PRESS RELEASE

Sprayking Limited (Formerly known as Sprayking Agro Equipment Limited) got order worth 40 million and launched 2 new brands

Sprayking Limited (Formerly known as Sprayking Agro Equipment Limited), wish to inform all our stakeholders that the Company Secures INR 40 Million Order, Advances in Brass Rod Production, and Introduces Two New Quality-Certified Brands for African Markets.

Jamnagar, May 06, 2024, Sprayking Limited, formerly known as Sprayking Agro Equipment Limited, proudly announces the acquisition of a substantial order valued at INR 40 million. This significant milestone underscores the company's continued growth and commitment to excellence in the industry.

With an advance received for Brass rod, Sprayking Limited is poised for expansion and innovation in its product offerings. Leveraging its expertise in manufacturing precision equipment, the company has introduced two new brands tailored to meet the diverse needs of customers in African countries. These brands, TPU-PLUMB and NAIK, have been meticulously developed and are registered under quality certification in the South African Bureau of Standards (SABS).

The advance received for Brass rod signifies the confidence and trust that customers have placed in Sprayking Limited's capabilities. This financial milestone enables the company to further invest in research and development, enhancing its product portfolio and maintaining its competitive edge in the market.

Moreover, the introduction of TPU-PLUMB and NAIK brands marks a strategic move by Sprayking Limited to expand its footprint in African countries. With a commitment to meeting stringent quality standards, both brands are poised to offer innovative solutions and unparalleled performance in their respective segments.

As Sprayking Limited continues to achieve milestones and expand its global presence, the company remains steadfast in its mission to uphold the highest standards of quality, reliability, and customer satisfaction.

About Sprayking

Formerly known as Sprayking Agro Equipment Limited, the Company have now rebranded itself as Sprayking Limited. This change reflects our evolving business strategy and broader aspirations as we continue to expand our product offerings and explore new avenues in the market.

Established in 2005, Sprayking Limited (Formerly known as Sprayking Agro Equipment Limited) is engaged in the manufacturing of brass components and parts, including fittings, forging equipment, transformer parts, and other customized brass components. Sprayking is a renowned manufacturer specializing in copper forging products. With a commitment to quality craftsmanship and exceptional design, Sprayking aims to provide customers with a diverse range of functional and decorative copper products. Sprayking is in the business of manufacturing and trading of agricultural sprayer parts & garden fittings, extruded brass rods, brass fittings & lead free

SPRAYKING LIMITED

Brass fittings and forging specialty. The Company has a truly global presence with an unparalleled clientele in USA, Europe, Australia, Canada, South Africa, UAE & India. The high quality Products, Technical knowledge & infrastructure enable Company to encompass global markets.

Sprayking, a leading forging company renowned for its commitment to innovation and excellence, has its state-of-the-art Research and Development (R&D) facility. This cutting-edge facility represents a belief of Company in advancing forging technologies and processes, further solidifying Sprayking's position as an industry leader in its region.

Recent remarkable Development in the Company:

The company bought a new manufacturing facility in Gujarat's Jamnagar. Like the company's current manufacturing facility, the unit will produce brass and forging components and parts. This 3,000 square meter modern manufacturing plant is spread out. The company's market position will be strengthened with the installation of this production plant.

In an effort to grow the company, Sprayking Limited (Formerly known as Sprayking Agro Equipment Limited) recently purchased more than 51% share in M/s. Narmada Brass Industries. Mr. Hitesh Dudhagara founded the partnership venture Narmada Brass Industries in 2019. Narmada Brass produces copper brass goods at its own production facility. The manufacturing facility can produce 2,000 tons of forged goods annually. With this acquisition, the business is expanding rapidly and meeting new orders from the domestic and international markets.

Acquired its new manufacturing facility at Jamnagar, Gujarat with the view of expansion. The unit will be manufacturing brass and forging components/parts similar to the existing manufacturing facility of the Company. This new Manufacturing facility is spread over 3,000 sq. mtr which has been acquired by the Company on rent from the third party.

The Company has changed its name from Sprayking Agro Equipment Limited to Sprayking Limited.

Management Comment:

Commenting on this development, Mr. Hitesh Dudhagara, Managing Director of Sprayking said:

"We are thrilled to announce yet another significant milestone for Sprayking Limited, formerly known as Sprayking Agro Equipment Limited. With immense pleasure, we confirm the acquisition of a substantial order worth INR 40 million. This achievement underscores our commitment to excellence and further solidifies our position as a leading provider in the industry.

Furthermore, we are pleased to share that we have received advance payments for Brass rod, a testament to the trust and confidence our clients place in our products and services. This reinforces our dedication to delivering top-notch solutions that exceed expectations and meet the evolving needs of our customers.

In line with our vision for expansion and innovation, we are proud to introduce two new brands: TPU-PLUMB and NAIK. These brands have been meticulously developed and registered under stringent quality
