Passionate about fashion. Progressing with determination.

Fashion is instant language. It is the first form of communication that people establish the moment they see one another.

Fashion means different things to different people – from bold colours to subtle hues, shiny leather to the humble cotton, everything is a part of fashion.

At Garment Mantra Lifestyle Limited, we believe fashion must be accessible to all and have made this our core purpose.

Fashion is all that we think about and use our strengths of innovation and creativity to provide knitted fabric and garments to people of all genders and age groups.

While catering to people's fashion needs, we have grown from strength to strength on the back of our attention to detail and our obsession with perfection. This is what differentiates us from our peers.

Our products are known not only for their quality, durability and high-strength characteristics, but also for their competitive pricing.

Every day, we come to work to create fabrics and clothing in tandem with the latest styles and trends.

While we are on a quest for excellence, we are determined to expand our operations within India and globally.

We are "passionate about fashion".

We are "progressing with determination".

About Garment Mantra Lifestyle Limited

Garment Mantra Lifestyle Limited (GMLL) is one of the leading manufacturers of hosiery garments in South India. Our specialty lies in offering our customers a wide range of hosiery garments – which are a perfect combination of quality and style.

We established our business in 1999 and since then, have been manufacturing nightwear, loungewear and protective wear for men, women and children. Our manufacturing facility is located in New Tiruppur, South India.

Tiruppur is popularly known as ‘the knitwear capital of India’ as it accounts for 90% of India’s cotton knitwear export. The facility is equipped with modern machinery that allows us to effectively transform raw materials into garments that match international standards.

We supply these garments under our three exclusive brands to wholesalers, who, in turn, sell them to the customers at competitive pricing.

We carefully study the evolving fashion trends and leverage our R&D capabilities to create fabric and garments that form an integral part of our customers’ daily fashion.

Garment Mantra at a glance

Businesses

We have set up three unique business models that drive profitability:

GMLL is our wholesale unit engaged in the business of garment manufacturing and selling of knitted fabric and garments. Our range of garments for men, women and children are made from a variety of knitted fabrics such as 100% cotton, 100% polyester, blended (cotton and polyester) and printed polyester fabrics. Our entire product range comprises 5,000 products, which are mainly targeted to middle- and lower class customers. We source surplus fabric from overseas, which gives us an edge over our peers in terms of cost, quality and quantity.

Our products are available all over India through our robust network of wholesalers and distributors. Our focus on volume allows us to reduce prices. We believe in making fashion accessible to all and sell our products in rural and urban India.

PRICE MANTRA

THE FAMILY STORE
APPAREL | FOOTWEAR | ACCESSORIES

Price Mantra is our retail chain through which we source returned, second-hand or outdated branded apparel and accessories from national and international brands in bulk at steep discounts on their MRPs. It is our one-stop store for all thing fashion.

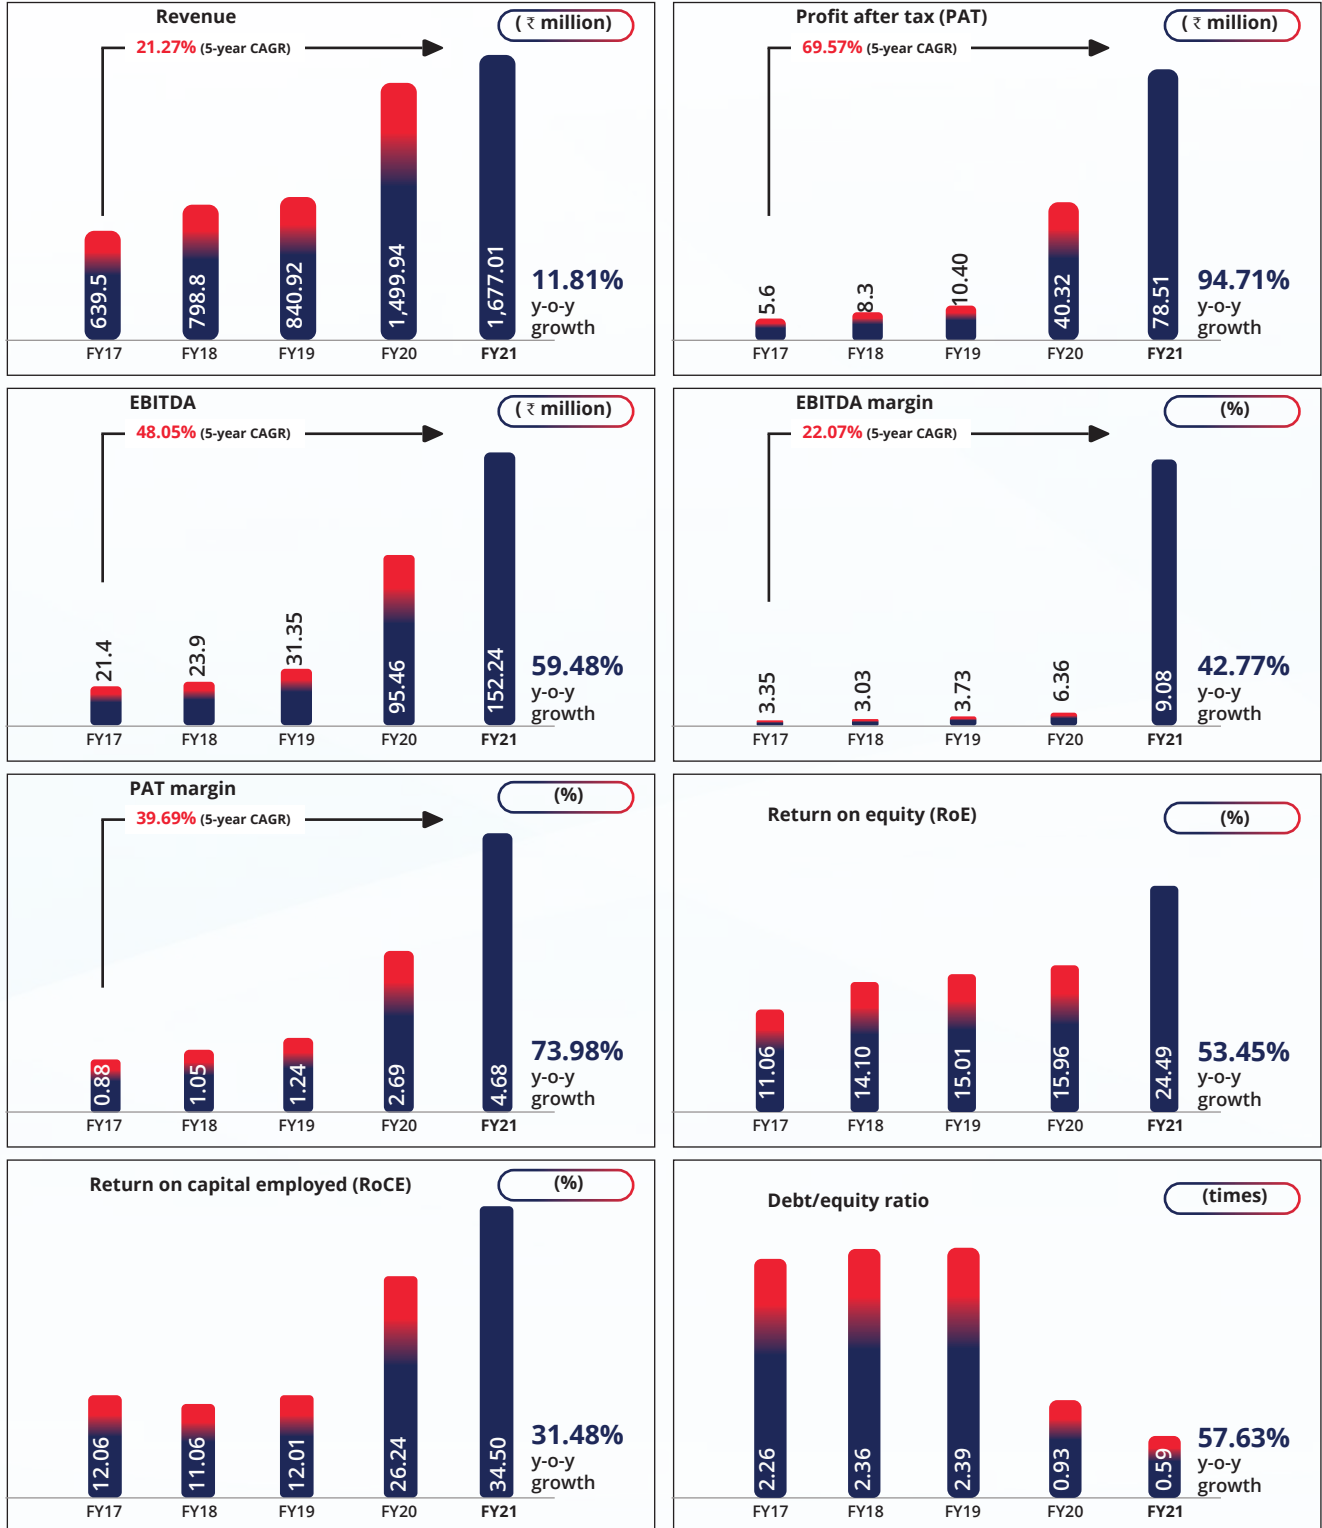

We successfully began seven Price Mantra stores in different cities by opening our own stores and through franchise models. Any individual can start a franchise by investing a small amount of capital. Currently, we operate ten stores (six in Tiruppur, two in Coimbatore and two in Delhi). We plan to open 10 stores in 2022 and provide employment to various groups such as retired people and housewives. We are also working on an exhibition cum sale model across India to provide branded products at attractive rates. Moreover, we have now diversified our product range to include electronics, home appliances and fashion accessories.

Poorti is our wholesale hub. Through Poorti, we source our products from wholesalers and retailers across India as well as from international markets. The idea is to make luxury apparel, accessories and footwear accessible to everyone. We buy these items at prices lesser than their manufacturing cost and supply it to the retailers, who further make these products accessible to customers.

We are also able to leverage the advantage offered by Tiruppur since it is one of the largest sourcing markets for wholesalers and retailers across India as well as from international markets.

Strong performance

Message from the MD

Dear Shareholders,

One year since the outbreak of COVID-19, the pandemic continues to pose a significant global challenge. Despite widespread inoculation, new variants of the virus threaten our lives and well-being. I hope you and your families are safe during these difficult times and are taking utmost care.

First and foremost, I would like to thank the entire family of Garment Mantra for everything that you have done to weather the crisis. Your commitment and perseverance has made all the difference and prepared your Company to cope with this unforeseen situation.

Secondly, I would like to assure you that your Company is resilient. Over the course of three decades, we have overcome several challenges and are convinced that we will overcome this one too.

Resilient performance

During FY2021, we posted revenues of ₹ 1,677.01 million, marking a growth of 11.81% over FY2020. Our EBITDA grew by 59.48% to reach ₹ 152.24 million during the year. Our net profit stood at ₹ 79 million in FY2021, compared to ₹ 40 million in FY2020. As a result, our earnings per share (EPS) expanded by reached ₹ 14.98 in FY2021. During the year, our team focused on enhancing and expanding our businesses – Garment Mantra, Price Mantra and Poorti. We are now building a sharper focus on customer needs by better understanding and analysing their lifestyles and fashion preferences. We are also leveraging the power of the social media to expand the reach of our brands. Our Strengthened presence on social media has also allowed us to establish a deeper connect with our customers and maintain brand recall.

Robust business models

Our three business models are our foundation pillars. Through Garment Mantra, we manufacture and sell knitted fabrics and garments. Price Mantra is the retail chain of Garment Mantra. We sell products matching international quality standards at impressively affordable prices due to our bulk buying strategy. We enable employment for the common masses such as housewives, retired people and even salaried employees by offering them the opportunity to take up a franchise of Price Mantra. Poorti is our third business model. It is the wholesale hub of Garment Mantra.

Businesses	% of revenue
Garment Mantra	70-75%
Price Mantra	10-15%
Poorti	15-20%

The idea behind this business is to make luxury apparels, accessories and footwear available to those who cannot afford it. We make these products reach the common masses by purchasing them in bulk below their manufacturing cost.

Prioritising employee well-being and society

As soon as the pandemic began, our unwavering commitment was to protect the health and priorities the safety of our people. Though the crisis seems to have eased a little, we are not letting our guard down and are continuing to follow all the necessary precautions. We ensured our people wore masks, equipped out facilities with sanitisers and maintained social distancing. Further, we arranged for accommodation and food for all our people to ensure they avoid travel to and from work during COVID times. We arranged for a mass vaccination drive at our locations to ensure all our people are inoculated. Financial aid was also given to those in need to help them buy staples and groceries.

At Garment Mantra, we believe in respecting the needs of every individual, and supporting and empowering them. We are committed to making a difference to those around us. We support 'Vanathukkul Tiruppur', which is an initiative to expand green cover in the city. We also organised blood donation drives.

Your Company is actively involved in the social activities of the Tiruppur Export Association (TEA), Confederation of Indian Industries (CII), Rotary Club and Lion's Club. We also contributed to the setting up of an 80-bed oxygen facility, along with other industrialists. As I conclude, I would like to inform you all that your Company has a bright future as the opportunity and intensity of competition in India's fashion market is going to rise steadily. We are planning to launch 12-16 outlets under Price Mantra in the coming year through its own stores or through the franchise model. We expect a revenue growth of 15-20% in FY2022 through addition of new products and retail stores. On the back of our three business models, we are in good stead to take over the market.

I would like to express my deepest gratitude to our investors and stakeholders for their continued faith and trust in us. Together, we will take Garment Mantra to newer heights of success.

Warm wishes,
Prem Aggarwal

Strengths

We have established some strong foundational pillars, which support our business in every decision we make. They also help us driver superior growth, achieve sector-leading returns and safeguard the business against existing and potential risks.

1. Strategic location of our manufacturing facility

Our garment manufacturing unit is spread over 26,000+ sq. ft at Nethaji Apparels Park located in Tiruppur, Tamil Nadu. Tiruppur is known as ‘the knitwear capital of India’ as it accounts for 90% of India’s cotton knitwear exports. The city generates export revenue of ₹ 15 billion from apparels and contributes significantly to foreign exchange in India.

The Tiruppur advantage

- The Tiruppur textile industry has units all along the value chain of knitwear – right from spinning, knitting and wet processing to printing, garment manufacturing and exports.
- The ancillary units supply buttons, laces, embroidery, cones and yarn processing, etc.
- The industry provides employment to over 3 lakh individuals.
- The city’s climatic conditions are favorable for natural drying process of garments.

2. Presence across the textile value chain

We are presence across the textile value chain – we supply yarn to the mills for knitting, dyeing, printing and compacting factories. To ensure consistent superior quality and effective cost control, we contract exclusive facilities for each process:

Knitting:

We produce various qualities of circular knitted fabrics, right from 100 gsm to 400 gsm, by utilizing machines made up of the latest and advanced technology.

Dyeing:

We have ultra-modern, soft flow machines for fabric dyeing.

Garment stitching:

We have 50 sewing machines, which give us a production capacity of over 1 lakh pieces per month.

Printing:

To print on knitted fabric, we use a Stormac multi-colour rotary printing machine, for reactive, pigment and discharge prints.

Embroidery:

We have computerised multi-head embroidery machines. We also have a team that does hand embroidery designs with sequence work, beads, stone fixing, rhinestone work, heat transfer photo and flock prints.

3. Wide product portfolio

Our wide product portfolio is our strategic advantage in comparison to our peers. We have designed over 5,000 SKUs for the masses – men, women and children – in a variety of styles and sizes through our in-house innovative design skills. The fabrics we use include knitted fabrics, blended fabrics, 100% polyester fabrics, 100% cotton fabrics, 100% knitted cotton fabrics, non-allergenic natural fibre and eco-friendly fabric.

In addition, we are expanding the reach of our Price Mantra and Poorti business models. With our expansion plans in place, we have diversified our product range by including electronics, home appliances and fashion accessories to our portfolio.

4. Adaptive business strategy

We believe in evolving with the changing times to stay ahead of competition. We have devised a unique strategy to source fabrics of international quality at cost competitive prices. We source fabrics from manufacturers of leading international brands, from international and domestic markets and we also manufacture our own garments. Buying garments and fabrics in large volumes allows us to sell them at cost-competitive rates, with a pricing advantage of 10-15%.

Recently, to contribute through our business to the fight against COVID-19, we started manufacturing cost-effective face masks and cotton PPE kits. We are manufacturing masks in an affordable and sustainable manner. They are made using cotton knitted fabrics, making them reusable, washable and high sweat absorbing. We aim to make these masks available to every household in India.

5. Acquired majority stake in two of our Group textile arms

We acquired majority stake in Jannat Fabrics and Apparels Private Limited and Twenty Twenty Trading LLP 'Price Mantra'. Jannat Fabrics is the major supplier of Garment Mantra. It supports a vast network of other ancillary businesses and supports service houses (supporting factories) all over the knit city which will support Garment Mantra from backend. Twenty Twenty Trading LLP 'Price Mantra' operates a niche retail model that allows us to fulfil the brand and fashion aspirations of India's population at highly competitive prices.

6. Experienced management team

Leadership is crucial for any business to run successfully. Our Company is managed by a team of highly skilled professionals who have in-depth knowledge, experience and expertise in the textile industry. Our dynamic leadership and management teams have been instrumental in charting a growth path for the business and, in turn, the Company.

People

Our people are our back bone and our growth driver, and we are committed to building the best possible working environment for them. Professional growth and employee well-being is as important to us as it is to our people. We believe that the more our people learn, the faster the business succeeds. We therefore provide our people with ample opportunities to develop their career and expertise. Due to safe and ethical work practices and fair culture, most of our employees have been with us for over a decade.

During the pandemic, we continued to stand by our people and did everything we could to take care of them. We maintained stringent COVID care norms at our facilities. Our people wore masks at all times and maintained social distancing. Hand sanitisers were kept at strategic locations across our facilities and our workplace is sanitised regularly. All our people, including the Directors, are 100% vaccinated.

Learning and development programmes

We arranged a workshop on the Three Laws of Performance by Vanto Group for our senior employees and heads of departments. The workshop was conducted in January 2021 and was greatly appreciated by our people.

The Three Laws of Performance serve as a framework to assist readers in re-writing the future and improving performance:

We were also fortunate to obtain the guidance of Dr. Ujjwal Patni, who mentored us on conducting business successfully.

Dr. Ujjwal Patni is an International Trainer, Celebrity Author, Keynote Speaker and Business Coach. He is the only motivational speaker from India who has led three Guinness World Records.

Corporate social responsibility

We believe that engagement with social issues must be deep and meaningful, followed by long-term commitment. Only then can real change take place at the ground level. We are committed to community empowerment, healthcare and environment protection and run our business in a socially responsible manner.

This year, we undertook tree plantation and blood donation drives to support the environment and communities.

Tree plantation

Environment conservation is one of our primary responsibilities. We strongly believe that planting trees will be a valuable contribution in fighting climate change. We also support 'Vanathukkul Tiruppur', which translates as 'Tiruppur within a forest'. It is an initiative to expand green cover in the city.

VOTING THROUGH ELECTRONIC MEANS AND INSTRUCTIONS TO SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING VOTING THROUGH VC/OAVM ARE AS UNDER:

1. In compliance with provisions of Section 108 of the Companies Act, 2013, Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended by the Companies (Management and Administration) Amendment Rules, 2015 and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements), Regulations 2015, the Company is pleased to provide members facility to exercise their right to vote on resolutions proposed to be considered at the Annual General Meeting (AGM) by electronic means and the business may be transacted through e- Voting Services. The facility of casting the votes by the members using an electronic

voting system from a place other than venue of the AGM ("remote e-voting") will be provided by CDSL (Central Depositories Securities Limited).

2. The Company has appointed Mr. G Vasudevan, Partner of M/s. GV and Associates, Practicing Company Secretary as the Scrutinizer for providing facility to the members of the Company to scrutinize the voting at the meeting and remote e-voting process, in a fair and transparent manner.
3. The facility for e-voting, shall also be made available during the AGM and Members attending the AGM through VC/OAVM, who have not already cast their vote by remote e-voting, may exercise their right to vote during the AGM through the CDSL portal.
4. The members who have cast their vote by remote e-voting prior to the AGM can also participate through VC / OAVM, but shall not be entitled to cast their vote through e-voting again.
5. The voting rights of Members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date.
6. The remote e-voting period commences on 27th September, 2021 at 9:00 A.M. and ends on 29th September, 2021 at 5:00 pm. During this period members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of 23rd September, 2021, may cast their vote by remote e-voting. The remote e-voting module shall be disabled by CDSL for voting thereafter. Once the vote on a resolution is cast by the member, the member shall not be allowed to change it subsequently or cast the vote again.
7. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09.12.2020, under Regulation

44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

8. In terms of SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. - 3) In case of proprietary products, prices are negotiated and agreed mutually based on product specification and degree of customization/ technology involved.

Mr. Prem Aggarwal (Managing Director), Shikha Aggarwal Prem (Wholetime Director), Ashmita Agarwal (Director) and Aditya Aggarwal (CFO) are interested in this resolution.

Industry and business highlights

1. Global economy

According to the World Economic Outlook (WEO) report of the International Monetary Fund, world economy contracted by 3.2% in 2020. Countries across the globe faced challenges related to public health, lockdowns and closure of international borders for an extended period. Global supply chains were impacted as trade was disrupted. Governments and central banks across the world announced favourable fiscal policies and offered monetary stimulus to stop the economic meltdown and support the recovery.

With vaccination against the virus being the only ray of hope, countries competed against one another to produce vaccines on a large scale. Recovery is expected to be uneven across countries and industries due to variations in pandemic-induced disruptions, effectiveness of policy intervention, medical support access and other factors affecting economic growth.

Growth projections

(Source: DGCIS and Wazir Analysis)

1.1 Outlook

The global economy's recovery is expected to strengthen gradually over 2021 on the back of social distancing and ramped-up inoculation. However, uncertainty still prevails due to concerns regarding renewed waves and new variants of the virus. Despite this, the IMF has projected that the global economy will grow 6% in 2021 and 4.9% in 2022. Inflation is expected to return to pre-pandemic levels in most economies by 2022. The monetary policies expected to be rolled out by central banks can help in releasing inflation pressures. Commodity prices are expected to increase, with oil prices rising close to 60% above their low base in 2020 and non-oil commodity prices rising ~30% above 2020 levels.

Vaccine roll-outs and additional fiscal support are expected to aid the rapid recovery in advanced economies. Global trade is expected to recover to 9.7% in 2021 and 7% in 2022. Well-directed national policies can help the economy. However, the world faces a lingering threat of renewed flare-ups of the virus.

2. Indian economy

India was witnessing a slowdown phase much before the COVID-19 pandemic hit. Private consumption was sluggish and investment sentiments were weak. Industrial output contracted and tax revenues declined, with growth slowing to

a six-year low at the end of 2020-21.

Economic activities came to a halt as the Government of India imposed a nationwide lockdown to contain the virus spread on March 24, 2020. The lockdown measures were eased from June onwards and economic activities resumed. However, it was not enough to recoup the losses of the first two months. Barring agriculture, all sectors recorded de-growth due to severe restrictions on mobility. The agriculture sector grew by 3.4% due to good rabi harvest and kharif sowing, and monsoon.

As activities started normalising in Q2, pent-up demand started to play out. Despite staging a sharp recovery, India still entered into a technical recession with two successive quarters of contraction. With festive demand beginning to gather steam, Q3 witnessed the return to positive territory.

The Government of India, along with the Reserve Bank of India (RBI), announced a series of measures to provide immediate relief to the vulnerable sections, stabilise the economy, boost liquidity and credit flow. The cumulative stimulus amounted to ₹29.7 lakh crore (equivalent to 15% of GDP), with a focus on boosting domestic manufacturing and strengthening supply chains.

India GDP Growth

P - Projection | Source: IMF, WEO

2.1 Outlook

According to the IMF, the economy is expected to grow by 11.5% in 2021-22. The recovery will be aided by the vaccination drive. The industrial sector is expected to witness buoyancy with mining, manufacturing and construction registering double-digit growth rates. Increase in commodity prices and a revival of domestic demand, and improved goods and services tax (GST) collections indicate sharper-than-expected recovery. Proactive policy measures by regulators and the government are expected to ensure smooth functioning of businesses, domestic markets and financial institutions. However, risks to the forecast remain on the downside, due to renewed fears of localised lockdowns or restrictions on mobility following the second wave of the pandemic.

3. Overview of the Indian textile industry

Indian textiles is one of the oldest industries in the Indian economy. India is among the world's largest producers of textiles and apparel. The decentralised power looms, and hosiery and knitting sector form the largest component in the textiles sector.

India is one of the largest producers of cotton and jute in the world. India is also the second-largest producer of silk in the world and 95% of the world's hand-woven fabric comes from India. The Indian technical textiles segment is

estimated at \$16 billion, approximately 6% of the global market. The Indian domestic textile and apparel market is estimated at US\$ 75 billion in FY2021. The market is expected to recover and grow at 10% CAGR from FY2020 to reach US\$ 190 billion by FY2026 (Source: DGCI&S and Wazir Analysis).

The textiles and apparel industry in India is the second-largest employer in the country providing direct employment to 45 million people and 100 million people in allied industries.

Indian domestic textile and apparel market (US\$ billion)

(Source: DGCI&S and Wazir Analysis)

India's textile and apparel exports reached US\$ 33.5 billion in FY2020. Due to the impact of Covid-19, the exports are expected to fall around 15% to reach US\$ 28.4 billion in FY2021. India's textile and apparel exports are expected to grow to US\$ 65 billion by FY2026, at a CAGR of 11%.

Advantages offered by India to the textile industry

- **Robust demand:** Rise in income level is expected to drive demand in the textile industry. Growth in building and construction will continue to raise demand for non-clothing textiles.
- **Competitive advantage:** India has an abundant availability of raw materials such as cotton, wool, silk and jute. It also enjoys a comparative advantage in terms of skilled manpower and cost of production.
- **Policy support:** 100% FDI (automatic route) is allowed in the Indian textile sector. To boost exports, free trade with ASEAN is permitted. In 2020, the New Textile Policy is expected to be released by the Ministry of Textiles. The aim is to develop a competitive textile sector that is modern, sustainable and inclusive with special focus on manufacture of apparel and garment, technical textiles, man-made fibre products and exports while maintaining its pre-eminent position in the handicrafts and handlooms sectors.
- **Increasing investments:** Huge Investments are being made by the government under the Scheme for Integrated Textile Parks (SITP) (US\$ 184.98 million) and Technology Upgradation Fund Schemes (TUFs) (US\$ 961.11 million released during 2015-16 to 2019-20) to encourage more private equity and to train workforce.

Growth drivers

- Abundance of raw material
- Presence of entire value chains
- Competitive manufacturing costs
- Availability of skilled manpower
- Large and growing domestic market
- Rising per capita income, higher disposable incomes and preference for brands
- Organised retail landscape and e-commerce
- Increased focus on technical textiles due to growth of end-user industries such as automotive, healthcare, infrastructure, and oil and petroleum

3.1. Opportunities for India in the global textile market

The global apparel market is expected to reach US\$ 2.6 trillion in 2025, growing by a projected rate of 4%. The European Union, the US and China are the world’s largest apparel markets with a combined share of approximately 54%. China is expected to lead the textile and apparel market due to the growing domestic demand coupled with the increasing spending power of people.

How can India win a bigger share of the global textiles market

1. **Build agile supply chains:** India is focusing on building flexible processes based on shortened lead times and asset-light business models. Shortened lead times will require a manufacturing process redesign, inventory planning and platforming, geographical clustering of suppliers, and upskilling labour. To create asset-light business models, India will have to make outsourcing decisions based on in-house talent, logistics efficiency, and the ability to tap into innovative ecosystems of manufacturers and suppliers.
2. **Create the right product-geography mix:** Fashion changes based on demography. Indian textile and apparel players will have to analyse local consumption markets, overall import base, growth potential, and India and China's relative performance in export volumes and growth to create the right product mix for each geography.
3. **Reset costs:** To build a significant cost advantage over China, Indian players must restructure manpower and maintenance contracts, and explore shared fixed asset resources across organisations. Additional focus will have to be laid on increasing manufacturing yield and reducing waste.
4. **Embrace digitalisation and automation:** Players must adopt digitalisation across the entire textile value chain. Companies must leverage, AI, Internet of Things (IoT), smart B2B sales management tools virtual 3D sampling, and participation on digital B2B platforms for customer engagement and transactions.

3.2. Impact of COVID-19 on the Indian textile industry

India's textile and apparel industry was no exception to the challenges issued by the pandemic.

- **Shutdown of manufacturing:** The entire industry had to stop manufacturing for about 2-3 months during the lockdown. And even after the government permitted textile manufacturing, most units operated at sub-optimal utilisation levels for the next several months.
- **Suspended logistics:** Disrupted supply chain, logistics and trade affected the entire textile value chain.
- **Cancelled orders:** Uncertainty across the market caused domestic and international buys to cancel or suspend their orders, adding to the challenges of the industry.
- **Shutdown of physical retail stores:** Lockdown restrictions across India resulted in 4-5-month shutdown of all physical retail stores. Festive and wedding season sale was also deeply impacted.
- **Emergence of new trends:** While on one hand sale declines, India's textile and apparel industry witnessed the emergence of new trends. Work from home drove the demand for casual and lounge wear over formal wear.

3.3. Government initiatives to boost the industry

- In March 2021, the Ministry of Textiles favoured limited deal for the India-UK free trade agreement that could boost the garments sector. Under the proposed trade agreement, the Ministry expects enhanced market access for the Indian textiles and clothing sector to achieve its full potential.
- The Defence Research and Development Organisation (DRDO) is helping the Indian textile industry produce yarns and eliminate dependence on import of Chinese and other foreign clothing for military uniforms.
- The government launched a production-linked incentive scheme to provide incentives for the manufacture and export of specific textile products made of man-made fibre.
- The Directorate General of Foreign Trade (DGFT) has revised rates for incentives under the Merchandise Exports from India Scheme (MEIS) for two sub-sectors of the textile industry – readymade garments and made-ups – from 2% to 4%.

3.4. Future of India's textile industry

According to ICRA, the outlook for India's textile industry in FY2022 looks stable. Cotton spinning and apparel exports could increase by 15-20% in the upcoming financial year. Fabrics and domestic apparel segments could grow between 30% and 35% and 35% and 40%, respectively

Technology is expected to play a crucial role in reviving the Indian textile sector. The industry is expected to witness a wave of innovation with automation and artificial intelligence in textile machinery.

Remarkable advances backed by solid domestic consumption and healthy export demand is expected to boost the Indian textile industry. Moreover, the gradual economic growth and adaptation to the new normal amid the pandemic have given rise to higher disposable incomes, further leading to the surge in demand for products, thereby creating a larger domestic market.

16. MANAGEMENT DISCUSSION AND ANALYSIS

In terms of provisions of Regulation 34 of the SEBI (Listing obligations and Disclosures Requirements) Regulation, 2015, the Management's discussion and analysis is set out below:

i. Textiles Industry Structure and Development

India's textiles sector is one of the oldest industries in Indian economy dating back several

centuries. Even today, textiles sector is one of the largest contributors to India's exports with approximately 15 per cent of total exports. The textile industry is also labor intensive and is one of the largest employers. The textile industry has two broad segments. First, the unorganized sector consists of handloom, handicrafts and sericulture, which are operated on a small scale and through traditional tools and methods. The second is the organized sector consisting of spinning, apparel and garments. The textile industry employs about 105 million people directly and indirectly. The enormous potential of the sector has attracted investments from traditional textile giants despite substantial gains, India's contribution to global technical textile production in value terms is less than 5 percent. Furthermore, India has been unable to move up in the value chain – its exports largely comprise of commoditized products in conventional segments. The potential of the sector is being harnessed through measures such as tax breaks, special financial packages and allowing 100 percent foreign direct investment (FDI). Other initiatives include the establishment of dedicated centers of excellence for research in technical textiles, reduction in custom duty rates from 5 percent to 2.5 percent on select high-performance specialty fibers, and a 15 percent subsidy on capital investment subject to a ceiling of ₹ 300 million for entrepreneurs over a period of five years.

ii. Opportunities and Threats

India's technical textile industry continues to benefit from the growth impetus created by a proactive policy framework, the sector was identified as a sunrise sector in the 'Make in India' policy – with an estimated value of USD 17 billion. The government set up 12 incubation centres to harness the potential of the sector by generating employment and fostering growth opportunities. At Alps we aim to optimize the opportunities offered by the increasing focus on the technical textile segment by following a three-pronged approach:

- Innovation: Changing the focus from manufacturing to development of science-led high- quality and high- margin products.
- Investments: Strategic outlays in technology that enhance our R&D edge.
- Integration: Integration of innovation and investments to resolve real-world problems across high-priority industries.

iii. **Segment-Wise or Product-Wise Performance**

The Company's primary business comprises of manufacturing of knitted garments and trading of fabrics which contributes to 100% revenue

iv. **Outlook**

The future for the Indian textile industry looks promising, buoyed by both strong domestic consumption as well as export demand. With consumerism and disposable income on the rise, the retail sector has experienced a rapid growth in the past decade with the entry of several international players like Marks & Spencer, Guess and Next into the Indian market. High economic growth has resulted in higher disposable income. This has led to rise in demand for products creating a huge domestic market. The domestic market for apparel and lifestyle products, currently estimated at US\$ 85 billion, is expected to reach US\$ 160 billion by 2025. The Indian cotton textile industry is expected to showcase a stable growth in F.Y 2020-21, supported by stable input prices, healthy capacity utilization and steady domestic. Over the last three years, we have successfully plugged in the gaps in our business strategy. Our efforts have laid the foundation for our future as an innovation driven, quality-focused organization. In the future, we will focus on translating these efforts into high margins for the Company. Our efforts will also be aided by the momentum created by government-led awareness and subsequent demand creation for the sector. We are now better equipped to make a sustainable foray into segments such as defence, housing, infrastructure etc

v. **Risks and Concerns:**

Our business and results of operations are dependent on our ability to effectively plan our manufacturing processes and on our ability to optimally utilize our manufacturing capacities for the various products we manufacture. Any disruption to our manufacturing process or the operation of our production facilities may result from various factors beyond our control, including, among others, the following:

- Utility supply disturbances, particularly power supply;
- Forced close down or suspension of our manufacturing facilities due to factors such as breakdown or failure of equipment, performance below expected levels of output or efficiency, facility obsolescence or disrepair, labour disputes such as strikes and work stoppages, natural disasters and

industrial accidents;

- Severe weather condition;
- Interruption of our information technology systems that facilitate the management of our manufacturing facilities; and
- Other production or distribution problems, including limitations to production capacity due to regulatory requirements, changes in the types of products produced or physical limitations that could impact continuous supply.

vi. **Internal control systems and their adequacy**

The Company has adequate systems of internal control and procedures covering all financial and operating functions commensurate with the size and nature of operations, to ensure orderly and efficient conduct of business. All the major areas and processes are covered in the review plan, drawn in consultation with the senior management. Internal audit process verifies whether all systems and processes are commensurate with the business size and structure. Adequate internal control systems safeguard the assets of the company with timely identification and intervention to assuage risks. The internal audit report is discussed with the senior management and members of Audit Committee to keep a check on the existing systems and take corrective action to further enhance the control measures. The Company has proper and adequate systems of internal control, to safeguard assets against loss from unauthorized use or disposition. This also ensures that all transactions are authorized, recorded and reported correctly. Regular internal audits and checks are carried out to ensure the robustness of the system. The Management also reviews from time to time the internal control systems and procedures to ensure their proper application. The emphasis on internal controls prevails across functions and processes, covering the entire gamut of various activities. Effective and comprehensive reviews by the Audit Committee of the Board further enhance the level and quality of internal controls within the organization.

Independent Auditor's Report

To the Members of M/s. Garment Mantra Lifestyle Limited
(Formerly Known as Junction Fabrics and Apparels Limited)
Report on the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of Garment Mantra Lifestyle Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Ind AS standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

In light of lock down, social distancing or work from home restrictions amid covid-19, thereby putting restrictions in physical movement and visits to the company offices, Company has provided all the data / information / records as required by us for the purpose of audit using e-data sharing modes. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the Standalone Ind AS financial statements and our auditors' report thereon. Our opinion on the Standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the Standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the Standalone Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and

prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Ind AS financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Ind AS financial statements, including the disclosures, and whether the Standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of

the Companies Act, 2013, we give in the Annexure "B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and proper returns adequate for the purposes of our audit have been received from the branches not visited by us.
- c) The Balance Sheet, the Statement of Profit and Loss (including comprehensive income), Statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company or there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. The Company has provided requisite disclosures in the standalone Ind AS financial statements. Based on audit procedures and relying on the management representation, we report that the disclosures are in accordance with books of account maintained by the Company and as produced to us by the Management.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE STANDALONE IND AS STANDALONE IND AS FINANCIAL STATEMENTS OF GARMENT MANTRA LIFESTYLE LIMITED (FORMERLY KNOWN AS JUNCTION FABRICS AND APPARELS LIMITED)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of GARMENT MANTRA LIFESTYLE LIMITED (“the Company”) as of March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal

financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls

over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

Note - 1

Notes to Standalone Financial Statements

Company Background

Garment Mantra Lifestyle Limited formerly known as Junction Fabrics and Apparels Limited (the 'Company') is a listed public limited Company incorporated under the Indian Companies Act 1956. The Company is engaged in the business of manufacturing, selling and distribution of fabrics, hosiery garments and providing of related services.

The registered office of the Company is located at No.15, Murthy's Plaza Kariagounder Street, Khaderpet Tirupur Erode, Tamilnadu – 641601, India.

The financial statements were approved and authorized for issue in accordance with the resolution of the Company's Board of Directors on 22nd June, 2021.

Significant Accounting Policies

1. Basis of preparation of financial statements

(a) Basis of Accounting:

The financial statements have been prepared and presented under the historical cost convention except for following assets and liabilities which have been measured at fair value;

1. **Certain Financial Assets and Liabilities (including derivative instruments),**
2. **Defined Benefit Plans**

The Financial Statements are prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in India ('Indian GAAP') and comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013, amended from time to time.

The Company's Financial Statements are presented in Indian Rupees, which is also its functional currency and all values are rounded to the nearest rupee except when otherwise indicated.

The Company has adopted IND AS for the first time for their annual reporting through their financial statements.

(b) Use of Estimates:

In the application of accounting policy, the management is required to make judgment,

estimates and assumptions about the carrying amount of assets and liabilities, income and expenses, contingent liabilities and the accompanying disclosures that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant and are prudent and reasonable. Actual results may differ from those estimates. The estimates and underlying assumptions are reviewed on ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods.

The few critical estimations and judgments made in applying accounting policies are:

- i. **Property, Plant and Equipment:**
Useful life of Property, Plant and Equipment and Intangible Assets are as specified in Specified in Schedule II to the Companies Act, 2013.
- ii. **Income Taxes:**
Significant judgment is required in determining the amount for income tax expenses. There are many transactions and positions for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome is different from the amount that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.
- iii. **Inventories:**
Inventory Obsolescence is based on assessment of the future uses. In all cases, inventory is carried at the lower of cost and net realizable value.
- iv. **Impairment of Non-financial Assets:**
The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

estimates the asset's recoverable amount. An assets recoverable amount is higher of assets or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other asset or group of assets. Where carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered as impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flow are discounted to their present value using pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

v. Impairment of Financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(c) Current/Non Current Classification:

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

A. An assets treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within 12 months after a reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle

a liability for at least 12 months after a reporting period.

All other assets are classified as non-current.

B. Liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within 12 months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

All other liabilities are classified as non-current.

C. Deferred tax asset and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified 12 months as its operating cycle.

2. **Property, Plant and Equipment**

For transition to Ind AS, the Company has elected to continue with the carrying value of property, Plant and Equipment ('PPE') recognized as of 1st April 2019 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost of the PPE as on the transition date.

Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Cost include purchase price after deducting trade discount / rebate, import duty, non-refundable taxes, cost of replacing the component parts, borrowing cost and other directly attributable cost of bringing the asset to its working condition in the manner intended by the management.

An item of PPE is derecognized on disposal or when no future economic benefits are expected from use or disposal. Any gain or loss arising on de-recognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss when asset is de-recognized.

The depreciable amount of an asset is determined after deducting its residual value. Where the residual value of an asset increases to an amount equal to

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

or greater than the asset's carrying amount, no depreciation charge is recognized till the asset's residual value decreases below the asset's carrying amount. Depreciation of an asset begins when it is available for use, i.e., when it is in the location and condition necessary for it to be capable of operating in the intended manner. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale in accordance with Ind AS 105 and the date that the asset is derecognized.

Depreciation is charged so as to allocate the cost of assets less their residual values, if any, over their estimated useful lives, using the written down value method except intangible assets. Depreciation on intangible assets is provided on straight line basis. The following useful lives are considered for the depreciation of property, plant and equipment:

Description of the Asset	Estimated Useful Life
Furniture & fixtures	10 Years
Buildings	60 Years
Office Equipment	5 Years
Air Conditioner	10 Years
Electricity Fittings	10 Years

If there is an indication that there has been a significant change in useful life or residual value of an asset, the depreciation of that asset is revised accordingly to reflect the new expectations.

The residual values, useful lives and methods of depreciation of properties, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Investment properties:

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

On disposal of an investment property, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

Intangible assets under development:

The amount disclosed as 'Intangible asset under development' represents assets purchased/acquired and not available for use, as at the date of Statement of Financial Position.

An item of Intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Any profit or loss arising from de-recognition of an intangible asset measured as the difference between the net disposals proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is de-recognized.

Impairment of Tangible (PPE) and Intangible Assets:

At each reporting date, property, plant and equipment and intangible assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset (or group of related assets where it is not possible to estimate the recoverable amount of an individual asset), is estimated and compared with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in Statement of Profit and Loss.

Recoverable amount is the higher of fair value less cost to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risk specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount (selling price less costs to complete and sell, in the case of inventories), but not in excess of the amount that would have been

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

determined had no impairment loss been recognized for the asset (or group of related assets) in prior years. A reversal of an impairment loss is recognized immediately in Statement of Profit and Loss.

3. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before the revenue is recognized.

Sale of Goods:

Revenue from the sale of goods is recognized when the significant risk and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Sale is recognized when no significant uncertainty exists regarding the amount of consideration that will be derived from the sale of goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Dividend Income:

Dividend is recognized when right to receive is established, which is generally when shareholders approve the dividend.

Interest Income:

Interest income on financial assets measured at amortized cost is recognized on time proportion basis, using effective interest method.

4. Lease Accounting

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is (or contains) a lease, if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Finance leases that transfer substantially all the risks and benefits incidental to ownership of the

leased items (i.e. PPE), are generally capitalized at the inception of the lease at the fair value of the leased assets or, if lower, at the present value of minimum lease payments. Lease payments are apportioned between finance charges and a reduction in lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized in finance cost in the Statement of Profit and Loss.

Lease in which significant portion of the risks and rewards of ownership are not transferred to the Company as lessee is classified as operating leases. Payments made under operating leases are charged to Statement of Profit and Loss over the period of lease on straight line basis other than those cases where the escalation are linked to expected general inflation in which case they are charged on contractual terms.

5. Inventory

- (a) Raw materials, work in progress, finished goods, packing materials, stores, spares, components, consumables and stock-in-trade are carried at the lower of cost and net realizable value. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by-item basis. Damaged, unserviceable and inert stocks are valued at net realizable value.
- (b). In determining cost of raw materials, packing materials, stock-in-trade, stores, spares, components and consumables, weighted average cost methods used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition.
- (c) Cost of finished goods and work-in-progress includes the cost of raw materials, packing materials, inappropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location and condition. Fixed production overheads are allocated on the basis of normal capacity of production facilities.

6. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognizes a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

Financial assets:

A financial asset inter-alia includes any asset that is cash, equity instrument of another entity and a financial liability or equity instrument of another entity. The Company recognizes a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

Financial assets of the Company comprise trade receivables. Cash and cash equivalents, bank balances, investment in equity shares of Companies, investment other than in equity shares, loans / advances to employees / related parties / others, security deposit, claims recoverable etc.

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Statement of Profit and Loss. When transaction price is not the measure of fair value and fair value is determined using a valuation method that uses data from observable market, the difference between transaction price and fair value is recognized in Statement of Profit and Loss and in other cases spread over life of the financial instrument using effective interest method.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in three categories:

- **Financial asset measured at amortised cost**
- **Financial asset at fair value through OCI**
- **Financial assets at fair value through profit or loss**

Financial assets measured at amortized cost

Financial assets are measured at amortized cost if the financial asset is held within a business model whose

objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding. These financial assets are amortized using the effective interest rate (EIR) method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss in finance costs.

Financial assets at fair value through OCI (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. At initial recognition, an irrevocable election is made (on an instrument-by-instrument basis) to designate investments in equity instruments other than held for trading purpose at FVTOCI. Fair value changes are recognized in the other comprehensive income (OCI). On Derecognition of the financial asset other than equity instruments, cumulative gain or loss previously recognized in OCI is reclassified to income statements.

Financial assets at fair value through profit or loss (FVTPL)

Any financial asset that does not meet the criteria for classification as at amortized cost or as financial assets at fair value through other comprehensive income, is classified as financial assets at fair value through profit or loss. Further, financial assets at fair value through profit or loss also include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value profit or loss are fair valued at each reporting date with all the changes recognized in the Statement of profit and loss.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

De-recognition of financial assets

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds receivables.

Impairment of financial assets

The Company assesses impairment based on expected credit loss (ECL) model on the following:

Financial assets that are measured at amortized cost.

Financial assets measured at fair value through other comprehensive income (FVTOCI)

ECL is measured through a loss allowance on a following basis:-

The 12 month expected credit losses (expected credit losses that result from all possible default events on the financial instruments that are possible within 12 months after the reporting date)

Full life time expected credit losses (expected credit losses that result from all possible default events over the life of financial instruments)

The company follows 'simplified approach' for recognition of impairment on trade receivables or contract assets resulting from normal business transactions. The application of simplified approach does not require the Company to track changes in credit risk. However, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, from the date of initial recognition.

For recognition of impairment loss on other financial assets, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has increased significantly, lifetime ECL is provided. For assessing increase in credit risk and impairment loss, the Company assesses the credit risk characteristics on instrument-by-instrument basis.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

Impairment loss allowance (or reversal) recognized during the period is recognized as expense/income in the statement of profit and loss.

Financial liabilities and equity instruments:

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

The Company's financial liabilities include loans and borrowings including book overdraft, trade payable, accrued expenses and other payables.

Initial Recognition and measurement

All financial liabilities at initial recognition are classified as financial liabilities at amortized cost or financial liabilities at fair value through profit or loss, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Any difference between the proceeds (net of transaction costs) and the fair value at initial recognition is recognized in the Statement of Profit and Loss or in the "Expenditure Attributable to Construction" if another standard permits inclusion of such cost in the carrying amount of an asset over the period of the borrowings using the effective rate of interest.

Subsequent measurement

Subsequent measurement of financial liabilities depends upon the classification as described below:-

Financial Liabilities classified at Amortized Cost:

Financial Liabilities that are not held for trading and are not designated as at FVTPL are measured at

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

amortized cost at the end of subsequent accounting periods. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the Effective Interest Rate. Interest expense that is not capitalized as part of cost of assets is included as Finance costs in the Statement of Profit and Loss.

Financial Liabilities at Fair value through profit and loss (FVTPL)

FVTPL includes financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Financial liabilities have not been designated upon initial recognition at FVTPL.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged/cancelled/expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and liabilities are offset and net amount is reported if there is currently enforceable legal right to offset the recognized amounts and there is intention to settle on a net basis, to realize assets and settle the liabilities simultaneously.

7. Transactions in Foreign Currency

(a) Initial recognition:

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

(b). Measurement of foreign currency items at the Balance Sheet date:

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non-monetary items are recorded at

the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these translations are recognized in the Statement of Profit and Loss.

(c). Forward exchange contracts:

The Company had not entered into any forward exchange contracts to hedge against its foreign currency exposures relating to the underlying transactions and firm commitments. The Company had not entered into any derivative instruments for trading or speculative purposes.

8. Trade receivables

Trade receivables are amounts due from customers for goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value (at carrying value) and subsequently measured at amortised cost using the effective interest method, less provision for impairment if require.

9. Employee Benefits

A. Short Term Employee Benefits:

All employee benefits payable wholly within twelvemonths of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

B. Post-employment benefits:

(a) Defined contribution plans :

Defined contribution plans are employee state insurance scheme and Government administered pension fund scheme for all applicable employees and superannuation scheme for eligible employees. The Company's contribution to defined contribution plans are recognized in the Statement of Profit and Loss in the financial year to which they relate.

(b) Defined benefit plans

Provident fund scheme

The Company makes specified monthly contributions towards Employee Provident Fund scheme, for the eligible employees.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

(c) **Gratuity scheme**

The Company has created provision for gratuity based on the report issued by Actuaries.

10. Research and Development

Research and Development expenditure of a revenue nature is expensed out under the respective heads of account in the year in which it is incurred. Fixed assets utilized for research and development are capitalized and depreciated in accordance with the policies stated for Tangible Fixed Assets and Intangible Assets.

11. Provision for Taxation

Tax expense comprises of current tax (i.e. amount of tax for the period determined in accordance with the Income Tax Act, 1961) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carry forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each Balance Sheet date to reassess realization.

12. Provisions and Contingencies

The Company creates a provision when there exists a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

13. Earnings per Share

The Basic and Diluted Earnings per Share ("EPS") is computed by dividing the profit after tax for the year by weighted average number of equity shares outstanding during the year.

14. Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized. All other borrowing costs are expensed in the period they occur.

15. Cash and Cash Equivalents

Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short-term highly liquid investments where the original maturity is three months or less.

16. Government Grants and Subsidies

The Company is not entitled to any subsidy from government authorities in respect of manufacturing units located in specified regions: Grants in the nature of subsidy which are non-refundable are credited to the Statement of Profit and Loss, on accrual basis, where there is reasonable assurance that the Company will comply with all the necessary conditions attached to them. Grants in the nature of subsidy which are refundable are shown as Liabilities in the Balance Sheet.

17. Measurement of EBITDA

The Company has opted to present earnings before interest (finance cost), tax, depreciation and amortization (EBITDA) as a separate line item on the face of the Statement of Profit and Loss for the year. The Company measures EBITDA on the basis of profit/ (loss) from continuing operations.

18. Segment Reporting

i) **Business Segment**

- a. The business segment has been considered as the primary segment.
- b. The Company's primary business segments are reflected based on principal business activities, the nature of service, the differing risks and returns, the organization structure and the internal financial reporting system.

39 First Time adoption to Ind AS

1 Basis of preparation

For all period upto the year ended 31st March, 2020, the Company has prepared its financial statements in accordance with generally accepted accounting principles in India (Indian GAAP). These financial statements for the year ended 31st March, 2021 are the Company's first annual Ind AS financial statements and have been prepared in accordance with Ind AS.

Accordingly, the Company has prepared financial statements, which comply with Ind AS, applicable for periods beginning on or after 1st April, 2019 as described in the accounting policies. In preparing these financial statements, the Company's opening Balance Sheet was prepared as at 1st April, 2019, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP Balance Sheet as at 1st April, 2019 and its previous Indian GAAP financial statements for the year ended 31st March, 2020.

2 Exemptions Applied

Ind AS 101 "First - time Adoption of Indian Accounting Standards "allows first -time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions: Property, plant and equipment:- The Company has elected to apply Indian GAAP carrying amount as deemed cost on the date of transition to Ind AS for its property, plant and equipment.

3 Mandatory exceptions applied

The following mandatory exceptions have been applied in accordance with Ind AS 101 in preparing the financial statements.

1) Estimates:- The Company's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at 1st April, 2019 are consistent with the estimates as at the same date made in conformity with Indian GAAP except where Ind AS required a different basis for estimates as compared to the Indian GAAP.

2) Classification and measurement of financial assets:- The Company has classified the financial assets in accordance with Ind AS 109 "Financial Instruments" on the basis of facts and circumstances that exist at the date of transition to Ind AS.

4 Derecognition of financial assets and financial liabilities:

The Company has opted for historical cost of Property, Plant and Equipment / intangible assets as per Previous GAAP as the deemed cost on the opening balance sheet date. The carrying amounts of those assets are given below

Company has applied the de-recognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 1st April, 2019 (the transition date).

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

5 Impairment of financial assets

The Company has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognised in order to compare it with the credit risk at the transition date. Further, the Company has not undertaken an exhaustive search for information when determining, at the date of transition to Ind AS whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101.

- Deemed Cost for PPE, CWIP and Intangible Assets under development:

S. No.	Class of Property Plant and Equipment	W.D.V. As at 31.03.2021
1	Building	1,87,32,736
2	Furniture & Fittings, Electrical Fittings, Office Equipment	73,58,766
3	Plant and Equipment	25,24,841
4	Vehicles	31,86,941
5	Computer	8,56,362
6	Miscellaneous Assets	234
	Total	3,26,59,880

a. Transition to IND AS:

As stated in Note 2 (a) above, the Company's financial statements for the year ended 31st March, 2021 are the first financial statements prepared in compliance with IND AS.

All applicable INDAS have been applied consistently. The resulting difference between the carrying amounts of assets and liabilities under Ind AS and Indian GAAP as of transition date have been recognised directly in equity at the transition date.

Reconciliation:

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from Indian GAAP to IND AS in accordance with IND AS 101:

- Equity as at 1st April, 2019
- Equity as at 31st March, 2020
- Profit for the year ended 31st march 2020, and
- Explanations of material adjustments

In the reconciliation mentioned below, certain reclassifications have been made to Indian GAAP Financial information to align with Ind AS presentation:

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

40 A. Financial risk management

The Company's activities are exposed to a variety of market risk (including foreign currency risk and interest risk), credit risk and liquidity risk. The Company's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

i. Market Risk

Market rate is the risk that arises from changes in market prices, such as commodity prices, foreign exchange rates, interest rates etc. and will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising returns.

a. Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Currently company not take any loan facility and use own fund for its business so interest risk is very low.

b. Foreign Currency Exchange Rate Risk

Company not do any transaction in foreign currency so company has no risk.

ii. Credit Risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in a loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

The Company performs on-going credit evaluation of its counterparties' financial conditions. The Company's major classes of financial assets are cash and bank balances, trade receivables, Security deposits, Advances to Suppliers and Employees, Unbilled Revenues and prepayments.

As at the reporting date, the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

As at the reporting date, substantially all the cash and bank balances as detailed in Note 8 to the financial information are held in major Banks which are regulated and located in the India, which management believes are of high credit quality.

iii. Liquidity Risk

Liquidity risk arises from the Company's management of working capital. It is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due.

The Company has obtained fund based and non-fund based working capital credit facility from various banks. Company's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities when they become due. The principal liabilities of the Company arise in respect of the trade and other payables. Trade and other payables are all payable within 12 months.

The Company manages liquidity risk by maintaining adequate surplus, banking facilities and reserve borrowing facilities by continuously monitoring forecasts and actual cash flows.

The Company has a system of regularly forecasting cash inflows and outflows and all liquidity requirements are planned.

Forecast for trade and other payables is regularly monitored to ensure timely funding.

All payments are made within due dates.

The Board receives cash flow projections on a regular basis as well as information on cash balances.

Footnotes:				

- i) The Company has not disclosed the fair value of financial instruments such as trade receivables, trade payables, advances, security deposits, other current assets and liabilities etc. because their carrying amounts are a reasonable approximation of fair value.

c) Fair value hierarchy:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- i) **Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices in an active market. This included listed equity instruments, traded debentures and mutual funds that have quoted price. The fair value of all equity instruments (including debentures) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.
- ii) **Level 2:** Level 2 hierarchy includes financial instruments that are not traded in an active market (for example, traded bonds/ debentures, over the counter derivatives). The fair value in this hierarchy is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level
- ii) **Level 3:** If one or more of the significant Inputs is not based on observable market data, the instrument is included in level 3. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. Financial instruments such as unlisted equity shares, loans are included in this hierarchy.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

d) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices for the equity instruments
- the fair value of the unlisted shares are determined based on the income approach or the comparable mark approach. For these unquoted investments categorised under Level 3, their respective cost has been considered as an appropriate estimate of fair value because of a wide range of possible fair value measurements and cost represents the best estimate of fair value within that range.
- the fair value of the remaining financial instruments is determined using the discounted cash flow analysis

43 Gratuity And Other Post-Employment Benefit Plans

The Company operates gratuity plan in a way wherein every employee is entitled to the benefit equivalent to fifteen days salary last drawn for each completed year of service. The same is payable on termination of service or retirement, whichever is earlier. The benefit vests after five years of continuous service. Independent Auditor's Report

To the Members of M/s. Garment Mantra Lifestyle Limited
(Formerly Known as Junction Fabrics and Apparels Limited)

Report on the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying consolidated Ind AS financial statements of Garment Mantra Lifestyle Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the Consolidated state of affairs of the Group as at March 31, 2021 and their total comprehensive income (comprising of Consolidated profit and other comprehensive income), their Consolidated changes in equity and their Consolidated cash flows for the year ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

In light of lock down, social distancing or work from home restrictions amid covid-19, thereby putting restrictions

in physical movement and visits to the company offices, Company has provided all the data / information / records as required by us for the purpose of audit using e-data sharing modes. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the Consolidated Ind AS financial statements and our auditors' report thereon. Our opinion on the Consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the Consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard

Responsibilities of management and those charged with governance for the Consolidated Ind AS financial statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This

responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Ind AS financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to Consolidated Ind AS financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter

should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Holding Company so far as it appears from our examination of those books and proper returns adequate for the purposes of our audit have been received from the branches not visited by us.
- c) The Balance Sheet, the Statement of Profit and Loss (including comprehensive income), Statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group does not have any pending litigations which would impact its financial position
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiaries or there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiaries.
 - iv. The Holding Company has provided requisite disclosures in the consolidated Ind AS financial statements. Based on audit procedures and relying on the management representation, we report that the disclosures are in accordance with books of account maintained by the Holding Company and as produced to us by the Management.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE CONSOLIDATED IND AS FINANCIAL STATEMENTS OF GARMENT MANTRA LIFESTYLE LIMITED (FORMERLY KNOWN AS JUNCTION FABRICS AND APPARELS LIMITED)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **GARMENT MANTRA LIFESTYLE LIMITED** (“the Holding Company”) and its subsidiary companies as of March 31, 2021 in conjunction with our audit of the consolidated Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain

reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021,

based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

Note - 1

Notes to Consolidated Ind AS Financial Statements

Company Background

Garment Mantra Lifestyle Limited formerly known as Junction Fabrics and Apparels Limited (the 'Company') is a listed public limited Company incorporated under the Indian Companies Act 1956. The Company is engaged in the business of manufacturing, selling and distribution of fabrics, hosiery garments and providing of related services.

The registered office of the Company is located at No.15, Murthy's Plaza Kariagounder Street, Khaderpet Tirupur Erode, Tamilnadu – 641601, India.

The Consolidated Ind AS financial statements were approved and authorized for issue in accordance with the resolution of the Company's Board of Directors on 22nd June, 2021.

Significant Accounting Policies

1. Basis of preparation of Consolidated Ind AS financial statements

(a) Basis of Accounting:

The Consolidated Ind AS financial statements have been prepared and presented under the historical cost convention except for following assets and liabilities which have been measured at fair value;

1. **Certain Financial Assets and Liabilities (including derivative instruments),**
2. **Defined Benefit Plans**

The Consolidated Ind AS Financial Statements are prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in India ('Indian GAAP') and comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013, amended from time to time.

The Company's Consolidated Ind AS Financial Statements are presented in Indian Rupees, which is also its functional currency and all values are rounded to the nearest rupee except when otherwise indicated.

The Company has adopted IND AS for the first time for their annual reporting through their Consolidated Ind AS financial statements.

(b) Use of Estimates:

In the application of accounting policy, the management is required to make judgment, estimates and assumptions about the carrying amount of assets and liabilities, income and expenses, contingent liabilities and the accompanying disclosures that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant and are prudent and reasonable. Actual results may differ from those estimates. The estimates and underlying assumptions are reviewed on ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods.

The few critical estimations and judgments made in applying accounting policies are:

- i. **Property, Plant and Equipment:**
Useful life of Property, Plant and Equipment and Intangible Assets are as specified in Specified in Schedule II to the Companies Act, 2013.
- ii. **Income Taxes:**
Significant judgment is required in determining the amount for income tax expenses. There are many transactions and positions for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome is different from the amount that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.
- iii. **Inventories:**
Inventory Obsolescence is based on assessment of the future uses. In all cases, inventory is carried at the lower of cost and net realizable value.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

iv. Impairment of Non-financial Assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An assets recoverable amount is higher of assets or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other asset or group of assets. Where carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered as impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flow are discounted to their present value using pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

v. Impairment of Financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(c) Current/Non Current Classification:

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

A. An assets treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within 12 months after a reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after a reporting period.

All other assets are classified as non-current.

B. Liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within 12 months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

All other liabilities are classified as non-current.

C. Deferred tax asset and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified 12 months as its operating cycle.

2. **Property, Plant and Equipment**

For transition to Ind AS, the Company has elected to continue with the carrying value of property, Plant and Equipment ('PPE') recognized as of 1st April 2019 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost of the PPE as on the transition date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Cost include purchase price after deducting trade discount / rebate, import duty, non-refundable taxes, cost of replacing the component parts, borrowing cost and other directly attributable cost of bringing the asset to its working condition in the manner intended by the management.

An item of PPE is derecognized on disposal or when no future economic benefits are expected from use or disposal. Any gain or loss arising on de-recognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss when asset is de-recognized.

The depreciable amount of an asset is determined after deducting its residual value. Where the residual value of an asset increases to an amount equal to or greater than the asset's carrying amount, no depreciation charge is recognized till the asset's residual value decreases below the asset's carrying amount. Depreciation of an asset begins when it is available for use, i.e., when it is in the location and condition necessary for it to be capable of operating in the intended manner. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale in accordance with Ind AS 105 and the date that the asset is derecognized.

Depreciation is charged so as to allocate the cost of assets less their residual values, if any, over their estimated useful lives, using the written down value method except intangible assets. Depreciation on intangible assets is provided on straight line basis. The following useful lives are considered for the depreciation of property, plant and equipment:

Description of the Asset	Estimated Useful Life
Furniture & fixtures	10 Years
Buildings	60 Years
Office Equipment	5 Years
Air Conditioner	10 Years
Electricity Fittings	10 Years

If there is an indication that there has been a significant change in useful life or residual value of an asset, the depreciation of that asset is revised accordingly to reflect the new expectations.

The residual values, useful lives and methods of depreciation of properties, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Investment properties:

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

On disposal of an investment property, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

Intangible assets under development:

The amount disclosed as 'Intangible asset under development' represents assets purchased/acquired and not available for use, as at the date of Statement of Financial Position.

An item of Intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Any profit or loss arising from de-recognition of an intangible asset measured as the difference between the net disposals proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is de-recognized.

Impairment of Tangible (PPE) and Intangible Assets:

At each reporting date, property, plant and equipment and intangible assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset (or group of related assets where it is not possible to estimate the recoverable amount of an individual asset), is estimated and compared

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in Statement of Profit and Loss.

Recoverable amount is the higher of fair value less cost to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risk specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount (selling price less costs to complete and sell, in the case of inventories), but not in excess of the amount that would have been determined had no impairment loss been recognized for the asset (or group of related assets) in prior years. A reversal of an impairment loss is recognized immediately in Statement of Profit and Loss.

3. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before the revenue is recognized.

Sale of Goods:

Revenue from the sale of goods is recognized when the significant risk and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Sale is recognized when no significant uncertainty exists regarding the amount of consideration that will be derived from the sale of goods. Revenue from the sale of goods is measured at the fair value of the consideration received or

receivable, net of returns and allowances, trade discounts and volume rebates.

Dividend Income:

Dividend is recognized when right to receive is established, which is generally when shareholders approve the dividend.

Interest Income:

Interest income on financial assets measured at amortized cost is recognized on time proportion basis, using effective interest method.

4. Lease Accounting

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is (or contains) a lease, if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Finance leases that transfer substantially all the risks and benefits incidental to ownership of the leased items (i.e. PPE), are generally capitalized at the inception of the lease at the fair value of the leased assets or, if lower, at the present value of minimum lease payments. Lease payments are apportioned between finance charges and a reduction in lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized in finance cost in the Statement of Profit and Loss.

Lease in which significant portion of the risks and rewards of ownership are not transferred to the Company as lessee is classified as operating leases. Payments made under operating leases are charged to Statement of Profit and Loss over the period of lease on straight line basis other than those cases where the escalation are linked to expected general inflation in which case they are charged on contractual terms.

5. Inventory

- (a) Raw materials, work in progress, finished goods, packing materials, stores, spares, components, consumables and stock-in-trade are carried at the lower of cost and net realizable value.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by-item basis. Damaged, unserviceable and inert stocks are valued at net realizable value.

- (b). In determining cost of raw materials, packing materials, stock-in-trade, stores, spares, components and consumables, weighted average cost methods used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition.
- (c) Cost of finished goods and work-in-progress includes the cost of raw materials, packing materials, inappropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location and condition. Fixed production overheads are allocated on the basis of normal capacity of production facilities.

6. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognizes a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

Financial assets:

A financial asset inter-alia includes any asset that is cash, equity instrument of another entity and a financial liability or equity instrument of another entity. The Company recognizes a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

Financial assets of the Company comprise trade receivables. Cash and cash equivalents, bank balances, investment in equity shares of Companies, investment other than in equity shares, loans / advances to employees / related parties / others, security deposit, claims recoverable etc.

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Statement of Profit and Loss. When transaction price is not the measure of fair value and fair value is determined using a valuation method that uses data from observable market, the difference between transaction price and fair value is recognized in Statement of Profit and Loss and in other cases spread over life of the financial instrument using effective interest method.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in three categories:

- **Financial asset measured at amortized cost**
- **Financial asset at fair value through OCI**
- **Financial assets at fair value through profit or loss**

Financial assets measured at amortized cost

Financial assets are measured at amortized cost if the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding. These financial assets are amortized using the effective interest rate (EIR) method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss in finance costs.

Financial assets at fair value through OCI (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. At initial recognition, an irrevocable election is made (on an instrument-by-instrument basis) to designate investments in equity instruments other than held for trading purpose at FVTOCI. Fair value changes are recognized in the other comprehensive income (OCI). On Derecognition of the financial asset other than equity instruments, cumulative gain or loss previously recognized in OCI is reclassified to income statements.

Financial assets at fair value through profit or loss (FVTPL)

Any financial asset that does not meet the criteria for classification as at amortized cost or as financial assets at fair value through other comprehensive income, is classified as financial assets at fair value through profit or loss. Further, financial assets at fair value through profit or loss also include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value profit or loss are fair valued at each reporting date with all the changes recognized in the Statement of profit and loss.

De-recognition of financial assets

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds receivables.

Impairment of financial assets

The Company assesses impairment based on expected credit loss (ECL) model on the following:

Financial assets that are measured at amortized cost.

Financial assets measured at fair value through other comprehensive income (FVTOCI)

ECL is measured through a loss allowance on a following basis:-

The 12 month expected credit losses (expected credit losses that result from all possible default events on the financial instruments that are possible within 12 months after the reporting date)

Full life time expected credit losses (expected credit losses that result from all possible default events over the life of financial instruments)

The company follows 'simplified approach' for recognition of impairment on trade receivables or contract assets resulting from normal business transactions. The application of simplified approach does not require the Company to track changes in credit risk. However, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, from the date of initial recognition.

For recognition of impairment loss on other financial assets, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has increased significantly, lifetime ECL is provided. For assessing increase in credit risk and impairment loss, the Company assesses the credit risk characteristics on instrument-by-instrument basis.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

Impairment loss allowance (or reversal) recognized during the period is recognized as expense/income in the statement of profit and loss.

Financial liabilities and equity instruments:

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

The Company's financial liabilities include loans and borrowings including book overdraft, trade payable, accrued expenses and other payables.

Initial Recognition and measurement

All financial liabilities at initial recognition are classified as financial liabilities at amortized cost or financial liabilities at fair value through profit or loss, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Any difference between the proceeds (net of transaction costs) and the fair value at initial recognition is recognized in the Statement of Profit and Loss or in the "Expenditure Attributable to Construction" if another standard permits inclusion of such cost in the carrying amount of an asset over the period of the borrowings using the effective rate of interest.

Subsequent measurement

Subsequent measurement of financial liabilities depends upon the classification as described below:-

Financial Liabilities classified at Amortized Cost:

Financial Liabilities that are not held for trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the Effective Interest Rate. Interest expense that is not capitalized as part of cost of assets is included as Finance costs in the Statement of Profit and Loss.

Financial Liabilities at Fair value through profit and loss (FVTPL)

FVTPL includes financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Financial liabilities have not been designated upon initial recognition at FVTPL.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged/cancelled/expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and liabilities are offset and net amount is reported if there is currently enforceable legal right to offset the recognized amounts and there is intention to settle on a net basis, to realize assets and settle the liabilities simultaneously.

7. Transactions in Foreign Currency

(a) Initial recognition:

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

(b). Measurement of foreign currency items at the Balance Sheet date:

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non-monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these translations are recognized in the Statement of Profit and Loss.

(c). Forward exchange contracts:

The Company had not entered into any forward exchange contracts to hedge against its foreign currency exposures relating to the underlying transactions and firm commitments. The Company had not entered into any derivative instruments for trading or speculative purposes.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

8. Trade receivables

Trade receivables are amounts due from customers for goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value (at carrying value) and subsequently measured at amortised cost using the effective interest method, less provision for impairment if require.

9. Employee Benefits

A. Short Term Employee Benefits:

All employee benefits payable wholly within twelvemonths of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

B. Post-employment benefits:

(a) Defined contribution plans :

Defined contribution plans are employee state insurance scheme and Government administered pension fund scheme for all applicable employees and superannuation scheme for eligible employees. The Company's contribution to defined contribution plans are recognized in the Statement of Profit and Loss in the financial year to which they relate.

(b) Defined benefit plans

Provident fund scheme

The Company makes specified monthly contributions towards Employee Provident Fund scheme, for the eligible employees.

(c) Gratuity scheme

The Company has created provision for gratuity based on the report issued by Actuaries.

10. Research and Development

Research and Development expenditure of a revenue nature is expensed out under the respective heads of account in the year in which it is incurred. Fixed assets utilized for research and development are capitalized and depreciated in accordance with the policies stated for Tangible Fixed Assets and Intangible Assets.

11. Provision for Taxation

Tax expense comprises of current tax (i.e. amount of tax for the period determined in accordance with the Income Tax Act, 1961) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carry forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each Balance Sheet date to reassess realization.

12. Provisions and Contingencies

The Company creates a provision when there exists a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

13. Earnings per Share

The Basic and Diluted Earnings per Share ("EPS") is computed by dividing the profit after tax for the year by weighted average number of equity shares outstanding during the year.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

14. Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized. All other borrowing costs are expensed in the period they occur.

15. Cash and Cash Equivalents

Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short-term highly liquid investments where the original maturity is three months or less.

16. Government Grants and Subsidies

The Company is not entitled to any subsidy from government authorities in respect of manufacturing units located in specified regions: Grants in the nature of subsidy which are nonrefundable are credited to the Statement of Profit and Loss, on accrual basis, where there is reasonable assurance that the Company will comply with all the necessary conditions attached to them. Grants in the nature of subsidy which are refundable are shown as Liabilities in the Balance Sheet.

17. Measurement of EBITDA

The Company has opted to present earnings before interest (finance cost), tax, depreciation and amortization (EBITDA) as a separate line item on the face of the Statement of Profit and Loss for the year. The Company measures EBITDA on the basis of profit/ (loss) from continuing operations.

18. Segment Reporting

i) Business Segment

- a. The business segment has been considered as the primary segment.
- b. The Company's primary business segments are reflected based on principal business activities, the nature of service, the differing risks and returns, the organization structure and the internal financial reporting system.
- c. The Company's primary business comprises of manufacturing of knitted garments and trading of fabrics and since it is the only reportable segment as envisaged in Accounting Standard 17. 'Segment Reporting'. Accordingly, no separate disclosure for Segment Reporting to be made in the Consolidated Ind AS financial statements of the Company.

ii) Geographical Segment

A geographical segment is a distinguishable component of an enterprise that is engaged in providing products or services within a particular economic environment and that is subject to risks and returns that are different from those of components operating in other economic environments. The company provides products or services only through single establishment. Accordingly, no separate disclosure for Segment Reporting to be made in the Consolidated Ind AS financial statements of the Company.

39 First Time adoption to Ind AS

1 Basis of preparation

For all period upto the year ended 31st March, 2020, the Company has prepared its financial statements in accordance with generally accepted accounting principles in India (Indian GAAP). These financial statements for the year ended 31st March, 2021 are the Company's first annual Ind AS financial statements and have been prepared in accordance with Ind AS.

Accordingly, the Company has prepared financial statements, which comply with Ind AS, applicable for periods beginning on or after 1st April, 2019 as described in the accounting policies. In preparing these financial statements, the Company's opening Balance Sheet was prepared as at 1st April, 2019, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP Balance Sheet as at 1st April, 2019 and its previous Indian GAAP financial statements for the year ended 31st March, 2020.

2 Exemptions Applied

Ind AS 101 "First - time Adoption of Indian Accounting Standards" allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions: Property, plant and equipment:- The Company has elected to apply Indian GAAP carrying amount as deemed cost on the date of transition to Ind AS for its property, plant and equipment.

3 Mandatory exceptions applied

The following mandatory exceptions have been applied in accordance with Ind AS 101 in preparing the financial statements.

- 1) Estimates:- The Company's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at 1st April, 2019 are consistent with the estimates as at the same date made in conformity with Indian GAAP except where Ind AS required a different basis for estimates as compared to the Indian GAAP.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

2) Classification and measurement of financial assets:- The Company has classified the financial assets in accordance with Ind AS 109 "Financial Instruments" on the basis of facts and circumstances that exist at the date of transition to Ind AS.

4 Derecognition of financial assets and financial liabilities:

Company has applied the de-recognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 1st April, 2019 (the transition date).

5 Impairment of financial assets

The Company has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognised in order to compare it with the credit risk at the transition date. Further, the Company has not undertaken an exhaustive search for information when determining, at the date of transition to Ind AS whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101.

• Deemed Cost for PPE, CWIP and Intangible Assets under development:

The Company has opted for historical cost of Property, Plant and Equipment / intangible assets as per Previous GAAP as the deemed cost on the opening balance sheet date. The carrying amounts of those assets are given below

S. No.	Class of Property Plant and Equipment	W.D.V.
		As at 31.03.2021

	Total	6,48,05,543

a. Transition to IND AS:

As stated in Note 2 (a) above, the Company's financial statements for the year ended 31st March, 2021 are the first financial statements prepared in compliance with IND AS.

All applicable INDAS have been applied consistently. The resulting difference between the carrying amounts of assets and liabilities under Ind AS and Indian GAAP as of transition date have been recognised directly in equity at the transition date.

Reconciliation:

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from Indian GAAP to IND AS in accordance with IND AS 101:

- Equity as at 1st April, 2019
- Equity as at 31st March, 2020
- Profit for the year ended 31st March 2020, and
- Explanations of material adjustments

In the reconciliation mentioned below, certain reclassifications have been made to Indian GAAP Financial information to align with Ind AS presentation:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31-03-2021

(Formerly Known as Junction Fabrics and Apparels Limited)

36 A. Financial risk management

The Company's activities are exposed to a variety of market risk (including foreign currency risk and interest risk), credit risk and liquidity risk. The Company's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

i. Market Risk

Market rate is the risk that arises from changes in market prices, such as commodity prices, foreign exchange rates, interest rates etc. and will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising returns.

a. Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Currently company not take any loan facility and use own fund for its business so interest risk is very low.

b. Foreign Currency Exchange Rate Risk

Company not do any transaction in foreign currency so company has no risk.

ii. Credit Risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in a loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

The Company performs on-going credit evaluation of its counterparties' financial conditions. The Company's major classes of financial assets are cash and bank balances, trade receivables, Security deposits, Advances to Suppliers and Employees, Unbilled Revenues and prepayments.

As at the reporting date, the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

As at the reporting date, substantially all the cash and bank balances as detailed in Note 8 to the financial information are held in major Banks which are regulated and located in the India, which management believes are of high credit quality.

iii. Liquidity Risk

Liquidity risk arises from the Company's management of working capital. It is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due.

The Company has obtained fund based and non-fund based working capital credit facility from various banks. Company's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities when they become due. The principal liabilities of the Company arise in respect of the trade and other payables. Trade and other payables are all payable within 12 months.

The Company manages liquidity risk by maintaining adequate surplus, banking facilities and reserve borrowing facilities by continuously monitoring forecasts and actual cash flows.

The Company has a system of regularly forecasting cash inflows and outflows and all liquidity requirements are planned.

Forecast for trade and other payables is regularly monitored to ensure timely funding.

All payments are made within due dates.

The Board receives cash flow projections on a regular basis as well as information on cash balances.

c) **Fair value hierarchy:**

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- i) **Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices in an active market. This included listed equity instruments, traded debentures and mutual funds that have quoted price. The fair value of all equity instruments (including debentures) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.
- ii) **Level 2:** Level 2 hierarchy includes financial instruments that are not traded in an active market (for example, traded bonds/ debentures, over the counter derivatives). The fair value in this hierarchy is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level
- ii) **Level 3:** If one or more of the significant Inputs is not based on observable market data, the instrument is included in level 3. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. Financial instruments such as unlisted equity shares, loans are included in this hierarchy.

d) **Valuation technique used to determine fair value**

Specific valuation techniques used to value financial instruments include:

- a) the use of quoted market prices for the equity instruments
- b) the fair value of the unlisted shares are determined based on the income approach or the comparable mark approach. For these unquoted investments categorised under Level 3, their respective cost has been considered as an appropriate estimate of fair value because of a wide range of possible fair value measurements and cost represents the best estimate of fair value within that range.
- c) the fair value of the remaining financial instruments is determined using the discounted cash flow analysis

42 Gratuity And Other Post-Employment Benefit Plans

The Company operates gratuity plan in a way wherein every employee is entitled to the benefit equivalent to fifteen days salary last drawn for each completed year of service. The same is payable on termination of service or retirement, whichever is earlier. The benefit vests after five years of continuous service. Company only provides from provision and when a sum is payable is paid immediately, No such fund has been created for the purpose of Gratuity Payment.

The Company provides for provision based on the actuarial valuation report.
