INDIA ON SATURDAY assured Sri Lanka that it will continue to support democracy, stability and economic recovery in the country, which is at a crucial juncture, amid the unprecedented political crisis and economic turmoil. The assurance was given to parliament speaker Mahinda Yapa Abeywardena by India's high commissioner Gopal Baglay when he called on the Sri Lankan leader.

The meeting took place a day after speaker Abeywardena accepted the resignation of President Gotabaya Rajapaksa. During the meeting, High Commissioner Baglay "appreciated Parliament's role in upholding democracy and Constitutional framework, especially at this crucial juncture," the Indian High Commission tweeted. "Conveyed that will continue to be supportive of democracy, stability and economic recovery in Sri Lanka," the mission wrote.

Sri Lanka is facing its worst economic crisis in seven decades, with a severe foreign exchange shortage hampering the import of essentials including food, fuel and medicines. The economic crisis also sparked a political crisis in the country after a

popular uprising against the government forced Rajapaksa to flee the country and resign as president.

Sri Lankan lawmakers met Saturday to begin the process of choosing a new leader to replace Rajapaksa, who is now in Singapore. The island nation off the tip of southeast India needs about \$5 billion in the next six months to cover basic necessities for its 22 million people, who have been struggling with long

queues, worsening shortages and power cuts. India has been the principal source of foreign assistance to Sri Lanka this year. On Friday, the Indian High Commission here reiterated that India will continue to stand with the people of Sri Lanka as they seek to realise their aspirations for prosperity and progress through democratic means and values as well as established institutions and a constitutional framework. The spokesperson of the ministry of external affairs said in New Delhi on Thursday that India looked forward to an early solution to the situation related to the government and its leadership in Sri Lanka through democratic means and values, established institutions and constitutional framework.

The spokesperson added that India will support the people of Sri Lanka in all possible ways in their endeavour to find a way forward. The spokesperson noted India responded with urgency to assist the people of Sri Lanka in overcoming their economic hardships and emphasised that India expeditiously finalised and delivered assistance as well as support worth about \$3.8 billion in 2022.

# Sri Lankan Parliament meets to announce president's vacancy

PRESS TRUST OF INDIA  
Colombo, July 16

SRI LANKA'S PARLIAMENT met in a brief special session on Saturday to announce the vacancy in the presidency following the resignation of Gotabaya Rajapaksa, who has fled the country after a popular uprising against him for mishandling the country's economic crisis.

Rajapaksa, who fled to the Maldives on Wednesday and then landed in Singapore on Thursday, formally resigned on Friday, capping off a chaotic 72 hours in the crisis-hit nation that saw protesters storm many iconic buildings, including the president and the prime minister's residences here.

During the 13-minute special session, Dhammika Dasanayake, secretary general of

Parliament, announced the vacancy for the post of presi-

dent. Former president Rajapaksa's resignation letter was read during the session.

"According to section 4 of the presidential elections (special provisions) Act No 2 of 1981 the parliament should be convened within three days after the vacancy occurs," Janakantha de Silva, Parliament's director of communications, said earlier.

Meanwhile, the main opposition leader Sajith Premadasa has officially declared his intention to contest the vote to be held on July 20. The 225-member Parliament is dominated by Gotabaya Rajapaksa's ruling Sri Lanka Podujana Peramuna (SLPP) party. The ruling SLPP which officially announced its backing of Ranil Wickremesinghe, the acting president, found some resistance to its decision from within.

US President Joe Biden (left) and Saudi crown prince Mohammed bin Salman in Jeddah, Saudi Arabia

# US committed to region, Prez Biden tells Arab leaders

REUTERS  
Jeddah, Saudi Arabia, July 16

PRESIDENT JOE BIDEN told an Arab Summit on Saturday that the United States would remain firmly committed to its allies in the Middle East and was "not going anywhere" as he lobbied for a regional security alliance that would integrate Israel. Biden, who began his first trip

to the Middle East as president with a visit to Israel, presented his vision and strategy for America's engagement in the Middle East.

He also sought to use the gathering in Jeddah to integrate Israel as part of a new axis largely driven by shared concerns over Iran. "We believe there's great value in including as many of the capabilities in this region as possible and certainly Israel has significant air and missile defence capabilities, as they need to. But we're having these discussions bilaterally with these nations," a senior administration official told reporters. Biden has focused on the planned summit with six

Gulf states and Egypt, Jordan and Iraq, while downplaying a meeting with Saudi Crown Prince Mohammed bin Salman. That encounter drew criticism in the United States over human rights abuses.

"No country gets it right all the time, even most of the time, including the United States. But our people are our strength. Our countries with the confi-

dence to learn from the mistakes grow stronger," Biden said.

"So let me conclude by summing all this up in one sentence. The United States is invested in building a positive future in the region, in partnership with all

of you, and the United States is not going anywhere."

Biden had said he would make Saudi Arabia a "pariah" on the global stage over the 2018 murder of journalist Jamal Khashoggi by Saudi agents, but ultimately decided US interests dictated a recalibration, not a rupture, in relations with the world's top oil exporter.

# Ukraine war overshadows G20 finance meetings in Bali

ASSOCIATED PRESS  
Bangkok, July 16

FINANCIAL LEADERS OF the Group of 20 richest and biggest economies have wrapped up meetings on the Indonesian resort island of Bali without a final joint communique after talks were overshadowed by divisions over the war in Ukraine. As G-20 host this year, Indonesia has sought to bridge divisions between G-20 members over Russia's invasion, but enmity over the conflict was evident even as the finance ministers and central bank chiefs appeared to concur on the urgency of global economic challenges,

Indonesian FM Sri Mulyani Indrawati

including decades-high inflation and food insecurity, which has been worsened by the war. Asked why there was no joint statement or communique from the meeting, Indonesian

finance minister Sri Mulyani Indrawati said that all involved agreed the meeting took place "under a very challenging and difficult situation because of the geopolitical tensions." She said delegates had "expressed sympathy that Indonesia has to manage this situation." But Indrawati and Indonesian central bank Governor Perry Warjyo said Indonesia would later release a G-20 chair's statement that would include two paragraphs describing areas where the participants failed to agree. Indrawati said there were still issues that could not be reconciled, "because they want to express their views related to the war."

# Musk seeks to block Twitter's request to fast-track trial

REUTERS  
July 16

ELON MUSK FILED a motion on Friday opposing Twitter Inc's request to fast-track a trial over his plan to terminate his \$44 billion deal for the social media firm. Musk's lawyers, in papers filed with the Delaware Chancery Court, said Twitter's "unjustifiable request" to rush the merger case to trial in two months should be rejected.

It is the latest move in what promises to be a major legal showdown between Twitter and Musk.

The San Francisco-based company is seeking to resolve months of uncertainty for its business as Musk tries to walk away from the deal for what he says is Twitter's "spam bot" problem. Twitter sued Musk on Tuesday for violating the deal to buy the social media platform, asking a Delaware court to order the world's richest person to complete the merger at the agreed price of \$54.20 per share.

The company requested the trial begin in September because the merger agreement with Musk terminates

File photo of Elon Musk

on October 25. "Twitter's sudden request for warp speed after two months of foot-dragging and obfuscation is its latest tactic to shroud the truth about spam accounts long enough to railroad defendants into closing," Musk's filing said.

Musk's lawyers argued the dispute over false and spam accounts is fundamental to Twitter's value and extremely fact- and expert-intensive. They said it would require substantial time for discovery and requested a trial date on or after Feb 13 next year.

The debt financing package committed by banks for Musk's acquisition expires in April 2023. That means if the trial began in February and did not finish by April, the deal could collapse.

# Russian officials visited Iran to view drones: US official

REUTERS  
Jeddah, Saudi Arabia, July 16

THE UNITED STATES believes that Russian officials visited an airfield in Iran recently to view attack-capable drones, US national security advisor Jake Sullivan said on Saturday. The United States earlier this week said it has information that shows Iran is preparing to provide Russia with up to several hundred drones, including some that are weapons capable, and that Tehran is preparing to train Russian forces to use them. Iran's foreign minister denied that. "We assess an official Russian delegation recently received a showcase of Iranian attack-capable UAVs.... To our knowledge, this is the first time a Russian delegation has visited this airfield for such a showcase," Sullivan said in a statement.

The statement included satellite imagery dated June 8 showing Iranian UAVs "that the Russian government delegation saw that day". It said similar equipment was showcased for a second Russian visit to the airfield on July 5. On Friday, Iran's foreign minister Hossein Amirabdollahian, in a phone call with his Ukrainian counterpart, rejected as baseless US accusations about Iranian drones being sent to Russia for use.
