Press Release

New Delhi, September 1, 2020

HERO MOTOCORP VOLUMES NOW SURPASS PRE-COVID LEVELS WITH ROBUST SALES OF 584,456 UNITS IN AUGUST ‘20

- CLOCKS DOUBLE-DIGIT GROWTH OF 13% OVER JULY 2020
- REGISTERS GROWTH OF 7.55% OVER AUGUST 2019

Sprinting ahead with the fourth consecutive month of growth in volume sales, Hero MotoCorp, the world's largest manufacturer of motorcycles and scooters, has continued to lead the revival of the automotive sector.

Signaling a positive turn-around for the two-wheeler industry, which is a strong driver of the domestic economy, the Company sold 584,456 units of motorcycles and scooters in the month of August 2020, a growth of 7.55% over the corresponding month of the previous year (August 2019) when it sold 543,406 units.

Sequentially, this translates into a growth of 13% over the month of July 2020, when the Company had sold 514,509 units.

Hero MotoCorp’s latest addition to its range of premium motorcycles – the Xtreme 160R – has received very positive feedback from the market and has led to an increase in the company’s premium segment market share.

The Company is also witnessing strong retail off-take and is currently operating in pull-market with rural and semi-urban centers driving demand.

With August marking another step forward in the market’s recovery, the Company cautiously anticipates sales to continue their upward trajectory with favorable factors such as the upcoming festive season, increasing consumer confidence and continued government policy support.

Now operating at nearly 100% production capacity with almost all customer touchpoints open, the Company remains committed to the health and safety of everyone in its ecosystem, including its customers.
