## **Infosys and UNLEASH organize Global Innovation Lab 2022 to advance youth-led solutions in alignment with UN Sustainable Development Goals**

*The event brings together over 1,000 young minds between 18 and 35 years of age to innovate and design sustainable solutions for the future.*

**Bengaluru, India – November 29, 2022:** [Infosys](#) (NSE, BSE, NYSE: INFY), a global leader in next-generation digital services and consulting, today announced its collaboration with [UNLEASH](#), a non-profit organization with a mission to get the youth to create innovative and scalable solutions to help reach the Sustainable Development Goals (SDGs). Together, Infosys and UNLEASH will advance youth-led solutions aligned with the UN SDGs, amplify ESG best practices and accelerate digital skilling, through the Global Innovation Lab 2022. Through interactive exercises and activities based on human-centered design thinking, participants at the Global Innovation Lab 2022 will develop tech-savvy solutions for the SDGs, while pursuing their vision to provide quality education and learning opportunities for all.

The Global Innovation Lab 2022 will be hosted from December 3<sup>rd</sup> to 10<sup>th</sup> at Infosys' Mysuru Development Center, one of the world's largest corporate universities. The event brings together over 1,000 young minds between 18 and 35 years of age, from around the world, to innovate and design sustainable solutions for the future.

"Infosys, since inception, has been steered by its purpose to amplify human potential and create opportunities for people, business, and communities. We are delighted to collaborate with UNLEASH and host the Global Innovation Lab 2022, a platform that mobilizes youth to co-create a sustainable future. Together, Infosys and UNLEASH will facilitate the exploration of digital solutions to address UN's SDGs and create digital solutions to improve education reforms globally," **said, Nandan Nilekani, Chairman, Infosys.**

"We are very pleased that Infosys will be hosting the UNLEASH Global Innovation Lab at their unique campus in Mysuru, and I can think of no better place for UNLEASH Talents to co-create solutions to some of our times most daunting, grand challenges. Infosys' innovative and disruptive technologies and their focus on ESG and education is the perfect environment for an Innovation Lab for the UN's 2030 Agenda," **said, Professor Flemming Besenbacher, Chairman of UNLEASH.**

Infosys, furthering its commitment to digitally skill over 10 million people by 2025 and bridge the digital divide, leverages its platform, [Infosys Springboard](#), to democratize quality education and strengthen the next-generation workforce with digital and life skills. Having achieved carbon neutrality 30 years ahead of

the timeline set by the Paris Agreement, Infosys aims to further the UN's SDG mandate through UNLEASH India. Responsibility is an opportunity unleashed with Infosys!

### **About UNLEASH**

UNLEASH is a global initiative committed to bringing youth together to share ideas, build networks and create innovative and scalable solutions to help reach the Sustainable Development Goals. Our mission is to accelerate positive change towards the SDGs by mobilizing young talented people in community leadership, problem-solving, and launching social and environmental solutions. Every year, we unite young people from across the world for an annual innovation lab, organize dozens of local SDG hackathons and accelerate the implementation of top solutions. UNLEASH has been recognized as one of the world's most influential sustainability brands, having engaged 5,000 young people from 167 countries and facilitated the development of 700 SDG solutions with +300 partners. Since 2017, UNLEASH has run three annual Innovation Labs in Denmark, Singapore, and China.

### **About Infosys**

Infosys is a global leader in next-generation digital services and consulting. Over 300,000 of our people work to amplify human potential and create the next opportunity for people, businesses and communities. With over four decades of experience in managing the systems and workings of global enterprises, we expertly steer clients, in more than 50 countries, as they navigate their digital transformation powered by the cloud. We enable them with an AI-powered core, empower the business with agile digital at scale and drive continuous improvement with always-on learning through the transfer of digital skills, expertise, and ideas from our innovation ecosystem. We are deeply committed to being a well-governed, environmentally sustainable organization where diverse talent thrives in an inclusive workplace.

### **Safe Harbor**

"Certain statements in this release concerning our future growth prospects, financial expectations and plans for navigating the COVID-19 impact on our employees, clients and stakeholders are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding COVID-19 and the effects of government and other measures seeking to contain its spread, risks related to an economic downturn or recession in India, the United States and other countries around the world, changes in political, business, and economic conditions, fluctuations in earnings, fluctuations in foreign exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India and the US, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our industry and the outcome of pending litigation and government investigation. Additional risks that could affect our future operating results are more fully described in our United States

Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2022. These filings are available at [www.sec.gov](http://www.sec.gov). Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law."
