China warns India against ‘forced decoupling’ of their economies

CR NAYAK
July 30

China warned on Thursday that “forced decoupling” of its economy from India’s, where over 70% of the Indian community are of Chinese origin, would hurt both economies. At a joint press conference in New Delhi, Chinese ambassador to India, Sun Weidong, said China was “faced with a ‘false dilemma’.”

The Chinese envoy said that China and India must deal with each other on equal terms - “General structure that we don’t like to deal with each other don’t remain exchanged.”

The economic cooperation between the two countries has been increasing over the years. According to a statement by China’s Ministry of Commerce, New Delhi’s recent move to ban or restrict Chinese import interests in one of the world’s biggest markets, even as the bidder remains tense with more than two times the economic growth, is highly ‘counterproductive’.

“China advocates win-win cooperation and opposes ‘forced decoupling’,” the Chinese envoy said.

India’s commerce minister, Piyush Goyal, had expressed his concerns over the restrictive trade measures taken by China.

The UN’s Secretary General Ban Kimoon had said the two nations were facing a ‘false dilemma’.

Referring to the economic cooperation, Sun said, “We are facing a false dilemma in the current situation... as the bidder remains tense with more than two times the economic growth.”

READYMADE GARMENT MAKERS FACE 25-30% DROP IN REVENUES

FE BUREAU
July 30

The prolonged lockdown and the decline in consumer spending are expected to adversely impact the sales of ready-made garment (RMG) makers. The estimated drop in sales of RMGs is between 25% and 30%.

According to a report by ICRA, the drop will be higher because of supply disruptions and lower consumer spending by the US and European Union, which account for 40% of India’s RMG exports. The country sends over 60% of its RMG exports to more than 100 countries.

The company’s revenue has already fallen by 14% in the first quarter of the current fiscal year. The impact will be more pronounced in the second quarter with a higher number of days lost.

Gautam Shah, director, Citrus Research, said, “The past few month’s 10% decline in RMG orders is supported by domestic demand, even as exports remain weak.”

LEHR FOOTWEAR LIMITED

In a statement, the company said that the Q4 results were impacted by the Covid-19 pandemic and the resultant lockdown.

The company’s net profit for the quarter ended March 31, 2020, was Rs 31.98 crore, as against Rs 25.93 crore in the year-ago period. The net profit for the year ended March 31, 2020, was Rs 93.22 crore, as against Rs 98.11 crore in the year-ago period.

Dabur India Limited
