Management Perspective

"The first quarter was unprecedented due to the outbreak of the Covid-19 pandemic and subsequent lockdown measures which impacted all businesses and economic activity across the globe. In light of the challenging market conditions, the Company reported Gross Sales Value of Rs. 916 Crores and Net Profit of Rs. 52 Crores during Q1 FY2021.

Our cigarette domestic volume declined by 47% in Q1 FY2021 as compared to Q1 FY2020. This decline was primarily due to the temporary closure of factories & distribution points as per the state directives. Our Rabale factory remained closed during the entire quarter whereas Gudhar factory resumed its operations in May in a phased manner and was mainly catering to domestic demand. The International Business gross sales also declined by 52% mainly due to supply chain disruptions and closure of Rabale factory which caters majorly to the international markets with cigarettes & cut tobacco.

Gross Sales from 24Seven Convenience Stores (TFS) was Rs. 84 Crores, a decline of 16%, with the number of stores now at 100 at the end of June 2020. TFS remained open during the lockdown and provided all types of essential goods to consumers. However, food sale was impacted due to curtailed movement of public at large.

Amidst the crisis, the safety of our workforce remained top priority and therefore, we have prepared safety guidelines and allowed work from home to ensure employees’ well being. It gives me immense pleasure to see that the employees have adopted the new working norms and shown full dedication to ensure continuity of business operations.

Godfrey Phillips was recognized amongst India's Top 30 Manufacturing Places to Work for and this was in addition to the Great Place to Work certification received in June 2019 by Great Place to Work Institute, India. I am happy to share that our ranking has further improved to 29 from 37 last year, in the recent announcements made by the institute in June 2020.
