth over the years has been possible only because of the passion and dedication of our people and the leadership and guidance of our Board and the senior management.

FOCUS ON EMPLOYEE WELL-BEING

Our people have been our backbone and growth driver. Each day, they come to work determined to develop and deliver our crop and public health solutions to farmers all over the globe. When the pandemic struck, we knew that our first duty was towards our skilled workforce. Being categorised under essential services, we were allowed to operate during the pandemic. However, to ensure the safety of our people, we asked our administrative staff to work from home. Laptops and computers were made available to them with ERP. Strict hygiene is maintained at our offices and manufacturing facilities. Every employee entering the premises of our facilities was subject to thermal screening. We ensured our people wore gloves and masks at all times. To spread awareness among our people, we undertook sanitation and awareness campaigns through videos, mailers and posters.

BEING A SOCIALLY RESPONSIBLE CITIZEN

Our ambition is to achieve the twin goals of financial profitability and social prosperity. We are aware of our role as a responsible corporate citizen and carry out social activities in remote areas where our factories are situated. To safeguard the environment and uplift and empower livelihoods, we undertake tree plantation drives.

“We are looking to register our products in the regulated markets of Europe, USA and Latin America. There have already been some positive developments in the EU market and we expect the momentum to continue in the US and Latin America markets as well.”

We also distribute appliances for the specially abled and make donations to various NGOs to aid them in carrying out activities of social empowerment.

A FUTURE FULL OF OPPORTUNITIES

With our listing on the stock exchanges this year, a wide range of opportunities have opened up for us to explore. In the near future, our focus will primarily be on strengthening our R&D capabilities, including the pilot plant facility. At present, we have developed five molecules (two fungicides, two herbicides and one insecticide). We will also enhance our production capabilities and expand our branded formulations and public health business. In addition, our priority will be to focus on product registrations in foreign markets to enhance the export of our technicals and formulations. We are looking to register our products in the regulated markets of Europe, USA and Latin America. There have already been some positive developments in the EU market and we expect the momentum to continue in the US and Latin America markets as along with untapped market. We also see a good potential in our existing markets..

With these focus areas, we are confident of entering regulated markets and other untapped geographies in export markets.

We are proud of the Company we have built and I would like to express my sincere thanks to those who have made it possible – our people, investors, shareholders, the Board and management and the communities around us. We have been able to continue tenaciously on this journey only because of your constant support and faith in us. Together, let us build a stronger Heranba Industries Limited.

Best wishes,

CHAIRMAN AND EXECUTIVE DIRECTOR

Member of Corporate Social Responsibility Committee

Sadashiv K. Shetty holds a bachelor's (Physics and Chemistry) and master's degree in Science (Chemistry) from University of Mysore. He has more than 3 decades of experience in the agrochemicals industry. He is responsible for the overall supervision, direction and management of the Company and is fully involved in its day-to-day affairs and future business strategies. He has been instrumental in new product development and addition of capacities. Prior to this, he was associated with Sudarshan Chemical Limited, Gharda Chemical Limited, Hoechst Pharmaceuticals and Nirlon Limited.

2. Raghuram K. Shetty

MANAGING DIRECTOR

Member of Stakeholders' Relationship Committee

Raghuram K. Shetty holds a bachelor's degree in Economics from University of Mysore. He has pursued a government commercial diploma from the Department of Education, Bureau of Government Examinations, Maharashtra. He has also done a diploma in export and import management from the India International Trade Centre, Mumbai. He has more than three decades of experience in the agrochemicals industry. He has been instrumental in developing the export business of the Company.

3. Sujata S. Shetty

WHOLE-TIME DIRECTOR

Sujata S. Shetty holds a bachelor's degree in Commerce from University of Mumbai. She has more than 18 years of experience in the agrochemicals industry. She looks after the administrative functions of the Company.

4. Vanita R. Shetty

WHOLE-TIME DIRECTOR

Vanita R. Shetty holds a bachelor's degree in Science (Botany, Geology and Chemistry) from University of Poona. She has over 18 years of experience in the agrochemicals industry. She handles human resource related activities in the Company.

5. Raunak R. Shetty

WHOLE-TIME DIRECTOR

Raunak R. Shetty holds a bachelor's degree in Commerce from University of Mumbai and is an associate member of the Institute of Chartered Accountants of India. He has more than two years of experience in the field of accounts and finance. He looks after product development and finance in the Company.

Strengths

Our strategic ambitions to grow our business and reach our products to every part of the world rest on the pillars of our foundation, which we have strengthened over the years. These pillars allow us to provide differentiated products to meet the diverse needs of our customers and improve our productivity and efficiencies.

01

Presence across the value chain of synthetic pyrethroids

Since we manufacture intermediates, technicals and formulations, we form an integral part of the entire value chain of synthetic pyrethroids and other active ingredients in the agrochemicals business. Our presence across the value chain, along with our strong manufacturing capabilities, allows us to shift between products depending on the demand and supply, and the pricing dynamics of the domestic and international agrochemicals markets. Our five business verticals offer us opportunities to enhance revenue and profitability.

We are also expanding our product pipeline – we are awaiting approvals from the CIB&RC for the manufacture and sale in India of 16 technicals and numerous formulations, 7 technicals and formulations for the export markets, and 172 technicals and formulations filed for registration by our international distribution partners in 41 overseas jurisdictions, excluding Europe.

02

Product registrations in Indian and global markets

We have robust R&D and quality control capabilities, which allows us to continuously innovate and offer improved, customised solutions to our clients. We conduct extensive research on active ingredients to create new formulations, for which we prepare dossiers for national and international registrations. Our in-house registration team is led by qualified personnel who facilitate the registration process in India with the CIB&RC and our dealers and customers in overseas jurisdictions, including some highly regulated markets such as Europe. This allows us to manufacture and export a range of technicals and formulations in the international markets.

03

Strong product portfolio and wide

We have over 16 technical products in our portfolio and another 5 in development. We manufacture and supply technicals to leading domestic and multinational agrochemical companies operating within and outside India. These organisations use our technicals to manufacture their own formulations. We supply our formulations to farmers for crop protection and care. To meet the demand from farmers, we have 9,400 dealers and distributors supported by 21 stock depots in 16 states and one union territory in India.

We participate in various international and domestic agrochemical exhibitions and industry conferences to market our products. Our sales and marketing teams travel extensively to maintain enduring relationships with existing and potential customers. We educate farmer communities all over India on crop care and protection by conducting farmer training camps, and participating in village-level programmes and district exhibitions.

04

Diversified and stable customer base

Through our registered high-quality and cost-effective products, we have gained the trust of customers in 16 states and one union territory of India and 60 countries globally. We are proud to be the trusted suppliers of several renowned domestic and multinational agrochemical companies.

Key Clientele

05

Experienced leadership team

We have a strong and dedicated Board and management team, with varying levels of expertise. Our promoters have more than 30 years of individual experience in the agrochemicals sector. They manage the operations of our Company, right from manufacturing and marketing to exporting our products and charting future business strategies. They are also instrumental in the development of new products and venture into markets, both domestic and international. We believe in building a team of young people with new ideas and experienced people who can guide and direct the team, to reach new levels of growth.

Growth strategy

To continue reaching new heights of success, we have defined a growth strategy – a roadmap that will help us realise our vision of becoming the preferred world leader in the agrochemicals space.

Enhancing and streamlining production capacities and operations

We have three manufacturing and packaging facilities in and around the industrial belt of Vapi, Gujarat with 174 reactors having an aggregate manufacturing capacity of 14,024 MTPA. Unit I is dedicated to manufacturing technicals, Unit II for derivatives of CMAC and Unit III in Sarigam manufactures formulations in liquid and powder forms, which are then packed in various sizes as per the required dosage for each crop on a per acre basis. The 55,000 sq. m land on which Unit III stands was acquired by us in 2018 on a lease basis from GIDC. Of the 55,000 sq. m of land, Unit III uses 22,300 sq. m, while the remaining land will be utilised for manufacturing intermediates and technicals, and for establishing administrative facilities. In addition to the land at Sarigam, we have another parcel of land of ~34,600 sq. m at Saykha, GIDC-Dahej extension, Gujarat. We have applied for environmental clearance of the land in Saykha to the Ministry of Environment (Forests and Climate Change), India for the proposed expansion of our manufacturing facilities.

Development of new products

With all the growth drivers in place, we are confident of leveraging the sea of opportunities with our modern infrastructure facilities and robust growth strategies to become a renowned name in the global agrochemicals market. To enter the regulated markets as well as to penetrate deeper in our existing market, we have enhanced our R&D facilities and capabilities by establishing a 2,000 sq. ft R&D facility at Unit III in Sarigam. The R&D centre is equipped with the latest technology and processes required to conduct research on active ingredients and formulations, mainly of molecules going off-patent in the near future. We are focussing on multiple niche & off patent molecules of which 5 molecules have been taken up on 1st phase. We have a strong team of R&D professionals and technicians who use their expertise and skills to develop improved products to meet the evolving demands of customers.

Entering the Europe and US markets

To expand our footprint in the Europe and US markets, we are enhancing our R&D capabilities and focusing on registering the generic versions of technicals' molecules and formulations in the two geographies. We believe there is significant growth potential in these markets with higher margins for our existing and new line of products. We are confident of leveraging our knowledge of the generic agrochemical markets, existing dossiers and registrations across the world to enable new registrations in these highly regulated markets. Our international distribution partners in Europe and the USA have already received or are in the process of receiving the registrations for various molecules.

Indian pyrethroids market

The Indian pyrethroids market is projected to grow at a CAGR of 8.5% during 2020-2025, reaching a production volume of 25,398 tonnes by 2025. Moreover, the production and consumption value are expected to reach a value of US\$ 462 million and US\$ 205 million by 2025, exhibiting a CAGR of 12.5% and 19.6%, respectively.

Read more on the industry in our 'Management Discussion and Analysis' on page 36

Expanding the reach of formulations and technicals in international markets

Sales in the international markets require registration of our formulations with the respective regulatory authorities in various overseas jurisdictions. Our international distribution partners file the application along with various details of the formulations with the respective regulatory authorities. We intend to leverage our existing relationships in the international markets to sell our new products and develop new relationships on the back of our high-quality product portfolio.

Typically, the sale of formulations in the international markets is undertaken by way of tie-ups with international distribution partners who import our formulations, in bulk or final packages, after registration with the local regulatory authority, and sell them mostly under their own brands in their markets. The name of our Company appears on the label of the package of the product as the 'source' or 'manufacturer'. We comply with the local packaging disclosure requirements for the direct export and sale of our formulations.

The manufacture and supply of technicals depends on the demand-supply dynamics in international markets. Our international distribution partners present in these markets regularly provide us the information on the demand-supply situation and place orders accordingly. Our Company officials also travel extensively to various countries to understand the demand-supply patterns.

Till date, we have 103 technicals and formulations for export, and 371 technicals and formulations registered in 41 countries in the international markets by our international distribution partners. We are, thus, well placed for growth in the international markets.

Strengthen and grow the branded formulations and public health products segment

We will continue to manufacture and sell formulations under our own brands in India and enhance our focus on manufacturing and marketing public health products. Some of our branded formulations have already made a name among the farmer community.

Refer to page 07 for a list of our branded products.

Our public health products, which comprise insect control solutions, are supplied to municipal corporations and government bodies or agencies through a bidding process for tenders issued by them for purposes such as controlling the spread of malaria and other such diseases. We also supply these products to pest control companies. We have been able to successfully bid for government tenders issues by the central and state governments on the basis of our high product quality, large supply volume and an impeccable track record. We supply these products under our own brands, such as 'Temper' and 'Rat Kill', or in bulk – as required by them.

Corporate governance

At HIL, we set high ethical standards for the Company and for our people. Integrity is an essential part of our culture. Transparency and fairness characterise the responsible manner in which our business is managed. We are a proactive corporate citizen and our values guide our interaction with our customers, colleagues and other stakeholders.

GOVERNANCE FRAMEWORK

We have adopted a well-defined corporate governance framework in which the Board is responsible for ensuring ethical practices. The Board is supported by four committees that play a crucial role in identifying, mitigating and managing risks. Our Company Secretary acts as the Secretary of all the committees.

COMPOSITION OF THE BOARD

CODE OF CONDUCT

The Board of Directors of the Company have approved a Code of Conduct applicable to the Members of the Board and all employees in the course of day-to-day business operations of the Company. As an organisation, we adhere to a 'zero tolerance' policy towards bribery, corruption, and unethical dealings or behaviours and the Code comprises directives to counter such acts.

All the Board members and senior management personnel have confirmed compliance with the Code. We have provided the necessary training on adherence to the Code to all management staff.

Audit Committee

The Audit Committee reports directly to the Board of Directors and regularly reviews financial statements, internal audit reports, audit plans, significant audit findings, adequacy of internal controls, compliance with accounting standards and more. It also undertakes the evaluation of internal financial controls and risk management systems.

Stakeholders' Relationship Committee

The Stakeholders' Relationship Committee periodically reviews the functioning of the shareholder/investor grievance redressal system and oversees improvements in the same, besides reporting serious concerns, if any.

Nomination and Remuneration Committee

The Nomination and Remuneration Committee regularly reviews the remuneration of Directors and persons who may be appointed to senior management and key managerial positions. It also recommends the appointment and removal of the directors to the Board and carries out the evaluation of every director's performance.

Corporate Social Responsibility Committee

The Corporate Social Responsibility Committee formulates and recommends to the Board a CSR Policy which shall indicate the activities to be undertaken either by the Company or through an implementing agency. It also periodically determines and reviews CSR expenditure and social projects as well as their implementation.

Managing risks

Our business is diverse, entrepreneurial and international. Thus, our operations face a significant number of risks. To safeguard our business, we have developed a systematic risk management approach that helps us to proactively identify, assess and manage potentially significant risks.

Our risk management framework is a key mechanism for achieving our short-, medium- and long-term goals.

RISK MANAGEMENT PROCESS

Identification of potential risks

Monitoring and reviewing the risk

Mitigating the risk

Evaluating and analysing the risk

Monitoring the risk

RISKS AND MITIGATION MEASURES

RISK TYPE	MITIGATION MEASURE
Business operations risks	
<i>The Company may face risks related to planning, monitoring and reporting systems in the day-to-day management process.</i>	We have a well-defined organisation structure, which ensures seamless flow of information between departments. We ensure sufficient raw material stock and have back-up power-generating capacity to ensure continued production and also undertake steps to reduce production cost. An effective HR team ensures that the right talent is hired and retained.
Liquidity risks	
<i>The Company may face risks related to financial solvency, borrowing limits and cash management.</i>	To safeguard the business against these risks, we ensure proper financial planning through annual and quarterly budget, variance analyses and daily cash flow estimates. We avail cash management services from banks to avoid loss of interest on collections. Exposure to foreign exchange transactions are supported by bank guarantee and suitable hedging policy.
Credit risks	
<i>The Company might be exposed to risks in settlement of dues by clients.</i>	We have set up systems to assess and ensure the creditworthiness of our customers.
Logistics risks	
<i>The Company might incur a risk on the use of outside transport services.</i>	We source only committed and dedicated service providers. To optimise operations, we have explored a combination of transportation modes through road, rail, sea and air. We also have a comprehensive transit risk insurance coverage for all incoming and outgoing goods.

RISK TYPE	MITIGATION MEASURE
Market and industry risks	
<i>The Company may face risks related to demand and supply, quality, quantity, lead time, suppliers, interest rate, raw material prices and interruption in raw material supply.</i>	We procure our raw materials from different sources at competitive prices. While we have no control over the demand and supply, we plan our production and sales based on our experience. For uninterrupted raw material supply, we source them from multiple providers and have put in place proper inventory control systems.
Human resource risks	
<i>As a growing organisation, the Company is exposed to risks related to employee replacement, training and redundancy in skills.</i>	Our HR team ensures proper recruitment of new talent and performance-based appraisal of existing talent to keep them motivated. We upskill our people through regular training and undertake employee engagement and welfare activities.
Disaster risks	
<i>The organisation might be hit by natural disasters such as fire, floods and earthquakes.</i>	While we cannot control natural disasters, we ensure our preparedness for them. Our property is insured against natural risks. Fire hydrants have been installed at all manufacturing locations and regular fire safety drills are carried out. First-aid training is given to watch and ward staff and safety personnel. Our workmen are covered under Employee State Insurance (ESI), Employee Provident Fund (EPF), etc.
System risks	
<i>The Company's systems might be exposed to data integrity, and coordinating and interfacing risks.</i>	Our systems administrator monitors and upgrades systems regularly. Our data is secured by passwords and we use only licensed software in our systems. We have also enabled access control to ensure data security.

Uplifting livelihoods

For us, profits go hand in hand with social commitment. We want to support people along our value chain by helping them create decent and resilient livelihoods.

We undertake our CSR activities in remote areas where our factories are situated. We focus primarily on improving the health of the lesser privileged sections of the society.

₹ 35.51 million
CSR SPEND FOR FY2021

DURING THE YEAR, WE UNDERTOOK THE FOLLOWING ACTIVITIES

Distribution of appliances for the physically impaired

Tree plantation

Donation to NGOs

Management Discussion and Analysis

GLOBAL ECONOMY

One year after the Covid-19 pandemic, the world population continues to face intense social and economic pressure as the death rate continues to increase and millions remain jobless. Despite the high degree of confusion around the pandemic's course, a path out of this health and economic crisis is becoming progressively apparent. Hundreds of millions of citizens are being vaccinated with global vaccination efforts, which is likely to fuel recovery efforts in several countries later this year. Additionally, economies have begun to respond to modern forms of operating despite decreased mobility, resulting in a greater than expected regional recovery.

According to the IMF, global GDP is forecast to grow by 6% in 2021, before slowing to 4.9% in 2022. The forecasts for 2021 and 2022 are more optimistic than those in the October 2020 WEO report. The upward revision represents increased fiscal stimulus in a few major economies, the expected vaccine-driven rebound in the second half of 2021, and economic activity's continuing adaptation to the new normal. Because of the pandemic's trajectory, the future is fraught with uncertainty; however, strong policy assistance in bridging the gap to vaccines and returning to normalcy is contributing to an optimistic evolution of financial conditions.

IMF FORECAST

INDIAN ECONOMY

Though India's vicious COVID-19 Second wave continues to astound the nation, several economic organizations have begun revising their estimates for Indian GDP for the fiscal year 2021-22, with Oxford Economics downgrading India's development to 10.2% from 11.8%. The UN predicts that India's economy will grow by 7.5% this CY21 and 10.5% the following year, though with the emphasis that the outlook is "very fragile" due to the brutal Covid-19 second wave. The UN outlook for India is lower than the International Monetary Fund's (IMF) optimistic 9.5% forecast last month for FY21 & higher than 8.5% for FY22.

As per the Centre for Monitoring the Indian Economy (CMIE) around March and April 2020, farmers lost virtually no jobs and increased employment year over year. However, 6 million fewer farmers were employed in April 2021 than in March 2021, and 3 million fewer farmers were employed in April 2020. The medium-term growth forecast for the country is projected to strengthen to about 7.3% by 2025, owing to solid macroeconomic fundamentals such as low inflation, the execution of critical structural reforms, and strengthened fiscal and monetary policies.

IMF FORECAST

AGRICULTURE SECTOR OVERVIEW

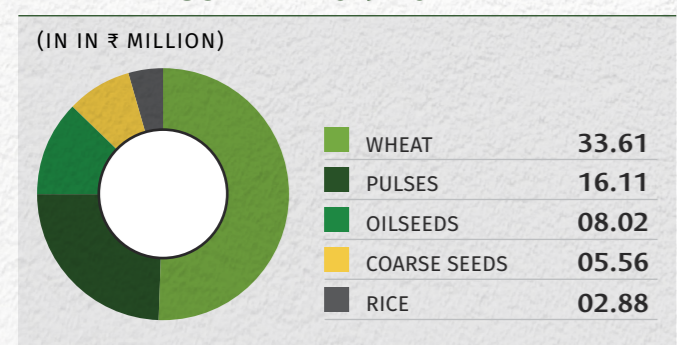

The Indian economy has grown dramatically in the post-independence period, from a ship-to-mouth economy to one of the world's largest economies. Agriculture is now the largest sector of the Indian economy. Along with significant structural reforms, government programmes such as the Green Revolution have been instrumental in reforming the country's agriculture sector and stimulating economic development. The vision of India being a USD 5 trillion economy by 2025 has given strategic guidance to all sectors in India, and they are currently engaged in developing their roadmaps for sustainable development.

According to the most recent Economic Survey of India, India is transforming into a service economy. However, India remains a leading agrarian market, with a 16% agricultural-to-GDP ratio, compared to the global average of 6.4%. At 16% of GDP, USD421 billion in GVA, 44% of the workforce working, 9th in agricultural exports to the world, and record absolute production of food grains and horticultural crops (nearly 300 MTs of each), Indian agriculture generated historically high yields in 2020, amid a slowdown in overall economic development. Nonetheless, the largest employer in all industries is grappling with historically low property, manpower, capital, and digitalization tools. Tractors are used on less than 1% of overall agriculture, as 87% of farms are less than 3 acres in scale, making mechanization economically unviable. As a result, the country has one of the world's lowest farmer incomes, at USD 1,700 per farmer. This factor has resulted in more space for growth and development in the Agriculture sector going ahead and matching the world standards.

KHARIF AREA SOWN IN 2020-21*

RABI AREA SOWN IN 2019-20*

(Source: IBEF) (*As on January 31, 2020)

Following the India Meteorological Department's (IMD) prediction of a 'normal' monsoon, the government has set a new record goal of increasing food grain production by 2% YoY during the 2021-22 crop year, which begins in July. The goal for overall food grain production in 2021-22 is a record 307.31 million tonnes (MT), with 151.43 MT produced during the kharif season and 155.88 MT produced during the rabi season. In 2020-21, output was 303.34 million tonnes, above the goal of 301 million tonnes. Rice output has been set at 121.1 million tonnes (MT) for 2021-22, wheat production at 110 million tonnes (MT), pulses at 25 million tonnes (MT), coarse cereals at 51.21 million tonnes (MT), and oilseeds at 37.5 million tonnes (MT). Agriculture productivity is expected to remain robust in the coming years as a result of favourable crop prices and steady reservoir levels. Thus, the upcoming Kharif season appears to be stable for domestic agri-input firms from an industry perspective. Government support, robust demand for paddy crops and pulses, and a normal monsoon will all significantly contribute to the industry's growth.

The Government of India (GoI) has implemented a series of reforms to boost the agriculture sector's functioning and double farmers' income by 2022. These reforms include a focus on agriculture marketing, expanding farmers' access to institutional credit, and liberating the sector from numerous constraints through adequately backed legislation. These reforms are to bolster rural economies and lend significant support to the vision of a modern India. The agrochemicals sector is projected to play a significant role in achieving the government's goal.

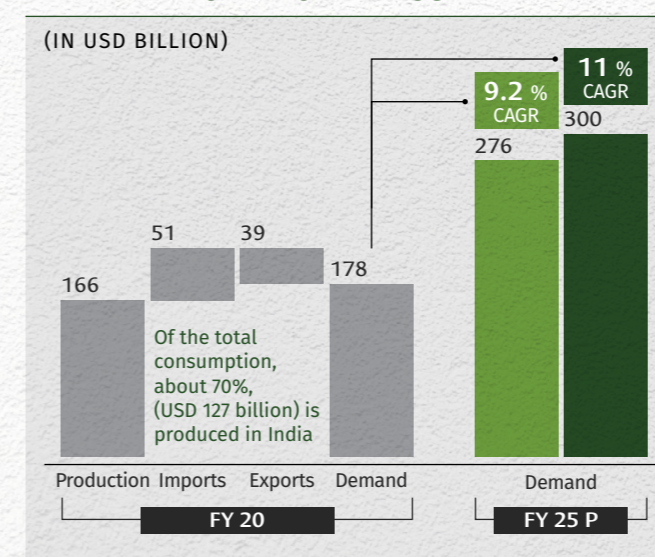

GOVERNMENT POLICIES TO SUPPORT AGRICULTURE AND ALLIED SECTORS

- The Government of India has announced Minimum Support Prices (MSPs) for 22 mandated crops; and fair & remunerative prices for sugarcane, with a view to encouraging higher investment and production.
- Pradhan Mantri Kisan Samman Nidhi- Under this Scheme, an income support of ₹ 6000 per year is provided to all farmer families across the country, in three equal instalments of ₹ 2000, every quarter.
- In the last Budget FY21-22, the government underlined the important role agriculture has played in these difficult times and has taken the following measures to enable its growth further:
 - To raise MSP to 1.5 times the cost of production.
 - The credit target for agriculture has been raised from 15 lakh crores in FY21 to 16.5 lakh crores in FY22.
 - Focus on agri-infrastructure and product creation through Cess.

CHEMICAL INDUSTRY OVERVIEW

Historically, multinational chemical companies have streamlined their supply chains to the point that most raw materials are already sourced from only one or two countries. This supply chain concentration was prompted by the desire to reduce prices, the need to manufacture greater volumes, and tighter environmental standards in developed countries. Global Value Chains (GVCs) have, though, developed quickly over the past few years. Global trade uncertainties, increasing environmental restrictions and growing labour costs in China, a possible overall diversification of global manufacturing ('China+1'), and the effects of the Covid-19 pandemic are driving the next phase of value transfer in chemicals from China to markets such as India.

THE INDIAN CHEMICAL INDUSTRY MARKET

THE INDIAN CHEMICAL INDUSTRY MARKET BY SUB SEGMENTS IN FY20

India is on the verge of an industrial boom, and the Indian chemical industry has the opportunity to become a world leader in chemical manufacturing. The pandemic of Covid-19 has initiated many changes in global trade and supply chains, presenting India with an ability to quickly expand its reach and capabilities throughout the Chemical Industry. India's core advantages involve a demographic dividend

and the resulting supply of skilled labour, an increasingly increasing middle class, a stable long-term growth forecast for GDP, and many government policies aimed at enhancing the chemicals sector's global competitiveness.

GLOBAL CROP PROTECTION MARKET

Crop protection chemicals are primarily classified into insecticides, herbicides and fungicides, followed by nematicides and rodenticides. This classification is based on the fact that a crop needs protection against insects, plants, fungi, nematodes, or rodents. According to a recent report by Technavio, the agricultural pesticides market is expected to grow by USD 26.23 billion between 2021 and 2025.

GLOBAL: AGROCHEMICALS MARKET: BREAKUP BY REGION, 2019

New technologies such as precision farming, integrated pest management (IPM), and the recent proliferation of off-patent products are dramatically reshaping the market. And it all has the ability to have an impact on agrochemical revenue. Although the future of agrochemicals appears to be promising, global population growth, coupled with increasing affluence, is causing a change in consumption habits. The key driver of demand for crop protection chemicals is the rising demand for food security to satisfy the needs of a growing population. Crop protection chemical industries are expected to grow rapidly as a result of increased pest attacks around the world. However, the sector faces risks as a result of long product production cycles and rising prices, increasing complexity of regulatory conditions, reductions in government agricultural subsidies, and the industry's increased speed of transition within adjacent markets.

INDIAN CROP PROTECTION MARKET

Agriculture has been instrumental in transforming India's development and creating employment opportunities for more than half of the population. Agrochemicals are becoming increasingly critical in feeding a growing population by raising agricultural output in the face of

declining agricultural land, inadequate irrigation coverage, and increasing strain on cultivable land.

The agrochemical industry has grown strongly as a result of rising domestic demand and exports. India is the world's fourth largest manufacturer of agrochemicals. According to a recent PwC study, the Indian agrochemicals industry was worth approximately ₹ 42,000 crore in FY20, with domestic consumption totaling approximately ₹ 20,000 crore and exports totaling approximately ₹ 22,000 crore. The industry is projected to grow at an 8–10% CAGR until 2025, owing to a number of growth drivers, including a growing population, decreasing arable land, increasing demand for high-value agricultural products, and increased efforts by industry and government to increase awareness and technology penetration.

INDIA: AGROCHEMICALS MARKET: BREAKUP BY PRODUCT TYPE, 2019

Pests and diseases kill between 20% and 25% of the food produced in India each year, costing the country H1.48 lakh crore in agricultural output due to rodents, weeds, and plant diseases. Agrochemicals are a critical input for crop safety and yield enhancement, as food crops deal with about 30,000 weed organisms, 3,000 nematode species, and 10,000 plant-eating insects. According to the study 'Doubling Farmers Income,' pesticides account for about 0.4% of the overall expense borne by farmers. India ranks fourth in terms of agrochemical output, behind the United States, Japan, and China, and is a net exporter of agrochemicals.

Currently, India's agricultural industry uses the least amount of agrochemicals in the world, with just 0.6 kg of pesticides used per hectare (ha), as opposed to the global average of 2.3 kg/ha. indicating that there is considerable growth potential for crop protection chemicals in India, as they increase agricultural production and compensate for farm labour shortages by widespread usage of them. In the export market, more business leaders are reorienting their strategies in the post-pandemic environment toward new approaches that combine the need for cost competitiveness

with the need for risk competitiveness. With continuity as the guiding principle for global supply chains, more businesses are implementing policies that emphasise dual or diversified procurement, supply chain streamlining, and manufacturing localization where possible.

GLOBAL PYRETHROIDS MARKET

Pyrethroids are synthetic chemical compounds that are volatile, soluble in water and have low mobility in soil. Owing to these properties, they are used to control pest insects in farms, homes, communities, restaurants, hospitals and schools. Pyrethroids, when compared with organophosphates, are safer for humans because mammals, unlike other classes of organisms, have more extensive enzyme systems that are capable of metabolizing and detoxifying the pyrethroid. The global pyrethroids demand is expected to hit USD 3.3 billion in 2020, according to a recent EMR report. Additionally, the industry is projected to grow at a CAGR of 4.2% between 2021 and 2026, reaching a value of approximately USD 4.3 billion by 2026. It was also reported that Asia Pacific is the primary consumer of pyrethroid insecticides, owing to the region's huge population. China, India, Malaysia, Thailand, and Indonesia are major users of pyrethroid insecticides for usage in a range of insecticide formulations. The demand in densely populated areas, like China and India, is rising rapidly, as is the population's income. This is expected to increase demand for hygienic goods and pyrethroid insecticides as a result. Significant industry players have established manufacturing facilities in this area due to the low cost of labour, as well as the availability of land and relatively lax chemical laws and regulations.

Heranba Industries is an attractive partner for large producers and organisations due to its size and worldwide delivery presence. Through its global presence, they are able to provide consumers with high-quality goods at affordable rates, as well as its increasing portfolio of innovative, differentiated products that address a broader spectrum of the needs across the crop lifecycle. Heranba's strong product line and global footprint, long-term consumer partnerships, protect the company from adverse seasonal or commercial pressures in any one region, while still offering a variety of expansion opportunities in major crop protection markets around the world, including high-growth markets like India and China.

INDIA PYRETHROIDS MARKET

According to the IMARC Group report, pyrethroid output in India hit 17,747 tonnes in 2019, increasing at a CAGR of 7.2% from 2014 to 2019. The industry achieved a volume of US \$313 million in supply and US \$110 million in demand in 2019, growing at a CAGR of 7.7% and 7.4%, respectively, from 2014 to 2019. Agriculture accounted for 79.5% of the global demand for Pyrethroids in 2019. Agriculture came in second place (17.1%), led by environmental health and animal health (3.4%). Looking forward, the report anticipates the Pyrethroids demand in India to increase at an 8.5% CAGR between 2020

and 2025, touching an output volume of 25,398 Tons by 2025. Additionally, the output and demand values are forecast to hit US \$462 million and US \$205 million, respectively, by 2025, showing a CAGR of 12.5% and 19.6%.

The product's widespread usage in agriculture and the residential sector is a major factor driving the pyrethroid market's rise. With a growing population and declining agricultural land, farmers worldwide are implementing creative farming methods to boost yields. Pyrethroids are widely employed in livestock and related sectors as a result. They are a more affordable option than conventional insecticides. Additionally, to compete with synthetic substitutes, producers focus on improving pyrethroid development and distribution. Additionally, since these insecticides are less toxic to humans and birds, they selectively replace organophosphates, which are widely found in plants such as carrots and lettuce. Also, demand for pyrethroids in fabric treatment and mosquito protection is increasing across the residential and industrial sectors, which is expected to further fuel the pyrethroid market's rise.

Heranba Industries' proven product production and registration capabilities in Indian markets enables it to rapidly produce and sell novel, distinguished, and value-added products and formulations. Its state-of-the-art manufacturing facilities and widely spread distribution network enable them to provide products to customers swiftly, which is crucial considering the weather-dependent aspect of crop production and crop protection product demand trends.

PUBLIC HEALTH MARKET OVERVIEW

According to a latest ResearchandMarket report, the global pest control market is expected to hit USD 22.7 billion in 2021 and rise at a 5.1% compound annual growth rate to USD 29.1 billion by 2026.

The pest control demand is a result of advances in insecticide formulations, increased urbanisation activity, and the emergence of megacities, both of which have had a significant effect on pest control demand. The widespread usage of chemical substances to eradicate or manage insect infestations has resulted in the production of pest tolerance to traditional pest control items. By pest category, the termites segment is expected to rise at the fastest rate in the market during the forecast period. Around 2021 and 2026, the residential market is expected to have the highest market share. The residential market is expected to provide a significant opportunity for pest control service providers. This opportunity is mostly driven by the growing middle class and increased buying power parity of people.

Asia Pacific is expected to be the fastest-growing market according to the same report, owing to the high potential

for growth associated with large-scale urbanisation and the growing need for pest control in China and India's megacities. Additionally, the report notes, service providers and pesticide manufacturers are focusing their efforts on the Asia Pacific area in response to growing consumer awareness of pests and are aiming to increase their market share through joint ventures and acquisitions.

COMPANY OVERVIEW

Heranba Industries Limited (HIL) is one of the leading agrochemical companies in India. It provides innovative crop care solutions to farmers and public health products such as pesticides to pest control companies. We manufacture intermediates, formulations and technicals through our three state-of-the-art manufacturing facilities in and around the industrial belt of Vapi, Gujarat. We have an in-house R&D team for product development and improvisation, which is well supported by our product registration team.

On the back of our diverse product portfolio, strong R&D and innovation capabilities and growth strategies, we are well positioned to further expand our presence across the globe and become a force to reckon with in the agrochemicals industry.

COMPANY SEGMENTS OVERVIEW

We develop, manufacture and sell crop protection solutions including herbicides, insecticides and fungicides that help growers protect crops against weeds, pests and disease. We operate primarily in the off-patent market, providing customers with long-standing foundational products and unique formulations. Our business is one of the leading domestic producers of synthetic pyrethroids like cypermethrin, alphacypermethrin, deltamethrin, permethrin, lambda cyhalothrin etc. Our pesticides range includes insecticides, herbicides, fungicides and public health products for pest control. As of FY2021 we have a presence and are focused on growing our footprint in the Middle East, CIS, Asia, Southeast Asia and Africa.

Based on the "Management Approach" as defined in Ind AS 108 - Operating Segments, the chief operating decision maker regularly monitors and reviews the operating results of the whole company as one segment of "Agro -Chemicals". Thus, as defined in Ind AS 108, the Company's entire business falls under this one operational segment. In the sections below, we capture some of the key highlights of the industries that we operate in including drivers of growth and the changing business trends that are sweeping all sectors.

RISKS AND CONCERNS

Company had strong growth in revenue, even during the Covid-19 pandemic and will continue to build on it. Additionally, the recently increased capacity of the company is expected to support revenue growth in FY2022, while operating

margins are expected to remain strong. The recent past has witnessed a high volatility in the foreign exchange market. However, the company has been able to manage during the recent past including the year under review.

While agriculture is more robust than other sectors since it provides vital commodities, if the COVID-19 pandemic persists for an extended period of time, resulting in lockdowns, economic activity may be disrupted. It may result in problems with labour availability, interstate commerce, exports and imports, all of which can have a negative effect on the sectors in which we operate.

As an agricultural sector, the company's operations are very susceptible to weather conditions, particularly extremes such as drought and natural catastrophes. The supply of raw materials needed for operations and demand for goods may be harmed by prolonged periods of excessive rainfall in some areas or a drought in India. The presence of any unfavourable weather patterns may have a detrimental effect on company operations, financial situation, and results of operations.

During the manufacturing, transportation, and storage of the goods that your Company produces or processes, they are exposed to hazards such as contamination, adulteration, and product tampering. Product liability or recall claims are inherent company risks if goods fail to satisfy necessary quality standards or are claimed to cause damage to purchasers. These hazards may be mitigated, but not eliminated, by following good manufacturing practises and doing final product testing. While the Company has product liability insurance coverage for its operations in both domestic and foreign markets, it cannot guarantee that the coverage is sufficient or that any losses would be adequately compensated by the insurers in the case of a product liability claim.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a robust system of internal controls to safeguard and preserve its assets from loss, illegal use, or disposal. All transactions are approved, documented, and reported to Management in a timely manner. The Company complies with all relevant accounting standards for the appropriate maintenance of books of accounts and the presentation of financial statements. The Audit Committee establishes the scope, operation, frequency, and technique for internal auditing. Internal auditors conduct audits, which include monitoring and evaluating the effectiveness and adequacy of the Company's internal control systems, as well as compliance with operating systems, accounting procedures, and policies across all locations. They also submit periodical internal audit reports to the Audit Committee. Process owners take required measures in their respective areas based on the internal audit report and evaluation by the Audit committee. Internal auditors have said that the Company's internal

control system is strong and effective. Additionally, the Board has established a legal compliance framework to guarantee compliance with all relevant laws and that such procedures are sufficient and effective.

HUMAN RESOURCES AND INDUSTRIAL RELATIONS

Company has always regarded its workers as its most valuable asset. We are committed to maximising the organization's human resources and enhancing employee performance in order to accomplish the organization's goals. Companies strive to strike a balance between employee needs and satisfaction and the profitability and capabilities of the company to achieve its goals.

The company considers its workforce as a critical component of its success. The Company assists employees in developing their goals and monitors their progress and helps them grow via learning and skill development initiatives. The Company's employees are highly motivated by its performance-based compensation scheme.

The Company wishes to express its heartfelt appreciation for the significant contribution and support of its employees to the Company's success and development. The management staff is composed of a mix of seasoned & young professionals. The Company is dedicated to human capital growth and knows the importance of human resources in maximising outcomes in all of its areas of operation and that commitment remains unchanged during the year under review. Company's industrial relations remained cordial during the period.

FINANCIAL PERFORMANCE

The year under review has been difficult in terms of the operating business environment. Economic downturns on a global and national scale have wreaked havoc. Despite the odds, the business remains strong and continues to grow.

Particular (₹ in millions)	FY19-20	FY20-21
Revenue from Operations	9,513.74	12,186.47
Other Income	165.32	70.3
Total Income	9,679.06	12,256.77
Gross Profit	3,139.4	4,391.46
Finance Costs	88.36	53.97
Depreciation and Amortization Expenses	82.04	146.87
Profit for the year before extraordinary item and tax expenses	1,288.42	2,082.85
Extraordinary Item	-	-
Profit for the year before tax expenses	1,288.42	2,082.85
Tax Expenses	311.85	540.59
Profit after Tax	976.57	1542.26

RESULTS OF OPERATIONS

During the year under review, the Company on a Consolidated basis earned a total income of ₹ 12,256.77 million compared to ₹9,679.06 million in the previous year, an increase of 26.63%. The profit after tax (PAT) stood at ₹ 1,542.26 million (Previous year ₹ 976.57 million) an increase of 57.93%.

Particular	Units	FY20-21	FY19-20
Debtors Turnover Ratio	Times (x)	3.78	4.08
Inventory Turnover Ratio (on Cost of Goods Sold)	Times (x)	7.46	7.87
Interest Coverage Ratio^a	Times (x)	15.58	39.59
Current Ratio^b	Times (x)	1.60	2.15
Debt Equity Ratio^c	Times (x)	0.12	(0.07)
Operating Profit (PBIT) Margin (%)	%	14.22%	17.43%
Net Profit Margin (%)^d	%	10.09%	12.58%
Return on Net Worth (RoNW)	%	30.44%	29.20%

Key Financial Ratios as per SEBI Listing Obligations and Disclosure Requirements (Amendment) Regulations, 2018.

Notes on Significant deviation in the values:

- Increase in interest coverage ratio is due to an 80% increase in D&A after capitalizing new plants.
- Increase in Debt Equity ratio is due to reduction of interest cost by reducing working capital & due to receipt of money from Fresh issue of equity share capital and internal accruals
- Decrease is due to receipt of money from Fresh issue of equity share capital and internal accruals
- Increase is due to stable raw material prices & operational efficiencies.

Formulas used for computation of key financial ratios are as follows:

Debtors Turnover Ratio	Net sales (i.e. Revenue from Operations) / Average of opening and closing trade receivables
Inventory Turnover Ratio (on Cost of Goods Sold)	Net sales / Average of opening and closing inventories
Interest Coverage Ratio	Profit before interest and taxes / Finance costs
Current Ratio	Current assets / Current liabilities
Debt Equity Ratio	Debt (net of cash) / Total equity
Operating Profit (PBIT) Margin (%)	Profit before interest and taxes / Net sales
Net Profit Margin (%)	Profit after tax / Net sales
Return on Net Worth (RoNW)	Profit after tax / Average of total equity

CAUTIONARY STATEMENT

Some of the statements in this "Management Discussion and Analysis", describing the Company's objectives, projections, estimates, expectations, and predictions may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Although the expectations are based on reasonable assumptions, the actual results could materially differ from those expressed or implied, since the Company's operations are influenced by many external and internal factors beyond the control of the Company. The Company assumes no responsibility to publicly amend, modify or revise any forward-looking statements, based on any subsequent developments, information or events.

"RESOLVED FURTHER THAT the Board of Directors be and is hereby authorised to alter and vary the remuneration and terms and conditions of said appointment to the extent recommended by the Nomination and Remuneration Committee, from time to time, as may be considered appropriate, subject to the overall limits specified in the Act and as may be approved by the Board of Directors of the Company."

6. To consider and, if thought fit, to pass, with or without modification(s), the following resolution as **Ordinary Resolution**:

To ratify the remuneration payable to the Cost Auditors of the Company for the financial year ending March 31, 2022.

"RESOLVED THAT pursuant to provisions of Section 148 and other applicable provisions, if any, of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force), and upon recommendation of the Audit Committee and as proposed by the Board of Directors, consent of the Company be and is hereby accorded to pay remuneration of ₹ **1,50,000/-** (Rupees One Lakh Fifty Thousand only) plus GST thereon and reimbursement of out of pocket expenses at actual to M/s Paresh Jaisih Sampat, Cost Accountant, Mumbai (Registration No. 102421) who has been appointed by the Board as Cost Auditors of the Company for the financial year 2021- 2022."

By order of the Board
For **Heranba Industries Limited**

Mr. Abdul Latif
Company Secretary

Date: August 10, 2021
Place: Mumbai

Notes:

1. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 (“the Act”), which sets out details relating to Special Business at the meeting, is annexed hereto.

2. Due to on-going threat of COVID -19 pandemic, the Ministry of Corporate Affairs (“MCA”) and Securities and Exchange Board of India (“SEBI”) have vide various circulars, allowed companies:

- (i) To send the annual reports to shareholders who have registered their email ID with the Company / Depositories only on email; and
- (ii) To hold Annual General Meeting (“AGM”) through VC or OAVM without the physical presence of members at a common venue.

Hence, in accordance with these Circulars, the 29th AGM of the Members of the Company is being held through VC / OAVM. The venue of the Meeting shall be deemed to be the registered office of the Company. The detailed procedure for participating in the meeting through VC / OAVM is given below herewith and available at the Company’s website www.heranba.co.in.

3. Since this AGM is being held through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.

However, in pursuance of Section 112 and 113 of the Act, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC / OAVM and cast their votes through e-voting.

4. In case of joint holders attending the Meeting, the member whose name appears as the first holder in the order of names as per Register of Members will be entitled to vote.

5. Institutional / Corporate Shareholders (i.e. other than individuals / HUF/ NRI, etc.) are required to send a scanned copy (PDF / JPG format) of its Board or governing body resolution / authorisation etc., authorising its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting. The said resolution / authorisation shall be sent to the Scrutiniser by email through its registered email address to sutharkc@gmail.com at least 48 hours before the commencement of AGM.

6. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act and the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act, will be available electronically for inspection by the members during the AGM. All documents referred to in the Notice will also be available for electronic inspection

without any fee by the members from the date of circulation of this Notice up to the date of AGM, i.e. **September 14, 2021**. Members seeking to inspect such documents can send an email to compliance@heranba.com

7. Pursuant to Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”) and Secretarial Standard on General Meetings issued by The Institute of Company Secretaries of India, details of Directors seeking re-appointment and proposal for continuation of directorship of Mr. Raghuram K Shetty and Mrs. Vanita R Shetty forms part of this notice and is appended to the notice.

8. Members are requested to address all correspondence in connection with shares held by them, to the Company’s Registrar & Transfer Agent (“RTA”) at viz., Bigshare Services Private Limited, 1STFloor , Bharat Tin Works Building, Opp. Vasant Oasis, Makwana Road, Marol, Andheri-East, Mumbai-400059, Telephone No-022-62638200/222, Email id- investor@bigshareonline.com by quoting their Folio number or their DPID and Client ID number, as the case may be.

9. In accordance with the provisions of the Income Tax Act, 1961 as amended read with the provisions of the Finance Act, 2020, w.e.f. 1 April 2020, dividend declared and paid by the Company is taxable in the hands of its member and the company is required to deduct Tax at Source (TDS) from dividend paid to the members at the applicable rates. As such, whenever dividend is declared an email will be sent to the registered email ID of the members intimating about detailed process to be followed for submission of documents/ declarations. Sufficient time will be provided for submitting the documents /declarations by the members who would desire to claim beneficial tax treatment.

10. Members are requested to do following, if not done yet:

- (i) Provide / update details of their bank accounts indicating the name of the bank, branch, account number and the nine-digit MICR code and IFSC code (as appearing on the cheque) along with photocopy of the cheque / cancelled cheque, self- attested identity proof and address proof, for remittance of dividend through ECS / NEFT and prevent fraudulent encashment of dividend warrants.
- (ii) Dematerialise the shares held by them in physical form.
- (iii) Update Permanent Account Number (PAN) against folio / demat account as also for deletion of name of deceased holder, transmission / transposition of shares.
- (iv) Members holding shares in dematerialised form are requested to intimate / update all particulars of bank mandates, PAN, nominations, power of attorney, change of address, e-mail address, contact numbers etc. to their Depository Participants (DPs).

11. NRI Members are requested to inform the RTA immediately:

- (i) Particulars of their bank account maintained in India with complete name, branch, account type, account number and address of the bank with pin code number, if not furnished earlier and
- (ii) Change in their residential status and address in India on their return to India for permanent settlement.

12. In terms of Sections 124 of the Act, any dividend remaining unpaid for a period of seven years from the due date of payment and underlying shares thereon are required to be transferred to the Investor Education and Protection Fund (IEPF). However, the company does not have any unpaid dividend lying in dividend account. Shareholders can visit the Company's website www.heranba.co.in to get the details of unclaimed dividend under the Investors' section and claim the same timely to avoid transfer of the same and underlying shares thereon to IEPF account- if any.

13. Pursuant to provisions of section 124 of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, all the underlying shares on which dividend has not been paid or claimed for seven consecutive years or more shall also be transferred to IEPF authority as notified by the Ministry of Corporate Affairs.

14. To support the green initiative and as per relaxation given by the Government, only electronic copy of the Annual report for the year ended 31 March 2021 and notice of the 29th AGM are being sent to the members whose mail IDs are available with your Company / DP(s). Physical copy of the report is not sent to anyone. Annual Report and the notice of the 29th Annual General Meeting are also posted on the website www.heranba.co.in for download. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM Notice is also disseminated on the website of Central Depository Services (India) Limited ("CDSL") (agency for providing the remote e-voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.

15. To disseminate all the communication promptly, members who have not registered their email IDs so far, are requested to register the same with DP / RTA for receiving all the communications including Annual Reports, Notices etc. electronically.

- (i) Registration of email ID for shareholders holding physical shares: Members holding Equity Shares of the Company in physical form and who have not registered their email addresses may get their email addresses registered with RTA, Bigshare Services Private Limited, by clicking the link: <https://www.bigshareonline.com/InvestorRegistration.aspx> on their website <https://www.bigshareonline.com/Index.aspx> at the Investor Services tab by choosing the email / bank registration heading and follow the

registration process as guided therein. Members are requested to provide details such as Name, folio number, certificate number, PAN, mobile number and email ID and also upload the image of share certificate in PDF or JPEG format (upto 1 MB). On submission of the shareholders details a OTP will be received by the shareholder which needs to be entered in the link for verification.

- (ii) For temporary registration for Demat shareholders: Members of the Company holding Equity Shares of the Company in demat form and who have not registered their email addresses may temporarily get their email addresses registered with Bigshare Services Private Limited, by clicking the link: <https://www.bigshareonline.com/InvestorRegistration.aspx> on their website www.bigshareonline.com at the Investor Services tab by choosing the email registration heading and follow the registration process as guided therein. The members are requested to provide details such as Name, DPID / Client ID, PAN, mobile number and email ID. This email ID will be used for sending annual report, notices for general meetings and other corporate communications as permitted.

16. At the Twenty-fifth AGM held on 15th September, 2017, the members had approved appointment of M/s. N S Shetty & Co., Chartered Accountants (Firm's Registration No. 110101W) as Statutory Auditors of your Company to hold office for a period of five years from the conclusion of that AGM till the conclusion of the Thirtieth AGM.

17. Since the AGM will be held through VC/OAVM in accordance with the Circulars, the route map is not attached to this Notice.

18. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI Listing Regulation (as amended), and MCA Circulars dated 8 April 2020, 13 April 2020, 5 May 2020 and 13 January 2021 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with CDSL for facilitating voting through electronic means, as the authorised e-voting agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.

19. The Members can join the AGM in the VC / OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC / OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who

are allowed to attend the AGM without restriction on account of first come first served basis.

20. The attendance of the Members attending the AGM through VC / OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.

21. The Company has fixed **Tuesday, September 07, 2021** as the Record Date for determining the eligibility and entitlement of the Members to the Final Dividend for the Financial Year ended March 31, 2021. Further the Registrar of Members and Share Transfer Books of the Company will remain closed from **Wednesday, September 08, 2021 to Tuesday September 14, 2021** (both days inclusive) for the purpose of 29th Annual General Meeting of the Company.

22. The Company has fixed **September 07, 2021** as the Cut-off date for the purpose of Remote E-voting for ascertaining the name of the Shareholders holding shares both in physical form or dematerialization form who will be entitled to cast their votes electronically in respect of the business to be transacted at the 29th AGM of the Company.

23. Instructions for Shareholders for Remote e-voting are as under:

(i) The remote e-voting period begins on **September 11, 2021 at 10 AM (IST)** and ends on **September 13, 2021 at 5 PM (IST)** During this period shareholders' of the Company, holding shares either in physical form or in dematerialised form, as on the cut-off date of **September 07, 2021** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter. The voting rights of Members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date. Any person holding shares in physical form

and non-individual shareholders, who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and holding shares as of the cut-off date, may obtain the login ID and password by sending a request at helpdesk.evoting@cdslindia.com. However, if he / she is already registered with CDSL for remote e-voting then he /she can use his / her existing User ID and password for casting the vote. In case of Individual Shareholders holding securities in demat mode and who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and holding shares as on the cut-off date may follow steps mentioned under **“Login method for remote e-voting and joining virtual meeting for Individual shareholders holding securities in demat mode.”**

(ii) Members who have voted through remote e-voting will be eligible to attend the AGM. However, they will not be eligible to vote at the AGM.

(iii) Pursuant to Regulation 44 of the Listing Regulations and SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020 on “e-voting facility provided by Listed Companies”, e-voting process has been enabled to all the individual demat account holders, by way of single login credential, through their demat accounts / websites of Depositories / DPs in order to increase the efficiency of the voting process. Individual demat account holders would be able to cast their vote without having to register again with the e-voting service provider (ESP) thereby not only facilitating seamless authentication but also ease and convenience of participating in e-voting process.

(iv) Shareholders are advised to update their mobile number and e-mail ID with their DPs in order to access e-voting facility.

(v) Pursuant to above said SEBI Circular, Login method for remote e-voting and joining virtual meetings for Individual shareholders holding securities in Demat mode is given below:

(vi) Login method for e-voting and joining virtual meeting for shareholders other than individual shareholders & physical shareholders.

- 1) The shareholders should log on to the e-voting website www.evotingindia.com.
- 2) Click on "Shareholders" module.
- 3) Now enter your User ID :
 - a. For CDSL: 16 digits beneficiary ID;
 - b. For NSDL: 8 Character DP ID followed by 8 Digits Client ID;
 - c. Shareholders holding shares in Physical Form should enter Folio Number registered with the Company.
- 4) Next enter the Image Verification as displayed and click on Login.
- 5) If you are holding shares in demat form and had logged on to www.evotingindia.com and voted on an earlier e-voting of any company, then your existing password is to be used.
- 6) If you are a first-time user follow the steps given below:

For Shareholders holding shares in Demat Form other than individual and Physical Form	
PAN –	Enter your 10 digit alpha-numeric PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders)
	Shareholders who have not updated their PAN with your Company / Depository Participant are requested to use the sequence number sent by Company / RTA or contact Company / RTA.
Dividend Bank Details OR Date of Birth (DOB)	Enter the Dividend Bank Details or Date of Birth (in dd / mm / yyyy format) as recorded in your demat account or in your Company records in order to login.
	If both the details are not recorded with the depository or company, please enter the member id / folio number in the Dividend Bank details field as mentioned in instruction (v).

- (vii) After entering these details appropriately, click on "SUBMIT" tab.
- (viii) Shareholders holding shares in physical form will then directly reach your Company selection screen. However, shareholders holding shares in demat form will now reach 'Password Creation' menu wherein they are required to mandatorily enter their login Id and password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for e-voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.
- (ix) For shareholders holding shares in physical form, the details can be used only for e-voting on the resolutions contained in this Notice.
- (x) Click on the EVSN of the Company on which you choose to vote
- (xi) On the voting page, you will see "RESOLUTION DESCRIPTION" and against the same the options "YES / NO" for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.
- (xii) Click on the "RESOLUTIONS FILE LINK" if you wish to view the entire Resolution details.
- (xiii) After selecting the resolution, you have decided to vote on, click on "SUBMIT". A confirmation box will be displayed. If you wish to confirm your vote, click on "OK", else to change your vote, click on "CANCEL" and accordingly modify your vote.
- (xiv) Once you "CONFIRM" your vote on the resolution, you will not be allowed to modify your vote.

- (xv) You can also take a print of the votes cast by clicking on “Click here to print” option on the Voting page.
- (xvi) If a demat account holder has forgotten the login password then enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.
- (xvii) Facility for Non-Individual Shareholders and Custodians – Remote Voting
- Non-Individual shareholders (i.e. other than Individuals, HUF, NRI etc.) and Custodians are required to log on to www.evotingindia.com and register themselves in the “Corporates” module.
 - A scanned copy of the Registration form bearing the stamp and sign of the entity should be emailed to helpdesk.evoting@cdslindia.com.
 - After receiving the login details a Compliance User should be created using the admin login and password. The Compliance User would be able to link the account(s) for which they wish to vote on.
 - The list of accounts linked in the login should be mailed to helpdesk.evoting@cdslindia.com and on approval of the accounts they would be able to cast their vote.
 - A scanned copy of the Board Resolution and Power of Attorney (POA) which they have issued in favour of the Custodian, if any, should be uploaded in PDF format in the system for the scrutiniser to verify the same.
 - Alternatively Non Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG format) of the relevant Board Resolution / Authority letter etc. with attested specimen signature of the duly authorised signatory(ies) who are authorised to vote, to the Scrutiniser by e-mail to sutharkc@gmail.com
 - Alternatively Non Individual shareholders are required to send the relevant Board Resolution / Authority letter etc. together with attested specimen signature of the duly authorised signatory who are authorised to vote, to the Scrutiniser at the email address viz; sutharkc@gmail.com and to your Company at the email address viz.; compliance@heranba.com, if they have voted from individual tab & not uploaded same in the CDSL e-voting system for the scrutiniser to verify the same.
- ii. The link for VC / OAVM to attend meeting will be available where the EVSN of Company will be displayed after successful login as per the instructions mentioned above for remote e-voting.
- iii. Shareholders are encouraged to join the Meeting through Laptops / IPads for better experience.
- iv. Further shareholders will be required to allow camera and use internet with a good speed to avoid any disturbance during the meeting.
- v. Please note that participants connecting from mobile devices or tablets or through laptop connecting via mobile hotspot may experience audio/video loss due to fluctuation in their respective network. It is therefore recommended to use stable Wi-Fi or LAN connection to mitigate any kind of aforesaid glitches.
- vi. Shareholders who would like to express their views/ask questions during the meeting may register themselves as a speaker by sending their request in advance on or before cut off Date i.e. **September 07, 2021** mentioning their name, demat account number / folio number, email id, mobile number, PAN at compliance@heranba.com. The shareholders who do not wish to speak during the AGM but have queries, may send their queries in advance 5 days prior to the meeting mentioning their name, demat account number / folio number, email id, mobile number, PAN at compliance@heranba.com. These queries will be replied to by your Company suitably by email.
- vii. Those shareholders who have registered themselves as a speaker will only be allowed to express their views / ask questions during the meeting. The Company reserves the right to restrict the number of speakers depending on the availability of time during the AGM.
- viii. Only those shareholders, who are present in the AGM through VC / OAVM facility and have not casted their vote on the resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through e-voting system available during the AGM.
- ix. If any votes are cast by the shareholders through the e-voting available during the AGM and if the same shareholders have not participated in the meeting through VC / OAVM facility, then the votes cast by such shareholders shall be considered invalid as the facility of e-voting during the meeting is available only to the shareholders attending the meeting.

24. Instructions for Shareholders attending the AGM through VC/OAVM & e-voting during Meeting are as under:

- i. The procedure for attending meeting & e-voting on the day of the AGM is same as the instructions mentioned above for remote e-voting.

Process for those Shareholders whose email addresses are not registered with the Company/RTA/Depositories for obtaining login credentials for e-voting for the resolutions proposed in this Notice - Please refer to serial no. 15 of the AGM Notice.

If you have any queries or issues regarding attending AGM & e-voting from the CDSL e-voting System, you can write an email to helpdesk.evoting@cdslindia.com or contact at +91 22 2305-8640/8624/8639/8642/8663.

All grievances connected with the facility for voting by electronic means may be addressed to Rakesh Dalvi, on +91 22 23058543, , +91 22 23058542, or members can send mail at rakeshd@cdslindia.com, helpdesk.evoting@cdslindia.com.

25. M/s. K C Suthar & Co., a Practicing Company Secretary, Mumbai (Membership No. 5191 & Certificate of Practice No. 4075) has been appointed as the Scrutiniser to scrutinise the

voting and remote e-voting process in a fair and transparent manner.

26. The Scrutiniser will submit his report to the Chairman of the Company or to any other person authorised by the Chairman after the completion of the scrutiny of the e-voting (votes casted during the AGM and votes casted through remote e-voting), not later than 48 hours from the conclusion of the AGM. The result declared along with the Scrutiniser's report shall be communicated to the Stock Exchanges, CDSL and RTA and will also be displayed on your Company's website, <https://www.heranba.co.in>

BUSINESS OPERATIONS:

Financial Year 2020-21 was a very good year for the Company. Due to normal monsoon, there was good demand of the Company's products and therefore, the overall performance of the Company improved. Further, Indian Meteorological Department (IMD) has forecasted normal monsoon this year. The Company hopes to further improve its performance during Financial Year 2021-22.

During the financial year under review the company has completed successfully Initial Public Offering ("IPO") of 99,71,937 Equity Shares of face value of ₹ 10.00 each for cash at a price of ₹ 627 each which was oversubscribed by more than 80 times. The Equity Shares of the Company was listed on main board of BSE Limited and National Stock Exchange of India Limited.

Your Company continues to remain debt-free due to robust financial management. Additionally, it has a healthy Net worth of ₹ 5281.34 million as at 31st March, 2021.

CRISIL Rating Limited (A Credit Rating Agency "CRISIL") has upgraded its ratings on the Total Bank Loan Facilities of Heranba Industries Limited to **CRISIL A/Stable/ CRISIL A1** as under:

Long -Term Rating	CRISIL A /Stable (Upgraded from CRISIL A-/Stable)
Short-Term Rating	CRISIL A1 (Upgraded from CRISIL A2+)

Further the entire term loan of ₹ 350 Million availed by its group company 'Insunt Trading Private Limited' from the Aditya Birla Finance Ltd ("ABFL") in which Heranba Industries and Shakti Bio Science were Co-Borrowers for said Term Loan, has been repaid to ABFL. Accordingly, ABFL had released the Charges created on all securities, of Heranba Industries vis-à-vis its Group Companies and issued a NO DUES CERTIFICATE in this regards.

Your Company is adding capacity at Unit 4 situated at Plot No.1409, GIDC, Vapi – 396 195 for which the Company have started the Capital Expenditure.

The Company has acquired Industrial Shed No-A/2211 measuring 2702 sq. mt. adjacent to Manufacturing Unit II of the Company located at Plot No. A-2/2214, A-2/2215, III Phase GIDC, Vapi, Taluka – Pardi, District – Valsad, Gujarat. This acquisition will enable the Company to enhance Production Capacity as well as upgrade the Environmental Pollution Control Facilities of Unit II. The Company will renovate and merge this Industrial Shed with Unit II.

The Company has received a Consent to Establish (“CTE”) from Gujarat Pollution Control Board (“GPCB”) for manufacturing of pesticides, intermediates, fungicides, herbicides and insecticides (“Products”) at its Plot situated at Plot No. C-195 and C-196 in the Saykha Industrial Estate, within the village limits of Saykha, Taluka- Vagra, Dist. Bharuch (“Saykha Plot”). Heranba has a parcel of land measuring around 34,600 square metres at Saykha, for further expansion. It had already received the Environmental Clearance from the Ministry of Environment, Forest & Climate Change, Government of India to setting up manufacturing unit of capacity 10680 TPA at Saykha Plot for its ‘Products’.

The Company is expected to receive Environmental Clearance from Ministry of Environment, Forest and Climate Change of Government of India, for expansion of Pesticides Intermediates, Fungicides, Herbicides, Insecticides Manufacturing at Plot No-2817/1, Chemical Zone, Near Sandhya Chemical, Notified Industrial Area, GIDC Sarigam, TalukaUmbergaon, District Valsad, Gujarat (“Sarigam Plant”). The estimated cost for this expansion is ₹ 1100 million which includes an existing investment of ₹ 200 million. This Project will create employment opportunities for 170 persons directly & 100 persons indirectly.

PRODUCT LAUNCHES:

During the year, the Company launched products in the following categories .These products will prove to be the backbone of future company operations.

IMPACT OF COVID 19:

Due to Covid-19 Pandemic, the Company’s operations were temporarily disrupted at manufacturing facilities and Sales Depots across the Country. However The Agrochemical industry was categorized under essential commodities and allowed to operate during the lockdown hence there is no major impact of Covid 19 on the business. At Factory, Steps were initiated to monitor and control the operations including the travel ban, thermal screening, sanitation and awareness campaigns have been conducted through video, mailers, posters, etc. The initial period (about a week) of lockdown operations were at a slow pace due to streamlining of processes by the Government authorities for movement of materials and personnel. Post this, operations are started improving on a week by week basis. Sales of goods are almost normal even in the initial period of lockdown. Heranba Team has exhibited very good teamwork to maintain and accelerate operations during these toughest days. There is no significant impact on the operations of Heranba and the Company is poised to generate growth in the operations.

The Factories and Depot were closed for short period during lockdown and thereafter opened with all safety, security and other measures / precautions as required by Government and Health advisories, for uninterrupted supply of essential commodities. All safety, security and other measures / precautions are taken at Factories, Depots and Offices as required by Government and Health advisories.

The Company was prompt to implement various measures to protect employees, communities, and operations from ensuring that the supply chain was not impacted. The Company also encouraged non-critical operations to work from home and carry out interactions electronically. Laptops/ Computers has been made available to Employees at their Home with ERP connectivity so that they could do the Work from Home without any problem. Full Salary was paid to the Employees without any cut.

The Company closely engages with suppliers, vendors and distributors to ensure that there is a minimal impact on business operations. Further, relationships with the domestic

manufacturers and distributors have helped the Company to sustain inventories in the pipeline during the lockdown period.

DIVIDEND:

Your Board of Directors has declared and paid an Interim Dividend @ ₹ 1.00 per equity shares (i.e. 10% of the face value) amounting to ₹ 39.05 million on August 21, 2020. The Board of Directors has recommended the final dividend of ₹ 0.70 Paise (Seventy Paise) per equity share (i.e. 7% of the face value) of the face value of ₹ 10.00 (Rupees Ten) each for the financial year ended March 31, 2021, subject to approval of the shareholders at the ensuing 29th Annual General Meeting (AGM). 6. Independent director possesses such qualifications as maybe required by the Board.
7. The Company & The Independent Directors shall abide by the provisions specified in schedule IV of the Companies Act, 2013.

ANNUAL EVALUATION:

Pursuant to provision of the Companies Act, 2013, the Board of the Directors has, on the recommendation of Nomination and Remuneration Committee approved and adopted the Evaluation Policy, Remuneration Policy and The criteria for determining qualifications, positive attributes and independence of a director. Based on the above policies and criteria, the Nomination and Remuneration Committee evaluated the performance of Individual directors. The Independent Directors at their separate meeting, also reviewed the performance of the non independent directors and Board as a whole and also review the performance of the Chairman and further assessed the quality of flow of the information between the Board and Management. In addition to the above evaluation, the Board has carried out an annual performance evaluation of its own performance, the Directors individually as well as the evaluation of its Audit, Stakeholders' Relationship, Nomination & Remuneration and CSR Committee. The performance of Individual Director vis-à-vis Board and Committees found satisfactory.

VIGIL MECHANISM/WHISTLE BLOWER POLICY:

The Company has established a vigil mechanism that will oversee through the committee, the genuine concerns expressed by the employees and other Directors. The Company provided adequate safeguards against victimization of employees and Directors who express their concerns.

The Company has a Fraud Risk and Management Policy to deal with instances of fraud and mismanagement, if any. The FRM Policy ensures that strict confidentiality is maintained whilst dealing with concerns and also that no discrimination will be meted out to any person for a genuinely raised concern.

A high level Committee has been constituted which looks into the complaints raised. The Committee reports to the Audit Committee and the Board.

CODE OF CONDUCT:

The Board of Directors has approved a Code of Conduct which is applicable to the Members of the Board and all employees in the course of day to day business operations of the company. The Company believes in "Zero Tolerance"

against bribery, corruption and unethical dealings / behaviours of any form and the Board has laid down the directives to counter such acts. The code laid down by the Board is known as “code of business conduct” which forms an Appendix to the Code. The Code has been posted on the Company’s website www.heranba.co.in.

The Code lays down the standard procedure of business conduct which is expected to be followed by the Directors and the designated employees in their business dealings and in particular on matters relating to integrity in the work place, in business practices and in dealing with stakeholders. The Code gives guidance through examples on the expected behavior from an employee in a given situation and the reporting structure.

All the Board Members and the Senior Management personnel have confirmed compliance with the Code. All Management Staff were given appropriate training in this regard.

PREVENTION OF INSIDER TRADING:

In January 2015, SEBI notified the SEBI (Prohibition of insider trading) Regulations, 2015 which came into effect from May 15, 2015. Pursuant thereto, the Company has formulated and adopted a new Code for Prevention of Insider Trading.

The Company has adopted a Code of Conduct for Prevention of Insider Trading with a view to regulate trading in securities by the Directors and designated employees of the Company. The Code requires pre-clearance for dealing in the Company’s shares and prohibits the purchase or sale of Company shares by the Directors and the designated employees while in possession of unpublished price sensitive information in relation to the Company and during the period when the Trading Window is closed. The Board is responsible for implementation of the Code.

All Board Directors and the designated employees have confirmed compliance with the Code.

CORPORATE GOVERNANCE:

Your Company maintains the highest level of transparency, accountability and good management practices through the adoption and monitoring of corporate strategies, goals and procedures to comply with its legal and ethical responsibilities.

The Board has also evolved and adopted a Code of Conduct as per SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018 based on the principles of good Corporate Governance and Best Management Practices. The Code is available on the Company’s website i.e. www.heranba.co.in under “Investors Relation- Corporate Governance” Section.

As required by SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, a separate Report on Corporate Governance along with the Practising Company

Secretary’s Certificate confirming compliance with Corporate Governance norms is annexed to this Report.

CEO/CFO CERTIFICATION:

Annexure I

DIVIDEND DISTRIBUTION POLICY

1. OBJECTIVE

The objective of this Policy document is to articulate HERENBA INDUSTRIES LIMITED'S Dividend Distribution Policy (DDP). This Policy applies to all types of Dividend declared or recommended by the Board of Directors of the Company and seeks to conform to the requirements of Section 123 of the Companies Act, 2013, the notified rules thereof and other such provisions.

2. PHILOSOPHY

At HERENBA INDUSTRIES LIMITED we respect, and are committed to, our role towards shareholders and meeting our obligations to the communities in which we do business. We believe that sustainable growth can be achieved by creating wealth and jobs, developing useful skills, and investing time and money in people. HERENBA INDUSTRIES LIMITED aims to share its prosperity with the shareholders by way of declaring dividend subject to liquidity and growth requirement.

3. THE REGULATORY FRAMEWORK

Pursuant to Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, top 1000 Listed Companies in India as per Market Capitalization as on the preceding Financial Year shall formulate a dividend distribution policy. HERENBA INDUSTRIES LIMITED falls within the list of Top 1000 Listed Companies.

4. DEFINITIONS

Unless repugnant to the context:

4.1 "Act" shall mean the Companies Act, 2013 including the Rules made thereunder.

4.2 "Company or HERENBA INDUSTRIES" shall mean Herenba Industries Limited

4.3 "Chairman" shall mean the Chairman of the Board of Directors of the Company.

4.4 "Board" or "Board of Directors" shall mean Board of Directors of the Company.

4.5 "Dividend" shall mean Dividend as defined under Companies Act, 2013 or SEBI Regulations.

4.6 "SEBI Regulations" shall mean the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 together with the circulars issued there under, including any statutory modifications or re-enactments thereof for the time being in force.

5. POLICY

5.1. Frequency of payment of dividend:

5.1.1 Herenba Industries Limited believes in rewarding its shareholders as and when the funds are available for

distribution as dividend and generally strive to recommend Final Dividend to the Members at the Annual General Meeting of the Company.

5.2. Internal and external factors that would be considered for declaration of dividend:

5.2.1 Herenba Industries Limited considers several Internal and External Factors before deciding declaration or recommendation of dividend.

5.2.2 The Internal Factors are adequacy of profits for last three years and likely profits for next year, allocation of funds towards capital expenditure and working capital requirements.

5.2.3 The External Factors that would impact dividend payout are alternative investment opportunities, interest rate on surplus funds, taxation on distribution of dividend and dividend payout ratios of comparable companies.

5.3. The financial parameters that will be considered while declaring dividends:

5.3.1 In order to maximize corporate value over the long term, internal capital resources will be secured for measures that will increase corporate value. These measures include investments in R&D and Capital Investments, which are vital to future business expansion.

5.3.2 After taking into consideration the required investments for future growth and the level of free cash flow, surplus will be distributed to the shareholders to the maximum extent possible.

5.4. The circumstances under which the shareholders can or cannot expect dividend:

In an event where Company has undertaken a significant project requiring higher allocation of capital or in event where the company's profits are inadequate or company makes losses, the Company would like to use the Company's reserves judiciously and not declare dividend or declare dividend lower than its normal rate of dividend.

5.5. Policy as to how the retained earnings will be utilized:

5.5.1 The Company would like to retain the balances in Reserves and Surplus to give the required strength to the balance sheet for exploring leverage options for supporting growth.

5.5.2 The Company would be very cautious in declaring dividend out of past profits and reserves.

5.6. Transfer of Profits to Reserves:

The Company will not transfer any amount to reserves unless there is statutory requirement.

5.7. Provisions regarding class of shares:

Currently, the Company has issued only Equity Shares and this Policy shall be applicable to Equity Shares. As and when the Company issues other kind of shares, the Board shall amend this Policy along with Rationale at the time or before issue of other class of shares.

6. Procedure

6.1 The Board of Directors of the Company will analyze all the parameters and recommend appropriate dividend.

6.2 The Company Secretary & Compliance Officer of the Company shall ensure compliance of Insider Trading Rules of the Company and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

6.3 The Board of Directors shall approve the declaration or recommendation of Dividend after ensuring compliance of Act, SEBI Regulations and this Policy.

6.4 The Company shall ensure compliance of provisions of Act, SEBI Regulations and this Policy in relation to dividend.

7. DISTRIBUTION OF DIVIDEND**A) Periodicity:**

On Completion of Financial Year

The Board of Directors of the Company may recommend a Dividend for respective financial year and may be declared in the Annual General Meeting.

B) Dividend Entitlement

The members, whose name appear in the register of members as on the record date / Book Closure, shall be entitled for the dividend.

C) Mode of Payment

The payment of the dividend would be in cash:

- i) Through electronic clearing services (local, regional or national), direct credit, real time gross settlement, national electronic funds transfer etc. for making payment of dividend. OR
- ii) Through issuance of 'payable-at-par' warrants/ cheques, in case where bank details are not available or the electronic payment instructions have failed or have been rejected by the bank,

D) Transfer to IEPF

The dividend remained unpaid and unclaimed for a period of 7 years (as per the provisions of Sections 124(5) of the Companies Act, 2013) shall be transferred to Investors Education and Protection Fund set up by the Government in that regard.

8. GENERAL

8.1 This Policy would be subject to revision/ amendment in accordance with the guidelines as may be issued by Ministry of Corporate Affairs and/or Securities Exchange Board of India from time to time, on the subject matter.

8.2 The Company reserves its right to alter, modify, add, delete or amend any of the provisions of this Policy.

8.3 In case of any amendment(s), clarification(s), circular(s) etc. issued by the relevant authorities, not being consistent with the provisions laid down under this Policy, then such amendment(s), clarification(s), circular(s) etc. shall prevail upon the provisions hereunder and this Policy shall stand amended accordingly from the effective date as laid down under such amendment(s), clarification(s), circular(s) etc.

The Company has paid sitting fees of ₹ 10,000/- per board meeting and ₹ 5,000/- per committee meeting to Non-Executive Independent Directors during the financial year 2020-21.

Policy for selection and appointment of directors and their remuneration.

The Nomination and Remuneration (N&R) Committee has adopted a Charter which, inter alia, deals with the manner of selection of Board of Directors and CEO & Managing Director and their remuneration. This Policy is accordingly derived from the said Charter.

Criteria of selection of Non Executive Directors

The Non Executive Directors shall be of high integrity with relevant expertise and experience so as to have a diverse Board with Directors having expertise in the fields of manufacturing, marketing, finance, taxation, law, governance and general management.

In case of appointment of Independent Directors, the N&R Committee shall satisfy itself with regard to the independent nature of the Directors vis-à-vis the Company so as to enable the Board to discharge its function and duties effectively.

The N&R Committee shall ensure that the candidate identified for appointment as a Director is not disqualified for appointment under Section 164 of the Companies Act, 2013.

The N&R Committee shall consider the following attributes / criteria, whilst recommending to the Board the candidature for appointment as Director.

- Qualification, expertise and experience of the Directors in their respective fields;
- Personal, Professional or business standing;
- Diversity of the Board.

In case of re-appointment of Non Executive Directors, the Board shall take into consideration the performance evaluation of the Director and his engagement level.

Remuneration

The Non Executive Directors shall be entitled to receive remuneration by way of sitting fees for participation in the Board meetings.

A Non Executive Director shall be entitled to receive sitting fees for each meeting of the Board attended by him, of such sum as may be approved by the Board of Directors within the overall limits prescribed under the Companies Act, 2013 and The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.

CEO & Managing Director - Criteria for selection / appointment

For the purpose of selection of the CEO & MD, the N&R Committee shall identify persons of integrity who possess relevant expertise, experience and leadership qualities required for the position and shall take into consideration recommendation, if any, received from any member of the Board.

The Committee will also ensure that the incumbent fulfills such other criteria with regard to age and other qualifications as laid down under the Companies Act, 2013 or other applicable laws.

Remuneration for the CEO & Managing Director

At the time of appointment or re-appointment, the CEO & Managing Director shall be paid such remuneration as may be mutually agreed between the Company (which includes the N&R Committee and the Board of Directors) and the CEO & Managing Director within the overall limits prescribed under the Companies Act, 2013.

The remuneration shall be subject to the approval of the Members of the Company in General Meeting.

The remuneration of the CEO & Managing Director comprises only of fixed component. The fixed component comprises salary, allowances, perquisites, amenities and retiral benefits.

Remuneration Policy for the Senior Management Employees

In determining the remuneration of the Senior Management Employees (i.e. KMPs and Executive Committee Members) the N&R Committee shall ensure the relationship of remuneration and performance benchmark is clear.

The Managing Director will carry out the individual performance review based on the standard appraisal matrix and shall take into account the appraisal score card and other factors mentioned herein-above, whilst recommending the annual increment and performance incentive to the N&R Committee for its review and approval.

C) STAKEHOLDER'S RELATIONSHIP COMMITTEE

During the year 2020-21 the Stakeholders relationship committee that also acts as Share Transfer Committee met **1 (One)** times.

The attendance at the Shareholders/Investors Grievance Committee is given below:

Name of The Member	No. of Meeting Held	No. of Meeting Attended
Anil Kumar M Marlecha	1	1
Ganesh N Vanmali	1	1
Raghuram K Shetty	1	1

During the year 2020-21, 10 (Ten) Complaints were received from shareholders and investors, out of which 6 (six) has been resolved till March 31, 2021 and 4 (four) has been resolved thereafter. As on the date of this Report, no complaints is pending. All the complaints have generally been resolved to

the satisfaction of the complainants except for disputed cases and sub-judice matters, if any, which would be solved on final disposal by the courts/ forums where they are pending.

D) CORPORATE SOCIAL RESPONSIBILITY (CSR) COMMITTEE

As required under section 135 of the Companies Act, 2013 the company has formed a CSR committee consisting of the following members:

Name of The Member	Designation
Mulky V Shetty	Chairman
Kaushik H Gandhi	Member
Sadashiv K Shetty	Member

The committee met **3 (Three)** times during the financial year ended March 31, 2021. The attendance record of the members at the meeting were as follows:

Name of The Member	Designation	No. of Meetings Attended
Mulky V Shetty	Chairman	3
Kaushik H Gandhi	Member	3

Certificate on Corporate Governance

To,
The Members
Heranba Industries Limited
Plot No 1504/1505/1506/1 Gidc,
Phase-Iii Vapi, Valsad,
Gujarat 396195, India

We have examined the compliance of the conditions of Corporate Governance by Heranba Industries Limited, CIN: L24231GJ1992PLC017315 for the year ended on March 31, 2021, as stipulated under Regulations 17 to 27, clauses (b) to (i) of sub-regulation (2) of Regulation 46 and para C, D & E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

The compliance of the conditions of Corporate Governance is the responsibility of the management. Our examination was limited to the review of procedures and implementation thereof, as adopted by the Company for ensuring compliance with conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, and the representations made by the Directors and the Management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India warranted due to the spread of the COVID-19 pandemic, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations for the year ended on March 31, 2021.

We further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditor's Report

To the Members of HERANBA INDUSTRIES LIMITED

Report on the Audit of the Financial Statements

OPINION

We have audited the accompanying financial statements of **HERANBA INDUSTRIES LIMITED ("the Company")** which comprises the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with Companies Indian Accounting Standard Rules, 2015 as amended of the state of affairs (financial position) of the Company as at March 31, 2021, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter to be communicated in our report,

Key audit matter	How our audit address the key audit matter
Revenue is measured net of discounts, incentives, rebates and sales return. Given the significant judgment required and complexity involved in estimating discounts, incentives, rebates and sales return, this is considered as a key audit matter. Due to the Company's presence across different locations and the competitive business environment, the estimation of various types of discounts, incentives and rebate schemes which are recognised based on sales made is considered to be complex and judgmental.	We performed following audit procedures: a) Obtained and reviewed schemes and policies relating to discounts, incentives, rebates and sales return; b) Evaluated the design and tested the operating effectiveness of Company's internal controls over discounts, incentives and rebates and sales return; c) Obtained location wise calculations for discounts, incentives and rebates accruals under applicable schemes. Verified on a sample basis and compared the accruals made with the approved schemes; d) Obtained and inspected, on a sample basis, supporting documentation for payment towards discounts, incentives and rebates during the year e) Analysed the historical trend of payments made towards discounts, incentives, rebates and that of sales return and compared actuals with accruals; and f) Assessed the adequacy of the disclosures as per the applicable Indian accounting standards.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITY OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (financial position), profit and loss (financial performance including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying

transactions and events in a manner that achieves fair presentation.

- Due to Covid-19 situation, there have been several restrictions imposed by the Central and State Government on travel, goods movement and transportation considering public health and safety measures. In this context, the audit has been done via virtual mode for few documents. Inspection of original or source document is commonly used tool for the auditor to test controls. In the current scenario this was done based on scanned / screenshot documents that were provided. A reliance has been placed on the management for authenticity of the data provided which is extracted from software and made available. We have applied our professional skepticism in the best possible manner. In the view of current situation, we believe the audit evidences provided were sufficient and appropriate to provide a basis of our opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- I. As required by section 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V of the Act.
- II. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of

the Companies Act, 2013, we give in the "Annexure A" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the statement of changes in equity dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"; and
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact, if any, of pending litigations as on 31st March, 2021 on its financial position in its financial statements.
 - ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii. There has been no delay in transferring amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure “A” referred to in Independent Audit Report of even date to the members of Heranba Industries Limited on the Financial Statements for the year ended 31st March, 2021;

On the basis of such checks as we considered appropriate and in terms of the information and explanations given to us, we state that: -

- (i) a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment ;
- b) The Company has a regular programme of physical verification of its Property, Plant and Equipment by which Property, Plant and Equipment are verified in a phased manner over a period of three years which in our opinion is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, certain Property, Plant and Equipment were verified during the year and no material discrepancies were noticed on such verification.
- c) According to the information and explanations given to us and based on our examination of the records of the Company, the title deeds of all the immovable properties are held in the name of the Company
- (ii) As explained to us, inventories were physically verified during the year by the Management at reasonable intervals. In our opinion the frequency of such verifications is reasonable. The discrepancies noticed on such verification between the physical stock and book records were not material and have been properly dealt in the books of account.
- (iii) According to the information and explanations given to us, during the year the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act.
- (iv) Based on the information and explanation given to us in respect of the loans, investments, guarantees and

securities, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013.

- (v) According to the information and explanations given to us, the Company has not accepted any deposits from the public during the year within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed thereunder to the extent notified. Accordingly, paragraph 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended and prescribed by the Central Government under sub-section(1) of section 148 of the Act and are of the opinion that prima facie the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales tax, value added tax, duty of customs, excise duty, service tax, goods and service tax, cess and other material statutory dues have been regularly deposited in general during the year by the Company with the appropriate authorities.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees state insurance, income tax, sales tax, value added tax, duty of customs, duty of excise, service tax, goods and service tax, cess and other material statutory dues were in arrears as at 31st March 2021 for a period of more than six months from the date they became payable.

- (c) According to the information and explanations given to us, details of disputed sales tax, income tax, customs duty, wealth tax, service tax, excise duty, goods and service tax and cess which have not been deposited with the appropriate authorities as on 31st March 2021 on account of any dispute are given below:

Name of the Statute	Nature of Dues	Forum where dispute is pending	Period to which the amount relates	Amount (₹ in million)
Central Excise Act	Excise Duty and Penalty	Appellate Authority	2010-2011 to 2012-2013	12.33
			2010-2011 to 2013-2014	15.79
			2010-2011 to 2014-2015	134.26
VAT UP	VAT	Addl Commissioner - Appeals	2014-2015	2.25

Net of amounts paid under protest.

- (viii) On the basis of records examined by us and the information and explanation given to us, the Company has not defaulted in repayment of borrowing from bank as at the balance sheet date.
- (ix) In our opinion, and according to the information and explanations given to us, the moneys raised by way of initial public offer or further public offer (including debt instruments) and term loans have been applied for the purposes for which they were obtained.
- (x) Based on the audit procedures performed and the information and explanations given by the management, we report that no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- (xi) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration during the year in accordance with requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) In our opinion, all transactions with the related parties are in compliances with section 177 and 188 of the Companies Act, 2013 and the details have been disclosed in the financial statements as required by the applicable Indian Accounting Standards;
- (xiv) The company has not made any preferential allotment / private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3 (xiv) of the Order is not applicable to the Company.
- (xv) Based upon the audit procedures performed and the information and explanations given by the management, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3 (xv) of the Order is not applicable.
- (xvi) The company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3 (xvi) of the Order is not applicable.

Annexure “B” referred to in our Independent Auditors Report of even date to the members of Heranba Industries Limited on the Financial Statements for the year ended 31st March, 2021;

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (THE ‘ACT’)

We have audited the internal financial controls over financial reporting of Heranba Industries Limited (“the Company”) as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

RESPONSIBILITY OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR INTERNAL FINANCIAL CONTROLS

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS’ RESPONSIBILITY FOR THE AUDIT OF THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of

internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risks. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that;

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements

for the year Ended 31st March, 2021

NOTE 1. COMPANY OVERVIEW

1.1 HERANBA INDUSTRIES LIMITED is a public limited company domiciled in India, incorporated in 1992 under the Companies Act, 1956. The Company is principally engaged in the business of manufacturing and sale of agro chemical products. The registered office of the company is located at Vapi, Gujarat

1.2 During the year ended March 31, 2021, the Company has completed the Initial Public Offer ("The Offer/IPO"). The issue size was ₹ 6,252.40 million (Fresh issue ₹ 600 Million and offer for sale 5652.40 million). Pursuant to the IPO, the equity shares of the Company have got listed on BSE Limited and NSE Limited on March 05, 2021.

1.3 The financial statements are approved for issue by the Company's Board of Directors on 11th June, 2021.

NOTE 2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act. The accounting policies are applied consistently to all the periods presented in the financial statements.

The financial statements have been prepared on accrual basis and under the historical cost convention with the exception of certain financial assets and liabilities which have been measured at fair value.

All the assets and liabilities have been classified as current or non-current, wherever applicable, as per the operating cycle of the Company as per the guidance set out in Schedule III to the Act.

The Company's financial statements are reported in Indian Rupees, which is also the Company's functional currency.

I. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statement is in conformity with the recognition and measurement principles of Ind AS requires management to make judgements, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised. The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

The areas involving critical estimates or judgements are :

- a) Estimation of defined benefit obligation
- b) Impairment of financial asset such as trade receivables
- c) Impairment of Non- financial Assets
- d) Estimation of Tax Expense and Liability

NOTE 3: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

I. REVENUE RECOGNITION

The Company recognizes revenue when control over the promised goods or services is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

The specific recognition criteria described below must also be met before revenue is recognised

A. Sale of goods

The Company recognises revenue generally at the point in time when the products are delivered to customer or when it is delivered to a carrier for export sale, which is when the control over product is transferred to the customer. In contracts where freight is arranged by the Company and recovered from the customers, the same is treated as a separate performance obligation and revenue is recognized when such freight services are rendered.

Revenue is adjusted for variable consideration such as discounts, rebates, refunds, credits, price concessions, incentives, or other similar items in a contract when they are highly probable to be provided. The amount of revenue excludes any amount collected on behalf of third parties.

B. Interest and dividend:

Interest income including income arising on other instruments are recognised on time proportion basis using the effective interest rate method.

Dividend income is recognized when the right to receive dividend is established.

II. EXPORT BENEFITS

The benefit accrued under the Duty Drawback, Merchandise Export Incentive Scheme and other schemes as per the Import and Export Policy in respect of exports made under the said schemes is included as 'Export Incentives' under the head 'Other operating revenue'.

III. PROPERTY PLANT AND EQUIPMENT, INVESTMENT PROPERTY AND DEPRECIATION / AMORTISATION

A. Items of Property, plant and equipment including Capital-work in-progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognized in statement of profit or loss as incurred.

B. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions to assets or on sale/disposal of assets is calculated pro-rata from the month of such addition, or upto the month of such sale/disposal, as the case may be.

Asset Category	Estimated useful life (in Years)
Plant & Machinery	20
Servers and networks	6
Computer desktops and laptops	3
Laboratory Equipments	10
Office Equipments	5
Plumbing and Piping	20
Electrical Installation	10
Factory Building	30
Non Factory Buildings	60
Vehicles	8
Furniture and Fixture	10
Leasehold Land	Over Primary Lease period

The residual values, useful lives and methods of depreciation of property plant equipment are reviewed at each financial year and adjusted prospectively, if appropriate.

IV. FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial Assets

i. Recognition and initial measurement

Trade Receivables are initially recognised when they are originated. All other financial assets are initially recognised when the Company becomes party to the contractual provisions of the instrument. All financial assets other than those measured subsequently at fair value through profit and loss, are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

ii. Classification and Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

a) Financial Assets at Amortised Cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the Effective Interest rate method (EIR). Amortized cost is calculated by taking into account any discount or premium and fees or cost that are an integral part of the EIR. The EIR amortization is included in finance income in the statement of profit & loss. The losses arising from impairment are recognized in the statement of profit and loss.

b) Financial Assets Measured at Fair Value through Other Comprehensive Income (FVOCI)

Financial assets are measured at fair value through Other Comprehensive Income (OCI)if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, these assets are subsequently measured at Fair Value. Interest Income under Effective Interest method, foreign exchange gains and losses and impairment losses are recognized in the statement of profit and Loss. Other net gains and losses are recognized in OCI

c) Financial asset not measured at amortised cost or at fair value through OCI is carried at Fair Value through Profit and Loss

d) Equity Investments

All Equity investments within the scope of Ind AS 109 are measured at Fair Value. Such equity instruments which are held for trading are classified as FVTPL. For all other such equity instruments, the company decides to classify the same either as FVOCI or FVTPL. The company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

For Equity instruments classified as FVOCI, all fair value changes in the instrument excluding dividends are recognized in OCI. Dividends on such equity instruments are recognized in the statement of Profit or loss.

iii. De-recognition of Financial Assets:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when: - The rights to receive cash flows from the asset have expired, or

The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition, any gains or losses on all debt instruments (other than debt instruments measured at FVOCI) and equity instruments (measured at FVTPL) are recognized in the statement of Profit and Loss. Gains and losses in respect of debt instrument measured at FVOCI and that are accumulated in OCI are reclassified to Profit and Loss on de-recognition. Gains or losses on equity instruments measured at FVOCI that are recognized and accumulated in OCI are not reclassified to Profit or Loss on derecognition.

B. Financial Liabilities

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

i) Recognition and Initial Measurement

Financial liabilities are initially recognized when the company becomes a party to the contractual provisions of the instrument. Financial Liability is initially measured at fair value plus, for an item not at fair value through profit and loss, net of transaction costs that are directly attributable to its acquisition or issue.

ii) Classification and Subsequent Measurement

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at fair value through Profit or Loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial Liabilities at FVTPL are measured at fair value and changes therein, including any interest expense, are recognised in Statement of Profit and Loss.

- Financial liabilities at amortised cost

After initial recognition, financial liabilities other than those which are classified as FVTPL are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

iii) De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

C. Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

D. Derivative financial instruments and Hedge Accounting:

Derivative financial instruments such as forward contracts to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

Derivatives are carried as Financial Assets when the fair value is positive and as Financial Liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedge which is recognised in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or is treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a Non-Financial Assets or Non-Financial liability.

Cash Flow Hedge:

The Company designates derivative contracts or non-derivative Financial Assets/ Liabilities as hedging instruments

to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in the cash flow hedging reserve being part of Other Comprehensive Income. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold or terminated or exercised, the cumulative gain or loss on the hedging instrument recognised in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognised in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

V. IMPAIRMENT

a. Financial assets

In accordance with Ind AS 109, the company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the financial asset measured at amortized cost.

Loss allowances on trade receivables are measured following the 'Simplified Approach' at an amount equal to the Life time ECL at each reporting date. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

In respect of other financial asset, the loss allowance is measured at 12 month ECL only, if there is no significant deterioration in the credit risk since initial recognition of an asset or asset is determined to have a low credit risk at the reporting date.

b. Impairment of Non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset exceeds its

recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

c. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

VI. TAXATION

i. Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using rates that have been enacted or substantively enacted by the end of the reporting period.

ii. Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax asset is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the

liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

iii. Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) paid as per Indian Income Tax Act, 1961 is in the nature of unused tax credit which can be carried forward and utilised when the Company will pay normal income tax during the specified period. Deferred tax assets on such tax credit is recognised to the extent that it is probable that the unused tax credit can be utilised in the specified future period. The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

VII. INVENTORIES

All inventories are stated at lower of 'Cost or Net Realizable Value'.

- A. Stores and spares, packing materials and raw materials are valued at lower of cost or net realisable value and for this purpose, cost is determined on First in First Out (FIFO) basis. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. However, the aforesaid items are not valued below cost if the finished products in which they are to be incorporated are expected to be sold at or above cost
- B. Finished products and Work in Progress are valued at lower of cost or net realisable value and for this purpose, cost is determined on standard cost basis which approximates the actual cost. Cost of finished goods and work in progress includes direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity.
- C. Traded goods are valued at lower of cost and net realizable value. Cost is determined on a weighted average basis.
- D. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

VIII. EMPLOYEE BENEFITS

a) Defined Contribution Plan

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plan and the contributions are recognised as employee benefit expense when they are due.

b) Defined Benefit Plan

The liability or asset recognised in the Balance Sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in ₹ is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income.

Changes in present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the statement of profit and loss as past service cost.

c) Leave Entitlement

Leave entitlement are provided based on an actuarial valuation, similar to that of gratuity benefit. Re-measurement, comprising of actuarial gains and losses, in respect of leave entitlement are recognised in the Statement of Profit and Loss in the period in which they occur.

d) Short-term Benefits

Short-term employee benefits such as salaries, performance incentives etc. are recognised as expenses at the undiscounted amounts in the Statement of Profit and Loss of the period in which the related service is rendered.

IX. BORROWINGS AND BORROWING COSTS

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

X. EARNINGS PER SHARE

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue, if any.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

The number of equity shares are adjusted retrospectively for all periods presented for any bonus shares issues.

XI. CASH FLOW STATEMENT

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

XII. CASH AND CASH EQUIVALENTS

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts, if any as they are considered an integral part of the Company's cash management.

XIII. FOREIGN CURRENCY TRANSACTIONS

- A. All transactions in foreign currency are recorded in the reporting currency, based on closing rates of exchange prevalent on the dates of the relevant transactions.
- B. Monetary assets and liabilities in foreign currency, outstanding as on the Balance Sheet date, are converted in reporting currency at the closing rates of exchange prevailing on the said date. Resultant gain or loss is recognized during the year in the Statement of Profit and Loss.
- C. Non monetary assets and liabilities denominated in foreign currencies are carried at the exchange rate prevalent on the date of the transaction.
- D. Exchange difference arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or expenses in the year in which they arise.

XIV. SEGMENT REPORTING

Based on "Management Approach" as defined in Ind AS 108 - Operating Segments the chief operating decision maker regularly monitors and reviews the operating results of the whole company as one segment of "Agro-Chemicals". Thus, as defined in Ind AS 108, the Company's entire business falls under this one operational segment and hence the necessary information has already been disclosed in the Balance Sheet and the Statement of Profit and Loss. The analysis of geographical segments is based on the areas in which customers of the company are located.

XV. Provisions, contingent liabilities and contingent assets

A provision is recognized when the company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle a reliably assessable obligation. Provisions are determined based on best estimate required to settle each obligation at each balance sheet date. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent liabilities are also present obligations where it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured with sufficient reliability.

Contingent Liabilities are not recognized in the financial statements but are disclosed separately.

Contingent assets are not recognised unless it becomes virtually certain that an inflow of economic benefits will arise.

XVI. Leases

Effective from April 1, 2019, the company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application. Consequently, the company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use asset at its carrying amount as if the standard had been applied since the commencement date of the lease, but discounted at the Company's incremental borrowing rate at the date of initial application. Comparatives as at end of the year, ended March 31, 2019 have not been retrospectively adjusted.

Measurement of Lease Liability

At the time of initial recognition, the Company measures lease liability as present value of all lease payments discounted using the Company's incremental cost of borrowing and directly attributable costs. Subsequently, the lease liability is –

- 1) increased by interest on lease liability;
- 2) reduced by lease payments made; and
- 3) remeasured to reflect any reassessment or lease modifications specified in Ind AS 116 'Leases', or to reflect revised fixed lease payments.

Measurement of Right-of-use assets

At the time of initial recognition, the Company measures 'Right-of-use assets' as present value of all lease payments discounted using the Company's incremental cost of

borrowing w.r.t said lease contract. Subsequently, 'Right-of-use assets' is measured using cost model i.e. at cost less any accumulated depreciation and any accumulated impairment losses adjusted for any remeasurement of the lease liability specified in Ind AS 116 'Leases'.

Depreciation on 'Right-of-use assets' is provided on straight line basis over the lease period.

The exception permitted in Ind AS 116 for low value assets and short term leases has been adopted by Company.

Tax on dividend	-	8.03
Balance at the end of the year	3,889.42	2,453.70
Total	4,881.21	2,817.93

Security Premium :

Security Premium represents the premium received on issue of shares. It can be utilised to pay-off equity related expenses or for issuance of bonus shares and its related issue expenses.

General reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid up share capital of the Company for that year, then the total dividend distribution is less than total distributable reserve for that year. Consequent to introduction of the Companies Act 2013, the requirement to mandatorily transfer a specified percentage of net profit to general reserve has been withdrawn. However the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of the Companies Act, 2013.

Capital Redemption Reserve

Capital redemption reserve represents the amount of profits transferred from general reserve for the purpose of redemption of preference shares or for the buyback of shares.

Benefits paid	(3.13)	(2.64)
Closing fair value of plan assets	27.91	22.49

Asset Information:

Particulars	Total Amount
Gratuity Fund	
LIC of India	27.91

Expected Payout:

Particulars	PVO Payout
Year	
Expected Outgo First	9.57
Expected Outgo Second	4.69
Expected Outgo Third	4.50
Expected Outgo Fourth	5.63
Expected Outgo Fifth	6.46
Expected Outgo Sixth to Tenth Years	31.44

Sensitivity Analysis:

As of 31st March, 2021, every percentage point increase in discount rate will affect our gratuity benefit obligation ₹ 6.62 Million

As of 31st March, 2021, every percentage point decrease in discount rate will affect our gratuity benefit obligation ₹ 7.47 Million

As of 31st March, 2021, every percentage point increase in salary escalation rate will affect our gratuity benefit obligation ₹ 5.79 Million

As of 31st March, 2021, every percentage point decrease in salary escalation rate will affect our gratuity benefit obligation ₹ 8.06 Million

Sensitivity for significant actuarial assumptions is computed by varying one actuarial assumption used for the valuation of the defined benefit obligation by one percentage, keeping all other actuarial assumptions constant.

Expected Contribution as on 31st March 2022 is ₹ 6.00 Million

Gratuity is a defined benefit plan and company is exposed to the Following Risks:

- 1 Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.
- 2 Interest rate risk: A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.
- 3 Investment Risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.
- 4 Asset Liability Matching Risk: The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.
- 5 Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.
- 6 Concentration Risk: Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

NOTE 30. OPERATING LEASE COMMITMENTS - COMPANY AS LESSEE

The future minimum lease rentals payable under non cancellable operating leases as at 31st March are as follows:

(₹ in Million)

Estimated amount of contracts remaining to be executed in Capital Account and not provided for (Net of Advance) i.e. the amount payable for the undelivered capital expenditure items.	76.39	171.52

NOTE 33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The company's senior management oversees management of these risks. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

1) MARKET RISK**a) Foreign currency risk**

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and equity prices etc. The company operations involve foreign exchange transactions including mainly import, export, packing credit facilities and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to US\$. Foreign currency risk arises from future commercial transactions and recognised in assets and liabilities denominated in foreign currency that is not company's functional currency. (i.e INR) The risk is measured through forecast of highly probable foreign currency cash flow.

Derivative contracts outstanding

(₹ in Million)

Particulars	Currency	As at 31 st March, 2021	As at 31 st March, 2020
Forward contracts to sell USD	USD	5.56	-

Uncovered risks in foreign currency transactions disclosed as at:

(₹ in Million)

Particulars	Currency	As at 31 st March, 2021	As at 31 st March, 2020
Borrowing (PCFC)	USD	2.73	1.75
Bank (EEFC)	USD	4.15	-
Trade Receivable	USD	17.66	14.92
Trade Payable	USD	4.66	11.65

Sensitivity

A change of 5% in Foreign currency would have following Impact on profit before tax

(₹ in Million)

Particulars	As at 31 st March, 2021		As at 31 st March, 2020	
	5% Increase	5% Decrease	5% Increase	5% Decrease
USD (Receivables)	0.88	(0.88)	0.75	(0.75)
USD (Payables)	(0.58)	0.58	(0.67)	0.67
Increase/(Decrease) in Profit or loss (in USD)	0.31	(0.31)	0.08	(0.08)

b) Interest rate risk

Long-term borrowings of the Company bear fixed interest rate, thus interest rate risk is limited for the Company.

c) Other Market Price Risk

The company is exposed to Equity price risk, which arises from FVTPL of Equity securities. The company has a very insignificant portion of amount invested in quoted equity securities. The management monitors the proportion of quoted equity instruments in its investment portfolio based on market indices.

Hedge Accounting:

The Company's business objective includes safe-guarding its earnings against adverse price movements of foreign exchange. The Company has adopted a structured risk management policy to hedge all risks within an acceptable risk limit and an approved hedge accounting framework which allows for Cash Flow hedges. Hedging instruments include exchange traded forwards to achieve this objective

There is an economic relationship between the hedged items and the hedging instruments. The Company has established a hedge ratio of 1:1 for the hedging relationships.

The hedge ineffectiveness can arise from:

- Differences in the timing of the cash flows
- Different indexes
- The counterparties' credit risk differently impacting the fair value movements.

Movement in Cash Flow Hedge:

Sr. No.	Particulars	2021	2020	Line Item in Balance Sheet/ Statement of Profit and Loss
1	At the beginning of the year	-	-	
2	Gain/ (loss) recognised in other comprehensive income during the year.	(0.05)	-	Items that will be reclassified to Profit & Loss
3	Amount reclassified to Profit and Loss during the year	1.86	-	Value of Sale
4	At the end of the year	1.82	-	Other Comprehensive Income

2) CREDIT RISK

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

TRADE AND OTHER RECEIVABLES:

The Company maintains an allowance for impairment of doubtful accounts based on financial condition of the customer, classification of customer, ageing of the customer receivable and overdues, available collaterals and historical experience of collections from customers. Accordingly, the Company creates provision for past due receivables beyond 90 days ranging between 10-11% after reckoning the underlying collaterals. Besides, based on the expected credit loss model the Company also provides 2% allowances for receivables not due and past due up to 90 days except export receivables, if any.

Summary of company's exposure to credit risk by age of the outstandings from various customer is as follows (₹ in Million)

Particulars	As at 31 st March, 2021	As at 31 st March, 2020
Not due	2,110.68	1,440.31
past due up to 90 days	889.55	652.92
Past due more than 90 days	677.60	671.25
Total	3,677.83	2,764.48
Less: Impairment Allowance	171.10	70.25
Total	3,506.73	2,694.23

Expected credit loss assessment for customers as at 31 March 2021

3) LIQUIDITY RISK

Liquidity risk is the risk that the company will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through committed credit facilities to meet the obligations when due.

Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. The Company manages its liquidity risk by preparing month on month cash flow projections to monitor liquidity requirements.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

Particulars	(₹ in Million)		
	Less than 1 year	1 to 5 years	Total
Year Ended 31st March 2021			
Borrowing	502.79	-	502.79
Trade Payable	1,955.82	-	1,955.82
Other Financial Liabilities	283.27	66.41	349.68
Year Ended 31st March 2020			
Borrowing	430.79	-	430.79
Trade Payable	2,124.68	-	2,124.68
Other Financial Liabilities	139.31	61.44	200.74

NOTE 34. SEGMENT REPORTING

Due to similar nature of products, production process, customer types etc., the company has a single operating segment of "Agro chemicals" during the year

GEOGRAPHICAL SEGMENT

The Company primarily operates in India and therefore the analysis of geographical segment is demarcated into its Indian and Overseas operations as under

Particulars	(₹ in Million)	
	Year ended 31 st March, 2021	Year ended 31 st March, 2020
Revenue(Gross Sale)		
India	6,378.08	4,822.22
Overseas	5,808.39	4,691.52
Total	12,186.47	9,513.74
Non-current assets other than Financial Assets		
India	1,528.31	1,412.80
Overseas	-	-
Total	1,528.31	1,412.80

The Company is not reliant on revenue from transactions with any single external customer and does not receive 10% or more of its revenue from transactions with any single external customer

II) FAIR VALUE HIERARCHY:

The company uses the following hierarchy for determining and disclosing the fair value of financial instrument by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical Assets or Liabilities.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

III) THE COMPANY HAS FAIR VALUED ITS EQUITY INVESTMENT THROUGH PROFIT AND LOSS AND LIQUID INVESTMENT THROUGH OCI BASED ON QUOTED PRICES OF SUCH INVESTMENTS IN ACTIVE MARKET. HENCE IT FALLS UNDER

level 1 valuations technique.

NOTE 36. IND AS 116 LEASES

The Company's lease asset primarily consist of leases for buildings (premises) for Depo and warehouses having various lease terms. The Company has adopted Ind AS 116, 'Leases', effective 1st April 2019, using modified retrospective approach, as a result of which comparative information are not required to be restated.

THE MATURITY ANALYSIS OF LEASE LIABILITIES ARE DISCLOSED AS FOLLOWS,

(₹ in Million)

Particulars	Less than 1 year	1 to 5 years	Total
As at March 2021			
Finance lease (Discounted)	8.56	11.71	20.27
As at March 2020			
Finance lease (Discounted)	1.62	2.28	3.90

THE BALANCE SHEET DISCLOSES THE FOLLOWING AMOUNTS RELATING TO LEASES:

(₹ in Million)

Particulars	As at 31 st March, 2021	As at 31 st March, 2020
Lease Liabilities		
Current	8.56	1.62
Non Current	11.71	2.28
Amounts recognised in statement of profit and loss:		
Interest Expense included in Finance Cost	2.61	0.59

NOTE 37. CAPITAL MANAGEMENT

Capital includes equity attributable to the equity holders to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximize shareholder value. The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions or its business requirements. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

The Company monitors capital using a gearing ratio, which is net debt divided by total equity. Net debt is calculated as total borrowings less cash and cash equivalents.

THE GEARING RATIO AT THE REPORTING PERIOD WAS AS FOLLOWS

(₹ in Million)

Particulars	As at 31 st March, 2021	As at 31 st March, 2020
Debt	502.79	430.79
Less: Cash and cash equivalents	847.80	31.94

NOTE 38.

During the Financial Year 2019-20 the Company incorporated a company to be a wholly owned Subsidiary company namely CHANG ZHOU Heranba crop science and technology Co. Ltd in China having address at No.2 Building 53, Hengsheng Science Park, Tianning District, Changzhou City. As on reporting date i.e. 31/03/2021, the company has not contributed any amount towards capital of the subsidiary. Further, no shares have been allotted by the subsidiary to the company till reporting date.

NOTE 39.

Agro- chemical products being essential goods, the company continued to operate during lock down in the crisis situation of COVID-19, which has been declared as pandemic by World Health Organisation. The agro chemical is among the businesses that are least impacted due to COVID-19. The Company believes that thus far, there is no significant impact of COVID-19 pandemic on the financial position and performance of the Company. Further, the company is not expecting any significant change in estimates as of now as the company is running its business and operations as usual without any major disruptions.

NOTE 40. PRIOR PERIOD DISCLOSURE:

Following expenses have been reinstated in the previous year ended 31st March 2019 to give impact of prior period expense incurred during the year ended 31st March, 2020.

(₹ in Million)
