State of Company's Affairs

The Company is in the process of reorganizing and restructuring its businesses with the prime focus on reducing its debt by monetizing its assets and divesting its investments by unlocking its values.

The Company is committed to enhance value for all stakeholders through development of projects without compromising corporate social responsibility.

Future Outlook

COVID-19 pandemic has severely disrupted the economies across the globe. Production and demand downturn has led to massive breakdown of supply chain and logistics. Businesses have suffered huge losses and liquidity crisis is hampering the recovery which is gradually limping back. Investors all over the world are also adopting a very guarded and cautious approach towards making any new investments.

However, compared to other economies, the Indian economy has proved to be a resilient one and is already showing signs of gradual recovery. India is witnessing encouraging signs such as (a) various globally reputed companies showing active interest in making investments in India (b) a number of multinational companies planning to shift their bases from China to India; and (c) considerable foreign direct investments already infused in Indian economy during lockdown.

Looking at those encouraging signs and investors' growing confidence in making investments in India, the Company is optimistic about realizing its asset monetization and divestment plans which have suffered a temporary setback due to various reasons including COVID-19 pandemic's impact.

Impact of COVID-19 on business

"COVID-19 pandemic has severely disrupted business operations of the companies across the globe including the Company due to lockdown and other emergency measures imposed by the government. Accordingly, the business activities of the Company have also been impacted. With the unlocking measures announced, the business activities of the Company have started gradually, however the impact of Covid 19 may still continue in the future. Besides this, on-going litigations, liquidity tightness in the market and project status, have also severely affected the activities of the Company. The Company has evaluated the impact of this pandemic on its business activities and considering current state of affairs of the Company, the management is making efforts to revive the business activities."

Dividend

In view of losses incurred by the Company, your Directors do not recommend dividend for the financial year ended March 31, 2020.

Details of Subsidiaries, Associates & Joint Ventures

As on March 31, 2020, the Company has eight Subsidiary Companies including one foreign Subsidiary which are Gujarat-Dwarka Portwest Limited, Pipavav Electronic Warfare Systems Private Limited, Chiplun FTWZ Private Limited, SKIL-Himachal Infrastructure and Tourism Limited, SKIL Shipyard Holdings Private Limited, Metrotech Technology Park Pvt. Ltd., SKIL Advanced Systems Private Limited ('SASPL') and SKIL (Singapore) Pte. Ltd. There are two Associate Companies as on March 31, 2020, Rosoboronservice (India) Limited and Urban Infrastructure Holdings Private Limited. Sohar Free Zone LLC is the Joint Venture of the Company.

Out of the aforesaid Subsidiary Companies, Pipavav Electronic Warfare Systems Private Limited have submitted an application to the Registrar of Companies for striking-off its name under Fast Track Exit ('FTE') Mode and Chiplun FTWZ Private Limited obtained the status of Dormant Company under the Companies Act, 2013 ('Act'). As required under SEBI (Listing Obligations and Disclosures Requirement) Regulations, 2015, Companies Act, 2013 ('SEBI Regulations') and the applicable Accounting Standards, the Consolidated Financial Statements of the Company and its Subsidiary Companies, Joint Venture, Associate Companies form part of this Annual Report. Un-Audited Financial Statements of SKIL (Singapore) Pte. Ltd., subsidiary of the Company, have been considered for the purpose of consolidation. However, the financial statements of Associate Companies were not available for consolidation.

The performance and financial position of each of the Subsidiaries, Joint Venture Company and Associate Companies is provided in accordance with the provisions of Section 129 read with Rule 5 of the Companies (Accounts) Rules, 2014 as a separate statement annexed to Financial Statements in prescribed Form AOC – I and hence not repeated here for the sake of brevity.

The Company has formulated a Policy for determining material subsidiaries, which is uploaded on the website of the Company at www.skilgroup.co.in and can be accessed at http://www.skilgroup.co.in/investor_pdf/Policy-on-Material-Subsidiaries.pdf

Other Information

As informed earlier, the Company as per Purchase Agreement ('PA') signed with Reliance Defence Systems Private Limited ('RDSPL') and Reliance Infrastructure Limited ('R-Infra') ('Reliance Infra Group') in March, 2015, Reliance Infra Group is under an obligation to ensure release of all the securities, i.e; Corporate Guarantees, Undertakings, Pledge of shares, Personal Guarantees furnished by the Company and its Promoters to the lenders of Reliance Naval and Engineering Limited, erstwhile Reliance Defence and Engineering Limited / Pipavav Defence and Offshore Engineering Company Limited ('RNEL'). Reliance Infra Group, however, failed to comply with their obligation to get the said securities released / discharged by RNEL lenders. Accordingly, on March 03, 2018, the Company issued legal notice to Reliance Infra Group for breach of the PA and claimed losses, subsequently; Reliance Infra Group issued an Arbitration notice to the Company for breach of warranties under the said PA, which has been strongly contested by the Company, as false and baseless. Further, as intimated earlier on account of default by RNEL and Reliance Infra Group as Promoters of RNEL towards its obligations to pay to RNEL lenders, the security trustee on behalf of the lenders of RNEL invoked the Corporate Guarantee of the Company and RNEL shares pledged by the Company and SKIL Shipyard Holdings Private Limited ('SSHPL'), despite the Company and SSHPL, not being the Promoters of RNEL since January, 2016. The Company has already filed a suit in Ahmedabad Court challenging the unjustified, wrong and illegal invocation of corporate guarantee and securities by RNEL lenders. The matter is sub-judice.

Pursuant to invocation of the Corporate Guarantee and the Personal Guarantees by RNEL lenders, they have also filed recovery proceedings against the Company in DRT.

During the year under review, in connection with investigation on IL&FS Financial Services Limited (IFIN), the Serious Fraud Investigation Office (SFIO) under the Ministry of Corporate Affairs, Government of India and Enforcement Directorate (ED) under the Ministry of Finance, Government of India sought certain information from the Company & its Subsidiaries on dealings with IFIN. The Company is fully co-operating with these Agencies and the requisite information has been furnished.

Extract of Annual Return

The extract of Annual Return in the Form MGT- 9 as required under Section 92(3) of the Act as prescribed in Rule 12 of the Companies (Management and Administration) Rules, 2014, is enclosed as "**Annexure I**" to this Report. The Annual Return in Form MGT-7 as required under Section 92 (3) of the Act is available on the website of the Company viz. <http://www.skilgroup.co.in/annual-reports>

Details of Directors

The Composition of the Board is in accordance with the provisions of Act and SEBI Regulations. Appointment of Directors on the Board is based on the recommendations of Nomination and Remuneration Committee ('NRC'). NRC identifies and recommends to the Board, persons of appointment on the Board, after considering the necessary and desirable competencies. NRC takes into account positive attributes like skills, knowledge, expertise and industry experience, background with due regard for the benefits in diversifying the Board.

Pursuant to the provisions of Section 152 of the Act, Mr. Nikhil Gandhi (DIN: 00030560) retires by rotation at the ensuing AGM and being eligible for re-appointment, offers himself for re-appointment. Brief profile of the Director proposed to be re-appointed is provided in the Exhibit to the Notice of ensuing AGM. The Board of Directors recommends re-appointment of the aforesaid Director at the ensuing AGM.

SKIL House, 209 Bank Street Cross Lane
Fort, Mumbai - 400023

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **SKIL INFRASTRUCTURE LIMITED** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the **SKIL INFRASTRUCTURE LIMITED**, books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on **March 31, 2020** reasonably complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter :

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **SKIL INFRASTRUCTURE LIMITED** ("the Company") for the financial year ended on **March 31, 2020** according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under to the extent of Regulation 55A;
- (iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; **Not Applicable to the Company during the Financial Year under review.**
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INTRODUCTION:

Your Company is one of the leading infrastructure development Companies in India, having pioneered the development of various first-of-its-kind-in-India projects such as Seaport, Logistics, Railway, Defence Shipyard, Offshore Asset Construction Yard and Special Economic Zone in the private sector.

INDUSTRY STRUCTURE & DEVELOPMENTS:

The key to India's economic success story is its infrastructure sector which is accountable for driving India's overall development and growth. Accordingly, the government has been intensely focusing on policies and structural reforms in this sector to ensure time bound world class infrastructure development in the country. Infrastructure sector has been witnessing incremental opportunity curve over past few years.

In order to meet the target of \$ 5 trillion economy by 2025, India needs to raise its manufacturing standards to be globally competitive for which creation of new and upgrading of existing infrastructure is of paramount importance, especially for success of Make In India program. Since infrastructure sector is labor intensive, it creates huge employment, which, in turn, creates greater income generation resulting into demand acceleration and manufacturing growth. Quality infrastructure also results into efficiency benefits through quality logistics which improves the overall competitiveness of the country making India a preferred investment destination.

In 2019, the National Infrastructure Pipeline (NIP) was launched by the government which is an investment plan to (i) enhance infrastructure in identified sectors; (ii) efficiently provide world-class infrastructure across the country and; (iii) improve the quality of life for all citizens. NIP will enable a forward outlook on both economic and social infrastructure projects, which will create jobs, improve ease of living and provide equitable access to infrastructure for all, thereby making growth more inclusive.

As per NIP Task Force Report, out of the total projected capital expenditure of Rs. 111 lakh crores in infrastructure sectors in India during fiscals 2020 to 2025, projects worth Rs. 44 lakh crores (40% of the NIP) are under implementation, projects worth Rs. 33 lakh crores (30%) are at the conceptual stage and projects worth Rs. 22 lakh crores (20%) are under development. The Centre (39%) and states (40%) are expected to have an almost equal share in implementing the NIP in India, followed by the private sector (21%). This 21% share for private sector provides enormous opportunity for the private sector players to participate and contribute to the country's socio-economic growth and development.

OPPORTUNITIES & THREATS:

As mentioned above, there is immense scope for private sector participation in India in infrastructure space. Given the government's massive push to infrastructure sector and also Defence Sector coupled with path breaking initiatives and reforms, India has accelerated the pace to revive the stalled projects and expedite completion of new projects. Such major initiatives and reforms are streamlining of land acquisition and acquisition of a major portion of land prior to bidding, award of projects after adequate project preparation in terms of land acquisition, clearances, disposal of cases in respect of Change of Scope and Extension of Time in a time-bound manner, regular review at various levels and identification / removal of bottlenecks in project execution, proposed exit for equity investors, providing secured status for PPP projects while lending, revamping of dispute resolution mechanism to avoid delays in project completion, massive investment, increased budget allocation, allowing 100% Foreign Direct Investment (FDI) in infrastructure development projects such as townships, housing and built-up infrastructure and construction developments etc.

However, to derive maximum benefits of such initiatives and reforms, the government needs to ensure time bound, efficient and accountable implementation of the same; whereas on the other hand, the private sector players need to optimize their business models along with focus only on core competency/activities so as to maximize leverage of available resources and to ensure lenders' comfort and satisfaction levels to avail seamless funding. Spot on mix, match and execution of the deliverables of the government and the private sector players will usher in a new era of infrastructure in the country that will help India becoming globally competitive.

SEGMENT-WISE or PRODUCT-WISE PERFORMANCE:

Your Company has a proven track record of having successfully conceptualized and developed various mega green-field infrastructure projects of national importance as well as of working with State/Central govt. as partner besides foreign strategic and financial partners. Over the years, the Company has garnered a very deep understanding of the Public Private Partnership (PPP) model of business in development of green-field infrastructure projects and will continue to focus on exploring and executing various infrastructure projects such as Free Trade & Warehousing Zone (FTWZ), Port, Logistics Park, Industrial Park, etc. through various subsidiaries / affiliates / associates / joint ventures / special purpose vehicles.

Due to current COVID-19 pandemic impact all over the world, the Company has suffered a setback in its endeavors to raise the required funding to reduce its debt and also commence development of various projects. The Company is optimistic that with the gradual easing down in the market, and encouraging Government policies, it may be in a position to raise funding for its projects.

OUTLOOK:

The impact of COVID-19 pandemic is extremely disruptive and has exacted a huge toll on the economy of India. Prolonged nationwide lockdown caused demand destruction due to restrictions on movements of man and material and complete breakdown of supply chain and logistics. This has resulted into huge losses to businesses causing severe economic slowdown and squeezing of liquidity. Businesses have immediately swung into cost cuttings to sustain and survive amidst such losses by laying-off employees and pruning down expenses causing liquidity crisis. Banks are staring at Stressed and Non-Performing Accounts against its lending due to prolonged revenue losses by businesses and the Government is looking at steep decline in tax collections due to dip in business revenues/turnovers.

Practically, the entire first quarter of this financial year and certain part of second quarter has been wiped off of the economic radar due to this pandemic; leaving in its wake a fractured global economy. It is now very clear that the economic danger of the pandemic is exponentially greater than the pandemic's health risks.

It is very pertinent to draw a caution line for the Company that this situation is certainly going to impact the Company's disinvestment and asset monetization plan and developing projects also. Notwithstanding this situation, the Company is committed in its endeavors to realize its disinvestment and asset monetization plans.

In order to tackle the pandemic effects, the government swung into course correction and came out with an umbrella economic package consisting of a slew of short and long term remedial measures to revive the economy. This package is a mix of reforms, infrastructure building, support to stressed businesses through moratoriums to borrowers and extending guarantee/collateral free credits to MSMEs aimed to resume business activities and to safeguard jobs etc. The Government continues to announce measures to revive the economy.

Gradual opening up of the economic activities on a staggering basis and return of labor force to its work base are both encouraging signs for the economy that has started taking off. Though the results of government measures and resumption of businesses will take time to yield the results, the green shoots of revival are already seen.

It is going to take quite a long time coupled with utmost economic jurisprudence (robust yet reformed economic policies with accountable implementation) for the economy to absorb and overcome the aftermath of the impact of this deadly virus.

RISKS & CONCERNS:

COVID-19 pandemic has hugely altered the Indian growth outlook. The government has unleashed various recovery steps such as relaxed monetary policy, fiscal support, easing of business norms etc. in order to cushion the declining growth effect of the pandemic. In spite of all these measures, the economic activity in India, like in all other countries, is likely to remain either contracted or slow paced for a year or so making the Indian growth scenario a very challenging in the short and midterm. Key to India's Indian economic landscape and its revival trajectory will be various factors such as length of the crisis, the resilience of the country's social, economic and political base and the speed and adequacy of implementation of government policies/measures.

The pandemic has caused investors and lenders to rethink their investing strategies and selection of investment opportunities. Existing and new funding can see a downtrend as investors may shy away from infusing fresh capital given the market conditions amidst the pandemic scare. The dry spell may continue for next couple of quarters and hence, experts believe that the businesses need to focus more on sustainable business models. It will be a while before the investors/lenders open up their coffers as they intend to wait and watch till the pandemic graph reaches its nadir.

DISCUSSION ON RESULTS OF OPERATIONS:

Your Company's total revenue stands at Rs. 1.03 lacs during the FY 2019-20 compared to Rs. 2620.73 lacs for the previous financial year. The loss before exceptional items and tax is Rs. 1,41,166.04 lacs for the FY 2019-20 as against loss of Rs. 25,205.19 lacs for the previous financial year. The net loss during the year was mainly due to Provision for Expected Credit Loss, Provision for impairment, Finance Costs and NIL Operating Income.

DETAILS OF SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS OF THE COMPANY:

There were significant changes in financial ratios namely: (a) Interest Coverage Turnover, it was 0.03 in FY 2018-19 in comparison to 0.01 in FY 2019-20; and (b) Current Ratio (proportion of the Company's current assets to its current liabilities) which was 0.72 in FY 2018-19 compared to 0.01 in FY 2019-20. This is mainly on account of the Impairment undertaken by the Company on its investments and receivables on a conservative basis.

There is no significant change in Debt Equity Ratio of FY 2019-20 as compared to FY 2018-19.

As far as Debtors Turnover and Inventory Turnover ratios are concerned, the Company did not have the same either in FY 2018-19 or in FY 2019-20.

INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY:

Your Company maintains adequate internal control systems, including internal financial control systems, which ensure, amongst other things, reasonable assurance of recording transactions and protection against significant misuse or loss of Company assets. The internal control is well supplemented by a strong internal audit function. Periodic reviews by the Management ensure that the Company's internal control systems are adequate and are complied with.

As part of internal control systems, the Company has set up following Committees:

- 1) Audit Committee of the Board
- 2) Nominations and Remuneration Committee
- 3) Stake Holder's Relationship Committee
- 4) Independent Director's Committee
- 5) Finance Committee
- 6) Corporate Social Responsibility Committee
- 7) Security Allotment and Transfer Committee

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/INDUSTRIAL RELATIONS:

The Company believes in providing a congenial work environment that respects individuality and encourages professional growth, innovation and performance. Human resources continue to be one of the core focus areas and employees are continuously motivated. Open work culture, effective communications, fair and equitable treatment and welfare of employees help the Company to retain its human resources and generate trust among its employees.

CAUTIONARY STATEMENT:

This report contains forward-looking statements within the meaning of applicable laws and regulations, identified by words like 'plans', 'expects', 'will', 'anticipates', 'believes', 'intends', 'projects', 'estimates' and so on. In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the **Basis for Qualified Opinion** section of our report, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under the Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

- Attention is drawn towards the Note No. 16.1.x of the Standalone Financial Statements in case Reliance Commercial Finance Ltd. stated below the standalone financial statement, and based on that, the Company, during the year ended 31st March, 2020 has not accounted interest of Rs. 5647.49 lakhs on the loan taken from Reliance Commercial Finance Ltd. Had this been accounted, the Loss and the Liabilities would have increased to the extent of the amount specified above.
- Attention is drawn towards the Note No. 16.1.v of the Standalone Financial Statements in case of IL&FS Financial Services Ltd. stated below the standalone financial statement, and based on that, the Company, during the year ended 31st March, 2020 has not accounted interest of Rs. 5167.59 lakhs on the loan taken from IL&FS Financial Services Ltd. Had this been accounted, the Loss and the Liabilities would have increased to the extent of the amount specified above.
- During the year, the Company has not accounted interest of Rs. 744.53 lakhs on Current Borrowings of Rs. 3700 lakhs. Had this been accounted, the Loss and the Liabilities would have increased to the extent of the amount specified above.
- Current Maturities of Long Term Debt include a loan amounting to Rs. 78.42 lakhs on which interest amounting to Rs. 16.91 lakhs has not been accounted during the year. Had this been accounted, the Loss and the Liabilities would have increased to the extent of the amount specified above.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143 (10) of the Act. Our responsibilities under those SAs are further described in the Auditors' Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw your attention to Note No. 37 of the standalone financial statement, as regards to the impairments identified and accounted during the year and management's assessment of the financial impact due to restrictions and conditions related to COVID-19 pandemic situation. Our opinion is not modified in respect of these matters.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

i. Evaluation of Contingent Liabilities

(Refer note 28 – "Contingent Liabilities") There are a number of material regulatory and tax cases against the Company. Significant judgement is required in estimating / reassessing the level of provisioning and/or disclosures. The management's assessment is supported by advice from independent legal/ tax consultants obtained by them. We considered this as a Key Audit Matter as the eventual outcome of litigations is uncertain and the positions taken by the Management are based on the application of significant judgement and estimation. Any unexpected adverse outcomes could significantly impact the Company's results and financial position.

Auditors Response

Our procedures included, Discussing with the management and tax and regulatory department heads to understand significant matters under litigation; Reading external legal opinions obtained by management, where available; Assessing management's conclusions;

For Direct and Indirect tax litigations, involving internal tax experts to understand the current status of tax cases and monitoring changes in the disputes by reading details received by the Company; Performing detailed procedures on the underlying calculations supporting the provisions recorded and ensuring adequacy of disclosures made.

Based on the above procedures performed, we have not identified any significant exceptions relating to disclosure of contingent liabilities and accounting for provisions for litigations.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated, if based on the work we performed, we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those charged with Governance for the Standalone Financial Statements

The company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including Other Comprehensive Income), Changes In Equity and Cash Flows of the company in accordance with the accounting principles generally accepted in India including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are

inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "**Annexure A**", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable

Annexure - B to the Independent Auditors' Report of even date on the Standalone financial statements Skill Infrastructure Limited.

Referred to in Paragraph 2 (f) of 'Report on Other Legal and Regulatory Requirements' section of our Report of even date.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Skill Infrastructure Limited** ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

Note - 1

General Information

SKIL Infrastructure Limited is a company limited by shares, incorporated and domiciled in India. The registered office of the company is located at SKIL House, 209 Bank Street Cross Lane, Fort , Mumbai 400023). The Company is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company is Infrastructure Company developing projects through various Special Purpose Vehicles (SPVs) in several high growth sectors

These Financial statements of the Company for the year ended March 31, 2020 were authorised for issue by board of directors on July 9, 2020. Pursuant to the provisions of the section 130 of the Act, the Central Government, Income Tax Authorities, Securities and Exchange Board of India, other statutory regulatory body and under section 131 of the Act, the board of directors of the Company have power to amend/re-open the Financial statements approved by the board/adopted by the members of the Company.

Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a Basis of Preparation of Financial Statements:

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] on accrual basis and other relevant provisions of the Act. Financial Statements have been prepared in accordance with the requirements of the information and disclosures mandated by Schedule III, applicable Ind AS, other applicable pronouncements and regulations.

b Basis of Measurement

The financial statements have been prepared on a historical cost basis, except for the following:

- i Certain financial assets and liabilities that are measured at fair value;
- ii Defined benefit plans - plan assets measured at fair value; and
- iii Assets held for sale – measured at fair value less cost to sell;

c Functional and Presentation Currency:

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR), which is the functional currency for the Company.

d Use of Estimates:

The preparation of Financial Statements in accordance with Ind - AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the Balance Sheet and Statement of Profit and Loss. The actual amounts realised may differ from these estimates. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognised in the period in which the results are known / materialised and if material, their effects are disclosed in the notes to the Financial Statements.

Estimates and assumptions are required in particular for:

- i. Determination of the estimated useful life of tangible assets and the assessment as to which components of the cost may be capitalized. Useful life of tangible assets is based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful life is different from that prescribed in Schedule II, it is based on technical advice, taking into account the nature of the asset, estimated usage and operating conditions of the asset, past history of replacement and maintenance support. Assumptions also need to be made, when the Company assesses, whether an asset may be capitalised and which components of the cost of the asset may be capitalised.

- ii. **Recognition and measurement of defined benefit obligations**

The obligation arising from the defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined with reference to market yields at the end of the reporting period on the government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.

- iii. **Recognition of deferred tax assets**

Deferred tax asset is recognised for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. The management assumes that taxable profits will be available while recognising deferred tax assets.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

iv. **Recognition and measurement of other provisions**

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may, therefore, vary from the figure included in other provisions.

v. **Discounting of long-term financial liabilities**

All financial liabilities are required to be measured at fair value on initial recognition. In case of financial liabilities, which are required to be subsequently measured at amortised cost, interest is accrued using the effective interest method.

vi. **Determining whether an arrangement contains a lease**

At the inception of an arrangement, the Company determines whether the arrangement is or contains a lease. At the inception or on reassessment of an arrangement that contains a lease, the Company separates payments and other consideration required by the arrangement into those for the lease and those for the other elements on the basis of their relative fair values. If the Company concludes for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset; subsequently, the liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the Company's incremental borrowing rate. In case of operating lease, the Company treats all payments under the arrangement as lease payments.

vii. **Fair value of financial instruments**

Derivatives are carried at fair value. Derivatives include Foreign Currency Forward Contracts and Interest Rate Swaps. Fair value of Foreign Currency Forward Contracts is determined using the rates published by Reserve Bank of India (RBI). Fair value of Interest Rate Swaps is determined with respect to current market rate of interest.

e **Current Versus Non Current Classification:**i. **The assets and liabilities in the Balance Sheet are based on current/ non - current classification. An asset is current when it is:**

- 1 Expected to be realised or intended to be sold or consumed in normal operating cycle
- 2 Held primarily for the purpose of trading
- 3 Expected to be realised within twelve months after the reporting period, or
- 4 Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

ii **A liability is current when it is:**

- 1 Expected to be settled in normal operating cycle
- 2 Held primarily for the purpose of trading
- 3 Due to be settled within twelve months after the reporting period, or
- 4 There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are treated as non - current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

f **Other Significant Accounting Policies:**I **Property, Plant and Equipments:**

- i. The Company has measured all of its Property, Plant and Equipments historical cost at the date of transition to Ind - AS. The Company has elected these value as deemed cost at the transition date.
- ii. Property, Plant and Equipments are stated at cost net of cenvat / value added tax less accumulated depreciation and impairment loss, if any. All costs, including finance costs incurred up to the date the asset is ready for its intended use are capitalised as part of total cost of assets.
- iii. Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work - in - Progress.

II **Depreciation:**

- i. Depreciation is provided, under the Straight Line Method, pro rata to the period of use, based on useful life specified in Schedule II to the Companies Act, 2013.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

- ii. In respect of additions/extensions forming an integral part of existing assets, depreciation has been provided over residual life of the respective assets. Significant additions which are required to be replaced/performed at regular interval are depreciated over the useful life of their specific life.
- iii. Depreciation methods, useful life and residual values are reviewed at each reporting date and adjusted if appropriate.

III Borrowing Costs:

Borrowing costs that are directly attributable to acquisition, construction or production of a qualifying asset (net of income earned on temporary deployment of funds) are capitalised as a part of the cost of such assets. Borrowing cost consists of interest, other cost incurred in connection with borrowings of fund and exchange differences to the extent regarded as an adjustment to the borrowing cost. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the Statement of Profit and Loss.

IV Intangible Assets:

Intangible Assets having finite life are stated at cost of acquisition less accumulated amortization and accumulated impairment, if any. Amortization is done over their estimated useful life on straight line basis from the date that they are available for intended use, subjected to impairment test. Software, which is not an integral part of the related hardware is classified as an intangible asset and is amortized over the useful life of 5 years.

V Fair Value Measurement:

Fair value is the price that would be received to sell an assets or settle a liability in an ordinary transaction between market participants at the measurement date. The fair value of an assets or liability is measured using the assumptions that market participants would use when pricing the assets or liability, acting in their best economic interest. The fair value of plant and equipments as at transition date to Ind- AS have been taken based on valuation performed by an independent technical expert. The Company used valuation techniques which were appropriate in circumstances and for which sufficient data were available considering the expected loss/profit in case of financial assets or liabilities.

VI Revenue Recognition:

- i Revenue from operation include income from sale of goods, services and service tax/Goods and Service Tax and is net of value added tax and sales tax recovered.
- iii. Interest income is recognised on a time proportion basis. Dividend is considered when the right to receive is established. Insurance and other claims are recognised as revenue on certainty of receipt on prudent basis.

VII Foreign Currency Transactions:

- i. Revenue Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing on the date of the transaction.
- ii. Monetary items denominated in foreign currencies at the year end are re measured at the exchange rate prevailing on the balance sheet date.
- iii. Non monetary foreign currency items are carried at cost.
- iv. Any income or expense on account of exchange difference either on settlement or on restatement is recognised in the Statement of Profit and Loss.

VIII Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

i Classification

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

ii Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

iii Financial Assets measured at amortised cost:

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the Statement of Profit or Loss. This category generally applies to trade and other receivables.

iv Financial Assets measured at fair value through other comprehensive income (FVTOCI):

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income.

v Financial Assets measured at fair value through profit or loss (FVTPL):

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognised in profit or loss.

vi Investment in Subsidiary and Associates:

The Company has measured all of its Investment in equity instruments of Subsidiaries, Associates and Joint Ventures at fair value at the date of transition to Ind - AS. The Company has elected these value as deemed cost at the transition date. Subsequently, these Investment in equity instruments of Subsidiaries, Associates and Joint Ventures are measured at deemed cost. Provision for Impairment loss on such investment is made only when there is a diminution in value of the investment which is other than temporary.

vii Investment in Equity Instruments:

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI. Fair value changes on the instrument, excluding dividends, are recognized in the Other Comprehensive Income. There is no recycling of the amounts from other comprehensive income to profit or loss

viii Investment in Debt Instruments:

A debt instrument is measured at amortised cost or at FVTPL. Any debt instrument, which does not meet the criteria for categorization as at amortised cost or as FVOCI, is classified as at FVTPL. Debt instruments included with in the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

ix Derecognition of Financial Assets

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

x Impairment of Financial Assets

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the financial assets which are not valued through Profit and Loss.

Financial Liabilities**i Classification**

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

ii Initial recognition and measurement

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

iii Subsequent measurement

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

iv Loans and Borrowings

Interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

v Derecognition of Financial Liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

vi Derivative Financial Instrument and Hedge Accounting

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

IX Leases:

i Lease payments

Payments made under operating leases are recognised in Statement of Profit and Loss. Lease incentives received are recognised as an integral part of the total lease expense, over the term of the lease. Minimum lease payments made under finance leases are apportioned between the finance expense and the reduction of the outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

ii Lease assets

Assets held by the Company under leases that transfer to the Company substantially all of the risks and rewards of ownership are classified as finance leases. The leased assets are measured initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the assets are accounted for in accordance with the accounting policy applicable to that asset.

Assets held under other leases are classified as operating leases and are not recognised in the Company's statement of financial position.

X Employee Benefits:

i Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii. Defined benefit plans

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in OCI. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in Statement of Profit and Loss.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

iii. Other long-term employee benefits

The Company's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Remeasurement is recognised in Statement of Profit and Loss in the period in which they arise.

XI Provision for Current and Deferred Tax:

Income tax expense comprises current and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

i. Current tax

Current tax comprises of the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of the previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- 1-Jan-00 has legally enforceable right to set off the recognised amounts and;
- 2-Jan-00 intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously

ii. Deferred Tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rate and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses and credits can be utilised. Deferred tax relating to items recognised in other comprehensive income and directly in equity is recognised in correlation to the underlying transaction.

Deferred tax assets and liabilities are offset only if:

- 1 entity has legally enforceable right to set off current tax assets against current tax liabilities ; and
- 2 deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

XII Impairment of Assets:

At each balance sheet date, the Company assesses whether there is any indication that any property, plant and equipment and intangible assets with finite lives may be impaired. If any such impairment exists the recoverable amount of an asset is estimated to determine the extent of impairment, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

XIII Provision, Contingent Liabilities and Contingent Assets:

A provision is recognized if as a result of a past event the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Contingent Liabilities are not recognised but are disclosed in the notes. Contingent Assets are not recognised but disclosed in the Financial Statements when economic inflow is probable.

XIV Earnings per share

- i Basic earnings per share: Basic earnings per share is calculated by dividing:
 - 1 the profit attributable to owners of the Company
 - 2 by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.
- ii Diluted earnings per share: Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:
 - 1 the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
 - 2 the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

25.1 Employee Benefits**a Defined Benefit Plan- Gratuity**

The Company has a defined benefit for gratuity. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The Company provides for the liability in its books of accounts based on the actuarial valuation. The following tables summarize the components of net benefit expense recognized in the statement of profit and loss and the funded status and amounts recognized in the balance sheet for the respective plans. The present value of the obligation is determined based on actuarial valuation using Projected Units Credit Method, which recognizes each period of service as giving rise to additional units of employees benefit entitlement and measures each unit separately to buildup the final obligation.

iv) Assumptions used to determine the defined benefit obligations

Particulars	2019-20	2018-19
Mortality Table (LIC)	Indian Assured lives Mortality (2006-08)	Indian Assured lives Mortality (2006-08)
Discount Rate (p.a.)	6.65%	7.60%
Retirement age	60 Years	60 Years
Expected Rate of increase in Salary (p.a.)	7.00%	7.00%

The estimates of rate of increase in salary are considered in actuarial valuation, taking into account, inflation, seniority, promotion, attrition and other relevant factors including supply and demand in the employment market. The above information is certified by Actuary.

v) Sensitivity Analysis:

Particulars	Changes in assumptions		Effect on Gratuity Obligation Increase/(Decrease)	
	2019-20	2018-19	2019-20	2018-19
Discount Rate	0.50%	0.50%	6.51	5.32
Salary Growth Rate	0.50%	0.50%	6.18	5.78

The above sensitivity analysis is based on an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. In presenting the above sensitivity analysis, the present value of defined obligation has been calculated using the projected unit credit method at the end of reporting period, which is the same as that applied in calculating the defined obligation liability recognized in the Balance Sheet.

vi) Risk Exposure :

- Investment Risk: The Present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of reporting period on government bonds
- Interest Risk: A decrease in the bond interest rate will increase the plan liability: however, this will be partially offset by an increase in the return on the plan debt investment.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

(Rs. in Lakhs)

- 3 Liquidity Risk: The present value of the defined plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability
- 4 Salary Risk: The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.
- vii) Details of Asset-Liability Matching Strategy :- Gratuity benefits liabilities of the company are unfunded. There are no minimum funding requirements for a Gratuity benefits plan in India and there is no compulsion on the part of the Company to fully or partially pre-fund the liabilities under the Plan.
- viii) The expected payments towards to the gratuity in future years :

Particulars	2019-20	2018-19
with in one year	50.32	50.20
1-5 years	29.61	25.11
More than 5 years	6.59	5.59

The average duration of the defined benefit plan obligation as at March 31, 2020 is 8.66 years (March 31, 2019: 9.06years)

28.2 The Company has filed a suit in the Commercial court Ahmedabad against the lenders of RNEL for illegally/unlawfully enforcing/invoking the securities furnished by the Company including the Corporate Guarantee. These securities were created in favour of the lenders of RNEL when the Company was promoter of RNEL. The Company is ceased to be the promoter of RNEL and its Subsidiaries since January 2016. As the matter is sub-judice, no accounting effect has been given in the Financial Statements for Corporate Guarantees invoked of Rs. 12,87,028.00 Lacs. The RNEL Lenders have also filed recovery proceedings against the Company on account of corporate guarantee in DRT and the same is also challenged by the Company. The Company has filed claim against the Promoters of RNEL under the Arbitration Proceedings for the said invocation.

Note 29

Fair Value Measurements

The fair value of the financial assets and liabilities are included at the amount that would be received on sale of asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribe under the accounting standard. An explanation of each level follows underneath the table.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price and financial instruments like Mutual Funds for which NAV is published by the Mutual Fund Operator. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period and Mutual Fund are valued using the Closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value and instruments are observable, the instrument is included in level 2. Instruments in the level 2 category for the company include forward exchange contract derivatives

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in this level. Instruments in level 3 category for the Company include unquoted equity shares and FCCDs, unquoted units of mutual funds and unquoted units of venture capital funds.

The carrying amount of Financial Assets carried at amortised cost is reasonably approximate to its fair value.

Financial Liabilities

The Liability in case of Redeemable Non Convertible Bonds and Long Term Inter Corporate Deposit from related parties are initially recognised on fair value and the difference between fair value and transaction price is considered as Other Income. Subsequently the liability is measured at amortised cost using the effective interest rate. The impact on this account has been recognised as other income on the transaction date and subsequent impact are recognised as finance cost in the Statement of Profit and Loss.

The carrying amount of all other Financial Liabilities is reasonably approximate to its fair value. The fair values disclosed above are based on discounted cash flows using current borrowing rate. These are classified at level 2 fair values in the fair value hierarchy due to the use of observable inputs.

During the years mentioned above, there have been no transfers amongst the levels of the hierarchy.

b) Valuation process

The Company evaluates the fair value of the financial assets and financial liabilities on periodic basis using the best and most relevant data available. Also the Company internally evaluates the valuation process periodically

Financial Risk Management Objective and Policies

The Company's principal financial liabilities comprise loans & borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and projects under implementation. The Company's principal financial assets include Investment, loans and advances, trade and other receivables and cash and bank balances that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors, reviews and agrees policies for managing each of these risks, which are summarised below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial assets will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial Assets affected by market risk include loans and borrowings, deposits and derivative financial instruments.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

I Interest rate exposure profile appended in the table below

Borrowings	March 31, 2020	MARCH 31, 2019
Floating Rate Loans	40,960.09	40,960.09
Fixed Rate Loans	1,24,414.40	1,14,540.45
Total	1,65,374.49	1,55,500.54

II Interest Risk Sensitivity

With all other variable held constant the following table reflects the impact of borrowing cost on floating rate portion of total Debt

Risk Exposure	As at March 31, 2020		As at March 31, 2019	
Effect on profit/ (loss) before tax due to following change in interest rates	20 basis Points Increase	20 basis Points Decrease	20 basis Points Increase	20 basis Points Decrease
On Floating Rate Loans	81.92	81.92	81.92	81.92

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure in Foreign Currency is not material

Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables and advances to suppliers) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. An impairment analysis is performed at each reporting date on an individual basis for major clients.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved authorities. Credit limits of all authorities are reviewed by the Management on regular basis.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

Note 36

The Company along with other past promoters of RNEL have filed Claim of approximately over Rs. 10,500 crore against Reliance Group viz. Reliance Defence Systems Pvt. Ltd. ("RDSPL") and Reliance Infrastructure Limited ("R-Infra") the current promoters of RNEL on account of invocation of shares, invocation of Guarantees etc. in accordance with the terms and conditions of the Share Purchase Agreement dated 4th March 2015.

The Current promoters of Reliance Naval and Engineering Limited ("RNEL") viz. Reliance Defence Systems Private Limited and Reliance Infrastructure Limited have filed a Arbitration case with Singapore International Arbitration Centre ("SIAC") on 07/03/2018 and a claim of Rs. 5440.38 crores is raised on the Company and all the other past promoters of RNEL including Mr. Nikhil Gandhi and Mr. Bhavesh Gandhi, . The said claim has been raised towards breach of the terms and conditions of the Share Purchase Agreement dated 4th March, 2015. The Company has denied any breach of the said terms and conditions of the Purchase Agreement and has decided to effectively defend itself during the process of Arbitration. On account of non-payment of fees by RDSPL and R-Infra, the Arbitration forum has removed the application of RDSPL and R-Infra against the Company and others.

Note 37

Considering the current business scenario globally, on-going litigations, liquidity tightness in the market, project status and also the impact of COVID-19, the Company has undertaken Provision for Impairment of its Assets including investment/receivables on a conservative basis which includes Impairment on Investments in Subsidiaries and Associates, Advances to Parties and Associates, Deposits aggregating to Rs. 124,202.99 Lakhs.

CONSOLIDATED AUDITOR'S REPORT

To the Members of SKIL Infrastructure Limited Report on Consolidated Ind AS Financial Statements

Qualified Opinion

We have audited the consolidated Ind AS financial statements of SKIL Infrastructure Limited ("the Company") and its subsidiaries (the company and subsidiaries together referred to as "the Group") which comprise the consolidated balance sheet as at 31 March 2020, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the **Basis for Qualified Opinion** section of our report, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under the Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2020, the consolidated loss and consolidated comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

- a. Attention is drawn towards the Note No. 15.1. ix of the consolidated financial statements in case of Reliance Commercial Finance Ltd. & Reliance Infrastructure Ltd., and based on that the Company, during the year ended 31st March, 2020 has not accounted interest of Rs. 8266.89 Lakhs on the loan taken from Reliance Commercial Finance Ltd. and Reliance Infrastructure. Had this been accounted, the Loss for the year and the Liabilities would have increased to the extent of the amount specified above.
- b. Attention is drawn towards the Note No.15.1.v of the consolidated financial statements in case of IL&FS Financial Services Ltd., and based on that the Company, during the year ended 31st March, 2020 has not accounted interest of Rs. 10130.00 Lakhs on the loan taken from IL&FS Financial Services Ltd. Had this been accounted, the Loss for the year and the Liabilities would have increased to the extent of the amount specified above.
- c. Attention is drawn towards the Note No. 15.1.x of the consolidated financial statements, and based on that, the Company, during the year ended 31st March, 2020 has not accounted for an interest of Rs.286.62 lakhs on 14% Non-convertible debentures issued to E Cap Equities Limited. Had this been accounted, the Loss for the year and the Liabilities would have increased to the extent of the amount specified above.
- d. During the year, the Company has not accounted interest of Rs. 744.53 lakhs on Current Borrowings of Rs. 3700.00 lakhs. Had this been accounted, the Loss and the Liabilities would have increased to the extent of the amount specified above.
- e. Current Maturities of Long Term Debt include a loan amounting to Rs. 78.42 lakhs on which interest amounting to Rs. 16.91 lakhs has not been accounted during the year. Had this been accounted, the Loss and the Liabilities would have increased to the extent of the amount specified above.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143 (10) of the Act. Our responsibilities under those SAs are further described in the Auditors' Responsibilities for the Audit of the consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw your attention to Note No. 39 of the consolidated financial statement, as regards to the impairments identified and accounted during the year and management's assessment of the financial impact due to restrictions and conditions related to COVID-19 pandemic situation. Our opinion is not modified in respect of these matters.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

i. Evaluation of Contingent Liabilities

(Refer note 30 – “Contingent Liabilities”) There are a number of material regulatory and tax cases against the Company. Significant judgement is required in estimating / reassessing the level of provisioning and/or disclosures. The management’s assessment is supported by advice from independent legal/ tax consultants obtained by them. We considered this as a Key Audit Matter as the eventual outcome of litigations is uncertain and the positions taken by the Management are based on the application of significant judgement and estimation. Any unexpected adverse outcomes could significantly impact the Company’s results and financial position.

Auditors Response

Our procedures included, discussing with the management and tax and regulatory department heads to understand significant matters under litigation; Reading external legal opinions obtained by management, where available; Assessing management’s conclusions;

For Direct and Indirect tax litigations, involving internal tax experts to understand the current status of tax cases and monitoring changes in the disputes by reading details received by the Company; Performing detailed procedures on the underlying calculations supporting the provisions recorded and ensuring adequacy of disclosures made.

Based on the above procedures performed, we have not identified any significant exceptions relating to disclosure of contingent liabilities and accounting for provisions for litigations.

Other Matters

We did not audit the financial of Four subsidiaries whose financial statement reflect total assets (net) of Rs. (107,293.51) Lakhs as at 31st March, 2020, total revenues of Rs.1.08 Lakhs and net cash outflows amounting to Rs. 196.41 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, jointly controlled entities and associates, and our report in term of sub-section (3) and (11) of section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, jointly controlled entities and associates, is based solely on the reports of the other auditors.

We did not audit the financial statement / financial information of one subsidiaries whose financial statements / financial information reflect total assets (net) of Rs. This financial statement / financial information is unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statement ,in so far as it related to the amount and disclosures included in respect of this subsidiary and our report in terms of sub section (3) and (11) of section 143 of the act in so far it relates to the aforesaid subsidiary is based solely on such unaudited financial statement/ Financial information. In our opinion and according to the information and explanations given to us by the management this financial statement/financial information are non material to the Group.

We did not audit the financial statements of one jointly controlled entity (Joint Venture), whose financial statements reflect total assets (net) of Rs. 5,006.54 Lakhs as at 31st December, 2019, total revenue of Rs. 3257.32 Lakhs and net cash outflows amounting of Rs. 1014.04 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements / financial information have been audited by the other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Results included in the statements, in so far as it relates to the amount and disclosure included in respect of this Joint Venture, is based solely on the report of the other auditors. This Jointly Controlled entity is having financial year ending as on 31st December of every year, since it is impracticable to get the financial data as on 31st March, 2020, as such we have considered the financial data of this entity as on 31st December, 2019.

Due to unavailability of financials statements of two associate companies, share of profit/ (loss) is not included in this consolidated financial statement.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Information Other than the Consolidated Financial Statements and Auditor’s Report Thereon

The Company’s Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company’s annual report, but does not include the consolidated financial statements and our auditors’ report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated, if based on the work we performed, we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those charged with Governance for the Consolidated Financial Statements

The company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including Other Comprehensive Income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiaries companies incorporated in India has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

Annexure - A to the Independent Auditors' Report of even date on the Consolidated financial statements Skill Infrastructure Limited.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Skill Infrastructure Limited** ("the Company") and its subsidiary companies, which are companies incorporated in India, as of March 31, 2020 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company and its subsidiary companies are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and explanation provided to us, the Company and its subsidiary companies, which are companies incorporated in India, has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020 based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 5 subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the other auditors of such companies incorporated in India.

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

Note - 1

General Information

SKIL Infrastructure Limited is a company limited by shares, incorporated and domiciled in India. The registered office of the company is located at SKIL House, 209 Bank Street Cross Lane, Fort , Mumbai 400023). The Company is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company is Infrastructure Company developing projects through various Special Purpose Vehicles (SPVs) in several high growth sectors

These Consolidated Financial statements of the Company for the year ended March 31, 2020 were authorised for issue by board of directors on July 09, 2020. Pursuant to the provisions of the section 130 of the Act, the Central Government, Income Tax Authorities, Securities and Exchange Board of India, other statutory regulatory body and under section 131 of the Act, the board of directors of the Company have power to amend/re-open the Financial statements approved by the board/adopted by the members of the Company.

Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a Basis of Preparation of Consolidated Financial Statements:

The Consolidated Financial Statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] on accrual basis and other relevant provisions of the Act. Financial Statements have been prepared in accordance with the requirements of the information and disclosures mandated by Schedule III, applicable Ind AS, other applicable pronouncements and regulations. These Financial Statements are the Company's first Ind AS Financial Statements and as covered by Ind AS 101, 'First-time adoption of Indian Accounting Standard'. For all periods up to and including the year ended March 31, 2015, the Company has prepared its Financial Statements in accordance with Indian GAAP, including accounting standards (AS) notified under the Companies (Accounting Standards) Rules, 2006 (as amended), which is considered as "Previous GAAP". An explanation of how the transition to Ind-AS has affected the Company's equity and its net profits/losses is provided in note no 40.

b Basis of Measurement

The financial statements have been prepared on a historical cost basis, except for the following:

- i Certain financial assets and liabilities that are measured at fair value;
- ii Defined benefit plans - plan assets measured at fair value; and
- iii Assets held for sale – measured at fair value less cost to sell;

c Principles of Consolidation:

The consolidated financial statements relate to the SKIL Infrastructure Limited ('the Company') and its subsidiary companies & associate company. The consolidated financial statements have been prepared on the following basis:

- i. The consolidated financial statements of the Company and its subsidiaries are combined on a line-by-line basis by adding together the book values of the like items of assets, liabilities, income and expenses, after fully eliminating intra - group balances and intra - group transactions in accordance with Ind - AS 110 "Consolidated Financial Statements".
- ii. Subsidiaries are the entities controlled by the Company. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the Consolidated Financial Statements from the date on which control commences until the date on which control ceases.
- iii. In case of a foreign subsidiary, being non integral operations, revenue items are consolidated at the average rate prevailing during the year. All the assets and liabilities are converted at the rates prevailing at the end of the year. The resultant translation exchange differences have been transferred to foreign currency translation reserves through other comprehensive income.

iv. Non-controlling interests (NCI):

NCI are measured at their proportionate share of the acquiree's identifiable net assets at the date of acquisition.

v. Transactions eliminated on consolidation:

Intra - group balances and transactions and any unrealised income and expenses arising from intra-group transactions, net of deferred taxes, are eliminated.

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

- vi. As far as possible, the Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements.
- vii. The difference between the cost of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries are recognized in the Consolidated Financial Statements as Goodwill, which is not being amortised but tested for impairment periodically.
- viii. Investments in Associate Company have been accounted under the equity method as per Ind - AS 28 "Investments in Associates and Joint Ventures".
- ix. The differences between the cost of investment in the associate and the share of net assets at the time of acquisition of shares in associate are identified in the Consolidated Financial Statements as Goodwill or Capital Reserve as the case may be.

d Functional and Presentation Currency:

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR), which is the functional currency for the Company.

e Use of Estimates:

The preparation of Financial Statements in accordance with Ind - AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the Balance Sheet and Statement of Profit and Loss. The actual amounts realised may differ from these estimates. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognised in the period in which the results are known / materialised and if material, their effects are disclosed in the notes to the Financial Statements.

Estimates and assumptions are required in particular for:

- i. Determination of the estimated useful life of tangible assets and the assessment as to which components of the cost may be capitalized. Useful life of tangible assets is based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful life is different from that prescribed in Schedule II, it is based on technical advice, taking into account the nature of the asset, estimated usage and operating conditions of the asset, past history of replacement and maintenance support. Assumptions also need to be made, when the Company assesses, whether an asset may be capitalised and which components of the cost of the asset may be capitalised.
- ii. **Recognition and measurement of defined benefit obligations**

The obligation arising from the defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined with reference to market yields at the end of the reporting period on the government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.
- iii. **Recognition of deferred tax assets**

Deferred tax asset is recognised for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. The management assumes that taxable profits will be available while recognising deferred tax assets.
- iv. **Recognition and measurement of other provisions**

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may, therefore, vary from the figure included in other provisions.
- v. **Discounting of long-term financial liabilities**

All financial liabilities are required to be measured at fair value on initial recognition. In case of financial liabilities, which are required to be subsequently measured at amortised cost, interest is accrued using the effective interest method.

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

vi. Determining whether an arrangement contains a lease

At the inception of an arrangement, the Company determines whether the arrangement is or contains a lease. At the inception or on reassessment of an arrangement that contains a lease, the Company separates payments and other consideration required by the arrangement into those for the lease and those for the other elements on the basis of their relative fair values. If the Company concludes for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset; subsequently, the liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the Company's incremental borrowing rate. In case of operating lease, the Company treats all payments under the arrangement as lease payments.

vii. Fair value of financial instruments

Derivatives are carried at fair value. Derivatives include Foreign Currency Forward Contracts and Interest Rate Swaps. Fair value of Foreign Currency Forward Contracts is determined using the rates published by Reserve Bank of India (RBI). Fair value of Interest Rate Swaps is determined with respect to current market rate of interest.

f Standards Issued But Not Yet Effective:

On March 28, 2018, the Ministry of Corporate Affairs (MCA) has notified Ind AS 115 - Revenue from Contract with Customers and certain amendment to existing Ind AS. These amendments shall be applicable to the Company from April 01, 2018.

i Issue of Ind AS 115 - Revenue from Contracts with customers

Ind AS 115 will supersede the current revenue recognition guidance including Ind AS 18 Revenue, Ind AS 11 Construction Contracts and the related interpretations. The core principles of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

ii Amendment to Existing issued Ind AS

The MCA has also notified certain amendments to the following Accounting Standards:

- 1 Ind AS 21 - The Effects of Changes in Foreign Exchange Rates
- 2 Ind AS 12 - Income Taxes

Applications of the above standards are not expected to have any significant impact on the Company's financial statements."

g Current Versus Non Current Classification:

i. The assets and liabilities in the Balance Sheet are based on current/ non - current classification. An asset is current when it is:

- 1 Expected to be realised or intended to be sold or consumed in normal operating cycle
- 2 Held primarily for the purpose of trading
- 3 Expected to be realised within twelve months after the reporting period, or
- 4 Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

ii A liability is current when it is:

- 1 Expected to be settled in normal operating cycle
- 2 Held primarily for the purpose of trading
- 3 Due to be settled within twelve months after the reporting period, or
- 4 There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are treated as non - current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020
h Other Significant Accounting Policies:**I Property, Plant and Equipments:**

- i. The Company has measured all of its Property, Plant and Equipments historical cost at the date of transition to Ind - AS. The Company has elected these value as deemed cost at the transition date.
- ii. Property, Plant and Equipments are stated at cost net of cenvat / value added tax less accumulated depreciation and impairment loss, if any. All costs, including finance costs incurred up to the date the asset is ready for its intended use are capitalised as part of total cost of assets.
- iii. Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work - in - Progress.

II Depreciation:

- i. Depreciation is provided, under the Straight Line Method, pro rata to the period of use, based on useful life specified in Schedule II to the Companies Act, 2013.
- ii. In respect of additions/extensions forming an integral part of existing assets, depreciation has been provided over residual life of the respective assets. Significant additions which are required to be replaced/performed at regular interval are depreciated over the useful life of their specific life.
- iii. Depreciation methods, useful life and residual values are reviewed at each reporting date and adjusted if appropriate.

III Borrowing Costs:

Borrowing costs that are directly attributable to acquisition, construction or production of a qualifying asset (net of income earned on temporary deployment of funds) are capitalised as a part of the cost of such assets. Borrowing cost consists of interest, other cost incurred in connection with borrowings of fund and exchange differences to the extent regarded as an adjustment to the borrowing cost. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the Statement of Profit and Loss.

IV Intangible Assets:

Intangible Assets having finite life are stated at cost of acquisition less accumulated amortization and accumulated impairment, if any. Amortization is done over their estimated useful life on straight line basis from the date that they are available for intended use, subjected to impairment test. Software, which is not an integral part of the related hardware is classified as an intangible asset and is amortized over the useful life of 5 years.

V Fair Value Measurement:

Fair value is the price that would be received to sell an assets or settle a liability in an ordinary transaction between market participants at the measurement date. The fair value of an assets or liability is measured using the assumptions that market participants would use when pricing the assets or liability, acting in their best economic interest. The fair value of plant and equipments as at transition date to Ind- AS have been taken based on valuation performed by an independent technical expert. The Company used valuation techniques which were appropriate in circumstances and for which sufficient data were available considering the expected loss/profit in case of financial assets or liabilities.

VI Revenue Recognition:

- i. Revenue from operation include income from sale of goods, services and service tax/Goods and Service Tax and is net of value added tax and sales tax recovered.
- iii. Interest income is recognised on a time proportion basis. Dividend is considered when the right to receive is established. Insurance and other claims are recognised as revenue on certainty of receipt on prudent basis.

VII Foreign Currency Transactions:

- i. Revenue Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing on the date of the transaction.
- ii. Monetary items denominated in foreign currencies at the year end are re measured at the exchange rate prevailing on the balance sheet date.
- iii. Non monetary foreign currency items are carried at cost.
- iv. Any income or expense on account of exchange difference either on settlement or on restatement is recognised in the Statement of Profit and Loss.

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

VIII Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

i Classification

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

ii Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

iii Financial Assets measured at amortised cost:

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the Statement of Profit or Loss. This category generally applies to trade and other receivables.

iv Financial Assets measured at fair value through other comprehensive income (FVTOCI):

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income.

v Financial Assets measured at fair value through profit or loss (FVTPL):

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognised in profit or loss.

vi Investment in Subsidiary and Associates:

The Company has measured all of its Investment in equity instruments of Subsidiaries, Associates and Joint Ventures at fair value at the date of transition to Ind - AS. The Company has elected these value as deemed cost at the transition date. Subsequently, these Investment in equity instruments of Subsidiaries, Associates and Joint Ventures are measured at deemed cost. Provision for Impairment loss on such investment is made only when there is a diminution in value of the investment which is other than temporary.

vii Investment in Equity Instruments:

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI. Fair value changes on the instrument, excluding dividends, are recognized in the Other Comprehensive Income. There is no recycling of the amounts from other comprehensive income to profit or loss

viii Investment in Debt Instruments:

A debt instrument is measured at amortised cost or at FVTPL. Any debt instrument, which does not meet the criteria for categorization as at amortised cost or as FVOCI, is classified as at FVTPL. Debt instruments included with in the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

ix Derecognition of Financial Assets

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

x Impairment of Financial Assets

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the financial assets which are not valued through Profit and Loss.

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

Financial Liabilities**i Classification**

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

ii Initial recognition and measurement

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

iii Subsequent measurement

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

iv Loans and Borrowings

Interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

v Derecognition of Financial Liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

vi Derivative Financial Instrument and Hedge Accounting

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

IX Leases:**i Lease payments**

Payments made under operating leases are recognised in Statement of Profit and Loss. Lease incentives received are recognised as an integral part of the total lease expense, over the term of the lease. Minimum lease payments made under finance leases are apportioned between the finance expense and the reduction of the outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

ii Lease assets

Assets held by the Company under leases that transfer to the Company substantially all of the risks and rewards of ownership are classified as finance leases. The leased assets are measured initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the assets are accounted for in accordance with the accounting policy applicable to that asset.

Assets held under other leases are classified as operating leases and are not recognised in the Company's statement of financial position.

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

X Employee Benefits:

i Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii. Defined benefit plans

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in OCI. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in Statement of Profit and Loss.

iii. Other long-term employee benefits

The Company's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Remeasurement is recognised in Statement of Profit and Loss in the period in which they arise.

XI Provision for Current and Deferred Tax:

Income tax expense comprises current and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

i. Current tax

Current tax comprises of the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of the previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- 1 has a legally enforceable right to set off the recognised amounts; and
- 2 intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

ii. Deferred Tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rate and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses and credits can be utilised. Deferred tax relating to items recognised in other comprehensive income and directly in equity is recognised in correlation to the underlying transaction.

Deferred tax assets and liabilities are offset only if:

- 1 entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- 2 deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

(Rs. in Lakhs)

XII Impairment of Assets:

At each balance sheet date, the Company assesses whether there is any indication that any property, plant and equipment and intangible assets with finite lives may be impaired. If any such impairment exists the recoverable amount of an asset is estimated to determine the extent of impairment, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

XIII Provision, Contingent Liabilities and Contingent Assets:

A provision is recognized if as a result of a past event the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Contingent Liabilities are not recognised but are disclosed in the notes. Contingent Assets are not recognised but disclosed in the Financial Statements when economic inflow is probable.

XIV Earnings per share

- i Basic earnings per share: Basic earnings per share is calculated by dividing:
 - 1 the profit attributable to owners of the Company
 - 2 by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.
- ii Diluted earnings per share: Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:
 - 1 the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
 - 2 the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

26.1 Employee Benefits

a Defined Benefit Plan- Gratuity

The Company has a defined benefit for gratuity. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The Company provides for the liability in its books of accounts based on the actuarial valuation. The following tables summarize the components of net benefit expense recognized in the statement of profit and loss and the funded status and amounts recognized in the balance sheet for the respective plans. The present value of the obligation is determined based on actuarial valuation using Projected Units Credit Method, which recognizes each period of service as giving rise to additional units of employees benefit entitlement and measures each unit separately to buildup the final obligation.

i) Reconciliation of opening and closing balances of the present value of the defined gratuity benefit obligation.

Particulars	2019-20	2018-19

iv) Assumptions used to determine the defined benefit obligations

Particulars	2019-20	2018-19
Mortality Table (LIC)	Indian Assured lives Mortality (2006-08)	Indian Assured lives Mortality (2006-08)
Discount Rate (p.a.)	6.65%	7.60%
Retirement age	60 Years	60 Years
Expected Rate of increase in Salary (p.a.)	7.00%	7.00%

The estimates of rate of increase in salary are considered in actuarial valuation, taking into account, inflation, seniority, promotion, attrition and other relevant factors including supply and demand in the employment market. The above information is certified by Actuary.

v) Sensitivity Analysis:

Particulars	Changes in assumptions		Effect on Gratuity Obligation Increase/(Decrease)	
	2019-20	2018-19	2019-20	2018-19
Discount Rate	0.50%	0.50%	6.51	5.32
Salary Growth Rate	0.50%	0.50%	6.18	5.78

The above sensitivity analysis is based on an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. In presenting the above sensitivity analysis, the present value of defined obligation has been calculated using the projected unit credit method at the end of reporting period, which is the same as that applied in calculating the defined obligation liability recognized in the Balance Sheet.

vi) Risk Exposure :

- Investment Risk: The Present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of reporting period on government bonds
- Interest Risk: A decrease in the bond interest rate will increase the plan liability: however, this will be partially offset by an increase in the return on the plan debt investment.
- Liquidity Risk: The present value of the defined plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability
- Salary Risk: The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

vii) Details of Asset-Liability Matching Strategy :- Gratuity benefits liabilities of the company are unfunded. There are no minimum funding requirements for a Gratuity benefits plan in India and there is no compulsion on the part of the Company to fully or partially pre-fund the liabilities under the Plan.

viii) The expected payments towards to the gratuity in future years :

Particulars	2019-20	2018-19
with in one year	50.32	50.20
1-5 years	29.61	25.11
More than 5 years	6.59	5.59

The average duration of the defined benefit plan obligation as at March 31, 2020 is 8.66 years (March 31, 2019: 9.06years)

The Company has filed a suit in the Commercial court Ahmedabad against the lenders of RNEL for illegally/unlawfully enforcing/invoking the securities furnished by the Company including the Corporate Guarantee. These securities were created in favour of the lenders of RNEL when the Company was promoter of RNEL. The Company is ceased to be the promoter of RNEL and its Subsidiaries since January 2016. As the matter is sub-judice, no accounting effect has been given in the Financial Statements for Corporate Guarantees invoked of Rs. 12,87,028.00 Lacs. The RNEL Lenders have also filed recovery proceedings against the Company on account of corporate guarantee in DRT and the same is also challenged by the Company. The Company has filed claim against the Promoters of RNEL under the Arbitration Proceedings for the said invocation.

Note 31

Fair Value Measurements

The fair value of the financial assets and liabilities are included at the amount that would be received on sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribable under the accounting standard. An explanation of each level follows underneath the table.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price and financial instruments like Mutual Funds for which NAV is published by the Mutual Fund Operator. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period and Mutual Fund are valued using the Closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value and instruments are observable, the instrument is included in level 2. Instruments in the level 2 category for the company include forward exchange contract derivatives

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in this level. Instruments in level 3 category for the Company include unquoted equity shares and FCCDs, unquoted units of mutual funds and unquoted units of venture capital funds.

The carrying amount of Financial Assets carried at amortised cost is reasonably approximate to its fair value.

Financial Liabilities

The Liability in case of Redeemable Non Convertible Bonds and Long Term Inter Corporate Deposit from related parties are initially recognised on fair value and the difference between fair value and transaction price is considered as Other Income. Subsequently the liability is measured at amortised cost using the effective interest rate. The impact on this account has been recognised as other income on the transaction date and subsequent impact are recognised as finance cost in the Statement of Profit and Loss.

The carrying amount of all other Financial Liabilities is reasonably approximate to its fair value. The fair values disclosed above are based on discounted cash flows using current borrowing rate. These are classified at level 2 fair values in the fair value hierarchy due to the use of observable inputs.

During the years mentioned above, there have been no transfers amongst the levels of the hierarchy.

b) Valuation process

The Company evaluates the fair value of the financial assets and financial liabilities on periodic basis using the best and most relevant data available. Also the Company internally evaluates the valuation process periodically

Financial Risk Management Objective and Policies

The Company's principal financial liabilities comprise loans & borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and projects under implementation. The Company's principal financial assets include Investment, loans and advances, trade and other receivables and cash and bank balances that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors, reviews and agrees policies for managing each of these risks, which are summarised below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial assets will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial Assets affected by market risk include loans and borrowings, deposits and derivative financial instruments.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

I Interest rate exposure profile appended in the table below

Borrowings	MARCH 31, 2020	MARCH 31, 2019
Floating Rate Loans	1,51,309.84	1,34,081.44
Fixed Rate Loans	90,111.25	1,03,261.36
Total	2,41,421.09	2,37,342.79

II Interest Risk Sensitivity

With all other variable held constant the following table reflects the impact of borrowing cost on floating rate portion of total Debt

Risk Exposure	As at March 31, 2020		As at March 31, 2019	
Effect on profit/ (loss) before tax due to following change in interest rates	20 basis Points Increase	20 basis Points Decrease	20 basis Points Increase	20 basis Points Decrease
On Floating Rate Loans	302.62	302.62	268.16	268.16

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure in Foreign Currency is not material

Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables and advances to suppliers) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. An impairment analysis is performed at each reporting date on an individual basis for major clients.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved authorities. Credit limits of all authorities are reviewed by the Management on regular basis.

Liquidity risk

The Company monitors its risk of a shortage of funds using a liquidity planning tool.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of Bank Overdrafts, Letter of Credit and Working Capital Limits.

Note 33**Capital Management**

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, internal accruals, long term borrowings and short term borrowings. The Company monitors capital using a gearing ratio.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

Note 34**Segment Reporting****Segment information as per Ind AS - 108 on Operating Segment :**

The risk - return profile of the Company's business is determined predominantly by the nature of its products. The Company is engaged in the business of Infrastructure development. Further based on the organisational structure and internal management reporting system, there are no separate reportable segments.

Note 38

The Company along with other past promoters of RNEL have filed Claim of approximately over Rs. 10,500 crore against Reliance Group viz. Reliance Defence Systems Pvt. Ltd. ("RDSPL") and Reliance Infrastructure Limited ("R-Infra") the current promoters of RNEL on account of invocation of shares, invocation of Guarantees etc. in accordance with the terms and conditions of the Share Purchase Agreement dated 4th March 2015.

The Current promoters of Reliance Naval and Engineering Limited ("RNEL") viz. Reliance Defence Systems Private Limited and Reliance Infrastructure Limited have filed a Arbitration case with Singapore International Arbitration Centre ("SIAC") on 07/03/2018 and a claim of Rs. 5440.38 crores is raised on the Company and all the other past promoters of RNEL including Mr. Nikhil Gandhi and Mr. Bhavesh Gandhi, . The said claim has been raised towards breach of the terms and conditions of the Share Purchase Agreement dated 4th March, 2015. The Company has denied any breach of the said terms and conditions of the Purchase Agreement and has decided to effectively defend itself during the process of Arbitration. On account of non-payment of fees by RDSPL and R-Infra, the Arbitration forum has removed the application of RDSPL and R-Infra against the Company and others.

Note 39

Considering the current business scenario globally, on-going litigations, liquidity tightness in the market, project status and also the impact of COVID-19, the Company has undertaken Provision for Impairment of its Assets including investment/receivables on a conservative basis which includes Impairment on Investments in Subsidiaries and Associates, Advances to Parties and Associates, Deposits aggregating to Rs. 138,183.99 Lakhs.
