Auditor's Responsibilities

a) Audit of the Financial Results for the year ended 31 December 2019

Our objectives are to obtain reasonable assurance about whether the Financial Results as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Financial Results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.

Conclude on the appropriateness of the Board of Directors’ use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the Financial Results, including the disclosures, and whether the Financial Results represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Results.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

b) Review of the financial results for quarter ended 31 December 2019

We conducted our review of the financial results for the quarter ended 31 December 2019 in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of the Company’s personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
Other Matter

The Statement includes the results for the quarter ended 31 December 2019 being the balancing figure between audited figures in respect of the full financial year and the published year to date figures up to the third quarter of the current financial year which were subject to limited review by us.

Our opinion on the Statement is not modified in respect of this matter.

Castrol India announces
Fourth Quarter (Oct - Dec 2019) and Full Year 2019 results

• Personal mobility shows steady growth
• Highest ever quarterly operating profit at INR 323 crore
• Moved into adjacencies with vehicle care products
• Launched unique digital solutions to provide premium customer experience

31 January 2020, Mumbai:

Sandeep Sangwan, Managing Director, Castrol India Limited:

“We delivered a resilient overall performance in 2019. Focused investments in our people, brands, distribution network, customer acquisition and advocacy efforts have helped us deliver on our strategic priorities enabling us to grow profits in a difficult business environment.

We clocked revenue growth in personal mobility in 2019. Our lead and India’s number one selling brand in the two-wheeler category, Castrol Activ, registered a record performance selling over 5 crore packs. We were able to grow margins through improved product mix, strong distribution and a robust cost and efficiency programme despite muted demand across sectors.

I am pleased with the strong profit delivery from operations which grew by 7% q-o-q and similarly 7% y-o-y at INR 323 crore and INR 1,083 crore respectively.

This year has been exciting as we moved into adjacencies going beyond the engine providing leading vehicle care products in the automotive sector through a strategic partnership with globally recognized technology company 3M India Limited. We also leveraged digital technology to launch unique solutions to provide premium customer experience.
The continued progress against our strategic drivers, despite the challenging external environment, gives me confidence of sustaining this momentum in the future."
