McLeod gets boost as creditors agree on debt resolution

McLeod’s debt resolution has been under discussion for more than a year now. Today, McLeod (27.26 per cent drop) and 42.71 per cent. On Friday, IndusInd Bank’s chairman, R. Venugopal, said that the bank has agreed to the debt resolution plan of the company. The promoters — Kolkata’s Khaitans — have been held in the past as the company has defaulted on its debts. The company has been working with the promoters to ensure that the debts are settled. The company’s debt resolution plan has been approved by the Committee of Creditors (CoC). The plan is expected to be completed within two months, while the current level is being set as the monsoon continues its advance.

**New registrations plunge 36% in July**

With restructuring, it will be possible to recover the company’s losses and maintain the current level. The company has been working with the promoters to ensure that the debts are settled. The company’s debt resolution plan has been approved by the Committee of Creditors (CoC). The plan is expected to be completed within two months, while the current level is being set as the monsoon continues its advance.

The top two, Maruti and Tata, kept their positions in the market share chart. Maruti’s share in the market fell 72.18 per cent to 19,293 units in the year period. Tata Motors’ share in the market fell 34.47 per cent to 58,940 units in the year period. Most other PV makers saw their market share decline in July.

The steelmaker has idled its plants due to the lockdown and Assam’s restrictions on lives. The company has been working with the promoters to ensure that the debts are settled. The company’s debt resolution plan has been approved by the Committee of Creditors (CoC). The plan is expected to be completed within two months, while the current level is being set as the monsoon continues its advance.

**Covid speeds up JSW Steel’s US business revamp plan**

The Covid-19 pandemic is accelerating India’s most ambitious business revamps. JSW Steel’s market share has waned in the past as the company has defaulted on its debts. The company has been working with the promoters to ensure that the debts are settled. The company’s debt resolution plan has been approved by the Committee of Creditors (CoC). The plan is expected to be completed within two months, while the current level is being set as the monsoon continues its advance.

The Covid-19 pandemic has hit the steel industry hard. JSW Steel, which owns the steelmaker, said that the current low level is being set as the monsoon continues its advance.
