## TVS Motor Company Launches Tech-Loaded, Powerful TVS NTORQ 125 Race XP in Nepal

- The most powerful scooter in the 125 cc segment with 10.2 PS of power
- First-in-segment dual ride modes for ultimate riding performance
- Comes with first-in-segment Voice Assist feature

**Kathmandu, September 19, 2022:** TVS Motor Company, a reputed manufacturer of two-wheelers and three-wheelers in the world, today announced the launch of TVS NTORQ 125 Race XP in Nepal. TVS NTORQ 125 ushered in a new era of connectivity, power, and style to the existing scooter industry & the new TVS NTORQ 125 Race XP is set to redefine it. New TVS NTORQ 125 Race XP is the most powerful 125 cc scooter in Nepal with 10.2 PS of power. It also includes two drive modes and the path-breaking TVS SMARTXONNECT™ connectivity tech.

Having set the direction for connected mobility earlier, with TVS NTORQ 125 Race XP and its SMARTXONNECT™ connectivity platform, TVS Motor Company has yet again set a new industry benchmark by equipping it with the first-of-its-kind Voice Assist feature. This covers various connectivity functions, including mode change, navigation, console brightness adjustment and DnD (Do not Disturb) feature. TVS NTORQ 125 Race XP is the only scooter in the 125 cc segment to have more than 10 PS power in Nepal. The power delivery is enhanced, thanks to significant improvements in the gas flow dynamics and combustion. The new toggle ride modes allow the rider to access additional delivery from the vehicle on demand. In addition, with the use of advanced engineering polymers, high strength steel and alloy steel, the TVS NTORQ 125 Race XP is lighter, too, which adds to the performance and drive quotient.

### KEY FEATURES

- 10.2 PS @ 7,000 rpm
- Voice Assist
- Race & Street Mode
- A new refreshed UI/UX for TVS Connect App
- Race Inspired Colour Theme
- Race Inspired Graphics
- Painted Wheels

Commenting on the occasion, **Mr. Rahul Nayak, Vice President, International Business, TVS Motor Company**, said, *“Nepal has always been a key market for us, and it gives me the utmost pleasure to bring our offerings to the customers. We are extremely delighted to launch TVS NTORQ 125 Race XP in Nepal. Since its launch, TVS NTORQ has already accumulated all the positive reaction and response from Nepalese rider. The newly launched TVS NTORQ 125 Race XP comes armed with the highest power in the segment, first-in-segment dual ride modes, delivering higher top speed and superior acceleration. The scooter not just promises great performance but also comes packed with the array of best-in-class connectivity and vehicle features coupled with segment-first 10.2 PS power which will further add to our philosophy of customer delight in Nepal.”*

**Mr. Shahil Agrawal, Managing Director, Jagdamba Motors Pvt Ltd (Authorised distributor of TVS 2 wheelers in Nepal),** commented on the launch, *“TVS NTORQ 125 Race XP is going to be a game changer scooter in Nepal. We have witnessed the popularity of this scooter in the past and can assure that the TVS NTORQ 125 Race XP will create a buzz amongst the new age riders.”*

## **Technology**

TVS NTORQ 125 is equipped with TVS SMARTXONNECT™ an innovative Bluetooth-enabled technology paired with an exclusive TVS Connect mobile App, available on Android and iOS platforms. The NTORQ 125 Race XP amplifies this interactive experience significantly with the **Voice Assist** feature, enabling customers to engage with the scooter through voice commands. The App will now accept over **15 different voice commands**, ranging from launching navigation to changing modes, through any connected Bluetooth listening device. Thanks to TVS SMARTXONNECT™ AI-ready technology, the riders can now control several settings through voice interaction while they are on the road. The TVS Connect App is updated with a refreshed UI & UX and boasts of a ride mode-based live dashboard that complements the consumer's riding style. The **Bike overview** section gets a major update with the addition of a graphical representation of performance parameters. The navigation function now comes with much needed **Save address function**, making it easy to navigate to regular routes.

## **Performance**

TVS NTORQ 125 boasts superior performance backed by TVS Racing Pedigree. TVS NTORQ 125 Race XP comes with Race Tuned Fuel Injection (RT-Fi) engine that churns out **10.8 Nm @ 5,500 rpm torque**. Customers also have an option of choosing between two Riding modes, **Race mode** and **Street mode**, with a flick of a switch. The Race mode allows riders to experience the accentuated performance of the scooter on highways, with a **top speed of 98 kmph** and an excellent **acceleration**. The Street mode, on the other hand, is for ideal city commute and traffic conditions. When activated, it increases mileage and offers a smooth riding experience.

## **Style**

Inspired by the design of a stealth aircraft, TVS NTORQ 125 embodies a sharp, aggressive style with a signature headlamp and LED tail lamps. TVS NTORQ Race XP wears the badge of its racing pedigree with a race-inspired colour theme and graphics. The sporty red wheels of the scooter further add to its stylish appeal.

TVS NTORQ 125 Race XP comes in a tri-tone colour theme and the introductory price at Rs.3,05,900 /-
