We hope that you have been safe and healthy through this singular and unprecedented challenge that humanity is faced with today. Amidst a challenging business environment, I am glad to share performance report of the Company for the financial year 2021-2022. 2020 and 2021 were an extraordinary and challenging two years for all of us. Despite the challenges, your Company remained resilient and focused on our strategic priorities.

The company has established its distinct brand identity in the field of Hydrated Lime, Quick Lime and Lime Powder and is one of the few companies to acquire certifications of ISO 9001 and ISO 14001 amongst the Lime counterparts in the country.

We intend to purge all distractions that interfere in our business. Last but not the least, we endeavour to maintain a long lasting relationship with our honoured clients.

I appreciate the confidence and faith reposed by the shareholders in the Board and the Management team which has, in my view, geared up to take on more challenges. I can say with confidence the Company will improve its performance further in the coming years. This is however only possible through tireless efforts; dedication and commitment of our team who have helped us reach where we are now and look forward to their continued commitment in the journey forward.

Despite multiple disruptions resulting from the Covid-19 pandemic and lockdowns, our teams, including Manufacturing, Operations, Supply Chain, HR, IT and Finance have done a remarkable job of ensuring minimum disturbances by optimizing overall productivity and efficiency without compromising on safety protocols.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS

To the Members of Raw Edge Industrial Solution Limited
Report on the Audit of Standalone Financial Statements

Opinion

I have audited the accompanying standalone financial statements of Raw Edge Industrial Solutions Limited ('the Company'), which comprise the balance sheet as at 31st March 2022, the statement of profit and loss (including Other Comprehensive Income), the Cash Flow Statement and the statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In my opinion and to the best of my information and according to the explanations given to me, the aforesaid standalone financial statements give the information required by the companies Act, 2013 ("the act") in the manner so required and give a true and fair view in conformity with accounting principles generally accepted in India, of the state of affairs of the company as at March 31, 2022 and its profit and loss, changes in equity and its cashflows for the year ended on that date.

Basis of opinion

I have conducted my audit in accordance with standards on Auditing specified under section 143(10) of the Act. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial statements section of my report. I am independent of the company in accordance with the code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with ethical requirements that are relevant to my audit of financial statements under the provisions of the companies Act, 2013 and the rules thereunder, and I have fulfilled my other ethical responsibilities in accordance with these requirements and the Code of Ethics, I believe that the audit evidence which I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

I have determined that there are no key audit matters to communicate in my report.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, Changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS

In Preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, I am also responsible for expressing my opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and jointly controlled entities to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions is based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Group and its associates and jointly controlled entities to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

RAW EDGE INDUSTRIAL SOLUTIONS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

ANNEXURE "B" TO THE AUDITORS REPORT

I have audited the internal financial controls over financial reporting of Raw Edge Industrial Solutions Limited (“the Company”) as of 31st March 2022 in conjunction with my audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of the Directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that are operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

My responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on my audit. I conducted my audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

My audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. My audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion on the internal financial controls system over financial reporting of the company.

ANNEXURE "B" TO THE AUDITORS REPORT

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In my opinion, to the best of my information and according to the explanations given by me, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting are operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Accounting policies have been applied consistently to all periods presented in these financial statements.

The financial statements correspond to the classification provisions contained in Ind AS 1 “Presentation of Financial Statements”. For clarity, various items are aggregated in the statements of profit and loss and balance sheet. These items are disaggregated separately in the notes to the financial statements, where applicable.

BASIS OF MEASUREMENT

These financial statements have been prepared on a historical cost convention and on an accrual basis, except for the following material items which have been measured at fair value as required by relevant Ind AS;

- The defined benefit asset(liability) is as the present value of defined benefit obligation less fair value of plan assets and

KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of the financial statements in accordance with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from those estimates.

Notes to the financial statements

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the Standalone financial statements. In particular, information about significant areas of estimation, uncertainty and critical judgment in applying accounting policies that have the most significant effect on the amounts recognized in financial statements are included in the following notes:

- Useful lives of Property, plant and equipment
- Measurement of defined benefit obligations
- Provision for inventories
- Measurement and likelihood of occurrence of provisions and contingencies
- Deferred taxes

NOTE # 3

SIGNIFICANT ACCOUNTING POLICIES

(A) Current and non-current classification

The assets and liabilities reported in the balance sheet are classified on a "current/non-current basis". Deferred tax assets and liabilities are classified as non-current assets and liabilities. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

(B) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Income from sale of products

Revenue is recognised when the significant risks and rewards of ownership of the goods have been passed to the buyer. Sales are disclosed at exclusive of GST. Trade discounts are shown net from gross sales.

Income from services

(C) Employee Benefits

The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

Defined Benefit Plans

In accordance with the Payment of Gratuity Act, 1972, applicable for Indian companies, the Company provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Company. The Company's obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation using the projected unit credit method. The Company recognizes actuarial gains and losses in other comprehensive income.

Notes to the financial statements

Other Employee Benefit

Other employee benefit obligations are measured on an undiscounted basis and are recorded as expense as the related service is provided.

(D) Income Taxes

Tax expenses for the period, comprising current tax and deferred tax are included in determining the net profit for the period.

Provision for current tax is made based on tax liability computed after considering tax allowances and exemptions.

Deferred tax is recognized in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

A deferred tax liability is recognized based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realized.

(E) Leases

The Company as a lessee

The Company's lease asset consist of leases for bulker. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether : (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

The right-of-use asset is a lessee's right to use an asset over the life of a lease. At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases.

Lease liability and ROU asset have been separately presented in the Balance Sheet.

Notes to the financial statements

(F) Foreign currency

Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian Rupees (INR), which is the company's functional and presentation currency.

Foreign currency transactions

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in Statement of Profit and Loss and reported within foreign exchange gains/(losses).

(G) Cash and Cash Equivalents

For the purpose of presentation in the Statement of Cash Flows, Cash and Cash Equivalents includes balance with banks and demand deposits with banks with original maturities of three months or less and other short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

(H) Earning Per Share

Basic and Diluted earnings/(loss) per share are calculated by dividing the net profit / (loss) for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period and also after the balance sheet date but before the date the financial statements are approved by the board of directors.

(I) Inventories

Inventories consist of raw materials, stores & spares, work-in-progress, stock-in-trade and finished goods. Inventories are valued at lower of cost and net realizable value (NRV) except for raw materials which is valued at cost.

Cost of raw materials and stores & spares includes cost of purchases and other costs incurred in bringing the inventories to their present location and condition.

Cost of work-in-progress and finished goods includes direct materials, labour and proportion of manufacturing overheads based on the normal operating capacity, wherever applicable. Cost of finished goods includes costs incurred in bringing the inventories to their present location and conditions.

Cost of stock-in-trade includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be used are expected to be sold at or above cost.

(J) Financial Instrument

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Notes to the financial statements

(K) Property, Plant and Equipment (PPE)

Items of Property, plant and equipment acquired or constructed are initially recognized at historical cost net of recoverable taxes, duties, trade discounts and rebates, less accumulated depreciation and impairment loss, if any. The historical cost of Property, plant and equipment comprises of its purchase price, borrowing costs and adjustment arising for exchange rate variations attributable to the assets, including any cost directly attributable to bringing the assets to their working condition for their intended use.

Capital Work-in-Progress represents Property, plant and equipment that are not ready for their intended use as at the reporting date.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the Statement of Profit and Loss when incurred.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

On the basis of information and explanation give to me, the Company has identifies and determines cost of each component/part of the plant and equipment separately to the extend it was possible for management to determine if the component/part has a cost which is significant to the total cost of the plant and equipment and has useful lives that is materially different from that of the remaining plant and equipment.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its Property, plant and equipment recognized as at April 01, 2020 measured as per the previous GAAP and use that carrying value as the deemed cost of the Property, plant and equipment.

Depreciation methods, estimated useful lives and residual values

Depreciation is provided on straight line method based on the respective estimate of useful lives.

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

Advances paid towards the acquisition of PPE outstanding at each Balance Sheet date is classified as capital advances under 'Other non-current assets' and cost of assets not put to use before such date are disclosed under 'Capital work-in progress'.

(L) Intangible Assets

Intangible assets acquired separately are measured at cost of acquisition. Intangible assets acquired in a business combination are measured at fair value as at the date of acquisition.

Following initial recognition, intangible assets are carried at cost less accumulated amortization and impairment losses, if any.

The amortization of an intangible asset with a finite useful life reflects the manner in which the economic benefit is expected to be generated.

The estimated useful life of amortizable intangibles are reviewed and where appropriate are adjusted, annually.

Notes to the financial statements

(M) Government Grants

Government grants are initially recognised as deferred income at fair value if there is reasonable assurance that they will be received and the Company will comply with the conditions associated with the grant;

- In case of capital grants, they are then recognised in Statement of Profit and Loss on a systematic basis over the useful life of the asset.
- In case of grants that compensate the Company for expenses incurred are recognised in Statement of Profit and Loss on a systematic basis in the periods in which the expenses are recognised.

(N) Provisions and Contingent Liabilities

A provision is recognised when the company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimates required to settle the obligation at the balance sheet date.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably.

(O) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalised as part of the cost of that asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use.

Other borrowing costs are recognized as an expense in the period in which they are accrued/incurred.

(P) Cash flow statement

Cash flows are reported using the Indirect Method, as set out in Ind AS 7 'Statement of Cash Flow', whereby profit for the year is adjusted for the effects of transaction of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Notes to the financial statements

FIRST TIME ADOPTION OF IND AS

These are the Company's first financial statements prepared in accordance with Ind AS.

The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from April 01, 2021 with a transition date of April 1, 2020. These financial statements for the year ended March 31, 2022 are the first statement, the Company has prepared under Ind AS. For all period's upto and including the year ended 31st March, 2021, the Company prepared its financial statements in accordance with the previously applicable Indian GAAP (previous GAAP).

The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements be applied retrospectively and consistently for all financial years presented. Accordingly, the Company has prepared financial statements which comply with Ind AS for year ended 31st March 2022, together with the comparative information as at and for the year ended 31st March 2021. The Company's opening Ind AS Balance Sheet has been prepared as at 1st April, 2020, the date of transition to Ind AS.

In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act.

An explanation of how the transition from previous GAAP to Ind AS has affected the Company financial position, financial performance and cash flows is set out in the following tables and notes :

I. Optional Exemptions from retrospective application

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions.

(a) Deemed cost of property, plant and equipment.

Ind AS 101 permits a first time adopter to elect to continue with the carrying values for all of its Property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for decommissioning liabilities.

Accordingly, the Company has opted to consider the carrying value for all of its Property, plant and equipments as recognised in its previous GAAP financials as its deemed cost at the transition date.

(b) Fair value of financial assets and financial liabilities

Ind AS 101 permits a first time adopter to apply requirement of Ind AS 109 prospectively to transactions entered into on or after the date of transition. Accordingly the company has opted to consider the measurement of financial assets and liabilities arisen before the date of transition of Ind AS as per previous GAAP.

II. Mandatory Exceptions to retrospective application

(a) Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies).

The estimates used by the Company to present these amounts in accordance with Ind AS reflect conditions at April 01, 2020, the date of transition to Ind AS and as of March 31, 2021.

Notes to the financial statements

(b) Classification and measurement of financial assets

The classification of financial assets to be measured at cost or fair value made on the basis of the facts and circumstances that existed on the date of transition to Ind AS.

III. Transition to Ind AS – Reconciliations

The following reconciliations provide the explanations and quantification of the differences arising from the transition from Previous GAAP to Ind AS in accordance with Ind AS 101:

- i. Reconciliation of Statement of Profit and Loss for the year ended 31st March, 2021.
- ii. Adjustments to Statement of Cash Flows for the year ended 31st March, 2021.

Previous GAAP figures have been reclassified/regrouped wherever necessary to conform to Standalone financial statements prepared under Ind AS.
