FOR IMMEDIATE RELEASE

## Rajoo Engineers Limited Unveils Rajkot Facility Expansion, Boosting Manufacturing Capacity

*The expanded facility is expected to manufacture 12 machines at a time from currently 4 machines*

**Rajkot, April 18, 2024:** Rajoo Engineers Ltd, a pioneering force in the field of plastic processing machinery, proudly announced the inauguration of its expanded facility in Rajkot. This expansion marks a significant milestone in the company's journey, as it triples its manufacturing capacity to meet growing demands and enhance operational efficiency. The expansion is a spacious structure on the adjacent 28,210 sq.ft of land acquired last August. The expanded facility will increase the manufacturing capacity by 30%. Dedicated space for Quality control will help the company to enhance the customer experience.

The company has made a significant investment in the production plant, which spans across 18,000 sq.ft and stands at a height of 100 ft and an additional 7,000 sq.ft for the QCA. This investment underscores the company's commitment to innovation, stringent quality standards, growth, and customer satisfaction. Equipped with advanced technology, the expanded facility is poised to revolutionize the production landscape, catering to diverse global requirements with unparalleled precision and reliability.

**On the special occasion, R N Doshi - Chairman of Rajoo Engineers Limited said,**

*"The opening of expansion of our Rajkot facility marks another important milestone in our journey. Our unwavering focus remains on delivering top-quality products to our national and international clients. This inauguration reflects our steadfast dedication to innovation, quality, and sustainable growth, marking a significant leap forward for Rajoo Engineers."*

The successful completion of this expansion project symbolizes a promising step forward for all stakeholders. It paves the way for enhanced productivity and operational excellence. Rajoo Engineers looks forward to continuing their successful journey with renewed vigor and determination.

The extended facility will produce domestically designed and assembled machinery, aligning with India's vision of becoming a global manufacturing hub. This embodies the spirit of import substitution and the 'Make in India' initiative. Through this advancement, Rajoo strengthens its commitment to innovation and excellence, propelling the nation towards self-sufficiency in manufacturing.

**About Rajoo Engineers Limited:**

Rajoo Engineers Limited, founded in 1986 and headquartered in Rajkot, has evolved into a prominent global player in plastic extrusion machinery. Through a dedicated focus on blown film extrusion, sheet extrusion lines, thermoformers, and extrusion coating and lamination lines, the company has attained a prestigious market position. Driven by innovation, Rajoo is renowned for its product technology, excellent quality, state-of-the-art workmanship, enhanced energy-efficient operations, and sophisticated automation, distinguishing its offerings on a global scale. With a presence in numerous countries and a customer base spanning over 78 nations, the company's exports have surged since its international debut in 1990.
