Commenting on the performance, Mr. HP Singh, Chairman & Managing Director of Satin Creditcare Network Limited, said

“I am happy to share that we have delivered a fairly good quarter considering several macro-economic hurdles and unrest in the Micro-Finance Industry. Some parts of the country faced issues as they were recovering from floods while many parts of the country were disrupted due to unrest and nationwide protests. Also, concerns in few districts of Assam have compelled us to adopt a cautious approach in the state which has affected our operations to certain extent.

Despite these challenging circumstances, Satin continues to have one of India’s largest customer base of around 36 lakhs which we hope to leverage by offering a well-diversified product portfolio. We believe that these challenges are transitory, and the inherent strength of our business model equips us to overcome them. We are confident of reverting to our growth trajectory in the coming quarters. On our digital initiatives we have implemented the new initiatives and we are hoping to reap its
benefits without compromising on customer experience as well as meeting stakeholders’ expectations.

In the last quarter we have invested a lot of time in conducting workshops to empower women financially and train them in several vocational activities so that they become independent and are able to sustain their families.”

About Satin Creditcare Network Limited

Satin Creditcare Network Limited (SCNL or Satin) is a leading microfinance institution (MFI) in the country with presence in 22 states & union territory and around 85,313 villages.
