5. Details under Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 in respect of the Director seeking appointment / re-appointment at the Annual General Meeting, forms integral part of the notice.
6. SEBI Notification No. SEBI/LAD-NRO/GN/2018/24 dated June 8, 2018 and further amendment vide Notification No. SEBI/LAD-NRO/GN/2018/49 dated November 30, 2018, requests for effecting transfer of securities (except in case of transmission or reposition of securities) shall not be processed from April 1, 2019 unless the securities are held in the dematerialized form with the depositories. Therefore, Shareholders are requested to take action to dematerialize the Equity Shares of the Company, promptly.
7. The Register of Members and Share Transfer Books will remain closed from Saturday, September 03, 2022 to Friday, September 09, 2022 (both days inclusive) for the purpose of the AGM.
8. In case of joint holders attending the Meeting, only such joint holder who is higher in the order of names will be entitled to vote.
9. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of "first come first served" basis.
10. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
11. Pursuant to the Circular Nos. 14/2020 dated April 08, 2020, 17/2020 dated 13th April, 2020, 20/2020 dated May 05, 2020, 02/2021 dated January 13, 2021, 21/2021 dated 14th December 2021, 17/57/2021-CLMCA dated May 05, 2022 ["MCA Circulars"], issued by the Ministry of Corporate Affairs, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, the Body Corporates are entitled to appoint authorised representatives to attend the AGM through VC/OAVM and participate thereat and cast their votes through e-voting.
12. In line with the Ministry of Corporate Affairs (MCA) Circulars, the Notice calling the AGM has been uploaded on the website of the Company at www.celebritygroup.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e., BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e., www.evotingindia.com.
13. Members holding shares in physical form are requested to notify/send any change in their address/bank mandate to the Company's Registrar and Share Transfer Agent ("RTA")
14. In terms of Section 72 of the Companies Act, 2013, nomination facility is available to individual members holding shares in the physical form. The members who are desirous of availing this facility, may kindly write to Company's R & T Agent for nomination form by quoting their folio number

**INSTRUCTIONS FOR E-VOTING AND JOINING THE AGM:**

In compliance with the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and Regulation 44 of Listing Regulations and applicable MCA circulars, the Members are provided with the facility to cast their vote electronically (through remote e-Voting as well as the e-Voting on the date of the AGM), through the e-Voting services provided by CDSL, on all the resolutions set forth in this Notice.

The remote e-Voting period commences on **Tuesday, 06th September 2022 (9.00 A.M. IST) and will end on Thursday, 08th September 2022 at (5.00 P.M. IST)**. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of **Friday, 02nd September 2022** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter. A person who is not a member as on the Cut-off date should treat Notice of this Meeting for information purposes only

**The procedure for members for voting electronically are as follows:**

- Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.
- Step 2** : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

**Note:**

- (i) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (ii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

**Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

(iii) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020**, on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

#### EXPLANATORY STATEMENT PURSUANT TO SECTION 102 (1) OF THE COMPANIES ACT, 2013

##### Item No. 3

M/s. SRSV & Associates, Chartered Accountants (Firm registration no. 015041S) were appointed as statutory auditors of the company at the 28th AGM held on 25th September 2017, for a period of five years commencing from the conclusion of 28th AGM till the conclusion of the 33rd AGM, subject to ratification by members every year. However, MCA vide its notification dated May 7, 2018, has omitted the requirement under the first proviso to Section 139 of the Act, and Rule 3(7) of the Companies (Audit and Auditors) Rules, 2014, regarding ratification of appointment of statutory auditors by members at every subsequent AGM.

Consequently, M/s. SRSV & Associates, Chartered Accountants, will complete their first term of five consecutive years as the statutory auditors of the company at the conclusion of the 33rd AGM of the company.

Pursuant to Section 139(2) of the Act, the company can appoint an auditors firm for a second term of five consecutive years. Accordingly, M/s. SRSV & Associates, Chartered Accountants, are proposed to be reappointed as statutory auditors of the company for a second term of five consecutive years commencing from the conclusion of 33rd AGM till the conclusion of the 38th AGM.

M/s. SRSV & Associates have consented to the said reappointment, and confirmed that their reappointment, if made, would be within the limits specified under Section 141(3)(g) of the Act. They have further confirmed that they are not disqualified to be reappointed as statutory auditor in terms of the provisions of the Sections 139(1), 141(2) and 141(3) of the Act, and the provisions of the Companies (Audit and Auditors) Rules, 2014, as amended from time to time.

None of the directors/key managerial personnel of the company and their relatives are concerned or interested, financially or otherwise in the resolution set out at item no. 3 of the notice.

The board, on the recommendation of the audit committee, recommends the resolution set forth in item no. 3 of the notice for approval of the members.

##### Item No. 4

At the board meeting held on 21st May 2021, Mr. Vidyuth Rajagopal, was reappointed as Managing Director of the Company for a period of three years from 08th August 2021 on such remuneration within the limit prescribed under applicable provisions of the Companies Act, 2013. The terms of appointment and remuneration payable to him was approved by the shareholders at the 32nd AGM held on 16th September 2021.

The board reviewed the remuneration payable to him after taking into consideration his active involvement in all spheres of management for exploring business opportunities both in India and abroad and felt that he can be compensated by way of enhanced remuneration. Therefore, the board, at its meeting held on 18th May 2022, proposed the following revision in the terms of remuneration payable to him effective 1st April 2022, as recommended by the Nomination and Remuneration Committee, subject to the approval of the shareholders in the ensuing AGM.

##### i) Salary

Basic Salary of Rs. 60 lakhs p.a. and variable bonus of Rs.24 lakhs p.a.

##### ii) Medical Benefits

Suitable Mediclaim Policy for hospitalization for himself and family. Reimbursement of all actual medical expenses for himself and family to the extent not reimbursed under Mediclaim Policy.

##### iii) Telephone

Telephone, Tele fax and other communication facilities at residence at Company's cost.

##### iv) Automobile

He shall be entitled to a fully maintained Company car with driver for company's business.

##### v) Residential Accommodation

The Company shall provide rent free furnished accommodation.

##### vi) Reimbursement of expenses

He shall be entitled to the reimbursement of all actual expenses or charges, including travel, entertainment and other out of pocket expenses incurred by him for and on behalf of the Company, in furtherance of its business and objects.

##### vii) Sitting Fees

He will not be entitled to any sitting fees for attending the meetings of the Board or of any committee thereof.

The valuation of perquisites will be as per the Income-Tax Rules in cases where the same is otherwise not possible to be valued.

It is therefore conceivable that such modification in the terms of remuneration will amount to revision in the overall remuneration payable to him, in terms of Sections 197 and 198 read with Schedule V to the Act and require approval of the shareholders

The terms of remuneration payable to MD as specified above are now being placed before the members for their approval by way of a special resolution, as set out in item no. 4 of this Notice, in compliance with the provisions of Sections 196, 197, 198 and 203 read with Schedule V to the Act, as recommended by the NRC and by the board.

Mr. Vidyuth Rajagopal is deemed to be concerned / interested in this resolution, since it relates to his remuneration as Managing Director. Mr. Venkatesh Rajagopal, Chairman and Mrs. Rama Rajagopal, Director are also deemed to be interested, being his relatives.

None of the other Directors or Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise, in the resolution as set out in item no.4 of this Notice. The board, therefore, recommends the special resolution, as set out in item no.4, for approval by the shareholders of the Company.

#### MANAGEMENT DISCUSSION & ANALYSIS REPORT

##### Economic Overview

##### Global Economy

According to International Monetary Fund's (IMF) World Economic Outlook (WEO) January 2022, the Global growth is expected to moderate from 5.9% in 2021 to 4.4% in 2022 due to rising energy prices and supply disruptions have resulted in higher and more broad-based inflation than anticipated, notably in the United States and many emerging markets and developing economies.

Advanced Economies (AEs) registered 5.0% growth in 2021 and are projected to slow down to 3.9% in 2022 due to the withdrawal of monetary accommodation & fiscal policy package, prolonged supply chain constraints and rising interest rates.

The war in Ukraine has suppressed the hopes for a quick end to rising inflation from COVID-19 related supply bottlenecks seen across the global economy during 2021 and early 2022.

##### Indian Economy

The Indian economy grew 8.7 per cent in 2021-22, with the gross domestic product (GDP) expanding 4.1 per cent in the March quarter from a year ago. The GDP growth for 2021-22 takes the economy above its pre-pandemic level and is an improvement after contracting 6.6 per cent in 2020-21.

The January-March quarter expansion was the weakest in the previous fiscal year. It is lesser than the 5.4 per cent growth seen during the December quarter of 2021-22. The economic growth during the entire fiscal of 2021-22 has gradually decreased with each quarter.

##### Industry Overview

The global apparel market shrunk from US\$ 1.6 trillion in 2019 to US\$ 1.3 trillion in 2020 (decline of 22%). However, in 2021, the market recovered by approx. 16% to reach US\$ 1.5 trillion.

The industry is suffering from unprecedented disruption, from material scarcities to staffing shortages, logistical delays, and rising costs.

The textile and apparel industry in India is a major contributor to the economic growth of the country. It contributes close to five per cent of the nation's GDP and employs close to 10 crore people directly and through its allied sectors. Despite the COVID-19 pandemic, the sector is consistently scaling its game to become the world's new textile and apparel production hub, competing with countries like China, the European Union and Vietnam. However, with an increase in global competition, changes in customer preferences and the rising concerns over climate change, there is a need to focus on innovative solutions to maintain the competitive edge.

Despite the unprecedented challenges posed by the COVID-19, Indian exports have bounced and surpassed the pre-pandemic levels. The timely interventions of the government to revive domestic demand has played a vital role in nurturing exports. India has achieved the highest monthly value of merchandise export in March 2022 amounting to US\$ 40.38 billion, an increase of approximately 15% over March 2021.

### Opportunities & Threat

The Covid-19 pandemic has aroused the interest for the China Plus One strategy by diversifying manufacturing activities into other countries.

Consolidation in the supplier base, ban on cotton from Xinjiang by the US, decreasing market share of China are some of the factors leading to more exports from India. India stands out as an attractive option due to its strategic location, skilled workforce, improving ease of doing business and a newly launched production linked incentive scheme, which are proving to attract foreign companies as a diversification option.

The volatility in cotton prices has been a major concern to the garments industry since last year. Consistent hike in the cotton prices has impacted the industry as a whole and has led to a slowdown in the growth prospects, which was just gearing up post pandemic.

### Segment Review

Celebrity Fashions Limited is engaged in the business of designing, manufacturing and selling of garments and we cater to the demand of leading international brands. Product wise split of our sales quantity for the year 2021-22 in percentage terms is as follows:

#### Product Mix (In %)

### Risks and Concern

Rapid increase in cotton prices by up to 80% in the past one year has pressured margins of textile and garment industries. Most firms are struggling to pass on the rise in raw material costs to the consumers.

As a result, overseas buyers have started scouting for alternate destinations to broaden their supply base for fear that elevated input costs in India would push up prices of the finished garments.

### Internal Control Systems and their Adequacy

The Company has developed adequate internal control system commensurate to its size and business to ensure that all assets are safeguarded and protected against any loss from unauthorized use or disposition and that all transactions are authorized, recorded and reported correctly. The internal audit reports are periodically reviewed by the Management together with the Audit Committee of the Board. The Company has a strong Management Information System as a part of Control Mechanism.

### Human Resources/Industrial Relations

Industrial relations have continued to be harmonious at all units throughout the year. No man-days were lost due to strike, lock out etc.

Measures for employees' safety, their welfare and development received top priorities. Your Company has a vision of being an 'Injury Free' and 'Zero Environment Incident' organisation. Over the past many years, your Company has been progressing well on the safety record in factories and facilities. The Company had around 3681 employees as on 31st March 2022.

## Business Philosophy

At Celebrity Fashions, our business philosophy is based on 3 pillars:

1. Operational Excellence
2. Wastage Elimination
3. Fiscal Discipline/Cost Management

The 3 fundamentals frame the culture of the organization and permeate all interactions of stakeholders, both internal & external.

### I. Operational Excellence

As the preferred supply chain partner for global brands, our approach is centered on maximizing the efficiency of our business operations & ensuring that we optimize fixed asset turnover. We continue to focus on building a culture of performance with a relentless focus on execution

Our operations are modular in nature, involving the synchronization of multiple stations & processes to deliver product to our customer

- i. On time
- ii. World class quality
- iii. At a Competitive cost

We have focused on the real time application of the above principles to ensure that once an order is taken into production, that it is packed and delivered without any disturbances.

Our aim is to shift from an efficiency led model to an inventory light model which will allow the organization to benefit from continuous cash flows and at the same be able to forecast our future revenues better.

### II. Wastage Elimination

The above pillar can be further segregated into 2 categories:

Wastage in terms of

- i. Raw Materials
- ii. Non-Value Adding processes

As a manufacturer with 30 years of experience, there is a large amount of domain knowledge existing in the company that has come from working with the very best of global brands across product categories.

In the coming quarters, we aim to centralize this domain knowledge with a focus on elimination non-value adding processes; resulting in more predictability in our outcomes & maximizing our opportunity to ship given a set of inputs.

We have prioritized preparatory work & other R&D activities to ensure that the factory is able to pursue a plug and play approach which would allow them to minimize disruptions and maximize output.

### III. Fiscal Discipline

The business of Apparel Manufacturing is price sensitive & competitive. As a member of a global supply chain, we are competing with vendors from across the globe. As mentioned earlier, countries such as Bangladesh & Vietnam enjoy far lower labor costs putting India at a straight disadvantage as a result.

Apart from the yields that bear fruit as result of the combination of the earlier 2 points, we are also driving a culture of fiduciary responsibility across all stakeholders.

Our focus is on rationalizing every rupee spent to ensure that it is spent to improve the performance of the organization and weed out any unnecessary expenditure. This fundamental has pushed us to relook at our inventory carrying levels to minimize holding & interest costs.

We continue to work with our vendors and suppliers with the aim to save every possible rupee in the value chain, without compromising on the world class service that we are known for.

## REPORT ON CORPORATE GOVERNANCE

In accordance with the provisions of Regulation 34(3) read with Schedule V and other applicable provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations"), the Directors of Celebrity Fashions Limited ("the Company") have pleasure in presenting the Company's Report on Corporate Governance for the Financial Year 2021-22

**INDEPENDENT AUDITOR'S REPORT**

To the Members of CELEBRITY FASHIONS LIMITED

Report on the Audit of the Standalone Financial Statements

**Opinion**

We have audited the accompanying Standalone Financial Statements of **CELEBRITY FASHIONS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Loss), the Statement of Changes in Equity, and the Statement of Cash Flows for the year then ended and notes to the financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Emphasis of Matter**

We draw attention to Note No. 40 to the financial statements, which describes the uncertainties and the impact of the Covid-19 pandemic on the Company's operations and results as assessed by management. The actual results may differ from such estimates depending on future developments.

Our opinion is not modified in respect of this matter

**Material Uncertainty Related to Going Concern**

The Company has significant accumulated losses as at the date of the Balance Sheet. These events or conditions, along with other matters indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. We have evaluated the appropriateness of the 'going concern' concept in accordance with SA-570, based on such evaluation, in our opinion and on the basis of the information and explanations given to us, we report that we have obtained sufficient evidence to establish the continuance of the Company as a going concern. The Financial Statements of the Company have been prepared on a going concern basis. Our opinion is not modified in respect of this matter.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

**a) Revenue recognition (Ind AS 115)**

The application of the new standard on recognition of revenue involves significant judgment and estimates made by the management which includes identification of performance obligations contained in contracts, determination of the most appropriate method for recognition of revenue relating to the identified performance obligations, assessment of transaction price and allocation of the assessed price to the individual performance obligations.

Audit procedure involved review of the Company's Ind AS 115 implementation process and key judgments made by management, evaluation of customer contracts in light of Ind AS 115 on sample basis and comparison of the same with management's evaluation and assessment of design and operating effectiveness of internal controls relating to revenue recognition.

Based on the procedures performed, it is concluded that management's judgments with respect to recognition and measurement of revenue in light of Ind AS 115 is appropriate.

Furthermore, the appropriateness of the disclosures made in Note 26 & 1.5 to the financial statements was assessed.

**b) Existence and impairment of Trade Receivables**

Trade Receivables are significant to the Company's financial statements. The Collectability of trade receivables is a key element of the Company's working capital management, which is managed on an ongoing basis by its management. Due to the nature of the Business and the requirements of customers, various contract terms are in place which impacts the timing of revenue recognition. Given the magnitude and judgment involved in the impairment assessment of trade receivables, we have identified this as a key audit matter.

We performed audit procedures on existence of trade receivables, which included substantive testing of revenue transactions, obtaining trade receivable external confirmations and testing the subsequent payments received. Assessing the impact of trade receivables requires judgment and we evaluated management's assumptions in determining the provision for impairment of trade receivables, by analyzing the ageing of receivables, assessing significant overdue individual trade receivables and specific local risks, combined with the legal documentations, where applicable.

In calculating the Expected Credit Loss as per Ind AS 109 – "Financial Instruments", the Company has also considered the estimation of probable future customer default and has taken into account an estimation of possible effect from the pandemic relating to Covid-19.

We tested the timing of revenue and trade receivables recognition based on the terms agreed with the customers. We also reviewed, on a sample basis, terms of the contract with the customers, invoices raised, etc., as a part of our audit procedures.

Furthermore, we assessed the appropriateness of the disclosures made in Note No. 1.17 to the financial statements.

**c) Assessment of Provisions for taxation, litigations and claims:**

As at March 31, 2022 Celebrity Fashions Limited had a provision in respect of possible or actual taxation disputes, litigation and claims to the tune of Rs 29,03,868/- These provisions are estimated using a significant degree of management judgment in interpreting the various relevant rules, regulations and practices and in considering precedents in various forums

The Audit addressed this Key Audit Matter by assessing the adequacy of tax Provisions by reviewing correspondence with tax Authorities

Discussing significant litigations and claims with the Company's Internal Legal Counsel

Obtaining Letters from Celebrity Fashions External Advisors including their views regarding the likely outcome and magnitude of and exposure to the relevant litigation and claims

Reviewing previous judgments made by relevant tax Authorities and opinions given by Company's advisors.

Assessing the reliability of the past estimates of the management.

Based on the procedures performed, it is concluded that the management's assessment of the outcome of pending litigations and claims is appropriate.

Furthermore, the appropriateness of the disclosures made in note 45 to the financial statements was assessed.

**d) Accuracy on valuation of Inventory**

Management judgment is required to establish the carrying value of inventory particularly in relation to determining the appropriate level of provisions in relation to obsolete and Surplus items.

The judgment reflects that inventory is held to support Company's operations which results in the Company holding inventory for extended periods before utilization.

Audit procedures include testing the inventory provisions, we assessed the management control and estimation of inventory provisions and their appropriateness. The future salability of inventory was assessed based on past track records.

**e) Adoption of IND AS 116 – Leases**

As described in Note 5 to the financial statements, the Company has adopted Ind AS 116 - Leases (Ind AS 116). The application to this accounting standard is complex and is an area of focus in our audit.

Ind AS 116 introduces a new lease accounting model, wherein lessees are required to recognize a right-of-use (ROU) asset and a lease liability arising from a lease on the balance sheet. The lease liabilities are initially measured by discounting future lease payments during the lease term as per the contract/ arrangement. Adoption of the standard involves significant judgements and estimates including, determination of the discount rates and the lease term. Refer Note No. 5 & 1.23 to the financial statements.

Our audit procedures on adoption of Ind AS 116 include:

- Assessed and tested new processes and controls in respect of the lease accounting standard (Ind AS 116).
- Assessed the Company's evaluation on the identification of leases based on the contractual agreements and our knowledge of the business;
- Evaluated the reasonableness of the discount rates applied in determining the lease liabilities.

On a statistical sample, we performed the following procedures:

- assessed the key terms and conditions of each lease with the underlying lease contracts; and
- evaluated computation of lease liabilities and challenged the key estimates such as, discount rates and the lease term.
- Assessed and tested the presentation and disclosures relating to Ind AS 116 including, disclosures

**Information Other than the Standalone Financial Statements and Auditors' Report Thereon**

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Annual Report but does not include the Standalone Financial Statements and our report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibility for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act, read with the rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe

these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, (herein after referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure 'A', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

## ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of the Independent Auditor’s Report of even date)

### Report on the Internal Financial Controls over Financial Reporting under Clause(i) Of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **CELEBRITY FASHIONS LIMITED** (“the Company”) as of March 31, 2022 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

#### Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

#### Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Notes on Financial Statements for the year ended 31st March, 2022****1 Significant Accounting Policies****Company Overview**

Celebrity Fashions Limited ("the Company") is a public limited company incorporated in India. The Company's equity shares are listed on BSE and NSE. The Registered office is located at Chennai.

**1.1 Statement of Compliance**

The financial statements have been prepared as a going concern in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

**1.2 Basis of Preparation of Financial Statements**

The financial statements have been prepared on the historical cost convention on accrual basis except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below. Historical cost is generally based on the fair value of the consideration given in exchange of goods or services.

The principal accounting policies are set out below:

All assets and liabilities have been classified as current or noncurrent according to the Company's operating cycle and other criteria set out in the Act. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

**1.3 Going Concern**

The board of directors have considered the financial position of the Company at 31 March 2022 and projected cash flows and financial performance of the Company for at least twelve months from the date of approval of these financial statements as well as planned cost and cash improvement actions, and believe that the plan for sustained profitability remains on course.

The board of directors have taken actions to ensure that appropriate long-term cash resources are in place at the date of signing the accounts to fund the Company's operations.

**1.4 Use of Estimates and Judgements**

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amount of revenues and expenses for the years presented. Actual results may differ from the estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods affected.

**1.5 Revenue Recognition**

The Company has applied Ind AS 115 from April 1, 2018 and had opted for Modified retrospective application with the cumulative effect of initially applying this standard recognised at the date of initial application. The standard has been applied to all open contracts as on 1st April 2018, and subsequent contracts with customers from that date.

**1.5.1 Sale of Goods**

Revenue is recognised when the performance obligations are satisfied and the control of the product is transferred, being when the goods are delivered as per the relevant terms of the contract at which point in time the Company has a right to payment for the asset, customer has possession and legal title of the asset, customer bears significant risk and rewards of ownership and the customer has accepted the asset or the Company has objective evidence that all criteria for acceptance have been satisfied.

Payment for the sale is made as per the credit terms in the agreements with the customers. The credit period is generally short term, thus there is no significant financing component.

**1.5.2 Income from service**

Revenue from job contract manufacturing activities is recognised when the performance obligations are satisfied and the control of the product is transferred at a point in time, being when the goods are delivered as per the relevant terms of the contract at which point in time the Company has a right to payment for the asset, customer has possession and legal title of the asset, customer bears significant risk and rewards of ownership and the customer has accepted the asset or the Company has objective evidence that all criteria for acceptance have been satisfied.

Payment for the sale is made as per the credit terms in the agreements with the customers. The credit period is generally short term, thus there is no significant financing component.

**1.6 Foreign Currencies****1.6.1 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the company operates ("the functional currency"). The financial statements are presented in Indian rupee, which is the company's functional and presentation currency.

**1.6.2 Transaction balances**

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss.

**1.7 Employee Benefits****1.7.1 Short term obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services upto the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

**1.7.2 Other Long term employee benefit**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee upto the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the period-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the leave as a current liability in the balance sheet; to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where Company has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non-current liability.

### 1.7.3 Post employment obligation

The Company operates the following post-employment schemes:

- a. Defined benefit plans such as gratuity for its eligible employees, and
- b. Defined contribution plans such as provident fund

#### Defined Contribution plan:

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme and pension scheme as expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

#### Defined benefit plan:

The Company has a gratuity defined benefit plans for its employees. The costs of providing benefits under these plans are determined on the basis of actuarial valuation at each year-end. Separate actuarial valuation is carried out for each plan using the projected unit credit method. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and the balancesheet. The Company has funded this with Reliance Life Insurance and SBI Life Insurance. The defined benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as reduced by the fair value of plan assets.

### 1.7.4 Bonus Plans

The Company recognizes a liability and an expense for bonus. The Company recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

### 1.8 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

### 1.8.1 Current Tax

The income tax expenses or credit is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted.

### 1.8.2 Deferred Tax

Deferred tax assets arising from timing differences are recognised to the extent there is reasonable certainty that these would be realised in future. In case of unabsorbed losses and unabsorbed depreciation, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profit. Unrecognized deferred tax assets of earlier periods are re-assessed and recognized to the extent that it has become reasonably certain or virtually certain as the case may be, that future taxable income will be available against which such deferred tax assets can be realized.

### 1.8.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are also recognised in other comprehensive income or directly in equity respectively.

### 1.9 Property, Plant and Equipment

Property, Plant And Equipment are stated at cost including incidental expenses related to acquisition and installation, less accumulated depreciation and impairment if any. Such assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Direct costs are capitalized until the Property Plant And Equipment are ready for use. These costs includes non recoverable taxes, duties or levies, freight and any other directly attributable costs of bringing the asset to its working condition for its intended use.

Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

Repairs and maintenance costs are recognized in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

The carrying amount of any component accounted for as a separate asset is derecognised when replaced. The other repairs and maintenance of revenue nature are charged to profit or loss during the reporting period in which they are incurred.

Gains and losses arising from retirement or disposal of the Property, Plant And Equipment are determined as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss on the date of retirement or disposal.

Depreciation on tangible assets is provided on the straight-line method over the useful lives of assets estimated by the Management. Depreciation for assets purchased / sold during a period is proportionately charged.

The assets' residual values, estimated useful lives and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Gains and losses on disposal are determined by comparing proceeds with carrying amount and are credited / debited to profit or loss.

Category of Assets	Useful life under Companies Act, 2013	Useful life estimated by the Management
Buildings - Factory	30	30
Buildings - Office	60	60
Plant & Machinery*	15	18
Electrical Installation*	10	14
Office Equipments	5	5
Computers	3	3
Vehicles	8	8
Furniture & Fixtures	10	10

Additional depreciation is being provided to the extent required during the year of sale of assets. Assets, for which the estimated useful life is completed, have been removed from gross block and accumulated depreciation.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work - in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in net profit in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are reported in the Statement of Profit and Loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

#### 1.10 Intangible Assets

Intangible assets are stated at cost less accumulated amortisation / depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs and any cost directly attributable in bringing the asset to its working condition for the intended use. Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

##### Amortization of Intangible Assets

The amortization period and the amortization method for an intangible asset are reviewed, at least, at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Category of Assets	Useful life under Companies Act, 2013	Useful life estimated by the Management
Computer Software (Intangible)	3	3

#### 1.11 Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the company, is classified as investment property. Investment property is measured initially at its cost, including related transaction cost and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

#### 1.12 Impairment of tangible and intangible assets

The Company assesses at each Balance Sheet date whether there is any indication due to internal or external factors that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the profit and loss account. If at any subsequent balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at recoverable amount subject to maximum of depreciated historical cost and is accordingly reversed in the profit and loss account.

#### 1.13 Inventories

Raw Materials and Components are valued at lower of Cost or Net Realizable Value. Cost of the said is computed by applying Specific Identification Method. Work in Progress and Finished Goods are valued at lower of Cost or Net Realizable Value. Cost of these inventories includes Costs of Conversion and Other costs incurred in bringing them to the present location and condition.

Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

#### 1.14 Provisions and contingencies

##### Provisions

Provisions are recognised when there is a present obligation or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are determined by discounting the expected future cash flows at a pre tax rate that reflects current market assessment of the time value of money and the risks specific to the liability.

##### Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

#### 1.15 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial instruments (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss. Subsequently, financial instruments are measured according to the category in which they are classified.

## 1.16 Financial Assets

### 1.16.1 Classification of financial assets

Classification of financial assets depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

#### Debt instruments

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

#### Amortised Cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

#### Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

#### Fair value through profit or loss:

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

#### Equity instruments

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain or losses in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

## 1.17 Trade Receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost less provision for impairment.

## 1.18 Cash and Cash equivalents

In the cash flow statement, cash and cash equivalents includes cash in hand, cheques and drafts in hand, balances with bank and deposits held at call with financial institutions, short-term highly liquid investments with original maturities of three month or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet and forms part of financing activities in the cash flow statement. Book overdraft are shown within other financial liabilities in the balance sheet and forms part of operating activities in the cash flow statement.

## 1.19 Impairment of Financial assets

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- Financial assets measured at amortized cost
- Financial assets measured at fair value through other comprehensive income

Expected credit loss are measured through a loss allowance at an amount equal to:

- the twelve month expected credit losses (expected credit losses that result from those default events on the financial instruments that are possible within twelve months after the reporting date); or
- full life time expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

## 1.20 Income Recognition

### Interest Income

Interest income from debt instruments is recognized using the effective interest rate method.

## 1.21 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest rate method or at fair value through profit or loss.

### 1.21.1 Trade and other payables

Trade and other payables represent liabilities for goods or services provided to the Company prior to the end of financial year which are unpaid.

### 1.21.2 Borrowing

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest rate method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

### 1.21.3 Foreign exchange gains or losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in profit or loss.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the exchange rate at the end of the reporting period. For financial liabilities that are measured as at fair value through profit or loss, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

### 1.22 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Company has only a single reportable segment.

### 1.23 Leases

*Till March 31, 2019*

Leases of property, plant and equipment where the Company, as a lessee has substantially all the risks and rewards of ownership, are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. Contingent rents are payable as per the agreed terms.

*With effective from April 1, 2019*

From 1 April 2019, leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company.

Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of real estate, if a lessee, it has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable,
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date,
- amounts expected to be payable by the Company under residual value guarantees,

- the exercise price of a purchase option if the Company is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company:

- where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received
- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by the Company, which does not have recent third party financing, and
- makes adjustments specific to the lease, e.g. term, country, currency and security.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Variable lease payments that depend on sales are recognised in profit or loss in the period in which the condition.

In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. Such modification is adjusted against the Right-of-use asset

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability,
- any lease payments made at or before the commencement date less any lease incentives received,
- any initial direct costs, and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

### 1.24 Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

#### 1.25 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

#### 1.26 Earning Per Share

Basic earnings per share have been computed by dividing the net income by the weighted average number of shares outstanding during the year. Diluted earnings per share has been computed using the weighted average number of shares and diluted potential shares, except where the result would be anti-dilutive.

#### 1.27 Exceptional Items

Exceptional Items are transactions which due to their size or incidence are separately disclosed to enable a full understanding of Company's financial performance. Items which may be considered exceptional are diminution in value of investments in equity shares of subsidiaries, Impairment Loss, etc.

#### 1.28 New standards and amendments

The Company has applied the following standards and amendments for the first time for their annual reporting period commencing 1st April 2019:

- i) Ind AS 116, Leases
- ii) Uncertainty over income tax treatments - Appendix C to Ind AS 12, Income Taxes
- iii) Plan amendment, Curtailment and Settlement - Amendments to Ind AS 19, Employee Benefits
- iv) Amendment to Ind AS 12, Income Taxes
- v) Amendment to Ind AS 23, Borrowing costs

The company adopted Ind AS 116 Leases standard, the impact of adoption has been disclosed as part of notes. Other amendments did not have any significant impact on the financial statements.

The company has generally leased building for factory, the lease period, ranges from 2-7 years, lease terms included for workings is the non-cancellable period and expected lease term.

Company has exercised the option of short term leases and low value asset exemption.

### Extension and termination options

Extension options has been included in a certain of leases. These are used to maximise operational flexibility in terms of managing the assets used in the Company's operations.

### Critical judgements in determining the lease term

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options are only included in the lease term if the lease is reasonably certain to be extended.

For leases of factory building, the following are normally the most relevant:

- If there are significant penalties to terminate or not extend, the Company is typically reasonably certain to extend.
- If the leasehold improvements are expected to have a significant remaining value, the Company is typically reasonably certain to extend.
- Otherwise, the Company considers other factors including historical lease durations and the costs and business disruption required to replace the leased asset.

The lease term is reassessed if an option is actually exercised or not exercised, or the Company becomes obliged to exercise or not exercise. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the lessee.

The Company has adopted Ind AS 116 'Leases' with the date of initial application being April 1, 2019. Ind AS 116 replaces Ind AS 17 – Leases. The Company has applied Ind AS 116 using the modified retrospective approach with cumulative effect of initial application recognised in retained earnings at April 1, 2019. The comparative information in the financial statements would not be restated and would be presented based on the requirements of the previous standard i.e. Ind AS 17.

In adopting Ind AS 116, the Company has applied the below practical expedients:

- The company has not reassessed whether a contract is, or contains, a lease as per the definitions of Ind AS 116 at the date of initial application.
- The company applied a single discount rate to a portfolio of leases with reasonably similar characteristics.
- The company relied on its assessment of whether leases are onerous applying Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets, immediately before the date of initial application as an alternative to performing an impairment review as per Ind AS 36 Impairment of assets.
- The Company has treated the leases with remaining lease term of less than 12 months as "short term leases".
- The Company has excluded the initial direct costs from measurement of the right-of-use asset at the "date of transition".
- The company used hindsight, such as in determining the lease term if the contract contains options to extend or terminate the lease.

Effective 1st April 2019, the company has adopted Ind AS 116 "Leases" and applied the Standard to its leases retrospectively and has recognised the effect of the cumulative adjustment (net of taxes) of Rs.3.25 Crores in the opening balance of retained earnings, on the date of initial application (1st April 2019). Accordingly, comparatives for the period prior has not been restated.

The adoption of the Standard has resulted in recognising "Right-of-use asset" of Rs. 20.83 crores and a corresponding "Lease liability" of Rs. 20.83 crores as at the date of initial application. The net impact on retained earnings on 1st April 2019 is Nil.

### (i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements.

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

**Level 2:** The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

There are no transfers between levels 1 and 2 during the year.

The company's policy is to recognise transfers in and transfers out of fair value hierarchy levels as at the end of the reporting period.

### (ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include the use of quoted market prices or dealer quotes for similar instruments. The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other current financial liabilities are considered to be the same as their fair values, due to their short-term nature.

## 37. Financial risk management

The company's activities expose it to market risk, liquidity risk and credit risk.

### A. Credit risk

Company faces credit risk from cash and cash equivalents, deposits with banks and financial institutions and unsecured trade receivables. The company doesn't face any credit risk with other financial assets.

#### (i) Credit risk management

Credit risk on deposit is mitigated by depositing the funds in reputed private sector bank. For trade receivables, the primary source of credit risk is that these are unsecured. The Company sells the products to customers only when the collection of trade receivables is certain and whether there has been a significant increase in the credit risk on an on-going basis is monitored throughout each reporting period. As at the balance sheet date, based on the credit assessment the historical trend of low default is expected to continue. An impairment analysis is performed at each reporting date on an individual basis for major clients. Any recoverability of receivables is provided for based on the impairment assessment. Historical trends showed as at the transition date and 31st March 2022 company had no significant credit.

### B. Liquidity risk

Objective of liquidity risk management is to maintain sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Management monitors rolling forecasts of the company's liquidity position and cash and cash equivalents on the basis of expected cash flows.

#### (ii) Maturities of financial liabilities

The tables below analyse the company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

- a) all non-derivative financial liabilities, and
- b) net and gross settled derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows. The amounts disclosed in the table are the contractual undiscounted cash flows.

Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

**C. Market risk**
**(i) Foreign currency risk**

The company activities exposes it to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD and EURO. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows. The company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

Debt consists of Long term borrowings only.

Company intends to maintain optimal gearing ratio of one times of equity.

### 39. Segment Information

(All amounts in ₹Crores unless otherwise stated)

The company is primarily in the business of manufacturing and export of garments to reputed multinational brand. Chief Operating Decision Makers (CODM) evaluates the company's performance and allocate resources based on the analysis of various performance indicators of the company as single unit. Therefore there is only single reportable segment for the Company. Company is domiciled in India.

The Company has identified Geographical Segment as the secondary segment which consists of:

- a) Domestic (Sales to customers located in India)
- b) International (Sales to customers located outside India)

#### Entity wide disclosures

Revenue from Operation	Domestic	Overseas	Total
FY 2021-2022	23.09	304.60	327.69
FY 2020-2021	20.18	212.59	232.77

Revenues of approximately ₹221.35 crores (31 March 2021 ₹149.03 crores ) are derived from a single external customer.

Revenue directly attributable to segments is reported based on items that are individually identifiable to that segment. The Company believes that it is not practical to allocate segment expenses, segment results, assets used, except trade receivables, in the Company's business or liabilities contracted since the resources / services/ assets are used interchangeably within the segments. All fixed assets are located in India. Accordingly, no secondary segmental information is disclosed.

The Sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period holding all other assumptions constant		
The sensitivity analysis presented above may not be representative of the actual change in the Defined Benefit Obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated		
Furthermore, in presenting the above sensitivity analysis, the present value of the Defined Benefit Obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the Defined Benefit Obligation as recognised in the balance sheet		
There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.
