M. No.: 48053

Place : New Delhi

Dated : August 02, 2022

NOTES:-

1. In view of the ongoing Covid-19 pandemic, the Ministry of Corporate Affairs ('MCA') has vide its General Circular Nos. 14/2020, 17/2020, 20/2020, 02/2021, 21/2021 and 02/2022 dated April 8, 2020, April 13, 2020, May 5, 2020, January 13, 2021, December 14, 2021 and May 05, 2022 respectively (collectively referred to as 'MCA Circulars') and Securities and Exchange Board of India ('SEBI') vide its Circular Nos. SEBI/HO/CFD/ CMD1/CIR/P/2020/79, SEBI/HO/CFD/CMD2/CIR/P/2021/11 and SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated May 12, 2020, January 15, 2021 and May 13, 2022 respectively (collectively referred to as 'SEBI Circulars'), permitted the holding of the AGM through VC/OAVM, without physical presence of the Members at a common venue. In compliance with the provisions of the Companies Act, 2013, the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, the MCA Circulars and the SEBI Circulars, the 48th AGM of the Company is being held through VC/OAVM. The Registered Office of the Company shall be the deemed to be the venue for the AGM.
2. The Explanatory Statement, pursuant to Section 102 of the Companies Act, 2013 ('the Act'), relating to the special business to be transacted at the 48th Annual General Meeting ('AGM'), is annexed.
Information pursuant to the provisions of Regulations 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard-2 (SS-2) on "General Meetings" issued by the Institute of Company Secretaries of India, in respect of Directors seeking re-appointment at this AGM are also annexed to this Notice.
3. Since this AGM is being held pursuant to the MCA Circulars and SEBI Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to the Annual Report.

However, in pursuance of Section 112 and Section 113 of the Act, Corporate Members are entitled to appoint their authorized representatives to attend the AGM through VC/ OAVM on their behalf and to vote through electronic means.

4. Members attending the AGM through VC/OAVM facility shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
5. All the documents referred to in the accompanying Notice and Explanatory Statement, shall be available for inspection through electronic mode, basis the request being sent on csapmindustriestd@gmail.com.
6. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
7. As per the provisions of Section 72 of the Act and SEBI Circular, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a Member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/she may submit the same in Form ISR-3 or SH-14 as the case may be. The said forms can be downloaded from the Company's website <https://www.apmindustries.co.in/investors/updation-of-kyc-details-compulsory-issue-of-shares-in-dematerialized-form/>. Members are requested to submit the said details to their DP in case the shares are held by them in dematerialized form and to Registrar and Share Transfer Agent ('RTA') in case the shares are held in physical form.
8. Since the AGM will be held through VC/OAVM without the physical presence of Members at a common venue, the route map is not required.
9. The Annual Report will be sent to those Members / beneficial owners whose name will appear in the Register of Members / list of Beneficial Owners received from the Depositories as on **August 26, 2022**.
10. All shares and dividend related correspondence may be sent to RTA at the following address:

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

[Schedule V – Regulation 34(3) of SEBI (LODR) Regulations, 2015]

INTRODUCTION

Management Discussion and Analysis mainly comprise of the statements which, inter-alia, involve predictions based on perceptions and may, therefore, be prone to uncertainties. It is the sum total of the Company's expectations, beliefs, estimates and projections which are forward looking within the meaning of applicable laws and regulations. The actual results could differ materially from those expressed herein specifically or impliedly.

a) INDUSTRY STRUCTURE AND DEVELOPMENTS

The textile and apparel Sector is a major contributor to the Indian economy in terms of foreign exchange earnings and employments. India is the third largest textile manufacturing industry and contributes approximately 6% to the total textile production, globally.

The Indian textile industry is set for growth, buoyed by both strong domestic consumption as well as export demand. Rising per capital income and shift in customer preference to branded products is expected to revive the textile industry which has been severely impacted by the Covid – 19 Pandemic, which is now on a recovery stage.

However, with positive sentiments for India, we expect to do well in coming years.

b) OPPORTUNITIES & THREATS

In 2019, the global textile and apparel trade was US\$ 839 bn, which is expected to reach US\$ 1trillion by 2025 growing at a CAGR of 3%. India currently is ranked 6th amongst the Textile and apparel exporting countries of the world. Its market share is significantly lower at 4% as compared to China which contributes about 38% of the total world trade. This indicates there is a significant opportunity for the Indian textile players to catch up and increase their sales in the global markets.

Further, the US ban on certain Chinese Textile products, the extended Chinese lockdowns due to Covid- 19 has opened the markets for smaller players like India to capture the market. The world is looking for an alternative to Chinese products and India is the preferred partner of choice to replace these Chinese products. This opens a plethora of opportunities for the Indian Textile industry to replace the Chinese and gain a strong standing in the world markets.

On the Domestic front, the market is expected to grow at 10% CAGR over 2016 to reach US\$ 190 bn. By 2025-26. Further, with the impact of COVID – 19 waning out, normalcy is returning, and this would only lead to increase in demand. Further, various incentives offered by the government, have provided the much needed impetus to the Textile industry. The Company expects to increase its business with the new customers while sustaining and strengthening the volumes with the existing clientele. With the growing mobile and internet penetration, e- commerce shopping is expected to act as a key enabler in consistent sales volume growth for the industry.

c) SEGMENT-WISE PERFORMANCE

The Company has only one line of business, i.e., manufacturing of synthetic blended yarn during the year under review, hence no segment wise information is required. The Company has no activity outside India. Therefore, there is no geographical segment.

d) OUTLOOK

India is the world's second largest producer of textiles and Garments. It is also the fifth largest exporter of apparels, home & technical products. The textile & apparel industry contributes 2.3% to the GDP of the country, 13% to industrial production and 12% to exports. The size of India's textile market stood at US\$ 223 Billion in 2021, growing at CAGR of 10.23% over 2016. Textile industry has been steadily recovering post Pandemic increased raw material prices and container shortage.

Under union budget 2022-23, the total allocation for the textile sector was Rs. 12,382 Crore. More over Rs. 10683 Crore production-linked incentive scheme is expected to be a major boost for the textile manufacturers. The scheme proposes to incentivise MMF apparels and MMF fabrics.

To take advantage of the opportunities, the Company continues to modernize its plant and machinery and add balancing equipment to improve quality of products.

e) RISKS & CONCERNS

Management Discussion and Analysis mainly comprise the statements which may, inter alia, involve predictions based on perceptions and may, therefore, be prone to risks and uncertainties. It is the sum total of the Company's expectations, beliefs, estimates and projections which may be forward looking or depressing within the meaning of applicable laws and regulations. The actual results could differ materially from those expressed herein specifically or impliedly.

The important factors that could hamper the Company's operations in FY 2022-23 are rise in COVID-19 cases leading to a 4th wave, High inflation and volatile in crude oil prices directly influence pressure on polyester fiber prices almost on daily basis. This cannot be passed on to the customers on a day to day basis. Hence, new element of risk has been introduced in the yarn industry. Also, the non-availability of trained/skilled man power is a matter of concern. The pandemic has also affected India, but the vaccination drive has picked up momentum Pan India and outlook remains positive. The shareholders are cautioned to keep this in view in conjunction with the Company's financial statements.

f) INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Commensurate with the size and nature of business, the Company has adequate system of internal controls, which provides adequate safeguards and effective monitoring of transactions. It is ensured that all assets are safeguarded, protected against loss and all transactions are authorized, recorded, and reported correctly. The Company has a strong internal audit system and an Independent Internal Auditor. The Internal Auditor reports submit to the Chairman and the Audit Committee of the Board. The Company has Audit Committee of the Board, the composition, and functions of which are furnished in the Corporate Governance Report as part of the Annual Report. Personnel of the Internal Auditor conduct periodical audits in all the areas to ensure that the Company's control mechanism is properly followed and all statutory requirements are duly complied with.

g) DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The financial results for FY 2021-22 are not comparable to FY 2020-21 as the previous year was an abnormal year due to the impact of the pandemic Covid-19. The operating performance of the Company has been detailed in the Board's Report under the head "financial results" and "state of Company affairs & operations". The Profit before tax for the financial year 2021-22 was Rs. 2321 Lakhs as against Rs. 680 Lakhs in the year 2020-21. The profit before tax increased by 241% in financial year 2021-22 as compare to financial year 2020-21. Though, the Q1 performance was slightly impacted due to third wave of Covid 19, the overall Company delivered a commendable overall yearly performance.

h) MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

The Company treats its human resources as its most important asset and believes in its contribution to the all round growth of the Company. Your Company's progress is a reflection and outcome of the human resources it has. Your Company has fostered a culture of ownership, accountability and self-evaluation that encourages employees to continuously improve their efficiency. The industrial relations remained cordial throughout the year. As on March 31, 2022 the Company had 2365 employees.

i) OVERVIEW OF THE COMPANY'S PERFORMANCE

During the year 2021-22, the production of synthetic blended yarn was 194 lakh Kgs as compared to 157 lakh kgs in 2020-21, which is ever highest in the history of the Company, and up by 24% than last year. The gross revenue increased from Rs. 23778 lakhs to Rs. 31825 lakhs up by 34%. Net profits increased from Rs. 479 lakhs in 2020-21 to Rs. 1475 lakhs in 2021-22 up by 208 %.

The earnings per share for the year 2021-22 was Rs. 6.83 as compared to the previous year Rs. 2.22. The financial statements of the Company are prepared in accordance with the Indian Accounting Standards (referred to as 'Ind AS') prescribed under section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, as amended from time to time.

j) LONG TERM AND SHORT TERM STRATEGY OF COMPANY**Water Conservation**

The Company has undertaken rain water harvesting for preservation of water and also increasing the water level in and around the Company's manufacturing facilities. The Company constructed 6 mini ponds outside the mill area for the purpose of water harvesting in line with 'JAL Swavlamban Abhiyan' of the Government of Rajasthan.

The Company has also constructed 8 No New water recharge wells in 4 ponds in the year 2020-21 for the purpose of Recharge ground water in two villages of tehsil Tijara (District- Alwar) Rajasthan.

Waste Water Utilization

The Company focused on the prudent utilization of waste water with the objective to put every drop to productive use.

All effluents discharged from the dye house are reused after treatment in the effluent treatment plant (including condensate from the MEE operation). 100% STP treated water is used for various activities including gardening.

We have installed Innovative Plate Heat Exchanger to recover heat from waste water effluent, wherein we have achieved significant saving in steam consumption and thus in fuel and boiler feed water requirement.

We have also upgraded of STP in the year 2021 – 22 to reuse treated water in process

Renewable Energy

We believe that investment in renewal energy moderates carbon footprint, reduces energy costs, enhances power security and provides a long term insurance against an increase in power cost. The Company has invested Rs. 415 lakhs to commission roof top solar energy panels of 1.0 MW in 2017-18 with a payback period of around 5 years. The Company has also invested Rs. 616 Lakhs to commission ground mounted/ rooftop solar energy panels of 1.722 MW in 2019-20 with a payback period of around 4 years.

The proactive investments moderated the Company's carbon foot print and power cost.

These activities towards energy conservation reduced 35.48 Lakhs units energy consumption in the year 2021-22.

k) SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS

During the year, the significant changes in the financial ratios of the Company, which are 25% or more as compared to the previous year are summarized below:-

Financial Ratios	FY 2021-22	FY 2020-21	Change in %	Reason for Change

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF APM INDUSTRIES LIMITED
Report on the Audit of the Financial Statements**

Opinion

We have audited the accompanying financial statements of APM Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and notes to the financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and its profit, total comprehensive income, cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements Section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended March 31, 2022. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report:-

Key audit matter	How the matter was addressed in our audit
<p>Revenue Recognition</p> <p>The revenue from sale is recognized by the Company in its books of account when control of the goods is transferred to the customer at an amount that reflects the net consideration, which the Company expects to receive from the customers for those goods.</p> <p>The Company has a number of customers operating in various geographies and the voluminous sales contracts with these customers have distinct terms and conditions. In determining the sales price, the Company considers the effects of variable considerations like market conditions, credit period, return policy etc., which requires estimation, leading to complexities and application of significant efforts and judgements.</p> <p>Considering these significant judgements, estimates and the risk associated with revenue recognition, the matter has been determined to be a key audit matter.</p> <p>The Company's disclosures are included in Notes 3.4 and 31 to the financial statements, which outline the accounting policy for Revenue Recognition.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> Assessed the design and tested the operating effectiveness of internal controls related to recognition of revenue including variable consideration. Assessed the underlying assumptions and estimates used for determination of variable consideration. Tested sales transactions on a sample basis, by comparing the underlying sales invoices, sales orders and dispatch documents to assess whether revenue has been recognized appropriately. Tested rebates and discount provided to the customers on a sample basis, comparing the same with underlying approvals and terms & conditions of the contracts. Assessed the adequacy of the disclosures made in the financial statements in respect of revenue recognition.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors are responsible for preparation of the other information. The other information comprises the information included in the Board's Report and its annexures, but does not include the financial statements and our auditor's report thereon. The other information is

expected to be made available to us after the date of this Auditor's Report. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance as required under 720 'The Auditor's Responsibilities Relating to Other Information'.

Management's Responsibility for the Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable to the Company, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to the financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are

inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable to the Company, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We draw attention to Note 60 to the financial statements in which the Company describes the uncertainties arising from the Covid-19 pandemic. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable to the Company.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - d) in our opinion, the aforesaid financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, as applicable to the Company;
 - e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act;
 - f) with respect to the adequacy of the internal financial controls with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in Annexure "B" to this report;
 - g) with respect to the other matters to be included in the Auditor's Report under Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 read with Schedule V of the Act.
 - h) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position as at March 31, 2022 in its financial statements – Refer Note 39 to the financial statements.

- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There was no amount outstanding as at March 31, 2022 which was required to be transferred to the Investor Education and Protection Fund by the Company.
- iv. (a) The management of the Company has represented that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from the borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any person or entity including foreign entity ("intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management of the Company has represented that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Party") with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, performed by us on the Company, nothing has come to our notice that has caused us to believe that the representations under sub-Clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The Company has not paid any dividend during the year. As stated in Note 49 to the financial statements, the Board of Directors of the Company have proposed dividend for the year ended March 31, 2022, which is subject to the approval of the members of the Company at the ensuing Annual General meeting. The dividend proposed is in accordance with Section 123 of the Act, to the extent it applies to declaration of dividend by the Company.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date to the members of APM Industries Limited on the Financial Statements for the year ended March 31, 2022)

- (i) (a) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment and relevant details of Right of Use assets. The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us, the Property, Plant and Equipment (including Right of Use assets) have been physically verified by the management during the year pursuant to a regular programme of physical verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets and no material discrepancies were noticed on such verification.

- (c) According to the information and explanations given to us, the immovable properties held by the Company include building constructed by the Company on leasehold land. The lease deed of the land has been mortgaged as security for the borrowings raised by the Company from the banks. As there are no immovable properties (other than the properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) held by the Company, the clause (i)(c) of paragraph 3 of the Order is not applicable to the Company.
- (d) In our opinion and according to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988, as amended and rules made thereunder.
- (ii) (a) As explained to us, the inventories, other than lying with the third parties and goods in transit, have been physically verified by the management during the year at reasonable intervals. In respect of the inventory lying with the third parties, these have substantially been confirmed by the third parties. In respect of goods in transit at the year end, the goods have been reviewed subsequently to the year end. The discrepancies noticed on verification between physical stocks and book records were not material and have been properly dealt with in the books of account.
- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limit in excess of Rs. 5 crore, in aggregate from the banks during the year on the basis of security of current assets. The revised quarterly returns/statements filed by the Company with such banks are in agreement with the books of account of the Company.
- (iii) According to the information and explanations given to us, the Company has not made investments in, provided any guarantee or security nor granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties during the year. Accordingly, the clause (iii) (a), (b) (c), (d), (e) and (f) of paragraph 3 of the Order are not applicable to the Company.
- (iv) In our opinion and according to the information and explanations given to us, the Company has not granted any loan or made any investment or provided any guarantee or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the clause (iv) of paragraph 3 of the Order is not applicable to the Company.
- (v) In our opinion and according to the information and explanations given to us, during the year the Company has not accepted any deposits or amounts which are deemed to be deposits from the public on which the directives issued by the Reserve Bank of India or the provisions of Section 73 to 76 or any other relevant provisions of the Act and the rules made thereunder are applicable.
- (vi) We have broadly reviewed the cost records maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under Section 148(1) of the Act and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) In our opinion and according to the information and explanations given to us and on the basis of the records examined by us:

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date to the members of APM Industries Limited on the Financial Statements for the year ended March 31, 2022)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls Over financial reporting of APM Industries Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance

Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate or for other reasons.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022**1. Company Overview**

APM INDUSTRIES LIMITED (the Company) having its registered office at SP-147, RIICO Industrial Area, Bhiwadi, Dist. Alwar-301019, Rajasthan India, is a Public Limited Company domiciled in India and is incorporated in India under the provisions of Companies Act, 1956. The company is engaged in the business of manufacturing and selling of Man-made Fibre's Spun Yarn and Sewing Thread. The corporate office of the Company is located at 910, Chiranjiv Tower, 43, Nehru Place, New Delhi-110019, India.

2. Basis of Preparation

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

3. Significant Accounting policies**3.1 Statement of Compliance**

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended, the relevant provisions of Companies Act, 2013 and guidelines issued by the Security and Exchange Board of India (SEBI), as applicable.

3.2 Critical Accounting Judgments and Key Sources of Estimation Uncertainty

The preparation of the financial statements in conformity with the Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the year presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Although these estimates are based upon the management's best knowledge of current events, actual results may differ from these estimates under different assumptions and conditions.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgements In the process of applying the Company's accounting policies, management has made the following Judgements, which have the most significant effect on the amounts recognized in the financial statements:

Discount rate used to determine the carrying amount of the Company's defined benefit obligation: The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Contingencies and commitments: In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company. Where the potential liabilities have a low probability of crystallizing or are very difficult to quantify reliably, the company treat them as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, the company do not expect them to have a materially adverse impact on the financial position or profitability.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Income Taxes: The Company's tax jurisdiction is India. Significant Judgements are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions.

Useful lives of Property, Plant and Equipment: As described in Note 3.7, the Company reviews the estimated useful lives and residual values of property, plant and equipment at the end of each reporting period. During the current financial year, the management determined that there are no changes to the useful lives and residual values of the property, plant and equipment.

Allowances for Doubtful Debts: The Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgment and estimates.

Inventory Write Down: The company evaluate nature of inventory, ageing, liquidation and plan of disposal to ascertain written down value and devaluation allowance thereon.

Rebates, Incentives and Discount to Customers: The Company's contracts with customers include promises to transfer goods to the customers. Judgement is required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as schemes, incentives, cash discounts, etc. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period.

Estimates of rebates and discounts are sensitive to changes in circumstances and the Company's past experience regarding returns and rebate entitlements may not be representative of customers' actual returns and rebate entitlements in the future.

3.3 Operating Cycle and Current versus Non-current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification in accordance with Part-I of Division- II of Schedule III of the Companies Act, 2013.

An asset is treated as current when it (a) Expected to be realized or intended to be sold or consumed in normal operating cycle; (b) Held primarily for the purpose of trading; or (c) Expected to be realized within twelve months after the reporting period, or (d) The asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when (a) It is expected to be settled in normal operating cycle; or (b) It is held primarily for the purpose of trading; or (c) It is due to be settled within twelve months after the reporting period, or (d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, results in its settlement by the issue of equity instruments do not affect its classification. The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its normal operating cycle.

3.4 Revenue Recognition

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, rebates, scheme allowances, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Accruals for discounts/incentives and returns are estimated (using the most likely method) based on accumulated experience and underlying schemes and agreements with customers. Due to the short nature of credit period given to customers, there is no financing component in the contract.

Cost to obtain a contract

The Company pays sales commission to its selling agents for contracts that they obtain for the Company. The Company has elected to apply the optional practical expedient for costs to obtain a contract which allows the Company to immediately expense sales commissions (included in selling and distribution expense under other expenses).

Costs to fulfill a contract i.e. freight, insurance and other selling expenses are recognized as an expense in the period in which related revenue is recognised.

Interest Income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Dividend Income

Dividend income from investments is recognized when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

3.5 Segment Reporting

Operating segments are those components of the business whose operating results are regularly reviewed by the Chief Operating Decision making body in the Company to make decisions for performance assessment and resource allocation. Operating Segment are reported in a manner consistent with the internal reporting provided to accounting policies are in line with the internal reporting provided to the Chief Operating Decision maker.

3.6 Foreign Currencies

Functional and presentation Currencies: The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

Transactions and translations: Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign-currency-denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from such translations are included in net profit/(loss) in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

Transaction gain or loss realized upon settlement of foreign currency transaction is included in determining net profit or loss for the period in which the transaction is settled. Revenue, expense and cash flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

3.7 Property, Plant and Equipment

The Company had applied for one time transition exemption of considering their carrying cost on the transition date i.e. April 01, 2016 as the deemed cost under Ind AS, regarded thereafter as historical cost.

Property, plant and equipment (PPE) are initially recognized at cost. The initial cost of PPE comprises its purchase price, including non-refundable duties and taxes net of any trade discounts and rebates. The cost of PPE includes interest on borrowings (borrowing cost) directly attributable to acquisition, construction or production of qualifying assets subsequent to initial recognition, PPE are stated at cost less accumulated depreciation (other than freehold land, which are stated at cost) and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

Depreciation is recognized so as to write off the cost of assets (other than freehold land and capital work in progress) less their residual values over the useful lives, using the straight- line method ("SLM") in the manner prescribed in schedule II to the Act. Management believes based on a technical evaluation (which is based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.) that the useful lives of the assets as considered by the company reflect the periods over which these assets are expected to be used. Such classes of assets and their estimated useful lives are as under:

S. No.	Category of Assets	Useful life
1	Building	30-60 years
2	Plant and Equipment	25 years
3	Electrical Equipment	10 years
4	Power Generation Unit	40 years
5	Furniture and Fixtures	10 years
6	Office Equipment	5 years
7	Vehicles	8-10 years

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, useful life and depreciation method are reviewed at each financial year end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognized in statement of profit and loss. Fully depreciated assets still in use are retained in financial statements.

3.8 Capital Work-in-Progress and Intangible Assets under development

Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and borrowing cost that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use.

3.9 Intangible Assets

Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less accumulated amortization and accumulated impairment losses, if any.

The Company amortizes intangible assets with a finite useful life using the straight-line method over the useful lives determined by the terms of the agreement /contract. The estimated useful life considered for the intangible asset is given below:

S. No.	Category of Assets	Useful life
1	Computer Software	6 years

The estimated useful life is reviewed annually by the management.

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses on derecognition are determined as the difference between sales proceeds and the carrying amount of the asset and is recognized in statement of profit and loss.

3.10 Impairment of Property, Plant and Equipment and Intangible Assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash-generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the Statement of Profit and Loss.

3.11 Income Tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognized in Statement of Profit and Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

Current Tax: Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred Tax: Deferred income tax is recognized using the Balance Sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognized only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. The carrying amount of a deferred tax asset is reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realized or the deferred tax liability is settled. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Minimum Alternate Tax (MAT) credit is recognized as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

3.12 Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

Leases are classified as finance leases whenever the terms of lease transfer substantially all the risks and rewards of ownership to the lessee. Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. The Company's lease assets primarily consist of leases for land and buildings.

The Company as a Lessee

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

3.13 Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

3.14 Inventories

Inventories of raw materials and stores and spare parts are valued at lower of cost on Weighted Average Cost and net realizable value. Cost of raw materials and stores and spares is determined on weighted average cost method. Cost comprises all cost of purchase, taxes and other cost incurred in bringing the inventories to their present location and condition. Devaluation allowance is estimated and made for old, defective and obsolete items, wherever necessary.

Work in progress and finished goods are valued at lower of cost on Weighted Average Cost and net realizable value. Cost includes direct material, labour, cost of conversion and other overheads incurred in bringing the inventory to their present location and condition.

Saleable scrap, whose cost is not identifiable, is valued at net realizable value.

Net realizable value is the estimated selling price in the ordinary course of business less estimated cost of completion/costs necessary to make the sale.

3.15 Non-derivative Financial Instruments

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

a. Investments and Other Financial Assets

Cash and cash equivalents: The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks, cash-in-hand and term deposits having original maturity of three months which are unrestricted for withdrawal and usage.

Trade Receivables: Trade receivables are initially recognized at fair value. Subsequently, these assets are held at amortized cost, net of any expected credit losses.

Debt Instruments: Debt instruments are initially measured at amortized cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

Equity Instruments: All investments in equity instruments other than in subsidiary classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis.

b. Investments and Other Financial Assets – Subsequent Measurement

Financial assets at amortized cost: Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI): Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

Financial assets at fair value through profit or loss (FVTPL): Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in the statement of profit and loss.

c. Financial Liabilities

All financial liabilities are initially recognised at fair value. The financial liabilities include trade and other payables, other financial liabilities, loans and borrowings.

d. Financial Liabilities - Subsequent Measurement

Financial liabilities are measured at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, carrying amounts approximate the fair value due to the short maturity of these instruments.

e. Derecognition of Financial Instrument

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of financial liabilities) is de-recognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

f. Offsetting of Financial Instruments

Financial assets and financial liabilities are set off and the net amount is reported in financial statements if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

g. Impairment of Financial Assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the equity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

3.16 Impairment of Non-Financial Assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of such reporting period.

3.17 Exceptional Items

Items of income or expense from ordinary activities which are non-recurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the Company are disclosed as Exceptional items in the Statement of Profit and Loss.

3.18 Borrowing Costs

General and specific borrowing costs (including exchange differences arising from foreign currency borrowing to the extent that they are regarded as an adjustment to interest cost) that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use. Other borrowing costs are charged to statement of profit and loss.

3.19 Employee Benefits

Employee benefits consist of short-term obligations, contribution to employee's state insurance, provident fund, gratuity fund and compensated absences.

A. Short Term Obligations

Liabilities for wages and salaries including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related services are recognised in respect of employees' services upto the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

B. Compensated Absences

The employees are entitled to accumulate leave upto 30 days for future encashment and availment as per the policy of the Company. The liability towards such unutilized leave as at the yearend is determined based on independent actuarial valuation and recognized in the Statement of Profit and Loss. The classification of the Company net obligation into current and non-current is as per the actuarial valuation report.

The Company fully contributes all ascertained liabilities demanded by Life Insurance Corporation of India for Employee Company Leave Encashment cum Life Assurance (Cash Accumulation) administered by it.

The Company treats accumulated leaves expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the end of each financial year. The Company presents the leave as current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement beyond 12 months after the reporting date. Where the Company has unconditional legal and contractual right to defer the settlement for the period beyond 12 months, the same is presented as non-current liability.

C. Defined Contribution Plans

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company provident fund contribution is made to a government administered fund and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

D. Defined Benefit Plans

The Company operates defined benefit plan in the form of gratuity. The liability or asset recognized in the balance sheet in respect of its defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the said obligation is determined by discounting the estimated future cash out flows, using market yields of government bonds that have tenure approximating the tenures of the related liability.

The interest expenses are calculated by applying the discount rate to the net defined benefit liability or asset. The net interest expense on the net defined benefit liability or asset is recognized in the Statement of Profit and loss.

The Company fully contributes all ascertained liabilities to the APM Industries Limited (Unit Orient Syntex) Employee Gratuity Fund Trust ('the Trust'). Trustees took the policy from Life Insurance Corporation of India to administer contributions made to the Trust.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in the Statement of Profit and loss as past service cost.

3.20 Borrowings

Borrowings are initially recognized at net of transaction costs incurred and measured at amortized cost. Any difference between the prospects (net of transaction costs) and the redemption amount is recognized in the Statement of Profit and Loss over the period of the borrowing using the effective interest method.

3.21 Manufacturing and Operating Expenses

The Company classifies separately manufacturing and operating expenses which are directly linked to manufacturing activities of the company.

3.22 Earnings Per Share (EPS)

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Company by the weighted average number of Equity shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of equity shares outstanding, for the effects of all dilutive potential Ordinary shares.

3.23 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is disclosed, where an inflow of economic benefit is probable. An entity shall not recognize a contingent asset unless the recovery is virtually certain.

3.24 Law enacted but not effective

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits has received Indian Parliament's approval and Presidential assent in September 2020. However, the effective dates of the Code and final rules for quantifying the financial impact are yet to be notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

3.25 Amendments in Ind AS

Ministry of Corporate Affairs (MCA), vide notification dated March 23, 2022, has made the following amendments to Ind AS which are effective from April 01, 2022:

(a) Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees are to be included by an entity when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

(b) Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

(c) Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the entity is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its financial statements.

(d) Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. The Company does not expect the amendment to have any significant impact in its financial statements.

47. Financial risk management and policies**47.1 Capital Risk Management****(a) Risk Management**

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to the shareholders.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In

order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary, adjust, its capital structure.

The gearing ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings less cash and cash equivalents. Total capital is calculated as equity as shown in the balance sheet plus all other reserves attributable to equity shareholders of the Company.

(Rs. in Lakhs)

Particulars	As at March 31, 2022	As at March 31, 2021

Gearing Ratio (times) A/B	0.23	0.23

(b) The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants.

47.2 Financial-Risk-Management

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support the Company's operations. The Company's principal financial assets comprise cash and bank balance, trade and other receivables.

The risk management policies of the Company are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company is exposed to market risk, credit risk, liquidity risk and operational and business risk. The Company's management oversees the management of these risks to ensure the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with Company's policies and risk objectives. The major risks are summarised below:

a) Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the market price of financial instruments. The value of financial instruments may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, borrowing strategies and ensuring compliance with market risk limits and policies.

a)(i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates. The loan taken from the banks by the Company are linked to MCLR rate of the respective bank which are variable.

a)(i)(1) Exposure to interest rate risk related to borrowings with floating rate of Interest

50 basis point increase would decrease the profit before tax by	(18)	(16)
50 basis point decrease would Increase the profit before tax by	18	16

b) Foreign Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to import of machinery, store and spare and other materials. The Company's foreign currency risks are identified, measured and managed at periodic intervals in accordance with the Company's policies.

c) Credit Risk:

Credit risk is the risk that counterparty will default on its contractual obligations resulting in financial loss to the company. The Company has adopted a policy of dealing with creditworthy customers.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as actual or expected significant adverse changes in business, operating results, financial or economic conditions, credit risk on other financial instruments and third party collateral guarantees or credit.

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables based on historical trend, available external and internal credit risk factors such as financial condition, ageing of accounts receivable etc., industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends.

As at March 31, 2022, the company did not consider there to be any significant concentration of credit risk, which had not been adequately provided for. The carrying amount of the financial assets recorded in the financial statements, grossed up for any allowances for losses, represents the maximum exposure to credit risk.

d) Liquidity Risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's treasury team is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

48.2 Fair Value Hierarchy:

- (i) This section explains the judgments and estimates made in determining the fair value of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standards.

(Rs. In lakhs)

Particulars	March 31, 2022			March 31, 2021		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3

(b) Security Deposits	-	-	40	-	-	54
(c) Lease Obligations	-	-	34	-	-	60

- (ii) Measurement of fair values

The above table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Input other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or the liabilities that are not based on observable market data (unobservable Inputs).

(i) Fair value of financial assets and liabilities measured at amortised cost :-

(Rs. In lakhs)

Particulars	As at March 31, 2022	As at March 31, 2021
Security Deposit	40	54
Loans	15	16
Lease Obligations	34	60

(ii) The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short-term receivables, trade payables, other current liabilities, short term loans from banks and others approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.
3. For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.
