Encl.: as above
Singapore, March 16, 2020 -- Moody's Investors Service (Moody's) has today upgraded Yes Bank Limited's (Yes Bank) long-term foreign currency issuer and foreign currency senior unsecured MTN program ratings to Caa1 from Caa3 and (P)Caa1 from (P)Caa3 respectively.

In addition, Moody's has confirmed the bank's long-term foreign and local currency bank deposit ratings at Caa1. Moody's has also confirmed the bank's long-term domestic and foreign currency Counterparty Risk Rating (CRR) and long-term Counterparty Risk Assessment (CR Assessment) at Caa1 and Caa1(cr) respectively.

Lastly, Moody's has affirmed Yes Bank's Baseline Credit Assessment (BCA) and adjusted BCA at ca.

The rating outlook is positive. Today's rating action concludes the review with direction uncertain that was initiated on Yes Bank's ratings on 06 March 2020.

For a detailed list of the affected ratings for both Yes Bank Limited and Yes Bank, IFSC Banking Unit Branch, please refer to the end of this press release.

RATINGS RATIONALE

The upgrade of Yes Bank's long-term issuer rating to Caa1 from Caa3, placing it at the same level as its long-term deposit ratings, takes into account the bailout of the bank's depositors and senior creditors under the Yes Bank Reconstruction Scheme, as approved by the Indian Government (Baa2 negative) on 13 March 2020. Today's rating action also takes into account the confirmation by the Indian authorities and Yes Bank that the moratorium on its depositors and creditors will be lifted on 18 March 2020.

Based on the reconstruction scheme, State Bank of India (SBI, Baa2 negative, ba1) and six other Indian financial institutions have infused INR100 billion as new equity capital into Yes Bank. The rights, along with the terms and conditions of the bank's depositors and senior creditors, remain unaffected by the planned reconstruction.

Separately, INR84.15 billion Additional Tier 1 (AT1) bonds have been written down in full to provide additional loss absorbing capital against the bank's losses.

Given the new capital raised and the AT1 securities writedown, Moody's expects Yes Bank's solvency has improved and that the recovery rates for the banks' depositors and senior creditors will be very high, supporting the current credit ratings.

Moody's has also affirmed the bank's BCA at ca. Despite the reconstruction scheme and new capital infusion, the bank's standalone viability is in question as the bank's deposit franchise has significantly deteriorated since quarter ended 30 September 2019. Between 1 October 2019 to 5 March 2020, Yes Bank's deposits declined by 34% and may weaken further once the moratorium is lifted. As a result, Moody's expects that the bank will continue to require liquidity assistance and forbearance from RBI immediately after the moratorium is lifted and until its operations stabilize.

Moody's has also changed the rating outlook to positive to reflect Moody's expectation that the bank's financial fundamentals can improve due to the extraordinary support provided by the Indian authorities. Such extraordinary support will provide the bank sometime to rebuild its franchise, including its deposit base.

As part of the reconstruction scheme, the Indian authorities and SBI have appointed new board members and a new MD & CEO to Yes Bank. Moody's expects Yes Bank's risk appetite will decrease and the bank's management framework will remain consistent and in line with its lower risk appetite. Nevertheless, the bank's complex shareholding structure could complicate governance and management structures at the bank. Corporate governance remains a key credit consideration and requires ongoing monitoring.

WHAT COULD CHANGE THE RATING UP

Moody's could upgrade the ratings if the bank's financial fundamentals, including its depositor franchise, stabilize such that the risk of losses to senior creditors and depositors further declines.

WHAT COULD CHANGE THE RATING DOWN

A worsening of the bank's fundamentals due to an increase in asset risk or a significant outflow of deposits after the RBI's moratorium is lifted resulting in lower recovery rates for the bank's creditors, could lead to a further downgrade of the bank's ratings.

The principal methodology used in these ratings was Banks Methodology published in November 2019. Please see the Rating Methodologies page on www.moodys.com for a copy of this methodology.

REGULATORY DISCLOSURES

For ratings issued on a program, series, category/class of debt or security this announcement provides certain regulatory disclosures in relation to each rating of a subsequently issued bond or note of the same series, category/class of debt, security or pursuant to a program for which the ratings are derived exclusively from existing ratings in accordance with Moody's rating practices. For ratings issued on a support provider, this announcement provides certain regulatory disclosures in relation to the credit rating action on the support provider and in relation to each particular credit rating action for securities that derive their credit ratings from the support provider's credit rating. For provisional ratings, this announcement provides certain regulatory disclosures in relation to the provisional rating assigned, and in relation to a definitive rating that may be assigned subsequent to the final issuance of the debt, in each case where the transaction structure and terms have not changed prior to the assignment of the definitive rating in a manner that would have affected the rating. For further information please see the ratings tab on the issuer/entity page for the respective issuer on www.moodys.com.

For any affected securities or rated entities receiving direct credit support from the primary entity(ies) of this credit rating action, and whose ratings may change as a result of this credit rating action, the associated regulatory disclosures will be those of the guarantor entity. Exceptions to this approach exist for the following disclosures, if applicable to jurisdiction: Ancillary Services, Disclosure to rated entity, Disclosure from rated entity.

Regulatory disclosures contained in this press release apply to the credit rating and, if applicable, the related rating outlook or rating review.

Please see www.moodys.com for any updates on changes to the lead rating analyst and to the Moody's legal entity that has issued the rating.

Please see the ratings tab on the issuer/entity page on www.moodys.com for additional regulatory disclosures for each credit rating.
