# CHAIRMAN'S MESSAGE

**Our in-house technological advancement and process development capabilities will allow us to build a diversified product portfolio in dyes intermediate.**

**Dear Shareholders,**

Before beginning our message, we would like to sincerely thank all our stakeholders for their continued support through the last 30 years. We hope you and your dear ones are safe and wish you all good health going ahead.

It gives me a sense of sheer fulfilment and satisfaction to share that our Company continued playing on its strengths and posted a decent performance despite a challenging environment. We continued our journey as leading dyes intermediate manufacturers and kept focusing on strengthening our business capabilities and growing sustainably.

## PERFORMANCE SNAPSHOT

Our financial performance reflected the challenging market conditions. The revenue for the year was ₹ 5,616 Lakhs as compared to ₹ 5,710 Lakhs in FY 2019-20, EBITDA ₹ 285 Lakhs against ₹ 24 Lakhs in FY 2019-20 and PAT ₹ 84 Lakhs compared to a loss of ₹ 160 Lakhs in previous Financial Year.

## TECHNOLOGY AND INNOVATIONS

The excellence of our products and solutions in terms of quality and uses is an outcome of our constant R&D and innovation. It is a result of our determination and conviction that has allowed us to adapt quickly to the market needs. Besides, our in-house technology advancement and process development capabilities have allowed us to build a diversified product portfolio in dyes intermediate. Over the years, these products have been finding in various applications. Besides,

we have also consistently delivered need-based solutions to constantly cater to the varied client needs.

## MAKE IN INDIA: EYEING SUSTAINABLE GROWTH

The past year instrumented a change in business operations to be in sync with the unprecedented changes in attitude of people and society. We, at SHCEL, constantly strive to improve it with our sincere efforts. As we look ahead, we continue to see immense potential across our business sector. Healthy demand and a stabilised raw material environment should further enable us to gain traction and build momentum. The pandemic additionally led to China plus one strategy. Companies across the world are facing shortages, which is leading them to find an alternative. With the right prospects, cost advantage and suitable manufacturing conditions, India is becoming the most preferable and, above all, most desired location for outsourcing chemicals used for various applications across industries. Being a leading player in the organised space, we stand to immensely gain from the underlying opportunity. The overhaul in the consequent supply chain will give us immense opportunity to expand our export operations in times to come.

The world's exposure to Covid-19 has sparked a sense of adoption of sustainable means in business processes as health and well-being has taken a new priority in our lives. We ensured that all the health and safety protocols were followed at the plant level to keep our staff safe. On the business front, our business strategies, expansion plans, capacities and capabilities, sustainable mindset and strong innovation capability made us responsive to the need of the hour.

## OPTIMISATION AND SUSTAINABLE EXPANSION

In one of the key developments during the last quarter of FY 2020-21, we have initiated initial phase of installing 2 Mw solar power plant for our state-of-the-art Greenfield manufacturing facility at Mahad. At SHCEL, conserving energy and prudent utilisation of resources is of strategic importance. With solar plant installation the Company intends to bring down non-renewable energy consumption and at the same time bring down electricity cost in production.

We witnessed normalisation in demand and consumption sentiments towards the end of Q4 2020-21. The Company

saw increase in sales from Rs. 216 Lakhs in Q1 to Rs. 3,136 Lakhs in Q4 of FY 2020-21. We have witnessed a substantial ramp-up in utilisation levels from this facility in recent months, leading to healthy volumes. In addition, we are trying to enter newer categories, as we broaden our product portfolio to achieve economies of scale and market consolidation.

However, the second wave of COVID-19 has posed challenges yet again. But we believe, broader vaccination coverage and limited lockdowns will help restore normalcy sooner. We are confident of leading towards stronger and sustainable growth in the times to come.

## CUSTOMER-FOCUS, RESILIENCE AND AGILITY

Customer-centricity is what differentiates us. Despite the pandemic, our people worked relentlessly to serve our customers. Our products are formulated as per customer needs and we focus on customising and providing value added products to our customers. Our manufacturing units worked round the clock to meet the growing demands of the market. Commitment, competence and dedication of human capital play an essential role in scaling sustainable growth. When faced with challenges last year, our team's customer focus, resilience and agility helped us navigate the problems and emerge stronger. We thank our entire workforce for their tremendous support and standing firm in our common goal of strengthening our capabilities to grow sustainably.

Going ahead, we will continue directing our efforts towards tapping new customers and strengthening relationships with existing ones. We strive to expand our reach by strengthening our capabilities with focus on sustainable growth.

## NOTE OF THANKS

We believe healthy corporate governance practices form an essential and critical pillar for long term value creation. We reaffirm our commitment to sustainable growth and enhanced shared value for all. As we conclude, I would like to thank the Board for their guidance, our employees and their efforts, and all other stakeholders for their consistent assistance and encouragement in all our endeavours. We look forward to your continued faith as we scale heights of growth backed by confidence, commitment and conviction.

Warm Regards,

**Bankesh Chandra Agrawal**

# STRENGTHENING STRATEGIES

## EARLY ENTRANTS IN DYES INTERMEDIATE:

We are one of the early organised players of dyes intermediate manufacturing with zero effluent discharge and eco-friendly processes that has made us globally acceptable and renowned and considerably enhanced our market share in the industry.

## DIVERSIFIED CUSTOMER BASE AND LOYALTY:

Our product offerings ensures excellence in use and functionality. Having been in the industry with over 3 decades of experience and expertise has earned reputation and undying customer loyalty. Our products are developed with utmost care to the environment and under best quality process.

## RESEARCH AND DEVELOPMENT AND TECHNOLOGICAL ADVANCEMENT:

Our R&D laboratories are equipped with technologically advanced equipment and is continuously upgraded and strictly adhered to internationally best practices.

## DIVERSIFIED PRODUCT APPLICATION:

Our consistent endeavour towards improvement and an unwavering focus on core competencies will enable us to develop an extensive range of intermediate and reactive dyes for a wide variety of applications.

## STRICT ADHERENCE TO REGULATORY PROTOCOLS:

Our manufacturing processes undergo strict quality and regular checks. Being vigilant towards environment concerns we adopt strict regulatory protocols throughout our value chain. There is zero discharge of harmful effluents and the waste products is disposed without having harmful effect.

# STRENGTHENING PRODUCT PORTFOLIO

Our drive to continuously improve our processes and practices with an urge to develop safe and sustainable products enable us to bring operational efficiency and develop and innovate products with wide applications across industry.

## H-ACID

We are the leading and the largest Indian manufacturer, exporter, importer and supplier of 1-Amino-8-Naphtol-3, 6 Disulfonic Acid, H Acid for use as dyestuffs

## ACID DYES

Acid dyes are applied to fibres such as silk, wool, nylon and modified acrylic fibres from neutral to acid dye baths. These are used both commercially and by the studio dyer to dye protein/animal fibres such as wool, silk, mohair, angora, alpaca and some nylons and synthetics.

## DIRECT DYES

Direct dyes are usually applied with the addition of electrolyte at or near the boil in the machines capable of running at atmospheric pressure. But in HTHP dyeing machines it is carried out at temperatures above the boil in case of pure as well as blended yarns.

## REACTIVE DYES

Reactive dyes are used for dyeing cellulose, protein and polyamide fibres. Textile materials dyed with reactive dyes have very good wash fastness with rating Reactive dye gives brighter shades and has moderate rubbing fastness.

# MANAGEMENT DISCUSSION & ANALYSIS

## Indian Economic Overview

The outbreak of Covid-19 pandemic severely weighed down the growth prospects of the Indian economy. The Indian economy contracted by 7.3% in FY 2020-21 as Covid-19 ravaged the economy. (Source : Financial Express). Due to the implementation of some of the harshest lockdowns amongst all countries, a 23.9% contraction in GDP during Q1 of FY 2020-21 was anticipatory (Source: <https://www.worldbank.org/en/country/india/overview>). Since the gradual uplifting of the lockdowns, the industrial and commercial activities have not only reached pre-pandemic levels, but also has surpassed previous year levels as well across some parameters.

The Economic Survey FY 2020-21, presented by the Union Minister for Finance and Corporate Affairs, highlighted a V-shaped economic recovery for India, due to the mega vaccination drives, robust recoveries in the services sector, alongside significant growth in consumer spending and investments. The economic recovery is also expected to be boosted by the resurgence in power demand, rail freight, GST collection, steel consumption, etc.

As per the International Monetary Fund (IMF), India is set to become the fastest-growing economy in the next two years. A positive outlook coupled with the gradual scaling down of the lockdowns, along with an astute support for the Aatmanirbhar Bharat Mission has placed the economy firmly on the path of recovery. IMF further expects India's GDP to grow 12.5% in FY 2021-22 and a projected increase by 6.9% in FY 2022-23. ## Chemical Industry

Amidst the rapidly evolving global landscape of the chemical industry, western countries are losing manufacturing

competitiveness due to high energy prices, labour cost, and currency appreciation. Until recently, China was one of the beneficiaries of this shift. However, in the aftermath of the pandemic, the world is demonstrating anti-China sentiments, as can be seen through the China Plus One movement, trade bans, border clashes, and banning of Chinese mobile apps. This trend is expected to continue in the future, and is likely to pave the way for India to become the world's manufacturing hub. India is better positioned as compared to other Asian nations, on account of surplus availability of labour, suitable manufacturing conditions, low wage costs, abundance of raw materials, strong domestic market, a stable political environment, and positive outlook towards reducing emissions.

India's chemical manufacturing industry employs 2 million people, and has a weightage of 7.87% in the Index of Industrial Production (IIP). The industry is a key pillar of the Indian economy, contributing 1.4% to the National Gross Value Added (GVA) and 8.8% to the manufacturing GVA. Further, the industry contributes to 2.1% of total Foreign Direct Inflows Equity Inflows, and 11.3% of India's exports. (Source: <https://www.indiachem.in/pdf/presentations21.pdf>)

Despite manufacturing halts and labour restrictions, the IIP for chemical manufacturing has recovered to pre-COVID levels. The industry is expected to grow at a CAGR of 9.2% from FY 2020-21 to FY 2024-25, driven by demographic dividends, low per capita consumption, an increasing export demand and enabling Government initiatives such as Make in India, Aatmanirbhar Bharat Abhiyan and the Production-Linked Incentive (PLI) Scheme. ## Opportunities

### Anti-China Sentiment

In recent years, the disruption in production of several chemical industries in the Chinese markets, owing to strict environmental norms, has boosted the outlook for Indian companies. Increased environmental compliance costs, rising manpower wages, and reduced state support, have improved the cost competitiveness of Indian manufacturers. The momentum of shift from China is likely to accelerate in the backdrop of the COVID-19 pandemic, and is expected to benefit the Company, going forward.

### Government Initiatives

Strong government-backed initiatives and policy support are providing impetus to the manufacturing sector and setting a platform for strong growth. The various schemes launched shall indirectly benefit the industry and the Company in the long run.

### Threats

#### Rising Competition

The dyestuff industry is highly fragmented, competitive and cyclical. The Government has allowed 100% FDI in chemical

sector, which is encouraging stiff competition from foreign multinationals, and is exerting price pressure on domestic companies.

### Company Overview

Incorporated in the year 1987, Shree Hari Chemicals Export Limited ('SHCEL' or 'The Company'), is engaged in the business of manufacturing of H-acid and dye intermediates which finds applications in the manufacturing of dyestuff (various dyestuffs). Since inception, the Promoters have been actively involved in business and management of the overall activities of the Company. SHCEL has an 8-10% domestic market share for its products.

### Financial Performance

In spite of COVID Situation/lockdown, the company is able to achieve the revenue of ₹ 56.92 Crores as against revenue for previous year of ₹ 57.92 Crores.

EBITDA stood at ₹ 2.84 Crores as against ₹ 0.23 Crores in FY 2019-20. The PAT was recorded at ₹ 0.85 Crores in FY 2020-21, as compared to loss of ₹ 1.60 Crores in FY 2019-20. EPS witnessed an increase to ₹ 1.93, as compared to ₹ (-3.71) in FY 2019-20.

### Key Risks and Mitigation Strategies

The objective of our risk management activities is to recognise, assess and manage risks early on, and to implement appropriate measures to mitigate them. Risk management at SHCEL is a continuous process of analysing and managing all the risks posed to the business. Many risks are affecting the smooth functioning of the Company's operations.

(₹ in Crores)

Risk	Impact	Mitigation
<b>Competition risk</b>	A rise in competition could negatively impact our market share, margin profile, and return on capital employed	Being the preferred supplier and reliable partner, our long-standing customer relationships help us mitigate this risk
<b>Foreign currency exchange rate risk</b>	None	We mitigate this risk by way of our robust foreign exchange hedge mechanism and systems, such as forward contracts, futures contracts, options, and swaps.
<b>Raw material price risk</b>	The prices of H Acid have been very volatile during past two years owing to external factors	Our pricing power, and ability to pass on increased RM costs with a time lag, helps us mitigate this risk
<b>Labor disputes risk</b>	Industrial disputes may lead to industrial action, which may impact our ability to meet clients' demand	We maintain an open and positive relationship with all the employees, subcontractors, workers, etc.; thereby mitigating this risk
<b>Quality risk</b>	A decline in product quality could hamper customer relationships, further impacting revenue.	The Company has a stringent quality-control system in place and complies with all required external standards
<b>Environmental Risk</b>	At a point in time, we had to temporarily shut down our Mahad plant due to MPCB orders	Our zero liquid discharge, multiplicative evaporators, and 100% compliance with environmental requirements and laws will help us mitigate this risk, going ahead

### Human Resources

Human Resources has always been a key focus area for SCHEL, whom we consider as one of the key stakeholders. It is our firm belief that nurturing and strengthening the human resources will definitely add value to them and even organization as a whole. Therefore, the HR function plays a critical role in creating a thriving organisational structure through various initiatives, incentives and learning & development programmes. We regularly revisit our policies and practices to ensure that we comply with the values of the Company and benchmark ourselves against the peers within the industry.

### Internal Control Systems and its adequacy

The Company follows Internal Control Systems which are covering all business aspects to provide reasonable assurance that all assets are safeguarded, transactions are authorized, recorded and reported properly, as per applicable statutes. The Company generally adheres to rules, policy, statutes and laws ensuring that statutory compliances are thoroughly followed. The Company's Audit Committee reviews and takes suitable actions for any deviation, observation or recommendation suggested by the Internal Auditor, who is an independent auditor mandated to conduct internal audit. The Company also adheres to environment

protection laws. The employees of the Company follow the Code of Conduct devised for conducting the business of the Company.

### Outlook

At SCHEL, we have already commenced working on setting-up of a solar plant. The same are expected to give us great cost savings. The initiative is in line with an aim of making this an integrated Company, through horizontal expansions and vertically integrate into different intermediates as well. We also have plans in place to backward integrate through raw material production over the next 3 to 5 years to achieve complete integration. Overall, the future growth prospects for the Company are very bright.

### Cautionary Statement

Certain statements made in this Report relating to the Company's outlook, estimates, predictions etc. may constitute 'forward-looking statements' within the meaning of applicable laws and regulations. Actual results may differ from such estimates, whether express or implied. Several factors that could make a difference to Company's operations include climatic conditions and economic conditions affecting demand and supply, changes in Government regulation tax regimes, natural calamities, etc. over which the Company does not have any direct control.

## INDEPENDENT AUDITOR'S REPORT

To the Members of **Shree Hari Chemicals Export Limited**

### Report on Ind AS Financial Statements

#### Opinion

We have audited the accompanying Ind AS financial statements of **Shree Hari Chemicals Exports Ltd.** (the "Company"), which comprise of the Balance Sheet as at March 31 2021, the Statement of Profit and Loss, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under the Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA's") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### Key Audit Matters

##### 1. Inventory Valuation

H-acid and chemical based inventory forms a significant part of the Company's inventory of which prices are fluctuating in nature and also depends on prices, decisions and conditions of other countries.

Inventories are valued at lower of cost and net realisable value except raw materials, work-in-progress & stores..

#### Auditor's response

Our audit procedures over inventory valuation included the following:

- Testing the design, implementation and operating effectiveness of key internal financial controls, including controls over valuation of inventory.
- Testing on a sample basis the accuracy of cost for inventory by verifying the actual purchase cost. Testing the net realizable value by comparing actual cost with most recent selling price.

#### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated

(When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance)

#### Responsibility of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, profit/loss (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 4 of the Companies (Ind AS) Rules, 2015. This responsibility also includes maintenance of adequate

accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibilities for the Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)

(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or

regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on other Legal and Regulatory Requirements**

As required by 'the Companies (Auditor's Report) Order, 2016' ("the order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of Companies Act, 2013, we give in the Annexure– A, a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.

#### **As required by section 143(3) of the Act, we report that:**

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b) In our opinion proper books of account as required by law have been kept by the company, so far as appears from our examination of those books;

## ANNEXURE – B

### ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON FINANCIAL STATEMENTS OF SHREE HARI CHEMICALS EXPORT LIMITED

#### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **SHREE HARI CHEMICALS EXPORT LIMITED** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company, has in all other material respects has, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31,- 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# NOTES TO STANDALONE FINANCIAL STATEMENTS

For the Year Ended March 31, 2021

## 1. SIGNIFICANT ACCOUNTING POLICIES:

### Company Overview

Shree Hari Chemicals Export Limited (the Company) is a Public Limited Company domiciled in India and is listed on the Bombay Stock Exchange (BSE). The Company was incorporated in 1987. The company is leading manufacturer of H-Acid. It has its manufacturing facility at Mahad, Raigad District of Maharashtra, India. Through Innovation, dedication & customer satisfaction, company had succeeded in developing customers worldwide.

#### a) Basis of Preparation of Financial Statements:

These financial statements have been prepared in compliance with Indian Accounting Standards (Ind-AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, on the accrual basis.

#### b) Use of Estimates:

The preparation of Financial Statements in accordance with Ind - AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the Balance Sheet and Statement of Profit and Loss. The actual amounts realized may differ from these estimates. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognized in the period in which the results are known / materialized and, if material, their effects are disclosed in the notes to the Financial Statements.

#### Estimates and Assumptions are required in particular for:

- i. Determination of the estimated useful life of tangible assets and the assessment as to which components of the cost may be capitalized. Useful life of tangible assets is based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful life is different from that prescribed in Schedule II, it is based on technical advice, taking into account the nature of the asset,

estimated usage and operating conditions of the asset, past history of replacement and maintenance support. Assumptions also need to be made, when the Company assesses, whether an asset may be capitalized and which components of the cost of the asset may be capitalized.

#### ii. Recognition and measurement of defined benefit obligations:

The obligation arising from the defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined with reference to market yields at the end of the reporting period on the government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.

#### iii. Recognition of deferred tax assets:

A Deferred tax asset is recognized for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized. The management assumes that taxable profits will be available while recognizing deferred tax assets

#### iv. Discounting of financial liabilities:

All financial liabilities are required to be measured at fair value on initial recognition. In case of financial liabilities, which are required to be subsequently measured at amortized cost, interest is accrued using the effective interest method.

#### c) Property, Plant and Equipments:

- i. The Company has measured all of its plant and Equipments and freehold land at fair value at the date of transition to Ind - AS. The Company has elected these value as deemed cost at the transition date. All other property, plant and equipments have been carried at value in accordance with the previous GAAP.

- ii. Property, plant and equipments are stated at cost net of cenvat / value added tax less accumulated depreciation and impairment loss, if any.

All the direct costs, expenditure during the project construction period (net of income) are specifically attributable to construction/acquisition of fixed assets and advances against capital expenditure are shown as Capital Work in progress until the relevant assets are ready for its intended use.

**d) Depreciation:**

Depreciation on Fixed Assets has been provided as per the Written Down Value (WDV) of depreciation based on the useful life of the assets prescribed under Schedule II to the Companies Act, 2013 with exception of Effluent Treatment Plant which is depreciated over 8 years.

**e) Revenue Recognition:**

**Sale of Goods:**

Revenue from sales of goods is recognized when all the significant risks and rewards of ownership in the goods are transferred to the buyer as per contract, the Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exist regarding the amount of consideration that will be derived from the sale of goods. Sales are recognized net of Trade Discount, Value Added Tax, CST, Excise Duty and GST.

**Other Income:**

Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.

Dividend income is recognized when the right to receive the payment is established on the Balance Sheet date.

Income from export incentive such as duty drawback is recognized on accrual basis.

**f) Fair Value Measurement:**

Fair value is the price that would be received to sell an asset or settle a liability in an ordinary transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumption that market participants would use when pricing an asset or liability acting in their best economic interest. The Company used valuation techniques, which were appropriate in circumstances and for which sufficient data were available considering the expected loss/ profit in case of financial assets or liabilities.

**g) Inventories:**

Inventories including raw materials, work-in-progress and stores are valued at cost and that of finished goods are valued at the lower of cost (on Avg. Cost basis) and the net realizable value after providing for obsolescence and other losses, where considered necessary except for by-product, which is valued at estimated net realizable value . Cost includes all charges in bringing the goods to the point of sale, including tax (non-refundable), levies, transit insurance, and receiving charges. Work-in-progress and finished goods include material cost, appropriate proportion of overhead.

**h) Foreign Currency Transactions:**

Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.

Monetary items denominated in foreign currencies remaining unsettled at the year- end are restated at the exchange rate prevailing at end of the year. Non-monetary foreign currency items are carried at cost. Any income or expense on account of exchange difference either on settlement or on restatement is recognized in the Statement of Profit and Loss.

**i) Financial Instruments:**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

**Financial Assets:**

**i. Classification:**

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

**ii. Initial recognition and measurement:**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

**iii. Financial Assets measured at amortized cost:**

Financial assets are measured at amortised

cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the Statement of profit and loss. This category generally applies to trade and other receivables.

**iv. Financial Assets measured at fair value through other comprehensive income (FVTOCI):**

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income.

**v. Financial Assets measured at fair value through profit or loss (FVTPL):**

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognised in profit or loss.

**vi. Investment in Equity Instruments:**

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI. Fair value changes on the instrument, excluding dividends, are recognised in the other comprehensive income. There is no recycling of the amounts from other comprehensive income to profit or loss.

**vii. De-recognition of Financial Assets:**

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

**viii. Impairment of Financial Assets:**

In accordance with Ind - AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets that are debt instruments and trade receivables.

**Financial Liabilities:**

**i. Classification:**

The Company classifies all financial liabilities

as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

**ii. Initial recognition and measurement:**

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

**iii. Subsequent measurement:**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term.

**iv. Loans and Borrowings:**

Interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through EIR amortisation process.

**v. De-recognition of Financial Liabilities:**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss

**j) Impairment of Assets :**

The Company has a system to review the carrying values of assets / cash generating units at each Balance Sheet date. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognized, if the carrying amount of these assets exceeds their recoverable amount.

**k) Defined Benefit Plans:**

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates in India. Further details about gratuity obligations are given in Note No. 30.15.

**l) Borrowing cost:**

Borrowing Cost that is directly attributable to the acquisition or construction of qualifying assets is capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. Other borrowing cost is recognized as expenses in the period in which they are incurred.

**m) Provision for Current Tax and Deferred Tax:**

Income Tax expenses comprises of current tax and deferred tax charge or credit. It is recognized in statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

**i. Current Tax**

Current tax comprises of the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of the previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- has a legally enforceable right to set off the recognized amounts; and
- intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously

**ii. Deferred tax**

Deferred tax is recognized for the future tax consequences of deductible temporary

differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses and credits can be utilized. Deferred tax relating to items recognized in other comprehensive income and directly in equity is recognized in correlation to the underlying transaction.

Deferred tax assets and liabilities are offset only if:

- entity has a legally enforceable right to set off current tax assets against current tax liabilities;
- deferred tax assets and the deferred tax liabilities relate to the income taxes levied by the same taxation authority.

**n) Provision for Doubtful Debts and Loans and Advances:**

Provision is made in the accounts for doubtful debts, loans and advances in cases where the management considers the debts, loans and advances to be doubtful of recovery.

**o) Provisions, Contingent Liabilities and Contingent Assets:**

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

**p) Earnings Per Share:**

Basic Earnings Per Share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

**Note. 30.16 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

The company's financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include trade receivables, loans, security deposits, cash and cash equivalents and other financial assets that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks based on approved policies. The Company seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures. The Company does not enter into or trade financial instruments, including derivative financial instruments, for a speculative purposes. The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below:

**(a) Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. The financial instruments affected by market risk are investments and foreign currency transactions and exposures.

**Foreign Currency Risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency). The company is of the view that they dont have any major foreign currency exposure and no hedging is been done.

**Commodity Price Risk**

The Company is affected by the price volatility of certain commodities. Its operating activities require the on-going purchase or continuous supply of chemicals. Therefore the Company monitors its purchases closely to optimise the price.

**(b) Credit risk**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including loans, security deposits, deposits with banks and other financial instruments.

**Trade Receivables**

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. An impairment analysis is performed at each reporting date on an individual basis for major clients.

**Financial instruments and cash deposits**

Credit risk from balances with banks and financial institutions is managed by the Company's management. Investments of surplus funds are made only with approved authorities. Credit limits of all authorities are reviewed by the Management on regular basis.

**c) Liquidity Risk**

The Company continuously monitors its risk of a shortage of funds. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, Letter of Credit and working capital limits.

**Note. 30.17 CAPITAL MANAGEMENT**

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, internal accruals and short term borrowings. In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

### Note 30.18 Fair values

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:-

	Note	Carrying Value		Fair Value	
		March 31, 2021	March 31, 2020	March 31, 2021	March 31, 2020
<b>FINANCIAL ASSETS</b>					
<b>Measured at fair value through profit and loss</b>					
Investment in equity instruments (quoted)	3	1,07,845	1,07,845	2,65,300	1,33,410
Investment in mutual funds (quoted)	12	50,47,371	-	50,60,755	-
Investment in equity instruments (unquoted)	3	29,56,390	29,56,390	60,33,203	66,32,769
<b>Measured at amortised cost</b>					
Security deposits	4	28,85,950	4,85,950	28,85,950	4,85,950

The management assessed that the fair value of cash and cash equivalents, other bank balances, trade receivables, trade payables, other payables and other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

**Security deposits** - The above deposits are given to government authorities and others where refundable time period is not defined/ not available. Therefore the carrying value and the fair value is considered same.

### Note. 30.19 Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

#### Specific valuation techniques used to value financial instruments include:

- (i) the use of quoted market prices or dealer quotes for similar instruments
- (ii) the fair value of the remaining financial instruments is determined using discounted cash flow analysis.
