Liberty General Insurance Launches ‘Critical Connect’ - A Health Insurance Policy Which Covers Up To 60 Illnesses

Mumbai, July 18, 2020: In a bid to expand its health insurance portfolio and provide health insurance cover for up to 60 critical illnesses (CI) including major healthcare conditions such as heart or major organ transplantation, kidney failure, cancer, kidney transplant, AIDS, head injuries, blindness, and multiple sclerosis among others, Liberty General Insurance Ltd. (Liberty) launched ‘Critical Connect’ today as a virtual product launch ceremony. This health insurance policy will enable customers to manage most of their expenses related to critical illnesses. Unlike a regular Health Insurance policy, where the customer has to go through a lengthy process of diagnosis of life-threatening illness covered under the policy.

Under the Critical Connect Health insurance policy, the customers can receive claims for sum insured ranging from Rs 1 lakh up to Rs 1 crore. If the claim is entertained, Liberty can choose Critical Illness Bundles covering 9, 23, or 40 critical illnesses. Wherein the policy covers disease-specific bundles such as Heart Protect, Critical Protect, Renal Protect, and Brain Protect.

This policy can be availabe by Indian citizens aged over 18 years and less than 65 years (Refer to *Annexure for plan details).

Critical Connect Policy Benefits:

1. Sum Insured: A customer can get coverage for Rs. 1 to 1 crore, this comes in useful to cover all the expenses.

2. Up to 60 Critical Illnesses: The policy covers major healthcare conditions, including CI related to HIV/AIDS.

3. Subsequent Illnesses: Cover for pre-existing illnesses will be available in subsequent claims, thus making the insurance policy even more valuable.

4. Waiver of Premium: In the event of death or declared total disability, the customer will not have to pay for the premium.

5. Cover includes: Accommodation, pharmacy (prescription & diagnostic lab tests, through Liberty’s empaneled, network hospitals, and diagnostic laboratories), and reimbursement of consultation fees, and diagnostic tests, and inpatient hospitalization.

7. *Annexure for plan details).

Faster, Easier, Claim Settlement:

Cover: Takes care of the customers’ medical needs, and hassle-free claims with a claim settlement process.

With rising healthcare costs and the growing vulnerability to critical illnesses, having a comprehensive insurance protection is today a necessity. The cost of treating life-threatening illnesses is much higher compared to the cost of treating minor illnesses. Keeping this in mind, Liberty has launched ‘Critical Connect’ Health Insurance Policy which minimizes the psychological effects of the customers. This policy provides financial support and wealth protection to the customers, thereby ensuring the customers take care of their health and do not have to worry about the financial burden. It is a beneficial policy for all customers and plays a major role in protecting the customers from the financial burden of critical illnesses.
