Godrej Properties Limited- Operational update for Q4 and FY 2019-20

Godrej Properties Ltd. (GPL) (BSE scrip id: GODREJPROP), one of India’s leading real estate developers has announced its operational updates for Q4 and FY 2019-20.

Given the uncertainty in economic conditions with the unfolding global response to COVID-19, we believe it prudent to present a Q4 and FY20 operational update.

- Total booking value for FY20 is up 11% YoY at 5,915 Cr with residential sales increasing by 14% YoY to 5,840 crore comprising of over 7,300 homes sold.
- The company launched 17 new projects and phases in FY 20 including 6 launches in Q4.
- Sustenance sales grew YoY by 48% in FY 20 to 3,048 Cr.
- Q4 FY20 bookings stood at 2,380 Cr representing QoQ growth of 100% and YoY growth of 10%. The company sold over 3,000 homes in the fourth quarter. The number of homes sold and the value of homes sold were the highest the company has achieved in any quarter.
- The sales in Q4 included over 500 homes sold in the second half of March as the company focused on digital sales tools to sustain operations despite the lockdown.
- The company added 10 new projects in FY 20 including 5 new projects in Q4.
- Godrej 24 in Pune received its occupation certificate in Q4 within 24 months of starting construction. This is the fastest ever project completion for the company.

While the start of FY21 may be muted as the lockdown and the subsequent economic toll postpone economic activity, GPL’s healthy balance sheet and project pipeline will help maintain operational momentum in the months ahead.
The company will continue to focus its effort on supporting the country’s response to COVID-19 by ensuring meals for all construction workers at its sites across the country, assisting the government’s efforts to procure critical materials such as testing kits, bed capacity, and personal protective equipment for healthcare workers, and ensuring stability for its employees and other stakeholders.
