RBI to get more powers to supervise co-op banks

The government has introduced an amendment bill in the Lok Sabha that will give more powers to the Reserve Bank of India (RBI) to supervise cooperative banks. The bill will empower the RBI to directly monitor the financial health of co-op banks.

RBI Governor Shaktikanta Das today said the bill will give the RBI more powers to intervene in the management of co-op banks that are in distress.

The bill will also allow the RBI to direct co-op banks to take steps to improve their financial health.

The RBI has been advocating for a stronger regulatory framework for co-op banks, which are a crucial part of the Indian banking system.

The proposed amendments will also enable the RBI to take over the management of a co-op bank if it is not in the public interest.

The bill is expected to be passed in the Lok Sabha later this month.
