Dear Sir(s)

This is to inform you that EKI Energy Services Limited ("EKIESL"), is in advanced discussions with some of the European oil and gas majors, to launch an initiative to supply free improved cook stoves to rural households to reduce carbon footprint and generate carbon offsets.

"Cookstoves" are uniquely designed metal stoves, which will have a thermal efficiency of 25%-35%, helping to reduce burning of the wood required for cooking food.

Further, the company will intimate BSE on signing of final binding agreement. We request you to kindly take the above information on the record.

Thanking you

For **EKI ENERGY SERVICES LIMITED**
